PACIFIC CONFERENCE RECEIVES FLEDGLING

Northwest Circuit Admits Columbia; Full Standing Withheld Until Close of Season

PORTLAND, Dec. 14 (AP)—Columbia university, Portland, the fledgling among colleges of the Pacific Northwest, was received with open arms today by faculty representatives of the six institutions in the Pacific Northwest conference. According to the ancient precedents of the conference, however, Columbia will be nursed along for a year before being admitted to full standing.

The conference today changed the opening football practice date to the second Monday in September so the school could meet the larger colleges in pre-season games with more strength.

Will Retain Baseball

The movement to drop baseball as a major sport was voted down today by an overwhelming majority, the conference agreeing to keep its complete spring program of baseball track and tennis.

Willamette university, Salem, will be the host to the schools for the tennis meet May 24 and 25. Willamette, Walla Walla will act as host for the track meet May 26.

Beginning with 1929, the conference will meet twice a year in the future, the next session called at Walla Walla at the time of the track meet.

W. R. Davis, Willamette, was re-elected president of the conference.

Charles A. Robbins, faculty man from College of Puget Sound was re-elected secretary-treasurer.

Announce Schedule

Tentative football schedules booked by coaches follow:

September 21—Whitman and Cheney normal at Walla Walla.

September 28—Whitman at Washington; College of Idaho at Washington State; Pacific at Oregon; Ellensburg normal at Puget Sound.

October 5—Whitman at Idaho; Linfield at Willamette; Puget Sound at Gonzaga.

October 12—Linfield at Whitman; Puget Sound and battlefish team, yet to be chosen, at Tacoma; Willamette at Oregon.

October 19—Puget Sound at College of Idaho; Pacific at Linfield; Willamette at Albany college.

October 26—Whitman at Washington state; College of Idaho at Willamette; Puget Sound at Pacific.

November 2—Gonzaga at Whitman, or Gonzaga; Pacific at Willamette; Washington at Puget Sound.

October 9—Willamette at Oregon State (tentative).

November 11—Whitman at Puget Sound; College of Idaho at Pacific.

November 22—Pacific at Whitman.

November 28—Willamette at Whitman.

DUMB BELLS

SPORT SLANTS

BY ALAN J. GOULD

NEW YORK, Dec. 14 (AP)—Paavo Nurmi is due in tomorrow but the boys who have been scanning the gangplank for the celebrated Finn won't believe it until they see him.

Even then it may not be possible to determine whether Nurmi intends to run here as an amateur, professional or perhaps try both—in the order named.

The best guess is that Paavo will remain an amateur for the time being, competing in two or three special indoor meets in New York and possibly Boston or Chicago.

Edwin Wide and Willie Ritola, who have made up the Olympic distances running big three with Nurmi in 1928 games will be on hand to give Nurmi some competition.

Jole Ray's turn to pro ranks, along with Elouafi, the Olympic marathon champion and Nurmi's arrival at this time prompts some observers to link these stars significantly with the forthcoming revival of C. C. Pyle's famous hutton derby, which will be run next spring from East to West, instead of West to East as was the case early this year.

Tex Rickard's proposal to stage a Sharkey-Stirling heavyweight bout at Miami Beach in 1929, would give the South one of the outstanding title prospects of the new year, if it actually goes through.

The plan raises the question of whether or not Dixie is ripe for the big ballyhoo. Golf, track, tennis, baseball, football and college sports generally have disappeared by leaps and bounds in the last few years in the South and Stirling is its foremost title product just now.

MAJORS TURN DOWN MINORS' ADVANCES

Club Owners Reject Proposal For Peace Conference; Commissioner Waves 'Big Stick'

CHICAGO, Dec. 14 (AP)—The Amateur and National league club owners have played havoc with the minor leagues' hopes of formulating a reconciliation program at West Baden, Indiana, January 16.

Instead of lining up with the minors' proposition of a peace meeting in January the majors in their joint meeting here turned thumbs down on the proposal. As a result there will be no meeting and the present much debated minor-minor agreement will have to do for another year.

Besides the few trades, releases and purchases between the majors and minors and the setting of dates a week later, the majors keep their hands off all smaller circuits.

Commissioner Landis was said to favor the proposal of the minors, but the commissioner said he was pleased with the peace and harmony of the joint meeting.

GOODING BOYS AND GIRLS LOSE TO ALBION'S TEAMS

ALBION, Dec. 14 (Special to The News)—Gooding college boys' basketball team defeated the Albion state normal school quintet in a fast game here tonight by a score of 42 to 39. The decision swung in the balance until the final moments. The Albion girls' team succeeded in making the Gooding invasion a complete failure by drubbing the visiting ladies to the tune of 28 to 22 in a game which was fought desperately from the opening to the final gun.

CONDITION OF KING LESS SATISFACTORY

(Continued From Page One)

emblem delegates for their interest in settling the dispute and declared that when he left Paraguay to attend the conference, he never saw the possibility of hostilities.

Until replies from both Bolivia and Paraguay have been received the special committee will take no official action. Should acceptance be received from both countries then the duty will devolve upon it to suggest the best agencies for mediation.

The Value of a Smile at Christmas

It costs nothing, but creates much. It enriches those who receive without impoverishing those who give. It happens in a flash and the memory of it sometimes lasts forever. None are so rich they can get along without it, and none so poor but are richer for its benefits. It creates happiness in the home, fosters good will in business and is the counter-sigh of friends. It is rest to the weary, daylight to the discouraged, sunshine to the sad, and Nature's best antidote for trouble. Yet it cannot be bought, begged, borrowed or stolen, for it is something that is no earthly good to anybody till it is given away! We wish you a very Merry Christmas!

EDEN SCHOOLS WILL SERVE HOT LUNCHES

Board and Patrons Discuss Addition of Second School-Bus During Three Winter Months

EDEN, Dec. 14 (Special to The News)—The hot lunch plan for Eden students will be put in effect again this year following the holidays season. The greater part of the financial burden is to be carried by funds appropriated by the boards of the high and grade schools. The balance will be raised by subscription.

At the regular meeting of the high school board, Monday evening, December 10, the representative of the grade school board and the Eden Parent-Teacher association, definite action regarding the lunch was taken. The hot lunch plan has been in effect here four years.

A committee of the Parent-Teacher association will have charge of the lunch. In former years, donations of food stuffs were made, but since this plan was not satisfactory, the new plan is being put in effect.

May Add Second Bus

Problems of the Eden rural school board became greater this week when with the approaching of winter a request for the operation of a school bus was presented by patrons of the rural district. The board, after considerable discussion, voted to appoint a committee to meet with patrons to solve the problem.

At present there are over 35 students attending high school from the rural sections. Many of these travel a distance of over five miles. Mileage is paid to students who live more than one mile distant. While it is not probable that the board will place two trucks in operation for the remainder of the term, a bus may be added during the winter months.

School Attendance Normal

Eden schools opened Monday with over 95 per cent normal attendance. The entire teaching force in both schools, with the exception of one teacher, were present. Miss Claire Roberts, seventh grade teacher, is convalescing from a recent illness. C. E. Roberts, appraiser of farm land for the Federal Land bank of Idaho, is spending a few days here making arrangements for the Russell-Lane-Farm Loan association.

Temporary snow fences are being erected along Goodhue-Rupert highway on some of the north and south roads that are subject to easy sliding during snowstorms. A number of rods of this fence has been erected along the half mile just east of Eden. The work is being done by the state highway department.

Annual installation of officers of the Eden Grange will be held Saturday afternoon at the Grange hall. Lars Swenson will be installed as worthy master, succeeding Arthur Smith. Installation work will be in charge of Mrs. C. J. Knott.

BURLEY DISTRICT COURT ADJOURNED TIL NEW YEAR

Illness Summons Defense Attorney to California; Two Suits Carry Over to January

BURLEY, Dec. 14 (Special to The News)—S. T. Lowe, Burley lawyer, connected with the E. M. Montgomery case and the divorce case of Hamilton versus Hamilton, was called to California Thursday night on account of serious sickness in his family. As the hearing before the district court, Judge Hugh A. Baker postponed further consideration until next January 7 and adjourned court until that date.

Montgomery, convicted of receiving property known to have been stolen, appeared in district court Thursday afternoon to receive sentence. His attorney made a motion for arrest of judgment. B. W. Davis, Portland, appeared in behalf of Montgomery and made a plea for leniency. Davis, speaking as an old friend of the defendant, asked the court to take into consideration the man's age and his demeanor and previous reputation, and held that the law would be vindicated if a penitentiary sentence were not imposed.

Davis also presented a petition which he said was signed by about 50 citizens, including some of the jurors, requesting that the court be lenient and that a penitentiary sentence be not imposed.

Judge Hugh A. Baker ordered the petition filed with the clerk.

Little Jack Downey came home from the hospital Wednesday and is convalescing from an attack of meningitis.

Mrs. J. A. Grimm is confined to her home by illness.

The "Moody Makers" of Filer will appear at the lecture hour of the Malta Grange meeting Tuesday evening. The Grange is invited to participate in the ceremonies for installation of officers on the first Saturday in January in Burley.

WINTER CROP REPORT LIFTS WHEAT PRICES

Unexpected Reduction of 55,000,000 Bushels in Yield of Corn Construed Bullish

CHICAGO, Dec. 14 (AP)—Suggestion that domestic winter wheat is now in danger of widespread damage such as occurred last year did considerable to lift wheat prices today. Trade adjustments to anticipate any surprise in the government crop report tended likewise to make all grain values higher.

An unexpected reduction of 55,000,000 bushels from the government November estimate of the 1928 yield of corn finished a shock to the wheat corn was generally construed tonight as bullish. Otherwise, the government crop report was about as had been looked for.

Last quotations on wheat today were firm at a rise of 1/8 to 1/4 cent. Corn finished a shock to 1/4 cent, on a decline to 1/4 cent advance, and provisions varying from 7/8 cent back to an equal gain.

Traders Holding Off
Although many wheat traders were inclined to hold off from new commitments—pending issuance of the government crop figures late today—traders were active in a report from a leading unofficial authority here that out-of-season conditions are prevailing in United States winter wheat territory. It said that, with unusual mild temperatures, plentiful rains have been soaking the soil to an extent which may result in a serious situation should severe frost occur.

TOTAL SALES DWINDLE TO 3,003,500 ON STOCK MART

NEW YORK, Dec. 14 (AP)—A few violent upswings in the high-priced issues evidenced a dull day on the stock market today, total sales dwindling to 3,003,500 shares. There was still little disposition to extend operations into the "penny" market is more definitely tested.

The drop of about \$20,000,000 in brokers' loans and a call money renewal rate of 1 per cent for the first time this month were largely cancelled at bullish influences by an increase of 1/2 per cent in the bankers' acceptance buying rate, and the continued firmness of time money.

The weekly trade and industrial reviews reported that the December inventory-taking slump in industry is comparatively slight, and that the holiday trade is developing in highly satisfactory fashion.

Radio again fluctuated wildly, leaping to 35 1/2, up about 44 points, and closing at 35. It was accompanied by an extreme gain of nearly 27 points in Victor Talking Machine. Rumors were rife that the projected combination of Radio and Victor would be announced shortly.

Rails generally made good headway, Chicago Great Western touching another new peak at 25. Erie, Canadian Pacific and New York Central made extreme gains of 4 to 5 points.

Burgess's Adding Machine, Victor and the Western Union made an extreme gain of about 9 points, and Greene Cananea mounted another new peak at 25. Erie, Canadian Pacific and New York Central made extreme gains of 4 to 5 points.

Houston Oil was again a weak spot, recording a new low of 79, off 13 points and closing at 84 1/2.

General Motors touched 18 1/2, off more than 3 points and a new low for the current movement. United States Steel, General Electric and American Can were heavy.

CHARITIES ORGANIZE FOR RELIEF WORK IN CITY DURING WINTER

Marcus C. Ware Succeeds Mrs. R. C. Wark as President of Association; Clearing House to Care For Pleas For Aid

Marcus C. Ware, county commissioner, was elected to succeed Mrs. R. C. Wark as president of the Twin Falls Associated Charities at the meeting held in the probate court room last evening. W. J. Young was elected secretary and Mrs. H. C. Claucek, treasurer. Young is completing a card index for use in a general clearing house which will be finished as far as possible today and to take action on Christmas activities at once. All participating organizations will clear through the commissionary room in the courthouse. It is requested that when any organization participating receives a request for charity or any needy case be called to its attention inquiry be made over telephone No. 572 to learn whether such case is on the list of some other organization. All individuals to whom an appeal for charity is made are requested to telephone in and find out whether the present material appeal is on the list of any organization.

Will Assist Needy

It is the purpose of the Associated Charities this year to distribute help for cases really requiring assistance. Aid in the form of distributing baskets will be discontinued. The real needs of any family reported will be investigated and aid made to supply whatever is required to meet the situation.

The following organizations were represented at the meeting: Ford Cross, Elks, Rotary club, Kiwanis club, Women's Christian Temperance Union, Twentieth Century club, and the Presbyterian, Brethren, Methodist, Episcopal, Christian, Catholic, and Latter Day Saints churches. Other churches not represented are understood to desire to cooperate, it was stated. Each person present in behalf of any organization was urged to take the necessary immediate action, as there are but 10 days more until Christmas. Fraternal organizations will also be requested to assist in helping the Associated Charities to provide a fund for emergencies.

Treasurer Reports

The report of O. M. Hall, retiring treasurer, showed receipts for the last year amounting to \$234,444, and expenditures amounting to \$202,777, leaving a balance of \$27,177. The expenditures were mostly for food, clothing and fuel, but small amounts of cash were given after investigation. The amount of duplication, common here in earlier years, has been greatly diminished and it is hoped to entirely eliminate it this year.

A tentative survey of possible needy cases was received through the schools and presented last night. There will be a checkup at once on all cases suggested by organizations to which the names are referred.

Two influences have diminished the number of needy tourists who would otherwise camp here during the winter. One of these is the rigid examination in all cases of need reported in regard to such, and the other was the recent closing order of many of the tourist families with children took no chances and moved on.

Special Will Carry 350 Idaho Students

The regular student's Christmas special from the University of Idaho will leave Moscow for southern Idaho next Saturday and will arrive at 2:15 p. m. on the day following. It will leave on the return trip January 2. There will be about 350 students on the train when it leaves Moscow, it is estimated.

MAN ADMITS HOLDUP OF CAFE WAITRESS

James A. Carl, Brought Here From Ogden, Pleads Guilty at Arraignment for Robbery

James A. Carl, in district court here yesterday, pleaded guilty to charge of robbery of \$70 from Mad Adele Lillian, employe of the Manhattan cafe, last November 12. Sentence, Judge W. A. Babcock announced, will be pronounced next Monday.

Carl was arrested in Ogden with two other men a few days after the robbery here. He and one of the other men, who was subsequently held to answer for robbery of a service station in Salt Lake City, were reported to have confessed to the robbery here.

On arraignment in district court yesterday, Emery Cunningham, 28, and Fred C. Martin, 22, both of Buhl, took the statutory time for entering their pleas to grand larceny charge of theft of \$250 worth of red clover seed from H. H. Payne, Buhl district farmer, and will enter their pleas today. They were represented by John Kosharek, Twin Falls, attorney.

Judgment in the case of Frank Turner, Twin Falls, convicted of illegal possession of liquor, will be pronounced next Monday, Judge Babcock announced.

STALLED ENGINE CAUSE OF REAR-END COLLISION

A light truck driven by W. H. Detweiler, Hamilton, crashed into a standing truck owned by Lloyd Goodrich, Jerome, and driven by R. A. Clayton, on the highway two miles west of here, at about 5 p. m. yesterday, according to report made by Alan P. Senter, deputy sheriff, who went to the scene of the collision in response to Mr. Detweiler's request.

Mr. Detweiler's machine was damaged most, but he escaped without injury. He was traveling westward and struck the rear of the other truck that had stalled on a turn in the road.

LIVINGROOM ACCESSORIES

It isn't the regular furniture, it is the accessories that make your home homelike. A table, chairs, a divan or couch, a necessary, but they don't give that heart-warming, cozy air that the accessories do. A fireside chair, a footstool, a bit of tapestry or a magazine stand can do an unmeasured amount of good in that living room that just will be stiff and forbidding in spite of all you own.

And these same accessories make such lovely gifts. I'd bless any of my friends who remembered that I have a weakness for tables, candlesticks, and footstools.

The first thing I saw, just inside the door of one of the furniture stores, was a console table—with a wing that folded away directly, or could be opened and pressed into use as an extra cardtable. If necessary. Above it was a lovely, frameless mirror, all modern curves and angles. Such a view was enough to start me poking among divans, dining tables and buffets for other living room accessories. And I found quite a number of them that I don't know just how I can forget.

I found a queer telephone desk and book case of walnut, with an arm little chair, both of walnut, dark at the bottom, and growing lighter toward the top. Then there was a subject desk of oxford oak, and a cabinet desk of walnut, with walnut inlay, and hammered brass, that looked like a mysterious chest on legs.

Then there was the answer to dreams, in the form of a chestnut freestone bench, with that good, new warm-wool look, with a brown leather pad. Nearby was a polychrome lamp, with pinkish shade in shades of brown and orange.

There was a drop-leaf end table, of cherry, in the early colonial style; a book desk of two-toned walnut, an old-fashioned what-not in walnut, another in red; a pier of red, and beside it one of mahogany, and another of walnut. I found a most inviting chair and footstool of walnut, upholstered in fringed and mohair, the stool blump and inviting, and the chair with that extra depth of seat that fairly coaxes tall people to be comfortable.

I found chairs that were made to fit into that empty corner by the fireplace—occasional and pull-up chairs, upholstered, and in cane and wicker, and came and mahogany.

As for magazine racks—they were there, with legs and without, small and competent, tall and useful. They were

there in a variety of colors, shapes and materials. One, distinctly different, was of green wrought iron. There were combined end tables and magazine racks, and end tables and book cases. For dad, I found sturdy, useful smoking cabinets, with a compartment for tobacco or cigars, an ash tray, and a handle across the top so that they might be easily carried from one chair to another. If necessary, in one corner.

In an art shop, I found candlesticks of hammered brass, tall and stately, and tapestry, and Chinese-style, to add that warm homelike air to the living room.

And I also learned that the open field and scattered design in the Chinese style is not so much as the called all-over Persian design, which, after all, is nearer the real Chinese design than the screen lantern, or design in one corner.

Then there are book ends, desks, dropers, all accessories that will help make your living room the kind of a room it is pleasant to live in.

BREVITIES

On Trip to Bob—Mr. and Mrs. Harry Bennett left yesterday afternoon by motor on a few days visit to Boise.

INSTANT MOBILIZATION OF SCOUTS GETS TEST

Instant mobilization of the boy scouts in a non-military way, without previous notice will take place on some day during anniversary week, which begins February 8—it was announced yesterday following a conference between President Wilbur S. Hill, Commissioner W. E. Nelson and Scout Executive J. H. Jamieson.

The idea is to have the scouts ready at any moment in case of a real emergency, said Mr. Jamieson, "drop everything and come together for a common purpose. Cases where

instant action is needed, like the Omaha tornado, the Florida storm, or the Santa Barbara earthquake, should find them ready to get together and help in the emergency. The scouts will meet in the park after the signal announced shall be given. There will be no previous indication regarding the time of day, or on what day, of anniversary week it will be given."

Scout Sunday will be observed February 10. Arrangements for the observance of this Sunday Program will be made by Rev. O. L. Kendall, Hamilton. Further details for the week will be announced later.

Santa Claus Arrives at the I. D. Toyland

THIS AFTERNOON AT 2:30 P. M. In the Electric Red Bug loaned him for the Occasion by the Idaho Department Store

Note to Kiddies
For every little boy and girl who sincerely believes in Old Santa he will have a nice sack of candy.

Note to Mothers
Each year the crowds have grown larger at our Santa Claus parties and each year we have noticed that it is harder for the woman with small children to get them close enough to Santa Claus to shake his hand and get their candy. This year special attention has been paid to this feature and we can assure all the mothers who want to give their small children a little Christmas treat that all of our department heads will be stationed at definite places to render every assistance possible and that plans have been made to eliminate as much crowding and congestion as possible.
