SENATE COMMITTEE FAVORS NOMINATION OF SECRETARY WEST

Successor to Dr. Work Hears Blunt Statement by Nye Opposing Favorable Action Because of Insult Interests

THE DAY IN WASHINGTON

(By The Associated Press) ROY O. WEST'S nomination to be secretary of interior approved by senate lands committee.

KELLOGG anti-war treaty reported to senate and vote started to take it up before cabinet bill.

SUTOREN General Committee estimated at least 700,000 cases of influenza in country last week.

PAN-American conference sent questionnaires to Bolivia and Paraguay on methods of settling dispute.

HAVES bill designed to permit states to bar prison-made goods from other states passed by senate.

REPRESENTATIVE Garner, Democrat, Ohio, declared United States' fleet corporations owned \$25,000,000 in tax refunds under a settlement made by Secretary Mellon.

WASHINGTON, Dec. 19.—The nomination of Roy O. West, Chicago, as secretary of interior was endorsed favorably reported to the senate for confirmation today by its lands committee after the secretary had listened to a blunt statement by Chairman Nye opposing him because of his previous holding of stock in the Standard fuel power utilities company.

Replying to the views of Senator Nye which were read in open session, Mr. West, however, declared himself "unbiased" but volunteered in view of the opposition expressed by the committee chairman to withdraw from participation in any decision coming before his department affecting applications of the act.

It was the second time the secretary, who was named last July by President Coolidge to succeed Hiram W. Work, has been questioned and after he had made his statement the committee went into executive session. An hour later it entered his nomination reported by a vote of 7 to 2.

Chairman Nye, a Republican from South Dakota, Senator Bernard Watson, Montana, and Wagner, New York, Democrats, voted against West.

Those opposing the secretary are expected to renew their fight on the floor when the nomination comes up, but friends of the secretary were confident tonight of his confirmation.

Declaration that the United States Steel corporation would receive \$60,000 in tax refunds within one fiscal year through settlements with the treasury, was made in the house today by Representative Garner, Democrat, Ohio.

The Texas declared he had been (Continued on Page 2, Column 2)

KING GEORGE MAKES DEFINITE PROGRESS

Queen Mary Sufficiently Buoyant in Spirit to Take Afternoon Drive; Public Relations

LONDON, Dec. 19.—King George today continued to make slow but definite progress toward recovery from the disease which for a full month has besieged him and kept the whole nation in anxiety. Both the day and evening bulletins of the physicians brought cheering reports of the royal patient's successful resistance.

The king has passed a quiet day, said the R. P. announcement. Both the general and local councils are continuing to make slow progress.

The ultra-violet ray treatment, which apparently has given gratifying results, was administered as usual by Doctors Woods and Heatt just prior to the evening consultation.

Queen Mary's private afternoon drive in April today to take her afternoon drive she turned the outcome into an excursion to the botanical gardens. She was accompanied by Princess Mary and the latter's husband, Viscount Lascelles.

The queen of Norway, sister of King George, took tea with Queen Mary at Buckingham palace.

An indication of the relaxing in public anxiety was seen in the manner in which the newspapers played up the scores of the "world series" cricket match in Australia between a traveling English and representative Australian team.

The match crowned the king off the top position on the front pages.

DEATH CLAIMS LIFE OF DYING BRIDE AT WEDDING

AURORA, Ill., Dec. 19.—Death today claimed the wedding of Mrs. Mary Ellen and her groom, Harry. While a license clerk stood at her bedside filling out a marriage blank, Mrs. Ellen died, her hand in that of her fiancé.

Mrs. Elliot and Barney had planned to be married on Christmas day, but she became ill with influenza. When she learned today that her death was imminent Mrs. Ellen expressed the wish to be married. The clerk was summoned, but death came before the ceremony could be completed.

FIRE ROUTS OUT FAMILY

POCATELLO, Dec. 19.—Wait the thermometer 5 degrees below zero. Mr. and Mrs. W. C. Jones and their three children were forced to flee their home early this morning. Neighbors cared for the family while the flames were extinguished by firemen after \$500 damage had been done.

HEALTH CONDITIONS IN GEM STATE GOOD

Idaho Health Officer Recommends Appropriation to Aid in Financing Quarantines

BOISE, Dec. 19.—Idaho can face Christmas with a new confidence that her health has been remarkably good during the past winter season, according to the state health officer, said today in his report submitted to the commission on public health.

Outbreaks of mumps and influenza have been restricted to well defined areas and though the influenza has been widespread, the death rate has been extremely low.

Diphtheria Cases Few. A few cases of diphtheria have been localized and have been limited to two or three cases in each outbreak.

As a means of assisting in curbing the outbreak of typhoid fever, Dr. Almond recommended an appropriation to the state health officer to aid in financing quarantines which should not properly be borne by the counties.

The chief of the bureau of venereal diseases, which since 1909 in Idaho one family of carriers which had spread cerebro-spinal meningitis in several places in the state.

He contended that Idaho's quarantine law should be brought up to date. The present law is based on sanitary knowledge of 1911 which Dr. Almond said had been considerably changed by more recent discovery with the result that considerable hardship was being worked unnecessarily upon individuals by the present laws.

Airplanes Kill Texas Wild Animals; Warden Planning Prosecution

AMARILLO, Texas, Dec. 19.—A dramatic action against "game laws" reported to have killed several panthers, a protected animal, as they were hunted to extinction by the planes of Matador county, was announced today by S. D. Turner, district warden.

Confession of plans used illegally in hunting is permitted under federal statute. Turner said that steps are being taken to attach a federal bill in this section. An Oklahoma game law reported to have killed several panthers in this county, was under investigation.

FREIGHT LOADINGS MOUNT

WASHINGTON, Dec. 19.—The freight loadings for the week ending December 15, reported today by the American Railway Association, show a record for the year. This was an increase of 34,566 cars over the preceding week with an increase of 1,285,674 tons over the corresponding week of 1927.

BOISE GROWERS' TURKEY GEM STATE'S CHAMPION

BOISE, Dec. 19.—A young turkey, previously exhibited and named, was today crowned champion of the Idaho state turkey show, which, under the direction of a stalwart and tried crew with gold medals to weigh him to the ground.

The bird, named by G. A. Koerber, the exhibitor, was raised by D. A. Walker, Ararat, Missoula, Idaho, a turkey of national reputation, said the bird on exhibition here was equal to the finest in the country.

Koerber's turkey was closely preceded by another by an exhibitor here, owned by the show by Tony Kaparino, Mayfield. Both birds were of the Mammoth variety, which sometimes reach 30 pounds in weight.

INFLUENZA EPIDEMIC BROADENING SCOPE; 705,305 NEW CASES

Public Health Officers Investigating Causes and Characteristics of Disease; Report From Idaho Totals 79

(By The Associated Press) WASHINGTON, Dec. 19.—Surgeon General Cummings of the public health service, today said complete reports on the influenza outbreak indicated a total of at least 705,305 new cases throughout the country during last week, a "dotted increase over the previous week's spread."

A larger increase in number of cases may be expected, the surgeon general added, as the crest of the wave of the disease continues to move eastward. He, however, did not view the situation with alarm.

Illnesses by Mild Form. "It appears that the majority of cases are of mild form," Dr. Cummings said, "although one state, Montana, reports that as the number of cases declines there appears to be a greater severity in the individual cases."

Public health officers, he said, are at work investigating the causes and characteristics of influenza. State reports to the public health service today include:

Montana 3000; Idaho 79; Wyoming 450; Colorado 1140; Utah 224; Washington 107; Oregon 1051 and California 665.

BILL ALLOWS STATES TO BAR PRISON-MADE GOODS

WASHINGTON, Dec. 19.—The senate has passed today a bill which would allow states to bar the sale of "made goods" prison-made goods were passed today by the senate by a vote of 53 to 11.

The measure, already approved by the house, now goes to conference to adjust minor amendments before it may be sent to President Coolidge.

The measure was assented by Senator Borah, Republican, Idaho, as a proposal which would enable each state to say what interstate commerce should be permitted within that state. This, he said, was in conflict with the constitution which only gave the federal government the right to regulate interstate trade.

Senator Walsh, Democrat, Montana, contended that the bill was not in conflict with the constitution.

BUS DRIVER METES OUT JUSTICE WITH FIST TO THREE BOISE JOYRIDERS

BOISE, Dec. 19.—Three young joyriders were rubbing their jaws today after an encounter with a street bus driver.

Three young girls, in company with three girls, hurried street bus drivers last night by driving their automobile in front of the buses at a slow rate of speed and refusing to allow them to pass in time to keep clear of the buses.

Three buses were stopped in succession and delayed upwards of 15 minutes. Finally Paul Shelley, driver of the first bus on a return trip, saw one of his fellow drivers harried by the group in the car. Approaching from a side street, he crowded the car against the curb, swung open the door and pulled the boys out one at a time and delivered a head blow on each of their skulls. He then drove directly to police station to report the incident.

UNIVERSITY GUARDS AGAINST EPIDEMIC

Students at Moscow Will Be Vaccinated for Smallpox or Submit to 14-Day Quarantine

MOSCOW, Dec. 19.—Each of the 5000 students and instructors at the University of Idaho here must be vaccinated for smallpox immediately, or else submit to 14 days of quarantine at the university infirmary, an order issued today by President F. J. Kelly states.

The order was the result of the discovery of a case of smallpox on the campus, and was believed to have been issued to forestall a move by state health authorities to cancel the Christmas vacation and keep the faculty and students at school to prevent spread of the disease throughout the state.

The order stipulates that vaccination must be done before a student or teacher leaves on vacation. Vaccinations were begun today despite a small cyclone of protests from students.

DISEASE CLOSES SCHOOLS; MENINGITIS VICTIM DIES

COEUR D'ALENE, Dec. 19.—Edith Rodell, 55, a farmer, died here today of cerebro-spinal meningitis, a second victim of the disease within a week. Schools have been closed as a precautionary measure against spread of the disease, and people have been warned against congregating.

CONCILIATION BOARD SENDS QUESTIONS TO DISPUTING NATIONS

Pan-American Conference May Withdraw From Entire Matter and Permit Special Committee Freedom of Action

(By The Associated Press) WASHINGTON, Dec. 19.—Conciliation proceedings in the Belgium-Franco-Russian dispute by the Pan-American arbitration conference began today with a special committee appointed to the two countries a set of identical questions, to determine the exact scope of the proposed settlement.

The countries also were asked to express their views as to whether identical questions, to determine the exact scope of the proposed settlement.

The session was called as soon as possible after acceptance had been received from both Paraguay and Bolivia of the conference's offer of its good offices in the controversy.

The questions were handed to the delegates of the two countries for transmission to their governments. Identical replies were received. The committee probably will take no further action.

Determine Number of Judges. The questions required of Bolivia and Paraguay the number of judges they would prefer on the conciliation board. The committee had in mind that each country appoint either one or two.

POCATELLO SHERIFF ACTS TO EXTRADITE FUGITIVE

POCATELLO, Dec. 19.—Governor Frank J. Hall today ordered Sheriff H. W. Thompson to extradite a fugitive from Idaho, upon the charge of obtaining money under false pretenses. This was the appointment made here tonight by Sheriff H. W. Thompson following receipt of advices from Deputy Sheriff James Matthews at Boise, who said he had the extradition papers.

Meyer, who operated as a clairvoyant and here recently, is charged with taking \$400 from Mrs. Arnes Schwab, McCammon, under false pretenses.

Possibly that the temperature would be almost equalled tonight or early tomorrow was indicated by a temperature reading of 24 below at 5 P. M.

The highest for the day was 25 degrees above zero.

Proprietor of Beauty Shop Sues Telephone Company for \$10,000

MILWAUKEE, Wis., Dec. 19.—Miss M. Marie Livingson today filed suit for \$10,000 damages against the Wisconsin Telephone company.

Miss Livingson in her complaint set out that as a result of duplication of numbers in the telephone book her shop was receiving calls asking about her condition. She said she was being harassed by her enemies arriving safely. The old lady's home it alleged, has had many requests for treatment for penicillin, waxes, massages and manures.

AGED WOMAN LOSSES RAGE

HARTFORD, Conn., Dec. 19.—Mrs. C. E. Smith, 85, living from St. Petersburg, Florida, to the funeral home of Mrs. S. Smith, died here today of a heart ailment. She was a member of the National Fire Insurance company, arrived here at 5 P. M. today.

The plane landed in a field in Connecticut where she was lost this way and was unable to locate the Hartford airport. Mrs. Smith died while her mother was en route.

MODERN AFRICAN TRADER SETS SAIL FROM BOSTON

BOSTON, Dec. 19.—A modern African trader, the three-masted schooner Marion L. Corcoran, left Boston today on the coast of Africa. The ship was captained by the banker skipper of a century ago. She is bound for West African ports to trade with the negroes. John Corcoran of this city, is her captain.

They run in her cargo replaced the modern run which was the staple of the British trader. American shippers exchanged her goods for ivory as her predecessors did. The schooner also carries a cargo of clothing, flour to barter with the natives for ivory, goatkins, cocoa beans, palm oil and other goods. She has lost the voyage will require four months.

FURNITURE ARRANGEMENT CAUSES FATAL QUARREL

TEMPLE, Pa., Dec. 19.—A quarrel over the rearrangement of furniture for the Christmas holidays was said to have led to the fatal shooting today of Witt Lamham, 40, at his farm home near Holland. A son of the slain farmer was arrested and held without bond.

CONCILIATION BOARD SENDS QUESTIONS TO SOUTHERN COUNTRIES

(Continued From Page One) or two judges and that the conference appoint either one or three members. The conciliation procedure embraced by today's action is therefore that the conference with the cooperation of both disputant countries would determine first the extent and the limits of the mediation proceeding. Then each side would nominate to a conciliation board a certain number of judges who will, however, register the conditions in the treaty before assuming their duties. The board then would be completed by the conference. The conference will, after this, in all probability would withdraw from the whole matter leaving the new conciliation board a free hand.

DAIRY ASSOCIATION MEETS

FURNACE EXPLOSION IGNITES RESIDENCE

Fire resulting from a blowout of the furnace at 8:15 P. M. Wednesday caused damage estimated at \$200 to the residence of the home of Paul Johnston, 137 Ninth avenue east.

The furnace in the basement was badly damaged and the rafters and walls were charred and badly smoked. The fire did not get into the upper part of the house, which, however, was smoked up a good deal. Troop No. 3, Boy Scouts, in recognition of the furnace and other property, rendered great assistance. Eight of the boys and Charles Burkholder, scoutmaster, were meeting in the old Union hall at the corner of Third avenue and Second street last night when the alarm sounded. The boys rushed by automobile to the scene of the blaze. They got practically all the furniture out of the house except from the dining room which was directly over the furnace. Much of which, it was feared, might fly out into the street when they were not permitted to enter the burning building.

SENATE COMMITTEE FAVORS NOMINATION OF SECRETARY WEST

(Continued From Page One) informed that if other cases of the separation were settled upon the same basis, the one company would have to refund between \$25,000,000 and \$30,000,000 dollars additional.

Fifteen million dollars of the refunds were included in estimates for this fiscal year, he said, and "if settled on that basis, this one company alone would be getting with the extent of \$28,000,000 to \$30,000,000 more, and be paid this year."

Looking a veritable middle man on the treasury department head, Garner charged that Mr. Mellon had given more money to the taxpayers than all the other secretaries of the treasury in the history of the country.

A bill to amend the federal water power act to more clearly define the federal water power policy was introduced today by Representative Hull, Democrat, Tennessee.

The purpose of the bill, he said, was to clarify and clarify the law, regulations and practices, applicable to water power development under joint state and federal jurisdiction of the states and the federal government.

This, he declared in his opinion would expedite the development of water power in this country with a minimum of waste.

The bill also would determine the share of ownership of a state in hydro-electric power projects.

Hardly had the Kellogg peace pact been reported formally to the senate today before a surprise move was initiated to take it up for immediate consideration ahead of the long pending naval construction measure.

An attempt of Chairman Hale of the naval committee, to put the house bill authorizing construction of 15 new cruisers before the senate in accordance with the program of the republican steering committee, was blocked and a decision on which would get the right of way went over until tomorrow.

Under the program which had the approval of Chairman Borah of the foreign relations committee, who is sponsoring the treaty, and of Chairman Hale, the two subjects would take their place in regular order. This would give the navy bill right of way under the senate's program, and Borah earlier in the day had announced he would wait until after Christmas to take up the treaty when it could be considered with a view to getting something done.

This new over-riding move is a double bluff if either proposal will not anywhere before Christmas.

While "dogging" the treaty prospect tomorrow over the navy bill the unfinished business, which would keep it before the senate until voted upon, might be tonight it would get the right of way.

Georgians Hold Last Practice Before Trip

ATLANTA, Dec. 19 (AP)—Georgia Tech's Golden Tornado today went through its last home workout on the football field preparatory to leaving tomorrow for Pasadena, California to meet the University of California New Year's day in the tournament of Roses.

Easterners Prepare For Game with West

SAN FRANCISCO, Dec. 19 (AP)—While members of the Western teams were arriving today, the Eastern squad got down to business with a snappy workout in Kezar stadium where East will meet West in the annual charity football game December 23. The Easterners, all in good condition despite their trip across the country, passed and bouted the ball around for an hour. It was a public workout and no signs were run through. The Westerners will be given their first workout tomorrow, and will hold daily practices thereafter.

FINN STILL REFUSES TO ABDICATE THRONE

Paavo Nurmi Will Attempt to Lower Own Record of 4:12 in Mile, Equalled by Jolie Ray

NEW YORK, Dec. 19 (AP)—Paavo Nurmi is not yet ready to abdicate as king of the world's one-mile runners and fall back on the longer distances for his laurels.

Under the urging of his Finnish-American friend, Hugo Gust, Paavo is fast reaching the point of making up his inevitable mind to take a few more whips at the old mile contest this winter and spring before the inevitable opponent, Time, takes too heavy a toll of endurance and speed.

Some who have watched the graceful galloping phantom glide over the ground or the boards in his daily workouts this week believe he has a chance to shade the world's indoor record of 4:12, set in 1925 at Buffalo, a mark which was equalled 10 days later by Jolie Ray at New York.

Ray long since has given up the mile and Nurmi might conceivably gain as clear a title to the indoor record as he already has to the outdoor.

Nurmi at least should have no trouble in beating the best milers now extant in the United States. In 1925 he ran six one-mile races on his tour of the country and was not beaten from scratch in one of them.

GANNA WALSKA RECOVERS

SOUTHWESTERN IDAHO SPORTSMEN WILL MEET

BOISE, Dec. 19 (AP)—Sportsmen of several southwest Idaho organizations will not be hampered in their discussion of possible legislation because of the presence of state officials when they meet here next Saturday.

In announcing the program for the meeting today, Claude High, president of the Ada County Fish and Game Protective association, said state officials, including Governor Buldwin, would be invited to a conference but their presence in business meetings of the association would not be sought.

Representatives from sportsmen's organizations in six southwest counties have already been assigned to the convention and others are expected.

A proposed increase in price of hunting license, changes in the open season on pheasant and increasing the limit on ducks will be discussed. The question of whether the bear should be classed as a game animal and given protection will also be brought up. At present the bear is classed as a predatory animal with a bounty on his scalp.

BRUIN BASKETEERS WILL MEET HOLLISTER SQUAD

Hollister and Twin Falls high school basketball teams will clash in the first pre-season contest for both teams on Twin Fall high school gymnasium floor at 8 P. M. today.

The Bruins team went into its second week of practice Monday evening, meeting the cubs in a practice game.

Twin Falls high school girls' basketball team will open its season's schedule with a game at Kimberly Friday evening.

Rotary President Stresses Need of Christmas Spirit

The following brief address was delivered by Dr. Charles R. Sent, president of the Twin Falls Rotary club on the occasion of the club's last meeting prior to Christmas, Wednesday.

"This is our last meeting before Christmas of 1928. May we never forget that Christmas is observed in celebration of the birth of Jesus Christ, and because of the world-wide appreciation of the message that came with the Babe at Nazareth, 'Peace on Earth, Good Will Toward Men.' As Rotarians, we are united in forwarding that same spirit in our stress on good peace. We like to set at our idealism from many different angles of approach but fundamentally we all struggle toward higher levels.

"The best within us says, 'Get things, satisfy appetites, 'grab' the more than best, within us says, 'seek truth, and beauty, and goodness, give'; and our only occasion for self-satisfaction as citizens of the marvelous modern world lies in the gradual atrophy of 'grab' and the gradual hypertrophy of 'give.' When men meet under the banner of 'grab,' the clash of conflict is the logical result. When men meet under the banner of 'give,' mutual understanding and friendly intercourse will be the logical result.

"Bernard Shaw has said that war goes things done, that the world war alone was able to unseat the Romanoffs, and the Hohenzollerns. If we are going to get big things done without conflict we must be prepared to intelligently anticipate and bring about great inevitable reforms. Otherwise these big movements intrude themselves destructively into our lives.

"Rotary has dreamed a great dream. She dreams that in her international scope she may be a means of anticipating big movements and an instrument toward getting big things done for mankind in the spirit of 'give.' In the spirit of Christmas, we were told, just a week or so ago, that all this spirit must begin in our relations of every day as father, friend, neighbor, and competitor.

"It is my privilege and pleasure this year, as your president, to hope that you will all get the utmost out of the Christmas season by putting the utmost of the Christmas spirit into it, and that you will receive during these days that which without parallel which comes in the expressions of love from those whom you have loved and served.

Kimberly team will come to Twin Falls for a return game January 1.

COCHRAN LEADS SCHAEFER
 NEW YORK, Dec. 19 (AP)—Walker Cochran increased his lead over Jake Schaefer in their special 4800-point match at 182 halving billiards to 236 points in the fifth black this evening. Cochran won the black 400 to 309, and brought the totals to 2000 to 1764.

FIGURES SHOW BEET HARVEST FORECASTS GENERALLY CORRECT

Report of Production in Twin Falls Country Verifies Early Predictions of Government Man, Sugar Firm Announces

Final figures disclosing sugar beet yields for 1928 are now compiled and an analysis of the same show that the prediction put out by Dr. Walter Carter of the United States department of agriculture, indicating a poor beet year in the territory between Burley and Buhl, has been fully verified.

This statement was made yesterday by Warren G. Swendsen, district manager of the Amalgamated Sugar company with headquarters at Twin Falls. The statement continues: In the Twin Falls-Jerome sections comparatively small patches of beets were grown in typical or representative areas over the entire territory. The total area planted was 400 acres of which 210 acres were thinned and 170 acres harvested. The area planted but not harvested was from a commercial standpoint completely destroyed by leafhopper. Based on thinned acreage the average yield was for Twin Falls 522 and Jerome 423 tons per acre. Only two small plots made more than 12 tons per acre. In the Eden-Hazleton territory two small plots were grown at government expense in order to check the prediction in that section. Both plots were completely destroyed by leafhopper. In the Burley-Rupert-Paul territory 151 thinned acres yielded 10.4 tons per acre and based on a harvested area of 1544 acres, yields were 11.47 at Burley and 11.43 at Rupert-Paul.

Inadvertently an article appearing in The Twin Falls News, Sunday, December 16, erroneously gave these yields at 14.47 and 14.43 tons per acre respectively. An analysis of the individual growers' records discloses the following: At Burley 63 per cent of the growers made less than 12 tons per acre and thus failed to make a profit from the crop, and at Rupert 58 per cent of the growers made less than 12 tons per acre. Dr. Carter's prediction of a good beet year in 1927 was fully borne out and growers who took advantage of the same made splendid profits from the crop. It is fortunate that growers generally accepted the prediction for 1928 and thus avoided losses from leafhopper damage such as have occurred in previous bad years. Since it has been demonstrated during the season of 1928 that the prediction service rendered by the government will permit farmers to avoid the occurrence of losses avoided in previous bad years, the sugar company reiterates its confidence in the prediction and expresses confidence that growers will take the fullest advantage of good years in the future, such as 1929 now rather promises to be, and support the industry with a large acreage. The 1929 contracts now being circulated are meeting with general favor and conservative estimates indicate that 15,000 tons will be under contract by March 1.

WHEAT VALUES SWING UPWARD, CORN RISES

Better Demand From Millers and Reduced Estimates Tend to Send Quotations Higher

CHICAGO, Dec. 19 (AP)—Better demand from millers, together with reduced official estimates of the acreage and condition of winter wheat, led to material upturn in wheat values today. Friends of higher prices were quick to assert that the market had been sold to a standstill, and that an advance was overdue.

Influenced by bullish aspects of the government crop report, wheat showed an early upward trend, but for a while after the market underwent something of a setback owing to a good deal of substantial covering made on December contracts.

THE UNPARDONABLE SIN

Well Judge: I want to be divorced, though that was ere I learned to know. The trouble she could make.

I know God said: "Thou shalt not kill." But having tried it, I have formed an opinion of my own.

I took her for my lawful wife. All others to forsake; though that was ere I learned to know.

I loath to tell the awful truth. And yet it is a fact on the street; she acted vulgar on the street; I caught her in the act.

Twice then I drank my bitter cup. Down to the very dregs; to see her darned old overdoes. Go stoffin' round her less.

WHEAT VALUES SWING UPWARD; CORN RISES Better Demand From Millers and Reduced Estimates Tend to Send Quotations Higher

CHICAGO, Dec. 19.—Better demand from millers, together with reduced official estimates of the acreage and condition of winter wheat, led to material upturns in wheat values today. Friends of higher prices for wheat asserted that the market had been sold to a standstill, and that an advance was overdue.

Closing quotations on wheat were firm, 5c to 5 1/2c to 5c to 1c net high-corn 5c to 5 1/2c up, oats at a shade to 1/2c gain, and rye values were unfavorable as to the winter crop prospect, and that the quotations were from widely separated localities.

GROWERS OF BEETS ENDORSE CONTRACTS OF SUGAR COMPANY

Agreement Sets Minimum Price
at \$7.50 Per Ton; Includes
Profit Sharing Provision;
Anticipating Record Harvest

A meeting of Twin Falls County Beet Growers' association attended by about 50 growers, at Kimberly yesterday voted unanimously to accept and endorse the Amalgamated Sugar company's 1929 contract providing for minimum price of \$7.50 per ton for beets and equal share of profits on basis of sugar price and sugar content of beets.

Reports of the association's directors, representing all sections of the county, indicated general enthusiasm among farmers over sugar beet production next season and it was predicted that a record crop for the county next season might reach 100,000 tons.

Contract Benefit
Contract for next season's beet crop with the sugar company was announced in the event of an unfavorable forecast for the season based on investigation of the white fly pest conducted here by Dr. Walter Carter of the federal department of agriculture. Western residents of the last several weeks found, it is believed, to destruction of the insect nest and make for satisfactory crop production next season.

Contract Beneficial
The profit-sharing contract was pointed out at the Kimberly meeting as one of the major benefits gained for growers by cooperative dealing through the growers' association, and urgent appeal to all growers to join the association was voiced.

All of the association's officers were re-elected for the coming year, as follows:

President, Willis Sandgren, Hansen; secretary, Frank Hires, Twin Falls; directors, Peter Muller, Hansen; A. R. Scott, Hansen; Max Schmidt, Twin Falls; George H. Johnson, Twin Falls; William E. DeCloux, Elmer J. St. Daley; Elmer W. A. Garrison, Kimberly.

PEST HINDERS FULL SUGAR PRODUCTION

United States Imports 84 Per
Cent of Supply; White Fly
Menace to Beet Industry

Eighty-four per cent of the sugar consumed in the United States is imported and the greatest obstacle in the way of full production of beet sugar is insect enemies—white fly, white fly or leaf-hopper, according to W. G. Sandgren, district manager of the Amalgamated Sugar company, in an address before the Twin Falls Rotary club Wednesday.

Mr. Sandgren described the work of the two government stations of the bureau of entomology at Riverside, California, and Twin Falls, the latter being under the direction of Dr. Walter Carter. He described the progress of the pest constituted the chief menace to the beet growing industry and urged cool the importance of the research work of the two experimental stations which has now progressed to a point where a definite and accurate forecast of pest condition is possible.

The 1927 white fly record for both beet and sugar production was made in this territory. Mr. Sandgren said the field per acre averaging 18 tons, with a sugar content higher than that reached in any other beet growing region of the country.
