HIGHWAYS IMPROVE RAPIDLY FOLLOWING BLOCKADE BY SNOW
Drifts Fewer in Number But Worse Than During Previous Storms; Wells Trains Resume Schedules

Road conditions were bad in all directions following the storm of Sunday and Monday, but improved rapidly Tuesday. According to J. D. Sherna, engineer for the Twin Falls highway district, the drifts seemed to be worse this morning than any of the drifts during the more protracted previous storms, but not so bad on the average. The high winds may have blown away some spots. The district highway crew opened the road south yesterday as far as the Mountain View schoolhouse. The road to Burley was declared open last evening. For a distance of two miles near Burley it is necessary to make a detour but this stretch of road will be opened this morning, it is stated. The worst piece of road on the state highway was the north and south route measured by the government near Murtaugh. It was necessary in some cases for the workers to shove snow to help the big tractors to progress. The state highway crew expects to start on the line to Rogerson today.

Roads Open Westward
 Roads are open west and the Boise district start this morning. Farmers are busy on several roads. The highway running past the sugar field was cleared by men to a point beyond the factory yesterday. The train on the Twin Falls-Wells branch, which went south Saturday morning, due to return at 4:40 P. M. Monday, arrived Tuesday at 3 P. M. following the rotary plow and engine which had cleared the road. No trouble was experienced on the return. The train, which left for the south Monday at 5 o'clock following the rotary plow, returned at 4:40 P. M. yesterday on schedule time. The crew in charge of the rotary said that the serious drifts were not in the same places as during the previous storm. The only very serious drift was the side of Hillside where a cut was filled to an extent unequalled this winter and required a great deal of work to get through. There was another, though not nearly so bad 10 miles south of Rogerson, after which the road was fully clear as far as Sumnerfield, 30 miles side of Wells, where, however, the trouble was not very serious. Westbound trains were about half an hour late yesterday.

Hoover Sets Forth Policy On Leasing Federal Oil Lands

 a contract for the purchase of the government royalty oil from these fields and it was the renewal of this contract by Secretary Work a year ago that led to a department of justice investigation and the cancelling of the entire contract. President Harding, soon after taking office, issued an executive order transferring the naval oil reserves from the navy to the interior department and Albert B. Fall, the then interior secretary, issued orders transferring the Elk Hills, California, naval field going to Edward L. Doheny. The leases were investigated by the senate and the supreme court later held them made under circumstances involving fraud and corruption, and ordered them cancelled and the property returned to the government together with the value of all oil which had been extracted under their terms.

 taken Negro in the name of the federal government. The numerous forces, reported as numbering about 1200 Yanqui and Mayo Indians, had been despatched from here by General Manjar, who was sending them eastward into Chihuahua to reinforce the revolutionary army about Torreon, Coahuila. Instead General Olachea, in Naco, had set the rebel garrison and seized the town in the name of President Porfirio Gil.

Announcement of an intended attack upon Nogales subsequently was made by General Olachea, who declared the federal forces of General Abelardo Rodriguez, governor of Lower California, would aid him with an aerial attack.

General Francisco Borquez, Sonora revolutionary leader, who at Agua Prieta today was the man who was reported to have turned back the unaffiliated troops. Two other battalions were halted at Del Rio, on the railroad between Nogales and Naco. Both groups of rebel soldiers were declared being held in readiness to combat any attempt of General Olachea to lead his federals in an attack upon Nogales.

After placing the Agua Prieta troops in position to keep Olachea bottled up in Naco, General Borquez was reported by his headquarters here to have left Agua Prieta by motor, en route to Nogales to confer with General Manjar.

Rain Delays Work Of Teams In South

ATLANTA, Ga., March 12 (AP)—Rain, the bugaboo of many a major league manager with his squad in spring training, made its appearance in widely scattered sections today to interrupt the season's opening of players preparatory to the annual roster trimming.

The Chicago White Sox, however, were not to be kept inactive because of rain at Dallas, Texas. Lena Blackburne took his squad into a gymnasium for a workout.

Shunshine replaced rain at San Antonio and John McGraw and his full squad of Giants were out for an afternoon workout with Eddie Houch, outfielder, and Bill Terry, first baseman, in uniform for the first time.

The St. Louis Browns were out for a short workout at West Palm Beach, Florida, despite a drizzling rain.

Howard Gillette, Twin Falls, will be the third man in the race for both the main gun and the semi-final bout, and Sam Hughes, Twin Falls, will be referee for the battle royal and preliminary. Judges will be F. E. Rogers and G. A. Bailey, with a third yet to be selected. James Neale, Boise, and J. L. Hodkinson will be timekeepers, and Earl Munyon will be the announcer.

Sponsors of the card last evening regretted their warning against smoking in the hall until all bouts have been finished, and called attention to penalty that may be imposed by the state athletic commission for disregard of this order.

Battlers Bent On Winning Match On Legion Fight Card

Determination, Marks Attitude and Works of Moore and Bud Travis, Principals in Headline Event

Neither Rocky Moore nor Bud Travis, in their return bout on the American Legion boxing card at Pleasure rink here this evening, will meet defeat because of lack of determination to extend himself to the utmost to win.
 Consistent training activities on the part of the two battlers in preparation for this match afforded an even more dependable assurance of this determination than did their attitude and words on the eve of combat.

Moore and Travis battled to a draw in their first meeting. Each one now declares that his condition has improved materially since that time.

Starting his training when he arrived here yesterday from his training camp in Boise, limited his remarks to a reiteration of his training activities during the past week with Ed Smith, trainer, Johnson and Amnon Foster. He indicated readiness to leave the apron of this evening's contest to the pugilist and the crowd.

May Best Man Win
 "May the best man win," was Rocky Moore's declaration last evening. "This boy," he said, "is a tough kid, but he is vicious and determined. He is not what you would call fast and clever, but he is a good fighter and he's hard. He outweighs me a few pounds, and, take it all in all, he is nobody's setup."
 "I assure to beat him, but I expect a battle."

One Armed Battle Royal
 Bob Consland Jimmy White will put on the preliminary bout, and a one armed battle royal with eight participants, which will be refereed by Earl Munyon.

Howard Gillette, Twin Falls, will be the third man in the race for both the main gun and the semi-final bout, and Sam Hughes, Twin Falls, will be referee for the battle royal and preliminary. Judges will be F. E. Rogers and G. A. Bailey, with a third yet to be selected.

THE PUBLIC HEALTH

Twin Falls county, in dealing with a persistent and baffling epidemic during the past few months, has reason for gratitude to a County Board of Health which has been constantly on the alert for the public health.

In conformity with what appears to be the modern practice in dealing with the malady, the general quarantine was abandoned in early stages of the epidemic here, and a policy of quarantine for patients and persons known to have come in contact with the disease was adopted and has been adhered to rigidly.

During this time, hundreds of bacteriological tests have been made to determine whether persons who had been exposed had been actually infected by the disease germs.

As the United States is an friendly terms with the Mexican government it is to be expected that no change will be made in the existing rule, which permits troops to enter the country but denies them to others.

COUNTY HEALTH UNIT PLAIN WINNS APPROVAL

Commissioners Express Favorable Opinion of System Foundation Proposes

Plans for a full time health unit for Twin Falls county were outlined at a meeting of the board of county commissioners yesterday by Dr. P. W. Covington.

Members of the board expressed themselves as enthusiastically in favor of the plan and declared that if the people generally could hear it outlined by Dr. Covington, and could realize the benefits which he pointed out would flow from his proposal they felt convinced that the people would also take a favorable view of it.

The plan suggested involves the furnishing of the sum of \$5000 by the county government, the state and the Foundation, to be met by a similar appropriation from the county.

Sanitary inspection, conferences and special service for families occupy much of the work of the unit, many of the employees of the unit are devoted to rural districts.

No final agreement was reached and the meeting adjourned in time for Dr. Covington to leave for Salt Lake City.

OPPORTUNITY KNOCKS MORE THAN ONCE AT EVERYONE'S DOOR

No age limit on success if you keep fit

PEOPLE used to think that if you hadn't made your mark by the time you were 40, you never would. But that's all back. People are living longer and longer. There's a man who will tell you he was past 50 when he made his first big success. His experience is an amazing thing like this: "I'd been going through life, always just missing out on everything. Worked like a dog, too. But never seemed to get anywhere. It was a doctor who got me wise to move. I'd let me to blame it on luck. That the trouble was with me - right inside myself. He recommended Nujol. I took it for several days. Never made a day. And, say, I began to feel like a younger brother myself. Decided there was life in the old dog yet. When my big success came I was already, was in a grab it. And I did. Nujol keeps your body functioning just as Nature meant it to, under all conditions. Contains no drugs or medicines. Just a pure substance that works normally and naturally. It not only keeps an excess of body poisons from forming (we all have them) but aids in their removal. These poisons have you up mentally and physically, dull your whole outlook on life, make you half-hearted. Buy a bottle of Nujol today. Perfected by the Nujol Laboratories, 2 Park Ave., New York. In sealed packages only. Your druggist carries it.

LIBRARY CIRCULATION SHOWS GOOD INCREASE

Registration of library patrons under the new system is progressing rapidly, according to the February report of the librarian, Miss Jessie Fraser, made public today. The circulation for the month, the report shows was 8118 volumes, a daily average of 267. The circulation was 100 greater than in February 1928, although last year was leap year and was one day longer. After giving the figures on circulation, the report says: "Of the adult non-fiction, plays and poetry had the highest circulation, with books on biography next. The registration was begun the second week of this month and by the end of the month, over 2500 names had re-registered and new borrowers cards made. The new cards for adults are merely identification cards to be carried in the purse. The children's cards are the same as for adults and are to be filed at the library when not in use. Richard Halliburton's books, "The Royal Road to Romance" and "The Glorious Adventure," did not need the advent of the author to increase their popularity, though naturally so. "Strange Interlude," by Eugene O'Neill, is much read, though the author has a new play, "The Iceman," which is being shown in the east. The biography of Napoleon, and also that of Bismark, are being constantly read. Other biographies of "Hitler" and "Benito Mussolini," Lindbergh's "We," Vandercook's "Black Majesty," The New Library Club book is biography, a life of Herman Melville, American author, known for his sea stories, such as "Typee," and "Moby Dick." Among the most popular books of fiction are S. Van Dune's mystery stories. Some of the more serious books of fiction are "Peter Victorinus," by Roling, "Old Pybus," by Deving, and the "New Temple," by Dolfer.

Girl at Dixon Narrowly Escapes Watery Death

DIXON, March 12—Clinging to ice formed at the edge of the cañon into which she fell while playing on the grounds of the Seventh Day Adventist school here last week, George Freeman, six-year-old daughter of Mr. and Mrs. George Freeman, was finally rescued by Harry Freeman, an uncle. One of the school children, seeing the girl fall between the boards placed on top of the cañon, summoned aid. The girl, however, managed to keep her head above the water by grasping the ridge of ice until her uncle arrived. She suffered no ill effects from the fall and exposure. It was stated. Enthusiasm over the proposed new power line into the Dixon district was displayed at a meeting of the parent-teacher association Monday night. In addition to brief addresses on the matter of having an electric line, enter-

WINTER'S COLD WEATHER DAMAGES MINIDOKA DAM

BURLEY, March 12 (Special to The News)—With the disappearance of ice from Snake river, it has been found that last winter's freezing weather has done serious damage to the concrete dam and spillway walls of the Minidoka dam was found to have developed a rupture across the spillway. The danger is threatened, as the concrete can be readily repaired, and some slight damage to the spillway bays is also of minor importance. The waters of Lake Walcott are being lowered and repair work will be started at once. Five piles under the Acquia bridge across Snake river were also found to have been cut through by floating ice. It has not been deemed necessary to close the structure to traffic and repair work will begin as soon as a pile-driver can be assembled. The Acquia bridge is the uppermost crossing serving both the city of Burley and the Minidoka dam. It has been reported to the other four bridges.

BURLEY, March 12 (Special to The News)—D. E. Warren, 4-H club specialist for the south central Idaho district, announced that considerable interest has already been shown in club work in this district. He says that steps are being taken to organize a county association of club leaders in Lincoln county, where there are now eight 4-H clubs. They propose to make up a county program, which will include field days, picnics, county tours and exhibits. As a result of a \$75 prize offered by the Amalgamated Sugar company in Minidoka, Cassia and Twin Falls counties, a number of 4-H sugar beet clubs will be formed in these counties composed of boys who will enter contests for the awards. One such club has already been started in Cassia county.

Burley Students Earn Free Mail Plane Rides

BURLEY, March 12 (Special to The News)—With a view of encouraging greater use of the air mail, an air mail stamp selling contest is being conducted by school pupils. George D. Elrod, National Airways representative, has offered free trips from Pocatello to Salt Lake City and return, with the mail pilots, to winners in the stamp selling contest. Elrod is offering air trips to school children at other cities on the Minidoka-Buhl branch, and it is said the offers are being accepted. Arches Hurt? Phone 846. Dr. Foster, adv.

burles with dams having records of not less than 500 pounds fat, and with sirea from record families. It was believed that such bulls could be purchased for \$400 or less.

H. A. Matheson, agent in charge with the United States bureau of dairy industry, was present at both meetings and assisted in the organization. Final meetings will be held in about a week, when arrangements for the purchase of bulls will be made. Bankers and leading farmers unite in saying that the forming of these associations is one of the biggest steps forward that could be taken to aid the farming industry in Cassia county.

WANTED FOR CASH 10,000 ACRES Of Sugar Beets at \$7.50 per ton, guaranteed minimum, with the straight 50-50 profit-sharing provisions in the contract. It only requires a seventy-five per cent harvested stand of two pound Beets to make twenty tons per acre. \$85.50 per acre pays for seed, ALL hand labor, including the topping and LOADING of a twenty ton crop. 1929 is sure to be a good Beet year. Can you afford to miss an opportunity for REAL PROFIT in a CASH CROP? It is NOT necessary to plant Beets on alfalfa or one year from alfalfa land. All of Southern Idaho's fertile lands respond very readily to intensive farming methods, which invariably proves to be an economical essential. Any REASONABLY GOOD land, properly prepared, will produce, with average care, a PROFITABLE crop of Beets, with a substantial and timely return on your investment. We earnestly solicit the support and co-operation of the Twin Falls County FARMERS, LAND OWNERS and CITIZENS in making this the BANNER BEET YEAR and securing for the territory a two and one-half million dollar beet and labor payroll coincident with a factory operation. NOT ALL BEETS: All we ask is a chance at a conservative part of your business. Call your fieldman or Phone No. 4 We will gladly look-over your land and will NOT advise you wrong. DISTRICT ELECTORS VOTE SEVEN MILLS LEVY FOR SCHOOLS

Ballot Divides 79 to 35 For Extra Tax to Maintain System On Present Basis For Coming Year

Twin Falls school district electors at an election yesterday at which only 111 ballots were cast, voted to authorize levying of a seven mill tax for maintenance and operation of twin falls public schools next year.

The total vote was 79 for the tax and 35 against it.

A simple majority was required for authorization of the tax.

Weather conditions and snow blockade of roads were believed to have been responsible in a measure for the small vote poll.

Voting places were open from 1 P. M. to 4:30 P. M. in the Beld and Washington schools.

At the Bickel school 69 votes were cast, 47 for the tax and 22 against it.

At the Washington school 45 votes were cast, 32 for the tax and 13 against it.

A similar tax has been authorized each year for six years past, since the state legislature transferred responsibility for making of the levy from the state board of education to vote of the school districts' electors.

The seven mills levy is expected to raise approximately \$58,000, which is approximately one-third the estimated total amount necessary for operation and maintenance of the schools next year on the present basis.

BURGLARY SUSPECT DECLARES HE WILL ESTABLISH CLAIMS

H. E. Peterson, Accused of Felony in Connection With Dynamiting of Depot Safe, Formally Denies all Guilt

Holgar E. Peterson, accused of first degree burglary in connection with burgle and dynamiting of a safe at the Oregon State building here on the night of last January 24, told Judge C. A. Bailey at his preliminary hearing in probate court yesterday that he could furnish proof that he had not been in Twin Falls on the night of the burglary.

Peterson's statement, however, did not convince the magistrate of his innocence, and he was held to answer to the burglary charge in the district court. Peterson was not represented by counsel. He was admitted to \$500 bond, which was not furnished.

R. E. Leighton, Twin Falls police chief, and R. H. Wagner, Oregon Short Line ticket agent, were called as witnesses for the state. Wagner identified a gun that had been buried in Peterson's possession in Luley as the one that had been taken from the depot here on the night of the burglary.

Busy Day in Court

Hearing in Peterson's case was one of five hearings in criminal cases which occupied the attention of the probate court here yesterday.

On arraignment on a charge of forging a \$20 check to defraud C. A. Boss, Amsterdam, Jackson Wilson, arrested by the sheriff's force, Monday evening pleaded not guilty, and preliminary hearing was set to be held at 10 A. M. next Friday. Bond in the sum of \$500 was not furnished.

Alfonso E. Ramirez, Kimberly, Mexican, found guilty on a petty larceny charge of theft of sheep pelts taken from a slaughter house in Rock creek canyon near Twin Falls, was sentenced to pay \$25 fine and costs, with the provision that fine and costs should be served in jail at the rate of \$2 a day if not paid in cash. Ramirez was released for two days to raise the money and to get Jim White, Joperson, colored, pleaded not guilty on arraignment on a misdemeanor charge of illegal possession of a gun. Trial was set for next Thursday and \$250 bond was required.

Jess Wilson pleaded not guilty to charge of contributing to the delinquency of a minor and trial was set for next Friday. Bond in the sum of \$200 was not furnished. The complaint was signed by W. J. Young, probation officer.

Railroads Unite on Plan To Build 200-Mile Link

Two great transcontinental railroads, the Great Northern Railway and The Western Pacific Railroad company, have joined forces to carry through a project to provide a line of railroad which will close the 200-mile gap between the southern Oregon terminus of the Great Northern at Klamath Falls and the main line at the Oregon-California at Paxton or Kettle, California.

The railroads have applied to the Interstate-Commerce Commission at Washington, for a certificate of public convenience and necessity which must be obtained before construction of the connecting line may be begun.

MISS MAXWELL WILL RESIGN POST HERE

Twin Falls County General Hospital Superintendent to Leave Institution

Mrs. Georgia Maxwell, who has twice been employed superintendent of Twin Falls county general hospital, has submitted her resignation, effective April 1, to the board of county commissioners.

Members of the board stated last evening that Miss Maxwell's successor has not yet been named.

Miss Maxwell first served as superintendent of the hospital here for three years from 1919 to 1922. She resigned to become chief anesthetist for the Presbyterian hospital, Philadelphia, and left that position two years ago to return to the Twin Falls hospital.

TRIBUTE IMPRESSIVE AT BERT W. MAGEL FUNERAL

One of the most impressive tributes to be paid to the memory of a Twin Falls citizen marked funeral services yesterday afternoon for the late Bert W. Magel, whose death occurred last Sunday following an operation. Fraternal associates joined with friends and neighbors in paying their last respects and in expression of sympathy with the bereaved family.

Services were held at the family residence, and were in charge of Rev. Cecil F. Ristow of the Methodist Episcopal church. A quartet composed of A. D. Bellamy, L. L. Patrick, Kenneth Henderson and R. E. Muser, sang "Rock of Ages," with accompaniment at the piano by Mrs. Edgardene Jackson.

Pallbearers who were members of the Elk lodge, with which Mr. Magel had been actively identified for many years, were J. Paul Johnson, Harry Bennett, R. C. Leitch, Fred Fisher, Jr., Lester F. Mose and W. B. Wall. Interment was in Twin Falls cemetery.

LIQUOR TRIAL FIRST ON COURT CALENDAR

Judge W. A. Babcock Calls For Jury to Begin Work of Tribunal's March Term

The first jury of the March term of district court will be impaneled next Monday in trial of the case of Alfred Cottrell, held to answer to a felony charge of illegal possession of liquor after prior conviction. Cottrell entered his plea of "not guilty" to the charge yesterday, and Judge W. A. Babcock thereafter issued an order for drawing of names of 20 jurors to be in attendance on the court next Monday. Cottrell is the only case yet set for trial at the current court term.

The prosecuting attorney's information accusing three Maxwell, Elmer, on felony charge of illegal possession of liquor will be amended to include references to only one prior conviction of violation of the liquor laws, according to ruling made by Judge Babcock yesterday on Maxwell's demurrer to the information. The information originally included reference to two prior convictions, and this Maxwell's attorney argued, was unnecessary and prejudicial to Maxwell's case.
