

to the entire county, should be issued. The "Luce" children did not attend the funeral. It was stated the mother being confined to her bed by a severe attack of influenza. There were present, however, the women of the neighborhood who had assisted in nursing the stricken child.

Mr. Moore and Mr. Ware were in Twin Falls shortly after the funeral, they said. The county-wide closing order was issued by the county board at about 3 o'clock after the doors were closed.

Members of the county board of health explained that the closing order had been issued as a measure for preventing spread of contagious diseases and asserted that cooperation on the part of all residents of the county is urgently necessary to make it effective.

Heretofore attempt had been made to control the situation by means of strict quarantine upon sufferers and persons known to have been exposed to infection.

Urges Cooperation. The board has got to have cooperation to make this closing order effective. Mr. Ware stated, "and if we can't get it, the next step will be to quarantine the county, prohibiting persons from entering or leaving the county."

Students of Twin Falls schools, returning to their classrooms Monday morning after an enforced 10-day vacation caused by an influenza epidemic, were told by their teachers at noon yesterday that schools would be closed for an indefinite period, and motor buses began carrying students from rural homes back to their residences.

Lesson to Be Published. In a conference of high school teachers during the noon hour, E. N. Terry, high school principal, stated it was decided that publication of lesson assignments should be continued during the period the schools were to remain closed, and teachers were directed to prepare lesson assignments for publication over a period of eight days.

Teachers expressed gratification over the students' reaction to published assignments of the preceding 10 days. Almost all of the students, they said, had prepared notebooks and papers called for by these assignments.

Boise-Twin Falls high school football game scheduled to be played here Thanksgiving day with the state championship at stake, was one of the outstanding events likely to be called off in consequence of the closing order.

Definite announcement was made last evening of the postponement of an annual bean barbecue in which

an annual meeting of Twin Falls Chamber of Commerce was to have been combined with opening of Twin Falls radio station this evening. Opening of the radio station, it was announced, will not take place until the chamber of commerce meeting is held, and the program for this meeting is to be sent out on the air as a feature of the station's opening program.

In cooperation with public health officials, Twin Falls public library closed yesterday afternoon for the period of the closing order. A box was placed outside the library doors in which it was stated, patrons may place books and periodicals due to be returned to the library during that period.

TWIN FALLS COUNTY PAYING OFF DEBTS

(Continued From Page One) Of this \$265,744 was raised in school levies and \$217,352 in city and village levies.

Bannock county had a valuation of \$33,004,215 from which it collected \$1,418,607 in taxes, a decrease from \$1,440,330 in 1927. The county school levies brought \$662,235 and city and village levies brought \$297,173.

COUNSEL FOR THARP WILL CARRY BATTLE TO SUPREME COURT

(Continued From Page One) troubles and persecutions had gotten to the jury in the night. One of the jurymen came out of the juryroom with a bump on the side of his head. He explained that he had been thrown overboard by the jury while another juror attempted to testify in the manner they had described in testimony attributing the fatal shooting to accident. The gun slipped, the wounded juror said, and had drawn him a severe blow.

UZUZZON TO MEET 'BIG BILL'

PHILADELPHIA, Nov. 26 (AP)—Paulino Uzuzon, the Spanish heavyweight, was matched today to fight "Big Bill" Hartwell, Kansas City, at the arena here December 3.

PATTERDEN RETAINS TITLE

LONDON, Nov. 26 (AP)—Kid Patterden, Bethnal Green, retained his British heavyweight championship and the Lonsdale belt when he stopped Johnny Brown in the twelfth round at the National Sporting club tonight. Patterden floored Brown in the twelfth round and the latter seconds tossed in the towel.

SPORTS

STATE BOARD RULES BRAVES MUST MEET BRUINS FOR LAURELS

Officials Postpone Title Contest Awaiting Health Authorities' Action; Boise Mentor Threatens to Forfeit

Twin Falls high school will meet Boise high school, December 8 for the state football championship in Twin Falls, according to a decision of the state board yesterday, coach V. Jones announced last night. The ruling of the board, concerning the title match was unanimous on the part of all three members.

The game was originally scheduled for next Thursday afternoon on Lincoln field, but under the ruling of the state board it was postponed to December 8. If any objection is lodged against the contest at that time by the county or state board of health, the game will probably be cancelled. Coach Blassler, Boise mentor, is said to have stated that he would not bring his team to Twin Falls, but would forfeit the state title in preference for the game, feeling that winning the championship by forfeit does not do justice to the prowess of the Bruin warriors.

Tia Juana Race Horse Owner Orders Carrots From Idaho Seed Man

BURLEY, Nov. 26 (Special to The News)—Over a thousand fine, hundred race horses at Tia Juana, Mexico, want Idaho stock carrots, to make their coats glossy and give them appetites according to Jack Peterson, the Pawnee Seed company. Peterson has received a letter from a man who had been in the Northwest. He has four hundred pounds on hand and expects to get more. The Mexican race horse owner had been told that the carrots are better than any he had ever used in the feed lots. Peterson says the resources of the intermountain country are barely stretched. He states that the stock carrot has just been discovered here as a valuable feeding medium. For years his sales of stock carrot seed have amounted to about 25 pounds, etc. Idaho stock carrots to make their coats glossy and give them appetites according to Jack Peterson, the Pawnee Seed company.

HOOVER OPENS TOUR OF LATIN-AMERICA DELIVERS MESSAGES

(Continued From Page One) interested in one great common task. That task is the advancement of the welfare of the people of our respective countries. We are each of us pledged through the blood of our forefathers to national independence to self-government, to development of the individual through ordered liberty as the only sound foundations of human society. We know it is the only true road to human progress and we know that the nations and institutions we have created can flourish only in peace and mutual respect.

Mr. Hoover by visiting both Amapala and La Union was able to pay his respects to the leading officials of the two Central American republics. The picturesque seaports lie almost opposite each other on the Gulf of Fonseca.

After his visit to La Union where he was the honor guest at a formal dinner, Mr. Hoover was to have returned to the battleship Maryland, but rough water on the 10-mile stretch between the shore and the anchored warship created a danger in the trip in his small motor launch and there was a possibility that he might be forced to remain ashore overnight. Under the schedule the battleship was to draw up anchor at midnight and steam for Coahuila, Nicaragua, the third port of call on the trip which will take him through South America and the West Indies before returning to the United States in January.

GEORGIA TECH MAY PLAY BEARS DURING TOURNAMENT

LOS ANGELES, Nov. 26 (AP)—B. Henry, chairman of the Tournament of Roses football committee, said here today that although no official invitations had been extended, Georgia Tech and the University of California have been approached in connection with a new year's day football game at Rose bowl, Pasadena, California.

Tim Robertson Most Valuable Player On University's Eleven

FOOTBALL, Nov. 26 (AP)—Tim Robertson, Twin Falls, star quarterback of the University of Idaho, southern branch, was voted most valuable player on the 1928 "Tiger" squad when members of the team held their final meeting here tonight. Robertson was selected for the honor because he has demonstrated effective work both on offensive and defensive play. He was the only man of the "Tiger" squad to play through the entire season without relief.

Tim Robertson is the son of T. M. Robertson, Twin Falls, and formerly starred as a member of the Twin Falls high school grid team.

THREE SAILORS LOSE LIVES

VIGO, Spain, Nov. 26 (AP)—Three lives were lost when the steamers Montenegro and Saleron were wrecked by Sunday's storm. The others of the crews were saved.

ROCK CREEK CLUB MEETS

ROCK CREEK, Nov. 26 (Special to The News)—Mrs. L. F. Larsen was hostess to the Rock Creek North While club at her home November 21. Guests were Mrs. Ed. Bakke, Mrs. Monte Atkins, Mrs. Axel Curry, and Mrs. Chris Moldenbauer. Mrs. Atkins was received into membership. Following the program a profrat was given including vocal duets Mrs. Sim Walton and Miss Anna Larsen; piano solo, Mrs. George Crockett; reading, "The First Thanksgiving," Mrs. Charles Olin; songs, the club. Larsen second, and Mrs. Burke guest favors in a game which followed the program. Refreshments were served. The next meeting will be held at the home of Mrs. George Henry, Kimberly. Roll call will be answered by the favorite pastime or occupation.

THANKSGIVING DAY FARES ON OREGON SHORT LINE

Round trip fares on basis of fare and baggage to the Rock Creek North and all local points on the Oregon Short Line, November 27, 28 and 29, return limit, December 2d. For further particulars consult your local agent, Union Pacific System, adv.

Gotham Police Band Plays For Stanford In Game With Army

SAN FRANCISCO, Nov. 26 (AP)—When Stanford university's football team meets the West Point aggregation in Yankee stadium next Saturday, Stanford's music will be supplied by the New York City police band. Mayor James H. G. Phelan, Jr., made this announcement here today.

"As Stanford was unable to take with him his band, I wired my friend, Jimmy Walker, mayor of New York, asking that his police band be assigned to the Stanford section of the stadium."

"An hour later Mayor Jimmy had answered, saying my request was a command and that his band would be there doing its best to cheer the Stanford lugs."

CONSTIPATION CAUSES MANY A SLOW UP

But you can protect yourself

No man can do justice to his job—no woman can remain vigorous and happy—with constipation daily undermining health and strength. Aching joints, pain, muscles, nervousness, dizziness, headaches—these are just little things that constipation brings on. In the end it causes more than forty dreadful diseases.

Begin now combating constipation. Kellogg's ALL-BRAN is guaranteed to relieve it. More to present it. Just eat two tablespoonfuls daily—chronic cases, every meal. Doctors recommend ALL-BRAN because it is 100% bran—100% effective. Healthful and delicious with milk or cereal. Sprinkle into soups, Recipes on package. Sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

"I'll say so— Chesterfield"

Mild enough for anybody and yet they Satisfy

A MILD cigarette—genuinely mild—mild enough for anybody—yet it has real taste and character. Chesterfield represents all the appealing qualities of the finest tobacco, blended and cross-blended in a way entirely different from other cigarettes and with entirely different results. For, mild Chesterfields certainly are, they do what you've always wanted a cigarette to do—they satisfy.

Let us sell you the best.

The Forced Underfiring Corporation

Announces the Appointment of

Detweiler Coal Co.

as Distributing Agents for

The IRON FIREMAN

Automatic COAL Burner

throughout this territory

An Open Letter

Convinced of the merits of mechanical firing, but confronted with disappointments in delivery and faults in operation by our former connection, it has only been natural that we should attempt to seek out an acknowledged leader in the stoker field, and we are proud to ally ourselves with an organization that is equipped to give prompt delivery, and to deliver a product of known performance, manufactured of the highest grade materials in a modern plant equipped with the best in engineering, testing and machinery.

Detweiler Coal Company

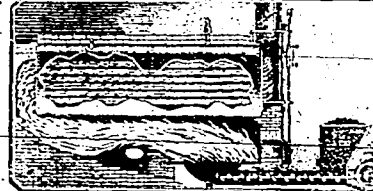

Fits Any Solid Fuel Furnace

What Have You?

- Hot Air Furnace
- Hot Water Heater
- Steam Boiler, high or low pressure

We will be pleased to check your plans and submit a quotation at any time, no obligation whatever.

From all over the world come reports of the reliability of the new FORD

YOU are buying proved performance when you buy the new Ford. You know exactly what it will do. There is nothing of an experiment about it.

Letters from users show a delivered value far beyond expectations. Almost without exception they stress reliability. You sense a feeling of sincere pride in the oft-repeated phrase—"Let me tell you what my new Ford did."

A well-known tire company, solely to test tires, drove a new Ford more than 90,000 miles in six months. Throughout that time, the car was run day and night, an average of twenty-two hours out of every twenty-four. The entire cost of repair parts was only \$38 for the entire 90,000 miles.

Another tire company, making a similar test, drove the new Ford more than 80,000 miles in a short period, at a cost per mile that was fully 60% less than any figure it had previously known.

More than 8000 miles in three weeks!

One of the first of the new Fords was driven from Dearborn, Michigan, to Los Angeles to San Francisco to New York and back to Dearborn—a distance of 8328 miles—in twenty-one days. Through ice and sleet, up mountain peaks, through desert sands, over macadam and deeply rutted dirt roads, it traveled at an average speed of 40.9 miles an hour.

Practically a year of average driving was done in three weeks, yet the entire trip was made without the need of a single major adjustment or repair.

ON September 13, 1928, a new Ford car was driven to the summit of Ben Nevis, the highest mountain in Great Britain. This extremely difficult and dangerous ascent was made over rock-strewn, almost impassable mountain trails—an example of the unusual stamina and performance of the new Ford. The Ford is the only car that has ever made this ascent.

Another new Ford, as a test of hill-climbing, was driven from San Bernardino, California, over the National Old Trails and Swartout Valley Highway, to the Big Pines Recreation Camp. The entire 36.2 miles were made in high gear—a particularly severe test because of the sharp turns and a stretch of 5.7 miles where the grade rises precipitously from 3000 to 6075 feet.

Previously this same car had broken the time record between Los Angeles and Phoenix, Arizona, and had made a 500-mile circle of Muroc Dry Lake in the Mohave Desert at an average speed of 62.51 miles an hour.

In Germany, the new Ford won first prize in one of the most severe all-around tests to which a motor car has ever been subjected—the utility and reliability contest of the Allgemeiner Deutscher Automobil Club. This contest included not only speed and reliability but starting, acceleration, hill-climbing, fuel economy and braking efficiency.

A part of the very life of this country

Other incidents are even more dramatic. A letter from Albany, N. Y.,

Long, low and fleet are the lines and strikingly beautiful the colors of the new Ford Sedan. Richly appointed throughout, in the manner of a custom-built car. An exceptionally comfortable car because of the new transverse springs, Houdaille hydraulic shock absorbers and the generous space provided in front and rear compartments.

tells how the Triplex shatter-proof glass windshield of the new Ford prevented injuries from flying glass when a physician's car was forced off the road into a telegraph pole. A news-reel photographer tells how the brakes on the new Ford saved his life when, speeding through a blizzard to film a shipwreck, he found himself suddenly on the very edge of a 50-foot cliff. From a far western state a husband and

father writes gratefully to tell how the sturdiness of the new Ford "saved the lives of my family" when the car was struck by a hit-and-run driver.

Further tribute to the sturdiness, reliability and general all-around performance of the new Ford is shown in the repeated and growing purchases by Federal and city governments, by police departments, and by large industrial companies which keep definite day-by-day cost records. The new Ford has been chosen only after

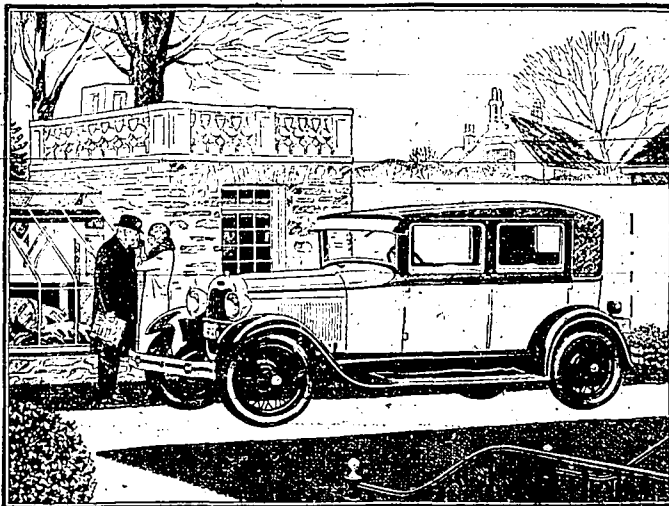

exhaustive, competitive tests covering speed, smoothness, acceleration, hill-climbing, oil and gas consumption, safety, comfort, and low up-keep cost.

The reason for such complete and well-rounded performance is found in the fundamental Ford policy of doing business.

A purpose beyond sales or profits

The new Ford was not designed primarily for sales and profits. It goes beyond men and materials. It is the expression of an ideal—an ideal that looks toward bringing the benefits of modern, economical transportation to all the people.

Back of the new Ford are manufacturing and production methods as unusual as the car itself. Without these, it would be impossible to give you the value that is in the new Ford. Because of them, it is unquestionably the best motor-car that can be made at a low price without sacrificing quality anywhere along the line.

FEATURES OF THE NEW FORD CAR
<i>Beautiful low lines</i>
<i>Choice of colors</i>
<i>Remarkable acceleration</i>
<i>Smoothness at all speeds</i>
<i>40 horse-power</i>
<i>55 to 65 miles an hour</i>
<i>Fully enclosed, silent six-brake system</i>
<i>New transverse springs</i>
<i>Houdaille hydraulic shock absorbers</i>
<i>Triplex shatter-proof glass windshield</i>
<i>Economy of operation</i>
<i>Reliability and long life</i>

FORD MOTOR COMPANY

Detroit, Michigan

1929 CANAL COMPANY BUDGET TENTATIVELY STANDS AT \$486,286 Program for Coming Year to Cost Approximately \$2.40 Per Share of Stock; Proposed Reductions May Cut Levy

Budget figures for 1929, aggregating \$486,286, or \$2.40 per share of stock, were tentatively compiled yesterday at the close of the third day of discussion between members of the Twin Falls canal company board of directors, the canal company committee on resolutions, and a committee representing the Pomona group.

Members of the committee on resolutions, that they were not making a budget, but were compiling estimates based on figures furnished by Manager Burton Smith. The committee, giving approval of the suggested compilation was qualified with the provision that the figures should not be exceeded, but those voting for it assumed that it was based on the assumption that the estimates of the manager were correct.

Manager Smith said that unless in case of unforeseen calamity the system could be operated on the amount compiled, he said that he would depend nothing in excess of the amount figured on unless authorized by the board to do so. Board members expressed the opinion that the total would carry the system except in the case of unforeseen expense. They expressed themselves as strongly in favor of keeping under the total compiled figures, and while they could not suggest means of cutting the budget, they insisted that they hoped to make some reductions.

Will Ask Advice In case of unexpected demands the board indicated that they believed the committees similar to the ones organized in regard to the budget should be invited in to canvass the situation before action should be taken. Members of the committees declared that unexpected emergencies which would not be foreseen were not in mind when they insisted that the budget should not be exceeded. One suggested plan has to do with the handling of \$10,000 indebtedness. This sum includes obligations for payment of a small debt which fell due during the year, about \$40,000 extra expense over the 1928 budget, the division of drainage, and some other smaller items requiring floating of a loan.

Deputy Stricken—Itish Boone, deputy clerk of the district court, was yesterday in town yesterday by an attack of influenza.

Visits From Iowa—Mrs. Maude Norton, Nevada, Iowa, is a guest of her sister, Mrs. F. W. Collins, and expects to remain for the winter.

Return to California—Mr. and Mrs. C. D. Mallory left Monday for their home in California after visiting here for two weeks with Judge W. S. Mallory.

Widow Home Folks—Wilfred Elder, who is connected with the United States department of justice at Portland, Ore., was here yesterday. His parents, Mr. and Mrs. M. E. Bach, Kimbly.

Here From Washington—Mrs. M. C. Maxon, Cape Horn, Washington, arrived yesterday to attend the funeral of her father, John Maxon, who died last Thursday afternoon at the home of W. P. Harny, president of the board of directors of the Twin Falls canal company.

TWO MEN PLEAD GUILTY TO CHARGES OF FORGERY Two men in district court here yesterday pleaded guilty to felony charges of forgery, and were told by Judge W. A. Babcock, presiding, that sentence in their cases would be pronounced next Friday.

Denies New Trial Motion New trial in the suit of G. Tomita against C. F. Johnson was denied by Judge W. A. Babcock in district court here yesterday. Tomita, Japanese farmer, sought the new trial after a jury returned its verdict in favor of Johnson in trial of the suit recently. Tomita had asked for a new trial on the ground that the jury had been misled by alleged misrepresentation in connection with sale of onion seed.

Leaving a good sized debt to be taken care of in the 1930 budget. Payment at once that the policy of the company had been to pay off its debts and this had been done successfully in recent years, so there should be no hangover left. A report on the condition of Milner dam repairs, compiled by A. J. Huxley, government consulting engineer, outlined three plans for proposed repairs. One of these plans, as estimated by the present committee, would cost \$1,310,000, of which six-eighths, or \$648,000 must be borne by the Twin Falls canal company. Other estimates of the cost of the dam repairs would cost \$369,000 and \$420,000 respectively. The report indicated that the repair plan would be indefinitely carried into effect.

There was no immediate danger of abandonment of the dam, it was pointed out by some that repairs should be made as soon as possible. The investigations of the present board of directors on the subject have not been completed, so that no final stand has been taken.

GRIM REAPER TERMINATES CAREER OF DR. MCCLUSKY (Continued From Page One) fession, who also were his intimate friends, were with him when the end came.

Hurrying to Bed—Dr. McClusky's bedside on night two stalwart young men, students at the University of Idaho, who had been visiting him in his home were two sorrowful little girls. They were his daughters by adoption.

Dr. McClusky and his widow, who was Miss Louise Allmendinger, Ann Arbor, Michigan, to whom he was married in 1905 when he was under 20, were the parents of children, but were father and mother to the two boys and the two girls whom they took into their home, and they were friend and counselor and givers of substantial aid to other boys and girls, many of whom are proud to acknowledge their debt of gratitude.

Earns Way Through School In early manhood, while working to earn his way through school, Dr. McClusky met with an accident which left him with an infirmity and a heavy handicap. No word of complaint, though, ever passed his lips, never did he permit it to hinder him back in the performance of his life work.

He was a self-made man, and self-sacrificing man who laid all of his talent and strength cheerfully upon the altar of service to his fellow man. Born in Oil City, Pennsylvania, in

EAST END TO VOTE ON CANAL CHANGES Waterusers to Consider Proposed Enlargement of System and Increased Delivery

BURLEY, Nov. 26 (Special to The News)—Notices are being mailed to waterusers on the canal system, calling attention to an election which will be held December 11 when the proposition to enlarge the canal system will be voted upon. Three proposals are to be submitted, first whether or not there shall be enlargement, second whether the enlargement shall provide for the delivery of 12 per cent more irrigation water, third whether it shall provide for an increase of 25 per cent.

The bureau of reclamation's estimate of costs of the two proposed increases are as follows: For the 12 per cent increase the cost is estimated to be \$452,160, or \$250 per acre; for the 25 per cent increase, \$628,000, or \$375 per acre.

Enlargement Necessary The increases contemplate enlargement of the canal delivering water by gravity to the first pumping lift, and lining a portion of this canal with concrete. All three of the main lifts will be enlarged, and the larger capacity for those now in use. Should the 25 per cent increase be authorized, an additional pumping lift will be required at the first and second lift, and a larger pump will be substituted at the third lift, together with other alterations.

HAZELTON, Nov. 26 (Special to The News)—The home of Oscar Cox near Hazelton, was destroyed late Saturday afternoon by fire, which originated in the kitchen. The exact cause of the fire is unknown, but it evidently spread from the neighborhood of the stove to a can of gasoline which put the entire kitchen in a blaze at once.

INURED PLAYER RECOVERING PITTSBURGH, Nov. 26 (Special to The News)—New York University football player who received a head injury in Saturday's game here with Carnegie Institute of Technology, tonight was reported by his doctor as "constantly improving."

CLARA IRWILL HOLLYWOOD, Nov. 26 (Special to The News)—Clara Irwill, 49, confined to her home here today with a "slight attack of influenza," an announcement said. Mrs. Irwill returned to Hollywood early today from San Francisco, where she became ill after the Stanford-California football game at Berkeley Saturday.

The Weather FORECAST FOR TODAY: Cloudy, moderate temperatures. Twin Falls was visited by rain and a light snow flurry last night. During the 24 hours before P. M. last night, 63 inch rain had fallen. Minimum temperatures Sunday and Monday remained constant at 52 degrees. Sunday's minimum was 21 and Monday's 28.

Albert McClusky never knew his mother who preceded him in death when he was a child. He was reared by his father, who died only a few years ago, and by a devoted step-mother.

He entered upon study for his life work at the University of Michigan where he spent two years, later entering the University of Colorado medical college from which he was graduated in 1908.

He entered practice of his profession first in St. Maries, Idaho, and in 1908 he moved to Huhl where he was located for several years. He was a member of the Twin Falls and Hazelton Rotary clubs, and chairman this year of the boys' work committee. He was an active member of the Hazelton Y. M. C. A. and in associations of his own profession.

HAZELTON, Nov. 26 (Special to The News)—The home of Oscar Cox near Hazelton, was destroyed late Saturday afternoon by fire, which originated in the kitchen. The exact cause of the fire is unknown, but it evidently spread from the neighborhood of the stove to a can of gasoline which put the entire kitchen in a blaze at once.

GOODING ACCIDENT SENDS GOODING MAN TO HOSPITAL GOODING, Nov. 26—Oscar Felchling, 40, Gooding farmer living about four miles west of town, was taken to the local hospital in an unconscious condition late Sunday afternoon following an automobile accident in which his car, a light four-wheeled machine, turned over one or more times before coming to rest in an upright position on the highway just west of here.

The attending physician said that a cut on the arm, the man's injuries did not appear to be serious. According to the report of the accident, Felchling, going west, passed another car going in the same direction. In the passage the Felchling machine hit the front hub of the other machine, sending it into a ditch which fortunately was neither too steep nor too deep for navigation. At this time the injured man, apparently lost control of his car, for it turned almost at right angles to the roadbed, and began to roll.

TWO MACHINES COLLIDE Machines driven by D. C. Fuller, Hollister, and Kenneth Burson, Twin Falls, were involved in a collision early Sunday morning at the intersection of Main avenue and Fifth street east. The Fuller car was making a left turn from Main avenue south to Fifth street east when it collided with the Burson car which was moving west on a Main avenue east. The Burson car was overturned and was considerably damaged, but the driver and Harry Jennings, a passenger, escaped injury.

SEVEN-MONTH-OLD BABY IN CARGO OF AIR MAIL QUAYAYUIL, Ecuador, Nov. 26 (AP)—An air mail trip from Colombia to Ecuador has the experience of a seven-month-old baby which was delivered here to

day from Cali, Colombia. Outside of a little whimpering, the baby arrived in excellent condition and passed the medical inspection without difficulty. News West Ad. Reach the people you wish to attract.

Protection for Idaho Home Owners—ATTEN more than 24 years in the abstract business in Twin Falls we have time and time again found that the title to a man's home, which he desires to be secure above all else, is often the most easily assailed.

DOUBLE ACTING MAKES BAKING EASIER LESS THAN 1/2 PER BAKING CALUMET THE WORLD'S GREATEST BAKING POWDER

ALL GRAINS SCORE ADVANCES ON MARY

Increased Notice of Prospective Agricultural Legislation Influences Quotations

CHICAGO, Nov. 26 (AP)—All grain scored advances in price today, and in some quarters a reason suggested for the increased notice being given prospective farm legislation.

Closing quotations on wheat were firm, 5c to 7c net, higher. Corn futures, 2c to 2 1/2c up, oats showing 1c to 1 1/2c advance, and provisions unchanged to a rise of 7c.

Particular attention was given to the fact that the Liverpool wheat market today, instead of underlining an expected decline in the 1929-30 crop, indicated a possible increase in the 1930-31 crop.

Wheat—Open High Low Close Dec. 116 117 115 116 1/2 Mar. 122 123 121 122 1/2 May 123 124 122 123 1/2

Little fellow, you swing out to the lead and follow me, I will direct you to lead with me. He got so fond, he traveled down with the dog, Gaspard was gone.

Carrying his loaded rifle, Brock traveled by a full hour, then stopped to rest. The dog followed closely by Yellow-Eye and the team.

"Brock was excited. At first he was in the camp, getting nothing so very new. Any moment, though, things might happen. The safety of his friend was the first concern. Gaspard had to be with him to deal with a man traveling with his gun.

"He had traveled for an hour, when he discovered a stream in the river. He had to cross the river to a spot, thick growth with ferns like the taste of a whip with a premonition of danger toward his nose.

"He had barely reached the cover of the forest when the explosion of a rifle sent a man flying into the air. Gaspard was hit on his shoulder. 'I know it,' said the shouting dog. 'A rifle shot me in the back.'

FLU-GRIP Check before it starts. KICKS AND VIBES VIBES VIBES

He wanted for the first time to see smoke from the Creeks guns to give him a target. For he knew that the Indians would not hold their fire.

"The Creeks were not far off. Behind the cover of the bank, below him, and were stuffing him in his own store. With a snarl he reached Brock and still and shot Brock in the back.

"When they come, I won't be here!" Brock rasped through his teeth. Straight back into the thick spruce he forced the rifle, and he held the dogs. Reaching dog after dog, he baited, leading the dogs by sheer power alone.

"They suddenly from the direction of the river rose the better shot of Still-Ear and Kona. They had found the Creeks! A rifle crashed-then another.

"Where was Gaspard? He had heard the firing? Was he hurt? Where was Gaspard?

TWIN FALLS HONORS NATIONAL CHAMPION STOCK JUDGING TRIAD

Students, Band and 500 Citizens Meet Team and Coach at Depot; J. S. Feldhusen Relates Story of Kansas Trip

Willie Willis
By ROBERT QUILLEN

Headed by the Twin Falls high school band, 500 citizens, including members of the Kiwanis club, of the city, assembled at the depot Sunday afternoon to greet the national champion stock judging team, fresh from its victory at the American Royal livestock exposition in Kansas City, November 15.

The conquering heroes were: John Preis, son of Mr. and Mrs. Vincent Preis; Carroll Baker, son of Mr. and Mrs. W. M. Baker; and George Evans, son of Mr. and Mrs. Roy J. Evans.

Preis won the national individual championship and first place in judging sheep. Evans won first place as judge of hogs. Baker, who stood second in the Twin Falls team, was co-ordinator of the section in Kansas City when Idahoans were called to tell over the radio of Idaho's advantages. Modestly characterized the attitude of the team and its instructor.

Coach John S. Feldhusen, speaker of the contest, said that the trip had been highly educational and beneficial to the boys. He said that he had coached several teams here and while the present team was the national champion, he would find it difficult to determine which of the Twin Falls teams he had coached was really the best. A number of a previous team which met the national winners was as good a judge as any he ever knew, he said.

Teams from 25 states, representing every section of the country participated in the stock judging contest of the third annual national congress of vocational agricultural students in the American Royal building at the exposition, where the Twin Falls high school Smith students, led by the national champion, according to J. S. Feldhusen.

Teams from as far east as New Jersey and Virginia, and as far south as South Carolina and Louisiana, competed with those of the Pacific coast. The Central South, the Northwestern section, and the Middle West.

A feature of the contest was the fact that the leading individual contestants ran a close race. John Preis won first place with 67 1/2 points out of 100 possible. George Evans had the highest, Twin Falls boy, had 60 1/2 points, second sixth among the individual contestants. George Evans had 64 1/2 points, and ranked eleventh among all contestants. The sum total of these scores made 1974.62 1/2 out of a possible 2400, the winning score made by the Twin Falls team.

Preis won first place in judging sheep and Evans first in judging hogs. Preis got a score of 98 in sheep and sheep and 85 in hampsters; or a total of 183. Evans made a perfect score of 100 in judging hogs, sheep and 87.5 in judging Poland Chicks, or a total of 187.5, the best score for any one section.

The boys arrived at Kansas City Sunday, November 16, just before the following morning. That evening at 6 o'clock they were guests at a buffet supper at the Kansas City Chamber of Commerce at which time they were presented to the motion picture camera. Later the teams of all the states paraded with banners.

The last act of the event was a visit to the horse show as guests of the American Royal.

Guests at Banquet

The next day included a tour of the stock yards and a visit to the Armour packing plant, closing with a dinner at Hotel Baltimore as guests of the Kansas City Chamber of Commerce. At this banquet the results were announced.

Wednesday the boys visited the Ford dealer plant and later the Deere, Reebuck and company plant, where they had lunch as guests of the company. There was a vocational dinner and radio program. Broadcast of the high points of their states and communities were given by members.

We wasn't going to let flap-ears join our party, but he came my plans practice for us today while I fixed my state.

Of the teams, Carroll Baker upheld the honor of Twin Falls, said Judge J. Preis, although the boys attended a national theatre party as guests of the Kansas City Journal-Post. Thursday the winning team was before the motion picture camera and Friday morning attended the vocational sale of livestock in the American Royal building.

PROPOSED TAX MEETING AROUSES INTEREST HERE

Much interest is manifested here in the taxation meeting of the Idaho Chamber of Commerce to be held in Boise, December 11 and 12, in the legislative chamber of the house of representatives for consideration of amendments to the Idaho tax laws to be laid before the legislature at the coming session. The Idaho Grange, Idaho Educational association, and several other organizations are co-operating with the state chamber. It is not known how many will attend from Twin Falls but the city and county will be well represented.

Principal subjects for consideration are: the "Indiana plan" of a state tax commission; a sales tax on cigarettes, cigars, tobacco, cosmetics, and chewing gum; an income tax similar to that of North Dakota; contribution of a county unit school system; extension of the budget system such as prevails in countries to all taxing units; reorganizing system for municipal public utilities; and extension of power of supervision of the bureau of public accounting to all taxing units.

RALPH PINK, Acting Secretary.

21 STUDENTS TELL JUDGE ABOUT TRAFFIC VIOLATION

Twenty-one Twin Falls high school students were summoned into police court here yesterday to be informed that they had violated municipal traffic regulations when they parked automobiles in a recently-indicated safety zone on Shoshone street in front of the high school building yesterday morning.

to indicate parking space for students cars only. It was explained by the magistrate that this zone had been established as a safety measure for protection of students leaving or entering cars, and that no automobiles were to be parked in the zone.

PIGGY WIGGLY

Preparing for Thanksgiving In the Good Old Days

The turkeys were plucked and fattened; the roasts and finest apples were gathered for the biggest pumpkins were made into pies; jars of jam, jelly and preserves were taken from the pantry shelves; the kitchen was a scene of feverish activity—cakes, pastries and candies were prepared, days ahead. The axe was brought from the woodshed and sharpened so that Turkey executives would be a success.

In the days you look forward to fittingly celebrate Thanksgiving cannot much work and thought for the housewife.

Today she finds at Piggly Wiggly everything for her Thanksgiving dinner ready for her selection and at most reasonable prices.
