#### SUM OF \$16,506,115

Republicans' Expenditures

Total \$9,433,604; Democrats Spend \$7,152,511, Senate Committee Advises

(By The Associated Press)

WASHINGTON, Feb. 28.—The national campaign cost the two major parties \$16,506,115 exclusive of expenditures by state, county, city and precinct organizations.

The senate was given this information today by its committee on investigating expenditures in a final report which listed expenditures of \$9,433,604 in behalf of the Republican party, and \$7,152,511 for the Democrats. The committee said the responsible political organizations, and particularly the national committees, had been "grossly misled" by the federal corrupt practices act.

The investigation committee, which is headed by Senator Steiwer, Republican, Oregon, proposed several changes in the law to lighten up the regulations governing expenditures but it made no proposal for listing a minimum amount upon the national campaign expenditures.

Most of the expenses were attributed to the two national committees, the Republican committee being charged with \$4,804,817, and the Democratic committee with \$3,152,442.

Republican state committees were listed with expenditures of \$4,701,057, and the Democratic state committees with \$2,845,407.

**Democrats Borrow**

The report showed that the Democratic national committee had borrowed \$1,800,000 from four banks, and one insurance company, and secured the endorsements of John W. Rankob, chairman of the committee; and W. F. Kenney and H. L. Lennan, New York, Democratic friends of Al Smith, the Democratic presidential nominee.

Rankob, Kenney and Lennan also were the only ones listed as contributing over \$100,000 to the Democratic campaign. Rankob being credited with \$129,363; Kenney with \$107,500, and Lennan with \$105,000.

The report also showed that the total of more than \$100,000 to the Republican campaign fund—\$172,000, by E. J. Jameson.

The Anti-Saloon League campaign committee was listed as spending \$165,359 in behalf of the Republicans, while the Association Against the Prohibition Amendment was reported as spending \$483,700 for the Democrats.

Estimating the amount expended in various states for the presidential campaign, the report showed that each party spent the most in Arizona, where the Republicans reporting an outlay of \$985,000, and the Democrats \$789,000.

New Jersey got the second largest total of Hoover's drive with \$445,232, while Illinois was third with \$393,845.

The Smith organization spent their second largest amount—\$238,004 in Maryland, while the third largest figure, \$227,776, was reported for Kentucky.

### EDEN GIRL BASKETEERS ESTABLISH NEW RECORD

High School Sextet Gathers Total Score of 487 During Season; Opponents Get 107

Eden, Feb. 28 (Special to The News)—What apparently seems to be a record in basketball points made in this section of the state by any high school girls' team, has been established this season with the Eden high school girls playing the leading role. With a total of 11 games played to date the Eden girls have scored a total of 487 points to their opponents' 107. The girls won every game of the season with the exception of a pre-season game with the Burley sextet, losing this contest by a narrow margin, 20 to 23.

The list of games played and results are as follows:

Eden 23	Burley 20
Eden 38	Alummi 11
Eden 41	Heyburn 9
Eden 37	Hazelton 20
Eden 20	Hollister 7
Eden 27	Paul 24

PASO ROBLES, Calif., Feb. 28 (AP)—The main guard of the Pittsburgh Pirates, infielders and outfielders, arrived today and for the next two weeks or so this training camp will bustle with activity.

Paul and Lloyd Waner, brothers, noted outfielders, and persistent holdouts, were not included in the list. And from reports coming out of their hometown, Ada, Oklahoma, they are still firm in their demands. Club officials here refuse to talk figures for publication, but it is an open secret that in their joint strike for money, Paul is seeking \$22,000 and Lloyd \$15,000 for the season. It is understood the club is offering \$24,000 for the two of them which the boys may divide to suit themselves.

Manager Donie Bush sent the squad through two workouts today, both being features:

Cincinnati Reds Try Out Basketball-Skill

ATLANTA, Ga., Feb. 28 (AP)—The Red Legs of Cincinnati have turned to basketball as a conditioner for the long National League baseball race ahead.

An improvised court has been turned over to the Reds at their Orlando, Fla., training camp, and the team coach is through a morning session throwing a basketball at the hoops.

During the afternoon, Manager Jack Hendricks tried out several infield combinations, composed mostly of recruits.

### Coach Rich A. Fox Lacking in Experienced Battery; Jerome Youth a Veteran

MOSCOW, Feb. 28 (Special to The News)—Faced with a dearth of experienced pitchers and catchers, and a three infield gap to fill, Coach Rich A. Fox issued his initial 1934 varsity baseball call this week. The Idaho coach is confronted with the task of whipping his recruits into shape for a 20-game season beginning April 28, containing the heavy-league conference schedule Idaho has never undertaken.

Only two veteran pitchers—Everett Lawrence, Jerome, and Floren Grabner, New Plymouth—will be on the 10-man squad. Fox must have at least five capable ball-throwers on the firing end of his batteries to carry the heavy load. Whatever hopes Fox held for a veteran catcher faded with the departure of Harold Pickett, Payette, at the end of the first season.

Clive Lindsay, Jerome, and Frank Judy, Winters, California, are two likely sophomore prospects Fox has in mind for regular hurling duty this spring. Two candidates from the 1933 freshman squad have not returned to school and only a few promising yearlings will be in line this spring. Monday, Fox started working his pitchers and catchers indoors. Outdoor practice is not likely before the middle of March.

### EDEN GIRLS PREPARE TO MEET HALEY FOR TITLE

EDEN, Feb. 28 (Special to The News)—The Eden girls basketball team, winners of the championship game played at Hazelton last Saturday evening, are preparing this week to meet the Haley girls for class D honors of southern Idaho in a contest which is scheduled to take place next Friday evening at Shoshone.

The Haley girls were victorious in their respective district by defeating the Shoshone girls in a championship game played last Saturday evening at Shoshone. The contest Friday evening will determine which team will play the winner of class A tournament being held at Buhl this week. Following the Eden-Haley girls' game Friday evening the Cannon boys will play the winners of the Abion-Delta game that is to be played prior to Friday evening. Abion and Delta boys were leaders in the state district tournament held last week at Hazelton. The two teams being tied for first place, an extra game was to have been played this week to determine the winner.

The Eden girls are well prepared for the contest Friday evening and about the only thing at the moment is to dampen their spirits is the road condition from Eden to Shoshone. These are expected to clear this within the next day. Many local fans and rooters for the Eden team plan to make the trip to Shoshone.

## Leo B. Calland, University of Southern California, Becomes Football Coach at University of Idaho

### Oakley Quint And Hagerman Team Out Of Contest

Buhl, Burley, Filer and Kimberly Squads Win One Game Each in Competition On Big West End Floor

(Special to The News) BURLY, Feb. 28.—From the first day's play of the South Central District basketball tourney at the big west end floor, Leo B. Calland, University of Southern California, becomes football coach at University of Idaho.

The first round matches brought together for the next series of games against the local and local players. The first of these was made of the East End teams, Burley and Oakley. Burley had shown decided strength in the first round, and Oakley had held the strong Twin Falls team to a 10-10 tie. In the second round, Burley met a close battle, as in their game quickly showed, however, Oakley had spent so much strength against the strong Burley team in the first round, winning 27 to 19.

Seeing a game missing, Twin Falls and Buhl, winners in the first round, were in the first round, played today without their scoring ace, Lacey, and with one of their forwards, Stewart, troubled by infected knees, that take away some of his speed just when he needs it most. Because of these conditions, it was not too much to expect that the Bruins would muster their usual strength against Twin Falls, and what the early season dope promised as one of the hardest to beat of the regular season, 22 to 10. Piper and Winger for Buhl, well backed by Alexander, tried to make up by their own efforts for the loss of Lacey and Stewart's handicap, but these boys play at top speed all the time anyway, and were able to add to their best were them out, but could not bring back the team's time and precision in full season.

The Bruins went to their work in their usual business-like way, making a steady team pressure against Buhl, and forcing the play their way. They varied their attack from a timed weave in an occasional break and used their height advantage to full effect under the basket. Taylor led the Bruins in the point column with 11, with Martin right on his heels with 11. The Twin Falls team appeared to be playing well within normal speed, but they were well prepared for the later contests.

Earlier one of the class "B" teams invited to fill a vacant spot in the matches, drew Jerome as its opponent in the second game between previous winners. Jerome is going at this speed, and was too much for Kimberly, winning 21 to 13. Kimberly's boys, though, lacked enough resourcefulness to hold the standard set by Jerome. Tyler was high point man for Kimberly with 8. The Tigers from the North Side have come to the tournament in good shape, and with a strong team.

The team is fast and although the players are not as tall as some of the other teams can show, are hawks after the ball. Bird garnered 10 points for his team, shooting some nice counters. Jerome is in good shape, has not been able to make the most of his speed, a lively threat for the later matches.

Filer Wins Close Game In the last game of the day Filer and Hagerman had a very sharp contest, 19 ideas as to which should go out by the second defeat. Each had lost its first round game, and in this game they would have two. At the end of the first quarter the score had mounted to the total of Filer 9, Hagerman 9. To the amount of hard work done by both teams the scoring part was decided short. Through the second quarter the scrappers hung within a point or two of each other, but Filer had one of the better 10 to 9, when the half ended. Another sharp crop came in the second quarter, with Hagerman trying the lead of the lead at 12 to 12, and for most of the rest of the quarter the teams were either tied, or within a point of it. The boys found themselves in one of the flashes that team has shown at times in winter, and shortly before the half crossed three field goals in quick succession to win 28 to 22. It was a good close to the very best and was thoroughly enjoyed by the crowd.

Buhl Defeats Burley In the morning Buhl and Burley closed the tournament. Burley had group of big players who handle themselves capably. Buhl won, but only after a battle that lasted all the way to 20. Winger led Buhl with 10, and Ferguson had 16 for Burley. The second quarter saw Burley Twin Falls and Oakley. Oakley was determined to give the Bruins all they had that they made scoring difficult. Oakley and Burley were never far apart, and held the lead all the way. 20 large figures were required by the boys as the score beyond the 20 would be Twin Falls 23, Oakley 18. Taylor was high for the Bruins with 8, Elliott for Oakley with 8. The last game of the day, Jerome took the lead and held it all the way, but each time the Tigers got nicely out from under the margin. Christensen had 12 points chalked up opposite

his name for Jerome, and Smith of Filer, gathered in 11.

Kimberly Victorious Kimberly and Hagerman, the two added starters, had the closest contest of the first round. Hagerman got away to a lead and held it for three quarters. With most of the time gone the Kimberly boys began to find the basket, picked up the lead and at the end had 24 to Hagerman's 21. Shepard was high point man for Kimberly with 11, and W. McConnell had 10 for Hagerman.

The teams are limited to eight players each, and the policy of the coaches is to substitute and make use of all the men available so as to distribute the burden. For that reason the line up of the afternoon and evening games which make up the second round contain the names of all the players used by both teams in the earlier play, and they are not repeated.

A crowd of about 1200 watched the games, had a good time rooting for their favorites, and were quick to show approval of good work and snappy play. Tomorrow's play opens at 2:30 P. M. with Burley and Buhl on the floor. At 3:30 Kimberly tackles Filer, and Twin Falls and Jerome clash at 7:30. The girls' teams begin their play at 8:30, with Buhl and Jerome as the first contest, and then Kimberly and Twin Falls take the court at 9:30.

### All-American Guard In 1922 Will Guide Moscow's Athletes

Los Angeles Mentor, One of Outstanding Gridiron Skippers of Present Day, Will Succeed Charles Erb

(By The Associated Press) MOSCOW, Feb. 28.—Leo B. Calland, head of the department of physical education and athletics at the University of Southern California, was named head football coach at the University of Idaho today by Dr. Frederick J. Kelly, president. Calland succeeds Charles Erb, and the appointment becomes effective September 1, when Erb will leave Idaho.

Calland, who graduated from the southern institution in 1922 and has had six years coaching experience in all branches of athletics, comes to Idaho highly recommended by his associates in California and many football authorities. He played football four years at Southern California and in 1922 was picked by Coach Ingersoll as an all-American guard.

The new vanguard mentor was introduced to the Idaho student body tonight at a basketball game in which Charles Erb, who came to Idaho three years ago, resigned two months ago. Details for football training next season have not been worked out. It is probable that spring practice will be waived as it was last season.

OUTSTANDING MENTOR LOS ANGELES, Feb. 28 (AP)—Leo Calland, freshman football coach at the University of Southern California, to be University of Idaho gridiron coach, is widely regarded as the most outstanding of the younger mentors. A graduate of Southern California, Calland took over the freshman football coaching reins at the Trojan institution in 1922, and his product that year went through an undefeated season. He went to Whittier college two successful seasons, but was injured back to Southern California where he became assistant varsity gridiron mentor.

Last year he coached the Southern California varsity basketball squad to a first place in the national championship, and during the football season coached the freshman gridiron through another undefeated season. His varsity basketball team this year had a poor season, winning but two games.

ADELMAN BEATS DEANGELO ELAM, Pa.—Feb. 28 (AP)—Dave Adelman, 120, Philadelphia, outpointed Frank De Angelo, 122, Washington in an eight-round bout here tonight. Bob Shilling, 152, Germany, stopped Danny Russell, 146, St. Louis, Maryland, in the third round of an eight-round affair.

WINS CHAMPIONSHIP CHICAGO, Feb. 28 (AP)—Jane Fauntz, slender brunette from the Illinois Women's Athletic club, Chicago, tonight won the senior women's national amateur fancy low-board diving championship at the national meet here, with a point at 102.2. Georgia Callahan, Los Angeles Athletic club, was second and Rose Boeck, Cleveland, was third.

Powers (10) center W. McConnell (8)  
Harshbarger (2) guard J. McConnell (4)  
Sharp (1) guard Miller (3)

VARIED DISCUSSIONS TO OCCUPY BASEBALL FANS Possibilities for discussion of the future course of Twin Falls Baseball club, at a meeting of the stockholders held at the city evening, are almost unlimited in their variety and extent. "As owners of the Bruins' team during the seasons of 1926, 1927 and a part of 1928, the Twin Falls club was an active factor in the Utah-Idaho league. Since disbanding of the team in mid-season last year, the club here has been in a state of suspended animation, but it has preserved its identity and organization through the Edwin Scales, Emmett, forward, snatched the ball from under the Boise hoop and tossed it the full length of the floor—by a point—and win the game 19 to 17.

PARMA BEAT FILER IN SECOND FIGHT, 34 to 32, in a game of difference color. Parma had a 1-point lead at the half and started a rally near the end of the second quarter that came within a goal of tying the score.

EMMETT'S MARGIN CLOSE BOISE, Feb. 28 (AP)—Emmett, Mountain Home, Parma and Nampa stepped off into a lead in the first four games of the Southwest Idaho high school basketball tournament which began here today. The brilliant game of the four was that between Emmett and Boise, the Emmett team led until the final minute of play when Kearney, Boise forward, scored a field goal to reverse a 1-point lead and make the score, 10 to 15. But 30 seconds before the end of the game Edwin Scales, Emmett forward, snatched the ball from under the Boise hoop and tossed it the full length of the floor—by a point—and win the game 19 to 17.

PARMA LED VIRTUALLY ALL THE WAY TO DEFEAT WEILER, 22 to 16, while Nampa defeated Moritz, 32 to 26, after the unused daily town team held the Nampa Bulldogs on the low end of the score through much of the first half. Mountain Home upset earlier predictions by defeating Caldwell, 24 to 17, in the first game of the afternoon. The Caldwell team was hopelessly outscored until Arnold Branden, forward, broke away to score 8 points in the final period to make a better guarantee.

### Hornsbly and English Hold Fans' Interest

AVALON, Santa Catalina Island, Feb. 28 (AP)—The bulk of the interest in the National League, no matter which moundman he faces he swats the offerings to the far corners of the training field.

Pocatello, host team, gave an exhibition of fast basketball in defeating the Grace school, winner of last year's district meet, running up a count of 20 to 21 after both sides had had luck at the hoop after showing some fast floor work.

THE MOUNTAIN HOME FALLS contest, in which the Damers defeated Moun 20 to 20, was a somewhat slow affair, with both teams apparently off their game.

LEWISTON VICTORIOUS LEWISTON, Feb. 28 (AP)—Lewiston took the lead in the North Central Idaho interscholastic basketball tournament by defeating Kootenai, 25 to 21, here this afternoon. Craigmont was eliminated by Kootenai, 25 to 21, after a previous defeat by Lapwai, 23 to 23. Cottonwood defeated Boyll, 30 to 23, and Troy won from Kamiah, 27 to 22, on other afternoon games.

AT SANDPOINT, where the Panhandle district tournament is being held, Sandpoint defeated Wallace, 22 to 8, Donners Ferry defeated Plummer, 20 to 18, and Coeur d'Alene defeated Mullan, 45 to 13.

HELEN WILLIS TO PLAY ON COURTS IN EUROPE SAN FRANCISCO, Feb. 28 (AP)—Helen Willis, champion, and Edith Cross, third in the national ranking of women tennis players, have accepted invitations from the United States Lawn Tennis association to play team matches in Berlin and France. They also will play the French championships in May and the Wimbledon All-English championships on June 24.

### Batters Point for Legion's Next Card

Rocky Moore to Be Principal in Salt Lake City Fight Program in Interim

Rocky Moore, Twin Falls lightweight boxer, who is to be Bud Travis' opponent, in a return bout on the next Twin Falls American Legion boxing card, March 12, has been matched with Elmer Stultz, Price, Utah, in a six-round main event at Salt Lake City next Monday. It was announced here last evening.

This match was made after Rocky lost a decision to Stelm in a semi-final at Salt Lake City last Monday, and after that non-count, regarded as an over-estimation of the accuracy of popular opinion, in regard to excellence of Rocky's performance in that engagement.

In preparation for the bout at Salt Lake City, Rocky is working out each afternoon at the American Legion hall, here with Ernie Woolley, popular Twin Falls boxer, who also is to have a place on the next American Legion card.

RECOVERS FROM OPERATION In Weiler, Bud Travis is recovering rapidly following an operation for removal of an imbedded tooth, and he advised Duran Johnson, matchmaker for the Legion post, by wire yesterday that he is already in A condition and will be in "much better shape than the last time." He said he was glad to learn that the return match with Rocky had been arranged.

In their initial meeting Rocky and Bud fought 10 thrilling rounds to a draw, and the outcome of that engagement has been a matter for debate among the fight fans hereabouts ever since the event.

The Legion will find another hall in which to stage the next boxing card, it was announced last evening. Decision to take the show to another location was reached when the owner of the hall, in which the first three cards were presented, elevated the price to \$100 a night, members of the Legion's committee explained. Already, it was stated, a number of places had been offered the Legion for this purpose.

### HALLIBURTON LEADS ON ROMANTIC FLIGHT

Adventurer and Author Enthralls Twin Falls Audience With Narrations

An extraordinary sort of entertainment was brought to Twin Falls last evening by Richard Halliburton of Princeton, romantic adventurer, author and lecturer. He brought, as he said, "no uplift, and no message, no philosophy and no solution," but for two hours he did fill his audience that filled the high school auditorium last evening out of the humdrum routine of every day existence, and carried them with him on a breathless, thrilling flight to Marathon all Athens, to the historic and romantic Hellespont, to glamorous Indian capitals and over the high Himalayas to a Tibetan monastery and home of

a baby god. It was a travelogue extraordinary, simulating with flashes of wit and humor, and richly embellished with fluent word pictures that mirrored an appreciative intellect and an adventurous spirit. Mr. Halliburton was introduced very effectively by Mrs. Frankie Barnhart of Twin Falls, high school faculty. The high school orchestra played two numbers immediately preceding the introduction of the speaker. The Association of University Women is to be congratulated on bringing to Twin Falls, in Halliburton and his story, an altogether enjoyable and worth while innovation in the field of amusement here.

# Mrs. Coolidge Popular in Washington

By SUE McNAMARA  
(Associated Press Feature Writer)  
WASHINGTON, Feb. 28.—When Mrs. Calvin Coolidge clears off her dressing table and picks her personal belongings preparatory to retiring to private life one of the most popular and democratic presidents' wives in history will pass out of the White House.

In the long procession of ladies, grave and gay, witty or wistful, who have served bustling train doors on the stairs of the stately white executive mansion, none has been more affable or shown more comradely unaffectedness for the world at large than Mrs. Coolidge.

Washington, which knows her so well, is not one pace behind the feet of the country in its admiration for the former New England school teacher who by a turn of fate, was swept into the White House. If anything, Washington accords her even more credit for her graceful way in which she has met every situation.

President Coolidge, himself in discussing the need of a summer White House near Washington, where the president and his wife can go for weekends, spoke of the trying demands of the time and strength of any president's wife. Through almost six years of being constantly in the public eye, Mrs. Coolidge has never lost her gallant bearing or her vivacious smile.

Tragedy Draws Blinds  
Even when the tragedy drew close the blinds of the White House for a few days above the body of a beloved son she did not permit her grief to dim for long her responsive, gracious manner toward the public. She had a duty to perform and she carried on.

Mrs. Coolidge's cherry-red costumes which have become a part of Washington social life, her sparkling animation and the many affected little details of her kindness she has done long will be treasured in public memory. Sick children in hospitals, maimed soldiers at Walter Reed hospital, as well as princes, diplomats and senators have known that friendly smile.

Each year she has been in the White House she has had the Salvation Army distribute Christmas baskets. When the little daughter of Captain Hill in command of the army's work here, was ill in the hospital, Mrs. Coolidge went to see her. When Captain Hill, himself, was ill, flowers from the White House went to him every day. Flowers have been a part of the Coolidge code.

When an alarm pilot carrying the presidential mail from the Black Hills was injured in a crash the president, though traveling through the Yellowstone, sent a plane to the stricken aviator by plane to the stricken aviator in a Nebraska hospital.

Joy to Cameramen  
Mrs. Coolidge has been a joy to the cameramen. She has posed indefatigably and serenely, according willingly to the many demands of both male and "still" men. This incessant facing of the camera squad she has taken patiently, too, as though it were the job of being a president's wife.

She knows most of the camera men by name and sometimes greets them with a wave of the hand and a "Hello, Jimmie," or "Bill," as the case may be. She is much interested in photography and sometimes makes a suggestion for pose or action when a news reel is being made.

First Lady waved at them in such jolly fashion.  
When the president went fishing with Ed Rhodes as a guide Mrs. Coolidge sat on the porch of the plain Rhodes home and "visited" with Mrs. Rhodes. The two women spent much a pleasant hour together exchanging recipes for jam and jelly and talking about their children.

Neighbors around the Game Lodge which was the summer executive mansion, often brought gifts of fruit, flowers and vegetables to the Coolidges. They were buying the secret service men and were allowed to enter the yard when all others were barred.

Little girls with flowers, women with cake or home made preserves, men with baskets of berries or vegetables confidently approached the kitchen door and left their offerings with instructions to "give them to the folks." The president and his wife were just that to these people of the hills—the folks.

**KIMBERLY CLUB WOMEN HEAR MISS ELSIE SULT**  
KIMBERLY, Feb. 28.—Miss Elsie Sult, general secretary of the Young Women's Christian association for Southern Idaho, spoke on the Girl Reserve movement, its organization and plans for extensive activity in Kimberly, at a meeting of the Kimberly club, Wednesday afternoon at the home of Mrs. Carl Emerson. The Girl Reserve program was under the direction of Mrs. H. E. Fisher. It was announced that further plans will be presented at the Mother and Daughter banquet to be held at the Methodist church, March 9, at 10 P. M. Resolutions for the banquet may be made by calling Mrs. R. H. Denton not later than March 7.

Members of the Kimberly Bridge club and Mrs. Ernest White and Mrs. C. M. Fisher, Twin Falls, were entertained Thursday afternoon at the home of Mrs. O. L. Rosa, Mrs. White and Mrs. J. W. Miller. Entertainment consisted of a close of the games Mrs. Rosa served a two-course luncheon.

Mrs. J. Frank Henry was pleasantly surprised on her birthday anniversary when 18 of her friends arrived at her home Sunday at 10:30 A. M. and served her a wonderful lunch. Mrs. Henry was presented with an attractive party hat by Mrs. J. W. Henry. Mrs. J. W. Henry and Mrs. J. W. Henry were on a trip that will include a visit to the coast in the near future.

Mrs. J. W. Henry and her daughter, Mrs. M. A. Mac, returned home Monday from a three months visit with relatives and friends at Seattle. Mrs. J. W. Henry has been a member of the Junior and senior classes and Mrs. Marguerite Love Tuesday afternoon at 10:30 P. M. Mrs. Post, assisted by Mrs. Grootes, served refreshments.

Mrs. and Mrs. J. P. Swanson, former Kimberly residents, are moving from 1 from Wendell to Filer where Mr. Swanson has a new home and a furniture store. Bert Himler, who has been managing the store, plans on opening a restaurant and grocery store at Kimberly in the building formerly occupied by the Kimberly Hardware company.

## SNOW AIDS BEE INDUSTRY BURLEY EXPERT DECLARES

BURLEY, Feb. 28 (Special to The News)—The winter snow blanket of considerable benefit to Idaho honey producers, according to Frank Beach, Burley, president of the Idaho Beekeepers' association. The snow kept the liberating bees warm, Beach says, and insures a luxuriant growth of honey producing plants. He believes that bees are wintering well.  
A large proportion of Idaho bee men are members of the Mountain-Blaine Honey Producing association, Beach states. The association is a cooperative organization of producers in Idaho, Utah, Montana, Wyoming, Oregon, Washington, North Dakota, Idaho and Utah and are the heaviest producers in this group. Idaho alone shipping from 150 to 200 cars a year. The product is of the highest quality, a clear white almost sweet clover honey, of mild and delicate flavor and in good demand in the larger eastern cities and in Germany. It is shipped from here in large cans and is placed by the distributors in attractively labeled glass containers for the Eastern trade.

In Germany, our honey is largely used by bakers, both in honey cakes and in bread. Its use in bread not only furnishes flavor but makes the loaves keep moist and palatable for a long time.  
Honey is fast becoming a staple. Beach says, is no longer considered in the luxury class. It is being produced in larger quantities and consumption is increasing. It has high food value, and is one of the few products that are not devalitized by heat or other manufacturing process. The market for Idaho honey, he says, is now advancing, and supplies of our state will be entirely cleaned up before the new crop is harvested.

**After all, most husbands are like children**  
Many a man owes his daily success to his wife. And you, who sees that "she takes good care of herself." She wakes up, takes her enough sleep, takes enough time to eat. She acts as family physician with every meal she serves. And she is with you, Kellogg's ALL-BRAN is her trusted cereal.

For this healthful cereal has been adopted by countless women as the surest, easiest way to insure plenty of daily roughage, lacking in so many so-called cereals.  
They know how important roughage is. In safeguarding their families from constipation, they are responsible for their own happier homes.  
Constipation is the bane of thousands. It attacks heads of families. Ruins youth. Saps energy. And you, who see that "she takes good care of herself," you know it is easy to prevent. Kellogg's ALL-BRAN is guaranteed.

**Why ALL-BRAN is so effective**  
Bulk or roughage relieves constipation. ALL-BRAN furnishes bulk in generous quantity because it is 100% bran. Bulk absorbs moisture and distributes it through the digestive system. Gently distending the intestines—exercising them—

## MAINTAINING SOIL'S FERTILITY ESSENTIAL

University Announces to Farmers Preparation of Cultures For Inoculation

MOSCOW, Feb. 28 (Special to The News)—Maintaining soil fertility is as essential as guarding one's health, says the department of bacteriology of the University of Idaho in announcing to the farmers of Twin Falls county that pure cultures of nitrogen-fixing bacteria for legume inoculation are available at low cost. When a piece of land selected for a legume crop has never grown a legume before or has a history of being planted with grain that yields will be greater and final soil fertility improved more notably when the seed is inoculated with the nitrogen-fixing bacteria. Inoculation of the seed means indirect inoculation of the soil with health-giving organic nitrogen. The bacteria culture supplied by the university is especially for legumes such as clover, alfalfa, beans, peas, vetch and other commonly grown in Idaho.

The principal tuberculation season comes during the last of March and throughout April, the peak of the planting season, reports G. L. A. Tuelch, bacteriology expert for the experiment station. Last year a total of 4981 bottles of the culture were sent out to farmers throughout the state. As each bottle contains enough bacteria to inoculate the seed for three acres the 1928 volume cared for approximately 6000 acres.  
Farmers are utilizing the nitrogen-fixing bacteria more and more each year to help in building their soil. Cultures may be obtained from the bacteriology department of the university or from agricultural agents. In some places, from local concerns which are handling the cultures for the university.

## Members of Fairview Grange Hold Meeting

FAIRVIEW, Feb. 28.—The Fairview Grange met Friday night for an interesting session. The next meeting will be March when a play will be staged and a pie supper held.

## R. E. SHEPHERD SPEAKER AT BUHL CHURCH BANQUET

BUHL, Feb. 28.—R. E. Shepherd, Jr., gave the principal address of the evening at the annual Methodist Episcopal Fathers and Sons banquet in the church Tuesday evening at which places were marked at long tables for 225 guests. George Watt as toastmaster introduced the speakers. The program included: "America, Fathers and Sons," under direction of Bryan Rodgers; invocation, Rev. Charles E. Fisher, pastor of the Buhl Methodist church; saxophone numbers, Wallace Davis, accompanied by Mrs. C. R. Overbaugh; "Our Sons," W. R. Hatfield, president of the Buhl school board; "Our Fathers," in a tribute, Raymond Vollett; violin numbers, Mrs. James Divillos, accompanied by Mrs. C. R. Overbaugh; "What of Our Lads," Enoch Wall; "What of Our Dads," Harry Wade; violin and saxophone, Mrs. Dorothy Matthews; oath, pledge and flag salute by 10 boy scouts under direction of scoutmaster, Arthur Commack; benediction, Rev. E. H. Hinson, pastor of the First Methodist Episcopal church. The Buhl boys' band under direction of Joe Kudlak rendered a number of patriotic selections. Much credit is due the various society members of the church who served the dinner and the committees who assisted. D. C. Pierce, who lives southeast of Buhl left Friday evening on the ice near his home fracturing the bones in his left wrist.

The business and Professional Women met Monday evening at the home of Mrs. Garland Duncan. Plans were completed during the business session for the annual Mothers and Daughters banquet which will be held Monday evening, March 11. Miss Nefta Pond gave two vocal solos during the social hour and a group of members gave a clever "skit." The remainder of the evening was spent at cards. Hostesses were Miss E. Hinson, Miss Dorothy Matthews, Miss Ada Ryan, and Miss Rosa Shark.  
Mrs. Roy Banbury was hostess to the Buhl social club Tuesday at luncheon. Mrs. Glen Fletcher, Twin Falls, house guest in the Banbury home, was a guest. Scoring honors at cards, were won by Mrs. R. M. Hays and Mrs. George Laune. The next meeting will be March 5 with Mrs. C. H. Coleman.

## Blazer of Cattle Trail, 93 Years Old, Writes Memoirs With Aid of Young Spouse

AMARILLO, Texas, Feb. 28 (AP)—Goodnight was a blazer of the cattle trail over which cattle were driven northward from Texas after the Civil war. It was in the Palo Duro canyon in 1874. Incidentally, he is the discoverer of that canyon. Four years later the scout turned cowboy, and helped the Admirals of New York and England establish the famous JA ranch of 600,000 acres in the Palo Duro country. Later he established his own ranch, but attracted attention as a livestock breeder because of his attempt to develop a new strain of cattle by crossing buffaloes and Herefords.  
Creates Chisholm Trail  
Goodnight, John Chisholm and Oliver Loving, drove the first cattle over the dry plains to the railroads in Texas, and thereby created the Chisholm trail.  
As they rounded up a great herd of longhorns and started them toward Indian territory, many men shook their heads and said the perilous scheme would fail. But the three trail blazers succeeded, and by opening a market for cattle they saved Texas from the financial blight which afflicted other states which had depended from the union in the Civil war.

## Many Silver Fox Farms Successful Financially

WASHINGTON, Feb. 28 (AP)—Silver foxes are being raised successfully on numerous fox farms throughout the United States and Canada, and the pelts of ranch-raised foxes are being sold in increasing quantities every year. At the close of 1928 there were about 3000 such ranches in this country, approximating an investment of \$100,000.  
However, there have been numerous failures, too, from lack of sufficient

# PROSPERITY DEMANDS PROMPT COLLECTIONS DECLARES AUTHORITY

## Health of Business Depends Largely On Rapid Turnover of Money Asserts Roger W. Babson, Financial Expert

(Special to The News)  
**BABSON PARK, Fla., Feb. 28**—There is a changed mental attitude toward the payment of debts which is slowing down collections and hampering business, Roger W. Babson believes. In a statement on the matter today he says: "I have before me thousands of reports on collection conditions in 40 leading cities in the United States and Canada. In only two of those 40 cities collections are reported good. In 17 cities they are only fair, while in 21 cities they are shown as slow or poor. Moreover, reports coming to me from smaller cities and towns throughout the country show about the same unsatisfactory credit situation.

"Why is it so hard for manufacturers and merchants to collect their just dues when business is generally active, wages and employment good, and purchasing power greater than ever? This problem calls for some serious thinking.

"Changed Attitude on Debtors  
 "I believe there are several reasons for slow collections. The most fundamental of them, however, is the fundamental sense of duty and obligation toward debts which is so common today. Our forefathers regarded a just debt as something to be attended to immediately if they were to keep their self-respect and the respect of the community. Now-a-days no such attitude exists. We need to return to some of the old-fashioned ideas of the men who founded this country and built it up.

"The installment idea has been a considerable factor in changing the attitude of the public on the matter of owing money. Where it was once considered very questionable to buy things when you did not have the money to hand to pay for them it is now considered quite 'the thing to do.' This tends to break down the old prejudice against owing money, and this new attitude spreads toward all kinds of debts. A sharp distinction, however, should be made between money due on installment purchases and money due the grocer, landlord, or doctor. In the case of installment purchases the purchaser is paying interest and receives the benefit of the financing of his debt, the same as one would pay interest to his bank when receiving a loan. On the other hand, in the case of the grocer and the landlord they are financing the purchaser without any interest or recompense whatever. Installment purchasing is, therefore, on a just business basis; whereas going into debt to the grocer or landlord cannot be considered good either or good business.

"Much has been said both for and against installment sales. Personal observation convinces me that installment selling is here to stay. We must not, therefore, abuse the advantages which it offers by thinking that we can pay all our bills—the grocer, landlord, and doctor—by the deferred payment plan.

"Rapid Money Turnover  
 "This matter of slow collections is a vital one to the continuation of general business prosperity, entirely aside from the losses and inconveniences which it causes individual business men. The only way to keep business good is to keep money circulating rapidly. It is not so much the amount of money in the country that helps business, it is the speed of turnover. The great difference between good and dull business conditions is the rate at which money changes hands. One dollar spent

Lower left: Pitcher Percy Malone cracking one out under the practice cage. Lower right: Charles Root, pitcher, shows Harold Carlson that nothing is wrong with his legs.

### Chicago Cubs Training at Catalina Island

"twice develops the same amount of business as two dollars spent once.

"Apparently, however, neither the public nor the business men realize that fact. The prevailing idea seems to be to hold on to your cash balance and let the bill go. I am not speaking of any particular locality or any particular line of business. If the habit of slow payment existed only in one section the fact would not be so serious as to future business conditions; but it is the general condition.

"Prompt Collections Important  
 "We are in a period of stiff money rates. The federal reserve's recent warning against loaning for speculation was based on fear that the high rates, if they continue, may seriously hamper business and industrial activity. Reduction of the amount of money employed in the stock market would ease the situation, to be sure. Few of us realize, however, that slow collections have a similar effect to the stock market in reducing the workable supply of money for business. When collections slow down 25 per cent that is exactly the same as sending one-quarter of the money out of the country. On the other hand, if checks were mailed this week for even 20 per cent of the unpaid bills over 10 days old, that would be equivalent to increasing the amount of workable money for business purposes at least \$1,000,000,000. Therefore, if we want to keep business in a healthy, strong condition we must each individually do what we can to keep money circulating; and the best way to do that is to pay all bills promptly.

"Bad Debt Losses Harmful  
 "There is, of course, a vast difference between slow collections and bad debts. The majority of the accounts now past due are good for payment sooner or later. However, the losses suffered from really bad debts are altogether too large. Careless credit

granting is responsible for many of them. In the present mad rush for larger volume of sales, credit safeguards are often ignored. The result is that losses averaging over \$2,000,000 every working day are experienced by manufacturers and merchants in the United States.

"Credit losses in the last 10 years have totaled around \$4,700,000,000. Losses from bad debts are twice as great as the total fire losses in this country. Moreover, the fire loss figures include all kinds of property, and not only business property. The policy of making sales at any cost is swelling business failure records.

"The time to push collections is now when conditions are generally prosperous and wages are high. We have had different weeks set apart for various good causes such as Fire Prevention week, Safety week, etc. I think it would be a fine thing if we could have a Pay Your Bills week. If properly advertised and put over it would prove a tremendous help to business.

"Business by the Barometer is now 7 per cent above normal compared with 3 per cent above normal this time last year.

**Announcing Substantial Reductions in the prices of the DODGE BROTHERS SENIOR**

WHEN THE NEW Dodge Brothers Six was announced, at the beginning of the new year, at prices so low as to overshadow any previous Dodge Brothers accomplishment, its universal public acceptance marked a new peak of popularity even for Dodge Brothers cars.

Public recognition was quickly translated into an unprecedented sales volume with an attendant increase in manufacturing efficiency and economy which now favorably affects its companion car—the Dodge Brothers Senior—and permits substantial reductions in the prices of all Dodge Brothers Senior models.

The new lower prices at which the Dodge Brothers Senior henceforth will be sold are directly traceable to the established Chrysler policy of giving the public immediate benefit of every economy due to more efficient manufacturing methods, lower overhead costs and savings effected by the great unified purchasing power of Chrysler Motors.

Not only are these savings now passed on to the public in the form of much lower prices of all Dodge Brothers Senior models, but the cars themselves have been made still better.

Examine the Dodge Brothers Senior in your most critical mood—Scrutinize each small detail. Be most exacting in your inspection. For once you have subjected the Chrysler-built Dodge Brothers Senior to your most diligent and careful inspection you are certain to realize that never before has a car so large, so handsome and so fine been available at so low a price.

**HANSEN SCHOOL FACULTY TO STAGE BRIGHT COMEDY**

HANSEN, Feb. 28—The faculty of the Hansen school announce that they will present a play at the high school auditorium on March 18 at 8 P. M. The play title is to be "Hot Steamboats."

On March 29, "Spring Glow," a play, will be given by the student body of the grade school. The high school will give a musical comedy on April 12 entitled, "Salior Mads;" and on May 3 the senior class will present the class play, "The Arrival of Kelly."

The final results of the last six weeks' school shows the following to have made credits which place their names on the honor roll: first grade—Paul Clonin, Kenneth McFarland, Mary Ellen Wood, and Lola Edwards; second grade—Pawm McFarland, Geneva Demington, and Morris Bennett; third grade—Juanita Franklin, Bert Bennett, and Betty Jo Chastain; fourth grade—Irene Scott, Ruth Bennett, Bill Kerr, and Thelma Taylor; fifth grade—Charlotte Babcock, Beulah Smith, and Ross Trunkley; sixth grade—Loe Froelich, and Edith Garsden; seventh grade—Margaret Klingman, Martha Froelich, Bill Wiseman, Irene Schaeffer, and Helen Frahm; eighth grade—John Bennett, Bob Durr, Mary Kaye Grant, Reynolds, and Norvell Reynolds.

In the high school the following made the honor roll: Leonard Ball, Grace Eneager, Mildred Egan, Philip Winfield Hicks, Lucille Hall, Tom Kendall, Clarence LaCourse, Fern McFarland, Rosina McCollum, Victor Mal, Virginia Lester, Mary Kaye Grant, Ruben Wiseman, and Leone Walker.

The snowfall that came to this vicinity last Monday again blocked the north and south highways and for several days very few could get through. The school wagons made their routes as usual with great difficulty.

Carriers could not fully complete their routes. Since that time however a great deal has been melted and blown away in some cases until soon a passage could be made again in all directions from here. Yesterday great difficulty was experienced in traveling the highway from the Cox farm up where the highway turns south. Many gave up the attempt and returned to their starting places to the west. A high wind Tuesday afternoon melted the snow and made many places bare enough to see the ground beneath.

What might be termed the forerunner of the coming motion picture was "On Trial," Elmer Elice's remarkable stage play, which first brought together the audible dialogue of the stage and the technique of the motion picture screen. When it was given its first production in 1914, the event was acclaimed as a revolutionary event in the history of the stage, introducing, as it did, the familiar "cut-back" of the screen. It was a revolution in the entertainment which was later to greet the advent of the talking picture, the play was an instantaneous success, running for a solid year in New York with Mary Ryan in the principal role.

When Warner Brothers decided to make "On Trial," as a Vitaphone production, they selected the glamorous Pauline Frederick for the leading feminine part, heading a remarkable all-star cast which also included Bert Lytell, Lois Wilson, Holmes Herbert, Jason Robards, Richard Tucker, Johnny Arthur, Vendell Darr, Edmund Breese, Edward Martin, Francis Fox, and Franklin Pangborn. Archie L. Mayo directed, and the screen adaptation of the famous Rice play was made by Robert Lord.

"On Trial," Warner Brothers latest all-talking picture, comes to the Idaho Theatre Sunday next for a run of three days.

Footprints to Satan," First National mystery film now at the Orpheum theatre, is decidedly timely.

No one knows just why or where the present craze for the weird and mysterious, started. But today, the stages and screens are crowded with such plays and films and the bookshelves are loaded with volumes, magazines and even technical notes on crime, criminals, detectives, disembodied spirits and everything of that ilk.

"Secret Footprints to Satan" is a straight mystery play but exceptionally fascinating, and by its very fantasy holds the interest and attention throughout. From the moment Eve and Jim, sweethearts, are kidnapped and taken to the house of Satan, until the time they escape after the wildest experiences that ever befell two human beings, there is no let up in the excitement.

Craigton Hale and Thelma Todd are in the leading roles. Sheldon Lewis, William V. Mong, Jojn, Laska Winter, DeWitt Jennings, Kalla Baha and others appear in the massive cast. Benjamin Christensen, the Danish director and Wild Cummings, who produced the film, are both ardent mystery fans. They worked assiduously over the script which was prepared by Richard Bee from the novel by A. Merritt.

**Student From Twin Falls Active at Utah College**

LOGAN, Feb. 28 (Special to The News)—George Cleveland, Twin Falls, a sophomore student at the Utah agricultural college is working several hours daily in the department of dairying at the institution. He expects to register for the spring quarter which begins Monday, March 3. Cleveland is registered in the school of agriculture with a major in animal husbandry and a minor in veterinary science. **DECLAMATORY CONTEST TO BE STAGED AT EDEN**

EDEN, Feb. 28—Arrangements have been made for the holding of the sub-district declamatory contest here the evening of March 1. Participation in this contest will be applicants from the Hazelton and Eden high schools. The elimination contests have been held in each school during the past week and preparation for the sub-district contest is now being made by the winners. Willard Lattimer will represent Eden in the oratorical division, Meric Bodenhamer, the dramatic, and Weldon Little, the humorous.

Although bad roads prevented many people from attending the debate, dinner given here Tuesday evening by the Eden organization of Old Reserves, the affair proved to be a financial success as well as a social one. The girls realized a net profit of almost \$30. The amount will be used to help defray the expenses of the organization during the coming year. During the dinner hour a program of orchestra music by the Eden high school orchestra, readings by Leon Craig, Thelma Lattimer, Meric Bodenhamer, and a playlet by five girl members, was much enjoyed. Mrs. Ava Barnes favored the guests with two vocal numbers.

All north and south roads are again blocked with snow that fell Saturday and Sunday. All day Sunday the wind whipped the snow into the deep cuts, through drifts in the north and south roads and this resulted in the roads being blocked to auto traffic. Again Monday evening, the wind resumed its activities and this community experienced one of the worst storms of the winter. Many school children from the town were compelled to remain in country over night. Many trucks were stalled in drifts during the day and little headway has been made since to open up the roads.

MOUNTAIN VIEW, Feb. 28—Unsettled weather Monday brought snow which gathered in large drifts, blocking roads in many places. Motorists experienced considerable difficulty in driving to Hollister.

Mrs. Ross Dodd Huggan, Enclewood, California, sister of Mrs. Frank Caudle, is reported to be recovering from pneumonia. Mrs. Caudle is visiting here at the present time.

Victor Nelson who was ill with influenza last week has recovered. George Voss is recovering from an attack of influenza.

Mrs. W. Z. Irons is suffering an attack of tonsillitis.

Mr. and Mrs. Frank Toy are leaving soon for Kansas City following their sale of cattle and furniture which will be held Thursday. They have sold their farm at Eden.

Mrs. Ira Mallory is recovering rapidly following her recent operation at the Twin Falls County General Hospital.

Mr. and Mrs. P. F. Bauer and son Willis from Curry were guests at the E. E. Bauer home Sunday. Mrs. T. M. Knight

was a guest at the Bauer home Monday. Mr. and Mrs. Don Stafford were guests at the home of Mr. and Mrs. J. H. Olson, Sunday.

Mr. and Mrs. Carl Nelson and family were Sunday visitors at the N. V. Nelson home.

Mrs. Florence Field celebrated her birthday as a party Sunday. Those present were J. W. Moore and the James Field families.

**"NUISANCE" TRADERS**

NEW YORK (AP)—Several of the leading Stock Exchange houses have finally taken decisive action to protect themselves from the "nuisance" trader—that is, the clerk, stenographer or bookbinder with \$20 or \$100 who has hopes of making himself rich in the stock market. It requires about as much clerical work to transact an order for one share of stock as it does for 100 shares. Commission houses say they have been losing money steadily on small orders that their forces have been overburdened trying to handle them. Several are therefore making a minimum charge of \$5 for transacting any order.

THE GUMPS—I GUESS EVERYTHING IS GOING TO BE ALL RIGHT NOW

The Treasure of the Bucoleon

By Arthur D. Howden Smith

The big room was a maze of shadows. Stable lanterns, flickering in the drafts, hung from hooks in walls and pillars. Toutou stayed his flight by the door to the courtyard, one ear inclined to the sound of shots and another that trembled the rear of the storm. As he burst in he raised a pistol and sprayed us with bullets as rapidly as he could pull the trigger. But he had the knife-bullets "phibited" all around us, yet none of us was hit.

She broke off the engagement she gave me the ring back. NO! SHE BROKE OFF THE ENGAGEMENT SHE GAVE ME THE RING BACK. OH NOW FOOLISH— SHE'S DONE NOTHING BUT LOOK AROUND THE HOUSE SINCE YOU LEFT— THE POOR GIRL IS IN THERE TRYING HER EYES OUT NOW— SHE'S HIGH STRUNG— THAT'S ALL— NOW GO RIGHT IN AND TALK TO HER. OH SUCH NONSENSE— WALK RIGHT IN— KISS AND MAKE UP— BUT SHE DOESN'T LOVE ME.

Suddenly, I sensed that our opponents were bracing for a combined effort. There was a rapid-fire exchange of exclamations as the thieves' French and Tziganes dialect they used for confidential communication. I heard an empty cartridge clip jingle on the floor. But the shifting of light and sound, it was impossible now to tell our men from the pillars. I stuck my head around a pillar, crouched and slipped back. Then, while I was unprotected, the rust came.

### RAVIOLI MAKER OWNS FAMOUS ART WORKS

#### Luigi Gorziglia Dines Daily in Room With 20 Old Pictures of Greatest Masters

By CHARLES R. SMITH  
(Chief of Foreign Service, Associated Press)

BUENOS AIRES, Feb. 29 — Raphael's masterpieces and the works of Rubens—Andreas del Sarto, Murillo, Guido Reni, Cimabue and other immortal painters, may seem out of place in a ravioli factory, which also serves as a residence for a humble Italian family.

native country again before she dies and we cannot make the trip unless I sell my pictures," the Italian explained. "The pictures are too expensive for South American buyers. I should like to sell them all to some museum in the United States where they would be kept together. They have been in our family for generations. We love them, but they are too valuable to be kept in a private home. They should be restored and in some great gallery where they will not be lost to the world."

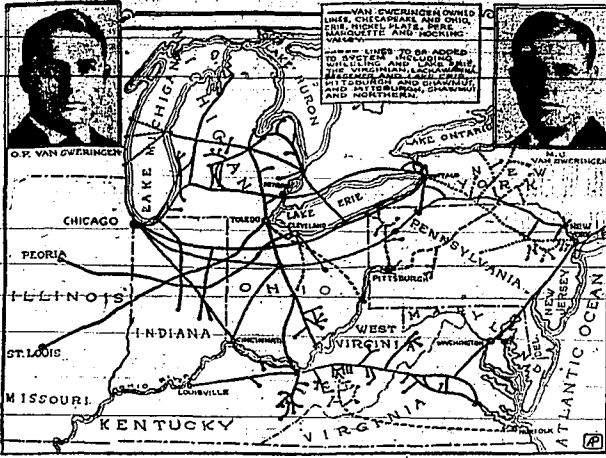

Antiquity the pictures certainly have. Some of them have unquestionable beauty. Others have aged so badly that only the work of expert restorers would make it possible for anyone but an art critic to recognize their merit.

The largest canvas in the collection is about six feet long and four feet wide. "The Day of Judgement," by Simon Giorgio, the best, this is the work of Raphael, one of the master's works which critics have re-estimated, as—last—A smaller canvas, "The Virgin Mother and the Child Jesus," is also attributed to Raphael by the owner, who says he is supported in this position by Genoa art experts. The larger so-called Raphael canvas, although in bad repair, bears some resemblance of Raphael's "Transfiguration" in the Vatican. Signor Gorziglia is able to detect Raphael's self-portrait in the picture.

#### Murillo Painting

A small and well-preserved canvas, attributed to Murillo, is attributed to Murillo by the owner. It is about three feet long and two feet six inches in width. The Magdalen,

### Lines in Van Sweringen Consolidation Plan

It is attributed to Correggio. This picture is very dark and badly aged. One of the most beautiful canvases in the collection is a small study, "St. Catherine of Genoa," a portrait of Catherine Fieschi-Adorno, attributed to the painter, G. B. Carbone, is excellently preserved.

## No So-Called "Sales", But Equal Treatment Every Day

We never hold so-called "sales" of any kind nor do we name comparative prices.

We always sell our goods at the lowest possible price consistent with prevailing market conditions.

When we mark down some article of merchandise to its replacement value, the former price is forgotten.

It is obvious enough that we never mark UP a price!

Our aim is to serve well all the time with fair, equal treatment alike to everybody.
