COMMUNIST RIOTERS HOLD BERLIN SUBURB AFTER BATTER FIGHT

Seven Persons Dead and 20 Injured Following Fierce Conflict Between Radical Faction and Police Force

(By The Associated Press) BERLIN, (Friday Morning) May 3.—Communist rioters early this morning held the working class suburb of Neukolln, after seven persons had been killed and 20 others injured in police efforts to clear it out.

The rioters demolished all street lights to prevent the police from clearing Hermannstrasse, the principal thoroughfare of the district without further loss of life.

The officials made vain attempts to persuade the Communists to abandon the barricades they had thrown across the main thoroughfare. The police left the Communists in temporary triumph and to hold off further efforts to restore order until daylight.

The suburbs around Berlin were the scene of a pitched battle between police and alleged Communist on Wednesday night. Fighting continued in the city all day yesterday and led to stormy interruptions of the session of the reichstag and the city council.

The rioters advanced in increased in the maze of small side streets in the district and spread eastward to the neighboring district. The police were obliged to call for reinforcements which, as on the preceding night, rushed to the scene with carbines, hand grenades, searchlights and armored cars.

Suburbs crowded with Communist demonstrators were the scene of the fighting which occurred yesterday were crowded today by sight-seers and Communist demonstrators looking on at the city's sullen mood. The police repeatedly cleared traffic and the streets were crowded with sight-seers and Communist demonstrators.

Attacked by Newspapers Police President Aergeloff found himself in the unenviable position of being attacked by newspapers representing the "extreme right" because he did not use stronger measures while those of the "extreme left" denounced his bloody brutality.

In the municipal council at the city hall today, Communist aldermen accused today an alderman was one of those detained briefly last night. The other members of the council, Communist, you acted on orders from Moscow.

VINCENT HUNTS FOR GEN-STATE GENIUS

Commissioner of Education Attempts to Find Boy to Meet Edison's Standards

BOISE, May 3.—A search will be made along the highways and byways of Idaho during the next six weeks for a genius who is a "genius" in education. Decision to start the search was announced today by Governor H. C. Baldrige in appointing W. D. Vincent, commissioner of education, to find Idaho's genius, a male one, to succeed Thomas A. Edison as the Wizard of Menlo Park.

Beginning of the search was authorized by a recent announcement of Charles Edison, son of the inventor, that he would like to see the inventor of each state in the union would be taken to the inventor's plant in New Jersey for a personal conference with Edison. From among the boys selected to undergo a technical training to fit him for scientific accomplishment along the lines already set by Edison.

Personal Examinations Letters sent Governor Baldrige by Charles Edison said the inventor himself would make the examination of the state candidates sent him—but that it would be obviously impossible to make the search over the country personally. For that reason the governors of the District of Columbia and the states to aid. No candidate will go away unexamined for each will receive a personal report from the inventor.

Commissioner Vincent said in all probability the winning candidate from Idaho will be selected from among this year's school leavers. The boys will be put up against other eligible candidates. The prospect of a technical training as promised by Edison was expected to lure scores of students of scientific bent into the contest. These will be judged both on scholastic attainments and on other characteristics contributing to the make up of a genius or a near one.

Former Idaho Governor, C. C. Moore, Assumes Post Vacated by Death

WASHINGTON, May 2.—Charles C. Moore, former governor of Idaho, was today named as commissioner of the general land office here. He was appointed at the White House. The post became vacant when William Spurr, a former governor of the state of Utah, died.

Radio Message Tells of Ocean Liner's Struggle to Fo-Rescue 400 Persons

TOKYO, Japan, (Friday Morning) May 3.—Brief radio messages from the steamer Haguro today told of the struggle to rescue more than 400 persons from the Japanese steamer Goro Maru which had run aground in the Kuroki gulf in a heavy snowstorm Wednesday night.

MID-WEST BLIZZARD CAUSES HEAVY LOSS

ST. LOUIS, May 3.—A spring blizzard whipped across Missouri and Illinois today and left behind it three to four inches of snow which weighed down telegraph lines, telephone and telegraph lines, congested traffic, and caused crop damage the extent of which was not known. A few deaths were reported.

Tonight the fruit and berry crops faced a new crisis—the threat of a blizzard. The blizzard, which swept down the Middle Mississippi valley by the United States weather bureau, should be a heavy one, it was expected a virtually certain that most of the fruit belt would be laid to ruin with losses into millions of dollars.

The blizzard storm came in the wake of a series of varied disturbances yesterday and today. The blizzard, which swept down the Middle Mississippi valley by the United States weather bureau, should be a heavy one, it was expected a virtually certain that most of the fruit belt would be laid to ruin with losses into millions of dollars.

Attacked by Newspapers Police President Aergeloff found himself in the unenviable position of being attacked by newspapers representing the "extreme right" because he did not use stronger measures while those of the "extreme left" denounced his bloody brutality.

Gillis Pondering Over Wearing of Overalls By Gem State Schoolgirls

BOISE, May 3.—The job of deciding whether girls wear overalls to school—Billings overalls—was declared today.

The job of deciding the question was referred to him by the state superintendent of public instruction on an excited appeal from Soda Springs that the question must be decided. The superintendent's suggestion that a local election call was sent in by officials of the school. An assistant in the attorney general's office has been appointed to dig up the law on the case, and an opinion was promised soon.

One Pocatello Burglary In Year, Police Report

POCATELLO, May 3.—Neither burglaries nor deaths drove through in Pocatello today.

Woodmen Honor Member From Twin Falls Lodge

BOISE, May 3.—Four delegates to the national convention of Modern Woodmen to be held in Chicago June 4 were chosen today by the state organization of the order in a protracted first day session of its convention here.

2,500,000 BRITISH WOMEN WAGE GREAT PEACETIME CRUSADE

LONDON, May 3.—Stirring the power of a voting majority of two and a half millions, British women are waging a great peace crusade throughout the country.

Two-Fold Purpose to Focus Attention of Feminine Voters On Question of International Accord

(By The Associated Press) A highly efficient organization is spread throughout the country under the leadership of a central committee representing all the local women's societies at work in Great Britain. More than 600 meetings and public demonstrations have been held.

600 ROTARIANS GATHER AT POCATELLO MEETING

POCATELLO, May 2.—Rotarians of the fifth district, comprising Utah, Idaho, Nevada, Oregon, Arizona, and California, gathered here tonight for a day's session with a dance here tonight.

Oscar Kirkham, Salt Lake City, regional boy scout executive, talked on what every Rotarian owes his son. R. H. Snyder, superintendent of schools of Idaho Falls, discussed the school's work in vocational service.

The first session will be held tomorrow, about 500 delegates are in attendance.

Welcoming the First Dandelion

FAIRFIELD, Idaho, May 3.—The six-year-old son of Mr. and Mrs. Leonard Lamson was killed instantly here last night. He was struck by a truck as he stepped from the family automobile near the high school building where the Lamsons planned to attend an entertainment.

Child's Temperature Rises to 112 Degrees To Amaze Physicians

SAN FRANCISCO, May 2.—(AP) Physicians were dumbfounded today when they learned that a child had the highest temperature ever recorded in a surgical case in which the patient continued to live.

CIGARETTE SMOKING INCREASES RAPIDLY

WASHINGTON, May 3.—A tremendous increase in cigarette smoking in the United States during the first nine months of the 1929 fiscal year was indicated today in statistics made public by the Internal Revenue bureau.

Use of All-Other Tobacco Products Declines During Period of Nine Months

WASHINGTON, May 3.—A tremendous increase in cigarette smoking in the United States during the first nine months of the 1929 fiscal year was indicated today in statistics made public by the Internal Revenue bureau.

MOTHERS' DAY WILL BE OBSERVED IN GEM STATE

BOISE, May 3.—Calling on the state to observe Mother's day, May 14, Governor H. C. Baldrige today asked the people to guard the original high ideal of this day from the blight or destruction of commercialism.

Motor Snuffs Out Life Of Youth at Fairfield

FAIRFIELD, Idaho, May 3.—The six-year-old son of Mr. and Mrs. Leonard Lamson was killed instantly here last night. He was struck by a truck as he stepped from the family automobile near the high school building where the Lamsons planned to attend an entertainment.

IRRIGATION EXPERTS COUNSEL FARMERS

E. H. Neal Urges Ranchers to Make Sure of Moisture in Soil Before Planting

MOSCOW, Idaho, May 2 (AP)—Farmers planning spring grain this year should be sure of the soil before planting...

For maximum crop production it is essential that sufficient moisture be available at the time of planting...

The importance of irrigation in seed-bed preparation must not be neglected, especially in soils that are inclined to bake...

Recommendations: In irrigating a freshly plowed seed-bed it is important that the soil be sufficiently moist before sowing...

Normal School Students With One Year Training May Be Instructors

BOISE, May 2 (AP)—Fears of many law school students that a ban on normal school students that a ban on normal school students...

The announcement was also expected to set at rest scruples of county superintendents who hesitated to offer contracts to prospective teachers with only one year of normal training...

The law, enacted in 1927, provides that after September 1, 1928, no person shall teach in any of the elementary schools of the state of Idaho who has not had at least two years of the training in such normal school work.

It further provides that none of the qualified requirements shall apply to any person who has taught in the schools of the state for eighteen months or more prior to September 1, 1928.

RANGE CONDITIONS GOOD IN SOUTH PART OF IDAHO

BOISE, May 2 (AP)—Range conditions are very good in southern Idaho with the exception of a few sections in the east side of the state.

Dr. J. S. Zade, chief inspector of the state sheep commission, said today.

Especially in the western section showing up the spring. Here lambs are picked up rapidly on grass that is as much as six inches high in exposed places while it is well up all over.

The Soda Springs section and again north of Idaho Falls was not so good, due to what by the late spring. Yet farther north, in the Salmon and Lemhi sections, some areas have been turned out and twin-lamb flocks will be turned out soon.

Range lambing is at its peak in the Soda Springs section so that the choice feed may present some problems.

Grass is good in the Twin Buttes and Gooding sections and in the Palmspring valley where it keeps heavy by warm streams. Dade pointed out.

The success of the lambing season cannot be determined at this date because of the wide conditions in the different lambing sections.

WEEK FAVORABLE TO SOUTH IDAHO FARMS

Weather and Crop Report of Agriculture Department Tells of Progress

BOISE, May 2 (Special to The News)—From the standpoint of crop growth and progress of farm operations, the past week was the most favorable of the season thus far according to the summary of weather and crop conditions in southwest Idaho for the week ending April 20, issued by Clinton E. Horquet, meteorologist of the United States department of agriculture, weather bureau.

There was an abundance of sunshine which brought increased warmth. Heavy rains, very welcome, occurred over considerable areas of the eastern counties of this district and scattered showers fell in the western portion.

Soil conditions are excellent and early seeded grains are coming up to fine, even stands. Alfalfa, although somewhat slow in starting, is now making good progress. Apricots are improving and of this district and scattered showers fell in the western portion.

Soil conditions are excellent and early seeded grains are coming up to fine, even stands. Alfalfa, although somewhat slow in starting, is now making good progress. Apricots are improving and of this district and scattered showers fell in the western portion.

SOUTHEAST IDAHO: The first of snow. The last of the week was warmer and more favorable for farm work. No farm work has been started in the north and west but probably will begin soon in southern sections.

Notes from the field: BURLEY—Heavy rains stopped all farming operations; early sowing; later part of week warmer.

ALBION—Heavy rains last three days; cloudy all week, except last day; sunshine and warm weather badly needed; spring very backward with very little farm work done thus far.

RICHFIELD—Week cool with lots of rain; seeding somewhat delayed on account of rains; excellent condition; pasture greatly benefited by rains; and grass coming on fast.

GOODING—We have had a fine week of good farming weather; seeding is getting forward rapidly; some alfalfa fall sown wheat looks good, but all crops

SCHOOL STANDARDIZATION IN GEM STATE PROGRESSES

BOISE, May 2 (AP)—Ten county superintendents have brought one or more of the grade schools under their jurisdiction to standard grade, Myrtle Davis, state superintendent of public instruction, announced today.

These counties are Ada, Jefferson, Gooding, Camas, Bingham, Boundary, Blaine, Cassia, Nez Perce and Canyon.

To become a standardized grade school requires that the school acquire 200 points of a possible 300-point average for the school in the following condition: qualification and activity of teachers, appearance and suitability of buildings, equipment, grounds, community activities of parent teachers associations as well as the school members, and attendance of pupils.

Includes Smaller Schools. That the standardization of schools is not limited to larger centers is evidenced by the number of smaller schools that have brought themselves up to grade during the year since the standardization work was started, Mrs. Davis pointed out.

She predicted that every county would have standard schools before the end of the year. As a tribute to those schools fulfilling the requirements, a metal plate has been devised which is attached to successful schools.

TWIN FALLS SCOUTS AND CAMPFIRE GIRLS ELECT FULL TICKET

City, County, School District and Highways Will Be Under Youthful Officials For One-Half Day

The following officials were elected yesterday by boy scout and campfire girl units to take charge of the city, county and school district and highway district affairs in Twin Falls Saturday morning.

City: Hugh P. Lyon, mayor; Edmund Turner, Gordon Lyon, Robert Doss and Arthur Slicer, city commissioners; Lloyd W. Morrison, Raymond Edwards, John H. Beckwith, Ed Lewis, Charles H. Hildner and John Doe, board of education members; Elden Patzer, Bob Bemiller, and Tom McCall, county commissioners; Clarence F. Rasmussen, Fred Lind, George Stewart, E. Brown, county attorney; E. H. Kelly, county auditor; Herman Hall, county clerk; J. W. Bennett, probate judge; Norman Ahliah, health officer; Robert Klypper, Don Burkhalter and Ralph Wilson, highway commissioners.

The name "John Doe" in the list of names is inserted because the records of votes show that person is the elected officer of the boy scout council which could not decipher the awkward writing on the return ballot sheet.

The following is the return in full: Mayor—Hugh P. Lyon; County Commissioner—Raymond Edwards; City Commissioner—Lloyd W. Morrison; Board of Education—John H. Beckwith; Health Officer—Robert Klypper; Highway Commissioner—Elden Patzer; Probate Judge—J. W. Bennett; Sheriff—Francis B. George; 60; Verne Cannon; 7.

County: Clarence F. Rasmussen, prosecuting attorney; Stewart E. Brown, 45; Bill Lyon, 23; Gaylord Ojala, 37; County Auditor—Stewart E. Brown, 45; County Commissioner—Raymond Edwards, 46; Probate Judge—J. W. Bennett, 46; Harry Sawyer, 43.

Health Officer—Norman Ahliah, 38; Highway Commissioner—Elden Patzer, 37; Don Burkhalter, 37; Wilson, 37; John Sutherland, 52.

Idaho Athletes To Compete On Coast

MOSCOW, May 2 (AP)—Fifteen University of Idaho basketball players will track men left Moscow tonight for an invasion of coast territory. The basketball team will play a game on the trip and the track and field team will compete in the Washington relay at Seattle Saturday.

The basketball team will play at the University of Oregon at Eugene Saturday. Oregon State college at Corvallis Monday and Tuesday and the University of Washington at Seattle on Wednesday and Thursday.

Woman Who Lived Role of Man Dies

manager of a nursery where the man was employed, said he engaged "him" two years ago as his assistant. He said on the strength of credentials from the quartermaster corps in the Canal zone, which stated "he" had served with distinction during the World War, McDonald said he pierced the deception a year ago and that he told him the man's name, because he was interested in the story of his life. McDonald said, were that she was a woman with no feminine attributes, loving horse racing, masculine sports and talking like a man.

McDonald said she was one of the most efficient workers he ever employed.

Mid-West Blizzard Causes Heavy Loss

(Continued From Page One)

Snow began falling here shortly after 5 A. M. After a night of rain and heavy fall, it broke down hundreds of trees in some places blocking streets. It also broke telephone poles and caused many broken utility glass windows in business establishments.

Telephone service throughout the city was paralyzed. Vehicular traffic was impeded and trains ran behind schedule.

The weather bureau reported it was the first time snow had reached freezing here in May since 1875.

CONVENT AT POCATELLO

POCATELLO, May 2 (AP)—Regular session was held here this morning as part of the three-day congregational church convention which will continue Friday. Rev. Paul Van Orman, Tacoma, presided, with his son, Dr. Francis Van Orman, delivering an address.

29 SCOUTS RECEIVE HONOR COURT AWARDS

Hansen Troop Gets Majority of Badges; Boy-Week Observances Near Close

Following scout election yesterday and the court of honor last evening the Twin Falls members of the Boy Scouts of America are today observing civic good turn day in preparation for the public administrative tomorrow morning and the parade and athletic exercises tomorrow afternoon. Sunday will be church day in Twin Falls. The court of honor was held at the church of their choice.

At the court of honor, in the high school gymnasium last night, conducted by W. E. Nixon, scout commissioner, assisted by J. H. Jamme, W. H. Edgerly, and John Platt, two first class five- and six- and 29 merit badges were earned. All second class badges and 14 merit badges went to the Hansen troop of which Rev. O. L. Kendall is scoutmaster.

The first class scouts were Phil Olsen and Loren Marv, troop 2, Kimberly. The second class scouts were Herbert Houghton, Nestus Galles, Jim Hughes, Herman Cowles and Leo Tripple, troop 33 Hansen. Merit badges were received on book binding—Lester Siker, Lester Potter, Grant Reynolds, troop 35 Hansen; Bugling—Tom Kendall, troop 35 Hansen; Civic—Robert Clark, Tom Kendall, troop 35 Hansen; Camping—Edmond Turner, troop 35 Hansen; Grant Reynolds, troop 35 Hansen.

First Aid to Animals—Bob Bemiller, Hansen, troop 35, Twin Falls. **Handicrafts**—Cordell Gordon, troop 35 Hansen. **Scoutmanship**—Robert Clark, 35 Hansen. **Music**—Max Durk, troop 35 Hansen. **Personal Health**—Homer Hall, Ralph Wilson, Arthur Slicer, Don Burkhalter, Bob Durk, troop 35 Hansen. **Public Health**—Tom Kendall, troop 35 Hansen. **Scholarship**—Robert Ware, troop 10, Twin Falls.

These were about 15 scouts in attendance at the meeting Saturday afternoon, the parade will run in front of the high school at 1:30 P. M. and the parade will start following the high school band marching on a route not yet mapped out. The troop will be judged for the trophy given by a committee composed of Captain P. W. McRoberts, Captain J. L. Hodgins and Mayor S. E. Bohler. The winner of the trophy will be awarded a program of athletic contests, accompanied by amusing stunts will be carried out. Judges for the field will be Captain E. M. Sweeley, H. W. Merritt and Walter Weaver. A complete report contributed by the Rotary club will end the program.

GRAF ZEPPELIN ON FLIGHT

FRIEDRICHSHAFEN, Germany, May 2 (AP)—The dirigible Graf Zeppelin today made its first flight. It will start on Friday at 11:30 hours to Vienna and Graz and back. This was the last flight scheduled before the departure for the United States on May 15.

NEW LEAGUE ENTERS IDAHO

IDAHO, May 2 (AP)—Over 1000 organizers and the people of Idaho are engaged on today to promote a Keep-Laws league in line with the recent summer for law enforcement promulgated by President Hoover before the Associated Press conference in New York.

Twin Falls American War Mothers Chapter Role In Assembling Parents And Widows Of War Heroes

Close Women Relatives of Men Who Gave Lives in World Conflict Will Travel at Nation's Expense

Twin Falls chapter, American War Mothers, has assumed responsibility for bringing to mothers and widows of American soldiers, sailors and marines buried in European countries, word of burial made by the national government for a Gold Star certificate to those burial grounds. In pursuance of this undertaking, Mrs. George Clark, 112 Adams street, has been designated by the chapter to assist in seeking out mothers and widows in the United States eligible to make the pilgrimage, and the mother will be taken down to prevent the danger of further injury. The dead prisoners are: Deril Doyon, 38, Columbia, just in jail this morning on a charge of kidnaping, and Henry Washington, C. Negro, Columbus.

WIVES DOWN

CITICAGO, May 2 (AP)—A heavy wind storm disrupted wire communications today and lasted late night. High winds, blowing were flooded and lake property, damaged by recent storms, was again threatened. Citizens here expressed the greatest relief since May 1918.

TWO PERSONS KILLED

CHICAGO, May 2 (AP)—A man and a woman were killed today and another was injured in the collapse of a house at Lawtonville, near here, tonight during the heavy wind storm. The man and woman were killed and the woman was injured by the family of Bowle child.

UTAH COAL MAN HEAD SALT LAKE CITY

SALT LAKE CITY, May 2 (AP)—John Tonkin, president of the Utah Coal Producers' association and vice president and general manager of Independent Coal and Coke company, died in Wilkes Barre, Pennsylvania, today, business associates of Mr. Tonkin here were advised.

FLIERS UNHURT IN CRASH

PHOENIX, May 2 (AP)—The two Salvadorean aviators who had been missing since they began a flight to Costa Rica, on Tuesday, were reported tonight to have been found. Their airplane crashed and was almost destroyed on the shore of the Gulf of Fonseca. The men, Lieutenant Herman Baron and Belcaro Salabar, were not injured.

EXTINGUISH SHIP FIRE

SAN PEDRO, Calif., May 2 (AP)—A fire broke out in a cargo hold of the North German Lloyd freighter Ludwig, which left today, was extinguished by two harbor fireboats before it had gained great headway. Although great volumes of smoke drifted from the hold, the damage, primarily to the cargo, was estimated to be not more than \$3000. The freighter arrived Wednesday from Hamburg.

ANNOUNCEMENTS UNDER REBELS

MEXICO CITY, May 2 (AP)—Press reports from Chihuahua tonight said the state legislature had annulled all acts under the rebel administration including marriage, birth, regulations and tax payments. Those married by rebel civil authorities now must go through the civil authority again. It was said that other states planned similar decrees.

MCCONNELL MAKES APPOINTMENTS

COLUMBIA, Mo., May 2 (AP)—Thomas A. Feeney, Missouri, was today appointed judge of the Missouri circuit court general, to be captain of troop A, 11th Cavalry, of the United States. He applied the law. Second lieutenant of company F, 11th Cavalry, Ribby; to be first lieutenant and Charles T. Staudach, second lieutenant of the same company.

OFFICER DESIGNATES HEALTH UNIT LEADER

Dr. David Cowgill, Oklahoma City, Choice of County Operating Organizations

Dr. David Cowgill, Oklahoma City, has been appointed health officer to direct Twin Falls county public health work, county commissioners were advised Thursday by C. K. Macey, Idaho commissioner of public welfare, in this enterprise the county and state cooperate.

Aged Visitor's Journey

Amateur Athletic Union Serves Notice of Clean-up Policy

Association Shears Heavyweight Star Of Boxing Laurels

Buddy Howard loses title and announces intention of returning to professional after disbarment

By ALAN J. GOULD Associated Press Staff Writer NEW YORK, May 2.—The Amateur Athletic Union, by its sharp action in shearing the national amateur heavyweight boxing champion of his honors along with the disbarment, serves concrete notice of its clean-up policy.

It may appear that the door is being locked after the horse's escape, for Buddy Howard, who won the amateur crown at Boston, has already made definite plans to turn professional, but the union acted as promptly as was possible after obtaining evidence to substantiate its suspicion of Howard's commercial intentions.

Presently we are criticized because we do not act quicker in cases where the amateur status of a prize fighter is in question, said Dan Ferris, secretary, but we cannot arbitrarily disbar an athlete or take away his amateur card on hearsay.

Drastic Decision The decision depriving Howard of his title as well as cancelling his amateur card is the most drastic of its kind since the celebrated case of Jim Thorpe, who had his Olympic honors removed after the 1912 games because it developed he had played professional baseball previously.

By suspending Thorpe James D. Howard came under the same day the Howard case was decided. The solution would have been to strip the Olympic medals and his amateur status restored but this seems a trifle fantastic now to the union which couldn't return Jim's medals if it wanted them.

They were given to the Scandinavians, Wladimir of Sweden and Eric of Norway who returned to the United States for the Olympic all-around tests. Thorpe, a ballplayer with the Pelee club, county, is believed to have perhaps been in a reminiscent mood.

There need be no worry about the Amateur Athletic Union's clean-up policy for some years to come, at least not while such schoolboy performances are recorded as those at Fresno, where a high school lad leaped 4 feet 4.2 inches in the high jump and another cleared 100 yards in 9.45 on the track where Borah and Wyckoff did 9.3-5.

All the player-writer controversy has brought about is diminishing of editorial production among American sports champions.

The Bill Tilden in fact, will now continue to be the official champion of the United States lawn tennis association.

Bobby Jones is now an associate editor of a self-magazine and Helen Wills, while writing a book, contributes magazine articles in the current sports literature.

THE BIG FOUR of sprintdom equalled the world mark in the 100-yard dash of five times in one day at spring relay meets.

Wyckoff of Glendale Junior college and Borah of Southern California each equalled the 9.3-5 seconds mark twice at the Fresno games while Simpson of Ohio State did 9.3-5 at Philadelphia.

Bracey of Rice Institute did 9.3-10 in mud at Drake.

Wyckoff Equals World's Record in Century Dash

MAKING 100 YARDS in 9.3-5 seconds, Frank Wyckoff, Glendale Junior college, won the class B event at the West Coast relays, Fresno, California. He is wearing the sweater with the G.

Race Thriller

CHARLES BORAH, Southern California, defeated Eric Dyer, Stanford, by inches in the Fresno relays 100-yard dash. The world's record time of 9.3-5 seconds was equalled.

56 Track Stars to Strive for Honors In District's Meet

Lincoln Field to Be Scene of Competition Between 56 Cinder Path Artists of South Central Idaho

Determined to share in the glories that go with victory in the supreme track-and-field test of the South Central district of Idaho, 56 athletes from 16 high schools will march on Lincoln field today at 2:30 P. M. to engage in 14 events.

Only the bare possibility of unfavorable weather stands in the way of one of the most promising meets ever to be held in the district for contestants in the three sub-districts demonstrated the qualities found only in stellar performers of the cinder path.

Track In Good Condition To assure maximum speed in all track events from the 100 to the mile grid, officials have prepared a path ideal for fast track.

Awaiting the winner of the track meet and the triumphant relay team are two silver cups, display in jewelry store window. In addition, gold, silver and bronze medals will be awarded winners of first, second and third places in 14 events.

No Preliminary Participants only are to be held and participants and officials are preparing to make the series of contests as rapidly as possible.

The meet, so far as local competition is concerned, ends the track season for three contestants who rank first, second or third will vie at the interstate meet in Caldwell, and it is possible they will seek higher honors at the state meet in Boise.

Schools Will Vie For Honors at Fairgrounds FILER, May 2 (Special to The News)—Approximately 126 athletes from 26 schools will enter the track meet of Twin Falls Grade School Athletic association at the fairgrounds here tomorrow.

Victor Strobeck, Curry, in charge of the big athletic contest, announces that a trophy track shield will be awarded the district winner. Winners of second place will receive a track shirt, and third place winners, a silver cup. A "percentage" cup will also be given.

In addition to regular track events, the contest will include baseball throw, chinning and hop, skip and jump events.

"WHERE BARGAINS AWAIT YOU"

Johnson Hazards Guess Senators Will Rise From Cellar

"Big Train," Hero Of Baseball Fans, Displays Optimism

Washington Team's Early Failure in League, Not Discouraging to Club's Manager and Old Pitcher

By BRIAN BELL
(Associated Press Sports Writer)
NEW YORK, May 2.—Disappointed but not discouraged at the early failure of his Senators to live up to their glowing promise of the spring, Walter Johnson Wednesday hazarded a guess that Washington soon will move out of the American league cellar.

"We are upside down," said the great pitcher, who has been rudely initiated into the lodge of major league managers by seeing his club's early season performance in the championship season.

"We are not only turned all around in the league standing but in our own condition and plans."
"But I am hopeful, for we are really a good ball club and we will soon get going. Of that I am sure. Of course I know the answer to that one about gaining work in April counting as much as those in September. Maybe they count more, but if you win 'em late, early then you'll have to win 'em late."

"You're only kidding yourself when you look for alphas, but I can say without fear of misquoting, 'misquoting' that our ball club has been hard-hit by this weather we have had so far, and are still having," as he glanced through the hotel lobby to a ready drive or raindrops on the street.

"Of course all the clubs in the east have had the same weather break—we have had, but it seems to me we have suffered more than any of them. Our club is pretty well filled with Southerners, either men who live in the South or players who came from the Southern leagues. They went along all winter with the cold, but it looks as though they can't get thawed out now."

"The late lots of speed, marvelous spirit and many real good ball players. Goals is our big gun on the offense."

SUB-IDEAL OF PARIS
The "Big Train" still is the idol of fans far and wide. He was named just weeks trial under fire—and a brisk calumny at that.

"I have a very decided feeling of responsibility," he said. "The letters from people all over wishing me success get under my skin. I feel just like Eddie when I went in against the Giants to pitch my first world series game after I had talked so long for the chance."
"There were letters from everywhere. It seemed to me, saying 'good luck. We'll see if I feel just like Eddie when I pitch the same now. My friends and most of them are strangers to me—white and black. I have their wishes. Some of them are the same ones who wrote me before that first world-series game. Well, I'm certainly going to do the best I can to justify this confidence."

FAST START GIVES ROTHROCK HIGH RATING

PAT COLLINS JACK ROTHROCK

This is how Jack Rothrock, one of the two fastest men in the American league, gets away from the plate on a dash to first.

By BRIAN BELL
(Associated Press Sports Writer)
NEW YORK, May 2.—A group of American league baseball players sitting in a hotel lobby at a Southern training camp turned to talk of speed. A poll developed that practically every vote cast in the group of the fastest player in the American league went to either Jack Rothrock of the Boston Red Sox or Carl Reynolds of the Chicago White Sox.

Possibly before the 1929 season ends a foot race may be arranged between the two speed merchants.
They are tall boys with long legs, each standing six feet in red and white socks, but Reynolds had a decided advantage in weight with 184 to 163 pounds.
Reynolds is a year older, at 25, although he followed the other Sox to the major league. In 64 games last season Reynolds batted .323 and stole 15 bases.

Playing 117 games, Rothrock finished with a batting average of .287 and stole 12 bases.
Reynolds is a consistent slug, hard batted while "Rothrock" bats from either side of the plate to suit the convenience of the opposing pitcher.
The Red Sox player is now an outfielder, although last season he played first base, shortstop, third base and the outfield. Reynolds has no claim to versatility, spending all of his time in the outfield.

Noted Writer and Cartoonist Dies

Tad Dorgan, Famous From Coast to Coast in Sports Field, Succumbs at Home
By EDWARD J. NEIL
(Associated Press Sports Writer)
NEW YORK, May 2.—Many a western sports writer from the Pacific coast to the Atlantic will have little heart for his work tonight. Tad Dorgan, one of the most famous and best liked numbers of the craft, died today.
An invalid because of a heart ailment for the last nine years, Tad was found in a sick bed at his home in Great Neck, Long Island, the cartoons that were devoured by sports fans from coast to coast.

He kept in touch with present day life with cartoons and fight reports and entertainingly of "horses" of the press.

Charles Many Phases
A career that added many new chapters to the history of sports writing and character descriptive phrases and character announced a climax to a new language of sports began when Thomas Aloysius Dorgan joined the staff of the San Francisco Bulletin over 35 years ago. He came to New York in 1904 as a cartoonist and boxing writer for the Evening Journal. His cartoons and commentaries were syndicated through Hearst service and published with translations in several foreign countries.
Tad popularized slang in writings and cartoons that covered every great boxing contest over a period of 35 years. He nicknamed many boxers, first named Johnson, Lefty Artha and Gans the Old Master. Anecdotes of his experiences, wanderings and practical jokes are a part of the lore of the profession.

Injured In Accident
Just after starting his career as a cartoonist, the fingers of Tad's right hand were crushed in an accident. He learned to draw all over again, using his left hand and today times the two fingers are useful on his right.

His last big sports assignment was Jack Dempsey's "title defense" against Billy Mike in Benton Harbor, Michigan in 1920. He was forced to withdraw to his home after the fight and never was able to resume active reporting.
He died in his sleep. He is survived by his wife and his mother, Mrs. Anna Dorgan, four brothers and four sisters. The funeral will be held at Great Neck.

Portland Defeats Missions, 5 to 3

Bovell, Duck Right Fielder, and Hufft, Los Angeles, Hit Circuit Clouds

SAN FRANCISCO, May 2 (AP)—Portland Ducks came through for some timely hitting behind Casacarella's pitching and defeated the Mission's Reds 5 to 3 today.
Bovell, Portland right fielder, and Hufft of the Missions, each hit home runs.
The scores: P. 11 R. 11 E. 1
Portland 5 10 0
Missions 3 11 0
Batteries: Casacarella and Reed; Hubbell, Meyers and Baldwin.

SEALS 9, OAKS 0
OAKLAND, May 2 (AP)—Holt Thurston pitched the Seals to a 9-0 victory over Oakland today and in doing so chased the Oaks to experience their first shut-out of the season. Thurston was in great form and the only two hits he allowed were singles by Friemer and Carlyle.
The score: R. H. E.
Seals 9 0 0
Oakland 0 0 0
Batteries: Thurston and Reed; McCloy and Lombardi.

HOLLYWOOD 4, SEATTLE 3
LOS ANGELES, May 2 (AP)—Hollywood, after dropping two straight to the lowly tribe, today finally chalked up a victory over the Seattle Indians. Shellenback pitched the Stars to a 4-3 decision. Shellenback was given an effective hurling argument by "Hap" Collard but the latter received poor support from his teammates.
The score: R. H. E.
Seattle 3 0 2
Hollywood 4 0 3
Batteries: Collard and Borreani;

Stichecke; Shellenback and Bassler.
SOLONS 4, ANGELS 0
SACRAMENTO, May 2 (AP)—The veteran Otis Cranfill drew the distinction of pitching the first shutout of the year for the Sacramento Senators when he picked off his former teammate-to-be at beating Los Angeles, 4 to 0. The Sacramento team before in Los Angeles.
The score: R. H. E.
Los Angeles 0 0 0
Sacramento 4 10 0
Batteries: Gledits and Hannah, Warren, Grandall and Koehler.

Club Prepares to Hold Golf Tourney

The Twin Falls Country club will hold a golf tournament Sunday to determine position of members and establish handicaps throughout the season. Men holding 10 or more will represent the club in all tournaments with out-of-town players.
For the purpose of competition within the Twin Falls club there will be 30 numbers awarded to members in the order of their score in three groups of 10 each. After the tournament handicaps in any group may change any other member in the same group for his position. The two highest handicaps in the next lower group may challenge either of the two lowest members in the next higher group. This field of any member not having won a stumblers may challenge any one of the four lowest members in the last group.
Dues for 1929 are fixed at \$15, of which \$10 is payable at once and \$5 payable at the grounds at 8 A. M. May 12, as a means of promoting good fellowship and improving the grounds. Sandwiches and coffee will be served after the work contemplated is completed, with one club nine-hole tournament after refreshments.

PHIL SCOTT WINS FIGHT
LONDON, May 2 (AP)—Phil Scott, British heavyweight champion, decisively defeated Emory Hyattman, German titleholder, in a 15-round match at Albert Hall tonight.
All members are requested to meet at the grounds at 8 A. M. May 12, as a means of promoting good fellowship and improving the grounds. Sandwiches and coffee will be served after the work contemplated is completed, with one club nine-hole tournament after refreshments.

Philadelphia Team Beats Boston, 5-1

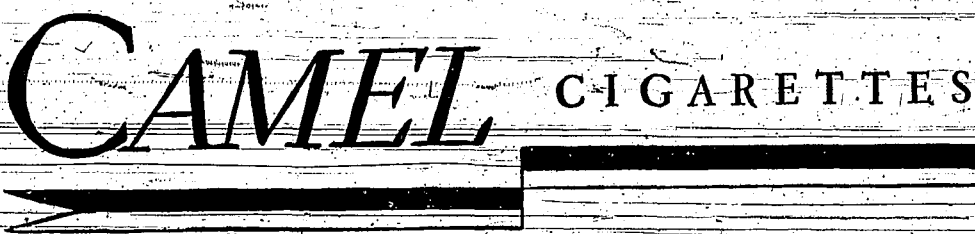

Grove Boasts Total Victories for Season to Three Wins Second in Two Days

BOSTON, May 2 (AP)—"Jelly" Grove boosted his total of victories for the season to three and won his second game in two days here this afternoon by pitching the Athletics to a 5-1 triumph over the Philadelphia Red Sox. The victory gave the Red Sox a 2-1 lead in the season.
The score: R. H. E.
Philadelphia 5 1 0
Boston 1 10 0
Batteries: Grove and Clegg; Egan and Barrett.

PHILADELPHIA
Boston 100 100 100
Philadelphia 100 100 100

WATERUSERS REACH ACCORD AND AVOID LENGTHY LITIGATION

Attorneys For All Canal Owners of Snake River District Sign Stipulation Involving Rights

Litigation that promised to extend over a period of 6 to 10 years and involved all irrigation waterusers on Snake river in eastern and southern Idaho, is believed to have been avoided as result of agreement reached at Pocatello Thursday by 17 attorneys representing all canal owners of the region designated water district 36 extending from headwaters of Snake river to Miller dam. Stipulation signed by attorneys signed Thursday had been raised some four years ago in suit brought by Woodville Canal company against Clark and Edwards canal and Irrigation company in federal district court. Claim to 11,000 water of Snake river was involved in that action and on both account all waterusers on the river were drawn into the suit.

Confirms Earlier Decree
The stipulation expressly confirms priority dates hereof decree by court in Foster decree of 1913, establishing Twin Falls Canal company rights, and Resuming decree of 1910. It sets forth agreement as to priority dates and amounts of water claimed by 47 other named canal owners on upper reaches of the river.
It approves decree to secretary of interior for use on projects under contract, water filed upon by United States nonpreference water contract on American Falls reservoir, 1,700,000 acre foot per annum for storage and 8000 second feet for direct diversion.
It recognizes claim of Twin Falls Canal company to 800 second feet under priority of December 22, 1915, in addition to its original rights to 3000 second feet established by Foster decree, and also claim of North Side Canal company to 300 second feet under priority of December 22, 1915, in addition to its earlier rights.

Second Conference
The stipulation signed Thursday was made by a second conference of attorneys for the several canal owners, an earlier conference having been held late last month.
Twin Falls Canal company, has been represented throughout the proceedings by its legal advisor, Judge J. R. Booth, and John E. Hayes, its general manager, who are attorneys retained to build the Twin Falls irrigation system and has been familiar with water rights and distribution in this region for more than 25 years, took part in the negotiations.
W. B. Hatfield and J. F. Corde were members of Twin Falls Canal company directors at Thursday's conference.
R. P. Foster, Twin Falls, signed the stipulation as attorney for the North Side Canal company.

Campaigns For Souls Upon Wholesale Scale

Rev. A. A. Banks, pastor of the Bethel Baptist church, Pocatello, and executive secretary of the National Baptist evangelical board, is here to remain until Saturday on the way to Nevada where he hopes to establish a number of missions.
A five year, One Million Souls for Christ campaign, Evangelical Banks is making his collection of one million dollars, with which, he says, he can easily save one million souls in five years. He expressed hope to establish a mission here by the next fall.
Since visiting Twin Falls last October, Mr. Banks has waged his campaign in 10 states, including many of the Southern states.

Twin Falls Electrician Recovering From Injury

Rodney Wilds, an electrician, 1412 Eighth avenue east, who was severely but not dangerously burned, at A. M. yesterday, while phasing out a new circuit at the Idaho Power company substation, was reported resting quietly at midnight at the Twin Falls county general hospital. He accidentally shorted a circuit, causing an arc, with the result that his hands and face were severely burned. It is stated that neither his eyesight nor use of his hands will be impaired permanently.

Senators Hear Export Debenture Advocates' Arguments

OPPOSITION ATTACKS PROPOSALS AS MEANS TO SATISFY SLOGANS

Norbeck Holds That Farm Relief Measure at Best Even of Doubtful Value in Remedying Conditions

(By The Associated Press) WASHINGTON, May 2—With a vote in sight on the disputed export debenture plan, the senate today heard that proposal defended as the only avenue for higher farm prices and the farm relief bill in which it is included attacked as a crossed-up scheme to satisfy campaign slogans.

The debenture section was supported by Senators Norbeck, Republican, South Dakota, and Connally, Democrat, Texas, while Senator McCort, Democrat, New York, described it as an unworkable proposition destined to involve the farmer in governmental "red tape" in assailing the whole farm bill.

The New York senator, asserting a right to discuss the farm problem because his state ranks first as a consumer and taxpayer, proposed a government board which would be charged with handling crop surpluses.

Senator Norbeck held that the senate farm measure at best was a moderate bill of even doubtful value. He said he had no time to find with President Hoover, however.

"I am not complaining about the attitude of President Hoover and other senators," he declared the South Dakotan.

He has not been a disappointment to me. I expect great things from him, especially in law enforcement, disarmament, efficient reorganization of government departments and in these things I am going to support him.

His attitude on the farm problem is not what I wish it were, but after the Kansas City convention I had no right to hope for anything better.

Senator Connally, in his first speech since he became a senator, declared the senate farm bill without the debenture section would not solve the problem that the opposition is making the tariff effective for agreement with the legislature.

He said the debenture section is made to apply to tariff protection for industries.

The tariff masters are in Washington asking for higher rates on manufactured goods, the Texan said. They will get them. The farmer will pay the increased cost for such goods. Bounties for the manufacturing tax are sound. Bounties for the farmer who has been exploited for 50 years are unsound.

Senator Norbeck maintained that the last election could not be considered a mandate from the people on any particular farm relief plan. He asserted that Governor Smith as the Democratic standard-bearer substituted the saloon for the continuation fee and made the election of Mr. Hoover certain without regard for the farm question.

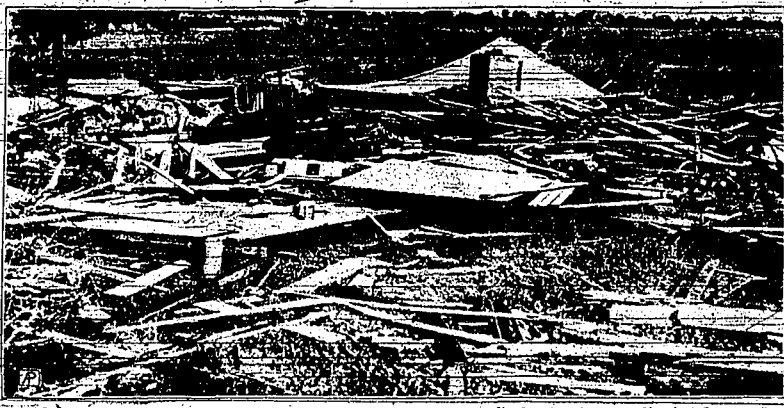

He has seen the senator from California, Mr. Johnson, who has been anything but regular re-elected. Norbeck said he supported the equalization fee but he came back with nearly a million majority. Do you call that a mandate?

There has been in La Follette, Wisconsin, and Wheeler, Montana. They certainly cannot be considered regular. They do not stand with the administration. They are all elected with good majorities. Do you call that a mandate?

Three of the Democrats who voted against the equalization fee last year were defeated in November. One Democrat who voted for the senator from the great Empire state (Copeland) came back. Now where is this mandate on farm relief?

McNary of the agriculture committee hopes to have the senate vote on the debenture section tomorrow. This might be delayed in view of further discussion which is pending.

Members of Rock Creek Worth While Club Meet

ROCK CREEK, May 2 (Special to The News)—Nineteen members and one guest, Mrs. Axel Murry, were present at a meeting of the Rock Creek Worth While Club at 7:30 p.m. Mrs. Larsen was hostess. Roll call was answered by short discussions on "The Legion," "Contagious Diseases." Following the business session, the afternoon was spent socially. Mrs. Peter Neumann won high honors, and Mrs. Mack Gray scored 20 points. Refreshments were served by the hostesses and several assisting members. The next meeting of the club will be the Mrs. Albert Van Eaton, Twin Falls, May 8.

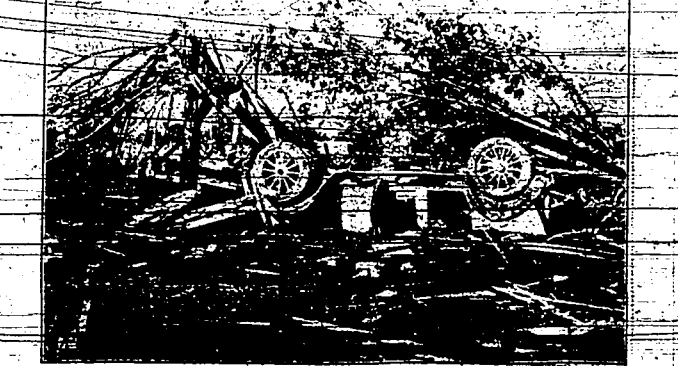

BULLARD SPEAKER AT MOSCOW DEDICATION

World War Hero Will Deliver Address at Program Opening Idaho Memorial

MOSCOW, May 2 (Special to The News)—Idaho's memorial to her military dead, an imposing granite building on the campus of the University of Idaho at a cost of approximately \$300,000, will be dedicated tomorrow afternoon, July 9, as a part of the annual commemorative program of the university. One of America's foremost World War heroes, Major General Robert B. Bullard, commander of the First Division of the American Expeditionary forces, will deliver the dedicatory address. The ceremonies will be under the direction of the Idaho department of the American Legion with Colonel L. V. Patch, Payette, state commandant in charge.

Famous in World War. Major General Bullard is now of the officers' retired list, commanding the famous First Division in all of its operations. He wrote the famous message at the opening of the second battle of the Marne in July, 1918, which marked the turning point of the war. At the dedicatory ceremonies the names of more than 90 Idahoans who lost their lives during the World War will be entered in the "Hall of Memory." The official list of war dead is being cast in a large bronze plaque, which is

DANGER LIES IN BULKLESS DIETS

Eat ALL-BRAN and Prevent Constipation

Thousands of people wonder why they are suffering when they try to be so careful regarding their diet. They have headaches, bad complexion and are unhappy because their old-time strength and vigor are gone.

Constipation is often the cause of this bad health. And lack of bulk in the diet is usually the cause of constipation. Kellogg's All-BRAN will supply this roughage.

ALL-BRAN works as nature works. It is guaranteed to bring relief to prevent constipation.

Just eat two table-spoons daily chronic cases, with every meal. Ready to eat with milk or cream. Delicious in flavor. Add it to your muffins and other breakfast cereals. See the recipe on the package. Doctors recommend ALL-BRAN because it is 100% bran. Made by Kellogg in Battle Creek, several in hotels, restaurants and diners. Sold by all grocers.

Potato Institute Upholds Practical Farm Relief Principles

STANDARDIZATION OF PACKS FUNDAMENTAL OF NEW ORGANIZATION

Sponsors of Movement Believe It Congressional Program is Carried Out Association Will Assist

(Special to The News)
BOISE, May 2.—Principles of practical farm relief are embodied in the by-laws and principles of the National Potato Institute with which Idaho growers, dealers and shippers have become affiliated through the action of the Idaho Potato Bureau at Portland recently. Fred Gudmundson, Burley, is president of the bureau. James Pendlebury, Blackfoot, is vice-president. Eric Sundberg, Boise, is treasurer and J. S. Welch, state commissioner of agriculture, secretary. A membership committee consisting of C. J. Carlson, Boise, H. E. Yost, Boise, and Commissioner Welch met in Boise recently and detailed plans for the active work of the bureau.

Sponsors of the movement believe that if the present congressional program of farm relief is carried out in accordance with the principles of the National Potato Institute, it will form the machinery for the practical application of the theories now being developed at Washington. They believe that the same principles can be applied to other commodities as well as potatoes.

Idaho, producing state and leaders of the industry here realize the need for a co-operative, understanding among all those interested in the industry all over the country. Gudmundson took the lead in calling together representatives of the industry from various sections of the country and was instrumental in the formation of the national institute in Chicago last December. There are two members of the institute representing Idaho: H. E. Yost, state commissioner of agriculture, and C. J. Carlson, Idaho Falls, prominent potato grower and dealer, representing Idaho.

District Principles
The national institute operates on five district principles, which are applied by all associated with the industry from producer to consumer. It assures keeping the industry on a sound business basis. The first of these is "ethics in business" which involves the application to the business of the industry of the same principles recognized in all other business industries.

"Standardization of packs, grades and production" is the second principle on which the national institute is founded. This involves governmental control through inspection service, formulation of grades and the dissemination of information on production methods. The third principle is that of "stabilization." Educational campaigns concerning planting programs are recognized as fundamental in keeping the industry stable. The one fact developed by the United States department of agriculture that whenever national production exceeds 40,000,000 bushels, the farm price is low, is an indication of the need for control in planting programs.

"Distribution methods" is another angle from which stabilization may be secured. This involves the question of storage and warehousing. If the industry is well equipped with storage and warehouse facilities a definite control of the market can be maintained.

KING DISCHARGES OFFICIAL
TIRANA, May 2.—King Zogu has discharged the chief of the state gendarmerie and ordered the prosecution of several officials of the department of posts and telegraphs for alleged misuse of Albania's public funds.

Agricultural Engineer Forecasts Great Advance In Farm Equipment

AMES, Iowa, May 2.—A revolution two-fold increase in the yield of principal crops is predicted by J. B. Davidson, head of the agricultural engineering department of Iowa state university. He expects it to take place in the next 50 years.

Some of the developments he believes the American farmer will see include plows that pulverize the soil, cultivators that turn weeds into shreds, turbines that burn any kind of liquid or gaseous fuel, wind motors that transform dry, new synthetic motor fuels will be produced on the farms; tractors will do twice the amount of work on the same space—that they do now; fibers will be grown that may be pressed into building materials, and doors, window frames, and similar things will be developed.

Prepare Seed Bed
The revolution, he says, likely will begin with the application of power to seed bed preparation. Machines will pulverize and mix the soil, organic material and fertilizer. They will break stalks, stubble and fertilizing material into particles, so fine that decomposition will begin immediately and the plant food made instantly available.

Professor Davidson sees future fields free of weeds. Machines will collect all weed roots, burn them naturally on the surface and dispose of them, or cultivators will eliminate them so roughly their root structure will be broken up sufficient to prevent re-growth.

Will Cope Grain
Another development he predicts is the artificial curing of grain after it is harvested, eliminating the deterioration caused now by weathering. Davidson believes the result will be a

CHERRY MEN FORM HOLDING COMPANY

Michigan Growers Organize Under Plan for Season of Crop Overproduction

TRAVERSE CITY, Mich., May 4.—A holding and stabilizing company to be known as Michigan Cherry Growers, Inc., has been organized here to operate in seasons of over-production.

It proposes to withdraw surplus-owned cherries from the market at the close of each season, financing the holding with loans from the federal intermediate credit banks. Federal warehouses, receiving and storing the cherries until the fruit is sold. It plans to export the surplus or otherwise dispose of it profitably.

No surplus in cherries is anticipated until the heavy new plantings come into bearing. In the meantime the corporation plans to expand the outlet by conducting newspaper advertising campaigns in large terminal markets in which few cherries now are sold.

It will cooperate with canners and growers in other cherry-producing states in its sale promotion work.

A. J. Rogers, Deulah, Michigan, president of the new corporation, says newspaper advertising has resulted in the sale of about 30 cars of canned cherries a year in Houston, Texas, where none formerly was sold.

Sales in Atlanta have risen from one car consigned in 1922 to 18 cars sold outright in 1928. Sales in St. Louis and Milwaukee also have been stimulated, he says.

Insect Pest Menacing Birch Trees in Maine

AUGUSTA, Me., May 4.—The sawfly leaf-miner has become a serious menace to white birch trees in Maine. Dr. Henry De-Person, state forest entomologist, and Neal L. Violette, state forest commissioner, say that a survey they conducted an urgent need for immediate action to save the birch. A two-year study of methods to exterminate the pest is advocated.

Many Farm Persons of Native Stock

Marry Immigrants, Survey Indicates

NEW YORK, May 4.—Young folk of native stock in country areas are marrying immigrants and the sons and daughters of immigrants are marrying natives, the Institute of Social and Religious Research announced today.

The institute found not only that intermarriage is becoming more common, but that the foreign born are making good on the "land in comparison with native farmers."

"The unavoidable conclusion," says Dr. Edmund Brunner, who directed the study, "is that at least in the school systems in which the intelligence tests used were applied, the child of the foreigner, regardless of the country of origin of his parents, makes practically as good a record as the native stock child in the rural schools."

"The difference in the intelligence quotients were found to be slight as to suggest that the degree of familiarity with the English language, acquired by the foreign born, would indicate that foreign stock children are likely either to raise or to lower the general intellectual level of their communities."

BATTERY BROODER AIDS POULTRYMAN IN KANSAS

CLAY CENTER, Kas., May 2.—With the aid of a battery brooder such as he estimates any farmer can build for \$25, William Bauer is raising 1500 baby chicks in a 12 by 14-foot room of his basement.

"The battery is built with one tier above the other and the chicks are kept on a half-inch mesh-hole screen. Bauer starts 150 chicks in each tray and at the end of the first week reduces the number to 100, placing the overflow in other brooders. After three weeks the chicks are moved to portable brooder houses on the range.

Heat is supplied by a coal stove. An electric light is kept burning day and night, the light encouraging the chicks to eat as often and "put" as they can. They are fed cafeteria style on an all-mash feed and water.

An electric fan keeps the temperature of the air constant—about 65 degrees—and insures that it is fresh. Bauer has lost only 30 chicks, all breakings when they were hatched. This practice is said to be the forces of nature as related to growth.

100 Small Flapjacks can be made much better than ONE big one

Performance Counts! Watch the new Ford on the hills, in traffic, and on the open road, and you will know that it is a truly great car

THE minute you see the new Ford car you will be delighted with its low, smart lines and the artistic color combinations. There, you will say, is a truly modern car. But a still greater thrill awaits you when you slip into the roomy seat behind the wheel and start away for your first ride.

You will like the feeling of power that the new Ford gives you—the comfortable, prideful feeling that comes from having a car worthy of any occasion and equal to every emergency.

You will like the flexibility and safety of the new Ford car as you weave in and out of traffic—its flashing pick-up as the light turns green and the sign says "Go." You will like its smooth, quiet steadiness on the open road where you can lazy along according to your mood, or do 55 and even 65 miles an hour if you desire. The new Ford has unusual speed—no doubt of that!

There are still other reasons why the new Ford car is a great car to own and drive. Three important reasons that mean a great deal to you: reliability—economy—long life.

The new Ford is made to stand up under thousands of miles of steady running over all kinds of roads, and save you many dollars in repair bills.

Come in and see this great new car. Inspect it carefully—part by part. Then know the thrill of driving it. By its performance you will realize that there is nothing quite like it anywhere in design, quality and price.

CHLORATES IN SPRAY DESTROY WEEDS BEST IN EXPERTS' OPINION

Moscow's College of Agriculture issues Report on Basis of Experiments in 11 Counties of Idaho

(Special to The News) MOSCOW, May 2—Eradication of weeds can be obtained efficiently through the proper use of chlorates applied in spray form, reports the department of agronomy of the University of Idaho college of agriculture, in a report issued today. The department's conclusion is based on experimental work in chemical control of weeds carried on last year in 11 Idaho counties. Experiments conducted show chlorate to be generally effective when properly applied to morning glory, Canada thistle, Russian knapweed and quack grass. Sodium chlorate was used most extensively, but later applications of calcium and magnesium chlorates apparently gave more satisfactory results, the department reports.

Apply As Spray
Three pounds of chlorate dissolved in water at the rate of one pound of the chemical to one or one and one-half gallons of water is the most satisfactory rate. This solution is applied to the infested areas in the form of a spray. The spray can be applied as soon as the plants have attained their full growth. This stage is indicated by the appearance of the first flowers. Weeds remain in good growing condition until late fall, in fact late applications in many cases have proven most effective. Canada thistle can be effectively controlled by spraying in the bud stage. Care should be taken that the entire foliage is covered with the spray. Russian knapweed can be controlled by slightly lower rates of application of the chemical than is necessary for morning glory. The results indicate that from two to two and one-half pounds of the chemical are sufficient for this purpose.

Must Not Disturb Areas
After spraying, it is essential that the infested area be left undisturbed. Burning, irrigating or cultivating after treatment greatly lessens the effectiveness of the spray and usually results in failure of eradication. Chlorate have also proven satisfactory in the non-irrigated sections under similar conditions to those prevailing in southern Idaho, morning glory, Russian knapweed, Canada thistle and quack grass can be killed in northern Idaho sections, with a much lower rate of application. Control has been generally secured by spraying with 10 per cent solution, applied at the rate of 150 to 200 gallons per acre, depending upon the density of the growth. Such a solution is made by dissolving four pounds of the chemical in five gallons of water.

INVESTIGATE MARRIAGE AGE
LONDON, May 2 (AP)—The house of lords, after obtaining a bill to raise the permissible marriage age to 16 for both sexes, appointed a commission to investigate the subject. The present law permits girls to marry at 12 and boys at 14.

Trails of Wild Salmon Country Over Which Caravans Trekged to Wealth in Sixties Again Guide Seekers of Gold

(Associated Press Staff Writer) LOCILLE, Idaho, May 2—Trails in the wild Salmon river country over which Captains Pierce and thousands of followers from California sought wealth in the early 'sixties, again are guiding seekers of the yellow metal. Spurred on by recent deals involving approximately \$500,000 for mining property, hundreds of prospectors started a miniature rush into the Fiddle creek and surrounding districts, and many claims have been staked on the same ground that was covered by those who were "in" on the discovery of gold in this state.

One of the largest transactions was announced by William Margitroy, of Spokane, and involved the purchase of three claims from William Jones and Rupert Gore for a reported consideration of \$100,000. Jones and Gore sold the claims from the widow of Beville Johnson, an early settler, for \$30,000. Margitroy announced that he intended to develop the claims for their inherent possibilities. Gold, platinum, triuranium and Uranium are being washed out daily in paying quantities in this region, miners say. During the last six weeks approximately \$500,000 has been spent by several groups for new claims.

The Salmon river has been staked out

DIXON ASSOCIATION INSTALLS OFFICERS

Past President of Parent-Teacher Organization in Charge of Annual Affairs

DIXON, May 2—Mrs. Guy Dixon, past president of the Dixon Parent-Teachers association, had charge of the installation of the new officers at the Monday evening meeting. Dewitt LaJue took charge of the business session and appointed his new committee as follows: Program, Mrs. R. C. Cochran, Mrs. Gordon Murphy and Mrs. Frank Grant; refreshment, Mrs. Aurora Gage, Mrs. DeWitt LaJue, Mrs. Guy Dixon, social, Mrs. Will Brown, Mrs. Edna Speel and Mrs. Edna Johnson. The program for the evening was in charge of Mrs. Johnson and the following numbers were given: Snaphone and hand, duet by Mrs. A. G. Varies, reading by Mrs. Fields, piano duet by Mrs. Frank Grant and Mrs. A. G. Varies and a reading by Miss Blanche Johnson. The concluding program feature was an address by Tom Speedy, county agent, on the new fertilizer.

Special invited to plan their examples now and to have a complete communication of the business session and year festival and the home county fair. The association will hold the final meeting of the school year on May 13. Mrs. R. C. Cochran, secretary of the Junction Young Women's Christian association council, accompanied by Mrs. Anos West and Mrs. Rosa Swoley attended the last meeting of the council last Thursday afternoon at the home of the chairman, Mrs. Grace Haddock. The business session was presided over by Mrs. Buckley as council chairman, due to her moving in the session to Jerome. Mrs. Buckley, vice chairman, was installed as chairman, and Mrs. Frank Riemann, a newly elected member of the council, was elected vice-chairman. Mrs. Powers was elected treasurer to assist Mrs. Cochran who held the office of secretary-treasurer. An interesting report was given by the organization of the Music Valley District at Twin Falls April 6. Dorothy Varnette, youngest daughter of Mr. and Mrs. Emery Varnette, has been ill with pneumonia and is recovering. This road grade is being worked in this community this week. The mail and high school bus route had been in poor condition. Mr. and Mrs. Will Brown, Mr. and

THE GUMPS ALONE

COUNT LUCKNER THE Sea Devil

by LOWELL THOMAS Copyright by Doubleday, Doran & Co.

"Our last half gallon of rum," Kirkness murmured, "is not bad."

"It will go to a useful purpose," he said. "We will hold of the half-gallon which had been so inquisitive. The white man who had been seen on horseback with him."

"It was clear enough that the half-gallon of rum was the man's property. It was not his own, but it was his to use as he pleased."

"The four others were offered quarters ashore for the night, but two of my boys refused. They were too tired to go ashore. They were too tired to go ashore."

"On the following day, we made our final coasting. The ships in the harbor weighed anchor and sailed. We were the only ship left in the harbor."

"She was a beauty, too, and would have delighted her eyes in the harbor. She had just arrived, we were told, from Suva. She was a beauty, too, and would have delighted her eyes in the harbor."

"All right," replied the captain, a jovial, unassuming fellow. "Come aboard this night, if you wish. We will be here in the morning."

had attracted no undue notice of the people who were suspicious of his conduct. He had been so inquisitive, and he had been so inquisitive. He had been so inquisitive, and he had been so inquisitive.

"I could hardly wait for him to raise his hand. He had been so inquisitive, and he had been so inquisitive. He had been so inquisitive, and he had been so inquisitive."

"The skipper of our clipper who was standing next to me said he supposed he had brought over the half-gallon of rum. He had been so inquisitive, and he had been so inquisitive."

"The four others were offered quarters ashore for the night, but two of my boys refused. They were too tired to go ashore. They were too tired to go ashore."

"On the following day, we made our final coasting. The ships in the harbor weighed anchor and sailed. We were the only ship left in the harbor."

UNION-PACIFIC HAS LARGE 1929 BUDGET

Idaho Will Receive Over \$10,000,000 For Improvement and Maintenance

SALT LAKE CITY, May 2 (Special to The News)—Large payrolls and other expenditures are included in the \$10,000,000 improvement and maintenance program of the Union Pacific for 1929. It was announced Wednesday by C. H. Gray, president of the total amount of the budget more than \$10,000,000 is for use in Idaho. Approximately \$55,000,000 is applicable to lines serving Idaho from the Oregon and Washington. The \$20,000,000 represents an increase of more than \$6,000,000 over last year, and the Idaho increase is approximately in the same ratio.

"The increase," said Mr. Gray, "is all in the direction of all safer and more dependable transportation and is in accord with the policy of the Union Pacific of anticipating traffic needs."

\$4,125,000 for Equipment—An expenditure of approximately \$4,125,000 is provided for expenditures in Idaho, approximately half of this is for wages for shop workers. One of the largest shops of the system for this class of work is at, Caselle and the majority of the company at that point for shop and other employes is now about \$400,000 a month. Other important maintenance of equipment work is done at Cleons Ferry, Montpellier and Nampa. There are roundhouses at Boise, Twin Falls, Burdick, Teton, Pocatello, Shoshone, Hill City, McCall, Hanks, Dubois, Ashton, Victor, Wallace and Moscow.

The maintenance of way and structures program for Idaho calls for \$4,494,000, approximately 60 per cent of which is for wages. Provision is made in the general appropriation for the purchase of 25 additional new Union Pacific type freight locomotives, at a cost of \$2,900,000, of new chair cars, diners, observation cars and other passenger train equipment at a cost of about \$2,500,000 and of 500 new 36-foot automobile cars at a cost of \$1,500,000.

Provision is made for further enlargement of the Idaho Pacific tourist facilities in southern Utah. Substantial additions are to be made in guest accommodations at Bryce and Zion national parks, Cedar break and the Grand Canyon in time for use this summer.

HAZELTON WOMEN HEAR BETTER HOMES PROGRAM

HAZELTON, May 2.—The Better Homes committee, of which Mrs. H. E.

Gundelfinger is chairman, sponsored a home from the Twin Falls hospital program in the high school building where she was a patient for three weeks Saturday evening. The principal speaker following an operation. The high school Junior class presented home demonstration leader, and D. C. Petrie, of the Petrie landscape nursery, Boise. An address on "Better Homes" by Mrs. W. H. Deasler, a Japanese dance by the Misses Nancy Fleck, Ada Seely, Helen Webb and Jessie York; a piano solo by Miss Ione Riegan, and several numbers by the high school orchestra, completed the program. The auditorium was presided decorated with Japanese cherry blossoms and ferns. The lights were shaded with Japanese lanterns. More than 100 persons attended, including delegations from Idaho and Irvine. Punch and coffee were served during the social hour which followed the meeting. Thursday evening the Past Noble Grand's club met in the Odd Fellows hall. Five members were initiated during the session.

High School Hoop Teams Not to Travel On Funds Of District, Gillis Rules

BOISE, May 2 (AP)—High school basketball teams cannot ride regular train to game on money appropriated from the district school fund, Attorney General W. D. Gillis ruled Wednesday. In answering an inquiry from C. P. Leonardson, clerk of the Dubois Independent School district, Gillis pointed out that teams usually travel on rate receipts from games. If there were any receipts, he said, they would be used.
