Committees Receive Estimates On Biennial Program in Gem State From Highway Bureau; Motorist Would Bear Burden

(By The Associated Press) BOISE, Feb. 18.—A highway program calling for spending \$2,410,000 a year for the next biennium was presented to the highway committee by the legislative advisory by the state highway bureau in reply to a request for information.

A parallel program, based on proposed increases in the gasoline tax and license fees was also presented, this latter carrying a provision for a \$300,000 market road program. Both programs called for matching federal and local funds with state money to build up a total of \$1,200,000 which the federal government would supply nearly a million dollars.

250 Miles of Oil-Road Two hundred and fifty miles of oil-road were proposed for the biennium at a cost of \$700,000, this item including both oiling and necessary reconstruction.

In a memorandum accompanying the report, the department said that if the enlarged program were adopted it would be available in the United States for the next two years.

### OREGON FIGHTER ON LEGION'S NEXT CARD

#### Del Allen, La Grande, to Take Bud Travis' Place in Ring With Buddy Washington Hero

Del Allen, La Grande, Oregon, boxer, will meet Buddy Washington, Pocatello, in the 10-round main event of the Twin Falls American Legion boxing card at 8 p. m. Wednesday evening. Washington, a former champion, is a well-known name in the boxing world. Allen holds a decision over Cortez and has been attracting considerable attention among boxing fans throughout the Northwest. He is expected to be on the road to the big time boxing performance. His fighting weight is given as 145 lbs. Allen was matched to meet the Pocatello boxer after Mr. Johnston was advised by telephone Sunday evening that Bud Travis, Spokane, had actually stated at Washington's opponent, had admitted to a minor operation in a hospital at Weiser where he has been training. The manager, quoted as having stated that Travis will be able to enter the ring again in two weeks. He is under contract with the Legion here for his next bout.

\$100,000—last session, the excess being allowed to meet a deficiency requirement. An increase of \$800,000 to the office of the adjutant general was allowed to permit the national guard to expand two more units of cavalry assigned to the state, these being allocated to Lewiston and Moscow. The banking department was allowed \$200,000 extra for an additional inspector and the "blue sky" department \$600,000 extra to widen the scope of that department. The public utilities commission was also granted \$10,000 additional to participate more widely in cases to be carried by the interstate commerce commission.

The amended bee inspection bill passed the senate and was sent to the house for concurrence in an amendment sponsored by Senator Freehafer, Payette county, who said the bill in its previous form would have worked an injustice on beekeepers who were in the habit of transporting their bees back and forth across the Idaho-Oregon line for "pasture." Failure to move seeds in compliance with regulations would be made a misdemeanor under a bill introduced in the house. Another bill provided for formation of fair boards in counties not now having county fairs.

# Crime Of Fumbling Ball On Gridiron Mere Misdemeanor

## NATIONAL FOOTBALL RULES COMMITTEE CHANGES PROVISION

### Alteration Comes After Consideration of Responsibility For Majority of Errors in Frequent Field Occurrence

(By The Associated Press) NEW YORK, Feb. 18.—The well-known crime of fumbling has been reduced from a felony to a mere misdemeanor in the statute books of football.

The national football committee announced today its adoption of a new provision of more than ordinary import which makes a fumbled ball recovered by the defensive side dead at the point of recovery.

Possession of ball under such circumstances will still be lost by the fumbling team, but gone will be the heartache of seeing an opponent ball-back on the other side.

In announcing the change the committee stated it took into consideration the fact that in the great majority of cases a fumbled ball is recovered by the team of a single player and not the fault of the team as a whole.

Exceptions to this rule will not apply in case of forward passes nor to backward passes which are intercepted before striking the ground nor will it apply to blocked kicks which will be played as heretofore.

The four-year change will be important in the future, announced as the result of a secret session of the gridiron legislators in the sealge session of Anson, New Jersey, in Friday, Saturday and Sunday, a second similarly barred the door against some of the sad consequences of a fumbled ball.

By a third rule, which came as a complete surprise to most outsiders, the position from which the try for point after touchdown is to be made was moved from the 3 to the 2 yard line in the hope that the try for the extra point may more often constitute a triple-threat play.

Deciding that restrictions upon the use of the "screened" forward pass which were adopted in 1928 were not sufficient, the committee's fourth decision amplified the rule to provide that no player of a side attempting a forward pass "who has crossed the line of scrimmage shall either before or after the pass has been made interfere with an opponent until the ball has been touched except in an actual attempt to catch the ball.

penalty shall be inflicted.

The only other legislation was adoption of a provision under which secondary schools may be permitted more liberal practices in the matter of substitutions than that allowed under the standard rules by mutual agreement of the teams.

## Idaho Cager Leads In Northern District Basketball Scoring

MOSCOW, Feb. 18 (Special to The News)—Having played but six games, Frank McMillin, Pocatello, forward on the University of Idaho basketball team, leads in individual scoring in the northern division of the Pacific Coast conference with 78 points. He has averaged 13 points for each conference game.

Except for J. L. Wolf, Washington's crack scorer, McMillin is the only one of the "select" scoring group who has not acted in eight games in which to boost his scoring total. Chinke, Montana, is scoring McMillin closely for top honors, with 70 points and J. L. Wolf has paced the 70-point mark.

In addition to leading in the coast race for individual honors, McMillin leads the total scoring for Idaho this season with 140 points in both conference and team games. Harold Stovell, McMillin's equally flashy partner at forward, has amassed 151

## RUNNER-UP HONORS GO TO CASTLEFORD AT END OF TOURNEY

### Hazelton Five Meets Defeat at Hands of West End Machine, 30 to 17, in Game Closing B Class Event at Kimberly

(Special to The News) KIMBERLY, Feb. 18.—Castleford boys closed the B class tournament at Kimberly tonight by defeating Hazelton for runner-up honors, 30 to 17.

The tournament play, in which the Kimberly boys, and the Eden girls, won the sub-district championships left Castleford and Hazelton boys tied for second place. The district tournament plan provides for the entry of both the champion and the runner-up from each sub-district, so the tie had to be played off. It was a tight game for three quarters, with the lead changing with great regularity from one to the other, the margin for the most part being just one point. At the half Hazelton led, 9 to 8; at three quarters Castleford held the front, 15 to 14. In the minute's rest Burke, Castleford's center, took a few long breaths and gained enough extra spirit to turn the next two tip offs into perfect formation plays that went through without a check.

Following this Castleford had the ball most of the time and made their victory clean cut by the score of 30 to 17. From the tournament play the officials selected the five best players of the sub-district as follows:

- Forward: Shepherd, Kimberly
- Center: W. Moore, Kimberly
- Guard: Hunt, Kimberly
- Guard: L. Saunders, Kimberly
- Forward: Edlen, Hazelton

The selection of three members of the Kimberly team, and the fine play of that team through the season and through the tournament, is a distinct tribute to the work of Earl Williams, coach, and the team's manager, Albin Normal. Star at forward, and just about his boys round basketball and brought them into excellent physical condition and complete disposition.

The B class district tournament is planned for Friday and Saturday of this week. Final selection of the place

## FIRST SUB-DISTRICT TILTS GIVE VICTORY TO PAUL AND ALBION

### Opening Battles of Class B Teams Staged on Even Terms Until Final Minutes; Declo Girls and Boys Quits Lose

(Special to The News) ALBION, Feb. 18.—The opening games of the B class teams were played here tonight, the Paul girls winning from Declo, 27 to 25, and the Albion boys winning from Declo, 30 to 29.

Both games were fast, close and hard fought. The girls game was full of brilliant rallies, with not more than four points separating them at any time. The Paul girls had just enough more strength to pull out a victory. The boys game was even closer.

with Declo holding a slight advantage up to the last minute of play. With the end in sight Albion looped the field goal that brought victory.

Tomorrow the Heyburn girls play Declo for the tournament championship, the Heyburn and Declo boys play and the winner of this game plays Albion for the championship. On Friday and Saturday of this week it is planned to hold a tournament in which the champions entering from the Albion play will contest with those from the Kimberly tournament.

## GOODING HOOPSTERS NOT OUT-OF-DISTRICT TOURNAMENT

(Special to The News) The Gooding high school basketball team, both boys and girls, may be able to resume their play and get into the district tournament. It was announced last night by U. N. Terry, principal of the Twin Falls high school and chairman of the district athletic board.

The plans of the Gooding team had been upset by sickness, but this condition is improving, and it is now hoped that by Monday it will permit a resumption of play, so that the athletes can have a few days for tournament preparation, and be present at Buhl when the fight starts February 28.

## Jerome Scout Off To Training Camp

JEROME, Feb. 18.—"Chick" Frazer, scout and trainer of the Pittsburgh Pirates, National League baseball team, left his home here Sunday for Pasa Ibaides, California, where the Pirate training camp is located. Art Frazer will be joined by Ralph (Lefty) Erickson, bulky pitcher, who has signed up with Pittsburgh.

Erickson, former University of Idaho football, basketball and baseball star, hurried for Pocatello and later Boise in the Utah-Idaho league. He has also played ball for the Anaconda, Montana, club.

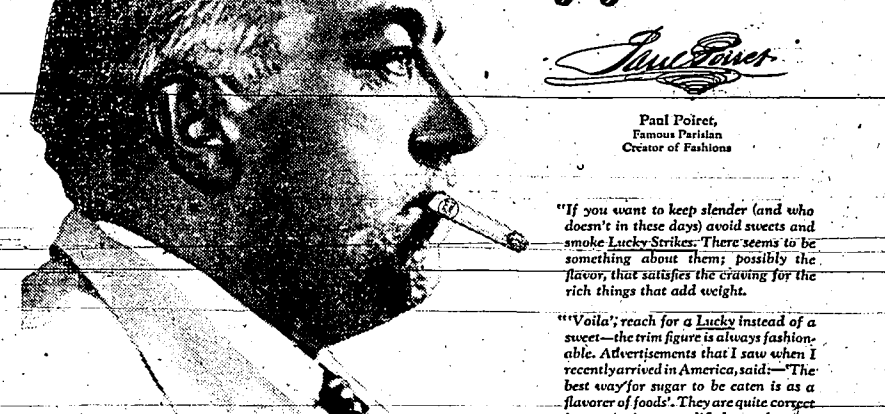

points and may overtake his mate, Captain Darwin Burnier has 82 points, 41 points for conference play and 41 points for non-conference games. Total scoring records of other Idaho players includes: Robert Drummond, guard, 42; Harold Tilgham, guard, 31; Arthur Cheyne, forward, 10; Virgil Estes, guard, 10; and Harold Carlson, guard, 17.

# "Voila! reach for a Lucky instead of a sweet -

## the trim figure is always fashionable

Paul Poiret, Famous Parisian Creator of Fashions

"If you want to keep slender (and who doesn't in these days) avoid sweets and smoke Lucky Strikes. There seems to be something about them; possibly the flavor, that satisfies the craving for the rich things that add weight.

"Voila! reach for a Lucky instead of a sweet—the trim figure is always fashionable. Advertisements that I saw when I recently arrived in America, said: 'The best way for sugar to be eaten is as a flavor of foods. They are quite correct in cautioning a modified use of sugar. Sweets to excess are bad. I advocate a few puffs of the Lucky Strike toasted flavor when sweets tempt.

"I may add that I smoke Lucky Strikes myself, and I think they have contributed much to the state of mind which has helped me to create my greatest successes.

"Lucky Strikes are certainly an inspiration!"

PAUL POIRET

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This surely confirms the public's confidence in the superiority of Lucky Strike.

Reach for a Lucky instead of a sweet.

6-REASONS-6 Why The Southern Idaho Bean Growers' Association Was Organized—

FIRST REASON—Twin Falls County Bean-Growers were not satisfied with the price they were being paid for their beans.

The difference between what they were getting and what the consumers Back-East were paying represented too wide a spread.

Hence the ASSOCIATION in which THE GROWERS have the marketing voice.

COAL DEALERS WILL MEET IN TWIN FALLS Annual Association Sessions To Be Attended By 400 Members, Chairman Announces

Annual convention of the Idaho Coal Dealers' association which will be attended by 400 dealers from all parts of the state and by speakers from Salt Lake City, San Francisco and Portland, will convene here in two-day session April 16. It was started yesterday by Claude H. Detweiler, chairman of the state board of control of the association, who returned Sunday from Boise where he attended a meeting of the board which was called to name the time and place for holding the convention.

"Isle of Lost Men" And Vaudeville at Orpheum Theatre

"Isle of Lost Men," a thrilling sea story of adventure, and a big vaudeville number constitute the program at the Orpheum theatre today. If you like a thrilling tale of romance and adventure with dark plots, hidden dangers, a beautiful heroine, a flying ship, beneath the blistering sun of the tropics, then make your plans to visit the Orpheum theatre today when "Isle of Lost Men" is the feature attraction.

"The Singing Fool" Popular Production

Manager Joe-K of the Idaho theatre says that he held out for one showing of the Al Jolson singing and talking Vitaphone picture "The Singing Fool" with all the seats reserved. The popular demand for this was so strong that after due consideration it was decided to hold what is known as a "pre-opening premier presentation" the night before the starting of the regular run of "The Singing Fool," which is advertised to begin February 22 at 1:30 P. M.

Hillman Players to Stage "The Wizard" Weird, creepy and sensational, the detective play, entitled, "The Wizard," which the Hillman Stock company will present at the Orpheum theatre next Thursday night, is one that will keep your audience guessing for two solid hours. The mystery is not solved until just a moment before the final curtain falls. Of all the mystery plays written and produced in the last few years, this is said to be the most baffling. The production is staged with special scenery throughout. From now on the Hillman Players will play at the Orpheum theatre with a new play every week. Instead of every two weeks, as has been the policy heretofore.

OKALEY ENTERTAINERS TO GIVE THREE-ACT COMEDY IN HALL AT TWIN FALLS

A Latter Day Saints' troupe from Oakley will present a three-act comedy, "The Whole-Town-Talking," at the Hillman Stock company's amusement hall here Wednesday evening. The play is directed by Mrs. Maude Clark, who has a high reputation as a director and coach. It was presented in Oakley and given in Burley some weeks ago. Several Twin Falls persons saw it in Burley and were much impressed with its humor and dramatic features that it was arranged to bring it here. The proceeds of the play go to charity. It is announced.

LACK OF \$500 IMPELS WRITING OF BAD CHECK

If he had had \$500, Armado Fuentes, Mexican, would not have attempted to forge the name of S. Sugiama, Japanese farmer, on a \$9 check here last Saturday evening. Fuentes is reported to have told Frank Pico, interpreter, in probate court here yesterday when Judge C. A. Bailey announced that Fuentes would be held under \$500 bond to the forgery charge in district court. The accused Mexican waived preliminary hearing. He was delivered to the police by J. Hughes, manager of the Twin Falls Credit association, after he was alleged to have attempted to cash the forged check at the Idaho Department store. Sugiama left here about two months ago, going to Japan on a visit.

BAD WEATHER HOISTS BREAD CEREAL VALUE

Closing Quotations on Wheat Unsettled 1 to 1-5 Cents New Higher; Corn Unsteady

CHICAGO, Feb. 18 (AP)—Right-about-face quick changes in weather, frequent alternating with thaws, made crop conditions more uncertain for today's winter wheat today, and promptly hoisted values. Much notice was also taken that wheat supplies on ocean passage showed a decided falling-off and are 724,000 bushels less than at this time last year.

Corn was firmer at times, sympathizing with wheat, but an increase of 702,000 bushels in the corn visible total tended to enlarge selling in the corn market. Oats were relatively firm, owing to lack of delayed seedling in the Southwest.

Provisions averaged lower, influenced by declines in the value of hogs.

TIMID ADVANCES ON DAY'S STOCK MART

Market Shows Extreme Nervousness During Most of Session; Business Volume Lowers

NEW YORK, Feb. 18 (AP)—The stock market resumed its advance, rather timidly today, after last week's retreat. The market showed extreme nervousness during the most of the session, and business was in reduced volume.

As an example of the erratic fluctuations of the day: Radio raised from 112 to 124, and closed to 124, up 8 points. Utilities and copper led the day's advance.

NEW YORK, Feb. 18 (AP)—Bar silver 55 1/2.

# PAYROLL REFLECTS COST OF BATTLING ICE IN CITY PIPES

Fight to Maintain Service in Municipal System Shows Up in \$725 Bill for Labor for Operations During One Week

Cost of fighting frost in Twin Falls municipal water system was reflected in a \$725 street and waterworks department payroll for the week ending Jan. 27, approved by the city council in its regular session last evening.

Warmer weather of the last few days has not relieved the burden on the frost fighting forces. Harley Bayburn, street and waterworks superintendent, stated last evening, pointing to a list of 25 reports received during the day telling of frozen meters or service pipes or household plumbing.

Higher temperature, Mr. Bayburn explains, tends to send the frost deeper into the ground, so that water pipes in many instances now are entirely surrounded by frost, so that necessity for maintaining circulation of water in the pipes is more than ever imperative.

Consults Engineer

The council on request of Ralph B. Smith, street and waterworks commissioner, referred to the city engineer for examination and report, Oregon Short Line proposals for renewal of lease to the city of a portion of the right of way for an irrigation ditch crossing Surface addition and running through the south and west quarters of the city, and also a proposal for lease to the city of a strip of territory which constitutes a part of the width of Milwaukee street, and which the Short Line claims, overlaps onto railroad right of way.

Members of the council expressed agreement with the recommendation of the police chief and J. E. White, commissioner of public safety, that the cease id operation of the Keith rooms, Main avenue east, should not be renewed for Mrs. Pauline Wagnitz who last week pleaded guilty to misdemeanor charge of liquor possession. The council received last evening the police chief's report on the raid in which the liquor was discovered.

# SUGAR BEET FIELDS WILL ESCAPE WHITE FLY PEST THIS YEAR

Report of Dr. Walter Carter, Entomologist for the Federal Government, Shows Cold Removing Most Costly Menace

That "studies on the hibernation of the leaf hopper, otherwise known as the white fly, fully support the conclusion that a year free from leaf hopper damage can be expected in 1929" and that "information accumulated to date as to sugar beet prospects for the coming year" indicates that these prospects are for an excellent beet year as far as the white fly is concerned" are statements contained in the report completed yesterday by Dr. Walter Carter, entomologist of the United States bureau of entomology, on leaf hopper or white fly conditions in Twin Falls, Jerome, Milford and Teton counties.

Dr. Carter advises early planting of sugar beets, especially along the edge of the cultivated areas, since late damage sometimes occurs in such areas even in the best years.

The report in full follows: Information accumulated to date as to sugar beet prospects for the coming season indicates that these prospects are for an excellent beet year as far as the white fly is concerned.

Populations High

Leafhopper populations last fall were high but were not as generally distributed as in the fall of 1927. This uneven distribution was in favor of the grower since these concentrations occurred at the close of the 1928 season.

A new standard for a severe winter has been set by the record of the past winter. Prior to the middle of January 1928, the weather had been so cold that enough below-zero weather had been encountered to bring the winter into the favorable class. In other words, by the middle of January the winter had entered the type of winter which previous records show is followed by a good beet year. Since that time the thermometer has been so severe that temperatures have been so severe that

# SNOW DELAYS DAILY WELLS RAIL SERVICE

New Train Schedule Will Be Placed in Operation With Removal of Latest Drifts

Daily train service will begin on the Twin Falls-Wells branch of the Oregon Short Line as soon as snow conditions will permit, it was stated by F. E. Haasch, depot agent yesterday. The snow is still drifting into cuts in such locations even in the best beet years if the beets are late or poorly cared for.

The report is strictly limited to the counties mentioned in the title and cannot take into account the climatic conditions of the coming spring and summer.

The department of agriculture is not responsible for any use made of this report in interpreting conditions outside of the limited area mentioned.

# MARRIED LIFE CHEAP FOR LOWE, WIFE COMPLAINS

A year and a half of married life has cost Clifton Lowe something less than \$10, according to suit for divorce on grounds of alleged non-support filed by Mrs. Nell Lowe in district court here. The divorce was granted in Twin Falls on July 3, 1927. In addition to the divorce, Mrs. Lowe asks to be restored to her former name of Nell Moore and see a month's alimony, besides attorney's fee and costs of the suit. The complaint was drafted and filed by O. C. Hall, Twin Falls.

# LANDOWNER DISCLOSES TROUBLES WITH TENANT

Some of the troubles that beet owners of farm land operated under lease are set forth in the complaint filed by A. Walton, Murtaugh, in a suit against Arthur Hutchinson, for re-possession of the property, appointment of a receiver, payment of \$1307.75 representing his assumed share in the possession of crops remaining unsold, and \$500 damages for alleged breach of contract.

Under terms of the lease, according to Walton's complaint, Walton was to furnish equipment and pay one-half the operating expenses and was to receive from Hutchinson one-half of the crops and livestock produced on the farm. He claims \$699.80 remaining unpaid at the close of 1927, and all of the one-half of crops remaining unsold, and \$500 damages for alleged breach of contract.

The suit was filed through O. C. Hall, attorney.

# EPISCOPALS WILL HOLD ANNUAL PARISH MEETING
