REPARATION GROUPS' COMPROMISE EFFORT BRINGS SLIGHT HOPE

Departure of German Delegation for Consultation at Berlin Revives Belief in Possible Settlement

(By The Associated Press) PARIS, April 20.—Slight hopes that the reparations commission may yet reach a compromise were revived slightly today by the departure of the German delegation for Berlin to consult with the German cabinet, but in general it was felt that failure of the experts' efforts to reach a settlement was inevitable.

It was generally believed that it will require no more than another week for the commission to draw up proposals for the governments concerned of its failure to find a final solution for the reparations problem. Dr. Schacht's departure for Berlin came after two days of private talks with the experts of the creditor countries and with W. D. Young, chairman of the commission. His instructions he may receive at the German capital, the days of the commission's sessions being over for the present.

MAY MAKE SMALL INCREASE

The declarations of German experts in Berlin were that they would be willing to make a small increase in their offer of 37 annuities of 1,500,000 marks each (\$300,000,000). A small increase was declared in all circles to be absolutely inadequate and there would be no use in making it.

There was some impatience shown in French political circles at the attitude which the French feel the Germans have taken.

UNITED BUSINESSMAN

SALT LAKE CITY, April 20.—Arthur K. Bell, 44, general sales manager of the United States Fuel company, died today of a heart ailment. He was widely known throughout the state as a mining man. Surviving are a widow, his mother and two sisters.

MCKINLEY AID DEAD

LOS ANGELES, April 20.—George McKelvey, 72, assistant secretary of war under President McKinley, former lieutenant governor, and commander of the 10th Cavalry, died today of a heart ailment in a hospital here last night. It was learned today.

NING ELIMINATES OPPOSITION

BELGRADE, Jugoslavia, April 20.—King Alexander today took another decisive step toward killing all political opposition in the kingdom. At one fell swoop he placed on the permanent pension list 40 former premiers and cabinet members.

AGENTS SEIZE LIQUOR

CHICAGO, April 20.—Possibility of institution of padlock proceedings against the State of Illinois, which tells the former one of the largest in the world, loomed as the result of raids on saloons in the city today. Agents tonight, a large quantity of liquor was seized by prohibition agents.

FOUR LABORERS DIE WHEN GIRDBERS FALL

Workingmen Go to Instant Death When 7000 Pounds of Steel Fall 20 Stories

NEW YORK, April 20.—Four workmen were killed today by steel girders which fell from the Western Union Telegraph building; and four other men were injured and the avalanche of steel weighing three and one-half tons caused considerable property damage.

The building covers a whole city block in the lower West Side production district and will be 24 stories high when completed. A bundle of 15-foot girders had been hoisted to the level of the twentieth story. The bell man gave the signal to halt the upward pull preparatory to springing the cables inward. Suddenly the cables gave way and the girders fell.

Strawberries and Cream On Menu For Members of Byrd's Antarctic Party

NEW YORK, April 20.—Strawberries and cream are on the menu of the men of the Byrd Antarctic expedition on the Ross ice barrier. Sidney Greason, chief steward of the expedition, drew up his menu here. Mr. Greason was one of 12 who returned to spend the summer here before going back to the expedition.

He also said there were plenty of raspberries and "oddes" of cream as the expedition is making an attempt to give the men the same food they would have at home.

The chief steward superintended the buying of enough foodstuffs to last the expedition for two years. In buying the food he said he didn't pay any attention to prices and vitamins, "just went ahead on the principle of giving a man enough to eat."

DISTRICT ROTARIANS MEET IN POCATELLO

International President of Organization and Idaho Governor to Be Speakers

POCATELLO, April 20.—A program, different in nature from previous ones, for the fifth district conference of Utah-Idaho Rotary clubs to be held in Pocatello May 2 and 3.

The four sessions of the conference have been arranged to discuss a definite subject of Rotary endeavor and all addresses will be devoted to that particular subject.

LEAD PRICES CRUMBLE

JOPLIN, Mo., April 20.—Lead prices continued to crumble in the state district this week, buyers offering \$90 for concentrates, a reduction of \$2.50 from the previous week's price.

Commissioner Acts to Furnish Idaho Schools With Poles For Flags

BOISE, April 20.—Every school in the state will have a flag pole upon which it can display the flag every day. It is the state board of education's necessary action in a move started today.

Death Calls Prominent Surgeon of Southwest

EL PASO, April 20.—Dr. Hugh Crouse, prominent El Paso surgeon and president of the Southwest Surgeons' and Medical Association, died here today after more than a year's illness. He was 59 years old.

Two Men Lose Lives in Atlanta Pistol Battle

ATLANTA, Ga., April 20.—Two men were killed and a woman probably fatally wounded in a pistol battle in a dimly lighted hallway of a residence here tonight in which police said they believed was the culmination of a feud between narcotic traffickers.

FINAL MAJOR DRIVE IN MEXICAN REVOLT LOOMING IN SONORA

Rebel Army of 8000 Men in Camp at Masiaca 35 Miles from Insurgents Headquarters Now at Navojoa

(By The Associated Press) NOGALES, Sonora, Mexico, April 20.—What may be the final major battle in the Mexican revolution is expected in the near future in southern Sonora, reports here indicated today.

The rebel army of some 8000 men was said to be encamped at Masiaca, Sonora, about 35 miles from the new rebel base at Navojoa. San Blas, Sinaloa, a short distance below Navojoa, is occupied by a strong federal army.

ACTRESS OVER OF DANGER

LONDON, April 20.—Cyril Maude, actor who had been seriously ill for several days following upon a nasal operation, was declared out of danger tonight.

HIGH COURT FINDS FOR COMPANY IN TWIN FALLS

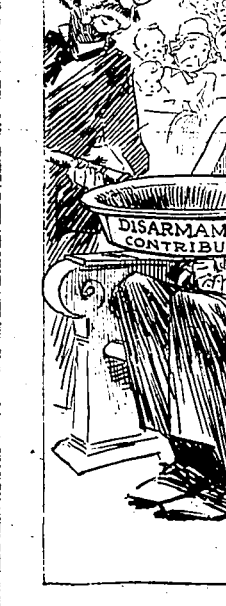

BOISE, April 20.—The supreme court today denied Frank W. Brown's appeal for rehearing in a suit against the Twin Falls Canal company.

The company recently appealed from a decision of the Twin Falls court vacating property liens held by the company for a series of wells dug under contract for land holders.

LEWISTON BREAD PRICES DROP TO LOWEST LEVELS

LEWISTON, Idaho, April 20.—Lewiston's citizens bought fresh bread at 3 cents a loaf by the carload for chicken feed today, but halted when the larger wholesale bakery here intimated it was ready to cut the price to 1 cent a pound-loaf. The bread was which opened today was precipitated by the importation of cheaper loaves, selling at from 5 to 10 cents, from Spokane and other cities, the manager of the wholesale company declared.

THE LEADERS IN THE CHURCH

Spring Floods and Storms In Mid-West Cause Heavy Damage and Three Deaths

6000 Pocatello Voters On Registrars' Books

POCATELLO, April 20.—Registration books for the city election here closed tonight with the number of registered voters in excess of the 6000 mark. C. Ben Ross, Democratic candidate for mayor, has already served three terms in that capacity. He is opposed by A. C. Hinkley, Republican.

IDAHO FALLS EXPECTING NORMAL CITY ELECTION

IDAHO FALLS, April 20.—A normal vote in the municipal election here Tuesday is indicated by today's registrations. Late today the registrations were around the 2500 mark, Earl R. Underhill, city clerk, said, with a completion of the count expected to show about 3900 registered voters.

SOLON OF MICHIGAN WILL AID CHILDREN

Senator James Couzens Establishes \$10,000,000 Fund to Benefit Young

DETROIT, April 20.—Creation of a trust fund of \$10,000,000 to be known as the Children's Fund of Michigan, to promote the health, welfare, happiness and development of the children of the state of Michigan and elsewhere throughout the world, was announced here today by United States Senator James Couzens.

UTAH'S POTATO GROWERS JOIN NEW ORGANIZATION

SALT LAKE CITY, April 20.—The Utah division of the National Potato Growers Association was formed here tonight when potato growers, dealers and shippers from all sections of the state attended the meeting.

LEWISTON BREAD PRICES DROP TO LOWEST LEVELS

LEWISTON, Idaho, April 20.—Lewiston's citizens bought fresh bread at 3 cents a loaf by the carload for chicken feed today, but halted when the larger wholesale bakery here intimated it was ready to cut the price to 1 cent a pound-loaf. The bread was which opened today was precipitated by the importation of cheaper loaves, selling at from 5 to 10 cents, from Spokane and other cities, the manager of the wholesale company declared.

Colorado and Wyoming Report Heavy Snowfall in 48-Hour Period and Train Service Comes to Halt

(By The Associated Press) KANSAS CITY, April 20.—Spring floods and tornados in the Middle West within the last 48 hours had caused the death of three persons, injuries to several and heavy property damage. Colorado and Wyoming reported heavy snowfall today.

The infant daughter of Mr. and Mrs. J. B. McGee, Sand Plains, Texas, was killed in a storm while protected by her father's arms. An Indian woman was killed a few hours later near Fort Cobb, Oklahoma, by another tornado. Eight persons were injured at the latter point.

HEAVY DAMAGE

A tornado that struck the town of Reeco, Kansas, tonight, killed Paul Kozar, 29, and injured several persons. About 15 residences were demolished by the wind.

LEGISLATOR EXPLAINS DEFICIT OF CIGARETTE TAX MEASURE IN LOWER HOUSE

BOISE, April 20.—Donald S. Whitehead, speaker of the house in the last legislative body today denied blame for failure of the second cigarette tax bill could be laid to him as charged in the House by Ray McKelvy, its chairman.

Whitehead contradicted the statement of McKelvy that he as speaker had maneuvered to have the bill lost through parliamentary procedure.

UTAH'S POTATO GROWERS JOIN NEW ORGANIZATION

SALT LAKE CITY, April 20.—The Utah division of the National Potato Growers Association was formed here tonight when potato growers, dealers and shippers from all sections of the state attended the meeting.

LEWISTON BREAD PRICES DROP TO LOWEST LEVELS

LEWISTON, Idaho, April 20.—Lewiston's citizens bought fresh bread at 3 cents a loaf by the carload for chicken feed today, but halted when the larger wholesale bakery here intimated it was ready to cut the price to 1 cent a pound-loaf. Stanford Athletes Share Track Honors

Friendly Rivalry Between Krenz and Rothert Sets New Record For Discus

STANFORD UNIVERSITY, Cal., April 20 (AP)—Two young giants of Stanford, Eric Krenz and Harlow Rothert, have touched off the sparks of competition that so far has blasted one world's record into eternity while another is in imminent danger.

These heavy weightmen nurse an athletic rivalry that only is equalled in intensity by their friendship off the field.

In the first dual track meet of the 1929 season, Krenz threw the discus 163 feet 8 1/2 inches, a new world's record. The amazing loss surpassed the existing mark by more than 5 feet. It was checked by officials of the Amateur Athletic Union and the record will be applied for.

The former record of 158 feet 1 1/2 inches was made by Glenn "Tiny" Hurlburt of Stanford in the same stadium three years before.

Krenz rules supreme in the discus, but Rothert promises to become a king pin in the shotput. Officially, Krenz is superior to his teammate in both events as he holds one shotput record.

But as Rothert hopes to furnish the competition whereby his opponent will edge the Greek platter farther than any human has done before, so Krenz contemplates his "curry" leaves the shot for increasing distances. Already this season, Rothert has propelled the pound ball 51 feet 9 inches, a world's record seldom equaled by athletes.

Spring Floods and Storms Cause Heavy Damage in Mid-West

(Continued From Page One)

services suspended. Many motor buses were halted.

SEVEN-MILE PATH

RUSSELLVILLE, Ark. April 20 (AP)—Three houses and a score of buildings were demolished by a tornado which cut a path seven miles long near here shortly after 6 o'clock tonight. Refugees of the "community" took refuge in storm cellars at the approach of the storm and escaped without injury. A heavy hail and wind storm accompanied the twister.

ONE MAN KILLED

WICHITA, Kans. April 20 (AP)—Paul Kenet, 20, was killed and several persons were injured late today when a tornado struck the town of Reece, Kansas, 12 miles west of Eureka in Greenwood county. The Missouri Pacific station and 15 residences were reported to have been demolished.

4000 ACRES UNDER WATER

QUINCY, Ill. April 20 (AP)—The levee in the Marion county drainage district across the river in Missouri gave way at 8:30 o'clock tonight, subjecting the 4000 acres in that district to inundation for the second time in six months.

A contractor had a force of men at work replacing the old break of last fall and the levee embankment burst but a sudden rise in the North Pablos river stopped the repairs.

The river started rising Friday following rains throughout its watershed. Patrols went on duty at danger spots tonight and communitarians were busy all day inspecting the protecting earthen walls for weak spots.

Government forecasters at Hannibal, Missouri, predicted a stage of 10.6 feet there by Sunday night, which would be sufficient to endanger all levees in the vicinity.

SHEEPMEN

If you expect to shear in the vicinity of Rogerson write box 152, Twin Falls, Idaho, or phone 502-J. We have an eight-man plant on Soldier creek east of Rogerson, good equipment, all experienced men. Start April 20. ndv

The Weather

FORECAST FOR TODAY: Idaho—cloudy; frost in the morning.

The maximum temperature in Twin Falls yesterday was 58 degrees, a drop of 1 degree from Friday's maximum. The minimum temperature for the day was 39 degrees, a degree lower than the previous day's minimum. A trace of precipitation was reported by the weather observer.

Solon of Michigan Will Aid Children

(Continued From Page One)

With the income to be derived from the fund during that time, Arthur J. Lacy, personal attorney for Senator Couzens and one of the fund trustees, estimated that approximately \$17,500,000 will be disbursed.

The trust agreement provides that approximately \$700,000 shall be expended annually in carrying out the purposes of the fund. While it is to be devoted primarily to the welfare of the children of Michigan, the powers vested in the trustees are so broad that they may take their research work into any part of the world.

The gift brings Senator Couzens' charitable contributions during the last 10 years to approximately \$20,000,000. In 1927, when 44 children were killed in the destruction of a school house at Bath, Michigan, by an explosion set off by a fanatic, Senator Couzens gave \$75,000 for the rebuilding of the school.

BIG SIX

NEW YORK, April 20 (AP)—Rain fell all night on the Eastern, and Western players of the Big Six today and washed out all chances for the members except Paul Waner and Goose Goslin. Waner took advantage of the opportunity to do his first real hitting of the season to move a notch in the standings. He got a single and a double in three official times at bat and moved ahead of Babe Ruth in the ranking.

The Goose failed for the first time this year to hit, showing a blank in four attempts. It dropped his average to .375 for a tie with Hornsby for second place. Ruth, which topped the Yankees Athletic game left Lou Gehrig at the top with .600 and put Ruth at the bottom.

Gehrig, Yankees	4	0	0	1	.375
Goslin, Senators	4	1	0	0	.375
Hornsby, Chicago	3	1	4	3	.375
Bostonian, Cubs	1	0	5	2	.250
P. Waner, Pirates	4	1	4	1	.214
Ruth, Yankees	2	6	2	1	.167

Jack Dempsey Training In New York Gymnasium

NEW YORK, April 20 (AP)—Whether it means anything to Hulsitz in the near future, Jack Dempsey trotted into Billman's gymnasium again today and went through a brisk six-round workout on the boxing machines light and heavy bags. "Iron Mike," his famous left hook, was in prime working order as the former heavyweight king jolted the heavy sack.

Dempsey still declares that he does not know whether he will ever fight again.

WASHINGTON ATHLETES WIN

SEATTLE, April 20 (AP)—Washington easily won the first minor sports carnival ever held in the Pacific Northwest here tonight. Washington scored 75 points, Oregon 25 and Washington State college 20.

CALL FOR BIDS

Bids will be received at 302 Third ave north up to 6 P. M. Saturday, April 20, for the sale of the four room house with sleeping porch, at the rear of the lot at the corner of Third avenue north and Third street north, building to be moved from lot at once. Owner reserves right to reject any or all bids.

Derby Runners End Twenty-First Lap

MARSHALL, Ill. April 20 (AP)—Running a dead heat for second place today in the twenty-first lap, the three leaders in the track-and-field "bunton" derby retained their respective positions as they trotted over the 33-mile stretch from Brazil, Indiana, to Marshall.

Paul Simpson, Burlington, North Carolina, led the pack today, making the point in 4:14 and strengthening his hold on sixth place.

Pete Gavuzzi, England, leader of the field, Ed Gardner, Seattle, who is in second place, and Johnny Salo, the New Jersey poleman who is in third place, ended today's run tied for second place. Their time was 4:14.

Other leading entries finished the lap in this order: M. B. McManama, Australia, third; Sam Richmond, New York, fourth; Phillip Granville, Hamilton, Ontario, fifth.

The derby field was reduced to 20 today when Arthur Newson, Rhodesia, South Africa, was struck by an automobile while jogging along. Newson, who had led in the first lap, suffered a dislocated shoulder and was taken to the Terre Haute, Indiana, hospital.

Today's lap ended the third week of stunting.

Pole Vault and Discus Records Fall at Meet

LAWRENCE, Kas. April 20 (AP)—Two meet records were broken in the seventh annual University of Kansas relay here today despite the most unfavorable natural conditions in the meet's history.

Tom Warne, Northwestern, tied with Otterness, Minnesota, for a new meet pole vault mark of 12 feet 4 inches, bettering the previous record of 13 feet 2 7/8 inches. Dan Beattie, Colorado Aggies, hurled the discus 146 feet 9 1/2 inches, setting the record of 141 feet 9 inches established last year by Howell, Oklahoma.

Trapshooters Will Meet

The regular shoot of the Twin Falls Rod and Gun club will be held at the club north of town today. A large attendance is expected as the club will be in competition with the two clubs of Boise.

COUGAR TRACK TEAM WINS

PROVO, April 20 (AP)—Whitling first place in 13 out of 17 events, Brigham Young university swamper, Utah Aggies here today, scoring 63 1-2 points to 51-3 for the Aggies. The Cougars made clean sweeps of the high jump and shotput, and counted one-two in the half-mile, mile, discus and two-mile with a powerful array of talent in all events.

LOOKOUTS PERK UP

CHATTANOOGA, Tenn. April 20 (AP)—The Chattanooga Lookouts, for years the door mat of the Southern association, rose on their hind legs and walloped the Birming International. St. Louis Cardinals and Milwaukee Brewers on consecutive afternoons.

VICHTLES WINS MEDAL

HONOLULU, April 20 (AP)—Lieutenant Leo D. Vichules, three years ago second in line of the 16 best basketball players in the United States, has been awarded the Honolulu Star-Bulletin medal as the most valuable player of the nine navy league basketball teams in Honolulu.

WILLIE HOPPE WINS

NEW YORK, April 20 (AP)—Taking the last two blocks, Willie Hoppe easily defeated Kinrey Matsuyama, Japan, in their 12-block 18 1/2 batter line ball game here tonight. Hoppe won 10 of the 12 blocks and scored 3523 points to Matsuyama's 2122 in 124 innings.

Calland Forms Two Vandal Grid Squads

Diehl, Filer, leads "Grays" in Games Against "Reds" Captained by Hult, Burley

MOSCOW, April 20 (Special to The News)—Idaho's gridiron squad has been divided into two camps, the "Reds" and the "Grays" for the spring football training period with games being played each week between teams from the two groups.

Weak spots and strength of the teams can be ascertained better in this manner. Coach Leo Calland pointed out, so that next fall with the opening of the conference season, a definite foundation for success will be laid. The first game between the two teams was played last Saturday.

Practice Ragged

Both teams looked ragged in Saturday's practice, with neither the "Reds" nor "Grays" being able to score. Adverse weather conditions have made it impossible for Coach Calland to keep the squad outdoors. Waldemar Pedersen, San Mateo, California; June Hanford, Lewiston, and Kenneth Barrett, Pocatello, continue to look good as possible quarterbacks. Coach Calland is developing some good punters in Pedersen, Fred Brooker, Potlatch, and Laverne Randall, Moscow.

Spring practice will be continued until April 27. Coach Calland announced, as he will return to California May 1.

Captains Pick Teams

The "Reds" and the "Grays" were picked by the two Vandal captains, Orville Hult, Burley, captain of the "Reds," and Gordon Diehl, Filer, captain of the "Grays." The "Grays" include Lester Kilpatrick, Spokane, at center; John Cokerly, Spokane, and Hugh Sprout, Boise, guards; Homer Siefert, Belflower, California, and Russell Johnson, Tekoa, Washington, tackles; Clarence Dittman, Aurora, Illinois, and Wesley Shurtliff, Pocatello, ends; Howard Berg, Aberdeen, and Hult, halfbacks; Hanford, quarterback; and Brooker, fullback. Barrett is alternating with Hanford at quarter, and Mark Maxwell, Parma, is working at half part of the time.

The "Reds" include Art Spangy, Nampa, at center; Paul Pezold, Kimberly, and Brigham Murdoch, Drummond, guards; William Beeler, Klamath Falls, Oregon, and Gordon Diehl, tackles; Calvin Southern, Spokane, and Laverne Randall, ends; Fred Wilkie, Idaho Falls, fullback; Pedersen, quarterback; Bill Kerrhilden, Burley, and Fred Robertson, Boise, halfbacks. Harold Carlson of Walden is alternating at one of the wing positions, and Ernest Bauman, Nampa, is a substitute half. A number of the grid men have not reported for spring practice, some of them being out for track and baseball.

WINS FREE-THROW TITLE

MEMPHIS, Tenn. April 20 (AP)—With a perfect score of 75 straight baskets, Earl Maxwell of the Memphis Tigers basketball team, broke the world record to win the title in the senior men's division in the annual world free throw basketball tournament, scores for which were announced from headquarters here tonight.

Spring practice will be continued until April 27. Coach Calland announced, as he will return to California May 1.

Stock Speculators Use Experts to Investigate

NEW YORK, April 20 (AP)—Present day stock speculators are not gamblers. They maintain large staffs of trained accountants and do not buy stocks without first investigating every detail of a company. Ordinarily, they purchase a block of shares outright for investment and then obtain options or base their speculative operations on smaller lots.

PURDUE'S UP AND DOWN

LAFAYETTE, Ind. (AP)—The "Mutt" and Jeff of basketball is what they dubbed "Stretch" Murphy and Clyde Lyon of Purdue's hardwood quintet. Murphy with his six feet six inches is the tallest player in the Big Ten, while Lyon, a midwest of four feet five inches, is among the shortest regulars in the conference.

OIL COMPANIES COMBINE IN WASTE WATER FIGHT

LOS ANGELES, April 20 (AP)—An unsuccessful fight against a common enemy in the oil fields, the disposal of waste water, has brought together the operators of southern California's oil projects in the formation of two cooperative, non-profit companies to eliminate the evil.

The systems, similar to sewage disposal plants, have been installed, one in four fields, at a combined cost of more than \$500,000. Nearly \$100,000 was spent by the operators in hooking up their lines and they will pro-rate the cost of upkeep, amounting to more than \$50,000 annually.

Heretofore, oil companies had sumps where the waste water, with an oil content, was dumped but this proved unsatisfactory as did the dumping of it into the ocean.

SCOUTS TO OBSERVE NATIONAL BOY WEEK

Annual Event Will Be Occasion for Civic and General Sports Programme

Program for the activities of the Twin Falls district members of the Boy Scouts of America during National Boy Week, May 1 to May 5, was announced last evening by Wilbur S. Hill, president. The program followed was outlined a number of years ago by the National Boy Scout Council.

Sunday, April 28, will be Church Sunday at which members of the scout troops will attend services in the churches of their own selection in troop formation.

There is no special program announced for Monday, April 29, but on Tuesday afternoon the scouts and campfire girls will register for city election. On Wednesday afternoon nominations will be made for city and county officers. Thursday afternoon election will be held. Registration, nomination and election days will be in charge of Miss Brownlie with Mrs. E. M. Wolfe, assisting.

Friday will be Civic Good Turn day. Saturday morning those elected Thursday will take charge of public offices. In the afternoon a parade will be formed in which the troops will compete in the annual trophy contest. Judges in this event will be Captain P. W. McRobert, Captain L. Howard and Mayor R. E. Dohler. The parade will be followed by a field meet, probably in Lincoln field. The program will close with a picnic picnic given by the Twin Falls Rotary club.

The field day program will be in charge of Captain E. M. Dweckley, Coach R. V. Jones and H. W. Merritt.

Jerome Boy in State Oratorical Contest

JEROME, April 20 (Special to The News)—Arthur Wise of this city, will represent the Twin Falls district in the annual oratorical contest which will be held in Pocatello tomorrow. Wendell Rich, Pocatello, will represent the Pocatello district. E. M. Dweckley, Coach R. V. Jones and H. W. Merritt, are the other contestants.

Leon Sorenson, Rexburg, the Idaho Falls district, and the winner of the contest will enter the semi-final test in Los Angeles, May 10.

Mrs. F. J. Klass, Filer, Recovering From Illness

FILER, April 20.—Mrs. F. J. Klass is recovering at her home from a stroke of paralysis suffered last Friday. Miss Ann Kynsis, a daughter, arrived here from Boise to attend to her mother. Mrs. Homer Diquane and children left to join Mr. Diquane at King Hill Friday. They will reside at the home of Beatrice Peterson was removed to Twin Falls county hospital Friday and underwent an operation for appendicitis.

Members of Hailey Club Attend Spanish Program

HAILEY, April 20 (Special to The News)—Thursday afternoon the Hailey Civic club enjoyed a Spanish program. An article on the present Spanish government, a part of a Spanish play, violin selections of Spanish music and a costume dance were features of the program. There was also a brief review of the Valencian novels of Blasco Ibañez. Refreshments were served at the close of the program.

SOCIETY

By Mrs. E. B. Williams
Phone 3088

Friday evening a group of friends and relatives, happily surprised Miss Pearl Arrington at the home of her parents, Mr. and Mrs. L. E. Arrington, in Highland View addition. The evening was spent in playing games, after which a delicious refreshment was served. The beautifully decorated birthday cake was lighted with candles. Written across the top of the cake was the name, "Pearl." One feature of the evening's entertainment was a continued story in which each one present portrayed the life of Miss Arrington, from childhood. The story grew very interesting as many characteristics and incidents never known or heard of were brought to light. Miss Arrington was the recipient of many beautiful gifts. Those present were Wida Hammond, Virginia Christopherson, Alina Hale, Myrtle Anderson, Lucille Swenson, Mrs. Jacob P. Devery, Mrs. John Iron, Mrs. Devoyn Hutchinson, Mrs. Glenn Arrington, Mrs. Nuth Arrington, Mrs. Arthur Swenson, Mrs. Grover Arrington, Mrs. W. O. Flaher, Heyburn, Mrs. L. E. Arrington and Caille and Pearl Arrington.

Two hundred and twenty-five persons enjoyed the annual dance given at the Latter Day Saints Recreation Hall Thursday evening to the M-Men and Gleamer Girls of the Twin Falls Stake of the Young Men's Christian Association, under the direction and supervision of Clifford E. Tolman, superintendent of the young men's division of this association. The hall was decorated with many beautiful gifts. Those present were Wida Hammond, Virginia Christopherson, Alina Hale, Myrtle Anderson, Lucille Swenson, Mrs. Jacob P. Devery, Mrs. John Iron, Mrs. Devoyn Hutchinson, Mrs. Glenn Arrington, Mrs. Nuth Arrington, Mrs. Arthur Swenson, Mrs. Grover Arrington, Mrs. W. O. Flaher, Heyburn, Mrs. L. E. Arrington and Caille and Pearl Arrington.

Miss Dorothy Dorndorf, Miss Margaret Reichers, Miss Margaret Witham, and Miss Arline Kines entertained with a four course dinner Friday evening at the Kline's home on Fourth Avenue East. A black, orange and white motif was featured in the table decorations. In addition to the hostesses covers were laid for Miss Ruth Seal, Miss Thekla McCormick, Miss Ruby Cunningham, Messrs. Lawrence Hollenbeck, Ernest Sholoney, Donar Hertsch, Hollis Martin, Claude Hageman, Bill Morgan and T. J. Anderson. The evening dancing dinner was spent at the Tri-C dancing party.

FASCIST PARTY TO CELEBRATE

ROME, April 20.—The traditional anniversary of the founding of Rome by the emperor, tomorrow, throughout Italy by the "Fascist Levy" in this most picturesque of the governing party's public ceremonies. Twenty thousand youths of 18 and over, Hitlerite members, will be admitted formally into the ranks of the grown up black shirts.

GRAPHIC OUTLINES OF HISTORY

By Ella M. White

Champlain Discovering Lake Ontario

In 1608, Samuel de Champlain, a French explorer, made a settlement at Quebec, and became the founder of Canada. He was the first white man to sail on the lake now bearing his name, and he pushed his explorations as far as to discover Lakes Ontario and Huron.

While our charge varies according to the turnings selected, our consideration and careful attention to details never changes.

Jerome Fire Destroys Small Chicken Brooder

JEROME, April 20 (Special to The News)—Fire of unknown cause destroyed a shed containing a small chicken brooder at the home of James H. Wheatcroft here last night. The total loss was estimated at about \$50.

RAIL TERMINATES GANG FORMED BY NAMPA BOYS

NAMPA, April 20.—Because they resented home supervision, and wanted to smoke and play cards, six Nampa youths, ranging in age from 16 to 18 years, organized a "gang," rented a garage house, broke into a grocery store here and stole about \$75 worth of merchandise and ended their brief career in jail.

Officers investigating the gang are said to have discovered evidence indicating that the boys had installed, and were operating, beer-making apparatus in their club house.

Burley Rainfall Heavy

BURLEY, April 20 (Special to The News)—The falling Thursday night and at intervals during Friday caused postponement of the track and field meet that was held between the athletes of the Burley high school and the Albion state normal school. The rain was of great benefit, however, to the farmers of the Malheur project.

Investment Trusts Try Out International Plan

WASHINGTON, April 20.—The European investment trusts are experimenting with a new type of international organization designed to cooperate with each other.

The department of commerce understands that one group has already been formed which includes Swiss, Belgian, French and English concerns. Each pursues to suit its investments with the rest.

The purpose is to give each company the best of the constant contacts with the securities markets of other countries.

ARMY COSTLY

TIRANA, Albania, April 20.—More than a third of the new budget, which totals \$2,000,000, is devoted to maintenance of the standing army and the police. The army is being trained by Italian officers on a plan which calls for expansion of his 12 battalions into as many divisions in time of need.

PRODUCE ORANGES

HAVANA, April 20.—The Cuban department of agriculture announced that one small region in Camaguey province produced last year 20,000,000 oranges, all of which were consumed in Cuba. Citrus groves are comparatively few in the island.

Brazil Leading Buyer Of American Firearms

WASHINGTON, April 20 (AP)—Brazil is the United States' best customer for firearms.

Out of a total of \$150,301 worth of high priced revolvers sold abroad during the first month of the year Brazil took \$102,157. Next on the list was Peru with \$28,229.

The department of commerce statistics show that the British empire, particularly Canada and the United Kingdom, has a long lead over the rest of the world as buyers of American sporting goods.

Women of Palestine Buy Hats of American Make

WASHINGTON, April 20 (AP)—American manufacturers of hats, high, low and medium, are receiving good news from those areas in the near east where the population is bent on westernizing itself.

The department of commerce reports an echo of a new demand for millinery in Palestine. Native ladies of Palestine have a long lead over the rest of the world in head-dresses and they are particularly attracted by those little straw and felt sport models.

STENOGRAPHER TAKES AIR

KANSAS CITY (AP)—Eva Austin, 18-year-old aviator, has quit stenography because she sees an opportunity for women airplane salesmen. A few weeks ago she left her stenographic job in Okmulgee, Oklahoma, she had 50 hours of flying time to her credit.

CHARLES A. GILBERT DIES

NEW YORK, April 20.—Charles Gilbert, who invented the animated cartoon for the screen, died of pneumonia at his home here today at the age of 55. He was unmarried. He designed many posters during the World war and also planned camouflage for ships.

BEAD BUG RHAPSODY IN LATEST MOSCOW DRAMA

MOSCOW, April 20 (AP)—The hero's glimpse of a bead bug is used as the turning point in an ultra-futuristic drama recently produced here. The play bears the title "The Bug" and in America the name might well be taken as a play upon words.

The work is a satire upon the middle class, the people most condemned by the disciples of Marx. The hero is presented as typical of this class, being hostile to any activity that does not promote his personal comfort or aggrandizement.

In the first part his career ends when he is frozen to death after a 1930 wedding orgy. The second part of the play presents him as having been thawed out by scientists of 1979 and exhibited as a museum specimen in a glass cage. He goes frantic for lack of drink and tobacco and kindred fellowship but is allowed only enough intelligence in

CONSUMES MORE WINE

BELOGRADE, April 20 (AP)—Slavia consumes more wine per capita than most other countries, but still produces a surplus. Wine growers have therefore petitioned the government for lower export rates to permit them to seek markets abroad.

OVER \$1,000,000 FOR BEAN GROWERS.

Sixth Payment of Southern Idaho Growers' Association, Nearly \$200,000

Sixth payment of a cent a pound, or approximately \$200,000 was made by the Southern Idaho Bean Growers' association to its members yesterday. It was received last evening by C. H. Deweller, manager. This means that considerably more than \$1,000,000 has been paid out already through the association to growers, with other payments to come. Mr. Deweller stated that the present crop estimate by Julius F. Jackson, Boise, which was construed by some to mean that the acreage of Great Northern beans might increase 50 per cent this year over last. Mr. Deweller said he wrote to Mr. Jackson that so far as his investigation could ascertain conditions, he did not believe that the increase would be over 10 per cent over last year.

Mr. Jackson replied, Mr. Deweller said, that his statement was misunderstood. His estimate had to do with all sorts of beans grown in all parts of Idaho, including the navy beans grown in the north, garden seed beans, Red Mexican beans and other varieties as well as Great Northern and was not intended as a prediction that the Great Northern variety would increase in the percentage named.

PETITION FOR WORK ON JACKSON STREET

Owners of Abutting Property Ask for Creation of Improvement District

A petition, signed by 13 owners of abutting property, asking for creation of a local improvement district for grading and graveling Jackson street from Adams street to blocks to the city limits on Hayden avenue, was filed in the office of Twin Falls city clerk Wednesday. It will be considered at the meeting of the city council next Monday evening.

The petition provides for including cost of improvement of street intersections in the total to be shared by the owners of the abutting property.

Signers of the petition are Mrs. A. Blakey, Robert Soom, E. A. Noon, J. A. Christopherson, J. W. Tobben, Mrs. Myrtle Massey, W. T. Moore, G. I. Barlow, Ralph Elliott, W. J. T. Elliott, B. Davidson, J. W. Cook.

BROKEN LEG PRICE OF ROADSIDE TIRE FIXING

William Kidd, Albion, is a patient in Twin Falls county general hospital suffering with a broken leg, because he hit his automobile in the road to repair a flat tire and another machine, driven by Thomas Roylance, Edinboro, struck it in the rear, knocking Kidd down under his own car which was pushed forward about six feet. Kidd's leg was broken near the ankle.

The mishap occurred on Addison avenue five and a half miles east of Twin Falls at about 8 o'clock last evening. Roylance reported the accident to the police here. He explained that the selling man had obscured his vision and that he had not seen Kidd's car until too late to avoid the collision.

An Albion woman with her baby, coming to Twin Falls to visit relatives, was riding with Kidd and was in the car when the collision occurred, but neither she nor the child was injured.

Kidd was brought to the hospital by a resident of the vicinity of the mishap. The Roylance car was damaged so that it was necessary to call a wrecker car to move it.

CITIZENS TO FINISH TASK IN ELECTION

Twin Falls citizens will go to the polls again next Tuesday to finish the work they began at the municipal election last April 4. At that time the mayor and one member of the council were elected, but no candidate for the second place on the council received a clear majority and a second election is required under the commission form law, to record the choice.

The candidates at next Tuesday's election are Thomas Sanderson, 17 Tenth avenue north, and Mrs. H. W. Clouch, 327 Fifth avenue east.

Voting places will be open on the day of the election from 9 A. M. to 2 P. M. in the city hall, corner of Second and Second street north, and in Danetand pavilion, corner of Second and Second street east.

The successful candidate will serve as a member of the council with R. E. Bohler, mayor re-elected for two years.

Voters Again to Record Choice to Fill Second Place On City Council

Twin Falls citizens will go to the polls again next Tuesday to finish the work they began at the municipal election last April 4. At that time the mayor and one member of the council were elected, but no candidate for the second place on the council received a clear majority and a second election is required under the commission form law, to record the choice.

Voting places will be open on the day of the election from 9 A. M. to 2 P. M. in the city hall, corner of Second and Second street north, and in Danetand pavilion, corner of Second and Second street east.

The successful candidate will serve as a member of the council with R. E. Bohler, mayor re-elected for two years.

RURAL SCHOOL TEACHERS TURN OUT FOR MEETING

With every district represented, 37 teachers of Twin Falls county rural schools assembled in the Business and Professional Women's club rooms here Saturday afternoon at their first meeting since formation of their organization last January.

Mrs. Rose J. Wilson, county superintendent of public instruction, reported on a meeting of the Inland Empire Education association which she attended at Spokane April 8-10.

Miss Mary Wallace, Berner, president of the association, presided over the business session.

A program of entertainment in charge of Mrs. Estelle Clark, Nettlev, included numbers by Twin Falls Lincoln school rhythm band under direction of Miss Ida Allen; reading by Miss Agnes Richins, Twin Falls; solo, Miss Emily Ward, Superior; whistling solo, Mrs. Erhardt.

We desire to reserve an appointment for you, but it is absolutely necessary that you phone or call for a reservation early. This is a unique opportunity and we urge you to come early to avoid disappointment.

Free Facials will be given by the Colonial Dames Specialist April 22nd to May 4th

We have arranged with Mr. D. P. SMITH, the Fashion Buyer for the FALK DEPARTMENT STORES, with which we are affiliated, to give a special TWO DAY EXHIBITION of EARLY SUMMER FASHIONS. This exhibition will be held at the ROGERSON HOTEL, in Room 226, on next MONDAY and TUESDAY, APRIL 22nd and 23rd.

We cordially invite you to attend this interesting display of early summer apparel of the better type.

COATS for dress and travel wear.
FROCKS for street and sports wear
DRESSES for afternoon and dinner wear
GOWNS for all formal occasions.

On account of our affiliation with Falk's Department Stores, we believe that we can offer the people of the Twin Falls section, a much better service than we have in the past, and to show them apparel at very moderate prices and yet selections from the best that the eastern market affords and the very latest in style and make.

FALK-TINGWALL STORES

"The Outstanding Store in Each Community We Serve"

Hart Schaffner & Marx Clothes

We are showing the latest popular models in single breasted styles with two or three buttons. Peaked lapels, notched lapels, pleated trousers, Tattersall vest. All sizes for men and young men—

\$29⁵⁰ to \$49⁵⁰

You'll be proud of them

You will enjoy FLORSHEIMS more than any shoes you've had... they look so good... feel so fine... add so much to your experience. See us... we'll fit you right.

Miss Styles \$10

Dynamic Personality Fits Dawes For Ambassador To England

GENERAL WILL TAKE BROAD EXPERIENCE TO BRITISH COURT

Former Vice President of United States Noted for Policy of Direct Dealing and Blunt Speaking

By KIRKE L. SIMPSON (Associated Press Staff Writer) WASHINGTON, April 20—A dynamic personality, typical of the inner urge that has been the making of many an American captain of industry, will enter the diplomatic arena in London when Charles Gages Dawes takes his post as ambassador at the court of St. James.

Roughly has the Washington government had such a man available for diplomatic assignment. The selection of a former vice president of the United States for the London embassy adds of itself to the distinction and prestige of the post.

Add to that the wealth of experience in public and private affairs at home and abroad General Dawes brings to his new adventure in the service of his country, and the forthright policy of direct dealing and blunt speech for which he is famous, and there is produced a combination seemingly certain to stir deeply the course of relations between the two countries.

Has Stamp of Success For Dawes has the stamp of success upon him. As lawyer, engineer, banker, writer, musician and composer he already was a made man when President Harding drew him into political life as the first director of the budget.

General Dawes is as widely and favorably known in Europe as any American. As Pershing's chief aide for coordinating the enormous purchases of war material abroad during the war he was a familiar figure in London as well as Paris before the end of the great conflict.

There is hardly an important figure in European national life of today he does not know, for his work as head of the reparations settlement commission that bore his name centered upon him the eyes of the world.

Instantly Accepted His name was suggested by British sponsors of the Dawes commission.

CHARLES G. DAWES

and accepted instantly by both French and German officialdom as a happy contribution toward solution of the perplexing reparations problem.

It required infinite tact to conduct the war-time negotiations that supplied and equipped the American army in France before the sources at home could function and the means to ship be found.

Dawes was the man to face that problem promptly and efficiently.

Again, as budget director in an era when congress seemed bent on rivalling the executive branch of government in slashing expenditures, it required tact to prevent too ruthless prunings. Again Dawes bore the brunt of the contest.

So it seems that a well tried and well understood man goes now to the London embassy; a man who must, by his own nature, use possibilities of constructive labors to warrant his undertaking the task.

That he will strike out toward that goal, be it solution of the naval competition problem or some other aspect of Anglo-American relations that has caught his eye, along lines peculiarly his own and without regard to old and hackneyed usages of diplomacy, is a foregone conclusion to those who know him intimately.

STARS STILL GROW HARVARD DISCOVERS

Dr. Harlow Shapley, Director of Observatory, Explains Certain Dark Lines

CAMBRIDGE, April 20 (AP)—A little thing that went unnoticed for several years in photographs of the spectra of stars is the source of a discovery that many stars seem to be growing. It is explained in a Harvard observatory circular by Dr. Harlow Shapley, director. Certain dark lines, across these pictures, which show the presence of iron and magnesium in the stars, are very prevalent among the hotter stars. Iron and magnesium are two of the elements common in meteors. Special methods of analysis applied to these lines led the Harvard astronomer to conclude that they came from meteors falling upon the stars.

In that part of the heavens where stars are most numerous, there are dark spaces called dark nebulae, attributed to masses of meteors and meteoric particles. The bands on the photographs are heaviest in those regions of the sky where these dark clouds are thickest.

"The bands are the first direct evidence we have had," Dr. Shapley says, "of the existence of enormous quantities of secondary bodies around stars. It seems likely that a part of the mass lost by a star through its radiation is replaced by the meteors falling upon it."

"We appear to have found an indication that the meteors matter of the dark nebulae, and of space in general, can be observed spectroscopically as it replenishes the stars.

"In stars the dark nebular clouds, or even in lighter nebulosity such as the Pleiades, the radiation degradation of a star's energy may be much retarded, or balanced, or possibly even reversed."

RADIO FAN MAIL INCREASES

CHICAGO (AP)—Radio fans do not tire of sending letters to broadcasters. Predictions made four or five years ago that the listeners would discontinue the practice have been proven false, say directors of WENR, Chicago. The mail of WENR and other widely known Chicago stations has increased each year.

Author Sues Picture Star

H. C. WITWER (left) author, brought suit in Los Angeles federal court for an accounting of profits, estimated at more than \$2,000,000, from Harold Lloyd Film corporation charging Lloyd used characters and plot from one of his stories.

SCIENTIST FINDS EGGS 95,000,000 YEARS OLD

PHILADELPHIA, April 20 (AP)—An error of something like 85,000,000 years was made in computing the age of dinosaur eggs found in Mongolia last summer by Dr. Roy Chapman Andrews of the American Museum of Natural History.

With the cooperation of physicists, geologists and paleontologists, Dr. Andrews said it has been discovered that the eggs were 85,000,000 years old instead of 10,000,000, as at first estimated.

The revised estimate was based on geology's latest time clock. This is a method of determining ages by analysis of the "end-products" of radio-activity.

The emission of radio-active rays is accompanied by a slow loss of mass. The loss is so minute that millions of years pass before much change may be observed. The end-products are the elements left after the radio activity has exhausted itself.

Scientists can compute how long a time is required to reach the end-product stage, and use these computations to estimate the ages of some fossils.

NEW MUSIC MECHANICAL, SAYS RUSSIAN PIANIST

HAMBURG, Germany, April 20 (AP)—Music to meet the favor of the Russian Soviet authorities must be devoid of romanticism and an affair of the intellect, charges Josef Z. Schwarz, Russian pianist, who gave a series of concerts in Germany before starting for the United States.

"My favorites are Chopin, Schumann and Liszt," Schwarz said. "The Russian public apparently loves this romantic music just as much as do people elsewhere. But the authorities don't like it very much. They tell me I should do more with the modern composers."

"Composers of this new mechanical music are springing up like mushrooms in Russia. Composition is treated by them almost like a mathematical problem and melody and tone are only incidental."

TEACHERS TOTAL 6500

HAVANA, April 20 (AP)—There are 6500 public schools in Cuba and 824 private and secular institutions, says a report by the department of education. Public school teachers number 6500.

NEW BOND STREET DOOMS OLD LONDON LANDMARKS

LONDON, April 20 (AP)—New Bond Street, frequently called the most exclusive shopping street in the world, is soon to suffer the fate of other famous landmarks in "changing London."

Plans for its modernization are about to be carried out, which will completely transform its familiar old-world appearance.

Five fine old Georgian buildings will be demolished soon to make way for a modern six-story building for shops and show-rooms, at a cost of \$750,000. This is said to be the first step in a scheme to bring Bond Street up-to-date. In line with the wholesale transformation of recent Street several years ago.

The area to be changed immediately covers 8000 square feet, with frontages on New Bond Street, Park street and Burlington Gardens. Property in this area has enhanced in valuation enormously since the war.

RAISED \$1,250,000 LONDON, April 20 (AP)—The national arts collection fund in its 25 years life has raised \$1,250,000 to keep art treasures in British galleries. It paid \$300,000 for Holton's "Dietsch of Milan," \$700,000 for Mabius's "Adoration of the Magi" and \$220,000 for the Rokeby "Venus."

Empty Whiskey Bottles Chart Ocean's Currents

LONDON, April 20 (AP)—Nearly 500 whiskey bottles are thrown overboard daily by British ships sailing the seven seas.

The practice has nothing to do with liquor, and the contents of the bottles are the driest things imaginable. In each is a small paper issued by the meteorological office of the British air ministry. The finder is not rewarded, but if he forwards the contents of the bottle to London his postage is refunded.

And many of the papers come back for the objective is purely scientific, to chart the courses of ocean currents. Each paper records the position of the vessel from which the bottle is cast into the waves.

WOMEN UNVEIL

MOSCOW, April 20 (AP)—The Unkew women of Kazakhstan have demanded that the government forbid the wearing of veils. This demand was voiced at a meeting held in Chimkent, at which 500-women demonstratively tore off their veils.

SPRING SHOWING

See the NEW CHEVROLET SIX

- a Six in the price range of the four!

You are cordially invited to visit our special display of the new Chevrolet Six—arranged in conjunction with the nationwide Spring Showing of General Motors cars.

Here, in a price class that has hitherto been occupied exclusively by four-cylinder automobiles, you will see displayed a line of beautiful models that bring you every advantage of six-cylinder performance. Yet, due to the greatest array of

mechanical advancements that Chevrolet has ever announced, the new Chevrolet Six delivers better than twenty miles to the gallon of gasoline with extremely low oil consumption. And this amazing six-cylinder performance is matched in impressiveness by the beautiful new Fisher bodies. Come in. See for yourself that no other car in the world can give you so much at prices within the reach of all.

Announcing New Features that create even Higher Standards in PLYMOUTH Performance, Comfort & Quality

Full/Size This is Plymouth's National Display and Demonstration Week

THE FULL-SIZE TWO-DOOR SEDAN, \$675

PLYMOUTH now shows the public by direct comparison in performance, comfort and quality.

Today's improved Plymouth has a much heavier crankshaft; much larger main bearings and connecting rods; a full-pressure lubricating system of new design—and other Chrysler advancements that have a brilliant new effect on Plymouth performance.

In addition, rubber-insulated engine mountings, silencer exhaust valves, aluminum alloy pistons, body impulse neutralizer and other advanced features contribute toward making Plymouth so delightfully smooth at all speeds.

IMPORTANT NEW FEATURES

- Increased Engine Stroke and piston displacement.
- Heavier Crankshaft.
- Larger Main Bearings and Connecting Rods.
- New Design Full-Pressure Lubricating System.
- Improved Steering Mechanism.
- Greater Economy of operation and speed.
- New conforming seat cushions.
- New Spring Colors—and a number of other highly scientific Chrysler engineering refinements.

Already famous for comfort, the full-size Plymouth is now more comfortable than ever. Its wide, deep seats with self-conforming cushions of a new type give you "easy-chair" repose.

Plymouth radiates the charm of new Springtime colors that enhance its crisp smartness of line.

The obviously greater quality and value of the improved Plymouth are apparent in every phase of its appearance and behavior—in its greater interior roominess and comfort—in its greater economy of operation—and in its greater sturdiness and long life.

Equally obvious is the greater safety of Plymouth—made certain by full-size

\$655.00

Chrysler weatherproof internal-expanding hydraulic brakes on all four wheels. This is Plymouth's National Display and Demonstration Week. Make it a point this week to examine and drive the improved Plymouth. It will be well worth your time.

Coupe, \$655; Roadster (with rumble seat), \$675; 5-Door Sedan, \$675; Touring, \$695; 4-Door Coupe (with rumble seat), \$695; 4-Door Sedan, \$695. All prices f.o.b. factory. Plymouth dealers beyond the convenience of time payments.

Current Trends and Happenings Claiming Comment in the Realm of Women

LONDON HOUSES AND FURNISHING BOWING TO BRIGHTER COLOR

Green, Blue, Red, Violet and Yellow Doors Blooming On Fronts of Smartest Mayfair Residence

By DOROTHY RUSSELL (Associated Press Staff Writer) LONDON, April 20.—Brighter London is foreseen in the vivid color schemes chosen this season by Mayfair hostesses, whose houses have been in the hands of painters and decorators, in preparation for the opening of the season.

Green doors, blue doors, red doors, even violet and yellow doors are blooming on the fronts of Mayfair's smartest houses. Window casements are picked out in colors to match the doors.

Even the house fronts themselves are receiving new coats of bright paint, blending or else frankly contrasting with the color scheme of the doors and windows. Blue, red, ochre and black are the favored colors which now conceal the original brick of many London houses.

Black Practical
A black house front is chosen by many housewives, not only for its practicality in smoky London, but because it offers such wide opportunities for original color contrasts. Its otherwise funeral appearance frequently is relieved sharply by red or blue doors and window frames.

Cream white with Adam green trimmings is another color scheme favored by the more conservative Mayfairers for their Tine old Georgian house fronts.

Colored curtains also are the vogue this year. The most fashionable are of plain flax net, in colors to match or blend with the house front scheme. Some daring young matrons, however, choose decided contrasts, in modern style. Daffodil yellow curtains with blue or green window shades and doors are popular.

Brighter Colors
Even interiors have succumbed to the craze for brighter color. One well known society leader is having her drawing room redecorated in blue and petunia. The walls are pale grey-blue, the frilled loose covers of her deep English chairs are in shades of a deeper shade, and the cushions and curtains are petunia.

The lampshades at first were a problem for both blue and petunia lights are unkind to the fairest woman. A solution was found by covering each lampshade with bright pink silk veiled in the same soft blue artificial silk lace which was used for the inner curtains. The shades look petunia by daylight, but at night the light reflected from the pink linings is rosy and becoming.

Brunettes Win Vote of Texas College Students

FORT WORTH, Texas, April 20 (AP)—Gentlemen do not prefer blonds at Texas Christian university. Almost two to one in favor of brunets was the result of a vote of male students.

PROSPECTIVE REIGN OF WOMEN CAUSING WORRY IN ENGLAND

Considerably Larger Number of Constituencies Will Be Represented by Fairer Sex After Election

By BATES HANEY (Associated Press Feature Editor) LONDON, April 20.—"Petticoat" rule seems on its way to some parts of England.

It is almost certain that a considerably larger number of constituencies will be represented by women in parliament after the general election May 30, and more women than ever before are being elected to posts in town governments. Consequently, old school politicians are worried.

The by-election of Miss Jennie Lee, 24-year-old daughter of a miner as a labor member of parliament from North Lanark, has given the labor party more women members in the house of commons than any other party, and it has centered the attention of politicians and voters alike to the increasingly important role that British women are playing in politics.

Ten Women in Parliament
Today there are 10 women in parliament. Ten years ago there were none. For the coming general election 60 women candidates already have been adopted, the majority of them by the labor and liberal parties. Politicians expect fully 100 women will actually contest seats and they estimate that the next house of commons will contain between 20 and 30 women among the 615 members.

Women voters are expected to outnumber men voters by 2,000,000! This is the first time that such a situation has obtained in England and it is caused by the electoral franchise being extended to all women of 21 and over instead of being confined to women over 30 as formerly.

Wives Decided Changes
This new element in British politics is already working some decided changes in the political situation. One place where the feminine hand has been felt is in the borough of South Kensington, one of London's most dignified and select residential quarters.

Because the member of parliament for that district, in which women voters outnumbered men voters by two to one, recently passed through a divorce court, a large number of the women have withdrawn their support from him and threaten to oppose him at the polls in the general election if he does not withdraw from the race.

WOMEN ACQUIRING SHIP ON WEALTH OF NATION

CHICAGO, April 20 (AP)—Figures compiled by a Chicago statistician disclose that the wealth of the nation has a constant tendency to pass from the hands of men into the hands of women. On the basis of the following facts the deduction has been reached that men must fight to hold their present

College Co-Eds Favor Boys With Curly Hair

AKRON, Ohio, April 20 (AP)—A curly-haired blond, six feet tall, who earns between \$1800 to \$3500 a year, is the ideal husband, a questionnaire answered by University of Akron co-eds indicates.

A good "petter" was demanded in only one reply, and inquiry revealed that the young lady had violated the rules by letting her boy friend fill out the blank for her.

Extremely handsome men were frowned upon by the girls, for, as one wrote, "men are conceited enough without having extraordinary good looks."

economic ground or go down in defeat.

1. Women are the beneficiaries of 80 per cent of the \$95,000,000,000 of life insurance in force in this country.

2. Women pay taxes on more than \$250,000,000 of individual income.

3. Women represent an actual majority of stockholders in the country's largest corporations, such as the United States Steel corporation and the Pennsylvania railroad.

4. Women constitute from 35 to 40 per cent of investment bond house customers.

5. Women millionaires are as plentiful as men on the individual income tax returns.

6. Women receive 70 per cent of the estates left by men and 64 per cent of those left by other women.

7. More than 8,500,000 women are gainfully employed in this country.

College Course Aims At Bolstering Homes

MADISON, Wis., April 20.—Happy homes by mail is the subject of the University of Wisconsin extension course on home making.

Miss Juliet Lita Banc, former president of the American Home Economics association, director of the university extension works in home economics, prepared and directs the course.

The instruction matter is intended, according to the bulletin explaining it, "to keep the home safe from the influences that wreck one home in every six and destroy the peace of many others."

Why buy a four cylinder car when you can get a Chevrolet six for as low as \$658.50 delivered. adv

Ensembles Take Milady's Eye

ENSEMBLES ARE POPULAR again this season. The one on the left is of flat crepe, with new jabot and scallop treatment on the blouse. That on the right is a combination of printed silk frock and cloth coat. Models shown by Milgrim.

Clubwoman Finds Time To Study Engineering

KANSAS CITY, April 20 (AP)—A clubwoman who is a student of Shakespeare and the mother of five children is studying aviation engineering here. Mrs. W. L. C. Palmer commutes daily to Kansas City from her home in Independence, Missouri, to learn mathematical intricacies of stress analysis at the United States aircraft engineering school.

Since her children grew up Mrs. Palmer set out to find a field where she might apply the mathematics she once taught in high school. She has ample opportunity to apply algebra and calculus in computing load capacities of various parts of a plane.

HUNGRY WOMEN NAME COLORS FOR EDIBLES

Lobster, Asparagus, Cantaloupe and Banana are Among Designated Hues

By BARBARA BEAUFORT (Associated Press Fashion Editor) PARIS, April 20.—It looks as if season after season of dieting had stimulated women's appetites to the point where food is always in their thoughts, to judge from the names Paris is calling some of the new spring colors.

Lobster, asparagus, cantaloupe, banana, and the acid triplex—orange, lemon and lime—are names of fashionable shades. French names help remove the hungry sound of words, but the implication is there just the same, indicating appetite.

Sounds More Flagrant
Lobster, which sounds more elegant in the French version of "homard," pronounced Oh-Mar, is a cheery shade of brick-dust with a little more scarlet than orange in it.

It is most favored for beach costumes and sport accessories and blends well, fashionably as well as gastronomically speaking, with "asperge" or asparagus.

The asparagus which gives the new color its name must be of the canned variety, for it is a creamy beige, a little less yellow than the yolk-of-egg shade of recent months.

Banana yellow is not a particularly new shade but it is much talked about just now. It is combined with a ruddy shade of brown best illustrated perhaps by the spots on an over ripe banana.

Tobacco brown is having a tremendous vogue in combination with lemon yellow. Lemon yellow is lime green. All of the colors appear frequently with white.

New "Christus" For Famous Passion Play

OVERAMMERGAU, April 20 (AP)—Anton Lang, the famous "Christus" of the Passion Plays, will not be seen in that part in 1929. The role has been entrusted to Alois Lang, a master blacksmith, who is a relative of Anton. The enlargement of the Passion Play Theater, adding 800 seats, is nearly finished. Preliminary studies and rehearsals for the play will soon begin.

Brilliant Frocks Favored in Spring Mode

CENTER: Baclanova wears a dinner frock of periwinkle blue chiffon with a voluminous skirt of sunburst pleats that falls unevenly. Right: Salmon pink taffeta and tulle are used in this evening gown from Bergdorf Goodman. Left: Black chiffon, the graceful uneven skirt, the ivory flower cluster, all lend smartness to this evening gown from Milgrim.

FEATURE FLASHES FROM FAR-FLUNG FOREIGN FIELDS

Vivid, Early Phases of Relations Between United States and Turkish Empire Slowly Appearing in Light

Mah-of-War of United States Navy Transformed Into Noah's Ark, Young American Wrestling Single-Handed Treaty From Sultan and Quests for Opium Incidents Uncovered by Dr. Wright

By PRISCILLA RING (Associated Press Correspondent)

CONSTANTINOPLE, April 20.—A man-of-war of the United States navy transformed into a Noah's Ark, a young American wrestling single-handedly a treaty from a sultan of the Ottoman Empire and quests for opium are some of the vivid early phases of Turco-American relations which are being brought to light.

America's relations with Turkey have come latterly to signify increasingly separate "pros" and "cons" of the Lausanne treaty, but the infancy of those relations is a tale unweaved with argumentative rigamarole. Rather, in it American valor and ingenuity and love of adventure stand brilliantly pictured against a background of Oriental mystery.

It is due to the studies of Dr. Walter L. Wright, Princeton university, holder of the Shreve Fellowship for research along historical lines, that this tale is now disclosed.

Come for Opium

"The first Americans who came to Turkey," said Dr. Wright in a recent talk before the American Women's club of Constantinople, "came not to found mission schools or establish centers of social service. They came for opium. The first two American vessels to enter Turkish waters back in 1787 were soon followed by many others, and a lively trade embracing the exchange of West Indian coffee and sugar for the opium of Turkey flourished in Smyrna."

"But the Turks didn't like West Indian coffee. They wanted Mocha, and so the American vessels tumbled round the Cape of Good Hope to the foot of Arabia to collect Turkey's preferred coffee, back round the Cape again and over to Smyrna for opium, then all the way back for the third Cape passage and farther still to China to convert the opium into tea and silk for America."

Finds "Marco Polo"

Dr. Wright's study of this trade led to his discovery of an unknown American Marco Polo, an American youth who was supposedly killed by the Arabians in Mocha along with the entire crew of an American ship. A letter found in the archives of a maritime insurance company proved, however, that the boy was not killed but was made the chief guardian of the royal Arabian harem. Dr. Wright found no other mention anywhere of this boy's adventure.

One of the incidents in early Turco-American relations, was the appearance in Turkish waters of the frigate George Washington, commanded by Commodore Bainbridge—a man-of-war transformed into a Noah's Ark. It had just carried to the Dey of Algiers a delayed money tribute from the United States and the Dey informed Bainbridge that the George Washington could not leave Algiers unless it carried the embassy which he was about to send to Constantinople.

100 in Sulle So the frigate sailed up the Golden

Mexican Rebels Rush Indians to Front

MOSCOW WILL EVICT RESIDENCE OWNERS

Proprietors With Incomes of \$1500 Annually Must Submit to Working Class

MOSCOW, April 20 (AP)—All home-owners and those families whose incomes exceed \$1500 a year are to be evicted from their dwellings by October, unless they belong to a few exceptional categories, says a law recently enacted by the soviet government. The housing space thus gained is to be placed at the disposal of laborers.

Exceptions to the new regulation embrace in the first place those who had been laborers up to the time of the revolution and who are now living on working class wages. Those whose dwellings do not contain more than 115 square meters of floor space will also be spared the eviction process.

Other exceptions include former owners now receiving remuneration from the government, heroes of labor, members of the academy of sciences and veterans of the civil war. All active scientists, technicians, artists and professors and instructors in the leading universities will also escape the edict.

The government explains that October 1 was fixed as the limit for the order to take effect that the evicted persons might have time to build new homes. But they must use their own money in erecting fresh dwellings.

A proposal was made that men and women deprived of their votes because of varying degrees of political irregularity should also be ejected from their habitations. But the government frowned upon this plan and issued a special statement to make clear that disfranchised voters, as such, would be saved the trouble of moving.

MARCELLING 50c at 719 2nd Ave. North, Ph. 1055, adv

Africans Want Their French Rulers Tall

PARIS, April 20 (AP)—President Gaston Doumergue and Premier Raymond Poincare, being less than eight feet tall, are not likely to visit the French colonies on the west coast of Africa.

Andre Maginot, minister of colonies, made a hit with the blacks on a recent trip because he is 6 feet 4 inches tall and of huge frame. He told the cabinet how much the natives respected size and strength.

"Since the natives must know there are a premier and a president above you," one of the other ministers said, "how tall would they expect them to be?"

"At least 8 feet for the premier and 10 feet for the president," M. Maginot replied.

URGE ZINC IN DIET

PARIS (AP)—Zinc is taking its place in man's diet. Members of the French academy of science maintain that the metal is as important for human diets as is iron.

Italy Discovers Rich Oil Supply In Rock Deposit

ROME, April 20 (AP)—Italian engineers and government bureaus are studying the possibility of turning rich deposits of bituminous rock in the provinces of Ragusa and Abruzzi into oil. In an effort to make Italy more independent of other countries for petroleum and gasoline.

At present Italy imports about 1,000,000 tons of oil a year. She produces only 5000. But her engineers say there is a wealth of 200,000 tons of oil per year in Ragusa alone, and more in Abruzzi, enough to last at least 100 years.

Engineer La Porta, a national authority on minerals, calculates that there are 500,000,000 tons of rock in Ragusa which contain about 20 per cent oil.

The fascist government is interested in the extraction of this oil in the same way that it is interested in converting water power into electricity. Mussolini would like to make Italy independent of America and Russia for her oil just as he is successfully making Italy independent of England, France, Germany and America for coal.

Danes in Favor of Spanking Flappers

COPENHAGEN, April 20 (AP)—The question of flappers and their privileges, articulated in a local daily paper, has had serious consequences for some of Denmark's flossy girls. Should flappers be allowed to be "out" in public places after midnight—the paper asked.

All the replies from the flappers were uniformly—"Yes."

The paper next asked what should parents do to flappers who stay out late. The reply from the elders came promptly: "Spank 'em."

"Oh, do stop that awful discussion," writes 16-year old girl in a letter to the paper asked. "I can hardly sit while I pen these lines!"

Pan-American Congress Will Discuss Surgery

HONOLULU, April 20 (AP)—The preliminary program for the first Pan-Pacific Surgical Conference, to be held here August 24, has been outlined. The purpose of the conference is to bring together surgeons from all countries bordering the Pacific ocean, and permit the exchange of surgical ideas and methods. The agenda is limited to surgery, its specialties, and hospital standardization.

Twenty-nine countries have been invited to send delegates. No routine clinics will be held. In presentation of papers, only synopses will be read, the papers themselves being distributed to delegates two days in advance.

Round table discussions among groups interested in specific subjects will be arranged. A special clinic on leprosy is planned.

Stock Brokers of Paris To Occupy New Building

PARIS, April 20 (AP)—All of the 70 stock brokers of Paris will have their offices in a new building now being erected across the street from the century-old Bourse. The latter has been overcrowded for a long time.

Brokers here are under government supervision. Their number is limited by law so that a seat is a guaranteed source of good income.

SUBSCRIBE FOR THE NEWS.

PARIS POLICE AGAIN PREPARE FOR RIOTING

Backed By Century of Experience Officers Will Cope With May Strife

PARIS, April 20 (AP)—Backed by a century of experience, the police force of Paris is pronounced fully prepared to cope with any rioting that may take place on May day, the Labor Day of France but which for several years past has been the occasion for clashes between marchers of rival organizations.

The force is 100 years old but it has inherited the experience of twelve centuries of city policing under all sorts of conditions.

The present force, now 12,000 men in the city and 2000 in the suburbs, was formed in March, 1829. The first outfit that guarded the streets, usually only at night, was created by Clouaire II, in the year 595. It was "the Watch" and was armed with clubs, swords, bows and arrows and a sort of small catapult.

The first modern police force a century ago numbered 71. Their night arms were sabres. They wore bicorne hats, much like Napoleon's traditional headgear.

They were too, the first "blue coats." Those garments then reached half way between the ankle and the knee but the present force is costumed in a shorter coat over which is worn a hooded cape of waist length, blue cloth on one side and rubber on the other for wet weather.

This cape, indeed, is one of the touches of genius of the Paris cop.

In street fighting the policeman throws his cape over his adversary's head, enabling him to blind his arms and throw him if necessary.

When rioters use iron gratings and paving blocks as missiles, the police wrap their faces around their left arms as shields. The capes serve as shields likewise when criminals use knives.

RADIO LINK IN PHILIPPINES

MANILA (AP)—The Philippine government has entered into an agreement with the Radio Corporation of the Philippines for the construction and operation of nine wireless stations for inter-island service.

Plenty of room in the NEW SUPERIOR Whippet

An Important advantage of the new Superior Whippet Four and Six is "Taper-Tip Control"—one button in center of steering wheel which operates starter, lights and horn.

THE larger bodies of the new Superior Whippet Four and Six afford more spacious interiors, with extra head room, leg room and elbow room.

The beautiful and ultra-modern design of the new Superior Whippet makes it the style authority in both the Four and light Six classes. Many tasteful refinements include longer lines, higher radiator and hood, chromium-plate and sweeping one-piece full-crown fenders.

The faster speed and pick-up of the new Superior Whippet result from a higher compression engine, giving more than 20% added horsepower. Low consumption of gasoline and oil, and dependable performance, insure exceptional operating economy and minimum service costs.

THE joy of driving the new Ford comes not alone from its speed—its safety—its comfort—its reliability—the pride you take in its beauty of line and color—but also from the pleasure it puts into motoring.

Instantly you start away for your first ride you have a feeling that here is an unusually alert and capable car. That here is a car fully equal to every need and emergency. That here is a car with a new eagerness to go. A new aliveness. A new responsiveness in traffic, on hills, and on the open road.

As the days go by, you find yourself developing a real friendliness for the new Ford—a growing pride that is deeper and more personal than just an acknowledgment of faithful service.

You long to be behind the wheel—to drive for the sheer joy of driving—to know again the sense of power, security and complete control that is yours when you ride in this great new car.

Watching the performance of the new Ford—studying its reliability—you begin

to see that it is not just a new automobile—not just a new model—but the advanced expression of a wholly new idea in modern, economical transportation.

For now, at a low price, you can get everything you want or need in a modern automobile. Beautiful low lines... choice of colors... quick acceleration... 55 to 65 miles an hour... smoothness at all speeds... exceptional hill-climbing qualities... mechanical, internal-expanding, six-brake system, with all brakes silent and fully enclosed... four Houdaille hydraulic two-way shock absorbers... new easy-riding transverse springs of exclusive Ford design... typical Ford reliability and low up-keep cost... Triplex shatter-proof glass windshield.

The Ford Motor Company is able to build such a really fine car at a low price only because of new manufacturing methods and production economies as unusual as the car itself. On the basis of complete all-around value and performance, there is nothing quite like the new Ford anywhere in design, quality and price.

SERVICE

IN THE Ford Motor Company we emphasize service equally with sales. It has always been our belief that a sale does not complete the transaction between us and the buyer, but establishes a new obligation on us to see that his car gives him service. We are as much interested in his economical operation of the car as he is in our economical manufacture of it.

"This is only good business on our part. If our car gives service, sales will take care of themselves. For that reason we have installed a system of controlled service to take care of all Ford cars in an economical and improved manner. We wish all users of Ford cars to know what they are entitled to in this respect, so that they may readily avail themselves of this service."

Committee Reports Census And House Reapportionment Bill

NEW MEASURE WILL FACE STIFF BATTLE IN BOTH CHAMBERS

Advocates Believe Legislators Will Authorize \$39,000,000 Expenditure For Constitutional Task

(By The Associated Press) WASHINGTON, April 20.—Two bills on the program of President Hoover for the extra session—authorization of the 1930 census and reapportionment of house membership on the basis of that census—were combined today by the senate commerce committee and reported to the senate.

The consolidated bill, facing stiff opposition from those states which would lose representation in the house under the reapportionment, has been accorded second place on the calendar by senate leaders. The farm relief measure, which comes up Monday, has first call.

Advocates of house reapportionment regarded the linking of that legislation with the bill for authorization of the 1930 census as a victory. They believe congress will authorize the \$39,000,000 for the regular decennial census stipulated by the constitution.

May Take Fifth-Step. Steps also were taken today on the senate side of the capital to initiate the fifth and last part of the Hoover legislative program—repeal or suspension of the national origin provision of the immigration act. Part relief and tariff revision, the other sections of the administration slate for this session, are nearing completion of the committee stages.

Chairman Johnson, of the senate immigration committee, called a meeting for Tuesday for consideration of the bills for repeal of the national origin provision, which goes into effect July 1. The provision drastically revises the immigration quotas for the various nations, allowing a large increase for Great Britain at the expense of Germany and the Scandinavian countries.

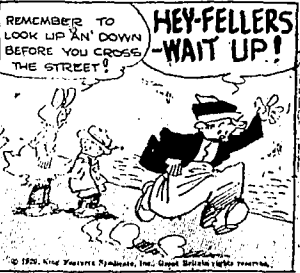

James Zadroga's Bill. The census bill reported by the commerce committee is the one introduced on Thursday by Chairman Jones, and it provides for beginning the census next November 1, rather than on May 1 as stipulated in the bill passed last session by the house.

The bill also includes provision for the taking of an unemployment survey in connection with the 1930 census. This proposition was endorsed by Sec-

PROFESSOR PREDICTS LAMB CROP INCREASE

C. W. Hickman, University of Idaho, Reports Conditions for Sheep Good

MOSCOW, April 20 (Special to The News)—Idaho's lamb crop will be larger than that of 1928, although the crop has been retarded somewhat by the late spring, according to C. W. Hickman, professor of animal husbandry in the college of agriculture at the University of Idaho and animal husbandman for the university experimental station. Stock in general throughout the state is in good flesh but a little thinner than usual, due to late range feed.

Conditions in California, one of the principal western sheep states, are somewhat similar to those in Idaho and lambs have been retarded because of inadequate supply of grass due to lack of moisture. Eastern shipments in March were smaller than those in 1928 and the eastern movement in volume will probably be later than a year ago. While eastern shipments from California may equal those of 1928, the average quality of lambs will probably not be as good, according to the United States department of agriculture.

Only a few sales of wool in Idaho have been reported, but the early clip that have been contracted sold at 30 to 36¢ cents, or above last year's average price. Wool production in the United States as a whole, and in the important foreign producing countries, during the 1928-1929 season will apparently be about 6 per cent larger than for the 1927-1928 season and stocks in the primary markets are ample.

The January wool staples and declining tendency in foreign prices have not been reflected by a decline in prices of wool in this country. Increase in the number of shorn in this country has not as yet affected the markets, but caution should be used in produc-

LIBRARY PUTS LONG LIST OF NEW BOOKS ON SHELF

The following books are to be added to the Twin Falls public library this week:

Piction—"Son of the Gods," Beach; "Selling Both Ways," Colman; "The Singing Gold," Cottrell; "The Professor's Wife," Imbs; "The Devil and the Deep Sea," Jordan; "The Wagon and Stars," Larimer; "Deceit," Lewis; "Me an' Shorty," Mulford; "The Butler," Rice; "This Strange Adventure," Richards; "Secret of the Dream," Terluine; "The Boston Murder," Van Dine; "The Sealed Trunk," Webster; "They Still Falls in Love," Williams; "Orlando," Woolfer; "Case of Sergeant Orsicha," Zwigg; "Stories for 1928," O'Henary prize collection.

Non-fiction—"My Autobiography," Mussolini; "Seven Modern Comedies," Dumany; "Essentials in Metal Working," Bergley; "What You Should Know About Health," Haggard; "Personal Hygiene for Women," Mosher; "Hands Up (Palms), Quins; "Feeding Your Dog," Riser; "Joseph Pulitzer, His Life and Letters," Seitz; "Pieces for Prize Speaking Contests"; "Masterpieces of Modern Verse," Shurter and Watkins; "Wee Some More My Lady," Old Spoons; Spathi; "Colonial Women of Affairs," Dexter; "The Dawes Plan and the New Economics," Adair; "The Come Ford," Merz; "Plain People," Howe.

Speaking of the last named books, Miss Jessie France, Twin Falls public librarian, said yesterday:

"Those who enjoyed the style and humor of 'The American Band Wagon,' will be interested in the author's 'Then Came Ford,' a biography of Henry Ford—which is really a history of our country in the last 40 years, concerning especially his interests, world peace, antiques, our folk lore and legends, and that which he influenced most, our manner of travel.

"Another biography, which is a chronicle of American life from Abraham Lincoln to Irvin Cobb to Clarence Darrow. The author, a well known editor and publisher of Kansas, is noted for his shrewd human philosophy and original thinking."

tion plans since present lamb prices cannot be maintained if expansion is continued too rapidly, the report says.

The outlook for the cattle industry in our country is comparable, Professor Hickman said, with prices about steady with the 1928 level. Cattle have held up well under long, heavy feeding and a severe winter. Losses in general have been light, but cattle are not in as good flesh as usual. Cattle are, in general, in strong hands and early sales and contracts indicate good prices for stock cattle. The early calf crop prospects are good, Professor Hickman said.

40,000-ACRE TRACT RECEIVES APPROVAL

Burley Irrigation District Votes in Favor of Plan For Murtaugh Project

BURLEY, April 20 (Special to The News)—Farmers of the Murtaugh Irrigation district advanced a step nearer their goal of a new 40,000-acre irrigated tract when the Burley Irrigation district voted approval of their proposal to raise the level of the lake above the Mintoka dam 11 feet. The approval of the Murtaugh Irrigation district end of the government will now be sought.

The raising of the level of Lake Volcan 11 feet above the present crest of the Mintoka dam will not only provide ample power for pumping, but will also form a great storage reservoir. It is proposed to use the water after it has generated power by pumping it from a point above the Minter dam.

GRANGE MAKES MOVE TO GET COMMUNITY EXHIBIT

The first step toward preparing a community exhibit for the Twin Falls Grange at the county fair was taken Friday night when Leon Ayotte was appointed chairman for the vegetable department. Other chairman will be appointed later and arrangements will be made to secure the best products grown in the vicinity of this city.

Following the business meeting a "grab bag" social was held for the purpose of securing an additional supply of peeps. There was a brief musical program consisting of a piano solo by Miss Doris Parsons, a vocal solo by Miss Lois Brandon, with Mrs. J. E. Paulsen as accompanist, and a piano solo by Miss Kiodt. Refreshments were served.

Proud Security for the Woman Who Drives—

From the dainty wing-tipped radiator to the graceful curve of the rear fenders, the new Dodge Brothers Six is a car women invariably admire. Its brisk alertness in starting at the touch of the finger, the accessibility of pedals and the simplicity of controls, the ease with which it handles and the feeling of security and protection which its Mono-piece body imparts, all recommend it as the ideal woman's car. Its proverbial dependability and safety plus the new comfort and beauty so typical of Chrysler-styled cars are daily winning more devotees among women who would motor in proud security.

EIGHT BODY STYLES: 1945 to 1965 P.O.S. DETROIT. Convenient Terms.

SCOUT BOARD ORGANIZES AT MEETING IN KIMBERLY

KIMBERLY, April 20.—At a recent meeting of the Boy Scout troops of Kimberly representatives from the Christian, Methodist, Episcopal and Latter Day Saints churches and the American Legion were present to organize a district board for Boy Scouts. Dr. J. N. Davis was elected chairman of the board, with Carl Emerson, secretary-treasurer, and Ralph Metcalf, scoutmaster. The Methodist scouts, as troop 1, starts activities with 24 applicants for membership. Troop 2, Latter Day Saints church, will start with 16 members, and troop 3 of the Christian church will organize with 16 members.

Mrs. Harley Newkirk was hostess to the Royal Neighbors of America Friday afternoon at her home in Kimberly. Members held a business session and a health lesson. The lodge voted acceptance and appreciation of a gift from Mother's Women of America. The meeting to be held in May will be at the home of Mrs. Alice Wilson.

Mrs. D. S. Taylor is reported ill at her home where she is suffering from a nose and throat infection. Mrs. Walter Bowman, who underwent a minor operation recently, and her son, are both under the care of a physician.

Mr. and Mrs. R. G. Wilson entertained 16 friends of Twin Falls and Kimberly at a dinner Friday evening. Dinner was served at small tables attractively decorated in spring colors. Bridge was played following the dinner, with Mrs. B. H. Atkinson, of Twin Falls, and J. Frank Henry, winning high scores. Mrs. J. W. Hardin was presented the consolation gift.

W. Graham is suffering from rheumatism and other complications.

Gooding Students Hear Address by Dr. Culver

WESTLEYAN, April 20.—(Special to The News)—As a preliminary to the Young Women's Christian association and Young Men's Christian association college conference in Boise on Friday, Dr. Raymond Culver of Portland, secretary of the northwest Young Men's Christian association, spoke to the two organizations at Gooding college. His theme was based on a consideration of problems in American life such as dishonesty in high places and companionate marriage, and their relation to the America of the future. The speaker pointed out that college students, especially those who go into teaching, have a splendid opportunity to influence young people and thus curb such movements.

Among the Gooding college students and faculty who are going to the conference in Boise are: Professor Ford, Professor Bloom, Miss Robinson, Phyllis Evans and Rita Street, Twin Falls; Benna Kinney, Blackfoot; Dora Coombs, Prairie City, Oregon; Alice McKelvey, Paul, Kelvin Hartwell, Buhl; Samuel Allison, Glens Ferry, and Howard Bruns, Kimberly.

NOW SHOWING at the Idaho, William Powell and Louise Brooks in the Paramount 100 per cent all-talking picture, "The Canary Murder Case."

Theatre

"Syncopation" Triumph At Orpheum Showhouse

Marking a new era in film entertainment, "Syncopation," first of RKO's hundred per cent all-talkers, with Fred Waring's "Pennsylvania, here!" from the screen of the Orpheum theatre in a veritable fountain of golden melody, song and crackling dialogue to the huge delight of the crowds who attended its premier showing last night.

"Syncopation" has been billed as an extravaganza by the producers, the first great musical film ever to be made, an effort to produce what is actually a full blown musical show in film form. And the result is a rousing, rousing scoring success, making another step forward in the realm of perfect entertainment.

The synchronization was accomplished by the photophone process of RCA which records sound on film. Aside from the technical aspects which are striking in their results, "Syncopation," first of the new radio pictures is a genuinely sparkling musical comedy success. The stars, aside, the jazz melodies of Fred Waring's famed Pennsylvania scintillate, the songs melt the heart and a number of them are real hits. In addition there are all the accoutrements and embellishments of an extravaganza in the specialty musical numbers, the peppy dancers and the sparkling repartee.

And just as you leave a musical show humming the song hits so will you go away humming that haunting theme melody, "I'll Always Be In Love with You," and some of the other original hits written for this show which include, "Jericho," "Do Something," and others. "Syncopation," which was adapted

from Gene Markey's novel, "Sleeping Hill," is a gripping heart interest tale of Broadway hoodlums that doesn't despise the tear while it investigates the hearty laugh from its burr.

Barbara Bennett and Bobby Watson portray the leading roles. Others who shine in the scintillating cast are Ian Hunter, Morton Downey, Osmond Perkins, Mackenzie Ward, Verree Teasdale and Dorothy Lee.

MRS. HAYES WINS SCHOOL BOARD ELECTION AT EDEN

EDEN, April 20.—By a one-vote margin Mrs. Sylvia Hayes was elected to the board of school trustees here today, receiving 29 votes against 28 for her opponent, A. M. Black, candidate for reelection. The total of 57 votes was fewer than in previous years. A special tax of 10 mills was approved and the school term fixed at nine months. The other members of the board are George Phillips and L. W. Deebout.

Rain interfered with the playing of the Eden-Hassel Lane grade school baseball game here Friday afternoon. The game will be played early next week.

Mr. and Mrs. H. G. Hayes, Mrs. Verna Blackley, Mrs. Dallas Gordon and son Bernard all came over to Twin Falls Thursday evening to attend the opera given by the grade school.

Mr. and Mrs. Byron Averitt were visitors to Twin Falls Friday.

The heavy rain Thursday night enticed a tenk in the roof of the Eden grade school building with the result that a portion of the plaster in one room fell from the ceiling. Two rooms were not used in the building because of their condition Friday.

Work on the new addition to the Foreaker cante is progressing rapidly.

NEW POWER LINES SERVE HOMES IN BUHL DISTRICT

BUHL, April 20.—The Idaho Power company completed two more new lines last week, according to Mr. Raymond, manager of the local branch, who announces that other lines are under construction. Those who are served by the new lines include C. C. Merrill, J. D. Emory, W. E. Woodruff and D. E. Butler, one and a half miles west of Buhl; James Sloan and E. S. Leland, west on the highway; Leopold Lowe, D. C. Greene, H. T. Tate, and B. A. Green residing on the Clear Lakes road.

Mrs. C. S. Peck returned from Boise Friday where she recuperated from a recent operation. She was met at Buhl by Mr. Peck.

Alvin Rendig and Paul Boyd will graduate from the University of Idaho in June, completing courses in the college of letters and science. Harry Gaul is graduating from the course in agriculture and Paul Rudy from the school of business administration. All young men are from Buhl.

Rev. W. E. Ellis, Compton, California, will conduct series of evangelistic meetings in the Buhl Nazarene church starting April 21 and continuing for one week.

Attorney R. W. Huddeston, Rupert, has opened a law office over the Buhl state bank. Mr. Huddeston is a graduate of the University of Idaho and has practiced in Rupert for the last two years.

Mrs. Minnie Miller, owner of the Thousand Springs ranch, has gone to New York City and will sail in the near future for England to attend an international meeting of Guernsey breeders on the Island of Guernsey. She is accompanied by Mr. Miller.

Professor C. W. Chenoweth, head of the department of philosophy, University of Idaho, will give the address before the graduating class in the Buhl high school May 24.

Work was started on the building of the Buhl Feed and Ice company this week by Overbaugh and Weaver, local contractors. The building will cost approximately \$11,000 and will be completed by July 1.

Rev. James Miller, pastor of the Buhl Presbyterian church, will preach the social service sermon at Filer May 10.

The Three Most Important Modern Home Conveniences

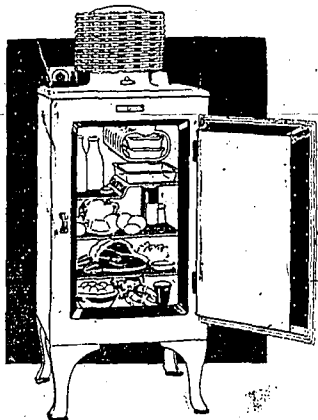

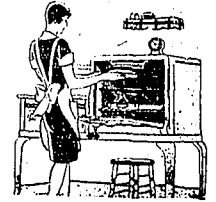

NOW PLACED BEFORE OUR CUSTOMERS IN THIS

SPECIAL OFFER

Properly equipped, the home of today offers comforts and conveniences that were never dreamed of a few short years ago. Now women are modernizing their homes in up-to-date fashion, and the three most important of all modern home conveniences to receive first consideration are the Electric Range, Electric Refrigerator and Electric Hot

Water Service. The service that these electrical servants perform for the present day woman can be counted in terms of convenience, economy and health. They make life more enjoyable for everyone in the home. They work for you untiringly and unceasingly, and save your energy and strength and give you more time to devote to other things.

Model G-40
General Electric
ALL STEEL
Refrigerator

A Model Designed For Small Families

This new small-family model makes simplified electric refrigeration possible in every home, and sets a new standard of efficiency, durability and economy.

Automatically the General Electric Refrigerator maintains a temperature that science has determined as best to preserve perishables for the longest possible time.

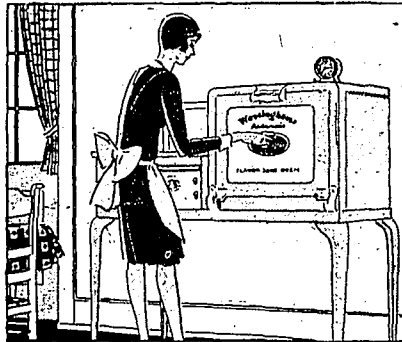

It's all steel, with electrically welded joints. Bronze hardware is bolted onto the steel. Black faced door edges, self closing latch and gliders to protect linoleum.

The G. E. is absolutely quiet, never needs oiling. The mechanism is hermetically sealed in a steel case and never needs attention. Just plug its service cord into the nearest electric outlet—no plumbing connection or special wiring necessary.

Only \$10.00 Down and the balance in convenient monthly payments. Come in and see it today!

Many Other Models in Sizes and Types For All Homes On Display

Two Attractive New Westinghouse Electric Ranges

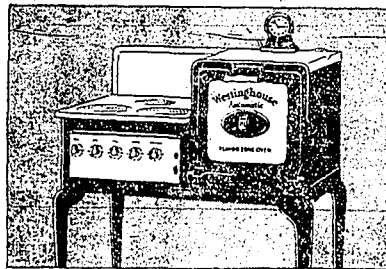

The Console in Grey Enamel

A beautifully designed and constructed range, combining all the conveniences and charms of electric cooking with the economy of effort, time and food. Over 18" x 17" deep. There are three surface units on cooking platform.

Junior Console in Semi-White

Amazingly compact range, adapted to the cooking requirements of the average family. Fully Automatic. Over 14" x 14 1/2" deep. The white portion is fireproof enamel and the black a satiny, japanned finish.

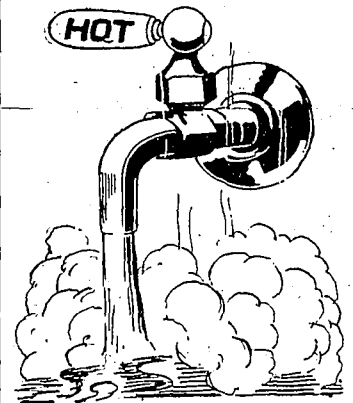

The Range With the "Flavor Zone" Oven

Balance In EASILY SPARED Monthly Sums

This offer amounts to a whole lot more than merely an opportunity for you to buy a Westinghouse Electric Range on unusual, convenient terms. What we are offering is an opportunity to free yourself from the drudgery of cooking by old-fashioned methods. For the Westinghouse Electric Range with its "Flavor Zone" oven enables you to substitute clockwork for guesswork in your cooking. It turns itself on—automatically—at just the right time. Then it browns to perfection, clicks off the current, and finishes cooking by retained heat. When you return, a delicious dinner is piping hot and ready to serve.

Come in today and let us show you these two Westinghouse Ranges we are offering at \$1.00 Down and the balance in small monthly payments. Hot weather will soon be here, and now is the time to get an Electric Range!

A COMPLETE Hot Water Installation

For a First Payment of

Wiring, Plumbing and Equipment Included In This Offer

With the new type Automatic Electric equipment you can have a constant supply of hot water at all times—a reliable service at low cost. Automatically operated by thermostat-control, this equipment eliminates all waste of current and requires no attention on your part.

In order to help you secure this improved and efficient service, we make this special offer:

We will install the proper water heating equipment in your home, make what changes are necessary in plumbing and wiring, and tell you, in advance, just what the complete installation will cost. When the job is finished you pay only \$1.00 Down and the balance in easy monthly sums.

One of our Water Heating Specialists will be glad to investigate and help solve your particular water heating problem, FREE OF CHARGE. Phone for one to call.

Wealthy Farmer in Eastern Arkansas Owner of Entire Town

R. E. LEE WILSON RISES FROM ORPHAN TO KING OF COTTON

Far-Sighted Genius Bending Science to Development of 60,000 Acres in Alluvial Region of Southland

By The Associated Press
WILSON, Ark., April 20—Industrial farming under the far-sighted genius of R. E. Lee Wilson, one of the largest individually owned cotton plantations in the world, created this unusual Arkansas town.

Mr. Wilson rules the destinies of the town bearing his name because he owns it, stock, and barrel. But his "subjects" say he is a "benevolent despot," and everybody appears happy.

By bending science to the development of 60,000 acres of cotton and timber in the alluvial region of eastern Arkansas, this curious man who rose from orphan farm boy to master of millions was able to realize his dream of an ideal workaday community.

The town has a population of about 2000, but has neither mayor nor "police" power. Mr. Wilson actually owns the town, he prefers to be considered as holding it in trust for those whose work has added to its value.

Own Utilities

The town, 42 miles from Memphis, Tennessee, boasts its own utilities system, supplying every home with electric power, running water and sewage, a free mail service, fire protection and an ice plant.

Other features are a hardwood mill, a box factory, a stove factory, a flour and meal mill, cotton gins, standard schools, two churches, a community center and a shopping district.

Besides the vast cotton plantation of 20,000 acres producing a bale to the acre, the Wilson holdings comprise 25,000 acres of timber land, and 6000 acres for feed crops to care for 1200 mules used in cotton farming.

400 Students

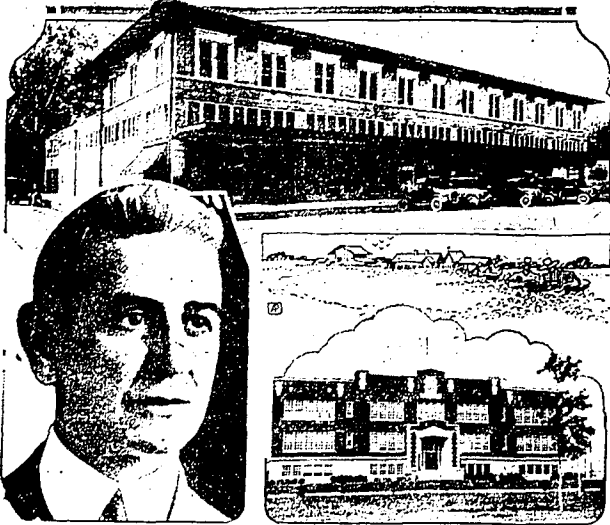

The schools care for 400 white and negro students and have an all-year vocational program in agriculture and home economics. Details in the school fund are covered by a check from Mr. Wilson and his associates. Residents are assessed a small fee for medical service, and for support of churches.

Need Production

Cotton seed production is one of the big enterprises in Wilson, N. H. Collins, in charge of plant breeding on the plantation, in 1928 supervised shipment of 1,000,000 pounds of cotton seed to Louisiana, the gift of the American Red Cross to flood sufferers.

Mr. Wilson started as a hardwood lumber operator, a field in which he has gained almost as much prominence as that of a cotton producer. His lumber plant has a capacity of 75,000 a day. As fast as timber is cut, the land is cleared and prepared for farming.

Chief assistant to the economic autocrat is his son, R. E. Lee Wilson, Jr., who is general manager of operations.

R. E. Lee Wilson, owner of the town of Wilson, Arkansas, and head of one of the greatest cotton plantations in the world, has linked farming to industry to bring prosperity to his city of 2000. Mr. Wilson, the community shopping center, and the high school are shown above.

SOLVES BOY AND LABOR PROBLEM AT SAME TIME

GRAND RAPIDS, April 20—The "Big Brothers," an organization sponsored by local business men to assist delinquent youngsters, will solve the "problem" boy question and the labor problem in northern Michigan cherry orchards at the same time next August.

Three cherry pickers' camps will be established in the Grand Traverse region to which 240 city boys will be taken to keep them out of mischief during the school vacation period.

Orchardists will supply living quarters and pay the boys' tenting rates for picking cherries. Trained men hired by the Big Brothers will supervise the work and conduct of each group of from six to eight boys.

Fifty-two boys in a camp near Traverse City last summer saved more than \$1000 above living expenses.

Cow's Death Upsets Plan of Scientist in Michigan

EAST LANSING, Mich., April 20—When Leslie Payne Johnson, a purchased Holstein cow, fell dead from the infirmities of age, important plans of federal dairy scientists were upset.

In 1925, at the national dairy show in Milwaukee, they took the cow's external measurements and judged her one of the most nearly perfect Holsteins in the exhibition.

Dutley E. Waters of Grand Rapids, her owner, agreed to turn the cow over to the government in her old age so that internal measurements might be checked against the external in determining whether the present practice of judging cattle by their outward appearance is practical.

Waters was preparing to notify the scientists when the cow died.

Poultryman Claims Profit of \$6 Quail

ATLANTA, April 20—G. C. Lattimer, of near Genevaville, Ga. made a net profit of nearly \$6 a day over a period of 73 days on an investment of \$20.20 in day-old chicks.

Records of the Georgia state bureau of markets show that Lattimer's expense included \$29.75 for feed, \$16 for coal and \$5 for incidentals. He marketed the results of his experiment through the state bureau for \$37.49, showing a profit of \$43.45 net, or \$5.91 a day.

Dr. Lobdell to Continue Serving Burley Church

BURLEY, April 20—(Special to The News)—At a meeting Thursday evening the official board of the Christian church gave Dr. George L. Lobdell a call for another year's service as pastor.

His present year terminates June 30. Mr. Myrtle Homer, clerk of the board, announced that Dr. Lobdell had served the church as pastor longer than any minister since its organization.

Three Turkey Hens Return \$210 Profit

GOODWELL, Okla., April 20—Use of turkeys as a substitute to wheat farms Mrs. Homer Jeffers realized a profit of \$210.98 above the cost of feed last year from three turkey hens.

Because of past heavy losses from blackhead disease, Mrs. Jeffers confined her birds to two lots of one-half hen each instead of allowing them free range. The lots had been secured to Atlanta. Definite feeding practices were followed.

Finds a Way to Stop Attacks of Fits

Reports are received of an amazing treatment that epileptic state has proved successful in stopping their attacks. R. Lepso, Apt. 107, 405 Island Ave., Milwaukee, Wis., has been supplying sufferers with this treatment.

He now wishes to reach all those who have not been helped and to do so is making the startling offer of a generous treatment free to all sufferers. Anyone afflicted should write for free treatment at once, giving age—

The Farm Week In Washington

By FRANK I. WELLES
 (Associated Press Farm Editor)
WASHINGTON, April 20—An analysis of the measure say the provision making it possible for a cooperative to sell its crop outright to a stabilization corporation is the nerve center of the farm relief bill the housing agricultural stress committee has sent to the special session of congress.

In effect, it makes the corporation an underwriter for the cooperative, relieving the cooperative of all liability if the market does not absorb the commodity it produced. Questioned on the situation thus created, members of the house committee revealed that any loss accruing necessarily would be borne by the corporation. The farmers belonging to the cooperative will have been paid.

Summed up, they say, the farmer will get his money; the cooperative will be relieved of the crop, and if the stabilization corporation—set up by authority of the federal farm board and financed from the \$500,000,000 revolving fund—cannot find a market or sell the produce at cost, the government automatically will shoulder the loss.

It is explained that direct purchase of a commodity is to be made only in times of serious depression and when the cooperative, even with the aid of federal loans, is unable to obtain a profitable market. However, observers point out, there is no provision that direct sale may not be made any time in theory, if a stabilization corporation will not be authorized except under extenuating circumstances.

Representative Fori, New Jersey, one of the house committee's staunchest supporters of the stabilization corporation plan, expects the system to hold enough of the crop surplus off the current market to keep farm prices steady. Likewise, he expects it to feed the surplus into consuming channels at a fair price to the consumer.

In final analysis the stabilization corporation is an emergency exit for the producer whose crop is worth less than its cost. Despite its importance as such, the bill does not make it mandatory of the federal farm board to create a stabilization corporation at any time.

The board's action is left to its own discretion, although any individual cooperative may make application and the advisory council for any commodity may make recommendation.

The board has it within its power to make capital loans with which a cooperative may set up its stabilization corporation, state the terms of amortization and the rates of interest.

Dairy Specialists Plan Three Holstein Events

BURLEY, April 20 (Special to The News)—Several dairy specialists were in Burley Friday consulting with County Agent W. W. Palmer with reference to dairy meetings to be held in the near future in Cassia and Minidoka counties.

It is proposed to hold three Black and White days, devoted solely to Holstein interests. The Rupert Black and White day has been set for May 22. Dates for Malta and Oakley Black and White days will be decided on next week. The Cassia county spring dairy show is to be held in Burley May 16. Specialists here Friday were D. L. Fournier, extension dairyman; H. A. Mathiesen, agent in dairying and Buford Kuhns, county agent for Minidoka county.

Students of Eden Grade School Stage Operetta

EDEN, April 20 (Special to The News)—Before an audience that filled the high school auditorium, Eden grade school students staged the operetta, "The Brownie Band," Thursday night. The successful production featured attractive costumes, many music numbers and singing by a large chorus. Members of the grade school faculty directed the operetta. The cast included the following: Leto Davis, Margie Werry, Dorothy Schland, Bird Johnson, Billy Everett, Keith Johnson, Althea Everett, Dale Barnes and James (Becky) Johnson.

All foot troubles. Phone Dr. Foster, adv.

"BUBBLING OVER"

BUBBLING OVER

"Bubbling Over," the winner of the 1926 Kentucky Derby had for his name a requisite that is necessary for every individual if his goal is to be attained.

A winner in any walk of life must be "Bubbling Over." Bubbling over with enthusiasm about the work in which he is engaged.

A good bank account gives a man confidence and helps to make him a winner.
