BOURBON BLOC WILL OPPOSE SUSPENSION OF RULES IN SENATE

Democrats Unite to Eliminate \$6,000,000 Half-Hours in Idaho Legislature; Two Republicans' Support Sought

(By The Associated Press) BOISE, Jan. 14.—There will be no more \$6,000,000 half-hours in this legislature if the Democratic bloc can gain enough Republican support to suspend the rules, it was indicated today in debate in both houses.

Senator Robinson, Republican, Washington county, brought up the question in the upper house and urged finance and appropriation committee to suspend the rules on an early date to allow all members to examine thoroughly.

He was given immediate support in his stand by Senator W. Hoesen, Democrat, Adams county, who declared some of the administration leaders "might be surprised" if committee failed to report appropriation measures in time for putting them through in the regular way which provides for reading of the bills on three different days.

Senator W. Hoesen, Democrat, floor leader, will have 12 Democratic votes and 10 Republican votes in order to prevent suspension of the rules.

Expense Bonuses. In the house the matter came up for a vote on adoption of the journal report. Representative Taylor, Republican, Kootenai county, made a request that the house attorney compile and index the session laws.

There would be no more under 12 to try petty civil cases under the bill proposed by Senator Philbrick, Power county.

Senator Philbrick said he planned to introduce a bill providing for a code commission with power not only to codify the laws of the state but also to amend them.

GOOD PERFORMANCE WITH ECONOMY

THE new Ford is more than a new automobile. It is the expression of an ideal—an ideal that looks to bringing the benefits of modern transportation to all the people.

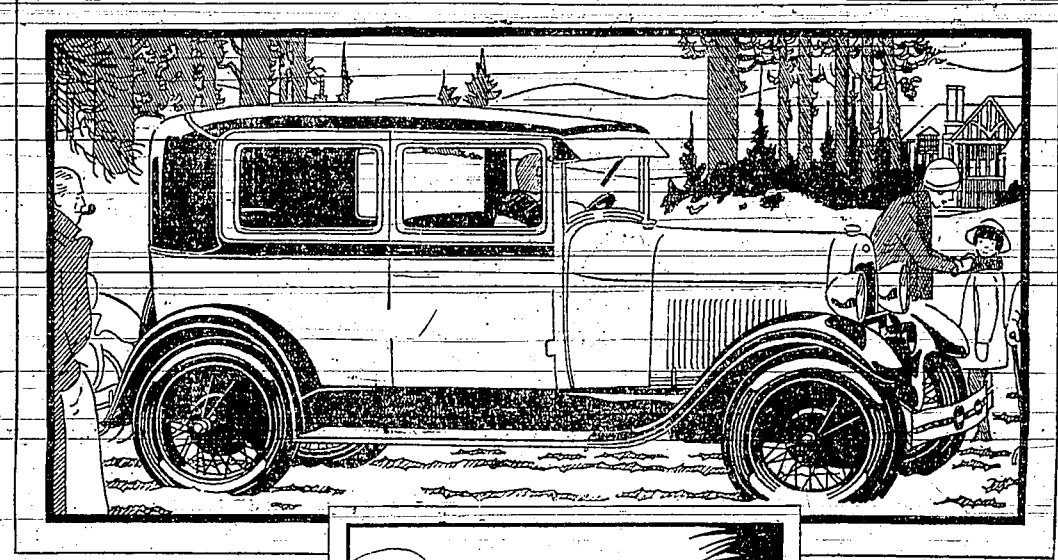

Because of this purpose, the price is low and great care has been taken to insure economy of operation and up-keep. Few features are of greater importance to millions of motorists.

Conservative figures show that the new Ford averages 20 miles per gallon of gasoline, with many Ford owners reporting greater mileage on long trips. Oil consumption is also low per hundred miles. There is a considerable saving on tires due to the balance of the car, ease of steering and perfected wheel design.

All tires used on new Ford cars and recommended for replacement are specially built by leading tire manufacturers according to specifications laid down by the Ford Motor Company. Mechanical up-keep is low because of simplicity of design and the enduring quality that has been built into every part.

Large corporations have proved Ford economy

Definite evidence of the economy of the new Ford is shown in the repeated

and growing purchases by Federal and city governments, by police departments, and by large industrial companies which keep day-by-day cost records.

The new Ford has been chosen only after exhaustive tests, covering every feature of automobile value and performance—from the time of purchase to the final trade-in. Here the Ford policy of not making yearly changes serves to protect and maintain the investment of every Ford owner. All improvements in the new Ford are made so that present owners may take advantage of them quickly and at low cost.

The economy of good service at a fair price

The availability of Ford dealers throughout the world and close factory supervision of all service are additional reasons for the economy of the new Ford.

It has always been our belief that a sale does not complete the transaction between us and the buyer but establishes a new obligation on us to see that his car gives him service. We are as much interested in his economical operation of the car as he

is in our economical manufacture of it. For that reason we have installed a system of controlled service to take care of all Ford car needs in an economical and improved manner. We wish all Ford owners to know what they are entitled to in this respect so that they may readily avail themselves of this service.

Ford service more important than sales

This service begins with proper instruction when you buy the car and includes a free inspection at 500, 1000 and 1500 miles. It continues as long as you are a Ford owner. No matter where you live or

where you go, you will never be very far from a Ford dealer who has been specially trained and equipped to give you courteous, intelligent, economical service.

The cost of new parts is low because of the established Ford policy of doing business at a small margin of profit.

The purpose of Ford Service is identical with that for which the car itself was built—to help you get many thousands of miles of pleasant, enjoyable motoring at a minimum of trouble and expense. "Good performance with economy" is the reason for the unusual value that is brought to you in the new Ford.

TWO CRIMINAL ACTIONS BEFORE DISTRICT COURT

With only two cases on the criminal calendar and a comparatively light civil calendar, the January term of district court here opened yesterday morning.

Both criminal cases, which had been continued from the preceding court term, were assigned for trial during the present term. These were the cases of Olo Bush, charged with assault with a deadly weapon, and W. Churchfield, charged with driving an automobile while intoxicated.

It was indicated that the first jury for the term would be subpoenaed in attendance on the court early next week. The remainder of the week will be given over largely to hearing of arguments on motions of demurrers in pending civil actions.

Epidemic Wanes

Public health officials now report a decline in the number of flu cases. They urge everybody, however, to keep on taking precautions against colds for fear of a second and more severe flu wave, as in 1918.

There is, besides the risk of deep chest colds, bronchitis, and pneumonia, which normally reach their peak between now and April, and which have a double danger this year with so many people in the run-down condition which follows a flu attack.

That millions throughout the country are heeding this warning is evident from the persistent call for Vicks VapoRub, the external treatment which proved so helpful in 1918.

It is the emergency night shift which were put on at the height of the epidemic, as the public continues to demand over 375,000 jars every 24 hours.—Adv.

Avoid colds or "flu" by doing two easy things

Keep your system in good condition—protect your nose and throat

There is no use worrying all winter for you will catch cold or get flu. Do the following things to protect your nose and throat.

First, keep your system in good condition, and, second, keep your nose and throat well protected. The chances are you will avoid contagion.

As a first precaution, many doctors are prescribing Nujol. It is not a laxative or cathartic but a pure, natural substance that helps your system function at all times—the way nature intended it to. Like pure water, it is non-toxic.

After that, plenty in times of epidemic, gagging by laxatives and cathartics is not advisable.

New doctors are now prescribing Nujol, as in no case does it cause constipation or weakening of the system in any way. Take it every night, and you will have a far higher chance of avoiding colds or "flu" or any illness that is going around.

As a second precaution, use Nujol, as it protects the nose and throat against the germs of influenza. Use every morning, the first thing, before you go out. Again, when you come home at night, don't be afraid to use it freely, it will do no harm.

Just tilt your head back and apply Nujol with the special dropper which comes with every package, until you feel prickling down your throat. It will clear your head wonderfully, relieve any inflammation, and will have a far higher effect on a cold or "flu" or any illness that is going around.

The combination treatment of Nujol and Nujol is a double safeguard against colds and influenza. Start with regular precaution now. Put a new jar of your mind, Nujol and Nujol are available at all drug stores.

SPEED MARKS FINAL DO-NUT HOOP SERIES

Mavericks—Trauma—Seahawks
22 to 16; Cossack Quintet
Beats Cub Squad, 21 to 14

The final round of the Twin Falls high school Do-Nut Hoop league broke into a tight action last night, the Mavericks winning over the Seahawks, 22 to 16, and the Cossacks beating the Cub Squad for a score of 21 to 14. The tournament will wrap up on the double-elimination plan by which two defeats eliminates a team. Tonight the winners of last night's games will play together in one game, the losers staging a battle between themselves to see which can exit. The Mavericks, who pounded their way out of a triple tie for fourth place in the league standing, were their game from the Seahawks to the best quarter. The first half was even, with 13 points on each team, the third quarter was close with only two points counted, and in the final quarter both teams out-lose with the Mavericks having a 7-point advantage at the end.

Brown, playing at center, was high scorer for the Mavericks with 12. Larson of the Seahawks was high scorer for the Cub Squad with 10. The lineup: MAVERICKS: SEAHAWKS: Dorr (4) forward; Cossack (2) forward; Brown (12) forward; Salmer (4) center; Dorr (4) center; Larson (10) guard; Hejman (3) guard; Russell (1) guard.

COSSACKS THROUPE CUBS
The Cossacks had to play time with the Cubs. At the half the Cossacks had a 10-point advantage. The Cubs had made many more first halves a strain of play that gave the Cossacks many chances. LUCKY STRIKE CIGARETTES

IT'S TOASTED

Reach for a Lucky instead of a sweet.

For years this has been no secret to those men who keep fit and trim. They know that Luckies steady their nerves and do not harm their physical condition. They know that Lucky Strike is the favorite cigarette of many prominent athletes, who must keep in good shape. They respect the opinions of 20,679 physicians who maintain that Luckies are less irritating to the throat than other cigarettes.

A reasonable proportion of sugar in the diet is recommended, but the authorities are overemphasizing that too many fatening sweets are harmful and that too many such are eaten by the American people. So, for moderation's sake we say: "REACH FOR A LUCKY INSTEAD OF A SWEET."

NEW OFFICIALS TAKE PLACES AT HELM OF TWIN FALLS COUNTY

W. F. Breckon, Kimberly, to Be Chairman of Commissioners; Prosecutor, Coroner and Sheriff Take First Oaths

W. F. Breckon, Kimberly, newly elected member, to be chairman of the board of Twin Falls county commissioners for the coming two years, according to choice recorded at the meeting of the board immediately after its members were sworn into office yesterday. Mr. Breckon previously has served three terms as county commissioner, having retired from that office four years ago and being re-elected last November. Other members of the board, both of whom were re-elected last November, are T. E. Moore, Filer, who served as chairman during the last biennium, and M. C. Ware, Twin Falls, who was appointed to fill a vacancy about a year ago.

Auditor-Administrators Oath. During the day, after the oath of office had been administered to members of the board of county commissioners by Harry C. Parsons, county auditor and clerk of the district court, the newly elected chairman of the board administered the oath of office to other county officials chosen by the voters at the November election.

Prosecutor's Oath. The office was subscribed to the oath of office for the first time. They were: E. V. Larson, prosecuting attorney; E. P. Frater, sheriff; and E. E. Eratic, coroner.

The oath for seven other county officials meant a continuation of the work in which they have been engaged herebefore. The re-elected officers, outside of members of the board of county commissioners, were Carl J. Jahn, treasurer; E. Claude Stewart, assessor; C. A. Bailey, probate judge; Mrs. Rose J. Wilson, county superintendent of public instruction; Harold William Merritt, county surveyor.

Approve Officers' Bonds. A number of newly elected justices of the peace also subscribed to the oath of office before the county commissioners during the day, and the commissioners were called upon to give their approval to bonds furnished by the newly elected county and precinct officers.

At Intervals during the day members of the board found time to work on the list of 200 jurors which that district court will be drawn during the coming year, and the task was completed when the day closed. Commissioners from the first and third districts contributed 60 names each to the jury list, leaving 80 to be designated by the commissioner for the more populous second district.

Consider Budget. Budget requirements for the fiscal year beginning next April were brought to the attention of all county officials, departments and institutions in notices served yesterday by the county auditor, calling upon each one to prepare on or before the second Monday of February, detailed and itemized estimates of probable revenue from sources other than taxation together with estimates of all expenditures for the ensuing fiscal year. On the basis of these estimates the county auditor will compile a tentative budget which will be submitted at a public hearing before the county commissioners prior to adoption of the budget.

Opening of the new district court term yesterday brought E. V. Larson, newly elected prosecuting attorney, into his office and into court in that capacity on the same day. The criminal calendar for the term contains only two cases requiring attention of the new prosecutor. Both had been continued from the preceding court term.

Decorative Rooms. The new prosecutor was not actually installed in his office quarters in the courthouse yesterday, because workmen occupied the whole day with their task of reconstructing the rooms and laying new linoleum on the floors. Mrs. Marian Dunn, county stenographer for three years, will continue in that position, Mr. Larson announced yesterday. He stated that he would not apply for a deputy prosecuting attorney.

In the office of sheriff, E. F. Frater the only Twin Falls county official elected on the Democratic ticket last fall, succeeds M. E. Finch during whose administration he was com-

played as deputy for nearly five years. No changes will be made immediately in the personnel of the sheriff's force. Mr. Frater stated last evening, W. S. Dotson, deputy for some years past, will be retained and Mrs. Iris Smith will continue in service as office deputy for the time being. Mr. Frater stated, Alan P. Senior, appointed deputy about a month ago to fill a vacancy, has been asked to remain this week.

Plan Vacation Trips. M. E. Finch, retiring sheriff, has announced his purpose to spend some time on a trip to California with his family to his former home in Illinois, and James L. Danney, Harrison, retiring county commissioner, has planned a trip to California with his mother, aunt and foster son.

W. W. Williams, retiring prosecuting attorney, will resume private practice in the profession, sharing office room with E. M. Wolfe and A. H. Nielson of the firm of Wolfe and Nielson, who has served for some time as deputy prosecuting attorney, will open offices in Durley.

MASONS WILL CONDUCT DISTRICT SESSION HERE

Masons of the fifth district and visiting members will greet their brethren at a district conference to be held in a district conference to be held here next Wednesday.

Conference sessions will open in the Masonic Temple at 2 P. M. and a program of musical numbers and toasts has been arranged for a banquet to be served in the Rogerson hotel at 6 P. M. Conference sessions will be resumed in the Temple at 7:30 P. M. with a special program.

Visiting officials, in addition to the grand master, will include Curtis Pike, Boise, grand secretary, and William H. Thompson, Durley, district deputy grand master.

STEPHAN ASSUMES POST AS ATTORNEY FOR HOUSE

Frank L. Stephan, Twin Falls, former attorney general for Idaho, who stepped out of office the first of last week with the inauguration of the newly elected state officials, was Saturday afternoon named attorney for the Idaho house of representatives to assist in drafting bills for the twentieth session. His salary will be \$1000.

The motion appointing Mr. Stephan was adopted by vote of 40 yeas; 20 nays. Ten were absent and not voting.

JUDGE PAROLES FORGER FROM PRISON SENTENCE

In consideration of previously good reputation, Edward G. Hober, 22, after being sentenced by Judge W. A. Babcock in district court here yesterday to serve 1 to 14-year term in the state prison for forgery of a check, was ordered to parole during good behavior. Conditions of the parole provided that Hober should support his family, maintain a fixed place of abode, secure regular employment and report regularly to the probation officer.

EDUCATORS APPROVE PLAN FOR PAYMENT OF DISTRICT'S DEBT

Program Provides for Retiring \$380,000 Bonds in Next 14 Years Without Tax Increase; Refund \$150,000 in April

Twin Falls independent school district's bonded indebtedness, totaling after this year's payments are made, approximately \$380,000, will be wiped out entirely in 14 years under provision of a financial program adopted by the board of education in regular session.

This program, it was explained, is to be carried out without increase in the present school tax levy. It provides for payments to be made on a uniform basis during the 14-year period.

In line with this program, the board last evening voted to refund \$150,000 bond issue payable next April. It will option of extending payments for 10 years. Refunding was determined upon in order to take advantage of more favorable conditions now prevailing in the bond market to reduce the interest rate from 3.5 per cent to 2.5 per cent. The time for the payment will not be extended and under the financial program adopted by the board, these bonds will be paid within the coming 10 years.

Similar course is to be pursued with respect to \$50,000 bond issue becoming payable next July. The issue to be retired within the next 10 years will be refunded at this time in order to reduce interest charges.

Two new members of the high school faculty were elected in recommendation of Superintendent W. B. Smith, Miss Dorothy Marzolis being elected teacher of dramatics and public speaking in success of Miss Helen Klump, resigned, and Miss Mary Wicklund being elected an additional instructor in mathematics to meet requirements of entrance of students coming into the high school from the eighth grade at the end of the present school year. The new members of the high school student body will be augmented by addition of about 60 new students from this source when the new semester opens.

UNIVERSITY AGENTS TO CONDUCT SCHOOLS HERE

D. L. Fourt, University of Idaho extension director, and John T. Montgomery, assistant university extension animal husbandman, will conduct dairy and swine schools in Twin Falls county next February 4 and 8. It was announced at the office of the county agent here yesterday.

Arrangements for the schools have not been completed, but it was stated, one day's sessions probably will be held in Buhl, and the other either in Kimberly or Hansen.

REPORT SHOWS PROGRESS IN AMUSEMENT COMPANY

A year of satisfactory progress for the Twin Falls Amusement company, owner of the Orpheum theater, was indicated in reports of officers and the report of the auditor at an annual meeting of the company's stockholders held here yesterday.

SMOLDERING DANGER

Looking between the lines of the abstract of the title is a danger which may be averted by insuring that can invalidate your policy no matter what you do to prevent it.

An abstract of title NEVER guarantees that your title is sure—although it may be an accurate copy of the facts that exist on official records.

You can protect your property fully only with title insurance. An Intermountain Title Insurance Policy frees you from litigation costs and indemnifies you in case of loss. One moderate premium is the only requirement.

See that all your titles are insured, for your own and your family's protection.

THE GUMPS—THE COURT JESTER

What the Gray House Hid The Mystery of a Hounded Maniac by Wyndham Murray

Who was the lady with the lovely voice? Celia asked. She knew that she had interrupted an important conversation...

CHAPTER V

During the weeks before the trial, the Gray House had been a place of no more pleasant messages or telephonic communications to disturb them...

"I want to tell you a special favor," the voice went on. "If an 'desire' is referred to in my notes, it is a desire to see you...

"Why do birds go there?" the hen asked. "I've been there for a long time and I've never seen any other birds there..."
