WATER RECEDING IN INUNDATED REGIONS OF STATES IN SOUTH

Day Brings Much Improvement, Conditions Assume More Critical Aspects in Two Districts of Floods

(By The Associated Press) ATLANTA, Ga., March 18.—Receding waters today improved conditions rapidly in most of the flood swept regions of the South in which the known death list stood at 20 and property damage at several millions of dollars.

Two principal exceptions were noted. One was in the lower reaches of the Flint and Georgia rivers in northern Florida, where the Flint and Chattahoochee rivers join to form the Apalachicola.

The other was along the Alabama river east and south of Montgomery, Alabama. There a new flood menace of such proportions was reported to Governor Bibb Graves that he personally inspected the area by airplane.

Rehabilitation Progresses. Work was under way on the Alabama river east and south of Montgomery, Alabama. There a new flood menace of such proportions was reported to Governor Bibb Graves that he personally inspected the area by airplane.

REASON FOR AERIAL DISASTER UNKNOWN

Pilot of Machine Responsible For 14 Deaths Competent, Officials Declare

NEWARK, N. J., March 18 (AP)—Officials of the Colonial Airways, operators of the plane which carried 14 persons to their death on a pleasure flight from Newark airport today expressed conviction of the competence of the pilot and in the fitness of the plane before it left the field.

They were called to confer with Mayor Jerome T. Connelley, in an effort to fix responsibility for the crash.

W. E. Rowland, chief of operation of the Colonial Airways system, said that the pilot was an exceptionally competent flyer with 2500 hours of flying in his credit.

Rowland revealed that the tri-motor Ford monoplane had been officially inspected by the department of commerce inspectors once since the ship was licensed for transport service last November. The plane has been regularly inspected by the department of commerce representatives a day or two before the crash, he added, and had been inspected once or twice daily by company mechanics.

Rowland also submitted figures to show that the plane had not been overloaded. The plane was gassed and oiled and made seven flights yesterday before it crashed. There had never been any serious engine trouble on the wrecked plane, Rowland said.

Rowland would offer no theory for the cause of the crash. "We are hoping the pilot survives," he said. "He then may be able to recall what happened."

GOVERNOR BALDRIDGE VETOES BILL RAISING SALARIES OF JUDGES

Proposed Increase Awaits Change in Judicial Machinery or Greater Population in Gem State

(By The Associated Press) BOISE, March 18.—Governor H. C. Baldridge today vetoed the bill increasing salaries of judges of the supreme court and district courts, declaring that "until Idaho enjoys a substantial increase in population and wealth the proposed increase in salaries would not be justified."

At the same time, he vetoed the arbitration bill and a bill defining bond elections in irrigation districts.

In vetoing the salary bill, he gave the same reason that he advanced in vetoing a similar bill presented to him by the 1917 legislature. In today's message, however, he suggested that it was possible that "certain changes might be made in our courts which would result in sufficient savings to allow a reasonable increase in salaries without adding to the present costs."

Points to Average Cost. He pointed out that the average cost per judge in the district court was \$12,000 per biennium.

"It is the opinion of many members of the bar and other citizens that at least four district judges could be eliminated without impairing the efficiency of the district courts," he said. "Such a change, if authorized by legislative enactment, would effect a saving of \$25,254 and would permit of the increase in salaries proposed by this bill without increasing the cost to the taxpayers."

Forewarned Failure. In connection with the arbitration measure he said he believed it would be "forewarned failure."

Female Population of Gem State Increasing. BOISE, March 18 (AP)—A marked increase in the female population of the state, compared with the male, resulted from the combination of births and deaths during February, figures on vital statistics today.

There were 702 births, of which 327 were male and 375 were female. In comparison with this there were 347 deaths, of which 187 were male and 160 female.

Included among the deaths were two suicides, one by poisoning, one by bullet. Three from automobile accidents and four from gun accidents.

DENVER MEETING ON RECLAMATION ENDS

Completion of \$15,000,000 Program in Beehive State Seems Practically Assured

DENVER, March 18 (AP)—The reclamation conference here participated in by representatives of various Western groups, closed this afternoon after several days of discussion.

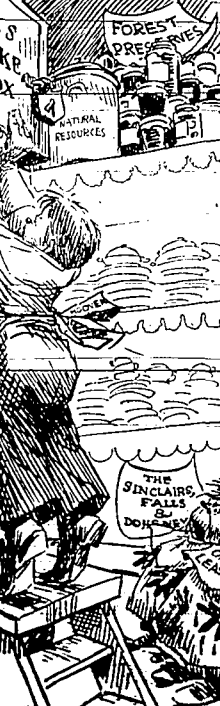

The completion of the 10-year program of reclamation work in Utah at a total estimated cost of about \$15,000,000 was practically assured today by Dr. Edward Mead, head of the reclamation bureau, in a conference with R. E. Lyman, Salt Lake City, one of 12 apostles of the Mormon church, who came to Denver to visit the conference.

Reservoir Nears Completion. The Echo reservoir is now nearing completion at a cost of \$3,000,000 and three other projects are under consideration. The department has not yet decided which project shall be undertaken first but there is every assurance that the full program for Utah will be carried to completion in the next five years.

ADDITIONAL TROOPS OF AMERICAN ARMY MOVING TO BORDER

Orders Presumably Given in Attempt to Stem Possible Wholesale Tide of Rebel Entry Into Country

(By The Associated Press) WASHINGTON, March 18.—Movement of more American troops to the Mexican border was in progress today presumably to stem a possible wholesale tide of rebel entry into this country.

Major General William Lassiter, commander of the Eighth army corps area at San Antonio, ordered a platoon of cavalry from Fort Bliss, El Paso, to Culbinder, New Mexico, and directed Brigadier General George Van H. Mosley, Jr., commander of Fort Bliss, to investigate conditions at Columbus.

Secretary Good said that the orders had been issued to border troops except that nothing should be done by the army to give cause for apprehension by residential there.

Obstacles Arise. While the state department believes in the Pan-American treaty which, if in effect, would permit this government to detain rebels coming across the border, certain obstacles seem likely to arise because of the absence in international or American law of any provision to hold individuals merely because they are rebelling against a constituted government.

The presumption, however, is that immigration officials will be instructed to employ all provisions of the immigration laws in an effort to keep the rebels in Mexico.

An examination of army records disclosed there are about 1000 American troops and 500 officers in posts directly on the border while at stations within a comparatively short distance.

GEM STATE AND UTAH MAY ENTER POTATO INSTITUTE

DAHO FALLS, March 18 (AP)—Plans to draw Idaho, Utah and the other western states into the National Potato Institute were discussed at a conference today between C. J. Carlson, president of the Idaho Falls Chamber of Commerce, and W. L. Harvey, Denver, contract man for the institute.

Efforts are being made by the institute to unite potato growers to curtail over-production, Mr. Harvey said. Greater efficiency in hauling and marketing is the aim of the institute, Mr. Harvey declared, and that with the inauguration of President Hoover the day for the farmers is rapidly approaching.

SOUTHERNERS CALL ON HERBERT HOOVER

Temperance Forces of Nation Rallying Unitedly to Support of Program

WASHINGTON, March 18 (AP)—Assurances that the temperance forces of the nation are rallying unitedly to the support of his plans for law enforcement and suggestions for meeting the agricultural problem as it affects the cotton crop, were given President Hoover today by two callers from the Southern states.

From Arthur J. Barton, Atlanta, chairman of the commission on social service of the Southern Baptist convention, president of the national conference of organizations supporting the Eighteenth amendment, Mr. Hoover received suggestions for meeting the "broad, sane position" on law enforcement.

The president said he is taking his time in the sections of the commission for a study of law enforcement and court procedure.

General Edwin Matteson, vice president of the National Farm Board, secretary of war in the Wilson cabinet, was advanced today for a place on the commission by Senator Oscar W. Underwood, Ohio, during a conversation with press correspondents.

Discusses Farm Relief. The subject of farm relief was brought up by Joseph C. Thompson, St. Paul, president of the National Cotton Association, and the American Cotton Association. He told Mr. Hoover he hoped the farm measures to be worked out at the special session of congress would encourage the establishment of stabilization corporations for handling the seasonal surplus cotton crops, backed by cooperative marketing organizations throughout the South.

Plan to entitle loans from federal treasury to cotton planters on crops held in storage by the stabilization corporation, with the whole structure supervised and backed by a federal farm board. Mrs. Ruth Bryan Owen, the daughter of the late William Jennings Bryan, today paid her visit to the White House as Democratic representative from Florida.

During the day the chief executive accepted an invitation to deliver a Memorial Day address at St. Paul.

Farm Bill's Basis Known. WASHINGTON, March 18 (AP)—Secretary Hyde said today that the fundamental features of the farm relief bill to be presented at the special session of congress had been worked out but that he saw no reason to believe that President Hoover sends his message to congress.

Mr. Hyde has been in consultation daily with farm leaders of congress.

Hoover May Give Address. WASHINGTON, March 18 (AP)—President Hoover is expected today to deliver an address at a conference of 21 organizations representing agriculture and allied industries to be held in Chicago tomorrow.

The invitation was extended by a delegation of the American Farm Bureau Federation to the National Livestock Producers' association.

Lamar Robbery Suspects Put Under Heavy Guard. KANSAS CITY, March 18 (AP)—A gang of 12 men was thrown about Kansas City by Sheriff Clinton and Ell P. Macoe, alleged robbers of the Lamar, Colorado, bank, today. When it became known they had offered a \$500000 bounty at the Wyandotte county jail, Kansas City, Kansas, \$100 to smuggle out of the city.

INSURGENTS ABANDON LAST STRONGHOLD IN CENTER OF UPSISING

Government Sees Beginning of End of Revolt, Governor of Durango, in Mountains, Flees for Life

(By The Associated Press) MEXICO CITY, March 18.—The federal government tonight saw the beginning of the end of the revolution in the abandonment by the strongest insurgent army in the field of the city of Torreon, their last remaining foothold in Central Mexico.

Direct reports to the government from the Torreon sector were limited to the information that the rebels began evacuation at daylight and that federal troops were expected to occupy the city late in the day.

Mexico City newspapers said that General Juan Guaberto Amaya, who was the governor of the state of Durango, and was driven from the city that night by General Calles, was fleeing for his life in the mountains of northern Durango. He was said to be accompanied by a score of followers and to be hotly pursued by federal scouting parties.

Mexico City during the 15 days that the rebellion has been in progress has known and seen less of the movement than many cities of the United States. The local newspapers have printed only the federal official communiques where American newspapers have had reports from correspondents at the front, displaced from the border and new from rebel sources.

Reaction from the revolt has come chiefly in the form of extreme business depression.

BOMBED FROM AIR. JUAREZ, Chihuahua, March 18 (AP)—Bombing of the air and the steady machine-like advance of columns under General P. Elias Calles, rebel leader, toward the rebel stronghold at Torreon, Chihuahua, today, through the desolate mountains of the state.

Abandoning the city at dawn when federal cavalry men proceeded toward the city center, a rebel force composed had terrorized the populace, General Gonzalo Escobar the rebel commander-in-chief retired a few hours later with his command at Torreon, Chihuahua, the far southeastern corner of Chihuahua state.

The northward flight of the insurgents tonight had brought the force of rebellious army approximately 150 miles south of the American boundary.

The government has expressed belief that General Escobar's army would proceed further northward to Chihuahua City.

General Escobar maintained his headquarters tonight had brought the force of rebellious army approximately 150 miles south of the American boundary.

MURDER VERDICT IN ZITON CITY INQUEST

Representative of Mayor Bowman Speeding to Los Angeles to Hear Witness

SALT LAKE City, March 18 (AP)—A coroner's inquest today brought a verdict that Max M. Beaver, Salt Lake City treasurer, was murdered. Beaver was found dead in the apartment of J. F. Colrin, city dog tax collector, soon after a shortage in the treasurer's office had been revealed by auditors.

The verdict indicated that his afternoon had that Beaver met death "by a person or persons unknown."

When the decision of the jurors, who resumed their deliberations this afternoon after a recess, was brought in, Judge Neph Jensen declared that the nature of the verdict made it necessary to bring the case to court.

After a conference with County Attorney John D. Rice, the judge read the verdict.

While the inquest was in progress today an emissary of Mayor John F. Bowman was speeding to Los Angeles in an airplane to interview a witness whom the mayor expected to throw some light on the shortage in the treasurer's office. Bowman refused to reveal the name of the witness who would testify.

The witness, said to be former city official, is reported to have quoted Beaver as saying: "If I don't make so much to me, but it may be someone else."

Earl J. Wixson, secretary to the mayor, was sent to Los Angeles when Beaver was received in Salt Lake City by the mayor's office in which the witness told of the inquest. The witness also said "any informant." Mayor Bowman said, "I'll take by letter that Beaver called on him last fall in Los Angeles and suggested that he should be interviewed."

It was being noted to secure a general picture of the city treasurer's activities.

Four days before his death, the witness said, he had advised Beaver to keep the south and try to keep his hands

# Pocatello Defeats Coeur d'Alene, 23 to 14, to Win State Title

## Gate City Quintet Triumphs In Hard Test of Endurance

First Quarter Ends With Score Tied at 5 to 5; Half 9 to 8; Third Quarter 16 to 11 for Victors

(By The Associated Press) MOSCOW, March 18.—Pocatello high school was crowned champion of Idaho interscholastic basketball by its spectacular rise in the last two days of the 1929 title tournament here. Defeated on the first day of the tournament last Thursday by Coeur d'Alene, the Gate City five came through to the finals on victories over Boise, Redburg and Moscow and Saturday night trampled the hitherto untrammelled Coeur d'Alene quintet in what was to be the tourney.

Pocatello's victory was not without a delayed final clash ended for Pocatello, 23 to 14.

Test of Endurance. It was a brilliant rally and test of endurance. The Vikings played toe-to-toe with the new champions as tonight's game opened. Then they weakened. Pocatello guarded close and the Northern squad hardly got a shot within the foul line.

Mcomber, Pocatello's star center, tallied eight tonight with 10, while Carlson topped the Viking hoop ringers with six.

The game was rough throughout and fouls frequent. Christopherson, Daley went out on personals.

Approximately 3000 saw tonight's game. Pocatello improved as the battle progressed. The first quarter ended in a 5-5 tie—the half, 6-6. In the second quarter at the end of the third quarter Gate City had 16 to 11. Pocatello superbly guarded Coeur d'Alene's few shots coming beyond the foul ring.

Governor Baldrige Vetoes Bill Raising Salaries of Judges (Continued From Page One)

"I am to accomplish the purposes for which it was drafted, and on the other hand, in a great majority of cases, would work to the advantage of those who are already skilled in drawing contracts, and who are in position to take every advantage arising therefrom."

The bill was introduced by Senator Thomas H. DeLoach, Adams county. Among bills introduced by the governor was one authorizing sale of \$1,000,000 in tax anticipation notes to be applied to the state highway fund to allow that department to get work underway on the roads as early as the season will permit.

He also alienated the barber and cosmetician bills, the bill creating an insurance code commission, and a bill providing that the assessor shall collect the personal property tax.

MEMBERS of the Pocatello high school champion hoop squad are as follows: (1) Emerson McOmber, (2) Vernon McGaugh, (3) Robert Letz, (4) George Rice, (5) Golden Ahlstrom, (6) Calvin McComber, (7) Hugh Daley, (8) William Thomas, (9) Afton Barrett.

## Coaches Name Best Hoopsters of Idaho

Paul Taylor, Twin Falls, on Second Squad; Martin Gets Honorable Mention

MOSCOW, March 18 (AP)—Pocatello and Coeur d'Alene high schools were each given two and Moscow high school was given one member on the all-state interscholastic basketball team. It was announced at the close of the championship contest here tonight.

The second team is composed of two Pocatello players and one each from Boise, Twin Falls and Moscow.

The first team includes: Phil Peterson, Coeur d'Alene, and Ernest Nelson, Moscow; forward, Emerson McComber, Pocatello, center; Phillip Rebersdorf, Coeur d'Alene, and Gus Ahlstrom, Pocatello, guards.

The second team lineup is: William Thomas, Pocatello, and Paul Taylor, Twin Falls, forwards; Bob Boughton, Coeur d'Alene, center; William Westman, Boise, and George Wilson, Moscow, guards.

Honorable mention was given Conley Watts, Madison; Afton Barrett, Pocatello; Hollis Martin, Twin Falls; Kenneth Jiggars, Lewiston; Lee Fyrell, Moscow; Frank Post, Boise; Arroy Christopherson, Coeur d'Alene, and Daniel Sladen, Salmon.

Peteron, Coeur d'Alene, captain, was adjudged the best all-around forward of the tourney, with 34 points to his credit, garnered in four games up to the finals. Tall and fast, Peteron was the star of the Lake city five. He was placed second among all-stars last season.

Nelson, Moscow captain, placed on this third successive star quintet this year. He is small but fast and quick, being pilot and accurate under the net. Rebersdorf was the outstanding guard of the tourney.

## Buhl Girls Receive Wichita Invitation

Committee Works On Plan to Finance Indians' Trip to National Tournament

Buhl, March 18 (Special to The News)—Buhl Indian Maidens, high school girls basketball team, won the Idaho championship and their ninety-first victory over a five-year period at the state tournament here last Saturday, have been invited to enter the national girls' tournament at Wichita, Kansas, again this year.

A committee of Buhl citizens is working on a plan to finance the trip.

During the last five years the Buhl Indians have played 33 games, losing one and tying one. The single defeat was in the national tournament at Wichita in 1927, to Cottrill, Kansas, runner-up of the tournament.

The record of the Buhl co-eds includes five consecutive state championships and three Northwest titles. The Buhl coach, Henry W. Barry, believes their record to be unequalled by any other girls' team in the United States.

Ferocious of the team has changed several times during the last five years and there are no individual stars, but the team has been a smooth working machine-like combination that has scored an average of 4 points to opponents'. The largest score made in any game was 102 to opponents' 2.

At an assembly to be held in the high school auditorium Wednesday at 2 P. M., moving pictures of game in Idaho will be presented by the state game department. It was learned at the school in a message from E. E. Thomas, state game warden, yesterday. All persons interested are invited to attend.

## The Weather

FORECAST FOR TODAY - Fair; freezing temperatures at night. FELONY LIQUOR CHARGE AGAINST BRADLEY FAILS

Evidence in the case of John Bradley, charged last November on felony charge of liquor possession, was heard through issuance of an illegal search warrant, according to a statement of E. V. Larson, prosecuting attorney, who filed a lawsuit of action for dismissal of the charge, which was granted by Judge W. A. Haddock in district court here yesterday.

The prosecuting attorney gave it his opinion that issuance of the search warrant would not stand the test of judicial scrutiny in the light of recent court decisions, and stated that it would be easier to attempt prosecution in the future.

"I reach for a Lucky instead of a sweet"

"Whirling along the ground at 231 miles per hour to a new world's record was a thrilling experience. It was speed in breath-taking fashion. When I finally brought 'The Golden Arrow' to the nerve let-down was terrific. But out came my pack of Lucky Strike and I soon was smoking in complete happiness. After the strain of my ride the toasted fragrance of Luckies was like a tonic. I reach for a Lucky instead of a sweet. I want to keep trim and fit. I want to feel the glow of pep and health at all times—the thought of excess weight really frightens me. I welcome a Lucky instead of sweets and things that would make me soft."

H. O. D. SEGRAVE, Noted Automobile Racer who broke the world's record on March 11th at Daytona Beach, Florida

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This confirms in no uncertain terms the public's confidence in the superiority of Lucky Strike.

Reach for a Lucky instead of a sweet.

**Hillman Will Present Farewell Performance**

The Hillman Stock company will give their farewell performance at the Orpheum theatre next Thursday night, bidding good by to Twin Falls theatre-goers for another year, closing a most successful season in Idaho with a play that touches the heart strings, entitled, "The Melody Lingers On." It is a blending of comedy and pathos, youth and old age, love and hate, music and drama, that will live for years in the memories of those who appreciate the speaking stage. The Hillman Players go from here to a circuit of towns in Wyoming, which they will play for six weeks, before opening the summer season under their tent theatre in Colorado.

**PASTOR PAYS TRIBUTE TO PIONEER'S MEMORY**

Describing the late Horace E. Powers, 78, who died here last Wednesday night, as a man who carried his religion into all the transactions of his everyday life, Rev. A. G. Pearson, pastor of the First Presbyterian church, in his funeral sermon, yesterday afternoon, paid a high tribute to the honesty, modesty and Christian life and purpose of the departed pioneer.

The speaker said in substance that Mr. Powers followed the line of duty as he saw it, unflinching by any desire to gain applause for labor well performed, but for praise or for recognition of his service to religion, to his country or to his fellowmen. Rev. Pearson quoted various scriptural passages to apply to the life of Mr. Powers, and to give assurance that he was to experience forever the joys promised by Christ to those who believed in him and followed him. The pastor spoke with deep feeling of his personal relations and of the devotion of Mr. Powers to his duties as an elder.

A large number of Mr. Powers' friends attended the funeral, at which Mrs. Charlotte Wells, Los Angeles, the surviving daughter of Mr. Powers, was a mourner. Beautiful floral offerings were tastefully arranged.

The Presbyterian choir composed of Mrs. H. W. Wallace, Douglas, Mrs. G. M. Hill, Mrs. F. P. Bracken, Miss Mildred Houston and B. F. Ratcliffe, with Mrs. A. Wilton Peck as accompanist, sang the hymns, "The Church's Sure Foundation," and "Amen in Jesus."

Fallbearers who were chosen from among the elders of the First Presbyterian church were: T. J. Douglas, John S. Feldhusen, L. O. Evans, D. R. Young, George W. Bryant and J. A. Johnson.

Interment was in the Twin Falls cemetery where a brief prayer service was held.

**THREE SMALL BOYS HELD ON CHARGE OF BURGLARY**

Three small boys, 9, 11 and 13 years of age, accused of breaking into the Kinney Wholesale company warehouse and the Twin Falls Cider and Vinegar plant, both on Wall street, early last Sunday evening, were rounded up by the police within a few minutes after reports of the burglaries were turned in, and have been delivered to juvenile court authorities.

According to police reports, the boys threw rocks to break out windows at the warehouse, "phant-where" they took a field glass.

Afterward, the officers reported, the boys broke into the grocery company's store and coned themselves with bread and cheese and bananas and other delicacies.

**SCHOOLS PREPARE FOR TYPEWRITING CONTEST**

Interest is intense in the high school typewriting class conducted by Miss Grace Armstrong over the return contest with the typing class of the Filer high school which will be conducted in Filer March 29. The contest between the two schools here last Friday resulted in even division of honors. The Twin Falls advanced team defeated the Filer advanced team while the Filer team won over the Twin Falls team.

In the beginners' event the Filer team was made up of Margaret Hawkins, Ethelyn Buesing, Mary Elton Klans. The Twin Falls team included Priscilla Morrison, Barbara Sanger and Alma Pearson.

In the beginners' contest the Filer team won with an average of 43 words a minute against 41 for Twin Falls, won first place. Filer also won first and second individual positions. Margaret Hawkins winning first place, and Ethelyn Buesing second place.

**BEWARE THE COUGH FROM GOLDS THAT HANG ON**

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified croscote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membrane and inhibits germ growth.

Of all known drugs, croscote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to croscote, other healing elements which soothe and heal the inflamed membrane and stop the irritation, while the croscote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking, according to directions. Ask your druggist. (adv.)

# A Million Dollars a Day

EVERY business day in 1928, the 26 million policyholders of the Metropolitan Life Insurance Company, who are its sole owners, added a million dollars to the great reserve fund needed for their protection against the hazards of life and business—present and future.

Happily, more and more persons have a new understanding of what life insurance promises, what it can do and what it does do. They are learning that it does many different things equally well.

While the original purpose—to take care of the breadwinner's dependents in event of untimely death—has never been lost sight of, today life insurance is largely and directly concerned with the business of living.

**Financial Report to Policyholders for Year Ending December 31, 1928**

ONE form of life insurance provides education for children at the very time when their education costs most.... Another kind of policy tides over enforced idleness because of accident or sickness. Another form of policy, paid for in regular installments, is a sound financial investment, as well as a protection.

Employers and employees join together in buying another kind of insurance which provides leisure and freedom from financial worry in later years.

Business men build needed credit for business with life insurance policies.... Final payments on homes are made certain by insurance.

About one person in every five in the United States and Canada shared in the Metropolitan's greatest year of service.

WHEAT VALUES DOWN ON SMART FOR GRAIN

Selling Based Largely On Prevailing Weather Condition and Crop Outlook

NEW YORK, March 18 (AP)—The visible supply of American wheat at the close of the following changes in bushels: Wheat decreased 475,000; corn increased 151,000; soybeans decreased 746,000; rye increased 84,000; barley decreased 208,000.

PRICES SUFFER SETBACK CHICAGO, March 18 (AP)—An unexpected decrease in the United States wheat visible supply total, and notwithstanding unfavorable crop views from Kansas, wheat values today suffered a setback. Selling was based largely on prevailing weather conditions and the domestic winter crop outlook appears to be auspicious.

Official announcement of stocks of wheat in United States, Canada, and elevators was made after trading today had ended. The total of the stock is about 3,500,000 bushels less than the total forecasted by the market.

Chicago closing quotation on wheat today were nervous, 1/4c to 1/2c higher. Corn fluctuated 1/4c to 1/2c of. Oats fell down, and provisions showing 7c to 22c down.

Wheat Prices Down Pine winter for domestic; the welfare of the new 1929 domestic wheat crop put wheat prices on the downgrade today night at the outset. Freight market quotations, abroad displayed weakness owing to an increase of wheat stocks at Liverpool, and except for Kansas, which was current, there was nothing that suggested heavy crop losses in United States winter wheat territory regarded as a new element.

Some Kansas reports today indicated that the present condition of the wheat crop there is only about 50 to 60 per cent normal. Corn was weak throughout the day, due to the support being purchased for previous sales. Weather conditions favored the crop movement. Besides, 500,000 bushels of Kansas wheat at Kansas City to be transferred to Chicago.

Excellent weather for field work eased the oats market. Provisions sagged as a result of warehouse selling of lamb.

CONTROL OF MARKET FOR STOCKS SHIFTS

Bears Gain Advantage in Final Hour When Call Money Begins to Tighten

NEW YORK, March 18 (AP)—Control of the stock market shifted between opposing factions in a confusing manner today, with the bears gaining the advantage in the last hour, when call money began to tighten.

Profit-taking was heavy, particularly in the radio shares, but operations for the advance aided by merger and stock up-up rumors, intermarket success in various sections of the list, particularly in the copper, rubbers, railway and office equipment issues, and specialties.

The expected stringency in call money this week, resulting from the sending of the income tax check to the banks for payment, made its appearance late in the day with an increase in the rate from 7 to 8 per cent. Time money held firm, with practically none available under 8 per cent.

Bullish Interpretation A somewhat bullish interpretation was placed upon the statement of Governor Roosevelt, Young of the federal reserve board, that a higher redemptive rate would be employed only as a last resort, with practically no effect on the belief that reserve facilities regard the redemptive rate as a possible means of effecting liquidation of stock market loans, but fear that the use would seriously hamper business.

The day's news was meagre, although it included a further increase in copper prices, with a little moving at 22 cents a pound, a jump of 1 cent, which proceeded for the most part unheeded as to what price to quote; Youngstown Sheet and Tube published a good earnings statement.

The old radio shares fell back to 500, while the new shares sold at one time below 100, but closed at 110. Victor Talking Machine, however, the latter being consolidated with Radio, mounted more than 24 points to a new top at 200.

Baldwin Locomotive sold 200 shares to a new 1929 peak at 256 on rumors of a four-for-one stock split-up. Oils Elevator, also mentioned in split-up rumors, shot up 10 points to a new high.

The non-ferrous metals were generally strong. National Lead mounting about 10 points to a new top at 186, and Greene Carbons 11 1/2. Sunco high ground with a jump of more than 5 points. Anacosta, Nevada, Miami, and Kennecott also listed new peaks but reacted toward the close. United States Steel lost more than a point.

American International made an extreme drop of about 6 points on reports that it had realized large profits from holdings in Chase National Bank and Radio. Alive firm receipts 4,000 shares.

LOS ANGELES PRODUCE LOS ANGELES, March 18 (AP)—Produce: Exchange steady to 10c higher. Butter 105,000 pounds; cheese 4,200 pounds.

SAN FRANCISCO PRODUCE SAN FRANCISCO, March 18 (AP)—Butter: Creamery 50c to 55c per pound. Eggs: Green 50c to 55c per pound.

Copper Price Trend Baffling Producers

NEW YORK, March 18 (AP)—Leading copper producers were undecided today as to whether red metal prices, which have been advancing steadily in recent months, should be permitted to go higher. Most of them refused to quote any price publicly, but a little copper was said to have been sold at 22 cents a pound, domestic, a jump of 1 full cent since Saturday.

It was reported on Wall Street that producers were quoting prices to their regular customers somewhat under the 22-cent level pending decisions as to what price should be established. Several were said to feel that a higher price than 21 cents would lead to curtail consumption. The demand for the red metal remained feverish, however, and it was said in trade circles that large orders could have been filled at 22 cents.

### CIGARETTE POSTERS TARGET FOR ATTACK BY WOMEN OF CITY

#### Reports of Direct Action Come to Police While Delegation Voices Complaint and Calls for Regulation

While a group of Twin Falls women, carrying their protest against outdoor advertising of cigarettes to the city hall last evening were yet addressing the city council and calling for an ordinance to suppress the offending posters, reports came to the police station of the destruction of a number of posters of the type against which the women were complaining.

By ROBERT QUILLAN

"My arms will bow, but Mary is coming home today and she didn't get to see me carryin' it in the sling yet."

clique and other forms of tobacco, we hereby petition the mayor and councilmen of the city of Twin Falls to enact an ordinance to prohibit same."

### PLANT IN TWIN FALLS TO HAVE \$20,000 ADDITION

The cold storage capacity of the Twin Falls Feed and Ice company plant on Fifth avenue south will be increased from 55 cars its present capacity to 85 cars on the completion of a new combination concrete and brick two-story structure with full basement 55 by 100 feet in dimensions. It was stated last evening by A. M. Sande, proprietor, to whom the building permit was issued yesterday.

The new building will cost \$20,000 and will be erected by R. E. Bohler, to whom the contract has been let. Construction will start in a short time. The new structure will replace a part of the old structure now occupied by the present plant of the company, and will house the ice plant. All of the second story will be devoted to cold storage.

Mr. Sande will also make changes in his Buhi plant, where the old structure will be moved to a new location and a substantial addition constructed at an approximate cost of \$20,000.

### LODGEMEN JOIN TO PAY PIONEER LAST RESPECTS

Representatives of the Odd Fellows Lodge of Buhi, Elmer, Kimberly, Hurley and Rupert were included in the throng of friends and fraternal associates who united in a final tribute at funeral services here Sunday afternoon for the late Matthew H. Page, pioneer citizen of Utah and Idaho, and for many years a resident of Twin Falls, whose death occurred in Salt Lake last week.

Services in the Drake funeral parlors were conducted by the Rev. Cecil P. Rowlow of the Methodist church, and included recitation by a quartet composed of A. D. Bellamy, Kenneth Henderson, Lloyd Patrick and R. H. Musser. Twin Falls cemetery were in charge of the Odd Fellows lodge of which Mr. Page had been an active member for more than a half century. T. J. Lloyd, acting noble grand, and C. E. Rowcliffe, acting chaplain, were assisted in these services by the drivers and members of the lodge.

Pallbearers chosen from among charter members of the Twin Falls lodge were S. C. McAnulty, C. O. Brockstedt, A. A. Besire, H. H. Tuttle, Charles H. Lowe and Gerhard Osterloh.

### Grangers Hold Meeting

Pleasant Valley Grangers held their regular meeting Friday, March 8, with Mrs. Walter J. Cole, lecturer, in charge. Following roll call a meeting was conducted, after which Mr. and Mrs. Murry were given a shower. The meeting closed with serving of a lunch. The grange meets again Thursday at 8 P. M.

### DEFENSE LAWYERS HIT AT LIQUOR IDENTIFICATION

Attorneys for Alfred Cottrell, on trial in district court here on a felony charge of illegal possession of liquor, took advantage of the absence of Probate Judge C. A. Bailey to launch an attack on the prosecuting attorney's identification of liquor which is alleged to have been taken in Cottrell's possession.

Through testimony of R. E. Leighton, police chief, and Patrolman J. Coyte, and Miss Marjorie Black, probate court clerk, the identification was almost completely established, but defense attorneys argued that the confiscated liquor had been in the custody also of the probate judge, and that the testimony of the probate judge would be necessary to complete the identification. The first jury of the present court term was impaneled early yesterday afternoon for trial of this case. Presentation of the case for the prosecution was not completed last evening. Defendant Cottrell is represented by Porter and Taylor and J. P. Koslari.
