HOOPER WILL WORK WITH CONGRESS ON FARM RELIEF ISSUE

Executive Feels Presentation of Measure Himself Would Be Encroaching on Legislator's Prerogative

(By The Associated Press) WASHINGTON, March 22—President Hoover is ready to cooperate with congress in formulating a farm relief bill but he still feels that the presentation of a definite measure by himself would amount to an encroachment upon the prerogatives of congress.

This word emanated from the White House today about the attitude of the representative of the American Farm Bureau Federation were arriving here for a meeting of the executive committee called for a presentation of the administration's farm program to take the place of their old friend, the twice voted McNary-Haugen bill.

Mr. Hoover feels his views and the opinion of the farm bureau representatives of the American Farm Bureau Federation were stated clearly in the last campaign particularly by himself in his address to congress in Indianapolis. Arthur M. Hyde, the new secretary of agriculture, notified the senate agriculture committee today that he was leaving the executive committee unable to meet his request for his appearance at the opening of hearings tonight at the present of a working arrangement between congress and Mr. Hoover in the final formulation of the new farm bill.

It is likely that this bill, calling for a federal farm relief fund which to assist cooperative marketing associations in the marketing of surplus crops, will be the basis of discussion at the committee hearing tonight.

DOG TAX COLLECTOR TO ANSWER CHARGES

County Attorney Prepares Complaint Against Salt Lake City Public Officer

SALT LAKE CITY, March 22 (AP)—Charges of perjury are being preferred tonight by County Attorney John D. Redington against a Salt Lake city dog tax collector, in whose apartment the body of Max M. Beaver, city treasurer, was found March 5.

Famous Manager of New York Respects Opponents' Ability

Yankee Pilot Will Attempt To Beat Percentage With Young Players; Displays Confidence Over Outlook

By BRIAN DELL
(Associated Press Staff Writer)
ST. PETERSBURG, Fla., March 22.—"My impression is that the world champions New York Yankees, is trying to beat the percentage."

"Of course the percentage is against us," said the mite master mind, "but we may be able to beat it. Every time we win a championship it makes it just that much harder to win another next year. That's the percentage."

"The way to beat it is to have good young ball players available before the older stars pass out of the baseball picture. There are players here who are always urged the Colonel (Jacob Ruppert, owner of Yankees) to grab a promising ball player and then to see whether he can use him or not. May be some other club that has a man that we want will need the one we have and do not need, but I will have something to trade with. You can't get a dime for two nickels if one of the nickels has a hole in it."

"The boys call me a pessimist when I speak of the difficulties we are facing in adding to our championships. It is not a pessimistic outlook I mean."

Prospect Look Good
This year, I am encouraged by our prospects for the coming year, which is very promising, a very good find indeed, and we have some splendid young fellows in the other positions. I don't know of any outfielders, for instance, any infielders, and Dickey and Jorgens, catchers. All of them look good."

"I will not say that we had to win 100 games last year and the year before to get in. May be that will be necessary again. For this year, however, there will be even more competition this year than was the case last year."

"I think the team we have is a constant threat and we have had trouble to do with St. Louis, Washington. It has a good club and so has Detroit. They are all very good teams."

Uncertain About Veterans
"I was asked about his trio of stars, the trio of hitters—Lazzeri, Pegg and Moore."

"I don't know," was the reply, "and they don't know. They have not tried to throw them out in this year's season. I don't see how we can do that. I don't see how we are able to see the condition of their arms at present. We must wait and see before they are sent out."

They will play an important part in the percentage.

Twin Falls Cinder Artists Preparing For Spring Events

Process of Training New Bruin Track and Field Squad Starts; Material Lacking in Experience

Preparation for a season of strenuous competition in track and field events, among the Bruin athletes have started training for their specialties under the guidance of Coach R. V. Jones.

Young champions who claim that Twin Falls high school this year faces keen competition on all sides with only two known stars—Bryant, the state champion, and a fine hurdler, Martin, shot putter, and Bireflus, pole vaulter, the various candidates and the coach are entering upon the daily routine with a determination and spirit of optimism that should bring at least a fair amount of success in the coming field.

Men with certain amount of experience who may develop enough speed to win points for the school are: Ward, sprint and relay; Detrick, mile runner; Knight, 440; Shohony, low hurdles. Possibilities are also seen in Bireflus and Finch, weights; Weaver, high hurdles and 800 yard; Kempton, Thompson and Burton, javelin; Stumpf, mile; Jones, high hurdles and high jump; Kinard and Shoemaker, 100 and 200 yard dash.

With practice now started, school officials expect to arrange dates for the sub-district and district meets. A possibility exists that Twin Falls will be the scene of the southern Idaho meet. This year will have the state track and field meet.

PARIS, March 22 (AP)—The family of Marshal Foch looked upon the great soldier's face for the last time today. Then his grateful country took charge of his body which will be laid to rest in the Invalides on Tuesday alongside that of Napoleon.

This afternoon and evening the people of Paris, rich and poor, young and old, stood for hours to gaze at the face of their hero in the great hall of the Invalides where he lay in a closed coffin covered by the flag of France upon which rested a silver crucifix.

From mid-day until long after night had fallen and the great gates in front of the Foch home had been closed, thousands waited patiently on the sidewalks for their turn to pass the bier. They stood in silence and during the evening hours they waited in the rain each to say his modest homage to their great military leader.

The thousands who took their farewell of Foch yesterday and the thousands who followed them through the cramping doors of his home today were but the forerunners of the tens and tens of thousands who will do him homage after his body is taken to the Invalides. The funeral will be held on any ceremony the coffin will be taken from the home Sunday morning and placed near the tomb of the Unknown Soldier. There, escorted by officers from his army headquarters, the coffin will be placed in the cathedral of Notre Dame.

INSURGENTS PREPARE TO ATTACK FEDERALS IN OLD STRONGHOLD

Citizens Offering Services To Rebel Army Moving Toward Torreón to Crush Calles' Powerful Forces

(By The Associated Press)
MEXICO CITY, March 22 (AP)—The government announced tonight that a rebel attack on Venado, one kilometer from Mazatlan at 4:30 P. M. today was being planned by the machine gun fire of General Jaime Carrillo's forces. The rebels retreated toward Casa Blanca.

INSURGENTS MOBILIZE
JIMENEZ, Chihuahua, March 22 (AP)—Mobilized in cavalry columns for an attack on the city of Torreón, the former stronghold, insurgent forces of Central Mexico today took the initial step of their long awaited counter-offensive against the powerful government army, headed by General F. Elias Calles.

Many citizens were reported offering their services to the rebel army. In Jimenez today, volunteers waited in line to be recruited. A rebel spy reported that two federal bastions, Panchuelo and Fierro, had crashed in Monterey just after taking off. The plane, the spy said, had been delivered by an American concern.

Twenty-five hundred Yagui Indians, mounted and eager for action, arrived at Jimenez yesterday and were immediately sent south to join the rear guard at Bermilion.

Saloons Closed
In every city through which the rebel army has traversed in its retreat from Torreón to Jimenez, orders were issued that saloons should be closed. In the insurgent headquarters train no liquor was in evidence.

Revolutionary leaders announced that during the rebel occupation of Torreón merchants were asked to raise 7,000,000 pesos in taxes to be paid in advance had they complied willingly.

General Jose Gonzalez G. Koblar, revolutionary commander-in-chief, in a statement issued here today, announced he did not care for the presidency of Mexico and was fighting only for the liberty of the people.

21,000 Fans Pay \$111,000 to See McLarnin Win by Decision

Former Westerner Wins Eight Rounds Of Tame Encounter

Chorus of Boos and Hisses Starts Down From Galleries in First and Grows Steadily to Roar

By EDWARD T. NEEL, Associated Press Staff Writer.
MADISON SQUARE GARDEN, New York, March 22.—Two vaunted lightweight punchers, Jimmy McLarnin of the bucking Colt, and Ray Miller, blonde left hook artist from Chicago, met in what should have been a furious combat tonight—and turned in a battle as tame and featureless as their first meeting was bloody and spectacular. Where there might have been smashing punching, furious rallies, knockdowns and finally a knockout such as McLarnin suffered in their first engagement in Detroit, there was nothing but clinches, frantic scurrying around to evade the lightning that never struck, and a noisy start of over-cautious young business men.

JIMMY McLARNIN wins from Ray Miller, blonde, Chicago lightweight in tame bout witnessed by 21,000 customers.

McLarnin Wins Battle

Jack Dempsey Joins Forces With Fugazy

Former Champion Becomes Partner of Madison Garden's Chief Competitor

NEW YORK, March 22.—Jack Dempsey, the big mystery man of pugilism for the last three years, unmasked today to reveal that his future in boxing will be coupled for two years with the prominent ventures of Humbert J. Fugazy.

The former heavyweight king thus set himself up in the boxing business as a partner of the today rival of Madison Square Garden, the spot organization his fists helped build for the late Tex Rickard.

Signs Agreement.—Today Dempsey took the plunge of battle to the Garden and signed an agreement whereby the pugilist will promote matches wherever the feisty throughout the country terms inviting. Although the Garden has both major league ball parks in New York, the new combination promises an open air site for outdoor spectacles within the city limits. An auditorium capable of seating 35,000 will be built to rival the Garden during the indoor season, Dempsey said.

Do Not Deny Finance.—Neither Dempsey, Fugazy nor Edwin Cook, financial agent who will control the purse strings of a corporation as yet informed, would discuss the money involved in the deal. It is understood, however, that Dempsey has been guaranteed a salary of at least \$100,000 a year plus a generous percentage of the profits. The former champion, who failed to come to financial terms with the Garden corporation, was silent as to any plans he may have for fighting again.

Rajah Poles Out His First Homer for Cubs

ROGERS HORNBY, the Cubs' \$250,000 addition from the Boston Braves, poling out a home run, scoring Kiki Cuyler for the Chicago Cubs in their first practice game with the Los Angeles club of the Coast league. The Cubs won, 11 to 6.

Gregalach Winner Of Grand National

Famous Event at Aintree Results in Victory For Unknown Over Favorites

By FRANK H. KING. (Associated Press Sports Writer).
ANTREE, England, March 22.—The gold and glory of the nineteenth grand national today went to an unknown horse named Gregalach at odds of 100 to 1 but stepping through the jaws of the famous race rested largely with the American-owned favorite, Eastern Hero, who made the running over the greater part of the cruel four and one-half mile course. Eastern Hero carried top weight of 175 pounds, but still took hedges, ditched and water jumps all the way around in magnificent style.

Trace of Weakness.—A trace of weakness and a little ill luck robbed J. H. Whittney's entry of victory. Finishing six lengths behind the winner, Eastern Hero captured second grand national honors with his American owner. Not another American-sponsored jumper was among the dozen finishers.

Flukes in Ditch.—The much-fancied Billy Barton, born in all Kentucky and adopted as a son by Maryland, found trouble at the nineteenth hurdle, where he plunged into a ditch, preventing his rider and pit jumpers from pulling him back.

Burley's First Spring Day Brings Strong Wind

BURLEY, March 22 (Special to The News)—Spring's first day, Thursday, put in its appearance here accompanied by a strong and stiff breeze from the northwest. An all-night rain was blown violently toward Wyoming, and the sphyry busied itself drying newly mud-dusted roads into a condition passable for traffic. During the morning hour, trucks heavily loaded with potatoes, trucked through the surface and stalled in several soft places on the highways. Telephone repair crews were called out to fix lines broken by the winds. And rolling thunder, sure sign of spring, lodged against the fences.

In A Hurry!

When our regular customers think of an O. P. Skagg's System store, their first thoughts are that they are never compelled to wait more than a minute or two at the most. People, now-a-days, are almost always in a hurry. Even though they do not have anything immediately at hand, they dislike spending their time standing around stores waiting for sales people to serve them.

Time Is Money

Of course most people are busy and their time is very, very valuable. It is for this reason many people of times are known to walk a block farther to an O. P. Skagg's System store because they know in the end they will be able to secure their groceries, walk the block back and still save time, as compared with the service they receive at most stores. If you are ever in a big hurry, just try our store and see how quickly the entire transaction can be completed.

"Then, too, it would sound natural to hear a Norwegian skipper swearing at his men as they were ordered to land."

"I must see your papers, captain. It is my duty to see that they are in order."

"Oh, never mind, captain, that's all right, that's all right."

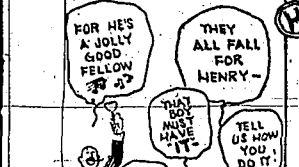

"Your papers are all right, captain. I have searched them, and they are in order."

"All right," said my lovely but somewhat distorted better half in a high falsetto voice out of one corner of her mouth.

"Oh, don't worry, captain. I'll give you a memorandum explaining the contents of your papers. You are lucky to have any."

"I had the papers scattered all over the cabin to dry, and each time I handed one to him I found a stream of tobacco juice on the cabin floor."

"When he came to the last document, the one signed with the false signature of the British consul at Capetown, he looked at it and said: 'This is the Imperial seal, and read the formal statement that the Irma's cargo of lumber was not for sale to the British government in Australia, he turned to me suddenly.'

KEEL FINDS OAHU BETTER THAN COAST
Twin Falls Man Praises Pacific California But Thinks Gem State Best

"I came back from California thinking there of California and Idaho than I ever did before," said James S. Keel, who recently returned from a two months' visitation of California conditions.

"There is no way to compare the two states as they are so different. California has two great advantages: especially in the country around Los Angeles; water transportation and climate. Great industries are being developed or are in course of construction. I saw at Los Angeles a 40-acre tract owned by Henry Ford on which was to be built a city of 500,000 inhabitants. It was estimated that it would cost \$10,000,000 for the building. The building is increasing there by leaps and bounds. I inquired into the reason for this and learned that the best material for the floors consists of orange wood which is grown in the Imperial valley and in northern Arizona and New Mexico. With water transportation lines made there can reach New York at a lower rate than tires made in the Middle West. The cost of material is less so that Eastern factories are building branches here. I believe that in time the Pacific coast which also gets its training from Asia and south America, will have as many people as the Atlantic coast, all the way from Seattle to San Diego."

Climate Advantages
"Then the Los Angeles climate brings in people who have income enough to retire here. Several of them have moved from Twin Falls, and others go there from all parts of the country. This brings in a great deal of money each year."

"It is a good place for large capital, a good place for those who retire and a place for those who work who are in a position to command the same wages in Los Angeles that they can in the East."

Said the other hand, there is little room for the average man who has not income enough to retire and who must work or be in a position to command a smaller scale. A man might stand on some corners in Los Angeles with \$3000 and feel mighty tough. So far as average labor is concerned, the market is crowded, wages are low and opportunities few."

Said Idaho Best
"I have been over a great part of the United States and I know that this southern Idaho country is the best of the central section of America and I believe in the world. There is no other place that I know anything about where I can find a good climate, a good climate as good a chance to grow up with the country and make good. If a buyer had to pay four times as high a price per acre for any four times as much land in order to get land, it would be possible to make a comparison with what I am getting in this southern California; now it is impossible, since Idaho is so far along in developing the thing."

Court Sustains Ruling In Injunction Action

Decision by Judge W. A. Babcock in favor of the plaintiffs in the injunction action of L. T. Kelly, Osa Kelly and W. A. Mann against Edmund W. Smith, from which Smith appealed, has been sustained by the supreme court of Idaho. The decision was received yesterday by Bothwell and Chapman, attorneys for the plaintiffs. The Kellys and Adams claimed that they were entitled to an easement for an irrigation ditch over land of Smith situated southwest of Filer on the ground that it had been in operation 10 years by them or their predecessors in interest. Smith claimed that the right to use the ditch was purely permissive and that he had no duty to dig it up, which he did in part in 1926. The plaintiffs instituted proceedings to enjoin Smith from interfering with their use of the ditch. The courts have sustained this contention.

Bicket Parent-Teacher Association in Session

Mrs. Albert Duster was re-elected chairman of the Bicket Parent-Teacher association during the business session at a meeting of the association in the Bicket school auditorium last evening. Mrs. E. H. Olmstead was elected vice chairman, with Miss Ruth Dankenbring, secretary, and Mrs. Ray Marks, treasurer. The program arranged by Mrs. H. A. Senter, committee chairman, included a devotion by W. B. Simons, superintendent of Twin Falls schools, dealing with relationships of father and son, and a talk by Mrs. Orlie Williams on growing of flowers.

A juvenile band composed of pupils of the first grade under leadership of Mrs. Grace Johnson, teachers in brilliant uniforms and performing with triangles, trombones, whistles and drums, opened the program with a number of musical numbers, and Miss Helen Senter played a piano solo.

TAKING OF CULTURES OF LOGAL STUDENTS WAITING

Owing to the fact that taking of cultures in the meningitis germ test at Filer schools was not completed Thursday as anticipated, the taking of tests in the Twin Falls junior high school will be taken yesterday was postponed until Monday it was announced Friday. After cultures are taken the students must remain at home or in their own yards during the waiting for a period of 72 hours, or until the results of the culture tests are known. The idea is, it was stated, that those pending the test shall not have an opportunity of being infected by others who may be carriers. Between the time the tests are taken and the time the school which they are attending again opens. Cultures will be taken in the high school as soon as the work in the junior high is completed, it is announced.

AUTOMOBILE DISTRIBUTOR INCREASES CAPITALIZATION

Paris Auto company, Twin Falls, Humboldt district, has increased its stock from \$1000 to \$50,000, according to amendment to the company's articles of incorporation filed in the office of the county recorder yesterday. The capitalization increase was voted unanimously by the company's stockholders at a meeting March 20 last, at the permanent office. The document was signed by the company's directors, B. D. Keister, A. B. Colwell, C. V. Parks and S. C. Wyatt.

Drama Triumphs Again

The second presentation of "Seven Keys to Baldpate" by a new cast at the high school auditorium last night, while enjoyed by a smaller audience than that presented Thursday night, was fully up to the first show in acting and in appreciation manifested by those who witnessed the play.

The applicants were: Joe Kooney, Kimberly, farmer, native of Czechoslovakia and resident of the United States since June, 1922; and Volpi Siro, Twin Falls, farmer, native of Panama, Italy, and resident of the United States since November, 1906.

JURY DECLARES MOSELEY GUILTY IN LIQUOR CASE

Ross Moseley, Filer, is guilty of a felony charge of illegal possession of liquor after prior conviction, according to the verdict returned by a jury in district court here at 10 P. M. last night after four hours' deliberations. Judgment on the verdict, Judge W. A. Babcock announced, will be pronounced next Monday. Moseley is a witness in his own behalf during proceedings yesterday which marked the third day of the trial. Moseley's attorney—impaled—another person the responsibility for placing a keg of moonshine whiskey between the road and the fence at the Moseley farm north of Filer, where, according to the evidence, it was found by federal prohibition agents cooperating with the sheriff's office and local officers last February.

The case was given to the jury after arguments for the state were presented by E. V. Larson, prosecuting attorney. Defense was made by W. L. Dunn and O. W. Witham.

AMERICAN LEGION POST TO STAGE WAR COMEDY

Twin Falls American Legion post is undertaking presentation of the three-act comedy drama, "Friendly Enemies," a famous wartime comedy, with Twin Falls talent in the immediate future. W. B. Smith, post commander, announced last evening.
The play is to be presented here under direction of Arthur Roberts, who has produced the comedy for many American Legion posts in Idaho and Montana during the last several months. The cast is being assembled, it was stated, and rehearsals will begin immediately.
"Friendly Enemies" had a long Broadway run with Sam Bernard and Louis Mann, famous German character comedians, in the roles of "centies." Mr. Mann toured the principal cities with the show for another season. The play also was done in motion pictures with Weber and Fields.

VARIETY STORE ENTERS BUHL BUSINESS FIELD

T. F. Williams, proprietor of the Variety store, Twin Falls, will open a Variety store in Buhl about August 1 next, and has signed a lease for occupancy of a new building being built by J. J. Brennan, Buhl, on Main street, Buhl, and also has contracted for construction of shelving and store fixtures. Plans and specifications for the building, which is to cost \$4000, are being completed, and construction is to begin in the near future.
The Buhl store is to be operated under management of L. J. Kelley, Twin Falls, who now is associated with Mr. Williams in the Twin Falls store.

MILCH COWS UNDER TESTS INCREASING

Records Show 615 Animals In 38 Herds in Pioneer Improvement Association

With 615 cows in 38 herds under test in the Pioneer Dairy Herd Improvement association during February, an average production record of 545 pounds of milk and 22.5 pounds of butterfat was scored for the month, according to the monthly report made public last evening by W. J. Byrne, tester.

The month witnessed an increase in the number of cows tested as compared with the preceding month when 490 cows in 33 herds were under test. Leaders in each herd division in January retained their supremacy last month.

Hansen Dairy Leads
V. Naylor and Sons, Hansen, led the one to 10 cows class with a herd of eight registered and grade Guernseys which produced an average of 729 pounds of milk and 34.2 pounds of butterfat.

Adam's, Hazelton, with a herd of 15 registered Holsteins, led the 10 to 20 cow division, scoring average production of 1040 pounds of milk and 34.3 pounds of butterfat.

William Nicholson, Buhl, led the over 20 cows' division, his herd of 21 registered and grade Holsteins producing an average of 945 pounds of milk and 33.7 pounds of butterfat.

The honor roll of cows producing over 40 pounds of butterfat was as follows:
