BOARD PREPARES TO ATTACK PROBLEM OF BELIEVING FARMERS

In Address at First Meeting President Will Entrust Commission With Task of Leading Industry

By RICHARD L. TURNER
(Associated Press Staff Writer)
WASHINGTON, July 13—For the first time in nearly a decade of political agitation, congressional disputes and legislative stalemates, the federal government is ready to attack the problem of agriculture on a basis of concrete reality.

FEDERAL AGENTS TO ANSWER FOR MURDER

Two Prohibition Officers Held For Killing World War Veterans in South

TECUMSEH, Okla., July 13 (AP)—Two members of a federal prohibition officers' raiding party which killed a man and a woman for murder as an outgrowth of the slaying of James Harris and Oscar Lowery, farmers and World War veterans, it was stated today, are charged with a preliminary trial before J. J. Dutton, justice of peace.

SONS OF FARM ON BOARD

He has, however, found it impossible to make selections with a view to the geographical distribution of the board's members because the new farm relief law requires that each of the major branches of agriculture shall be represented. He draws considerable satisfaction from the fact that all of the appointees were born and reared on farms and that almost one of the representatives of business and finance have been actively engaged in farming for many years.

Without Wheat Representation

Although feeling as its most momentous and critical matter, the wheat situation, the board will be without a representative of that phase of farming at the first session. The president expressed his regret that the wheat spokesman within a few days, thereafter, however, he has been having considerable difficulty in the selection of a grain man, due, it is said, to:

Twin Falls County Gets \$22,470 Endowment Fund Interest From Treasury

BOISE, July 13 (AP)—Distribution of \$22,470 endowment fund interest among the 44 counties of the state was announced today by Byron Deffenbach, state treasurer.

Gem State Probate Fee Law Unconstitutional

BOISE, July 13 (AP)—A decision declaring a new probate fee law unconstitutional was handed down by District Judge Dana E. Brinck today. The decision was given in the case of the Gem State estate plan.

Searchers Fail to Find Body in Canal at Boise

BOISE, July 13 (AP)—After a search that had started on Saturday 24 hours more than a score of men had failed tonight in their attempt to recover the body of Douglas MacLean, formerly of Salt Lake City, who was drowned in the New York canal last night.

Death Defeats Plan of Aged Man to Search For Gold Hidden in Arizona

OMAHA, July 13 (AP)—Death has defeated the plan of Joseph Kelley, 74, to go back to Tucson, Arizona, to search for gold. Kelley, who was 74, was killed last winter when his health failed, but always said that he would go back to Tucson to search for gold. The gold was hidden in Arizona. Kelley died last night.

SECRETARY STIMSON DENIES CANADA MADE PROTEST ON TARIFF

Senator William E. Borah Guesses Right in Attributing Reports to Persons in United States
(By The Associated Press)
WASHINGTON, July 13—A denial by Secretary Stimson of published reports that Canada had protested against provisions of the house tariff bill prompted Chairman Borah of the senate foreign relations committee, to declare today that he had "thought all along that these supposed protests from Canada originated in the United States."

RALPH THOMAS RESIGNS AS CHAMBER SECRETARY

BOISE, July 13 (AP)—Ralph Thomas, secretary of the Idaho State Chamber of Commerce, resigned today. Mr. Thomas has been appointed to succeed him, M. B. Yeaman, vice president of the chamber, announced today.

Why Should France Worry So About Where the Debt Money Is Coming From?

WASHINGTON, July 13 (AP)—One billion persons are within the range of radio broadcasting stations already established and more are constantly being added throughout the world.

Soon Monkeys in Africa May Receive Lessons in Bridge, Says, Dr. Klein

WASHINGTON, July 13 (AP)—One billion persons are within the range of radio broadcasting stations already established and more are constantly being added throughout the world.

Searchers Fail to Find Body in Canal at Boise

BOISE, July 13 (AP)—After a search that had started on Saturday 24 hours more than a score of men had failed tonight in their attempt to recover the body of Douglas MacLean, formerly of Salt Lake City, who was drowned in the New York canal last night.

Gem State Probate Fee Law Unconstitutional

BOISE, July 13 (AP)—A decision declaring a new probate fee law unconstitutional was handed down by District Judge Dana E. Brinck today.

Russians Urge Chinese to Settle Dispute Peaceably

And Note Sounds Warning

HUNDREDS OF PERSONS IN EL PASO WITNESSED AT HORNE TOWN DERBY
EL PASO, Texas, July 13 (AP)—Hundreds of staid El Pasoans crowded the little plaza this afternoon to witness the first "homed" road derby, which was won by "Sunshine" derby, owned by Charles Loomis, Las Cruces, New Mexico.

Atorney Will Carry Out Party-Day Agreement at Last Rites For Montanan

GREAT FALLS, July 13 (AP)—A verbal agreement typical of the pioneer days of Montana will be carried out Monday when John J. Slattery, Great Falls, veteran attorney and former United States district attorney, will deliver a eulogy at the funeral services for Jack Teal at Glasgow, Montana.

FLOOD WATER POURS INTO KANSAS CITY

Conservative Estimates Place Damage to Property at Nearly \$1,000,000
HURONSHIRE, Kan., July 13 (AP)—Flood waters of God-creed, ravaging Hutchinson for the last 24 hours, tonight showed no signs of receding, and water still was running through the streets in torrents. It was the worst flood in the city's history.

BROOKMART STRIKES AT FEDERAL RESERVE

Pocatello Grangers Hear Noted Iowa Senator in Address on Agriculture
POCATELLO, Idaho, July 13 (AP)—Senator Smith, Republican, Chicago, in an address delivered here tonight under the auspices of the Grange, declared the federal reserve system was "designed in its own purpose by building up an enormous surplus in New York City, which was being used for speculative purposes, depriving the farmers and legitimate enterprises of the country of much-needed capital, and forcing them to pay a high rate of interest."

MEXICAN FEDERALISTS DRIVE REBELS FROM MEZQUITITO

MEXICO CITY, July 13 (AP)—The war department today announced reconquest of the town of Mezquitito, Jalisco, after a three-day battle in which 30 rebels and five federalists were killed and 20 rebels and 13 federalists wounded.

UTAH SOLON BEGRIES FEDERAL USURPATION

Senator King Recommends "Renaissance" of "Spirit of State's Rights"
WASHINGTON, July 13 (AP)—Senator King, Democrat, Utah, urged a "renaissance" of the "spirit of state's rights" and "revival of the federal principle" in a speech tonight broadcast from the national radio forum sponsored by the Washington Star.

Labor Dispute Ends in Slaying of Ohio Youth

SPRINGFIELD, Ohio, July 13 (AP)—Frank Netter, 19, Dayton, was shot to death at Brant, 10 miles west of here on the Erie Vinton line, the scene, it is reported, of a strike by police against labor disputes in a Dayton factory.

Business Women in 1931 Will Meet in Virginia

MACKINAC ISLAND, Mich., July 13 (AP)—The Lewis Federation of Business and Professional Women's clubs will hold its 1931 biennial convention in Richmond, Virginia, this week.

ATORNEY WILL CARRY OUT PARTY-DAY AGREEMENT AT LAST RITES FOR MONTANAN

GREAT FALLS, July 13 (AP)—A verbal agreement typical of the pioneer days of Montana will be carried out Monday when John J. Slattery, Great Falls, veteran attorney and former United States district attorney, will deliver a eulogy at the funeral services for Jack Teal at Glasgow, Montana.

MURTAUGH GRANGERS HOLD TAX DISCUSSION

Oliver Johnson in Charge of Meeting; Organization Admits Two New Members

MURTAUGH, July 13.—Equalization of taxation was the subject discussed by members of Murtaugh Grange at the meeting held here Wednesday night.

Oliver Johnson, president, presided. Twelve grangers were present. Mr. and Mrs. Lloyd Davis were voted into the organization as new members.

Word has been received by Mrs. J. I. Johnson that Mr. and Mrs. Myral Clark, who left Murtaugh on their honeymoon trip June 18, spent July 3 and 4 in Prescott, Arizona.

Miss Mary Shrew and daughters, Irene, Sylvia and Corina of California are spending the summer months at the home of Mr. and Mrs. George Fischer.

Mr. and Mrs. L. L. Perkins, Dayton, were honored by their children and grandchildren at a reunion held at Artesian City Friday evening.

FARM EXPERTS WILL CONFER AT MOSCOW

Agronomists to Gather at Gem State University and Washington College

MOSCOW, July 13. (Special to The News)—Scientific workers whose labor seldom come to the attention of the public in spite of their vital importance to the continued farm prosperity of the West will have a full program before them at the fourteenth annual meeting of the Western Agronomists' association, July 15, 16 and 17, at the University of Idaho and Washington State college.

The majority of the delegates will be trained soil specialists, said Professor H. W. Hubert, head of the agronomy department of the University of Idaho college of agriculture, secretary of the organization. Included in the attendance will be representatives of the United States department of agriculture, experimental station workers, and commercial men interested in lines closely related to agronomy.

Factors which influence soil fertility, and the effect of different fertility gradations on the quality of crops, will be the principal subjects to be discussed. Talks on the weed situation in the west, and various methods of combating weeds, will also be of major importance on the program.

The delegates will be entertained by the Kiwanis club of both Moscow and Pullman and the Rotary club of Moscow at special dinner meetings. A trip has been planned to the Sandpoint meeting station for those interested. The meetings will be held alternately between the University of Idaho and Washington State colleges, and the presidents of both institutions will give addresses of welcome.

Filer Woman's Mother Returns To Aleutian Islands To Continue Work Among Natives of Northlands

Mrs. M. J. Wily, for the last seven years instructor in public schools at Ouzinkie, Aleutian Islands, left last evening for her home in the far North after a visit with her daughter, Mrs. H. W. Guntz, Filer, to prepare for a long winter term which begins in September.

For three months each year, after winter closes in Alaska, there are only two other periods from the United States on the island of Ouzinkie, Mrs. Wily, and our only means of getting information from the outside world is through the radio. In the summer there is a wireless station in operation.

Ouzinkie Island was the first part of the Western continent on which Russians made a settlement. This settlement was made in 1781, the same year that the United States and England signed the treaty of peace after the Revolutionary war.

The people are a mixed race of Russian and Indian blood, but the majority of these are of almost pure Russian blood while others are largely of the Indian race but they all call themselves Russians. The Indians are not Eskimos, but have very Oriental features.

Two Men Deny Guilt of Violation of 'Dry' Law

On arraignment before John E. Davies, United States commissioner, Saturday Fred Mangerson and W. H. Jenkins pleaded not guilty to charges of violation of the federal prohibition act, and were admitted to bond. The accused men were arrested Friday evening by police officers who reported that they had found a gallon of moonshine whiskey at the Mangerson residence and that whiskey had recently been poured out at the Jenkins residence.

Bring Small Returns "To think always of yourself," said Bill Ho, the sage of Chinatown, "usually means the application of great intelligence and the production of few, if any, beneficial results."—Washington Star.

BREVITIES

Go to Rupert - Miss Mary Inams went to Rupert last evening for a brief visit.

Here From St. Paul - Mrs. H. McGee St. Paul arrived yesterday to visit Mr. and Mrs. H. M. Lee and family.

At Lava Springs - S. H. Kayler and Burton E. Morse left yesterday to spend a week at Lava Hot Springs.

Visits Sister - Mrs. O. L. Gibbs left last evening for a two weeks' visit with her mother at Fort Smith, Arkansas.

Belans From Pocatello - Mr. and Mrs. J. H. Clay have returned from Pocatello where they visited their son, Irvin Clay and his family.

Jerome Folks Visit - Mrs. Lee Johnson and children of Jerome are spending a week at the home of Mrs. Johnson's mother, Mrs. Rebecca Washington.

You Know There Is NO BATTERY as GOOD as Exide

Now - They Cost No More! Kyle M. Waite Next to Post Office

Portland, who has been the guest of her son, J. D. Jagger and his family, returned to Pocatello last evening to visit there.

Kansas Folks Visit - Mr. and Mrs. Alford Peterson, Chanute, Kansas, arrived from California yesterday on their way home to visit Leonard Peterson and family.

Visits in Rupert - Mrs. Harry Stearns, friends here for the last two weeks, went to Rupert last evening to visit friends there.

Leaves For Home - Mrs. E. R. Busch, accompanied by her son Dewey, left last evening for her home after a month's visit with her grand-parents, Mr. and Mrs. J. M. Black.

Returns to Wyoming - Mrs. Martha Edley, Sheridan, Wyoming, who has been the guest of her daughter, Mrs. E. O. Cain, for the last three months, left for her home last evening.

Railroad Man Visits - E. E. Moberly, Pocatello, division engineer of the Oregon Short Line railroad, stopped in Twin Falls Friday evening while en route to Optie, to visit friends.

Returns to Yakima - Rev. W. A. Moore, former pastor of the Twin Falls Christian church, left Friday evening for his home in Yakima after a visit of about a week here.

Son Is Born - A son was born July 11 to Mr. and Mrs. Charles P. Smith, Long Beach, according to word received yesterday by Mr. and Mrs. H. O. Miller, parents of Mrs. Smith.

New Position - Leonard E. Aylant, employe of the Idaho Department store, who has been in charge of the Nye Coat company yards here.

Here From St. Louis - Mrs. C. F. Warner and Miss Ruby Warner, St. Louis, are guests at the home of Dr. Emma Grand, who will leave for Yellowstone park Tuesday on a two weeks' trip.

Power Superintendent Visits - Mr. and Mrs. B. B. King, Boise, spent Friday and Saturday here, guests at the home of Mr. and Mrs. J. D. Orr. Mr. King is general superintendent of the Idaho Power company.

Go to Boise - Miss Lucile Wolfe, here from the district court setting aside the judgment, and Miss Helen Wolfe, Jean Dinkelacker, and Miss Martha Farrar, Boise to Boise to spend week-end with Miss Colette A. Wolfe.

Will Remain Open - The Twin Falls French library will remain open from 9 P. M. until 5 P. M. Sundays during the summer months, instead of closing during the hot weather as has been the practice in past years.

On Visit to Reno - Mr. E. Dohling, manager for the Mountain States Telephone company here, was in Reno, Nev., Sunday, where he arrived last evening, will leave this morning on a four or five days' trip to Reno, Nevada, to visit a sister.

Guests of Parents - George B. Baker, Indianapolis, who has been the guest of his parents here since Thursday, will leave today for Portland, to which city he has been transferred by the New York Equitable insurance company of which he is agent.

Home From Funeral - Mrs. James Devery returned yesterday from Grand Island, Nebraska, where she attended the funeral of her brother, Edward C. Pitt, Wednesday. Mr. Pitt formerly lived here and was a graduate of the Twin Falls high school in 1921 class.

Here From California - Mrs. Clarence M. Booth and little daughter spent a part of Saturday in Twin Falls en route from Los Angeles to Fairfield, Mrs. Booth's former home. Booth returned here in the practice of law in Twin Falls for some years prior to moving to California some six or seven years ago.

Checks on Roads - W. D. Rihel, Salt Lake City, representative of the American Automobile association, was here last evening on his way back after having gone over the roads in Nevada from Salt Lake City to Wells. Roads in Nevada are not very good, while many roads are in poor condition, he stated.

Visit in Salt Lake City - H. D. Heath, Twin Falls police magistrate, with Mrs. Heath and his mother, returned to Salt Lake City resident, left Saturday on three or four days' visit to Salt Lake City. They will be accompanied on their return by Mrs. J. W. Bouten who has visited in Utah for several days.

Cars Collide - An automobile driven by Carl Lerman, Piler, collided with another machine driven by O. A. Craner, 227 Van Burn street, when Craner attempted to make a U-turn in front of the Lerman car at the intersection of Main avenue and Fifth street west last evening. A fender on the Lerman car was damaged.

Pleased With Twin Falls - Dr. and Mrs. W. R. West, Ruby, accompanied by their children, and Dr. and Mrs. J. M. West, Salt Lake City, accompanied by their children, left yesterday after a visit with Mr. and Mrs. W. E. Butler, Mrs. Butler is a sister of both Utah men. They had never visited Twin Falls before and expressed themselves as pleased with the country.

Commissioner Visits - George N. Carter, Boise, commissioner of reclamation, was in Twin Falls Friday on his way to Idaho Falls in connection with completion of his report on the condition of the Snake river where it is cutting away embankments in flood time in eastern Idaho. The legislature appropriated \$15,000 to care for the situation last winter. A survey has been finished.

Go to Conference - Rev. Tryn G. Wood, pastor of Ascension Episcopal church, will leave this evening accompanied by Melcher Friebe, for McDonald Point on Lake Couer d'Alene, where they will attend the summer conference of the Idaho district of the Episcopal church which opens July 17 for a 10-day session. A number of leaders of the church will attend, and several noted educators will speak.

Man in Fire - Burns - A man who will be offered at the annual sale in Piler August 7, this year, will be of unusual good quality; those of Twin Falls county being especially fine. It was stated yesterday afternoon by Mr. C. C. Clar, secretary of the Idaho Wood Growers' association, who has been making a tour of the state looking over conditions of the sheep industry in anticipation of the sale.

Jury Returns Verdict Of Suicide By Burning - CHICAGO, July 13 (AP) - A verdict of suicide by burning was returned today by the coroner's jury investigating the death of Theodore Hamel, 60, whose body was found in the furnace of his North Side apartment building last night. Police had suspected that Hamel had been killed and that his slayers had attempted to destroy the body, which was wrapped in burlap bags, soaked in some inflammable material and set on fire. Financial difficulties were looked upon by the jury as adequate motive for Hamel to take his life.

POLICE GUARD NEGRO DISTRICT IN NEBRASKA

Regular Forces Continue Vigilance Against Mob Formation in North Platte

NORTH PLATTE, Neb., July 13 (AP) - Special police guarded the negro district of this city tonight, while regular forces continued their vigilance against mob formations as the result of the slaying of a policeman today by a negro, whom officers sought to arrest.

All the negroes were ordered to leave town. They began their exit this afternoon on foot by horse and buggy, automobile and train. A mob formed at the house of Louis Solomon, 435 West 10th street, where they were retained in formation despite efforts of police to break it up.

The shooting grew out on an attempt by Green to arrest Solomon, who had previously been ordered to leave town. He was paying a \$100 fine on the Omaha Adm Miller, a negro, with whom he lived. He went to Omaha, but returned today after burning over approximately 3000 acres.

FIRE UNDER CONTROL - O'NEALS, Calif., July 13 (AP) - A stub-burn, grass and stubble fire on the Omaha Adm Miller, a negro, with whom he lived. He went to Omaha, but returned today after burning over approximately 3000 acres.

GERMANY ARRANGES TO PAY MORE DEBITS

Action Brings Belgium's Unconditional Approval of Reparation Agreement

BRUSSELS, July 13 (AP) - Belgium and Germany today settled the last outstanding problem hanging fire in the Young reparations plan when Belgium and German government representatives announced agreement had been reached on the long-pending question of German marks left in Belgium at the end of the war.

The agreement brought with it Belgium's unconditional approval of the Young plan, since the Belgian experts who signed the reparation agreement in Paris stipulated that they would accept it only if Germany made good in some way the worthless marks.

By the agreement signed today Germany must pay Belgium 37 annuities, the first to be paid March 31, 1920. These annuities will be identical in all respects with the annuities fixed by the Young plan.

The settlement is an absolute and independent one, Germany agreeing to pay those annuities even if a moratorium should intervene on the Young payments. It is the first time that Belgium has been satisfied with a settlement assuring Belgium a stable budget for the next 37 years and eliminating the "irritation" hanging the Belgian-German rapprochement.

The Belgian and German representatives also discussed the basis of an understanding for the return of confiscated German property in Belgium which had not yet been liquidated. Definite agreement on this was not reached today.

FIRE THREATENS TOWN - YREKA, Calif., July 13 (AP) - The old mining town of Fort Jones, 24 miles west of here, was threatened with destruction today when a forest fire approached it from four directions. One house was burned but it was believed the afternoon further danger had been averted.

Universal Post - Wherever you go you find important men who urge others to the indispensable things there is a necessity for doing. - T. W. Howes Monthly.

Chorus of 100 Persons In "The Desert Song"

The most remarkable chorus ever assembled for a musical production appeared in the Warner Brothers production, "The Desert Song."

With the possible exception of New York City, nowhere else but in Hollywood could such an array of singers be obtained for chorus work.

One hundred singers comprise the chorus of "The Desert Song," and were rehearsed for three weeks prior to the beginning of actual production of the picture by Ernest G. Oronoey.

The exceptional all-star cast of "The Desert Song" includes John Boles, Louise Fazenda, Caroleita King, Johnny Arthur, John Miljan, Myrna Loy, Marie Wells, Dick Fritz, Edwin Max, Martindel, Otto Hoffman, Robert E. Guzman, Del Elliott and many others, and was produced under the direction of Roy Del Ruth.

Remodel Store at Burley

BURLEY, July 13.—Special to The News.—Wenlock men have completed the remodeling of their store on Overland avenue and built an addition at the rear. This firm is closing out some lines carried and will confine their operations to furniture and house furnishings.

EXEMPTION CLAIMS SLOW IN APPEARING

County Commissioners, With One Week for Hear- ing, Explain New Law

Twin Falls county commissioners will conclude next Monday their review of exemption claims for tax reduction on a board of equalization for considering claims for readjustment of real and personal property tax assessments, but they will remain in session one week longer to receive and act upon claims of widows and soldiers of the Civil war and Spanish-American war for tax exemptions.

"A mistaken idea seems to be held by some persons that the signing of a slip of exemption given by the assessor at the time the assessment was made is equivalent to presenting a claim for tax exemption," M. C. Ware, member of the board, stated last evening.

"That is not the case. The state legislature at the last session passed a law requiring every applicant for tax exemption to appear before the commissioners, either in person or by an agent, to present his claim on or before the third Monday of July. There are no exceptions to this requirement, and persons who fail to make their appearance will have to pay this year's taxes."

Out of a list of 287 persons who heretofore have been granted tax exemptions, 70 have not yet presented their claims under terms of the new law, the commissioners' records showed last evening. There have been 170 claims approved and 67 denied by the commissioners during the past three weeks.

Valuations placed by the assessor upon real and personal property this year seem to be generally satisfactory, the commissioners stated, since virtually no claims for readjustment have been made during the commissioners' session as a board of equalization.

"I wanted to wear my handkerchief again today, but Mama was 'bruder' when I forgot which leg to limp on."

250 LATTER-DAY SAINTS OFFICERS AT CONFERENCE

About 250 ward and stake officers of the Twin Falls stake of the Latter Day Saints church met at the tabernacle here last evening in the regular quarterly stake conference. The session covered various business matters in connection with the church.

There will be meetings at 10 A. M. and 7 P. M. today. The evening one of P. M. the Mutual Improvement Association will put on a program. President Lawrence G. Kirkman will deliver the principal address of the evening on the subject, "God a Personal Being." The slogan for the year will be presented by Miss Lucille Swenson.

The following musical program will be given at the evening meeting: Vocal solo, Vernon Thurmond; piano solo, Miss Norma Queen; duet, Miss Thelma Fredrick and Miss Dora Dixon; selection by quartette from Murtugau.

TWO MEN ESTABLISHING BUHL RABBIT FUR FARM

BUHL, July 13—C. E. Burkey and Frank Reeves are establishing a rabbit fur farm on the acreage owned by Mr. Reeves near Buhl. Mr. Burkey has been in the rabbit business since 1926. His company, Walla Walla, Washington, for the last several years is optimistic over the future in rabbit raising in this section.

Mrs. Virginia Hulp, Bickford, is the guest of her aunt, Mrs. A. B. Richards, a child and family nurse, under the auspices of the Twin Falls county health unit, will be conducted in the Deep Creek schoolhouse July 17 beginning at 9 A. M. for children of the Deep Creek and Sunnyside districts. Mrs. Neta E. Larson is the registrar.

Funeral services were held here Thursday afternoon from the family residence of Frank Dolana, who died at a Twin Falls hospital Tuesday, following an illness of several weeks. Decedent had resided on a farm southwest of Buhl for the last 20 years. Mr. Dolana is survived by his widow, two sons, Joseph Dolana, Buhl, and Fred Dolana, Buhl, and two daughters, Mrs. Duke Cheney, Twin Falls; and Beulah Dolana, Buhl. Services were under the auspices of the Twin Falls society and burial was in the Buhl cemetery.

Mr. and Mrs. W. H. Baxter, Grandview, Idaho, are guests of Mr. and Mrs. Jack Campbell.

Miss Lois McGuire, Great Falls, Montana, is the guest of her parents and brother for three weeks. Decedent is taking nurses' training in a Great Falls hospital.

Mrs. John Bonner and two children, Bonnie and Junior, are spending two weeks at Ketchum.

Legion to Make Plans For Al Faussett's Ride

American Legion members, at a meeting in the probation court rooms here at 8 P. M. Tuesday, will work out plans for handling traffic and collecting admission charge for Al Faussett's ride over Shoshone falls in a canoe next July 28. The Legion is to share in the receipts, turning its share into its memorial building fund.

Reports of the Legion's activities in connection with Twin Falls Fourth of July celebration also are to be submitted at this meeting.

A weekly luncheon meeting of Legion members will be held at Wray's cafe Tuesday noon.

SUES TO CANCEL NOTE

Charles R. Stevens, Los Angeles, has filed suit in the probate court here against J. W. P. Glasgow for cancellation of the contract under which Glasgow took to purchase residence property on Elizabeth boulevard owned by Stevens. Glasgow, according to the complaint, has failed to make payments under the contract and some time ago abandoned the property. The suit was brought through C. A. Bailey, attorney.

ANNOUNCEMENTS

Members of the Business and Professional Women's Club will meet in the club rooms Monday at 6:30 P. M. before leaving for the W. W. Powell home near Berger where a picnic supper will be held.

FUNERALS

TIFFANY—Funeral services for Mrs. Edith Tiffany will be held in the latter Day Saints tabernacle at 3 P. M. Monday.

DAUGHTER WIVES MONEY FOR SENIOR MAN'S BURIAL

The body of Jack Lemmon, shepherd who was shot and killed here last Thursday evening, probably will be buried Tuesday at the home of his wife, Ida May Lemmon, in the cemetery at Weiser, F. E. Drake, county coroner, stated last evening.

During the day, the coroner received from Mrs. Carrie Barton, Oakland, California, a telegraphed money order for \$10 and toward the center of town, where he actually did land on the street, missing high tension wires by only a few feet, when he made one of his sensational delayed opening drops at Lewiston last Fourth of July.

Whittier is in Twin Falls now to leap his parachute from an airplane at Twin Falls airport this afternoon.

At Lewiston he made a drop of 1000 feet, falling in a tailspin, before opening his parachute, that opened so suddenly and with such force as to dislocate vertebrae—in his neck.

On the following day he made a leap from 2000 feet altitude, falling 1500 feet before opening his chute—and landed safely nearby.

Parachute Leap From Plane Full of Thrills

A ground wind carried Howard Whittier, parachute jumper, away from a wheat field where he had intended to land and toward the center of town, where he actually did land on the street, missing high tension wires by only a few feet, when he made one of his sensational delayed opening drops at Lewiston last Fourth of July.

Whittier is in Twin Falls now to leap his parachute from an airplane at Twin Falls airport this afternoon.

At Lewiston he made a drop of 1000 feet, falling in a tailspin, before opening his parachute, that opened so suddenly and with such force as to dislocate vertebrae—in his neck.

On the following day he made a leap from 2000 feet altitude, falling 1500 feet before opening his chute—and landed safely nearby.

LUTHERANS PREPARE FOR DEDICATORY CEREMONIES

Everything is ready for the dedicatory ceremonies at the new home of the Lutheran church at the corner of Second avenue and Second street, south, which begins at 10:30 A. M. today. At this, the principal service, the sermon will be delivered by Dr. E. Brandt, Portland, head of the department of ancient languages at Concordia college.

At 2:30 P. M. the service will include a sermon by the Twin Falls pastor, Rev. Martin H. Ziegel on "The Building of the Church." In the evening Dr. Brandt will again speak and will report on the proceedings of the triennial convention of the Missouri synod of the Lutheran church at River Forest, Illinois, this week.

Excellent musical program will be features of the services which is expected to be attended by nearly 1000 members of the Lutheran churches in southern Idaho.

Uncover Gold Ore in Eastern Oregon Mine

Gold ore ranging in value from \$50 to \$400 per ton has been uncovered recently at a depth of 20 feet in the Duckhorn Gold Mining company's property in the Blue Mountain district of eastern Oregon, according to F. S. Hill, president of the company, who is a former resident of Twin Falls. Survey in determining the extent of the ore body is in charge of Paul S. A. Bickel, engineer in Twin Falls and Remond Harting, both Twin Falls engineers. H. R. Rice, former chief geologist, is in charge of operations at the mine.

Parachute Jump and Stunt Flights

Howard Whittier will fall 1000 feet before opening his parachute from an altitude of 3000 feet.

Passenger Rides Everybody Come

Presbyterians Return From Camp at Bellevue

Sixteen Presbyterians who attended the Bellevue summer conference for the last 10 days returned at 1 P. M. Sunday morning for a weekend meeting. A number of visitors from Twin Falls called at the conference from time to time. It was stated last night by the Rev. Arthur G. Pearson, pastor of the First Presbyterian church here, "There were about 125 in attendance at the conference."

Pearson said the Presbyterians won the field meet over the Methodist and Baptist; he said, the Methodist singing second.

Pearson said that among the principal speakers at the conference, Dr. Ralph C. Hutchingson, dean of the American college at Bellevue, was an outstanding figure, and he was pleased to be able to secure him to occupy the pulpit here today at the regular morning service.

PLANTS TO PACK 600 BARRELS OF CHERRIES

Two Companies Operating in Twin Falls to Store Product to Go West Later

Approximately 600 barrels of sun cherries will be estimated, be cold-packed by the two companies established here for that purpose this year, both operating with modern machinery. The H. W. Jacobs plant operates in the C. L. DeLong building, at the corner of Fifth avenue and Second street east, and the Intermountain Produce company in the old dehydrating plant on Wall street.

Most of the cherries in the Snake river canyon have been cold-packed by the two companies and for the last day or two the run has been slow pending the greater activity which will begin next week when the ripened cherries are abundantly ripe. Only the ripest cherries are used.

The fruit is cooled in large tubs or vats for 24 hours and then run through the machinery which drains off the water and punches out the cherry pits. The contents of each barrel weigh 50 pounds, of which 30 is furnished by the cherries and 20 pounds by the sugar. After they are packed, they are placed in the cold storage plant of the Twin Falls Feed and Ice company where they will remain until late summer or fall, when they will be shipped to Pacific coast points.

The cherry crop this year is large and the fruit of excellent quality. No early cherries are cold packed as they usually ripen too early and will not keep to be stored. The estimate of the crop in barrels includes the fruit which will be cold packed in smaller containers.

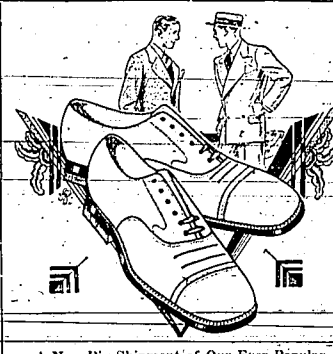

Four Marriage Licenses In Day Set New Record

A new record for the year was set for the marriage license counter at the office of the county recorder here Saturday when four licenses were issued. The applicants were John C. Wainale and Dove White, both of Rogerson; William Smith and Bernice J. Harting, both of Twin Falls; Robert Bassford and Florence Kennedy, both of Filley; Lloyd Haynes and Vera Winn, both of Twin Falls.

Calendar for Sports World Shows Quiet Period Ahead

Bout for Title and World Series Only Promising Contests

After Week of Events in Which Four Champs Fall and Ring Favorite Loses Follows Summer's Rest

By GLENN ALLAN (Associated Press Sports Writer) NEW YORK, July 13.—The summer sports season is here, promising a rest for the sports followers after a hectic month of June. The calendar is bare of excitement except for the prospect of a heavyweight championship fight in September and the possibility of a world series month later. A brace of minor fights, fills the interludes. The last week of June set a new record for track and field sports pugna. No less than four champions were dethroned and a ring favorite beaten.

Columbia rowed splendidly to an almost unexpected victory in the Poughkeepsie regatta, an event which set a new time record for the 2000-yard race. The race was rowed after dark and in water so rough that four of the nine boats sank.

At Astock, Florida golfer, won the intercollegiate state golf, defeating a strong field which included Maurice Marbury, "champion" champion, the Atlanta amateur succeeded Johnny Farrell as open champion. Max Schmeling trounced Paulino Uzcudun when the odds favored the Spaniard and likely will fight Jack Sharkey for the championship in September.

At Madison, Wis., the national open meet in July as Joe Jocko and Joe Dundee, both for titles. The sudden rise of the Athletics continued in June—the final days of the month widening the distance between the Mackmen and the Yankees. The Giants are bringing no participation to New Yorkers and Pittsburgh and Chicago seem to have the National League well in hand.

At no time since the world war, has the heavyweight kingdom been so lacking in outstanding material. With Max Schmeling battling his deposed champion, the New York state athletic commission and threatening to retire immediately to the homeland, the only real card developed during the summer is a bumper crop of contenders for the summer at last.

A year ago there were Tom Heenan, Paulino Uzcudun, Jack Sharkey, Jack Dempsey, Knute Hanson, Jimmy McInerney, C. O. Christner and Otto Von Popov.

AROUND THE RING

By EDWARD J. NEIL (Associated Press Sports Writer) NEW YORK, July 13.—The smaller divisions haven't seen for several years a leading figure in the ring than Panama Al Brown, new boss of the bantamweights—a better fighter. The tall thin negro from Panama, a grotesque assemblage of pipe stem arms and legs that weigh but 115 pounds and every contender in the western hemisphere who could make the class limit. The New York state athletic commission has named him defending champion in a class that has lacked a ruler since Charley Phil Rosenberg retired three years ago. The National Boxing association once named him their champion. All that remains in the path of Brown's bright career is the best team king in one lone cauliflower outfit in Great Britain. The black spider has yet to whip Teddy Baldie, young Englishman, who made a sensational pilgrimage to America two years ago and then returned to London and home.

Brown and his New England manager, Dave Luminaky, take a rather revealing glimpse at the complicated backstage situation. "Give us plenty of fights and purses and the little problem will be solved," Brown says. "If I lose the championship, it will be nice but it won't pay any mortgages on the home in Yorkers."

Brown has made an exhaustive survey and analysis of the foreign bantamweight crop, usually of close range and little of the modern type. He will whip the Italian champion, Bernasconi, in Milan, cleaned up the French champion, and broke into baseball from the scullery where French, Spanish, and Italian knockouts were beaten.

New faces appeared on the sports calendar after the round of June championships. Miss Gladman won the first women's intercollegiate tennis meet, Bell took the men's and Davenport captured the winning Columbia shell.

TURF MEN REJOICING IN NEW COLTS FOLLOWING SEASON OF POOR ONES

LOUISVILLE, Ky., July 13 (AP)—This year's crop of three-year-olds and geldings has been a keen disappointment in turf circles, but there is encouragement in the optimistic outlook of the two-year-olds. Even the showing of Blue Larkspur, one of the best in the class of three's, has not kept some turf writers from calling the crop the most mediocre lot in years. Blue Larkspur, who came in fourth in the Kentucky derby, after falling as the winter look favorite, later won the Belmont stakes. The derby was run felloped deep in mud.

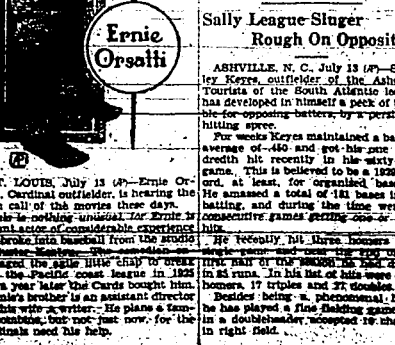

But there are those who say that there are at least two fillies who probably could beat most of the colts and geldings this season—Rose of Sharnon, who won the Kentucky Oaks and the Illinois Oaks, is named as the class of the fillies, with The Current, which won the Pimlico Oaks and the attention of the East; is ranked next—Rose of Sharnon is favored because of her defeat of the Kentucky Oaks. Some three-year-olds may yet make a form.

At no time since the world war, has the heavyweight kingdom been so lacking in outstanding material. With Max Schmeling battling his deposed champion, the New York state athletic commission and threatening to retire immediately to the homeland, the only real card developed during the summer is a bumper crop of contenders for the summer at last.

A year ago there were Tom Heenan, Paulino Uzcudun, Jack Sharkey, Jack Dempsey, Knute Hanson, Jimmy McInerney, C. O. Christner and Otto Von Popov.

Movies Call Ernie

ST. LOUIS, July 13 (AP)—Ernie Orsatti, Cardinal outfielder, is hearing the call of the movies these days. This is nothing unusual. Mr. Orsatti is a stunt actor of considerable experience and broke into baseball from the scullery where French, Spanish, and Italian knockouts were beaten. He was in the Pacific coast league in 1925 and a year later Cardinals bought him. Orsatti's brother is an assistant director and his wife a writer. He plans a temporary vacation, but not just now. For the Cardinals need his help.

Sports Gain Wide Popularity Among People of Russia

Revolution Produces Great Change in Entertainment; of All Games Football Wins Largest Following

(By The Associated Press) MOSCOW, July 13.—Sports are gaining in popularity in Russia, as elsewhere on the continent of Europe. Before the revolution, except for the simple games of the village, only the aristocrats and the wealthy bourgeois who had traveled in the west, had the inclination of the money to indulge in sports. Now nearly every large factory has its football team, every town its marked field with goal posts, the newspapers have their sport columns and the big cities their great concrete stadiums.

Of all the games brought in from the west, football is the most widely played and followed. A match between Leningrad and Moscow will draw 30,000 spectators, and one between a northern city or province and a Kiev or Ukrainian team quite as many.

Big Stadium Opens The big field that Moscow long has enjoyed, which seats 20,000, has proved inadequate. Only a few months ago a great concrete stadium, to hold 100,000 spectators or more, was opened a few hundred yards away.

At the track, there are races almost all the year, even when snow and ice cover the ground. Trotting races are the most popular events. The stables are owned by the government, or by big unions or cooperatives. Betting is by pari-mutuel.

Baseball is growing in Russia, though not so rapidly as football. Tennis has almost disappeared with the departure of the kind of people who played it before the revolution. Golf is unknown, though vast sprawling Russia will have no trouble finding room for courses if once the winter comes and the winter there are skating, skiing and other ice and snow sports.

"Gorodki" Popular The most popular games with small groups in the country, and even on the city streets or backyards, is a sort of volley ball and "gorodki." The latter consists of a ball of cork, or of five or six in number, in some sort of a cluster in a square marked on the ground, and then trying to scatter them outside the marked space by hurling a heavy stick at them.

Along with sports, the government tries to encourage bathing, of which many million Russians are ignorant. Posters and pictures in vivid colors cry out the benefits of taking a bath once a week. There are few private tubs and not many bath-houses. What bath-houses there are have a steady affair of customers outside their street hawkers sell soap and towels and the straw that, used in bundles, serves the Russian as washing or sponge. Each man is given a tin washbowl of boiling hot water, and some times there are showers. But not often.

Golfers at Westbury, Long Island, are attempting to enjoy a nearby island field because of planes landing on the course.

Long Drives of Golf Open Sound Knell of Old Ball

The hard hitters of golf who took liberties with the 700-yard Winged Foot course settled the fate of the heavy ball. Above is a section of course and the gallery which saw the long driving Bobby Jones (inset) win his third title.

(By GLENN ALLAN (Associated Press Sports Writer) MAMARONECK, N. Y., July 13.—Golf's bullet ball will go to the gallery the unannounced.

A tremendous howl went up when the United States Golf association announced that the light ball would be required after January 1, 1931. But even the gallery differs may have been convinced by the liberties the players took with the heavy balls on the Winged Foot course.

There was a championship layout, measuring almost 7000 yards and held by the players to be second only to Oakmont. Par was 72—a bomb-crushing 72-rific wall-pops.

An announcement of the lighter ball created a furor of sorts but the play of the open contestants should go far toward ending all that. Courses cannot be expected to have any more long great emphasis on exceeding hardness, but privacy is already in place on the distant fair-grounds of the Winged Foot and other courses.

The players themselves appeared to favor the lighter ball. The idea was that one could hit the new ball, that it sat off with Al Epiphona, Chicago, is one of golf's biggest hitters. Epiphona is an admirable disciplinarian around the green. And it may restore par to its former standing.

50,000 Fans See Blue Larkspur Triumph in Classic

Live Oak Second in Greatest Field of Calibre in Decade

Race Over Mile and One-Quarter Course Run Over Heavy, Difficult Track in Slow Time of 2:14 1-5

By CHARLES W. DUNNLEY (Associated Press Sports Writer)
CHICAGO, July 13.—Blue Larkspur, Colonel E. R. Bradley's great colt, the son of Black Servant-Blossom Time, reigns supreme as three-year-old champion of the American turf.

With 50,000 spectators cheering him to victory, this beautifully sleeked thoroughbred won the \$60,000 American classic at Arlington park, defeating the greatest field of three-year-olds in the history of the sport.

Blue Larkspur won by five lengths, with Live Oak, a son of Master Star, second. H. T. Gardner's Clyde Van Dusen, the son of Man o' War which triumphed in the Kentucky derby, was third, three lengths back.

Beaten in the rain and slip in the Kentucky derby, Blue Larkspur later triumphed in the Withers at Belmont, stake, two major events of the East.

Los Angeles Tennis Star Wins Oregon Championship
PORTLAND, July 13 (AP)—Kurt Bendis, Los Angeles, today won the Oregon tennis singles championship in the final match here against Ray Casey, San Francisco.

AMERICAN WIN
CAMBRIDGE, Mass., July 13 (AP)—Three members of the Harvard-Yale track team amazed even themselves here today as the American collegians overcame the Oxford-Cambridge team eight and a half events to three and a half in the ninth race of the international meet which dates back 30 years.

ADAMS WINS RACE
MAHLEHEAD, Mass., July 13 (AP)—Clairius Francis Adams, secretary of the navy, brought his craft "The Bat" home a winner in the 43-race class in the championship races of the Eastern Yacht club today.

Oregon Contestant
PORTLAND, July 13 (AP)—Three members of the Harvard-Yale track team amazed even themselves here today as the American collegians overcame the Oxford-Cambridge team eight and a half events to three and a half in the ninth race of the international meet which dates back 30 years.

New York Champion

MORTIMER JAFFEE

NEW YORK, July 13 (AP)—Experts are predicting things for Mortimer Jaffee, 23-year-old sophomore who won the municipal golf championship from a strong field.

The stocky youngster has missed no opportunity to see Bobby Jones in action and has developed a style which is a close approach to the flawless rhythm of the Atlanta crack.

Horse Racing Resumes On Course in Montana

BUTTE, July 13 (AP)—Butte became the racing center of Montana today when horse racing, absent since 1914, was revived with the running of seven races at Starus Daly park.

Fans from many parts of the Northwest filled the park to witness the initial lowering of the barrier. The meet is being held under the auspices of the Montana Racing and Breeders' association, which has brought ponies here from the Midwest and Pacific and from Mexico, Canada and Cuba.

Major League Empire Hears Call of Death

PHILADELPHIA, July 13 (AP)—Edward J. Conahan, major league baseball umpire many years ago died today in a hospital at Ridley Park, near here, after an operation. Conahan, who was resident in Chester, Pennsylvania, had spent more than 30 years as an umpire.

Yankees Win Twice From Chicago Club To Gain On Leaders

New York Team Takes Opening Contest by 4-to-2 Score and Triumphs in Last, 6-5 in 14 Innings

(By The Associated Press)
CHICAGO, July 13.—The Yankees took both ends of a double-header from the White Sox here today by a 4 to 2 over the visitors in the opener and by 6 to 5 in 14 innings in the nightcap. The double victory enables the Yankees to slip one full game from the lead of the Athletics.

The Yankees won the second game in the fourth-inning when Gehrig's double and Smith's home run tied the score. In the tenth inning Gehrig's home run in the 14th inning.

Lefty O'Doul Quits Pitching Mound and Wins Fame Slugging

Former Hurler Now Heavy-Hitting Outfielder For Philadelphia Nationals After Series of Moves

(By The Associated Press)
NEW YORK, July 13.—Add the name of Lefty O'Doul, slug-

FRANK O'DOUL, hitting outfielder for the Phillies, is that rather rare group of

players who have forsaken the pitcher's box and followed the diamond pursuits with unusual success.

O'Doul by virtue of his sensational work with the Phils this season deserves to be ranked with Babe Ruth, George Sisler and Sam Rice, all of whom came to big-time as hurlers only to quit the diamond for regular play because of their ability to put the ball into the outfield.

Ruth and Sisler were two clever hitters, although their pitching performance has been more or less forgotten. Sisler while a student at Michigan was one of the premier hurlers in collegiate circles.

Rice hurried a few games after joining the Washington club back in 1913, but the story has it that after taking a terrible beating in one contest he quit the hurling pastime for good.

O'Doul started his pitching career with San Francisco in 1917. Two years later he was sold to the Yankees only to return to the Pacific coast in 1921. In 1922 he was with the Red Sox, but was released to Salt Lake City the following summer.

It was while with Salt Lake City in 1923 that O'Doul decided to give up pitching for the daily work of changing files in the office. He proved an unusual success, batting .375 in 188 games. Then the Cubs bought him only to turn him over to Hollywood, where he hit .336 in 189 hits. The next season found him with San Francisco again, hanging up a mark of .278 in 189 games.

In 1928 the Giants bought O'Doul, and in 1929 he went to the Pacific coast in 1929. Last fall he was traded to the Phillies with a bunch of cash for Fred Ketch. This year he got off to a great start and has been hitting the ball consistently ever since, being right up with the leaders in the National league.

ALL IN THE FAMILY
NEW YORK (AP)—What is said to be the first brother and sister golf tournament has been planned for the metropolitan district. Several string teams are registered in this section and a class series of matches is expected.

Peter Jackson, colored heavyweight, never had a chance at the title but once fought Jim Corbett a 31-round battle.

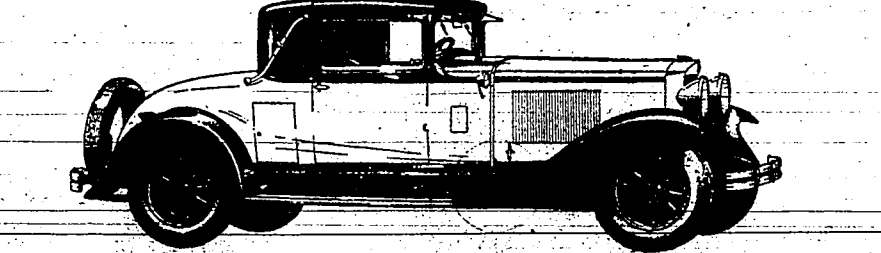

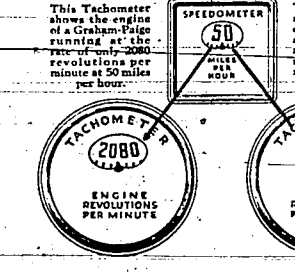

Try the Tachometer Test

See Why 50 Miles an Hour Seems Like 38—With the Graham-Paige Four Speed Transmission

Joseph B. Graham
Robert C. Graham
Ray A. Graham

A GRAHAM-PAIGE specially equipped with a Tachometer is ready for you to drive. This instrument enables you to see why you enjoy such quiet smoothness in fourth (direct drive), why you are so relaxed at the end of a long, hard drive, why wear on moving parts is lessened and car life lengthened. Then try third for swift, silent acceleration in traffic and up steep hills—and for a new and safer control of your car. Only by driving a Graham-Paige with four speeds forward can you realize the new enjoyment that two quiet high speeds bring to motoring.

Throng Cheers as Canadian Flash Passes Negro

Percy Williams of Vancouver Streaks to Triumph Dash

Olympic Sprint Champion and Idol of Land Wins 100-Yard Dash in 1-5 Second More-Than-Record

By FRANK G. GORRIE (Associated Press Staff Writer) VANCOUVER, British Columbia, July 13—The crack "Canadian Special" conquered the American "Midnight Express" today. Twenty thousand persons, the largest crowd ever to witness a track meet in western Canada, cheered Percy Williams, Olympic sprint champion, and Canadian idol, break the tape for the 100-yard event of the British Columbia mid-summer athletic carnival, just 2 inches ahead of Eddie Tolan, negro flash of the University of Michigan. The winning time was 04 seconds, 1-5 of a second slower than the world's official record.

Accomplishing the feat, the 33-year-old, dark-haired youth of Vancouver sprained a muscle in the groin, but it was not considered serious. Frank Wykoff, the Los Angeles Athletic club "schoolboy" captained the race after setting the pace for the first 50 yards. They tore into the tape almost together, and the places were announced only after a judge's conference.

DUMB BELLS

Stars Win to Rise To First Position

Seattle Goes Down to Defeat Twice in Twin Bill On Los Angeles Diamond

LOS ANGELES, July 13 (AP)—Hollywood continued its rout of the Seattle Indians today, taking a double-header, 11 to 6, and 8 to 5. The double victory made it six straight for the Stars and they moved into first place as the Seals were defeated by Oakland.

The second game was one of the postponed games of the first half of the season, and did not register for the Stars in the league standings.

In the first tray, Seattle got off to a four-run lead at the expense of John, but was held in check by Joe Marty, while Carille, Wink and Knothe hit home runs.

The Stars ended the second game in the third by scoring six times, Heath bringing in three runs with a homer with two on bases to climax the Hollywood rally.

PORTLAND 5, MISSIONS 7 SAN FRANCISCO, July 13 (AP)—Portland today broke the San Francisco Missions winning streak. The score was 5 to 7. Huff and Slade hit homers for the Missions, but the home team trailed until the seventh when the score was tied. Portland scored the winning run in the last inning.

OLAKS 7, SEALS 4 OAKLAND, July 13 (AP)—Oakland ended a losing streak by jumping Elmer Jacobs of the San Francisco Seals for a 7-to-4 triumph. The Oaks made their first run in the first two innings. After that Jacobs pitched steady ball, Lou McEvoy allowed 10 hits but kept them well scattered.

Captain Matthew Webb of England swam the English Channel in 1926, required 22 hours for the 20-mile swim.

Chicago Cubs Take Three Out of Five By Beating Giants

Hack Wilson Receives Gift of Boxing Mitts From Gazy Before 25,000 Fans

NEW YORK, July 13—The Cubs made it three out of five from the Giants by defeating the home team, 4 to 0, here today by Chicago Cubs manager. He gave the kid Hack Wilson a gift of boxing mitts from Gazy.

Before the game, Hack Wilson received a gift of a traveling bag and a set of boxing mitts from Gazy. The gift was presented by Gazy, the night promoter, and Doc Bailey, the manager of the Giants. The gift was presented to Wilson before the game.

Don Moe Victor in Golf Competition

Gilbert Carter, Missouri Star, Loses Match Upon Failure to Recover Ball

KANSAS CITY, July 13 (AP)—Don Moe, smiling University of Oregon sophomore from the Alderwood Country Club, Portland today won the thirteenth annual western amateur golf championship, defeating Gilbert Carter of Missouri, on the thirty-seventh hole, one up.

Carter, golf capt in the University of Missouri, lost the match because of a lost ball after a gallant uphill fight which brought him all square with Moe at the thirty-sixth hole after he had been seven down at the start of the afternoon 18-hole round.

Rumor Has Hendricks As Owner of Indians

INDIANAPOLIS, July 13 (AP)—There has been busy disposing of the Indianapolis American association team since the tragic death of James A. Perry, the owner, killed in an airplane crash. The old dame has had Jack Hendricks, manager of the Cincinnati Reds, organizing a syndicate to buy the club.

The Indians were "Jim" Perry's pet. He loved a winner, and as soon as he secured the team in 1925 he started out to build a winner. In 1925 his team won the association pennant and then trounced Rochester of the International League for the "little world championship." Despite that, the club lost \$100,000 during the year.

Whether you need a Stool, a Tent, or a Complete Camping Outfit You can SAVE at "Western Auto"

Sands of Waikiki Call World's Best Women Swimmers to Outdoor Championships

Mermaids From Six Countries Will Vie For Aquatic Titles

Fair Athletes to Compete in Memorial Natatorium On Famous Beach; Union Bars Two American Aces

(By The Associated Press)
 HONOLULU, July 13.—The shining sands of Waikiki are calling the mermaids of the world and there will be an answer August 7 when the women's national outdoor championships begin.

Swimmers from a half-dozen countries will compete in the beautiful war memorial natatorium for all national outdoor titles. This pool, which is on Waikiki beach, is the most emptied by the tides of the Pacific and is considered one of the most complete in the world.

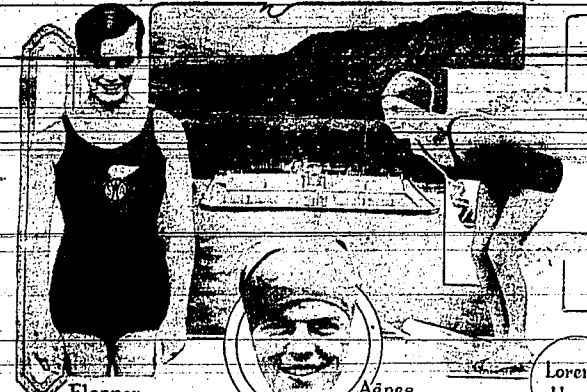

The Hawaiian Islands are without an outstanding challenger in any of the events, but a determined team of island holdovers will endeavor to wrest from the United States some of the titles won by mainland swimmers.

Two Stars Barred

Martha Norcross and Helen Meany, two of the leading representatives of the mainland and holders of a triple-union having barred them from amateur competition. But the majority of the team will be composed of swimmers who have not competed here before.

Two Stars Barred

Martha Norcross and Helen Meany, two of the leading representatives of the mainland and holders of a triple-union having barred them from amateur competition. But the majority of the team will be composed of swimmers who have not competed here before.

Eleanor Holm, Agnes Goraghty, Lorena Hines

Mermaids of six countries will enter the national swimming championships at Honolulu natatorium (above) August 7-9. Leading contestants include Miss Hines of Hawaii and two American champions, Misses Holm and Goraghty.

Japanese Baseball Team Will Tour Pacific Coast

KOBE, Japan, July 13 (AP)—The champion preparatory school baseball team Japan is preparing for a tour of the American Pacific coast.

This is the team of the First Shinko commercial school or "Kobe" which won the championship in the all-Japan secondary school tournament conducted this spring under the auspices of the Osaka Mainichi, one of Japan's largest newspapers. The trip was the prize offered the winner.

The team will sail from Kobe in July, landing in Vancouver and traveling by stage during the coast, to Los Angeles. A few games may be played en route, although it is known that the baseball season for American high schools will have ended by that time.

The final games of the secondary school championships held each spring and autumn at the great Koubin stadium near Osaka, draw greater crowds than any other sporting event in Japan, the attendance frequently reaching 80,000.

Onslow Claims Payment Of "Most Unusual" Fine

DALLAS, July 13 (AP)—Jack Onslow, major-league pitcher, who caught for the Dallas Giants 20 years ago, claims to have been the victim of the most unusual fine ever assessed on a player.

Jack was the Giants' only catcher in the season of 1909, and he worked the first 137 games of a 142-game schedule without a break. In the one hundred and thirty-eighth game he lost his left hand to a finger and went home to the bench.

Onslow was fined \$10 for not keeping in condition.

"And it was a lot of money in those days when I was getting \$123 a month," the ex-catcher muses.

Quaker City All Set For World's Series

PHILADELPHIA, July 13.—Baseball fans after its inevitable habit already, leading the pennant to the Athletics and now is conserving itself with arranging the world's series.

The Athletics will park their team, full of men with checks and money orders for choice seats in October, and the moose are faced with the responsibility of resting them and turning down applications. Their announcement is:

The pennant is not won. The ticket sale and prices are exclusively in the hands of Commissioner K. M. Landis. No applications for tickets for the world's series at Shibe park can be accepted.

The world series fight has been decided in two straight games, in 1914 and 1928.

The leading steep-plate rider in the east is not a professional but a "gentleman jockey," O. H. Bostwick.

Indians of the southwest catch trout with a horse-hair loop dangled patiently until a fish swims within.

Texas is fast rivaling California as a producer of tennis stars. Berkeley Bell, intercollegiate ace, is from the Lone Star state.

Three-Year Periods Split Jones' Titles

MAMARONECK, N. Y., July 13.—Bobby Jones is the Harry Helmsman of golf.

Just as the National leaguer has led the cohorts in hitting at the plate for three years, so the Atlanta barrier has collected his three open championships.

Jones' history goes a bit farther. He played in three championships before he defeated Bobby Cruikshank at Columbus. Three years passed and he was rewarded again in 1926. Now comes the final victory.

Incidentally Bobby played in the amateur seven years before winning his first. He has been in four playoffs for the open title, winning two and losing two.

Tarheel Grid Star to Coach Florida Eleven

WINTER PARK, Fla., July 13 (AP)—The alligator state has called one of its gridiron heroes back home.

Jack McDowell, who was something of a wizard as a high school athlete, and won wider attention in his college days at North Carolina State, is to become athletic director at Rollins college here. Last year he coached Asheville, North Carolina, high school, where his grid teams lost but two games.

At North Carolina State Jack eleven letters in four sports and achieved all-southern honors.

Hazen-Cuyler Out For New Stolen-Base Mark

CHICAGO, July 13 (AP)—Hazen Cuyler, that triple-threat star of the Cubs, is pulling away from the field again in the stolen base business.

He picked up 21 steals in his first 55 games. "This gives 'Kitt' two-thirds of the season to go in his dash to beat his own championship mark of 37 set for the majors last year.

In addition, the versatile Hazen has hit around 250 and has been whipping those little pegs in from the outfield to shoot down many of the boys trying for extra bases on hits into his territory.

School For Coaches at Pennsylvania College

STATE COLLEGE, Pa., July 13 (AP)—A summer school for football and basketball coaching will form a part of the summer session at Penn state college this year.

Hugo Berdick, head football coach, will direct the course with Bog Higgins as assistant. Kenneth D. Loeffler will train the basketball mentors.

Natives of Mexico gamble by putting jumping beans in the sun and paying off on the one which jumps first.

Attitude at Beaumont Park Makes Big Increase

BEAUMONT, Texas, July 13 (AP)—When the Texas league season was four months past, more paid admissions had been registered at Beaumont's park than during the entire 1928 season.

For the first time in years the city has had an entry that is not resting in the basement.

John Hertz, owner of Reigh Court, is promoting an international race to be run at Chicago next year.

Walter Hagen and Horton Smith will start on a barnstorming golf tour early in July.

The H. P. Whitney stables are leading on the eastern tracks so far with a total of 21 victories.

Hazards at the Savannah, Georgia, Golf club consist of mammoth breakfasts thrown up during the Civil war.

Creed

Lays a well-known philosopher in the American Magazine: "Forget yourself. Think of others. Know what your rights are and then forget most of them."

CAPE HORN RANCH

Young Coast Golf Star May Be Champ

PORTLAND, July 13 (AP)—Manning MacNaughton, brilliant 19-year-old golfer of Portland, is being hailed in this part of the country as a future champion.

Although MacNaughton has been playing golf for only three and a half years, he has beaten some of the best of the Pacific northwest.

This year, after playing baseball for his school team, MacNaughton went back to his golf sticks, left idle all winter, and with a little practice entered the Oregon state tournament. He blazed into the stakes—where he gave Dr. O. F. Willing, holder of a bouquet of titles, a considerable battle. This was the debut of a first major tournament.

A few weeks later MacNaughton entered the annual tournament of the Pacific Northwest Golf association in Seattle, "just for the fun of it."

He qualified easily despite a windstorm and rain, and then steadily strode his way to the finals, defeating both Dr. Willing, the reigning champion, and Chandler Barn of Medford, Oregon.

In the final, MacNaughton apparently suffered from stage fright before a huge gallery and fell before the machine-like playing of Frank Dolp, Portland, western amateur champion.

With the necessary experience, however, friends of the young Portlander are predicting big things for him in the future.

Oregon State to Meet West Virginia on Grid

COVALLIS, Ore., July 13 (AP)—Two intercollegiate football games have been arranged for 1929 and 1931 between Oregon state college here and the University of West Virginia.

The first game will be played in either the stadium at Morgantown, West Virginia, or Yankee stadium, New York, or Soldier field, Chicago.

The second contest will be held Thanksgiving day or the Saturday following.

This year the Oregon staters will meet the University of Detroit.

Airline For Anglers Chicago

CHICAGO, Ill.—City anglers, impatient to get down to serious fishing, will be speeded to Wisconsin fishing haunts by a regular week-end flying service this summer between Chicago and Rhinelander, Wisconsin. They will gain 24 additional hours of angling by taking the "air" route.

The fastest time for running a mile is 4 minutes 12 seconds, and for walking, 6 minutes 28 seconds.

Plural of "Fair"

Dr. Frank H. Vizetelly says: "The word remains 'fair' in the plural; otherwise, it takes the 's.' Two pair of gloves," but "Many miles of trousers."

Alexander Pitches in Majors For 20 Years

GALESBURG, Ill., July 13 (AP)—A couple of ocean anglers have gone under "Bassball's" rules since "Old Pete" pulled his cap on tight and pitched out to the mound to show the Galesburg boys what a country kid from Nebraska could do with a baseball for \$100 a month.

Greene Cleveland Alexander was the rookie, and he showed 'em. That was 20 years ago—and Alex still is playing major league baseball.

It wasn't so very long ago, either, that he won a world's series just when everybody thought he was ready for pasture.

When the St. Louis Cardinals played an exhibition game here last spring Alex got a reminder of the many years he has been twirling.

The original contract that ushered him into organized baseball as a member of the Illinois-Missouri league, was being carefully preserved by H. M. Hillman, president of the club at that time. He gave it to Alex as a keepsake. It called for \$100 a month during the playing season.

"Some Boy," Wife Wires When Golf Star Scores

NEW YORK, July 13 (AP)—The remarkable record of 72 contributed by Jack White, Scotch professional, to the first round of the open championship, created much excitement.

There were few rounds or even par-birds played this day.

White, 35, who was open champion of Great Britain 25 years ago, Jack's wife asked if his feat achieved recognition across the Atlantic. "Oh, yes," he said. "A number of my golfing friends sent me silly cablegrams—'So little son, no one too, but it was not silly.' It contained only two words, 'Some boy,' and mind you, I'm 50."

Two Navies to Patrol Course For Yacht Race

PLYMOUTH, England, July 13 (AP)—Navies of two nations will cooperate in patrolling the course of the Plymouth-Sunderland ocean yacht race. This starts here on August 20 with challenge races set by the king and queen of Spain waiting for winners and \$5000 in prize money as additional inducement to the crews.

At least one American craft will participate in the 435-mile contest, according to officials of the Ocean-Racing club. It is the Seven Belles owned by C. B. and T. W. Duke, New York.

W. B. Duke's 120-foot schooner Elena, the American winner of last year's race from New York to Santander, also may enter.

Other entries and probable entries include seven German, one Irish, one Danish, four French and six Spanish craft. Several German entries also are expected.

Captain H. H. Square of the Real Club Maritimo-Squadador, who has been handling the Spanish end of the race preparations, said on arriving here for conference with his colleagues of the race committee that King Alfonso XIII would come to Plymouth for the start.

Cases Standardized For Air Instrument

WASHINGTON, July 13 (AP)—Another step in the "standardization" of instrument operation—and maintenance—is the standardization of instrument case dimensions brought about by the naval bureau of aeronautics and the bureau of standards.

With the standardized cases, instruments may be interchangeable on instrument-boards or line products of one manufacturer substituted for that of another without altering the panel. The bureau of standards reports the new sizes are in accordance with those of other aircraft manufacturers and aircraft operators.

The "Public Bench course" at Del Monte, California, where the national yards will be played, measures 6669 yards.

Troubles Not Lasting

Quick is the succession of human events; the cares of today are seldom the cares of tomorrow; and when we lay down at night, we may safely say to most of our troubles, "We have done your worst and we shall meet no more."—T. Fowler.

Colored golf balls have their counterparts in red tennis balls and now a yellow baseball has reached the counters.

Keeping up with the Joneses

A larger income may make it possible for the Joneses to have a much finer home than the Browns—but the Browns can own just as fine a car. For it does not require a big income to own a De Soto Six. And with a De Soto Six the Browns have the pride and satisfaction of driving a Chrysler-built automobile—with the ability to out-perform most other cars on the road.

De Soto Six is obviously smart and stylish; up-to-the-minute in mode. And it has not taken the motoring public long to find that De Soto Six is also exceptionally comfortable and easy riding, powerful, speedy and safe. Record-breaking sales figures for a first-year car are proof enough of its established and growing popularity.

Combine these qualities with low price, low maintenance cost and assured long life. The reason is plain why those who insist on smartness and performance, but must consider economy, are finding De Soto Six the most satisfactory car.

Ask About Our "FLAT-RATE" Repair Service!

Compare our Flat-Rate Repair Prices! You will get uniformly good work at a PRICE!

Burn SHELL 400 the "DRY" Gas. Shell 400 gasoline stops oil thinning—stops a waste of power—stops a waste of fuel.

Shell Motor Oil Forms Less Carbon — Makes Your Car Perform Better at All Times.

Empire Auto Co. Appointed Dealer For SHELL GAS

Burn SHELL 400--Stop Oil-Thinning

Out of the Crank-Case, when you drain it, comes a thin blackish fluid—not the rich oil you bought five hundred or a thousand miles back.

Full of gasoline you bought for power, for mileage. "Wet" gasoline that didn't explode; that trickled down the cylinder walls—worse than wasted, for it has ruined your oil!

Yet lubrication men say they are finding many crank-cases in which the oil is surprisingly free from dilution!

Connect that fact with this:

More and more drivers are careful to buy only Shell 400. Refined to an exact point, Shell 400 goes completely vaporized into the motor—a "dry" gas. It explodes cleanly, swiftly, leaving no "wet" particles, no waste. And so the words "more mileage," and "more power," have at last taken on a real meaning!

Fill with Shell 400 today. Use it exclusively. It costs no more than ordinary gasoline!

An example of what a thousand miles of ordinary driving with ordinary gasoline can do—oil 51% "gasoline"—thinning caused by incomplete explosion of "wet" gas

Shell 400, the "dry" gas reduces oil thinning to a minimum. Notice this example—only 9.2% in a thousand miles of ordinary driving

In starting, Shell 400 requires less choke than wet gas, but can stand more without causing thinning!

The "DRY" GAS

Shell Motor Oil, a new lubricant that forms less carbon, soot, carbon, is the ideal running mate for Shell 400. Don't offset the good effects of Shell 400 by using an oil less fine than improved Shell Motor Oil.

Current Trends and Happenings Citing Comment in the Realm of Women

30 WOMEN WILL BE MILITARY TRAINING CAMPS' HOSTESSES

Position Requires Person With Character Above Reproach and One With Sound Business Sense

By SUE MENAMARA (Associated Press Feature Writer) WASHINGTON, July 13—

Thirty women in various parts of the country will act as hostesses at the Children's Military Training Camps this summer.

They will sleep on army cots, rise with reveille and retire with taps. From the time they adjust the white curtains at the hostess-house windows to the time the last tent stakes are pulled up they will be a part of the army.

Their time for 10 days will be devoted to making camp life comfortable for the men in training. The hostess houses will provide home-like atmosphere where women relatives and guests of the men can be received. The hostess will act as general information bureau and will arrange entertainments for the evenings. She will be ready with advice on matters of occasion demands.

This is the second summer in which the camp hostesses will receive pay, according to an appropriation provided by congress. Some of the women are regular hostesses at army camps; others have been serving with the camp in previous years as volunteers without pay or for whatever small salary the post exchange could afford.

Experience Valuable Most of the hostesses are selected by the Women Overseas Service League. It has been found that women with overseas experience are best fitted for peace time camp hostesses.

Miss Lena Hitchcock, national president of the league, is outlining the qualifications for an army camp hostess says: "She is usually a woman between 30 and 40. She is a friendly, cheerful woman who yet has a certain amount of reserve. She has sympathy and tact without being sentimental. She is a woman of good health and endurance, amenable to discipline and not afraid of long hours."

Must Be Efficient "Her character must be above reproach. She must be efficient and have sound business sense. She must be able to create an attractive, home-like atmosphere in her hostess house so that the men and their families and women friends will like to come there."

Woman Works at Man's Job To Support Four Children

Mrs. Ruth Molineau, Waverly, Massachusetts, shown in her role as an excavator.

WAVERLY, Mass., July 13 (AP)—Bringing up four fatherless children, explains Mrs. Ruth Molineau of Waverly, is a man's job and that is why she has taken "a man's job" to provide the needed funds.

Mrs. Molineau, wielding a shovel beside men laborers, is Greater Boston's only woman excavator. "I couldn't afford one of the shaker jobs," she said, "for the money I would have to spend in dressing up in silks and satins to do such a job I need for my children. Then, too, I have not had the education to fit me for clerical work and think it too late to learn now."

"But I am strong and perfectly healthy and this job keeps me busy, while not requiring much overhead for a wardrobe. My overalls, a man's size you'll notice, work shoes and heavy blouse are nothing to write home about for style. But they are all I need."

Figure up the difference between what this outfit demands me and what the average office girl pays for her clothes and you'll understand what this one item alone means for my kiddies. Then, too, I would not exchange my weekly pay envelope with the average office worker."

Mrs. Molineau commands the respect of her co-workers for her ability to keep the pace with the best among them. Her contractor boss also has a high estimate of her service and declares she is one of the best workers on the payroll.

Wish that every man in my employ were as efficient and conscientious a worker as Mrs. Molineau, he says.

lality and cheer to the boys in training at Fort Benjamin Harrison, Indiana. Other well known hostesses who will assist in training camp activities are Miss Charlotte Kaylor, Fort Myer, Virginia; Miss Mabel Marsh at Fort Bunker, Miss Grace Hawk, Tidonopolis, and Miss Mabel Helge, Chicago.

Women Officials Run Kansas Town

JOHNSON, Kan., July 13 (AP)—A "misogynist" would find Blanton county an unpleasant place to reside. The sheriff, 100 pounds light, with bobbed hair and three children as well as a halitid lawlessness, is Mrs. W. D. Block.

And should the woman haters observe all laws, she also must do business with a female register of deeds, newspaper editor, county treasurer and superintendent of schools.

CUFFS IN ECLIPSE ON NEWEST COATS

Judging by Advance Showing Style-Makers Will Not Stop Using Black

By BARBARA BEAUFORT (Associated Press Fashion Editor) PARIS, July 13—Judging from the advance autumn coats being shown here, style makers are not going to base their fashionable clients out of black yet awhile.

The autumn suggestion which professional buyers took back to America with them for the advance fall trade were either twenty or twenty-two smooth cloth coats with Fox or shaver fur trimmings.

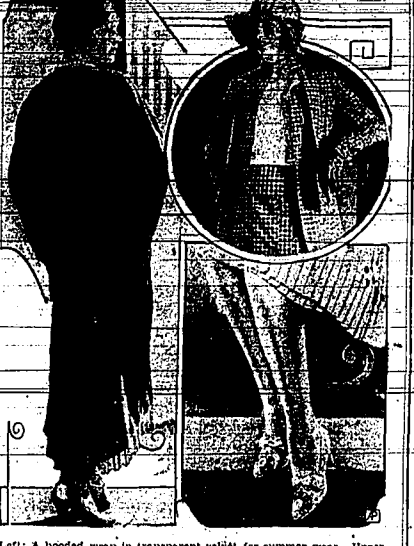

For trimming, means something more now than classic collar and cuffs. It often includes foreelbows or fur and a collar that is yoke and shoulders as well as mobile trim.

Cuffs in their old form have temporarily disappeared. Fur is added directly to the lower part of the coat sleeves to huge gauntlets which reach as high as the elbow, or as pouched foreelbows.

Conts of broad, shaggy lamb and other flat furs are given to follow the same sleeves and collar lines apparently. There are many brown and black broadtail coats in some of the collections. Nearly all of them are on straight lines with fantasy sleeves.

Occasionally, however, straight, untrimmed broadtail coats are shown. One important designer shows such sleeves on broadtail coats with large draped collars.

Latest Version Of Hooded Wrap

Left: A hooded wrap in transparent velvet for black wear. Upper right: Clingham takes its share in the present popularity of cotton. This sports ensemble is green and white check with fur to match. Lower right: The latest designed footwear in colorful silks and tapestry, and the large-mast sport stockings.

Girl Not Tardy 11 Years

WINCHESTER, Va., July 13 (AP)—Emma Charlene Grin, who was graduated from high school here this year never received a mark lower than "B" in any of her subjects during 12 years attendance. The records show that for 11 consecutive years she neither missed a day nor was tardy. She was given a prize by the school board.

War "Dud" Kills Quartet

GARDONE VAL TRAMPIA, Italy, July 13 (AP)—Four children of ages from 5 to 7 were killed by the explosion of a war bomb, believed to be a "dud" in the home of an ex-soldier here. So incautious was the bomb considered, that it has been used as the family door weight since the armistice.

COOLIDGE'S UNCLE WEDDED 80 YEARS

"Do Unto One Another As You Would Be Done By," Octogenarian's Advice

PLYMOUTH NOTCH, Vt., July 13 (AP)—Summer in this tiny hamlet, birthplace of Calvin Coolidge, has brought the latest anniversary of the marriage of John J. Wilder, octogenarian uncle of the former President, and Mrs. Wilder. For those who also would enjoy years of harmony in marriage, Uncle John has these words of advice to offer: "Do unto one another as you would be done by."

"Mrs. Wilder and I have got along right well. Don't remember that we ever had a serious quarrel," he remarked as he looked back the long avenue of the years.

"Married life is as much like a bread, it seems to me. The same one ought not to expect to be the boss all the time but ought to be willing to swap around the bossing job. That's how we worked it and we found it worked pretty well."

Mr. Wilder is 83 and Mrs. Wilder is 85 years old, yet both work as industriously today as they ever did. "Yes, I keep busy," Uncle John declared, "though the rheumatism doesn't let me do as much as I would like to. My knees bother me and I do not have to have some help. But I'm not going to let my farm grow up like some of the others in Plymouth have done."

"I was born a farmer and I am going to die in my boots, a farmer to the end. No I don't do much fiddling now. Kind of out of practice."

Mrs. Wilder buses herself from summer to summer with her large poultry farm, the eggs from which she ships to the same Boston firm that has bought eggs from her farm for the last 20 years.

Handbags of Cloth in Contest With Leather PARIS, July 13 (AP)—The vogue of handbags made of the materials of coats or dresses is making big differences in the sale of leather bags, dealers here report.

Twined ensembles, which formerly always called for leather bags, today are matched with bags of the same material.

BRITISH JOKE AT VOTE OF WOMEN IN ELECTION

LONDON, July 13 (AP)—One of the big laughs of the British observance was the fact that while women voters this year outnumbered men by 1,350,000 only 13 of the 68 women seeking seats in parliament were elected.

"Evidently, chorused the political skeptics, the women voters of Great Britain haven't much use for women politicians. They want to be governed by men."

The 55 women candidates who failed, however, were not entirely downhearted. They looked about them and saw hundreds of male candidates who also met defeat, even though they were men.

Wish that every man in my employ were as efficient and conscientious a worker as Mrs. Molineau, he says.

WELLESLEY'S GIRLS RADIO ENTHUSIASTS

Few Branches of Science Offer Similar Opportunity, Says Professor

WELLESLEY, Mass., July 13 (AP)—Some women know how a man feels when he tries to duct a bridge table to try out a new gadget on his radio set.

They are college women, students in the course known as "electromagnetic waves and radio communication" at Wellesley college.

If any man thinks that a girl cannot become a radio fan in the most exaggerated sense, Wellesley offers him an example in the person of one girl who, absorbed in her experiment, and oblivious of time and space, bent over her apparatus while the janitor locked the door for the night.

The classroom is a pleasant place—a delightful confusion of wires, tubes, capacitors, condenser Leyden jars, battery clips, helices, and varieties of coils and transformers. Each student is free to choose a particular phase of the subject to study. Whether it be the construction of various types of receivers or of a miniature broadcasting station, even some more theoretical problems, the student works almost independently on the solution of her particular problem.

A FACT FIVE YEARS AGO AND STILL A FACT TODAY

"Out of a clear sky, the Chrysler has brought the motor car industry to the point invariably reached in any industry of economic importance. That is the point where revolutionary improvements and advancements begin to render the original invention obsolete—when present practice is brought to a full stop. That never happens until the newest product proves its right to precedence, by reason of greatly simplified design, greater efficiency and operating results that are radically different."

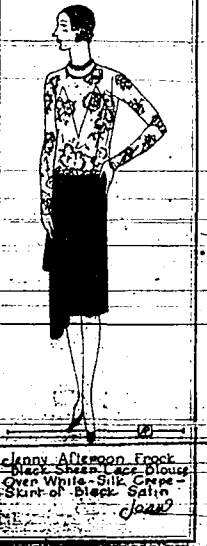

Advertisement for Chrysler cars, mentioning features like speed, quality, beauty, and safety. Includes a small image of a Chrysler car.

WHAT CHRYSLER HAS DONE

It is hard to recall the day when there were no Chrysler cars difficult to remember a time when the flashing Chrysler wings had not yet appeared on the world's highways. And yet, that was not so long ago—only five years, in fact.

Where it has taken the average automobile ten to twenty-five years of gradual piddling growth to achieve public acclaim, Chrysler has risen swiftly to a foremost and topmost place in the industry in less than five short years.

Machinery Simplifies Task of Compiling Census Facts

MODERN EQUIPMENT PLAYS BIG PART IN GOVERNMENT'S JOB

Fifteenth Count of Population of United States Brings Into Play Latest Devices for Tabulation

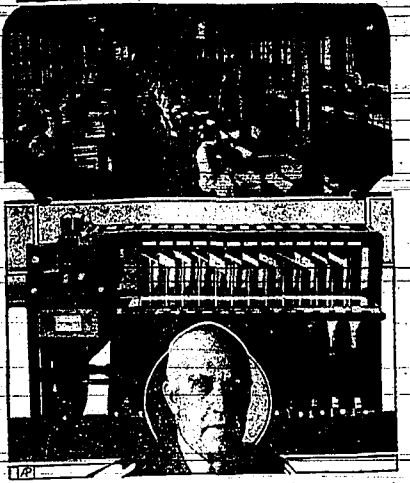

By HERBERT PLUMMER (Associated Press Feature Writer)
WASHINGTON, July 13—The most enormous single task that confronts the United States government every 10 years has been reduced to one of comparative simplicity by the contributions of science and invention.
 Early in May, 1920, the population of this country will be counted for the fifteenth time. It will be the most complete census yet taken. Such an undertaking would be simply out of the question if there were not installed in the offices of the bureau of the census here hundreds of machines which tabulate with lightning rapidity the millions of facts concerning the residents of the United States. It is a scientific feat for which the odds in taking the first census in 1790 to those which will be employed in 1920.

No Clerical Force
 The first census was taken under the supervision of 18 federal marshals. The actual work of enumeration was performed by about 650 assistants. No clerical force was employed for compilation and tabulation, consisting simply in adding columns of facts by hand. Next year an army of approximately 100,000 men and women will take the field to count the country's population. In the bureau of census at Washington an additional 500 will be required to tabulate the returns. And more than 2000 machines will do the work that formerly was done by hand.

It is estimated that 100,000 people will be counted. The information reported for each person must be transferred from the enumerator's report to cards.
 This means that if the 120,000,000 cards required for this purpose were printed on racks seven feet high, more than a quarter of an acre of floor space would be occupied. By hand such a feat would be impossible; by machine it is amazing.

Holes Show Facts
 When the information for each person goes on a punched card, the position of the holes in each section indicates the characteristics reported.

After the cards are punched they are taken to another machine, one and a half inches in diameter, and tabulated. Then they are run through the tabulating machines, as they are called, numerous other items such as age, place of birth—the machine is capable of counting 60 items or combinations—are tabulated, and the results are printed on larger sheets.
 The final report is taken from the large sheets.
 Dr. William B. Stewart, the present director of the census, completed the enumeration to the month. Within the next two years he must see that all the data are tabulated and the results published in 12 or more large quarto volumes.

The tabulating machine room (above) in the bureau of the census is a busy place when a census is on. The machine below sorts record cards by sex, color and nativity.—Dr. William B. Stewart, (left), director of the census.

"Look here," he said, "I've picked up a... I haven't muct of an opinion of Gerald myself—she admitted—but he's not downright bad. As a matter of fact, I think he's rather fond of Laurita..."

"What about the opera come out?" "About 12 o'clock."

"We can only guess at their plans," Martin continued, "but I'm a moment's pause... I should imagine that she'll take them first to one of the best places, to stop a suspicion and then afterward on to some other hotel..."

"I shall want your help there, Martin declared. 'I'll never be able to conduct by myself. We'll go the direct way...'

"All right," Blanche agreed. "I'll just slip my frock on again and I can tell you that I'm very nervous... I think we're bound to find them at either Marlo's or the Ambassadors..."

"Where did you say?" Blanche asked. "The Ambassadors," she answered. "I'm going to leave the room..."

"I'm going to dance with you, madame," she said. "I'm going to dance with you, madame," she said. "I'm going to dance with you, madame," she said.

"It was a little fight at the other end of the wire," she said. "Blanche exclaimed under her breath..."

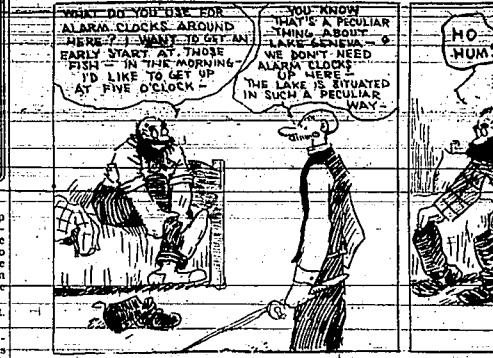

"Blanche, we're having such a lovely time. The opera was so wonderful... I still remember it with astonishment..."

"You get her away without making them suspicious," he asked. "I'll leave her," she said. "Well, dear? Don't keep me waiting while you're playing such divine music..."

"I'm going to go to the telephone for a moment and turned to Martin... 'She wants me to go to the Ambassadors...'"

"Laurita," Blanche insisted, "let Gerald... 'And leave that dear aunt of mine...'"

"What about Blanche? Gerald asked... 'What about Blanche? Gerald asked...'"

Abundance of Water Essential in Summer

By DAVID M. COWGILL
(Director Twin Falls County Health)

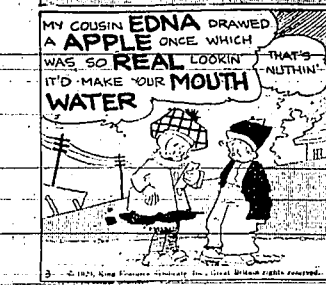

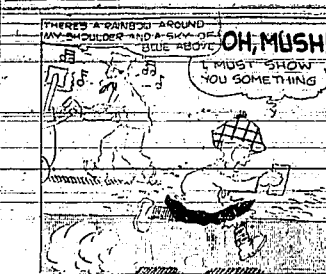

The most essential thing in summer for persons of all ages is plenty of water. The water should not be fed but should just be cool. If ice water is used, it should be held in the mouth to attain body temperature before swallowing. Water is essential because it keeps the blood washed out, keeps it pure, and causes more evaporation from the skin. It is also cooling to the mouth and stomach.
The baby's diet should not be changed radically in the summer, as changes often upset the baby's digestion in hot weather. The breast-fed baby should not be completely weaned in the summer time but should have breast milk to fall back on if other food does not agree with it. In baby's up to two years of age the milk they drink should be boiled in summer and they should have no fruits except citrus fruits in hot weather. Excess of sweets in summer will often cause indigestion. Children under two years should have their diet under a doctor's supervision.
In the child from 2 to 10 years the meals should be given regularly. The diet should consist of fresh vegetables as green beans, peas, carrots, very little meats. Eggs and cheese can be used instead of meats. There should be very little fat and sugars in the diet. Tea and coffee should never be included in their diet. The amount of food should

WE WOULD NOT FORGET

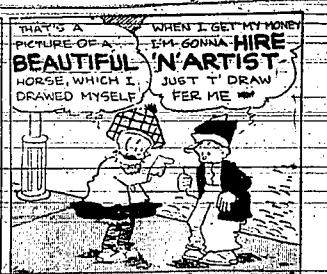

By D. R. CHURCHILL

In a faded dimly-worn album are photographs of old-time friends. Now gone from off life's stage. But the page is a memory most often is the page that bears the likeness of an old sweetheart of mine.
The years have lengthened into spans since first I loved that girl; And yet, that picture brings a thrill, And sets my heart a-thrill; Recalls to mind those happy days That crowned my life with joy. When still my lover's memory was fresh—When nothing can destroy.
My heart beats faster as I scan That picture now and then; Till I can see that phantom bride And moon-light night again; Where first she sang that old love-song With melodies so sweet; When first I held her hand in mine And humbled at her feet.
Her united lips, and ruddy cheeks Show in that picture still; Though they may pallid grow, and fade, Affections never will; For through the years she's proven true: Her heart is pure as gold; Her hair now spun with silver threads Adorns that brow of old. She looks that brow within her life

JUST KIDS

NOT AN INDOOR SPORT

50 TOURISTS AT CAMPS IN BURLEY EACH NIGHT

BURLEY, July 13 (Special to The News)—Tourist travel for the last three weeks has been about as heavy here as at this time last year, according to owners of auto camps. The six camps in town care for about 50 tourists each night, and they come from all over the country, especially the Northwest and Middle West. Good weather in the early summer held many automobile travelers back, it is said, and the camps were poorly patronized.
According to Eugene Brim, custodian of the municipal camp grounds for several years, travelers seem to be making much longer drives and are also in more of a hurry than in the past. The custom of making night drives, he says, is also coming into favor.

More Radio Stations Will Serve Aviators

WASHINGTON, July 13 (Special to The News)—Eight new radio stations for broadcasting weather reports to fliers along the commercial airways of the country are nearing completion and will be placed in operation soon by the department of commerce.
Four of the stations at St. Louis, Kansas City, Kansas, Wichita, Kansas, and Glendale, California, are in operation. Stations at Fresno, California; Medford, Oregon; Portland, Oregon; and Seattle, Washington, will be ready soon.
The Kansas City, Wichita and St. Louis stations will serve aircraft flying over the airways connecting those cities. The stations at Kansas City and Wichita, replace former airway radio stations not equipped for radiophone work.
Construction is under way on the stations at Fresno, Ketchikan, Portland and Seattle.
All of the stations will operate standard two-kilowatt broadcasting equipment.

Woman Becomes Cassia County Deputy Sheriff

BURLEY, July 13 (Special to The News)—Cassia county now has a woman deputy sheriff. Mrs. Marie Burgess has been appointed junior deputy sheriff to assist Sheriff Presley D. Pace. The county commissioners appointed Mrs. Burgess to handle the office work in the sheriff's office. She is also clerk of the probate court.
Milliard and Billion
A milliard is a thousand millions, in American known as a billion.

BURLEY STAKE TO HOLD ANNIVERSARY PROGRAM

BURLEY, July 13 (Special to The News)—Burley Stake, St. Paul's Lutheran church, is planning a celebration to be held here in commemoration of the tenth anniversary of the founding of the organization. It will be held the afternoon and evening of July 13.
A program of varied numbers will be given at the Latter Day Saints tabernacle at 3 o'clock. Thereafter a demonstration of physical education will be given at the East park together with a dancing and sports program. There will be a boxing tournament between representatives of the wards of Burley, Declo, and

Perfect Waterproofing

The latest fabrics are waterproofed by the Chinese by immersing them in a mixture of half an ounce of white wax and one pint of spirits of turpentine. The articles are hung in the open air to dry.

Prevent Plant Blight

Do not keep your plants where it is too warm, 70 to 85 degrees is a lot better than 75. They need sunlight and fresh air, but should not be exposed to draughts. Watch out for diseases and pests, spray or syringe them before it is too late. Prevention is much easier than cure.

But Thrills Are Lost

Common sense is the asset that enable one to avoid falls on the slippery track of life.—Nashville Tennessean.

STOP! LOOK! LISTEN!
Are your possessions fully covered by insurance against fire? Have you policies covering your home and its contents, your store and merchandise? You can avoid appalling losses if you will come to us or send for us now and let us write policies that will insure you against loss. This is a legitimate operating expense you should incur.
