Mrs. E. B. Williams  
Phone 396

Pickett's Progressive Class enjoyed an unusually splendid social, Friday evening, when around 75 members with their families and a few invited guests met in the parlors of the M. E. church. Mrs. Willis Young was general chairman for the evening. Mrs. Moors Stearns was chairman of decorations and the rooms were lovely with tall wicker plants holding daffodils and apricot blossoms. A short business session was held and Willis Young offered the invocation. Rev. Rislow gave a fine talk giving a few suggestions for the work of the coming year. Mrs. Guy Sturgeon in charge of the music presented the following program which included vocal numbers by John Stinson, accompanied by his mother, Mrs. C. H. Stinson. Two instrumental numbers "The Sybil" and "Waltz Caprice" by Mrs. Jackline; two songs by Mrs. Sam Smith, "Sunshine of Your Smile" and "Just a Weary Old For You"; several harmonica selections by Mrs. J. H. Barnes. Miss Agnes Schubert read "The May Basket," and "Beyond Endurance." Mrs. Cora Stevens assisted with the entertaining and conducted an old fashioned spelling bee and other contests. Mrs. Ed Walle, who was chairman of the refreshments assisted by several other class members, served at a late hour.

Mrs. H. C. Maguire was hostess to the members of the Sabado Club and two guests, Mrs. S. C. Wyatt and Mrs. James R. Bothwell Saturday afternoon at her home on Fourth Avenue North. The three tables at which the guests were seated were centered with May baskets filled with fruit blossoms. In the following games, which are the diversion, first prize went to Mrs. P. W. McRoberts and second to Mrs. H. M. Brannin.

The Ladies of the Grand Army of the Republic met at the home of Mrs. R. E. Leighton for their social meeting Friday afternoon. The line was spent trying rags and making miniature aprons to be used at the next social meeting. At the close of the afternoon the hostess and committee, Mrs. V. C. Leighton, Mrs. J. N. Clyde and Mrs. Wayland Custer served refreshments.

On Friday afternoon, April twenty-sixth, Mrs. Fred M. Ellis entertained the Lend-a-Hand Club with eleven members and three visitors present, Mrs. Harriell, Mrs. Williams and Mrs. T. J. Woods. After a business session Mrs. Stanley Matthews, who had charge of the program, gave an interesting paper on the national capitol and also con-

# The Weather

FORECAST FOR TODAY: Generally cloudy; somewhat lower temperature.

The weather observer's thermometer touched the 74-degree mark yesterday for an increase of 9 degrees over Friday's maximum temperature. The minimum temperature was 38 degrees, 2 degrees lower than the previous day's minimum.

Several clever contests. Later the hostess assisted by Mrs. Wood and Mrs. Matthews served refreshments.

Senior members of the M. E. T. Club graduating this year from high school were entertained by the club at a charming party at the country home of Mrs. Mary Ellen Brown on Kimberly road. The guests of honor were Miss Helen Taylor, Miss Marjorie Ebeling, Mrs. Genevieve Bolster and Miss Eleanor Ryan.

A modernistic motif was carried out with the use of balloons arranged geometrically. The front porch was decorated for the occasion and beautifully decorated. The program and favors were modernistic in design. Punch was served during the entire evening and at 11 o'clock a delectable supper was enjoyed served by Mrs. Fern Brown, Mrs. Ralph Voburg and Mrs. Blaine Voburg. Miss Dorothy Voburg and Gene Ahern furnished music. Attractive leather diaries were presented the honorees from the club. Those present in addition to the honor guests were Misses Jennie Heath, Miriam Babcock, Helen Voburg, Evelyn Jenkins, Katherine Thompson, Betty Parks, Ruth Shipman, Esther Slaughter, Mary Ellen Brown, Joyce Williams, Wilma Clark, Arlene Wilson, Leola Menden, Beth Filler, Dorothy Parks, Regina Jenkins, and Marthalene Tanner. ## Practical Payment Plans:

For Town People and Farmers With Regular Monthly Incomes

We have a schedule that is adjustable to any price stove. You can buy one of Our Monarch Electrics paying a small payment down and the balance in twelve monthly payments or whatever time you need.

For instance, a stove worth the cash price \$140.00. You pay us \$19.00 down and the balance \$11.00 per month for Twelve months.

Supposing you want only six months to pay on a stove the cash price is \$140.00. You pay us \$15.00 down and six monthly payments of \$22.00 each—or if you want to make a larger down payment the monthly payments would be less.

This plan you can take advantage of the cash price, you pay only a small carrying charge for just the time you need to pay. At no time do you have to sacrifice the ten-per cent usually added for time price.

FOR FARMERS WHO CAN PAY ONLY ONCE A YEAR WE HAVE THE Single PAYMENT Plan.

We have the same schedule as above, but instead of making monthly payments, arrangements can be made for time up to twelve months. You pay the required small down payment, and the balance payable as long a time as you need up to one year.

### ASSOCIATION HOLDS ELECTION AT EDEN

Parent-Teacher Group Returns Mrs. D. L. Black to Presidency at Meeting

EDEN, April 27—A meeting of the Eden Parent-Teacher association was held Thursday evening at which the annual election of officers was held. Mrs. D. L. Black was re-elected president; Mrs. J. H. Henry, vice president; and Mrs. E. H. Harding, secretary-treasurer. The following program was given at the close of the meeting: Saxophone solo, Harold Everitt, accompanied by Mrs. Barnes; reading, Phillips Perry; duet, Mr. and Mrs. Henry Schwab; reading, Beth Stoddard; vocal solo, Mrs. J. W. White; Margaret Alexander, in appreciation for the work rendered by the Eden high school and grade school teachers during the last year, the organization presented each with an appropriate gift. The organization also voted to sponsor a Child Welfare day May 1. A film will be presented at that time, along with other special program features.

The Eden Ladies' Aid of the Presbyterian church held an enjoyable meeting Thursday afternoon at the home of Mrs. Ben Parrott west of Eden. Plans for the holding of a May Day program were made. Mrs. W. B. Sumner, Jerome, was a visitor at the meeting. The next meeting will be at the Leo Harris home.

The Eden grade school board met Thursday evening at which time Mrs. Sylvia Hayes, recently elected trustee, was installed as a new member. The organization of the board took place with the election of George Phillips chairman, L. W. Beebot, was re-elected as clerk. Miss Ruth Hawley was elected as teacher in the school for the coming year. With the election of Miss Hawley, the entire faculty for next year is complete.

With a large audience present, high school students staged the operetta "The Washing Well," Friday night. Each musical number was capably presented. Much credit was given Mrs. James for the manner in which the students had been trained. Leading parts were taken by Leona Craig, Gene Elson, Evelyn Little, Edithamer, Junnie Averitt, Maurice Davis, Willard Latimer, Francis Gunning, Weldon Little, Merle and Dorothy Bremer and Dorel and Erlson. The junior orchestra, directed by L. W. Beebot, played three numbers. Miss Dorothy Marks, Gooding, gave two readings at the close of the second act. A May Day program will be given here Wednesday evening at the Presbyterian church by the Ladies' Aid. An appropriate program is now being prepared for the day. May baskets will be sold after the program.

The Eden high school orchestra will take part in the contest to be staged in Twin Falls May 3.

# Filer Track Team Wins Sub-District Meet in Twin Falls

## Wildcat Athletes Gather 55 Points At Lincoln Field

Victors Take First-Place Honors in Eight Events; Bruin Cinder Path Squad Second With Score of 28

Scoring 55 points by winning first in eight events, second in four and third in three events, Filer high school's track team won the Twin Falls sub-district track meet by a large margin at Lincoln field yesterday. Second-place honors went to Twin Falls, the Bruins making 28 points, while Buhl finished third with 22 points. Kimberly athletes collected 14 points and Hansen 3.

Filer, the heavy favorite, lived up to all expectations of those who predicted victory for the Wildcat athletes of the cinder path. Competition, however, was determined to win the right to vie at the district meet in Twin Falls next Friday with winners of first and second places at the sub-district meet held at Gooding and Burley.

**Unofficial Entry**  
The meet was marked by the unofficial entry of Williamson, Filer, who performed in the low hurdle and javelin events in the place of a regular member of the team. His records were wiped from the score sheet. Williamson, it was stated, was not a qualified contestant and his participation was unknown to the Filer coach who was attending the Outlaw meet at Gooding at the time.

**Results of today's meet:**  
120 high hurdles—Graves, Filer; Denny, Buhl; Bacon, Twin Falls. Time 18.5.  
220 low hurdles—Powers, Filer; Bacon, Twin Falls; Turnquist, Twin Falls. Time 28.  
440—Wheeler, Twin Falls; Niel, Filer; Clark, Filer. Time 55.5.  
880—Adkins, Filer; Smith, Hansen;

## Gooding Track Team Victorious at Meet

Senators Score 48 1-4 to Win First; Jerome Takes Second and Wendell Third

GOODING, April 27 (Special to The News)—Gooding high school track team which has been training for the last six weeks under direction of Coach "Bus" Canine, romped away with first place honors in sub-district track and field meet of South Central Idaho Athletic association held here yesterday afternoon. Nine schools participating hung up the following scores: Gooding 48 1-2 points, Jerome 26, Wendell 22, Hagerman 19 1-4, Richfield 15, Bicknell 11, Shoshone 7 1-4, Glenn's Ferry, 2, and Hammett 1 1-4.

## Boise High School Track Team Victor

Braves Score 80 1/2 Points Against Total of 45 1/2 Made by Three Opponents

BOISE, April 27 (AP)—Boise high school trotted away with an overwhelming score in the four-school track and field meet here today, taking 80 1/2 points as against the combined score of 45 1/2 for Nampa, Emmett and Caldwell.

Nampa came second with 19 points, Emmett followed with 15, and Caldwell trailed with 11 points. Boise took all but two first places, trailing Frank Tracy, Emmett, in the mile run, and coming behind two Nampa high-jumpers who tied for first place at 5.5 feet.

The meet was marked by the exceptionally close finishes in distance events, less than a yard separating the first three men in the mile and the distance separating place winners in the quarter and half mile.

Wills Smith, Boise, was high point man, taking first in the broad jump with 10 feet 4 1/2 inches; first in 100-yard dash in 10.2 seconds; first in the 220-yard dash in 22.6 seconds; and ran in the winning relay thus piling up for himself 18 1/2 points.

## Inevitably Fine

From its very origin, the new Dodge Brothers Six had to be what it actually is—a value beyond parallel or precedent. It was built with the studied care and uncompromising skill that have made the Dodge Brothers name a symbol of dependability. Walter P. Chrysler endowed it with innumerable refinements and more than a score of mechanical betterments. Outstanding among these is the exclusive Mono-piece Body—one of the most important developments of recent years. By a wide and commanding margin, the new Dodge Brothers Six is the greatest value in Dodge Brothers history. EIGHT BODY STYLES: '945 to '1065 F.O.R. DETROIT. Convenient Terms.

# 800 Idahoans Will Participate in Taking Gem State Census

## DATE FOR BEGINNING TASK WILL BE FIXED BY SPECIAL SESSION

### Commonwealth Will Be Divided Into Seven Districts Instead of One With Separate Supervisor

(By The Associated Press)  
**BOISE, April 27**—Eight hundred Idahoans will be engaged in taking the 1930 census beginning on a date set by the present extra session of congress.  
 Data on the work to be carried on in Idaho has been sent to all members of the Idaho delegation in congress and a supplementary copy was made public today by David Burrell, secretary to Senator John Thomas. Additional information for the benefit of those expecting to take part in collecting the census figures was sent to Burrell.  
 The census this year will be taken on a plane somewhat different to the previous one. Idaho will be divided into seven districts instead of one, and a supervisor will be placed over each district and his duties will extend as long as six months in some instances.  
 Each supervisor will receive from \$1500 to \$2500 for the work and will work out of an office in some centrally located city in the district.  
 Subdivided Districts  
 Each district will be subdivided into smaller units, corresponding to precincts. In each of these a resident enumerator will be assigned to count the citizenry.  
 The districts, the headquarters city in parentheses and the number of enumerators in each county follow:  
 District 1—Kootenai (Coeur d'Alene)

42; Boundary 13; Bonner 44; Benewah 10; Shoshone 31.  
 District 2—Nez Perce (Lewiston) 33; Latah 39; Clearwater 21; Lewis 19; Idaho 14.  
 District 3—Washington (Welter) 20; Adams 12; Valley 13; Payette 15; Grinnell 28; Cassia 23; Gem 18; Gooding 10; Lincoln 7; Jerome 17; Minidoka 10.  
 District 4—Bonneville (Idaho Falls) 25; Lemhi 24; Custer 11; Butte 10; Clark 10; Jefferson 22; Fremont 45; Madison 18; Teton 4.  
 District 5—Ada (Boise) 45; Boise 17; Elmore 18; Owyhee 24.  
 District 6—Twin Falls (Twin Falls) 28; Cassia 23; Gem 18; Blaine 18; Gooding 10; Lincoln 7; Jerome 17; Minidoka 10.  
 District 7—Bannock (Pocatello) 40; Blaine 18; Power 14; Carbon 10; Oneida 20; Franklin 26; Bear Lake 25.

## Over-Production Leads To Higher Price Levels

Pennsylvania refiners and marketers fear increasing costs in their lubricating oil products as a result of new high levels in Pennsylvania crude oil prices and the nationwide over-production of other crudes according to the Westcott-Allyn Oil company. Although the production of Pennsylvania crude shows an upward trend, it is not expected to be a solution to the problem, it is stated.  
 The explanation gives an interesting example of the effects of over-production. Over-production of Pennsylvania crude is being sold on the Atlantic seaboard at lower prices than Pennsylvania crude actually costs its refiners. An approximately 50 per cent of the Pennsylvania product is gasoline, this forces the Eastern refiner to sell the major portion of his refined oil products at a substantial loss—a loss which is only partially made up by the popular demand for Pennsylvania lubricating oils, which represent about 25 per cent of the crude.  
 No relief of the situation is apparent.

**Why You Get MORE FOR YOUR MONEY in Goodyear Tires**

**T**IREs represent a considerable item in the cost of driving a car. Many dollars each year are, however, saved by remembering a few facts about tires.

In 1915, Goodyear passed all other companies and became the world's largest producer of tires.

Goodyear has steadily widened this gap in the years following. Now, Goodyear alone uses almost 50 per cent more crude rubber than the next largest company.

"Advertising" is not the reason for this leadership. Advertising may induce you to TRY a product, but only SUPERIOR SERVICE will cause you to BUY IT AGAIN AND AGAIN.

There are few car owners, today, who have not tried various makes of tires. Results, experience—these are now the strongest guiding factors in the purchase of tires.

And more people—yes, MILLIONS more people!—ride on Goodyear Tires than on any other kind.

This significant fact conclusively proves that you get MORE FOR YOUR MONEY in Goodyear Tires.

The motoring public, traveling billions and billions of miles in cars, has discovered the truth of this by experience.

The logic back of it is simple: By reason of producing MILLIONS MORE tires than any other company, costs are lowered. This permits Goodyear to give you MORE FOR YOUR MONEY.

Goodyears cost no more to buy and less to ride on. Our watchful year-round service—free inflation—free tread inspection—helps you to get all the extra miles Goodyear puts into your tires.

## CAVE MAN STUFF OR PERSUASIVE WOODING ISSUE IN CAMPAIGN

Every Member of English Parties Differs On Best Means of Approaching Female Franchise Holders

By DOROTHY RUSSELL (Associated Press Staff Writer)  
LONDON, April 27.—Cave-man stuff or honeyed persuasive wooding? That is the question perplexing political Hamlets who are striving, to a man, to capture the flappers' vote. Parliamentary candidates are split between these two schools of feminine psychology.

Even members of the same party differ as to the best means of approach. Sir Newton Moore, Conservative member for Richmond, has boldly adopted cave-man tactics, whereas Mr. Alfred Lane Bell, Conservative candidate for the St. Pancras seat, believes in subtler methods.

"I learn that your name has been added to the register of electors," writes Sir Newton to his fair new constituents. "I am pleased to inform you that your name appears in the new register of voters," says Mr. Bell with apparent delight.

Congratulations  
"May I congratulate you," continues Sir Newton, "on the fact that you are now a voter in this constituency and expect to vote here. You will not be un mindful of the responsibility which the vote carries with it, namely, to exercise it after mature deliberation. It will be a pleasure to welcome you as a member of our association and anticipate that you are in sympathy with the policy for which the organization stands. I have taken the liberty of enclosing an application form of membership."

Writes Fair Voters  
"I hasten to take this opportunity of congratulating you on your entry into the sphere of political life," he writes to the fair voters, "particularly if this be the first appearance of your name on a register. Might I also assure you that during the forthcoming contest I will make every effort to arouse your interest in the questions of the day?"

Political psychologists are in the dark regarding the success of their respective theories. One school says, in effect, "Madam, you are a sensible woman, therefore you will vote for me." The other school says, "Madam, how marvelous that you should be a voter! May I hope?"

Meanwhile, Eve listens, and smiles incontinently.  
FLOOR OF EXCHANGE STILL BARS WOMEN  
"Stock Trading Rough and Tumble Occupation Even on Slow Day," Says Major

NEW YORK, April 27.—The floor of the New York stock exchange is a scene of hard wood polished daily by thousands of shoe heels. At the end of a busy session, confetti-like ticker tape and scraps of paper scraps give the place a carnival atmosphere.

But the resemblance to a ballroom ends there, for women are barred from the floor with as much enthusiasm as ever.  
"Stock trading is a rough and tumble occupation even on slow days," said the old man, who knows more about Wall street than anyone else. "Women are coming down here in greater numbers each year. But if they want to get into the active trading of the market they must start an exchange of their own," he said, an arm over the gallery railing and shouted above the roar: "You see that knot of traders. Those on the edge are doing everything, but to climb over the shoulders of the others in order to reach the center of action. You can't abolish rules of civility by any decree of the exchange's board of governors and that is the only way women traders ever could be admitted to the floor."

## Actors Hit When Germany Puts End To Stage Subsidy

BERLIN, April 27.—The annual meeting of the German Theatre association, frequently interrupted during its session here by cries of "har" and "hallo," has concentrated public attention on the increasing poverty among German actors and actresses.  
At the meeting word was received that the government of Weimar had proposed a head tax of 62 cents a person on its entire population in 1929 to meet a part of the municipal theater city's and come to the rescue of its artists.

## NEW BRITISH STYLES FEATURE WAISTLINES

Smart Spring Suits Show Belted Tweed Skirts With Tucked-In Shirts

LONDON, April 27.—British women are rediscovering the waistline this spring.  
The unsuccessful drive of famous dressmakers to introduce the natural waistline the past few seasons at last has borne results, by the media of the princess frock, and Eve has fallen in love once more with the curves of the female form divine.  
The skirt starts from the princess frock to the normal waistline, accentuated by a belt, already has been taken by leading London dressmaking and tailoring establishments at their spring openings.

## Russian Government Laments Over Inefficiency of State Apparatus Inherited From Years of Czarism

Every Transaction, However Slight, Accompanied by Questionnaires, Receipts, Stamps, Signatures, Approvals, Identity Documents and Tremendous Cost in Employees' Working Time

By WILLIAM RESWICK (Associated Press Correspondent)

MOSCOW, April 27.—Bureaucracy, inherited from Czarism, clogs the soviet union administration to such an extent that the government is openly lamenting the inefficiency of the state apparatus. The press has joined in the criticisms. One of the manifestations is the superfluity of paper. Every transaction, however slight, is accompanied by an end of questionnaires, receipts, stamps, signatures, approvals, identity documents and whatnots.

There is, too, a tremendous waste of time, of which official Russia seems to have no conception. "Come tomorrow" is as common in those circles as "Mañana" in Spain.

**Undertakes Reform**  
The government has finally undertaken a wide-spread reform. One of the first steps was a "raid" on some of the Moscow offices. The worst offenders were brought before a court of workers, tried and found guilty and 15 of them, some in rather high places, lost their jobs.

The house-cleaning is going on at a general scale, but with difficulty. Some of those in charge believe that former policemen, secret service operatives, land owners and rich merchants should not be tolerated. But others argue that a former czarist has rendered great service to the new regime.

Removals from office have also brought out cases of excessive zeal. In one instance several girls lost places only because they were daughters of nobles. In another a mechanic was discharged because he did not wish to invest his earnings in a government industrial loan.

**Three Main Causes**  
Three outstanding causes prompted the overhauling of the government apparatus. Foremost was the severe lesson of the Donbas case in which 20 mine officials were sentenced to imprisonment for swindling the government and five were shot for counter-revolutionary activities. The case roused the government to the fact that the wrong men were occupying many responsible positions. It showed also that the specialists at the head of affairs were not always reliable.

In places the government had been made aware of incognitiveness between the problems of industrial reconstruction and the ill-disposition of people entrusted with the solving of them. It transpired that a greater part of the specialists were skeptical about the success of the plans. The government in-

## ENGLISH COURT TO SETTLE HINDU SUIT

Seats Disagree On Matter of Appearance of Idols for Central India Worship

LONDON, April 27 (AP)—Christian judges have been invoked to decide whether a Hindu god shall be worshipped dressed or in a state of nudity. For more than 20 years this controversy has divided worshippers at Jain temple at Shampur, in the central provinces of India. It has been the subject of litigation in Indian courts and by appeal has been referred to the august judicial committee of the privy council.

**Seats Disagree**  
The litigants are two sects which have worshipped for many years in common, if not in brotherly love, at the Jain temple. The Shwetambars claim control of the temple and insist that the god shall be covered with a waistband jewelry and other decorations. The Digambari contend that the idol should be nude.

**Appeal to England**  
In 1908 the Digambari, with their sympathizers, scraped off plaster with which the Shwetambars had covered the idol, and the latter sect went to law. The district judge held that the Shwetambars had a right to cover the idol, but the Digambari have appealed until the case has been brought to England.

**GAS NOT PRESENT**  
PARIS, April 27 (AP)—City toxicologists have found no warrant for claims that automobiles poison street air with deadly carbon monoxide gas. Samples of atmosphere showed little more of the tasteless, odorous poison than were recorded in 1927.

## Airplanes Spoil Tax Dodging by Algerians

ORAN, Algeria, April 27 (AP)—Algerians have made the tax dodger out of business in this French province. Inhabitants of cases are assessed on the number of palm trees they possess, and until recently their declarations were variously approximate. Now airplanes have taken photographs, and all that is necessary is to examine the prints to determine the number of trees. Southern Oran is an almost paradise. Between Colomb-Bechar and Regha there are no fewer than 45 air-fields. In seven years the French military pilots have totaled 2,000 flying hours, covering 200,000 miles, without one mishap.

## Fastest War Vessel Now In French Naval Forces

BREST, France, April 27 (AP)—The French navy now claims to possess the fastest war vessel in the world. She is the new destroyer Caspar, which in her steaming trials, attained a speed of 38 1/2 knots. She is of a new series of destroyers, is of 2,600 tons displacement, and her engines develop 70,000 horsepower.

## Germans Agitate For Restoration Of Old Colonies

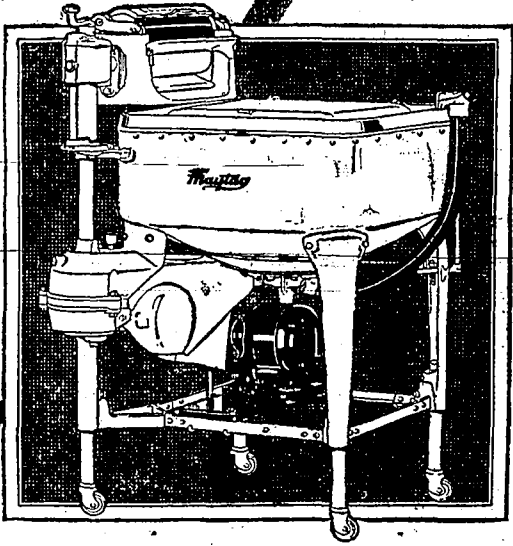

BERLIN, April 27 (AP)—One of the problems that confronts Foreign Minister Stresemann is the agitation for the immediate return of the former German colonies. An appeal has been addressed to him by the German Colonial society together with a warning against possible annexations by the Allied Powers, contracted with mandates under the Treaty of Versailles.

"Events are piling up that lead to the fear that German East Africa and German Southwest Africa are to be annexed," said the society's communication. "We beg you to use all your influence to prevent any move for the annexation of any of our colonies instead of their return to full German ownership."

"The covering letter of the Versailles treaty, under which the German colonial possessions were taken away, contains false statements that today would not be accepted by any member of the League of Nations. It is the duty of the German government to urge the immediate return of all our colonies. As long as we have no means of obtaining that end, our chief aim must be to prevent any weakening of the mandate system or alteration in the character of mandates as it is understood by the league."

### FOUR CARLOADS OF WOOL LEAVE BUHL

Pence Clip Obtained From 4000 Head Brings Price of 34 Cents Per Pound

BUHL, April 27 — Wool shipments are moving from the West End in carload lots. Shearers are under way on both range flocks and small farm flocks. Four carloads have left the local station in the last few days. The Pence clip from 4000 head averaged eight pounds per head and brought 34 cents a pound.

Mrs. Darrell Weaver, assisted by Mrs. Robert Maxwell, was hostess Wednesday afternoon to members of the Northview club. During the business session the club year book, of which Mrs. Lawrence Roubinick is chairman, was discussed and the guest was adopted as a club flower. Miss Nora Yarbrough, home demonstration worker, will be present for the next meeting May 8 at the home of Mrs. George Hoffman. Dainty refreshments were served to 21 members and six guests.

Mrs. Charles Busmann will entertain at dinner Friday evening for members of the "400" club. Mrs. Earl Allen entertained members of the Fairview Kensington Wednesday afternoon. Roll call was answered with household hints. A round table discussion on home decoration followed. Dainty refreshments were served to 12 members and two guests. Mrs. Bennett and Mrs. Maurice Curriton. The next meeting will be a Mother's day program at the home of Mrs. Niren Phillips on May 8.

Mrs. Frank Thatcher was business Wednesday to members of the Sunside social club. Roll call was answered during the business session Mrs. Dallas Cox was elected to membership. Mrs. Thatcher was chairman of the program committee and musical numbers were given by Mrs. Clay Cox, Mrs. D. Cox and Mrs. Harger. Mrs. C. B. Skes gave a reading. The next meeting which is scheduled for May 15 will be with Mrs. J. B. Crawford. Mrs. J. B. Wright, will represent the Sunside club at the district convention of the Federated clubs at American Falls.

J. W. Stevenson, Twin Falls, has purchased the Buhl Leather and Canvas store from Oscar Shearer and is putting in a complete line of leather goods. Mr. Stevenson has been connected with the Foss Harness shop for a number of years. Mr. Shearer's plans for the future are indefinite. Mr. and Mrs. B. E. Roberts are parents of a daughter born April 23. Mrs. Joe Abbel was fined \$25 and costs by Judge J. C. Gates recently on a charge of destruction of property on the Abbel ranch which is occupied by Mr. and Mrs. Hellman. Frank Gelman, for the last several years employed by the Home Lumber company, Buhl, has been transferred to the company's offices at Procella. Mr. and Mrs. Gerald Thompson and children will leave in the near future for Burley to make their home. New officers of the local Girl Rec-

serves who will serve the ensuing year include Anna Walker, president; Clara Adams, vice president; Betty Peck, secretary, and Fay Hardwick, treasurer. Funeral services were held in the Cathedral Methodist Episcopal church Thursday afternoon for Betty Reese, 15-months-old daughter of Mr. and Mrs. Harry Reese. The child died at a Twin Falls hospital Wednesday following a brief illness of pneumonia. She is survived by her parents, two sisters and three brothers. Services were in charge of Rev. Mark White, pastor of the Cathedral Methodist church with Rev. A. C. Lathrop, pastor of the Buhl Baptist church, assisting. Burial was in the Buhl cemetery.

# The vast difference a few dollars make

There is no better investment in the motor car market today than that small amount of money that represents the difference between the price of De Soto Six and that of lower priced cars.

On the basis of cold cash alone, you will find that, over the whole period of your ownership, it will cost you less to buy and operate a De Soto Six than any car whose appeal is solely in its low purchase price.

For when you buy a De Soto Six, you not only spend fewer actual dollars in the long run, but you get vastly superior value for every dollar of your investment.

Already you know that any Chrysler-built car includes a whole list of unique engineering features that make for finer, fuller enjoyment of motoring.

Already you know that any Chrysler-built car is ultra-smart in appearance, staunch, speedy, economical, easy in control, responsive—that it embodies the most attractive equipment and fittings that you can find in any motor car.

Now we want to show you that you can afford to own a De Soto Six even though you had set your price limit somewhat lower than De Soto's initial price, and had resigned yourself to infinitely less than De Soto offers.

Check all of De Soto's remarkable features—find out how much less are De Soto's upkeep costs. Consider these items in relation to the purchase price—and you will be convinced that an investment in De Soto Six is not surpassed by anything offered in the low-priced field today.

these important things

## CHALLENGE TOO!

Hear the radio program of the "Hudson-Exses Challenger" every Friday evening

ESSEX challenges the performance, the style, the luxurious roomy comfort of any car at any price, on the basis that no other gives you back so much for every dollar you put in.

That is why the big buying swing is to Essex. That is why motorists by thousands are switching from past favorites, and trading in their old cars for the big values Essex the Challenger gives. Essex challenges!

IN SPEED—challenging anything the road offers up to 70 miles an hour. IN FAST GETAWAY—any car regardless of size or price. IN RELIABILITY—60 miles an hour for hour after hour. IN FINE APPEARANCE, upholstery and detail—compare with cars in which high prices are paid for just those things. IN ECONOMY—compare with cars best known for low operation cost.

And with its superb chassis quality and fine, large bodies—Essex establishes also an outstanding leadership in proved VALUE. It offers a completeness of fine car equipment formerly identified only with costly cars, and available, when at all, only as "extras" at extra cost on cars of Essex price. Check these items when you buy—they represent easily above \$100 additional value. But they do not cost one cent extra.

The performance ability of Essex the Challenger is due in no small part to its Super-Six motor. Thus, while it is a "Six," no one who knows can regard any other "Six" as being comparable in the power it delivers.

Essex is built by Hudson under famous Super-Six patents. No one can copy or match it. The fundamental and exclusive Super-Six principle—developed in one billion motors and over 12 years of continuous service, stamps Essex as the unapproached "Six" in every particular of performance, smoothness and reliability.

### EASE OF BUYING

FOR INSTANCE, in this city your first payment, with your present car included, may be as low as \$305, and your monthly payments \$37.

Your present car will probably cover the entire first payment. The H. M. C. Purchase Plan offers the lowest terms available on the balance.

### EASE OF OWNING

On our own streets Essex the Challenger, under competent observation, averaged 26 1/2 miles per gallon. The average owner in this city can expect 28 to 29 miles and upward. Commercial users operating large fleets of Essex cars say that service and maintenance costs, covering millions of miles of operation, are lowest of any car ever tested.

# Camp Among Island Savages Will View Total Eclipse of Sun

## SCIENTISTS ERECT GIANT TELESCOPES IN SOUTHERN WILDS

Members of Dutch Astronomical Expedition Expect to Be First to See Phenomena Arrive From West

(By The Associated Press) NEW YORK, April 24—Camped among the Atjeh, a warlike tribe in Sumatra, a Dutch astronomical expedition awaits a total eclipse of the sun shortly after noon May 9.

They expect to be the first scientists, provided the weather is fair, to see the eclipse as it sweeps in from the west. Their probable station is in the northern end of Sumatra.

Strung out behind them are other expeditions, in a curved path resembling the tail of a comet, nearly 2000 miles long. Over this course the total eclipse will pass in a little more than an hour.

Lure Especially Strong The lure is especially strong in this eclipse, for it lasts five minutes, one of the longest on record. It has attracted expeditions from half a dozen occidental countries, most of whose members are spending four months in the preparations and must risk the chance of clear skies.

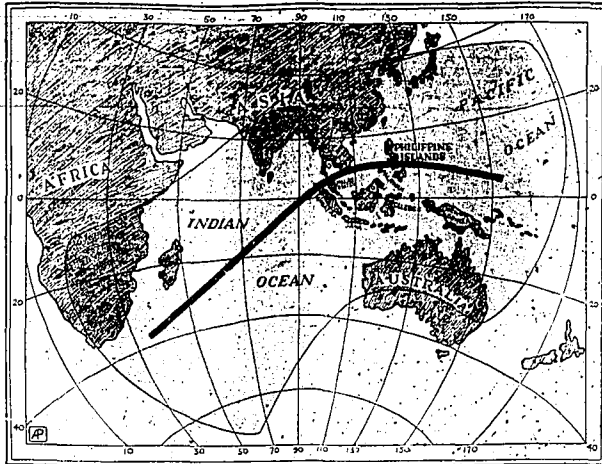

The monsoon season will be near and weather records not give the eclipse better than an even chance of escaping clouds over much of the course.

So the astronomers are not concentrated in any one territory. They are spread among five states—Sumatra, Siam, Kedah, Cochinchina and the Philippines. Some have picked low coastal observation points, and others the elevated interiors.

Telescopes Set Up Several 40 and 60-foot telescopes have been set up, some in regions that hitherto seldom have had structures more pretentious than huts. A number of expeditions are cooperating with others farther along the line.

Weather records give the best possibility of visibility in the Philippines, but there the eclipse lasts only four minutes. The parties in the Philippines include Swarthmore college and United States naval observatory astronomers. Harvard has an expedition in the Malay peninsula.

The greater portion of the path of the total eclipse is over water. It begins at sunrise in the Indian ocean, near the southern end of Africa, and ends at sunset in the Pacific ocean, taking five hours

Path of May 9 total eclipse from sunrise to sunset. It travels from west to east. Total eclipse is indicated by black band while shaded area shows territory that will be partially shadowed.

and 15 minutes to cross the daylight belt. A partial eclipse will be visible over a considerable portion of southern Africa, about all of India and some of China, much of Japan and most of Australia.

## ISLAND TERRITORIES EXPERIENCE UNREST

Administration of Samoa and New Guinea Causes Trouble and Uprisings

SYDNEY, Australia, April 27 (AP)—Australia and New Zealand are experiencing difficulty in administering their mandated island territories in New Guinea and Samoa without friction. Recently there was a mild uprising in New Guinea, and the administration, Brigadier General Wisdom, said he thought evil influences had worked upon the usually mild mannered natives.

Blame Communists Other commentators were less circumspect. Some laid the outbreak to communists, saying that unrest was being sown in New Guinea in the same manner as in China, India and Persia. Others averred that German propaganda, aimed at restoration of pre-war colonies to Germany was responsible.

In Samoa the troubles of New Zealand have hinged largely upon the activities of the Mau, a native organization which has a policy of passive resistance, particularly against taxes and prohibition.

Take Firm Stand Sir Joseph Ward, prime minister of New Zealand, recently announced that the dominion government had decided

made a business of helping collect damages from employers. Serenities became dangerous wounds under the treatment of doctors who for small fees abused disinterested workmen to collect substantial damages from timid employers. Once there was a settlement, the dishonest doctor soothed the wounded man's anger by special treatment. The police, insurance companies and employers long have suspected there was fraud in many claims but they never expected to find a series of small hospitals equipped, not to cure but to aggravate hurts.

## YOU CANNOT FIND IT IN YOUR TITLE DEEDS

You may own a large business. You may own property, real estate, oil fields. You may own whole fleets of ships at sea. BUT—You do not own a single moment of tomorrow. You cannot find tomorrow in your title deeds. TOMORROW—belongs to no man. Neither present wealth nor future profits can give you rights to security tomorrow. We can insure you today. It will be very wise to talk the matter over together. May we?

**SUN-GLARE IS DANGEROUS TO EYES!**

The bright spring sunshine makes your eyes weaker, causes headaches, burning sensations in the eyeballs, and other discomforts. But these things can be checked before permanent harm is done, if a dependable specialist is engaged.

We will make a thorough examination, and prescribe lenses for your individual needs for a moderate charge.

Please phone 2193 for appointment.

## You'll have a feeling of security and confidence when you drive the new Ford

THROUGH thickest traffic, down steepest hills, along the open road, you will have a feeling of security and confidence in driving the new Ford because of the quick, effective action of its six-brake system.

A particularly pleasing feature of the car is the smooth, silent, positive operation of these brakes. The four-wheel brakes take hold with a commanding

All the new Ford cars come to you equipped with a Triplex shatter-proof glass windshield. Windshield wings of the Roadster and Phaeton are also of this non-shatterable glass.

grip at a slight pressure of the foot on the brake pedal. An effortless pull on the brake lever is sufficient to apply the emergency or parking brakes.

The six-brake system on the new Ford gives you the highest degree of safety and reliability because the four-wheel brakes and the separate emergency or parking brakes are all of the mechanical, internal-expanding type, with braking surfaces fully enclosed for protection against mud, water and grease.

The very definite advantages of this type of braking system have long been recognized. They are brought to you in the new Ford through a series of mechanical improvements embodying much that is new in design and construction. The comforting assurance that

your brakes are equal to every emergency means a great deal to your peace of mind and adds immeasurably to the pleasure of motoring.

Ease of steering and of shifting gears, the smooth-working clutch, and quick acceleration are other important control features that make the new Ford such a good car to own and drive.

Come in and see the beautiful lines and colors of the new Ford. Inspect it mechanically—part by part. Then know the thrill of driving it. You will realize that it is an unusually good value at a low price.
