NEW YORK NEWSPAPER LAUDS MISS TERHUNE Idaho National Committee-woman-Visits Former Residents At Home in East

An interview with Miss Gladys Terhune, Twin Falls, Idaho national committee woman, given during her recent visit to New York City, by Mrs. Frederick Snook, former Twin Falls resident, and published in a New York newspaper which was received here Saturday by Miss Annie Smith, follows:

Waverly is the host to one of the most distinguished women in public life in the United States, the daughter of Miss Gladys Terhune, Twin Falls, Idaho, the Republican national committee woman for Idaho, and the youngest woman on that committee in the United States.

Miss Terhune arrived in Waverly, the latter part of last week to visit Dr. and Mrs. Frederick W. Snook of Park Avenue, who are old friends of former days in Idaho. She will remain here until Wednesday, according to present plans, and will address the Gayle Rotary club briefly at the noon meeting Tuesday.

Miss Terhune holds one of the most responsible positions in our system of party politics in this country today. She has already held this office for five years or since she was 27, and in her position has played an important role in Republican politics in her part of the country and on the Pacific coast.

Miss Terhune is on her way from attending the inauguration of President Hoover as the personal representative of Governor H. C. Baldrige of Idaho. She is enjoying a well-earned rest while in Waverly, and she says she needs it after the strenuous days just past in Washington. She will go to New York Wednesday to spend several days, and then sail for the Pacific coast on her way home via the Panama canal.

She is of the striking blonde, Western type of girl, and her very looks indicate that she is able to stand on her own two dainty feet as she has done all of her life. Her father's family originated in the state of Ohio, and she is now the wife of Troy, but she was born in Illinois, having lived in Idaho for the last 12 years. She is identified with a large real estate firm which has among its other duties, the management of a 3000-acre farm, which is one of Miss Terhune's jobs. She has also cannily dealt in ranch and city property in her own name and her accumulations are entirely satisfactory to herself.

Incidentally, she is in a position to accept a very fine offer of a Federal position, providing it is not in the East, for she does not care to leave her own section of the country. She rather reluctantly speaks of this, for she has not been tendered a position, but evidently has been told she can have one if it suits her convenience and location.

Miss Terhune does not believe that the election of a Republican administration necessarily means that provision will be made for a passbook for all of the farmers' woes and aches and pains. She does believe, however, that a readjustment of tariff rates on farm products upward will provide a great aid to the farmers of her section of the country. She was amazed to discover at the Mayflower hotel in Washington where she stopped during her stay there that a baked Idaho potato was listed on the menu at 40 cents, one potato.

She says a whole 100 pounds can be purchased out here for not much more than that and wonders why such a rate should be charged for one lonely baked potato at an Eastern hotel. The answer is that these potatoes sell for ten cents apiece in the markets after a large freight rate is paid for their transportation east.

"In the East, you want high wages and lower food costs," says Miss Terhune, "while we in the West want higher food costs and lower wages. If some happy medium can be struck between the two in this country then we farmers, and I claim myself a dirt farmer, will be much better off."

The Weather FORECAST FOR TODAY: Generally cloudy, unsettled and cool. Only a 1-degree drop in the maximum temperature took place in Twin Falls yesterday, the official high temperature being 44 degrees. During the coldest period of the day, however, the mercury fell to 25 degrees, 7 degrees below the minimum of the day before.

INQUIRY UNCOVERS CHARGE OF BIGAMY Oliver Morgan, Held For Fraud, Twice Married By Using Different Names

Chief Morgan, purported heir to the great H. ranch in the Jackson county of Wyoming who is in jail here awaiting trial on charges of obtaining property under false pretenses from R. W. Qualls, Twin Falls farmer, is the same individual who, under the name of B. L. Stone, lured some bad ducks in Wyoming, and whose services received at the sheriff's office here yesterday.

Morgan, however, may not be prosecuted on charges involving his financial integrity, it was stated at the sheriff's office, because investigation was said to have disclosed that he is guilty of bigamy.

Abandoned Bride Morgan, under the name of Stone, was married about a year ago to a Wyoming girl whom he is alleged to have abandoned on a trip to Salt Lake City some weeks later, the investigation indicated.

It was stated last evening that a charge of bigamy would be filed against Morgan after he returns to Twin Falls. Morgan is alleged to have made such representations to Qualls concerning his property interests in Wyoming, that he was able to obtain from Qualls a team of horses, wagon and harness valued at \$150.

SUGAR BEETS WILL FORM IMPORTANT CROP AT EDEN EDEN, March 23 (Special to The News)—Sugar beets will be one of the principal crops grown in this section of the country, according to estimates made by the Amalgamated Sugar company. Mr. L. G. Kirkman, field manager for the company, was contacted with growers at present representing acreages nearly equal to that of the 1928 season when the largest acreage of beets was planted since the crop was first planted here. A number of growers are now preparing the seed bed for their early plantings and others will be active along the same line. Beet seed and drills for the planting were furnished by the company with good weather the coming week, a large portion of the fields will be planted. With the severe winter, it is expected that the ravages of the blight that destroyed the crop in 1924 and later years, will this season be reduced to a minimum, especially on early planted fields.

Hollister Ladies Aid Holds All-Day Meeting HOLLISTER, March 23 — The ladies aid society of the Presbyterian church held an all-day session in the church Thursday to prepare comforters. A "pot-luck" dinner was served at noon.

Paul Crocker, Britie, is visiting here with his mother, Mrs. Mary Crocker. Swastika Camp Fire girls held a banquet and dance Friday evening.

Wallace Fulmer, accompanied by his mother, Mrs. Laura Fulmer, and his sister, Mary, left on a trip to Pocatello Saturday. They expect to return in several days.

Mr. and Mrs. A. J. MacDonald have moved to the Barnhouse property. Mrs. S. A. Hawkins and daughter, Norma Lee, are visiting in Salt Lake City. Before returning they will also visit at the home of Mrs. Hawkins' mother at Milford, Utah.

ASSISTANT TO CANAL MANAGER TAKES POST George A. Davison to Be Liaison-Officer in New Organization of Company

George A. Davison, Twin Falls, deputy county assessor for a number of years past, has been appointed assistant to the general manager of the Twin Falls Canal company, and will enter upon the duties of that position next April 1. John E. Hayes, manager, announced last evening.

The position of assistant to the general manager is a new one in the canal company organization, and has been created by Manager Hayes, with the approval of the company's directors, as a means of coordinating the activities of the several departments among which various phases of the canal company's work has been divided.

The assistant manager is expected to advise as a liaison officer, cooperating with the general manager on the one hand and with the department heads on the other, and lending his assistance toward carrying out of a definite policy laid down by the management.

Templars to Be Hosts At Services On Easter Master Masons and friends of the Knights Templar and their wives will be invited guests at annual Easter services of Twin Falls Commandery, Knights Templar, to be held in the Masonic Temple here at 3 P. M. Sunday, March 31, according to arrangements made by members of the commandery for observance of the event.

The sermon is to be delivered by Rev. J. Q. Wood, rector of Ascension Episcopal church, and music will be furnished by the choir of Ascension Episcopal church.

Wish to thank our neighbors and friends for their kindness and sympathy during the sickness and death of our darling baby. Also for the beautiful floral offerings. Pauline Waterhouse Mr. and Mrs. M. J. MacCaw.

FIRE ALMOST RUINS STAGE IN TWIN FALLS Sudden Outbreak of Flame Sweeps Through Vehicle As Gasoline Enters Tank

The 18-passenger stage coach operating between Twin Falls and Boise and owned by the Columbia Gorge Motor Coach System was almost completely destroyed by fire from unknown cause which started while the tank was being filled with gasoline in front of the Magee Automobile company garage at 8:45 o'clock last night. The flames shot through the big vehicle in an instant, and by the time the fire company arrived, the upholstery had been destroyed, the paint on the interior scorched and the windshield and windows broken.

The fire was quickly extinguished. No estimate of the damage has been made, as an examination into vital parts could not be made last night.

Passengers Discharged The driver, H. E. Kieley, who had discharged eight passengers from Boise and way points, drove up to get more gasoline, and Woods Alexander, night manager for the Magee Automobile company, came out to furnish it. As soon as the gasoline was turned on the flames shot up. Neither could explain the occurrence, but Mr. Alexander ventured the opinion that it might be due to static.

Had the passengers not been unloaded from the stage before it went to get gasoline, they would undoubtedly have suffered severe burns, owing to the rapidity with which the flames spread after ignition took place.

The damaged stage was one owned and operated under the old system recently absorbed by the Columbia Gorge Motor Coach System. The company has a new coach here, which it was intended to put on the road in a short time and this will start on regular time for Boise tomorrow.

It is definitely understood that the Pocatello line will resume operation tomorrow, it is stated.

CAMPAIGNS AGAINST DISEASE GET PRAISE

Dr. L. D. Fricks, Seattle, Declares Methods of Combatting Meningitis Best

"I have not been able to suggest any change of plans in the campaign to exterminate meningitis culture now carried on in this county," said Dr. L. D. Fricks, Seattle, director of the United States health service. "I believe that the work here is conducted as effectively as in any part of the United States," he continued, "and I earnestly urge that it be continued until the carriers have all been found and treated, so far as possible and until the taking of cultures in the schools has been completed as planned. I have taken the matter up by telephone with Commissioner C. K. Magee, of the state department of public welfare and requested him to allow the state cooperation to continue until the work is finished here. He told me that he had hoped that the state employees could be sent here for work elsewhere at the end of next week, but I shall see him as to how through Boise and urge that the state continue to cooperate. Of course I understand that there is a demand for work in other parts of Idaho, but I trust that arrangement can be made to extend the time here. A county health unit always on the job would get started more quickly but would not do it so well for work elsewhere. The people here should appreciate the amount of work done by the board of county commissioners and Dr. C. D. Weaver, county health officer, and the cooperation received from the state department of public welfare and from Homer Saxton, of the Southern Idaho laboratories. Mr. Richard Smith, county health nurse, is assisting efficiently in the work. I am informed that C. C. Prouty, assistant bacteriologist at the University of Idaho, is here to assist Laurence Peterson of the state public health department next week. I shall report conditions to Surgeon General Cumming on my return to Seattle."

Carriers Most Dangerous
Dr. Fricks said that the greatest danger of contagion is from the carriers, the germs in those who are actually attacked are sealed up in the spinal column. The germ lives only a very short time after being exposed to air, so that the greatest danger of spreading the disease comes from a carrier sneezing or coughing in a way that sprays another person.
Dr. Fricks, who has investigated the ticks which produce spotted fever, said that the idea that they are cheap ticks or received the germs which cause the fever from sheep is incorrect. The ticks may be found on sheep at times, and more frequently on cows, but neither sheep nor cattle contain the germ which transmitted through the tick, produces the fever. This germ is usually received by the tick from ground squirrels, chipmunks, prairie rodents, chipmunks, ground squirrels, or possibly, but rarely, rabbits. Vaccine for combating the disease is produced at the United States laboratory at Hamilton, Montana and may be had and administered by any physician. Those working on the range should be vaccinated.

"Lingerie" Feature to Show at Orpheum Theatre

Handsome Malcolm McGregor and pliant Alice White—delightfully

cast in "Lingerie," a production in which a love triangle, and some complications furnish unusual entertainment and a good deal of amusement. There is a pair of buck privates, capably played by Kit Guard and Victor Ford, whose comic relief is really funny.

"Lingerie" is the story of a man who bids goodbye to happiness and joins the American army in France as a private because an hour after his wedding he learns that his wife is in love with someone else and has married him merely for money. A little French midwife, played with charm and piquancy by Alice White, convinces him that his judgment of women has been a trifle hasty. In spite of several obstacles, at times apparently insuperable.

Besides those already mentioned, the cast includes Mildred Harris, who has some very effective scenes as the wife, Armand Kallis as her lover, and Corrella Kellogg and Marcelia Corday. "Lingerie" will be at the Orpheum theatre today and is entertainment well worth seeing.

CIVIL SUITS CLAIM COURT'S ATTENTION

Continuance Disposes of Last of Criminal Actions Set for Trial at Present

With a continuance granted by Judge W. A. Balchek yesterday disposing of all the "original" cases set for trial during the present term of district court here, attention of the court and jury is to be directed Monday to civil cases assigned for trial. Four civil actions have been assigned for trial Monday, and two have been set for trial Tuesday.

Continuance of trial in the case of Clyde Dudley, on appeal from conviction in the probate court on a misdemeanor charge of illegal liquor possession, was granted on motion of E. V. Larson, prosecuting attorney, who acted in support of the motion that two necessary witnesses could not be found to take part in the trial at this time. The motion was granted over objection of Dudley's attorneys.

A jury in district court early yesterday afternoon returned its verdict finding John D. Klotz, Filer, guilty of battery. DeClotte had appealed from judgment on conviction in Justice of the Peace Arthur E. Scholten's court. Filer, Clyde E. Hildreth was the complaining witness.

On Trial Calendar
—Civil cases assigned for trial Monday are as follows:
Albert Miller and Company vs. Charles Sevan; Harry Benoit and S. T. Love for plaintiff; Frank L. Sheehan and C. A. North for defendant.

General Motors acceptance corporation vs. George Carrio and A. G. Wilson; dispute over ownership of six automobiles valued at \$5000; Bothwell and Chapman for plaintiff; Walters, Parry and Thomas for defendant.

David K. Ebert vs. Twin Falls Canal company; claim for \$20,000 damages and \$12,000 rental for land submerged by reservoir; Walters, Parry and Thomas for plaintiff; J. R. Bothwell for defendant.

nounced last evening by John W. Granham, chairman of the committee. Members of the Republican organization's budget committee last year have been requested to serve again this year in the same capacity. They are: F. C. Filer, state senator; Frank L. Atkins, Buhl; Paul R. Taber, H. R. Grant and P. J. Pringle, Twin Falls.

EDEN, March 23—Legal notices calling the attention of school patrons to the annual school meeting and election have been posted here. The date of the annual meeting is April 20. School trustees to serve for a period of three years, will be elected. The term of A. M. Black expires at this time. The fixing of the tax levy to meet the annual budget of expenses of the district, and voting on the length of the school term will be other questions for settlement on election day.

The carnival dance given here Friday evening by the Eden Auxiliary Ladies proved to be a successful social event. Music was furnished by a Burley orchestra.

Materials for the construction of an addition to the Tom Foreaker care are being handled and work will start the first of the week. Mr. and Mrs. Foreaker have gradually built up a tract that has justified additional investments to their property. The new addition will be placed at the rear of the present dining room.

Mr. and Mrs. Joe Price and children are here from Salt Lake City visiting at the home of Mr. and Mrs. Byron Averitt.

E. Hirschler was a visitor here Friday from Rupert. He reports the condition of Mrs. Hirschler greatly improved and that she would be able to resume her work as instructor in the Eden high school within the next week.

Mr. Hirschler has been absent from school duties since coming to Eden. Mrs. Hirschler will again resume his work at Moscow high school as manual training teacher the first of the week. Her absence had been called home by the illness of Mrs. Hirschler.

The village marshal has been supervising the grading and dragging of the streets here for the last few days. The streets are now in a much better condition.

Miss Elizabeth Aberdeen, former teacher in the Eden school, came from Albion Friday evening to spend the week-end here.

Invitations have been issued by a committee representing the Eden Rebekah lodge for the holding of another progressive card party on Tuesday evening. A similar event early in the winter proved enjoyable. Mrs. James White, G. P. Smith and Mrs. Ira Hayes will serve as hostesses.

Dorothy and Francis Fulton arrived home Wednesday evening from Gooding where they have been attending "wedding college." The girls took advantage of the Easter vacation to visit.

Miss Thelma Barnes, senior at Albion Normal, is home for Easter. Kenneth Stringfield, Oakley, visited with Eden friends Friday evening.

The juniors of the high school will attend their annual play next Friday evening. "Watching for Wilton."

A carnival was staged here Thursday evening by the local organization of Girl Reserves. The proceeds will be used to help defray expenses of delegates from Eden to the annual summer camp held for the various Girl Reserves organizations of southern Idaho.

The first event of the evening was the program by the girls, with Mrs. Ava Barnes in charge. Musical numbers, Girl Reserve songs, and two plays made up this part of the entertainment. Mrs. Barnes gave two enjoyable vocal numbers, and Jerry Day, accompanied by Mrs. Barnes, played the harmonica.

Following the program, the side show, fish pond, beauty parlor, and cats program interested those attending under the hour. Miss Elsie Sult, district secretary of Girl Reserves organizations, was present.

Irish Program Features Meeting of Hailey Club

HAILEY, March 23—Ireland and the Irish, Free State made an interesting subject for the program Thursday afternoon for the Hailey Civic Club at the close of the business meeting. Notes on the establishment of the present government, its area and its flag were presented. A description of Blarney castle, quotations from Moore's poetry with an Irish song and a dance by eight school girls completed the program. A number of souvenirs were on exhibit, including a bit of the Blarney stone.

Buhl School Stays ON ACCREDITED LIST

Board Decides to Take Up \$54,000 in Outstanding West End District Bonds

Buhl, March 23 (Special to The News)—Superintendent M. M. Van Patten announces that Buhl high school has been fully accredited for the coming year following an inspection by Phillip Solen, state high school inspector, Word of the high school's standing was received from W. D. Vincent, commissioner of education.

At the present time there are 331 students in the building. The inspector found equipment to be of excellent quality and above the average. The library contains over 2000 volumes and the number is increased annually by an expenditure of \$200. School spirit and interest in work was found to be of the finest.

Decision was reached at a recent meeting of the Buhl school board to take up \$54,000 in outstanding bonds and an effort will be made to refund the remaining \$100,000. A sinking fund has been provided for redemption of the first amount which is now payable. The option to refund the bonds will be given July 1.

The following students of the high school won honors during the first six weeks period of the second semester: High honors—William—Gibb, Frank Voska, Eunice Ewer, Carolyn Gibb, Beale Hejmanek, Gertrude Johnson, Howard Gordon Daley, Ronald Davis, Virgil Gould, Don Gray, Earl Kambrick, William Merrick, Reuel Staylor, John Voska, Miriam Allen, Charlotte Ahlquist, Elsie Bonar, Charline Boring, Helen Brackett, Madge Gault, Wilma Gray, Margaret Griffin, Nedra Hays, Easter Howard, Katharine Rupp, Lucille Koch, Thelma Kroth, Ruth Lacey, Beale Leskie, Gladys Lowrey, Ruth McClosky, Iva Nell McBurnie, Florence McDonnell, Virginia Merrill, Jane Merrick, Irene McKesh, Mavis Morgan, Florence Meyers, Betty Peck, Olive Reed, Melba Rodgers, Lulu Shank, Arabelle Southwick.

Buhl Rebekahs Postpone Meeting With President

Buhl, March 23—Mrs. Bertha Belmont, Buhl state president of the Rebekah lodge, scheduled to meet Friday evening with the local order, was detained by impassable roads and the meeting was postponed until Friday evening April 28.

Dr. O. H. Colman, Dr. W. M. Rodgers and Dr. W. Sheldon, Buhl, will attend the Idaho State Dental association convention in Twin Falls.

Mrs. Virginia Mullins has accepted a position with the Worley Motor company, succeeding John Priddy, who is now in Salt Lake City.

Russell Wilson, who has been confined to his bed since the holidays with a broken leg, has returned to a Twin Falls hospital for an operation. Two previous operations were not successful and a plate is to be used to strengthen the bone.

O. C. Burgess has been called to York, Nebraska, by the illness and death of his father.

Johnson Proposes to be Gentle but Firm With Capital Nine

"Big Train" Still For Players, Finds Outlook Optimistic

"We Will Have Plenty of Speed; Barnes and West Both Fast and Rice Can Still Move," Says Chief

By BRIAN BELL.
(Associated Press Sports Writer)
TAMPA, Fla., March 23.—Walter Johnson, after 20 years of success as a major league pitcher, learned a lot of managing in one year in the minors and has returned to his first love, Washington, wiser than he was a year ago.

"The 'Big Train' is still 'for the players,' but he is quite definite in saying that his policy in the first season as a manager on the big time will be very definite.

Chatting with the big fellow who could throw baseballs past the bats of the best hitters in the business one gets the idea that he proposes to be gentle but quite firm.

"If I could have known a year ago when I started out as a manager what I know now, my whole policy would have been different," he said.

"Players who do not take their work seriously are doing themselves and their clubs an injustice and when I found I had some of this type on my

Utah Aggie Matmen Win at Tournament

Pocatello University's Wrestler's Take Second Place Honors in Logan

LOGAN, Utah, March 23 (AP)—The Utah Aggie wrestlers copied team honors with a total of 23 points and the University of Idaho, southern branch, took second-place with 15 points, in the finals of the Intermountain amateur athletic union wrestling tournament held in the Smart gymnasium here tonight.

A large crowd witnessed the matches which were fought with fast action from start to finish. The Aggie placed four firsts and one second, and the Idahoans three firsts to lead the competition.

Summary: 112-pounds—Ronald Jones, Utah Aggie, defeated Vernal Spinkman, Weber high, Ogden.

116-pounds—Earl Nishimoto, Aggie, defeated Garn Webb, Brigham Young University.

125-pounds—Dean McAllister, Aggie, defeated Albert Hornum, Deseret gym, Salt Lake City.

135-pounds—Sherwin Hauch, Idaho, won from New McBeth, Aggie, reverse fall.

147-pounds—New Franklin, Pocatello, defeated Milo Moxley, Brigham Young University.

160-pounds—Bernard Nelson, Aggie, defeated Al Selverts, Deseret gym.

175-pounds—Amos Stephens, Idaho, defeated Leo Bernacole, Deseret gym.

Heavyweight—Frank Lopez, Idaho, defeated Bill Lomson, Deseret gym.

Officials: Lisle Smith, referee; Munn A. Cannon and Lew Thomas, judges; Herman Romney, timer; Hyde Cowley, clerk of tournament.

Coach E. L. Romney awarded gold and silver medals to first and second place winners, respectively, on behalf of the Amateur Athletic union.

Anthony Buonomo Leads Bowlers in All-Events

CHICAGO, March 23 (AP)—Anthony Buonomo, Rochester, New York, went into the lead in the all-events competition at the American bowling congress tournament today by amassing a total of 1927 points.

Edging Carey and Charles O'Gorman, Saginaw, Michigan, still lead the doubles division with 1215 pins.

Pittsburgh Pirates Blank Missions, 1-0

SAN FRANCISCO, March 23 (AP)—The Pittsburgh Pirates matched an airtight exhibition game today from the San Francisco Missions, winning by 1 to 0 with a ninth inning rally. Dick Bartlett, second baseman, broke up the deadlock with a screaming double to left, that scored Wadie.

Lloyd Waner, hood centerfielder of the Pirates, celebrated his return with a single in four trips to the plate.

Score by innings— R. H. E. Pittsburgh (N) 000 000 1-5 0 Missions (C) 000 000-0-2 0

Batteries: Petty, Dawson and Hartgroves; Reuther, Hibbell and Hoffman, Baldwin.

Idaho Coaches Beat Washington Cagers

SPOKANE, March 3 (AP)—University of Idaho athletic coaches claimed a championship tonight after a rough and tumble basketball victory over Washington state college mentors. The score was 20 to 14.

Cougar coaches, led by big "Bucky" Blakey, led the Idahoans in the first quarter, but lost their edge in the second. The score was tied in the third, but Rich Fox, who develops Idaho hoop news, went into action in the fourth and clinched the game.

Tonight's game was the third of a series, Idaho winning the opener at Moscow two weeks ago and Washington state college taking the second at Pullman. The coaches' contest is traditional between the two schools.

Buffalo Internationals Lose to St. Louis, 5 to 2

WEST PALM BEACH, Fla., March 23 (AP)—Oscar Estrada, and John Bivitt, Rookie hurlers, kept Buffalo's 9 hits well scattered and the St. Louis Browns won an exhibition game from the International league club here this afternoon.

Coach E. L. Romney awarded gold and silver medals to first and second place winners, respectively, on behalf of the Amateur Athletic union.

Score by innings— R. H. E. Buffalo (Int) 000 020 000-2 8 1 St. Louis (A) 012 020 000-5 8 1

Battlers Near End Of Training Period

Three of Principals in Routs On Coming Legion Card—Appear—in Public

Three of the contenders on Twin Falls American Legion's boxing card for next Wednesday evening, will take part in a public workout at Pleasant rink, Second avenue south, at 2:30 P. M. this afternoon.

Today's workout will mark the peak of Winmy Hoy's preparation for his bout with Joe Corbe, Buz, in the 10-round headline event on the coming card. He will begin tapering off from a daily routine of 12 rounds of boxing and extended road work.

Corbe, who was in the middle of a headline bout in Boise Friday evening, advised Duncan Johnson, matchmaker for the Legion, yesterday, that he is in fine fettle for the match here. He is expected to arrive early this week to take the fans an opportunity to watch him in a workout.

Ernie Woolley, Twin Falls, whose scheduled bout with Ralph Milliken, Caldwell, in the semi-windup on next Wednesday's card rivals the main event in point of popular interest here, has been working out with Reno and with Bud Travis, and is declared to have made further progress in the game for which he has displayed remarkable aptitude.

In the six-round preliminary, Benny Benson, Twin Falls, will be opposed by Jess Strang, Salt Lake City, who is reputed possessor of more than 25 medals for amateur wrestling and who is said to be a boxer of real prowess.

Brooklyn Robins Gain Initial Victory, 10-9

CLEARWATER, Fla., March 23 (AP)—Successive home runs by Fredrick and Herman in the eighth inning pulled Brooklyn through to its first victory of the season in a hard fought game against the Columbus team of the American association here today.

Buhl Girls' Hoop Team Journeys East

DUHL, March 23 (Special to The News)—Loyal followers of Buhl girls' basketball, gathered at the depot this morning to give the squad an enthusiastic sendoff on the journey to Wichita, Kansas, where they will play in the national tournament.

Members of the team, and Coach Harry W. Barry, had breakfast at the home of C. Lacey, and then boarded the train. The team will spend several hours in Denver Sunday, and after arriving in Wichita Monday afternoon, will draw for place in the tournament. The first game, according to information received by Coach Barry before starting on the trip, will be Tuesday night.

Players of the Buhl team are: Frances Hayes, Mary Haldeman, Mary Lacey, Elizabeth Southwick, Arabella Southwick, Myrtle Thurman, Charlie Boring and Clara Krynska. The team was accompanied by Coach Barry, Miss Aurelia Ambrose, Mr. and Mrs. W. R. Hatfield, Ruth Lacey, Leola Seeks and Gwendolyn Carvoso.

Chicago White Sox Lose To Giants, 5-2

SAN ANTONIO, March 23 (AP)—The Giant, opened their major league exhibition season here today with a 5-to-2 victory over the Chicago White Sox. Earl Hubbell and Larry Benton held the White Sox all but helpless, while the Giants found Bob Welland and Grady Adkins not too difficult.

Score by innings— R. H. E. Chicago (A) 000 001 010-2 7 3 New York (N) 010 000 000-5 8 2

Batteries: Welland, Adkins and O'Reilly; Hubbell, Benton and Hogan, O'Farrell.

Travea Waner to Play With Des Moines-Nine

ADA, Okla., March 23 (AP)—Travea Waner, double first cousin to Paul and Lloyd, will play ball with Des Moines of the Western league this year.

Travea tried out with the Pirates last year, but failed to make the jump from sandlots to the majors. He is an outfielder.

Des Moines will train at Seminole, Oklahoma, a short distance from Ada.

Datto and Ruth Draw

CINCINNATI, March 23 (AP)—Johnny Datto, Cleveland, and Babe Ruth, Louisville featherweight, boxed six fast rounds here tonight, and were so evenly matched that newspapermen at the ring-side were divided in their opinions as to the result.

Light Training Plan Will Campaign Country

NEW YORK, March 23 (AP)—Six light training planes of the Fairchild Aeronautic institute will be flown to every section of the country on a campaign to teach the rudiments of airplane design and operation to the public.

Inter-city distances, weather conditions, airports, landing fields and servicing facilities will be studied by the flying-lecturers as they hop from place to place. Fuel consumption and flying time will be recorded in detail and recommendations made later for plotting air lines.

DEAFNESS and CATARRH

Offensive Catarrhal Conditions Ended by Famous Specialist

Successful Home Treatment Originated by Dr. W. O. Coffee Which Assures Quick Relief for Nasal Catarrh

Free Trial Sent to All Sufferers

This is a generous offer. An offer of a regular, scientific, carefully prepared and tested home treatment for catarrh of the nose, throat, head and air passages absolutely free. No strings, in any way. It is open to everyone—in every catarrh sufferer in the entire United States. Every sufferer, everywhere, who reads this announcement, should unhesitatingly accept it.

There are sure to be thousands of these treatments given away. The more the better; because it is certain that all who make this free test will prove to their satisfaction the worth of Dr. Coffee's famous treatment, that—every self-treatment will make a permanent booster.

For no matter how much you are told about the wonders of this way of combating catarrhal conditions, or of the thousands who have been given complete freedom by its use—a real test—a chance to actually try it and its reactions—in your particular case is better than all explanations.

This treatment for catarrh—for freedom from that condition, relieves and forestalls many feared and distressing ailments. A real test is better even than the real treatment from those who have been given that wonderful relief. And when the gift-treatment has been tried, you will wonder why this wonderful method was never called to your attention before.

Dr. Coffee won national renown as a nasal-catarrh and deafness specialist. He, too, suffered with catarrh, deafness and head noises and many of his complications. Innumerable treatments failed to better his condition.

Is This Your Condition?
No experiment will be found a way that gave him real and actual relief in a

permanent way. Following this, he treated literally thousands of sufferers in the same manner. Many have written, after completing the treatment, expressing thanks for their recovery, in their absolute freedom from colds, nose, bronchial and throat discharges; from sinusitis, neuralgias, tooth aches, rheumatism and even their mental and intellectual troubles. All due to, as they say, to their catarrhal condition.

Catarrh Is a Handicap

Dirt and dust, from contaminated breaths are deposited in the nose and throat with every breath. Much of it finds its way into the mouth, for nasal catarrh causes the disgusting, offensive mouth breathing. The impurities in this, with inhaled air, are deposited in the catarrhal fluid—the mucus. Soon it finds its way into the body—and it is a strong constitution indeed that can withstand the fact, once it is started.

Thousands Recommend Dr. Coffee's Treatment

Don't miss this chance to make the acquaintance of this logical, scientific and purely medical catarrh treatment. A treatment the worth of which is attested by so many who have written of their relief.

A treatment which has given complete freedom to sufferers everywhere as grateful letters will prove. It is the result of 45 years of active medical preparation and practice. More than four decades devoted to eye, ear, nose and throat work.

Slowly and carefully it was developed—until at last, after many thousand, painstaking tests, Dr. Coffee was convinced that he had the best treatment. The most effective course he had ever found. Its success in the past proves that it accomplishes its purpose. And it is free on trial to you. Just send the coupon.

Dr. W. O. Coffee, for many years an eminent specialist in the middle west, and originator of this Home Treatment which has greatly benefited thousands of sufferers.

Sidelights on this Treatment for Ear Tubal Deafness, Head Noises and Nasal Catarrh

Literally thousands of people from different sections of the United States have used this special, original home treatment. Not only have many found relief from distressing head noises but restoration of good or normal hearing.

Contrary to the general belief, deafness and head noises due to ear tubal catarrh often lend themselves to treatment. Not only have many found relief from distressing head noises but restoration of good or normal hearing.

Those who are just beginning to notice that they are losing their hearing in one ear and with the coming of a cold find the other ear affected are especially urged to try Dr. Coffee's Home Treatment. Many who are now stone deaf may have been made to hear again if their cases had been properly cared for at the first showing of dullness of hearing.

Many cases of deafness are caused by dry catarrh—catarrh which gives no noticeable discharge or symptom.

Injury authorities place deafness in the list of those defects which add to the risk of the insured life. Many railroads, automobile and practically every walk of life are due to deafness or dullness of hearing. This condition in many cases can be corrected by the use of Dr. Coffee's Home Treatment. This form of catarrh is responsible for practically 90 per cent of the deafness today.

There is no obligation attached to this Home Treatment plan. It is simply a means proving to the world that such a thing as relief or deafness, dullness of hearing and head noises from ear tubal catarrh and nasal catarrh itself, is possible. There is little doubt of what this treatment will do; but the sufferer is not sure until it is proven. The fact that it is effective and has given relief in thousands of cases, will never be known by victims of this terrible affliction.

Dr. Coffee's Home Treatment for Deafness has been used by over 500,000 persons. It will benefit you likewise provided you are not totally deaf from disease of any kind, or from shock, or from any cause where the whole hearing apparatus has been entirely broken down.

Ear Tubal Deafness Successfully Treated by Simple Home Method

25,000 Trial Treatments Given Free for the Next 30 Days to Sufferers from Deafness, Head Noises and Catarrhal Conditions

Dr. W. O. Coffee, for many years an eye, ear, nose and throat specialist in the middle west, developed a treatment for deafness and dullness of hearing from ear tubal catarrh and for catarrh itself which has resulted in the restoration of hearing to hundreds.

Based on his treatment on the fact that in practically 90 per cent of the cases, loss of hearing is due to a catarrhal condition, Dr. Coffee by concentrating his efforts in that field proved that restoration of hearing is not a myth. Literally thousands of people from all sections of the United States have taken this original, home treatment and have been benefited. Letters from hundreds of these people attesting to the effectiveness of this method are on file here.

Dr. Coffee never claimed that his original treatment would restore hearing to all cases of deafness, but he said if the deafness or head noises are caused from a catarrhal condition and the tissues of the middle ear are not damaged, the hearing should be restored to real good or normal. Basing his experiments in his office on this practical relief of these conditions, he positively demonstrated that the restoration of hearing to many severe cases is an easy, practical thing for the sufferer to accomplish for himself, at home.

Literally thousands of people from different sections of the United States have used this original home treatment and many found relief from distressing head noises and restoration of good or normal hearing.

Tells of Development
Years ago, Dr. Coffee, himself, began to suffer with head noises, dullness of hearing and with catarrh. He was rapidly losing his hearing. It was bad in one ear and with every cold it would get bad in the other. Slowly but surely his hearing appeared to be leaving him. He naturally tried every treatment that he knew of, an deafness in his profession, naturally being a logical success. After a great loss of time and when two operations had failed to give permanent relief he turned his eyes and began to analyze the cause and effect of the trouble.

Basing his treatment on the results of this study he evolved a system which he believed would remove the handicap of deafness—*if anything would*—there was no other method at that time, but he believed scientific treatment, and within a short time he began to improve. After some time, he was normal again.

He did nothing spectacular—all he did was to slowly but surely remove the causes of the deafness, and when the causes were removed, he was able to hear again.

Treatment Sent to Thousands
Accompanied and friends of the doctor's friends as to the treatment, and soon he was overwhelmed with requests for the method. To treat this number of people in person he would have had to have been everywhere, which was impossible; and so, he started to develop a home treatment. After careful consideration he effected a course which he believed to be effective. He allowed a number to try it at home, without the assistance of a physician, and found that they could do the work with almost the efficiency and the good results that a doctor could.

Tells of Home Treatment
Changing the treatment and developing it—adding here and taking away there, after several years, the "home treatment" was perfected. Now it is possible for anyone, anywhere, with just ordinary household surroundings, to treat themselves for relief of deafness, dullness of hearing or head noises from ear tubal catarrh.

Explains Free Offer
To prove that this treatment is effective and the beneficial effects of this home system of treatment have been proved. When the average physician has treated fifty cases with one definite system of treatment it is sufficient to demonstrate what it will do. Dr. Coffee treated thousands of such cases. Letters from people who have used this home treatment are on file here as proof of the wonderful results.

Those who are suffering with deafness, dullness of hearing or head noises from ear tubal catarrh may try free, at no cost to them whatever, this original treatment. Even the parcel postage charges prepaid and they arrive at the home of the deafness sufferer free of all cost or obligations.

Deafness Due to Catarrh of Air Passages

Authorities Blame Ear Tubal Catarrh for 90 Per Cent of Deafness Throughout the World

Free Trial Offer to All Sufferers

According to authorities who base their assertions on years of research and actual medical observation and practice, 90 per cent of the deafness in the world today is due to catarrh—ear tubal catarrh.

Not only is ear tubal catarrh which is really a development of nasal catarrh, blamed for deafness, but at its door are laid many other diseases, such as stomach catarrh, poisoned conditions of the body, and a generally diseased condition.

This May Be Relieved
This condition may be relieved. Dr. W. O. Coffee, a widely known specialist in the middle west for many years, developed a home treatment for deafness, head noises from ear tubal catarrh, and catarrh itself. Through his method, it is possible to remove the catarrhal condition in many cases and make hearing practically normal once more. It has been proved that in many cases this is true.

Greatest Success
Phonological success has attended the Dr. Coffee home treatment. More than 400,000 cases of deafness, head noises due to ear tubal catarrh and ordinary nasal catarrh have used this method in all countries, the country and out of this number

a huge number have reported complete restoration.

More of these sufferers have been people whose hearing was bad in one ear and was rapidly getting bad in the other. With every cold, the hearing grew worse. This condition was relieved for many; relieved not only for the time but the catarrhal condition was bettered, and in many cases all traces of the disease were gone.

Deafness strikes at any age—and Dr. Coffee's home treatment has been used by people of all ages. By this method many who were, apparently, destined to go through life with the handicap of impaired hearing were made normal once more.

Improvement General
Physicians state, authorities agree, too, that in these cases doubtless other diseased conditions were combated and relieved by the defeat of catarrh; for it no longer poured its daily portion of poison into the human system and the body was no longer required to use but the portion of its strength in throwing off this poison. As a result, it was better able to combat new diseases and the general physical condition was bettered in addition to the relief given for deafness.

World War Hero, One Time Twin Falls Resident, Dies After Winning High Honor

A young man who had been three times severely wounded in action during the World War, and who had won highest military honors and decorations bestowed by virtually all of the Allied nations, died the other day at his home in Santa Ana, California.

Among the many orders and decorations that were won by Fisher was the Distinguished Service Cross of the United States, the Croix de Guerre of France with 12 citations, which palm represents a new citation for special bravery, the Medaille Militaire of France, the Victoria Cross of Great Britain, the highest honor that could be conferred by King Albert of Belgium and the King of Italy.

Another outstanding distinction that came to him was his election to membership in the Adventure Club, a nationwide organization whose list of members is so select that not more than one individual is elected to each year. It is known that at the time he was proposed and accepted he was the youngest member in the United States.

SCARFS IN FAVOR ON DRESSES AND COATS

Material of Bright Color, Frequently Similar to Lining, Proves Popular

(By THE NEWS SHOPPER) There is a universal endorsement of the scarf in collar treatments, both on dresses and coats. Scarfs are attached to the coat, in bits of bright colors, or of the material of the coat lining, or if they are an ensemble-coat, in the material of the dress.

The separate scarf offered as an accompaniment to a tailored sports coat is a spring development. Scarfs are of the type which may be tied as a cravat thus filling in the opening and giving a softened effect. The background matches the coat lining, and the scarf is patterned in gaily contrasting colors.

PARIS DEVELOPS NEW GARMENT FOR BEACH

Latest Creation of Style Center Finds Ready Sale Among Buyers of America

(By BARBARA BEAUFORT (Associated Press Fashion Editor)) PARIS, March 23.—Something new has appeared under the sun. So new it—or rather they—all are nameless.

Some of the American buyers who spotted them and immediately ordered many sample pairs in preparation for summer time, called them beach trousers. Other buyers, who had swimming pools in private gardens in mind, christened them "garden pantalottes."

They are made of any bright, unobscure linen or cotton print and are, or will be, just about as expensive as a pair of ordinary winter trousers. The girl who is going to wear them.

Fasten With Scarf They fasten with a scarf, or sailor-like buttons, around the waist. The swimming maillot seems in place of a top, and, as the scantiest yet seen, Palm Beach pants will not be overburdened with tops, something new for beach inspectors to worry about.

A Woman Observer in Washington

(Associated Press Feature Writer) WASHINGTON, March 23.—Woman of all ages and in all sorts of regalia are flocking to greet the new president. They come from every state in the union, from Texas wearing cowboy hats; from most anywhere in short skirts and fur coats; from most anywhere, too, middle aged, plump, painting and perspiring lest they should by some chance be cheated out of their chance. Once they are on the move and headed toward the "blue room" they look more contented. They come out with faces wreathed in smiles.

Women seem to have a greater desire than men for a personal chat or the exchange of a few words with the president. Owing to the great number of people he must see constantly it would be "improbable" for him to give more than a handshake and, perhaps, a word to each one. So the secret service men who guard him frequently are called upon to usher down the line some feminine caller all ready to embark on a protracted conversation. The lady really does not know what has happened when she finds herself at the exit of the blue room with her carefully planned sentence only half finished.

"A tall good looking young fellow just took me by the arm and shoved me along," one woman explained. All very politely, without any fuss, but effective.

There was the elderly woman with the predicament who started to say just as she shook the hand of President Coolidge: "Mr. President, I want to ask you a question." What the question was will never be known, for she never had a chance to ask it. A firm hand guided her along the line and she arrived at the outer door with a bewildered look on her face.

A young woman from New England confidently approached President Coolidge with some pictures of Vermont snow scenes. When she reached his side she hastily opened her pocket book to produce the pictures which she thought would please the president. A couple of secret service men intercepted them and the girl was moved along the line. Hands and their movements are always watched around the White House and any sudden and unexpected movement in the vicinity of the president is a signal for alarm.

Interior Secretary's Wife Sincere Lover of Children

(By SUE McNAMARA (Associated Press Feature Writer)) WASHINGTON, March 23.—The personality of Mrs. Ray Lyman Wilbur, wife of the new secretary of the interior, comes expressed in the roses which she always keeps in her room and the rows of pictures of her children and grandchildren which she keeps on the mantel. Sweet-faced and smiling, Mrs. Wilbur is compelled to spend part of each day resting as the result of a serious injury several years ago. She will be unable, therefore, to take a very active part in the social life of the capital for some time, though she is now recovering from her accident. She was thrown from a horse.

Mrs. Wilbur has made no plans for a permanent home, though dreams of a big house in Washington, where she can entertain five children and her four grand children of San Francisco are beginning to formulate. Her children and her husband are her chief hobbies, she says. In her pleasant hot room where she can lie on her sofa and look at them, pictures are displayed in a long row interspersed with the fragrant roses.

The Wilbur has a summer home in the Sierras in California and a cottage among the redwoods back of Stanford university where the clan gathers every week-end.

Four of the Wilbur children are married. They are Mrs. Leonard Ely, wife of the inaugural ceremonies. She went to the capital to see the president take the oath of office and afterward had luncheon with Dr. Wilbur at the White House. She was unable to see the parade, however, and retired to her room. The Wilbur and Howers have been friends for a long time and have often exchanged visits.

From her couch where she rests presently, she is at least a peep into the capital under no less a leader than the daughter of William Jennings Bryan, a capable leader and orator in her own right.

Mrs. Owen made her first attempt since becoming a member of congress, at educating youth in government affairs when the Lake Worth harmonica band of Florida gave a Washington for the inauguration. She took the entire group of 35 youngsters ranging in age from 7 to 16 years on a tour of the capitol and other important buildings. They saw congress in session and had some of the procedure explained to them.

There are five grandchildren, including twins of Dr. and Mrs. Ely. Undaunted by frail health, Mrs. Wilbur determined on at least a peep into the inaugural ceremonies. She went to the capital to see the president take the oath of office and afterward had luncheon with Dr. Wilbur at the White House. She was unable to see the parade, however, and retired to her room. The Wilbur and Howers have been friends for a long time and have often exchanged visits.

Blank Cartridges Foil Jealous-French-Women

PARIS, March 23 (AP)—Blank cartridges, sold to jealous women, save courts lots of trouble. A Bordeaux arms merchant intimated the idea several months ago and since then a number of dealers have averted tragedies by good guessing on women customers.

Auguste Gray, a Paris dealer, is the latest gun-selling psychologist. When Madame Victoire Fauconne bought a revolver and asked him to load it he noted her excitement and used blank cartridges. Two days later she fired at Jean Paris. She thought her marksman ship bad but to the police Gray explained how he balked bloodthirsty women without interfering with business.

WIFE OF GREAT INVENTOR URGES ACTIVE CLUB WORK

FORT MYERS, Fla., March 23 (AP)—Active participation of women in civic and other activities is urged by Mrs. Thomas A. Edison, wife of the inventor. "It is those who go out and strive, while others sit cozily at home, who are doing the world's work," Mrs. Edison said recently in addressing the women's community club at Fort Myers, her winter home. "Do not pray for easy lives," she said. "Pray to be strong enough for work. Do not pray for tasks equal to your powers but pray for powers equal to your tasks."

Mrs. Edison is one of the most active workers in this section of the state. While her husband works diligently in his laboratories with rubber and other experiments, she spends her time beautifying the yard at the Edison winter home, and in civic and women's club activities.

EXPERT BELIEVES BRIDGE GOOD-TEST FOR MARRIAGE

ATLANTA, March 23 (AP)—And now comes Mrs. Annie Adair Foster, Atlanta bridge authority, with the suggestion that companionate bridge partnerships would go far toward oiling the waters of the matrimonial sea. "Instead of companionate marriages, why not try out companionate bridge partnerships before taking the final vows?" she asks. "Companionate bridge partnerships, so far as my observation goes, have proven very successful and I cannot say that all married couples play bridge amicably together. People play bridge as they are constitutionally born. A man or woman may conceal meanness of disposition in the ordinary social contacts of life but it is sure to come out at the bridge table."

FEATURE FLASHES FROM FAR-FLUNG FOREIGN FIELDS

INCREASE OF COPPER PRICES BRINGS JOY TO MINERS IN ANDES

Progress of Market Conditions Holds Interest of Workers Employed in High, Lonely Mountains

By CHARLES S. SMITH
(Chief of Foreign Service, Associated Press)

ANTOFAGASTA, Chile, March 23.—Increased copper prices throughout the world have brought joy to the copper mining towns scattered over the bleak crags of the Andes.

At Chuquibambilla, Rancagua, Chanaran and Potosí in Chile and at Cerro de Pasco, Peru, and lesser copper centers there is increased activity.

All shifts bound northward from Antofagasta. Tocopilla and Mejillones carry large cargoes of Chilean copper. Peru is also pouring a greatly increased production of copper into the markets of the United States, Great Britain, Germany and other countries engaged extensively in the production of electrical equipment.

It is not unusual for a New York bound ship to carry a million dollars' worth of copper bars. And German, British, Italian and French shippers for Europe can ports are heavily laden with the red metal which has kept Wall Street and European exchanges on tiptoe for months.

Study Trade Conditions
Engineers and workmen in the mining towns are playing the market, and eagerly scanning the papers for news of trade conditions. The securities of American mining companies are sought by employees of all ranks. Conversations are confined largely to a discussion of how long the electrical equipment of the world will continue, and whether there will be any let up in the increased demand for copper.

The copper towns have grown up on the sides of the high mountains. Most of them are located more than a mile above sea level. Some of them are two miles high, in arid rocky country devoid of all vegetation, unless irrigated, and dependent for water upon pipe lines or flumes leading from more favored districts many miles distant.

A mild attempt to insert an opening wedge into the "closed door" has just met with a brusque repulse. An organization of Greenland experts asked the government to allow a load of Danish tourists to visit Greenland this coming summer. The prompt answer was "No."

But Dr. Knud Berlin, a prominent historian, has boldly asked the minister, saying that the same narrow view was held with regard to Iceland, up to 1787.

The whole trade with Iceland up to 1787 was a strict government monopoly just like the present Greenland monopoly," Dr. Berlin pointed out. "The ultimate result of this folly was, that Denmark today is an independent country and is doing a bigger trade per capita with foreign countries than any other nation in the world."

Commandant Mattern, the chief of the French gendarmes in Strasbourg, the man who may be called upon to represent any open manifestation of movement, should it come, made no secret of his anxiety.

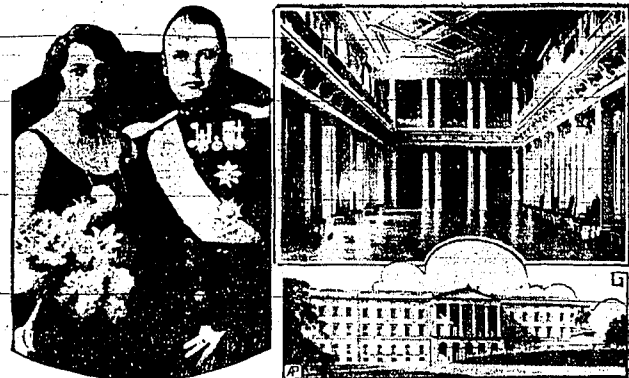

"I think you, trouble has been avoided thus far, but many times I have had grave misgivings. As it is now, we are at the mercy of some inspired idiot who may fire off a revolver," was his comment.

Mattern, himself an Alsatian, is in a very delicate situation, charged in Paris with being an alarmist, and in Strasbourg with unnecessary sternness. He finds himself between the hammer and the anvil. "I hate to think of it, but if they begin smashing the furniture we shall have to protect it," he exclaimed.

Bishop Ruch-Strasbourg, with most of his clergy openly arrayed against him, takes a more optimistic view of the situation. He is a firm believer in a satisfactory solution through Paris.

GREENLAND'S ESKIMOS IN DENMARK ISOLATED

Danish Government Monopoly of Trade Under Fire of "Open Door" Advocates

COPENHAGEN, March 23 (AP)—The Danish government's monopoly of Greenland trade is under fire from advocates of the "open door" who fear that the policy may result in loss of the territory to Denmark.

For more than 200 years, this monopoly has been maintained with the Eskimo dependency. No ship of any nationality—not even Danish—is permitted to enter a Greenland port without the permission of the Danish government and only a government department, known as "The Greenland Trade," has the privilege of trade with the natives.

A mild attempt to insert an opening wedge into the "closed door" has just met with a brusque repulse. An organization of Greenland experts asked the government to allow a load of Danish tourists to visit Greenland this coming summer. The prompt answer was "No."

Alsatian Hopes Aiming at Freedom from Paris' Rule

By T. T. TOPPING
(Associated Press Staff Writer)

STRASBURG, Alsace, March 23.—Critical, dangerous or grossly exaggerated, and fictitious, are some of thejectives applied to the situation in Alsace according to whether one's interlocutor favors or opposes the movement for home rule in "the redeemed province."

The Abbe Haegy, a simple, modest priest in poor health, received the correspondent in a "cure" room in a local clinic. He is the acknowledged chief of the movement.

"The situation is fraught with dangerous possibilities, but I believe and sincerely hope trouble may be avoided," he said. "There seems to be a complete lack of understanding of Alsatian affairs in Paris. I do hope the French government will see its way clear to restore the local administrative regime here."

Canon Eugene Muller, senator of France and next to Haegy perhaps the most influential autonomist in Alsace, was more emphatic.

"We have been accused of being pro-German by some members of the French Parliament, but the idea is ridiculous," he said. "The situation is grave and it is only thanks to our restraining influence upon the people that it has not become critical. Had we been pro-German, as we have been accused, we had only to say one word and the Alsations would have followed us."

Commandant Mattern, the chief of the French gendarmes in Strasbourg, the man who may be called upon to represent any open manifestation of movement, should it come, made no secret of his anxiety.

BATONS MODERN AID TO MUSICAL RHYTHM

Practice of Leading With Piano Discarded at Vienna During Last Century

VIENNA, March 23 (AP)—Few, even including very musical people, realize that marking time with the conductor's baton is a practice of comparatively recent times in the history of music. The eminent music historian, Otto Erich Deutsch said recently that it was in 1821 that the practice of having the conductor lead his orchestra by means of a piano was discarded at the Vienna opera and the baton formally adopted.

Previous to that date the task of enforcing rhythm among the diverse groups of instrumental and vocal performers was often divided among as many as three personage at the same time. On such occasions the first violin led the orchestra, a second conductor accompanied on a piano during recitativo passages (once so popular in opera) and kept the chorus on the stage together, while a third conductor was a "bass-officer," whose task it was to keep the gentlemen of the first violin and him at the piano (to clavierism, as it was called), from outstripping each other.

In London a conductor's baton was first used in 1819. It was swung by Ludwig Spohr at a grand concert.

The great Mozart, however, it is creditably reported, while directing on December 7, 1768—at the age of 12—some of his own organ compositions in the presence of royalty, whisked out of his pocket a little baton and to the astonishment of all present, by its means, kept the mighty orchestra of vocal and instrumental performers in perfect time.

Filipino Teacher Decries American Youths' Influence

MANILA, March 23 (AP)—Customs and modes of life borrowed from America are destroying Filipino ideals, in the opinion of Dean Jorge Bocobo, who is known locally as "the gloomy dean of the Philippines." The dean is a member of the college of law, University of the Philippines.

In an address before the National Federation of Women's Clubs he said that a decrease in filial piety and a marked tendency on the part of the Filipino youth of today, to indulge in extravagance and frivolities were indications of a serious problem raised by Filipino contact with America.

"In our desire to show off, to demonstrate that we are indeed 'highly civilized,' Dean Bocobo asserted, 'we imitate everything we see from America, little realizing that we make ourselves ridiculous in the eyes of sensible Americans and foreigners.'

"Young education a doctrine has recently been advanced that we must let our young men and young women alone, because to hedge them about with discipline does not build up their character."

"This unrestrained freedom in the United States is the cause of 'petting parties, joy rides and misery. Transplant the same license to the Philippines and worse consequence may follow, because history shows that when a backward race is the name of civilization, imitates the vices of a progressive nation, the resulting disaster

Cold Beer and Warm Milk Rule in Brazilian Homes

CURVITIBA, Brazil, March 23 (AP)—Salubrious "compromises" from the United States offering electric refrigerators in Brazil have found that beer and ice are inseparably linked in the Brazilian mind—because the breweries "make and sell all the beer. Salesmen have to inculcate the idea that meat, vegetables, milk and butter are, like beer, improved by cooling."

"Meat" throughout Brazil is usually killed in the afternoon, sold and consumed the following day, so that refrigeration for it is unknown to the common citizen.

"The packing plants kill only for export or for the big hotels in the large cities. They have no contact with the retail meatshop.

is worse than in the country of origin. "If prohibitions are harmful, and we must let men and women act as they see fit, why not abolish the church, the school, the government, the family and all social institutions? Why not repeal the penal code? Why not scrap the Ten Commandments?"

ISSUES MANIFESTO
SYDNEY, Australia, March 23 (AP)—The recent English "test matches" between England and Australia were treated as manifestations of "the malignant hand of capitalism" in a manifesto issued by the Labor Council of New South Wales. The document said that sport and art were used by employers to "build up psychology favorable to the capitalist system."

Idaho Indian Criticizes "White Sisters" for Painting and Scantiness in Attire

NEZPERCE TRIBESMAN POINTS OUT DEFECTS IN RACE'S CUSTOMS

"Neither Do We Murder, Nor Chop Up Our Neighbors' Children and Feed Them to Fowls," He Says

(By The Associated Press)
BOISE, March 23—When it comes to putting on an overdose of "war paint" the Indians have conceded the honors to their "White sisters" declared Thomas B. Beall, a Nezperce Indian of Lapwai.

The Indians are not ashamed to don the war paint and feathers when these are occasion. Beall said—but it makes us blush with shame when we meet some of our White sisters on the streets, bedecked with an overdose of "war paint" on their faces and so few clothes."

"It seems to us it would be more modest, and may I say it would seem more civilized to us, if they would wear a few 'feathers' to cover a little more of their nakedness."

"Neither do we Indians murder nor chop up our neighbors' children and feed them to the chickens, as I read in the newspapers some of our 'civilized' White brothers have been doing."

"Now which is really the 'civilized' people? There is much more to be said—but what's the use?"

Another tribesman, Charles Morton, drew no comparison between the Indian war paint and that of his "White sisters" but instead was ashamed to don the war paint on proper occasion. He took exception to a recent report that his tribesmen were too proud to wear war dress in President Hoover's inaugural parade. He declared he and many others of his tribe would have felt honored to march.

superintendent who said the tribal council of the Nezperces had rejected the invitation of Mr. Hoover to march in the parade. A picture of Morton and David Scott was published in connection with the refusal and Morton promptly denied he had refused to march. He said he had consulted a number of his tribesmen and they were all deeply grieved that one man should assume so much responsibility upon himself to speak for all or any of the Nezperces.

Fought With Chief Joseph
Morton described himself as a man who fought with Chief Joseph in the war of 1877. (A war which waged through central Idaho and over into Montana).

"That was a just war—it was a war for our country. Wallowa. We were assigned to this valley to live in peace while the other chiefs were assigned to a district known as Imnaha and from there down along the Snake river. The first district Imnaha was assigned to Chief Yellow Bull, the second to White Bird, third to Yu-Hoat-Hul-Butte, fourth to Old Joseph, covering all the Wallowa district."

"And some of us are still alive—and are descendants of those chiefs, and whenever we want to visit the high officials, either in Washington, or elsewhere, we usually pick a man from these parties."

"We Nezperce Indians do not don the war paint and feathers just for 'show' to amuse our white brothers, or for photographic purposes, but in memory of our forefathers and to represent that we are the true original occupants of America."

Mrs. Montgomery Dies At Ranch of Daughter

BURLEY, March 23 (Special to The News)—Mrs. Sallie E. Montgomery, Salt Lake City, died Thursday at the home of her daughter, Mrs. Lucy Spaulding, at the Keogh ranch, near Malta. Mrs. Montgomery was visiting her daughter at the time of her death, which was caused by general debility.

As requested before her death, she will be buried in the Malta cemetery, Saturday, interment to be under direction of D. E. Johnson. Mrs. Montgomery was born in Indiana in 1843. She is survived by Mrs. Spaulding and the following children: Mrs. Frances Simpson, Colorado; Mrs. Daisy Bullinger, Kansas; Ernest E. Montgomery, Colorado; and Henry D. Montgomery, Salt Lake City.

85 MEMBER S OF CLUB AT KIMBERLY HEAR PROGRAM

KIMBERLY, March 23—Thirty-five members of the Calendar Tea club met at the home of Mrs. Harry Brandon Wednesday afternoon. The program arranged by Mrs. P. E. Wilson, included interesting discussions on interior decorating and home furnishings. Music at the meeting was furnished by Mrs. J. Dybert and the high school orchestra. Refreshments were served from an attractively arranged table. Mrs. J. M. Morgan and Mrs. O. McVey presided at the silver service.

J. Harte, who has been visiting his sisters, Mrs. W. S. Martin and Mrs. J. Wilson here, left Sunday for Grand Island, Nebraska, and later will return to his home at Iowa City.

The Royal Neighbors met Friday afternoon at the home of Mrs. Earl Goodie. Following the business session and health exercises conducted by Mrs. W. A. Oll, refreshments were served.

Mr. and Mrs. George Edridge and family will leave soon to reside at Aberdeen.

Mrs. J. Frank Henry was hostess at a breakfast served at 10:30 o'clock Thursday morning to members of the Kimberly Bridge club and guests, including Mrs. H. Miller Proctor, Mrs. Harriet West Jr., Mrs. P. W. Scott, Mrs. C. M. Fisher, Mrs. Ernest White, Mrs. R. E. Bobler and Mrs. Nellie Ostrom. Mrs. O. L. Ross and Mrs. Glenn Whitely won club bridge honors, and Mrs. Bobler was awarded the guest prize.

Proctor Spence was ill for several days this week at the home of his parents, Mr. and Mrs. W. H. Spence.

Frank Gelatly returned home Thursday from Nebraska where he visited his brother, Ray Gelatly, for two months.

Burley Citizens Object To Present Gymnasium

BURLEY, March 23 (Special to The News)—Declaring the steel pillars in the high school gymnasium to be a menace to players, a petition signed by some 150 citizens has been presented to the Burley school board. It is requested that either the gymnasium be reconstructed and the pillars removed, or that a new gymnasium be constructed. There has been complaint from outside basketball teams concerning the danger to players from these steel supports, which range along the sides of the gym floor.

The finance committee of the school board is investigating both the cost of a change in present construction, and of a new wing to be erected alongside the high school.

JEROME AND BUHL TEAMS SHARE HONORS IN DEBATE

JEROME, March 23 (Special to The News)—In a debate here with the Buhl affirmative team Friday night, the Jerome negative team was declared winner by the judge, A. F. James. Gooding Jerome's affirmative team at the same time, lost the decision at Buhl. The subject for debate was: "Resolved, That the United States Government Should Cease to Protect by Armed Force Capital Investment in Foreign Lands Except After Formal Declaration of War."
Buhl debaters here were Frank Machacek, Lula Shank and Don Grayot, and the Jerome team consisted of Catherine Folkman, Viola Bott, and Jack Snodgrass. The program included two flute solos by Jack Dwight, with accompaniment by C. M. Mattson.
The Jerome affirmative team consisted of Eulah Parkinson, Bernice Pinkston and Richard Lee, and the Buhl debaters for the negative were William Merrick, Eunice Ewer and Margaret Griffin. The judge at Buhl was Shud L. Hodge, Twin Falls.
The visiting Buhl team was accompanied by Miss Eulalia Shafer, and Emory D. Doane, superintendent of Jerome schools, traveled with the Jerome affirmative team to Buhl.
On Tuesday Jerome will debate the same question with the Twin Falls teams, the affirmative teams traveling.

Announcing for 1929 . . . New Improved Goodyear Tires at Sensationally Lower Prices!

WE have received our first shipment of these wonderful new improved Goodyear Pathfinders—AND THEY ARE WORLD-BEATERS FOR VALUE! Goodyear, producer of many millions more tires than any other factory, scores again!

See the strikingly attractive new and more rugged Pathfinder treads, built to "wear like iron" and to grip the road more securely than the highest priced tires made by many manufacturers.

To all of those sturdy quality features upon which the Pathfinder's reputation has been soundly built in previous years, numerous improvements have been added. And Goodyear—the world's largest rubber company—guarantees each tire for life against any and all defects.

The introductory prices—the lowest in tire history—lower even than in 1928—will enable you to replace your old, dangerous tires now with quality tires at very little cost. Why not drive this winter in safety, free from trouble or delay? Usable old tires accepted as part payment. Rims cleaned, and new tires applied without charge. Come in and see these REAL bargains!

Made of Goodyear's Patented "Shock-Absorbing" Supertwist Cord

Come in and we'll prove why the carcass of a Goodyear Tire has no equal for endurance! On our cord-testing machine, see SUPERTWIST (Goodyear's patented cord) stretched side-by-side with regular standard cord. See how SUPERTWIST stretches and recovers (to absorb ordinary road shocks) while the other cord STAYS STRETCHED! See how SUPERTWIST stretches up to 60% farther before it breaks (to stand severe road shocks). Goodyear Pathfinders have a SUPERTWIST carcass!
