WENDELL CITIZENS AT MEETING IN GOODING

Delegation Calls For Creating of Cemetery District Under New Statute

WENDELL, July 20.—A number of persons from Wendell attended the meeting of the county commissioners, held in Gooding last Monday. The Wendell delegation put their plea before the commissioners for the proposed creation of the Wendell cemetery district, organized in accordance with the 1927 session laws of Idaho, which provides ways and means for the creation of special districts for the maintenance of cemeteries. The district included takes in the Wendell highway district and most of the West Point—highway district. The meeting will be held in Wendell August 3. Those protesting the tax were the Sand Springs sheep ranch, the North Star Veterinary company and A. P. McCloud and W. S. Burdick, two West Point farmers. There was a large crowd appearing for the creation of the district.

Misses Sarah and Cora Tool entertained the West Point Bridge club at their home in Wendell, Wednesday. The house was beautiful with summer flowers. Bridge was played at four tables following the luncheon. Seated at the tables were Mrs. C. E. Wright, Mrs. S. E. Miller, Mrs. L. J. Jones, Mrs. W. A. Bullen, Mrs. J. G. Kelly, Mrs. Frank Brown, Mrs. Fred Bantisch, Mrs. W. S. Burdick, Mrs. Donald McCloud, Mrs. John Tool, Mrs. Merrill Lewis, Mrs. J. W. Newbrough, Mrs. B. E. Dyar and Mrs. Leslie Brown, Detroit.

John Dotson, foreman of the Thousand Springs ranch, has now received a shipment of 20 head of Quersay cattle, recently purchased and personally selected by Missie Miller, daughter of the famous Thousand Springs farms. Mr. Dotson will ship the cattle by freight, accompanying them through Mrs. Mrs. Jack Estep, who reside near Wendell, are the parents of twin girls, born at St. Valentine's hospital, Monday. One of the babies lived only a short time, and the other is very weak.

Frank Geisler and Clarence Dietrich, Wendell truckmen, left for the Shoshone Basin country today. They have the contract for hauling 25,000 lambs from the Cape Horn county to Ketchum, where they will be shipped to market. Last year Messrs. Geisler and Dietrich held a summer contract.

Mrs. Co. Price submitted to an operation for sinus trouble at the Portland hospital, Thursday.

Mr. and Mrs. LeRoy Schonweller and Mrs. Schonweller's parents, Mr. and Mrs. R. C. Murphy, Nahoka, Missouri, returned home Monday from a trip through the Yellowstone park.

The ladies of the Past Noble Grands club entertained the ladies of the Wendell club at the home of the hostess, Mrs. C. W. Griffith, Wednesday afternoon. Bridge was the afternoon's diversion and Miss Edna Pritchard won the prize for high score and Mrs. E. B. Ford, second-high. Refreshments were served.

Mrs. A. Harris and son, Ben, Chesham, Washington, accompanied by the Misses Mary and Elmita Macelick, are touring Yellowstone park.

Carolyn, small daughter of Mr. and Mrs. Austin Schonweller, was painfully injured Sunday when she pulled a cup of hot tea from the table, upsetting it on herself, scalding one side of her body. The little miss is recovering nicely.

Girls of Portland, Thought Dead, Safe

(Continued From Page One) support themselves. They arrived only in bathing suits, they spent the night as rain fell in torrents and lightning was flashed.

Smoot Sugar Tariff Plan Gets Interest

(Continued From Page One) retrated that he was giving serious thought to a proposal for a bounty to the beet sugar industry as one means of solving the problem of a higher tariff on sugar.

Borah believes that it might be much wiser to provide a fund of this kind rather than attempt to provide for what has been described as an "unhealthy" rehabilitation of the industry by taxing the consumer in an increased duty. He has not reached a definite conclusion on the question, however.

Borah also is leaning toward the idea that it may be wiser to reduce rates proposed in the house bill on both industrial and agricultural commodities. He believes that higher duties on all of these commodities may serve to help the farmers at all, while lower duties would.

Senator King, Democrat, Utah, issued a statement declaring a "number of commodities" which he did not name, and which have been made dutiable in the house bill, ought to be referred to the free list.

The Weather

FORECAST FOR TODAY AND TOMORROW—Fair and mild.

Yesterday's temperature extremes showed a wide range compared with recent records. Maximum and minimum temperatures Saturday's highest was 85 degrees and the lowest 50. The temperature Friday was from 40 degrees to 91 degrees.

WOOL SALES REDUCE LOANS BY \$500,000

Idaho State Banks Report Half-Million Slump in Borrowings for Quarter

BOISE, July 20.—Spring wool sales reduced the amount of loans extended by Idaho state banks by nearly a half million dollars in the last three months, but crop planting and cutting demands reduced the amount of deposits by \$745,000, report of the state finance commissioner revealed today.

The report was based on the returns from the bank call of June 29. This revealed that deposits had dropped from \$17,372,000 to \$16,627,000 since the date of the previous call, March 27, and from \$17,865,000 on December 31. Loans by the banks on June 29 were \$267,000, a reduction from \$12,574,000 on March 27 but an increase from \$20,991,000 a year ago.

A prompt pick-up in the amount of deposits was predicted by the department with the coming of returns from the harvest.

An increase in deposits to the present level from last year's level of \$43,028,000 was attributed to the conversion of several banks from national to state banks, the principal one being the first Security, Boise, formerly the Pacific National bank.

Deputies of France Vote Ratification Of Debt Agreement

(Continued From Page One) fore the joint finance and foreign affairs commissions in the chamber on June 19.

The chamber finally adjourned today at 3 A. M.

Although three years have elapsed without ratification, says Ambassador Bergerer concluded with Secretary of the Treasury Andrew W. Mellon an adjustment of the French war debt, France had paid the United States "on account," up to November 15, 1928, \$27,851,711.

A total of 18,000,000 pounds had been paid to England on the same basis.

Under the Mellon-Berenger agreement, France agreed to pay \$425,000,000, of which \$385,000,000 is accrued interest. The first two annuities were to be of \$10,000,000, increasing to \$12,000,000 in the seventeenth year, and continuing until the last payment in the sixtieth year of \$117,000,000.

Athletes of Railroad System Will Compete

FOGATBELLO, July 20.—Athletic championships of the Union Pacific system will be determined here Sunday in necessary closets will take up part of the class room space.

The present specifications call for a brick veneer building, which is proving a most desirable building material for such purposes as the building will be used.

The present school building, a wooden structure, will be used this fall until the new building is ready for use. Then the trustees plan to sell the old building and apply the proceeds on the new building.

Extra money on hand in the districts treasury made it possible to increase the bond money sufficient to take care of the extra costs. It is expected that the building will be completed for use by the first part of November.

Competition among nine clubs. About 100 athletes were entered today in the events embracing trapshooting, large and small bore rifle events, tennis, swimming, horse shooting, track and field and baseball. Nampa, Glens Ferry, Salt Lake City, Cache Junction, Kemmerer, Moonbeller, Alma-Idaho Falls and Pocatello will compete.

Mountain States Implement Co. Implement Chain Stores WE WILL TREAT YOU RIGHT! AUTHORIZED DEALER IN HART-PARR TRACTORS

Low-Cost Plowing with Three-Fuel Power

One hundred degrees in the shade and no shade—a field of sweet clover more than 5 feet high—the ground baked like brick—yet a Hart-Parr 12-24 tractor plowed this 100 acre field without a single stop during working hours. Hart-Parr three-fuel power hangs to the job with bulldog grit. It is work finished at low cost that counts and that's the way Hart-Parr tractors finish. They are real profit makers. This economical tractor is made for small, medium or large farms and is equipped with three forward speeds to speed up hauling and field work. See the new line now.

China Will Adhere To Peace Pact in Railroad Quarrel

(Continued From Page One) scene of action declared the news incorrect.

Announcement that the national government had severed relations with Russia on Friday came in a delayed dispatch from Peking.

Moscow reported from all over the Soviet union a rush of recruits to the Red army, and Chinese reinforcement were concentrated along the Siberian frontiers.

President Chiang Kai Shek, in his capacity of commander-in-chief of the Chinese military forces, appeared by telephone to the country's military leaders and to the public to stand united against the menace of Soviet Russia.

American officials at Washington expected the Kellogg pact to exert a profound influence for peace. Minister John V. A. MacMurray at Peking postponed his impending visit home while the situation continued tense.

Great Britain and France both pledged their cooperation with the United States in efforts to prevent war.

Farm Board Agrees On Confining Loans To Market Agencies

(Continued From Page One) take change of marketing the crop which matures this fall. Lloyd Tenny, vice president of the California Vineyardists' association, will appear before the board Tuesday to present plans for the stabilization corporation.

The farm relief act contemplated the organization of three corporations, the cooperative marketing, associations and producers as a means of centralizing corporations, advisory councils are to be selected for each commodity. These are to be the intermediaries with the farm board.

The Florida citrus exchange presented the case to the fruit growers of that state for relief in marketing such of the crop as is spared by the fly pestilence. Earle L. Wirt, president, and C. C. Commander, general manager of the exchange, appeared before the board. They are now enlisting the united support of other marketing agencies of the state preparatory to going before the board again Monday.

Conflict In Eastern Asia Recalls Americans Experience Decade Ago

(Continued From Page One) with ever more puzzling complications than today, kept the Far Eastern question to the fore among American statesmen. But Russians fought while pink local partisans and Siberian independence under a banner of green had brief moments of power, while a dozen foreign expeditions of occupation attempted to untangle the Russian situation.

Always in the background was the line of steel rails stretching across the continent. Along this trans-Siberian route Russian and foreign armies maneuvered from the time of the breakup of Czarist power in 1918, until the Soviet government finally gained control of the Siberian littoral in 1921.

For nearly three years, part of which time an anti-Alied agreement was effective for guarding the trans-Siberian system, American doughboys dotted the right-of-way through the Russian backwoods, helped pilot locomotive tenders high with the logs used for fuel in some districts, or flirted with Russian girls.

As in the present Manchurian crisis, no war was declared, but there was bloodshed in keeping the weekly Omak express running. Ten years ago this month a score of Americans were killed just out of Vladivostok when "partisans," or local independent military forces, attacked a camp of American soldiers with deadly effect.

The first American troops arrived in Siberia in the summer of 1918 and the last ones left in April, 1920.

Open breaks among Russian and foreign forces were narrowly averted, and failure to obtain cooperation in guarding the railways handicapped the foreign expeditions.

General William E. Graves followed to the letter his instructions from Washington to maintain neutrality toward warring Russian factions. As soon as the Czechs were out of the country he advocated withdrawal of American troops. He said the Siberian situation would clear up when foreign troops left the country.

Southerners Visit Boise

BOISE, July 20.—Sixty Southerners traveling in a Louisiana road-wet train spent this morning in Boise, leaving at noon for Salt Lake City.

SOCIETY AND CLUBS

Mrs. E. E. Williams Phone 300

The Junior and Senior Women's Christian Temperance Union held an all-day session Friday at the country home of Mrs. L. W. Stason at Knoll. Morning devotions were conducted by Mrs. J. R. Throckmorton and followed by a beautiful luncheon. At the business session in the afternoon with the president, Mrs. Ida Wendt, in the chair, a letter was read from the state president, Mrs. Brady, in regard to the state convention to be held in Twin Falls October ninth to eleventh. Mrs. J. C. Porterfield was elected general chairman on arrangements. It was also voted that both unions hold a dinner at the First Methodist church to add to the convention expense fund. Mrs. W. Monroth, Mrs. W. A. Dewey and Mrs. Richard Hager were appointed on this committee. Mrs. C. C. Curtis extended an invitation to hold the convention in the new Christian church, which was accepted. Mrs. Barbara Sutcliffe gave a report of the flower mission. The program consisted of questions on child welfare, the discussion being led by Mesdames Curtis, Deike, Knight, Cecil, Monroth, Marston and Stansbury. About forty members were in attendance who enjoyed a social hour before adjourning.

Firestone Supreme Balloon

LEADERSHIP for Firestone takes another great stride forward with the coming of the NEW FIRESTONE SUPREME BALLOON. Here is the ultra quality tire for you who want to match the new developments of fine cars. Its very appearance impresses you with leadership, mastery of all that Firestone has introduced for the motor world. It is larger, stronger, more enduring than even the famous FIRESTONE GUM-DIPPED TIRES that today hold all records for speed, safety, endurance and mileage. It is made with added plies of Gum-Dipped Cord fabric, designed for larger air volume, has increased non-skid features for protection and safety in driving.

By all means come and see this new tire. You will want a full set on your car. We will make a liberal allowance on your old tires because you will want the satisfaction of riding on FIRESTONE SUPREME BALLOONS at once. Come in today.

TRIBES OF INDIANS
BEGIN 72-HOUR SUN
DANCE AT POCATELLO

Hundreds of Swarthy Mem-
bers of Ancient Race to
Refrain from Eating Dur-
ing Strenuous Ceremony

(By The Associated Press)
POCATELLO, July 20.—At sundown tonight hundreds of swarthy members of the Bannock, Shoshone and Lemhi tribes begin the annual sun dance of the local reservation. The ceremony will continue three nights and three days, the dancers receiving neither food nor water during that time. A bounteous feast awaits those who can endure the ordeal.

A dozen squaws surround the calf-skin covered tom, each holding a willow branch with which she keeps time as the musicians sing and dance in unison with their strange, wailing chant.

BREVITIES

Visiting Halley.—Mr. and Mrs. B. F. Magel are visiting friends over Sunday in Halley.

Chicago Lawyer Visits.—E. C. Ballard, Chicago attorney, arrived yesterday to visit I. B. Perrine here.

Back From Pocatello.—I. E. Joslyn returned yesterday from Pocatello to which city he went on business.

Leaves After Visit.—Mrs. H. McCreesh, Paul, left last evening for Seattle on a visit with Mr. and Mrs. M. H. Lee.

Will Take Vacation.—Mr. and Mrs. W. McFarland and daughter will leave Monday on a 10-day vacation at Robinson bar.

Return From Vail.—Mr. and Mrs. C. E. Lind and daughters, Misses Helen and Lillian, have returned from a short visit in Salt Lake City.

Leave for Northwest.—Mr. and Mrs. A. F. Cordeiro left Friday for a month's trip to Portland, Seattle and Vancouver, British Columbia.

Goes To Mountain Home.—Mrs. James Jagger, Rogerson, accompanied by two children, was in Twin Falls yesterday en route to Mountain Home to visit.

who formerly resided here and taught in the Twin Falls high school and who is now an instructor in the New Rochelle schools. They came by way of Niagara, and by boat through the lakes to Duluth, Minnesota, and thence by auto through Yellowstone park. Dr. Uvaser and family left yesterday for Spokane, Seattle and Portland. Miss Smith accompanied them to Boise to visit relatives and friends over Sunday. The Uvasers will return in about two weeks and Miss Smith will return with them to New Rochelle to resume teaching.

MY MOUSTACHE

(continued)
(The limitations of prose proving too great a handicap, an Edco young man drops into poetry the better to express his feelings on a subject of more or less general interest to youth. Viewed as a warning to others with similar ambitions this verse may be well worth reading.)
Some days ago while shaving
I got very, very rash
And in spite of all conventions
Left a little black mustache
Well, I thought 'twas awfully pretty
And to cut it off a shame,
So I'd wear it out in public
Just to reap the fruits of fame.
Say, the first girl on the sidewalk
Turned to giggle to her friend
And each laughed to the other
'Till I thought 't'd never end.
Well, the boys fell in behind me
And they followed up the street
And all their brainless chatter was
"Now don't you think it sweet?"
The Ladies' Aid phones mother
Asked if anything was wrong
And the City's fire department
Came and brought the cops along.
All the doctors of the city
And all these fine miles around
Came to see my heart and liver,
Doubting if my mind was sound.
So I'm putting in this confession
You can reap more than you sow,
And I sharpened up my razor
Black Mustache, you will have to go.
—Cherise Hall.

RODEO AND GAME AT
EDEN ON PIONEER DAY

Big Celebration Planned
With Cash Prizes Offered
For Wild-Horse Riders

EDEN, July 20.—This community is looking forward to Wednesday of next week when Pioneer day will be celebrated. Arrangements for the conducting of a rodeo following the base-ball game in the afternoon have been made. A number of riders of the wild horses are to attend from various sections of the state. Liberal cash prizes have been offered for the best riders. The feature of the morning will be races for the little folks and for the grown ups. A picnic dinner in the park will be held at noon. The baseball game in the afternoon will be between Eden and Elba. A dance in the evening will complete the day's activities.

Trustees of the Eden school have had a new roof placed on the school building. The former roof caused considerable trouble for the last two years. Other repairs are being made about the building to have everything in readiness for the opening of the school term which is only six weeks hence.

You wouldn't sit unnaturally
—why sleep in a bed that sags?
Sitting in a cramped position is uncomfortable. A sagging bed curves the spine the same way—prevents restful comfort.

When you sleep on a Rome De Luxe bedspring the spine is straight and natural; the body is fully relaxed.
Many sagging beds now common because of long use. But actually the body is forced into strained, straining positions. Most people sleep this way, never realizing the harmful results of the unnatural position they have become accustomed to.
Sagging, with its many ill effects, is impossible when you sleep on a De Luxe bedspring. Every coil in a De Luxe moves independently of all other coils, yielding to the pressure of hips and shoulders yet rising to relieve all strain on the vital organs between. The spine lies naturally, straight and free from strain. Nerves and muscles are fully relaxed... refreshing sleep comes quickly.
Enjoy this new deep sleep right now. We will gladly bring a Rome De Luxe bedspring to your home for a trial. Phone us today for details, and let us give you a copy of Dr. Royal S. Copeland's interesting booklet, "How Better Sleep Builds Better Health."

Jesus' Conception of Man

By The Rev. J. C. Harrison. Father of the Centenary, Wilbur Church, Portland. THE doctrine of God and the doctrine of man are inseparable in any faith.

The one controls and determines the other, giving it color and content. You can not have the doctrine of man without the doctrine of God.

With Christ the individual and not the family, the congregation or the church is the unit. To the individual, disengaged him out of all relationships and revealed forever the truth that in himself man is the object of divine regard.

A YANKEE ABROAD

Sunset and Sussex Philosopher

By Do WIFE MACKENZIE

LONDON, July 20.—Down in Sussex, in an enchanting garden such as only lovely England can produce...

He had been doing this for years, and the funny part of it is that he really doesn't want to know what lies beyond.

But let me introduce you to my philosopher. You know his works already, and you like them.

He is a man so much honored by foreign governments that if he were ever to die, he would be buried in the dome of the Missouri state capitol.

A Washington Bystander

By Kirke L. Simpson

WASHINGTON, July 20.—Gavin Coolidge is not an effusive man. His state papers, when compiled, will show very few flights of fancy or displays of emotion.

He has the Bystander has always thought, a power of concise expression when he so desires, and a call to the Bystander for the opposite purpose on occasion.

Which makes it all the more significant to find the return by Coolidge of one of the articles written since he left the White House, falling back on a purely poetic comparison to explain his thought.

He was discussing the overwhelming sense of responsibility that will be his as president; the sudden realization that comes to him of the vastness of this post and the return by Coolidge of one of the articles written since he left the White House, falling back on a purely poetic comparison to explain his thought.

He was discussing the overwhelming sense of responsibility that will be his as president; the sudden realization that comes to him of the vastness of this post and the return by Coolidge of one of the articles written since he left the White House, falling back on a purely poetic comparison to explain his thought.

Marking of Twin Falls

Marking of Twin Falls airport in connection with federal government regulations is well under way and will be completed next Monday, Newell S. Wright, secretary of Twin Falls Chamber of Commerce, announced.

UNION FAVORS BAN ON TEACHERS WHO DRINK

Organization Against Hiring Instructors Using Alcoholic Liquor or Tobacco

Members of the Women's Christian Temperance Union of Twin Falls do not want teachers who use liquor or tobacco employed in Twin Falls schools, and at a meeting at the country home of Mr. and Mrs. L. W. Sisson last Friday, they went on record to that effect, voting to authorize Mrs. J. W. Beuschmann, principal of the district, and a committee of her choosing to lay their views before the school board in the form of a resolution.

Senior and Junior Unions held a joint session at this meeting which continued throughout most of the day, luncheon being served on the lawn at noon, following devotions led by Mrs. J. Z. Throckmorton.

Much of the business session was given over to making of plans for the state convention of the organization to be held here October 9 to 11, and invitation to hold the convention in the new Christian church building was accepted. Mrs. Ella K. Boole, national president, and Miss Louise Byrnes, a national lecturer, will attend the convention. Mrs. J. C. Porterfield, Twin Falls, was elected general chairman in charge of arrangements for the convention, and a committee composed of Mrs. W. Montooth, Mrs. W. A. Swab and Mrs. Richard Baggs was named to arrange for serving a dinner to raise funds for convention expenses.

During the past year, Mrs. Oliver Sutcliffe, chairman of the flower mission department, reported the Twin Falls Union has distributed widely bouquets of flowers and messages from the organization, sending 45 to the hospital, 19 to jail, 25 to Shulins, and placing 18 on graves of departed members. In addition this department sent 20 dozen cookies to the Veterans' hospital at Boise.

A discussion of questions relating to child welfare was an interesting feature of the social, questions being answered and discussed by Mrs. C. G. Curtis, Mrs. J. W. C. Deake, Mrs. T. M. Knight, Mrs.

Lula Cecil, Mrs. W. Montooth, Mrs. Marston, Mrs. Blansbury, Mrs. Raymond Dunham, Mrs. J. R. Throckmorton, Mrs. R. Jones, Mrs. Anna Fish, Mrs. Holway and Mrs. F. A. Goodfoot.

MOON BEFORE COURT ON HABEAS CORPUS

Aged Man, Charged With Murdering Shepherd, to Fight For Release

Daniel P. Moon, held for trial on a charge of first degree murder, will be brought into district court here Monday at 10 A. M. under writ of habeas corpus for hearing on his application for admission to bail. Order for the writ was issued by District Judge W. A. Babcock on petition of W. L. Dunn, Moon's attorney, last evening.

Moon, 70-year-old pioneer Twin Falls resident, is accused in connection with the death of Jack Lemon, shepherd, who was shot and killed on the street in front of Moon's residence on Third avenue north, last July 11.

Admission to bail is asked because of Moon's advanced age and physical condition. His heart is weak, it is asserted, and continued detention would endanger his life.

It is further contended that the offense with which Moon is charged is inapplicable under the record made at the preliminary hearing. Moon's attorney contends that proof of guilt of first degree murder was not evident nor presumption thereof great; but that evidence tended to show excusable or justifiable homicide.

Application for admission to bail was made to the district court on the theory that the probable court, after having refused or ignored such application at the preliminary hearing, has no longer any jurisdiction in the case.

Board to Hear Last of Tax Exemption Claims

Claims of widows and Civil war veterans under terms of a law passed at the last session of the state legislature,

NELSON AND JENKINS TAKE MOTOR AGENCY

Well Known Twin Falls Auto Man Joins Forces to Distribute Chevrolet Cars

Under a contract signed last evening, Olof Nelson and Glenn G. Jenkins, two of southern Idaho's best known automobile men, have taken over the agency in Twin Falls for the Chevrolet automobiles and trucks, succeeding the Voorhees Motor company, which retired from the field following the death of its president, the late Lucien W. Voorhees.

The new firm is to be known as Nelson-Jenkins, Incorporated. It will occupy quarters at 313 Main avenue west, heretofore occupied by the Voorhees company. Personnel of sales and service forces will be retained, while new factory shop equipment is to be installed and all mechanics will be factory trained.

Both Mr. Nelson and Mr. Jenkins have been actively identified with automobile distributing agencies in Twin Falls for many years. They are entirely familiar with the business and are widely and well known. Mr. Nelson has been associated with the Lind Auto company here since 1917, and Mr. Jenkins has been a distributor of automobiles in Twin Falls for 12 years past.

Negotiations toward the transfer of the Chevrolet agency were closed last evening. General Motors corporation being represented by L. P. Randall, Salt Lake City, assistant sales manager, and P. J. Moore, Twin Falls, district representative.

During the past year, Twin Falls county commissioners throughout the day Monday, it was announced last evening. The period for presentation of such claims will expire Monday. Claims must be presented either in person or through an authorized agent.

Approximately 70 persons who have been granted tax exemptions heretofore have not presented claims under the new law, it was stated last evening. Many of these persons, it is believed, will not claim exemption.

Theatroy

Stage Star Plays Big Role in "Mary Dugan"

Raymond Hackett, who plays the prominent role of the brother attorney in "The Trial of Mary Dugan," Bayard Veller's all-talking special, which comes to the Idaho theatre, today rises to deny that he is any relation to James K. Hackett, noted dramatic star, or that he created the leading role-part in the original stage presentation of the famous Bayard Veller drama.

Young Hackett says that the late Rex Cherrymann created the brother-attorney role in New York and that he followed him, playing the part in Chicago as New York.

James K. Hackett doesn't even know me, and I am sure it is embarrassing to find myself backing in his reflected glory. It is equally absurd to be credited with something a very fine actor, now dead, accomplished," Hackett said.

Norma Shearer makes her talking picture debut in the courtroom drama which comes to the screen as a Metro-Goldwyn-Mayer 100 per cent dialogue feature.

The elaborate all-star cast also features Lewis Stone, H. B. Warner and Mr. Hackett. Lilyan Tashman, Mary Moran, Olive Tell and other players of note are in the huge supporting cast. Veller personally directed the screen production of his sensational play.

carefully recorded. They mark a definite step in the new art of talking films. Miss La Plante shows her long training in her

Laura La Plante recent big role; Huntly Gordon as the husband, John Boles as the sweetheart, and the others are good. Boles—a former stage favorite, sings a number or so pleasingly.

The picture was photographed in Santa Barbara, California. A fashionable country club and a polo game offer picturesque backgrounds for the story. Eddie Phillips, Nancy Dover, and Julia Swayne Gordon also are in the cast.

Twin Falls Delegation At Conference at Nampa

Rev. C. C. Curtis of Twin Falls Christian church returned Saturday from Nampa, where he served last week as a member of the faculty of a young people's conference. He was accompanied by Miss Lorna Sharp, Miss Irene Sharp, Wayne Brewer and Chester Eslinger, all of Twin Falls, who attended the conference. Miss Gertrude Ritley, who also attended the conference, will visit in Boise for a time before returning home.

UNIVERSITY OF UTAH TEACHER AND FAMILY IN AUTO WRECK HERE

Dr. J. L. Barker, With Wife
and Children En Route
to Oregon, Narrowly
Escapes Serious Injury

Dr. James L. Barker, instructor University of Utah, department of romance languages, Salt Lake City, and his family narrowly escaped serious injury when their automobile left the highway and overturned four miles east of Hansen at about 9 P. M. Saturday.

Dr. Barker was on the way to the University of Oregon, Eugene, where he was to have delivered a series of lectures beginning Monday and he had later speaking engagements at the University of California. The party left Salt Lake City Friday afternoon.

Examination at the hospital here last evening indicated that none of the party had been seriously hurt, although the car was reduced to wreckage. X-ray examination disclosed no evidence of fracture of the skull of Miss Nancy Barker, 20, elder daughter, who was driving, and who was hurled nearly 40 feet when the car overturned. It is believed that Miss Barker fell asleep momentarily while the car was speeding. She has a long shallow cut on the shoulder.

Dr. Barker was cut about the left hand and wrist, and bruised on the head. Mrs. Kate Barker, his wife, has her right collar bone broken. Margaret Barker, 17, has bruises about the head.

Umma Barker, 7, escaped unhurt, but all members of the party were suffering from severe shock.

The car, a four-door sedan, apparently zig-zagged across the road twice after running off into the barrowpit the first time.

TWIN FALLS YOUTH WILL BEGIN WEST POINT WORK

WEST POINT, New York, July 20 (Special to The News)—Gwinn U. Porter, Twin Falls, Idaho, son of Mr. and Mrs. James W. Porter, has been admitted to the United States military academy here and assigned to the fifth company. In orders issued by Major General William R. Smith, superintendent, Porter was appointed to West Point by Representative Addison T. Smith, Twin Falls, second district, here at 5:30 o'clock each morning with first call for reveille. His day is almost entirely taken up with military drill, lectures, calisthenics and athletics. Guard duty, rifle marksmanship and bayonet training are all included in the schedule of the five months prescribed by Lieutenant Colonel R. S. Richardson, Jr., commandant of cadets. Taps is sounded at 9:30 P. M.

On August 2 Porter, in company with other plebes, will be assigned to regular companies in the corps of cadets and march in all the parades and reviews. During this month his schedule of instruction will include swimming and dancing, each cadet being required to be proficient in both of these subjects.

Colonel Richardson has also directed that on August 19 the plebe class take a five-day hike. On this march Porter will live in a "camp" tent and eat his meals from a rolling kitchen. Instruction in march discipline, camping, field cooking, camp sanitation, care of the technical equipment will be emphasized.

Academic studies will start on September 3, instruction starting at 8:00 A. M. and closing at 7:00 P. M. Porter will be assigned to sections of 12 cadets, which insures each man receiving individual instruction in each subject.

Business Women in Buhi— Invite District Meeting

The Twin Falls Business and Professional Women's club has received an invitation from the Buhi club to join in a district meeting at the Buhi park Sunday afternoon, August 4. It is expected that the clubs in Jerome, Gooding, Wendell, Turpin and Burley, all of which belong in the district organization, will be in attendance. It is expected that each club will contribute to the program. Matters of general interest to members and subjects of special state and national importance will be discussed.

ANNOUNCEMENTS

Kimberly Orange will meet at the home of Mrs. Ruth Adams on Tuesday at 8 P. M.

Miss M. Betty McCoy, vice-president of the Twin Falls Business and Professional Women's club, has called a special meeting of the club at Tom's cafe next Tuesday noon, at which all members are urged to be present.

WARRANT CALL
All warrants of Rock Creek Highway District from number 656 to 670, both inclusive, will be paid upon presentation to the treasurer of the district at the office of the district. Interest thereon will cease Aug. 15, 1929.
adv. Henry Hansen, Treas.

BOARD APPROVES ESTIMATE ON 10,000 ACRES ANNEXED

The board of directors of the American Falls reversion district in session here yesterday voted to authorize the estimate of costs and benefits attaching to about 10,000 acres of land in Twin Falls, Jerome, Gooding and Bingham counties, which have been annexed to the district since October 21, 1923. The lands were annexed at different times and differ in acreage. The matter will now go to the district court for formal ratification. No protests were filed yesterday by the action of the board.

The board voted to annex two more tracts of land yesterday. One of these comprises 80 acres above Great, Shoshone Falls, owned by A. Z. Bills. The other includes 40 acres in Jerome county, owned by Jesse Long, Jerome.

CALL FOR BIDS
Bids for estimating the Maers school house will be received by the clerk of the district. For further information specifications and particulars phone to clerk, W. R. Hayes, phone 6073, Twin Falls, or 4218, Filer.

Fishermen on Most Idaho Streams Report Big Catches

Boise's Sportsmen Bemoan Distance From Best Waters

Southern Part of State Reports 100-Mile Stretch of Snake River Snarly With Denizens of Liquid

(By The Associated Press) BOISE, July 26—While fishermen in other parts of the state were jubilant over fishing conditions, those operating out of Boise were complaining loudly that they had to travel more than a hundred miles to get even a small catch.

The Boise river is not yielding well nor any of the creeks within two hours' cruising distance. The most optimistic place at present seems to be in the vicinity of Lowman, where the family game warden reports fishing is good. Fishing is fair in Sinker creek, the warden at Nampa reported, but fishing for perch in Lake Lowell he branded as poor.

But in the upper Snake river section above Anthony, there is a different story. Each day's report of the warden was that sportsmen were making good catches. The Snake river, with its tributaries, streams such as Warm river and Teton river, are fishing well.

No report was available from the Lost river section but farther westward came reports from the Wood river territory that fishing was everything that it was cracked up to be. This applies not only to the main stream itself but to Warm Springs, Rock and Deer creeks. The midget dam also furnished a generous supply.

San Too Hot From Twin Falls came the report that all traps in the Snake river from American Falls to the Hagerman valley about a hundred-mile stretch were snarly with fish but the sun was so hot that few fishermen ventured forth. During the night the warden at Council reported fishing in the Little Salmon entirely up to snuff while no fish were reported from the Snake appointed after fishing in Wild Horse creek or Bear creek. From beyond this on the Snake the warden came to report that the fishermen apparently being so busy checking licenses of fishermen that they were unable to fill in the blanks as to how good the fishermen were finding the fishing.

The principal diversion of Boise fishermen was to dash over into the Stanley basin where the fish seem to be bulging the shores of some of the lakes. Though this basin is a natural game preserve, the state game department is sparing no pains to keep it in excellent repair.

When it became difficult to get liver over Helena, a permit to the rear ponds of Little Red Fish Lake, the game department conceived the idea of catching snaker and some fish out of some of the lakes to feed the young trout. These fish when ground up make very acceptable diet for hungry trout. Most of them being in no way adverse to playing cannibal. And most self respecting trout consider it is not cannibalistic to eat suckers and snapper fish. The removal of these low grade fish from the lakes also serves the double purpose of protecting the waters for the trout.

GERMANY'S DAVIS CUP PLAYERS surprised the British by winning the zone finals. They met the American team for the right to challenge the French. Heinrich Kirschroth (left) and Dr. Heinz Landmann (right) are the German doubles team. John Van Ryn (upper left inset) and Wilmer Allison (lower left inset) doubles champions at Wimbledon, oppose the Germans. Francis T. Hunter (lower right inset), and William T. Tilden II play in the singles.

Metropolitan Golf Title To Mehlhorn

New Champ Brings in Low Score of 288 to Win; A. D. Potter Disqualified

By BRIAN BELL (Associated Press Sports Writer) LONG BEACH, N. Y., July 26—Wild Bill Mehlhorn, who was not wild today, played a great round of golf when he finished it with the Metropolitan championship title with a 72-hole score of 288. A magnificent achievement over the difficult Lido course, hard by the sea and base to the vagaries of every wind that blows from the bounding surf.

Cox, who shares the honors of the competition with the non-player Wild Mehlhorn, placed himself in the forefront of the picture in the third round this morning when he covered the 18 treacherous holes of the Lido course in 67 strokes, a new course record. It developed when Metropolitan Golf association officials disqualified Arthur D. Potter who reported a score of 64 yesterday.

It was announced before Potter had completed his final round that he had been disqualified for "returning an incorrect score."

Braves' Club Mogul Denies Appointment
BOSTON, July 26 (AP)—President Emil Fuchs of the Braves tonight told the Associated Press that he had not appointed Walter "Bobby" Marraville, veteran short stop, manager of the team, as "ind" being reported today. He said he had merely put Marraville in charge of the team for the duration of the western trip which begins tomorrow night.

Young San Francisco Net Star Wins Pacific Singles

TACOMA, Wash., July 26 (AP)—Laursen Driscoll, young San Francisco star, won the men's singles title of the Pacific Northwest tournament today by defeating Kurt Berndt. Scores were 3-6, 7-6, 6-4, 7-6.

Miss Dorothy Weisel, Sacramento, won the women's singles title by defeating Mrs. Golda Myer Gross, San Francisco, 6-1, 7-6.

Spitball Pitcher Back With Angels

LOS ANGELES, July 26 (AP)—Olin (Doc) Crandall, veteran spitball pitcher, has rejoined the Los Angeles club, Pacific coast baseball league, of which he was a mainstay for more than 15 years, until the season of 1927.

Crandall was given his release in 1927 so that he could become part owner with Art Griggs of the Wichita club of the Western league. He sold out his Wichita interests to Griggs in mid-season of that year, and joined the Sacramento club of the coast league. The veteran was re-called by Sacramento a week ago.

Crandall at one time pitched for the New York Giants, graduating to the National league from the "Bum" league. He then began his decade of service with the Los Angeles club.

College Net-Champ In Colorado Finals

DENVER, July 26 (AP)—Berkeley Bell, intercollegiate tennis champion, meets Robert Sellar, San Francisco, in tomorrow's final of the Colorado state tournament at the Denver Country club. Bell was carried through five sets before he put out Julius Seligson, New York, in today's remaining semi-finals match.

The University of Texas star won 2-0, 6-4, 6-4, 2-6, 8-7.

In the men's doubles, Ralph McElenny, of Salt Lake City, and Al Livingston of Palo Alto, California, won the tournament championship from Bell and Sellar 6-4, 6-3, 8-10, 2-6, 6-4.

Evelyn Parsons, Pacific coast junior champion, won the women's singles final, defeating Willa Wolcott, of Denver, last year's champion, 6-4, 6-3.

Parsons' second round match in the mixed doubles will be played tomorrow.

Americans Defeat English Sprinters

Princeton's and Cornell's Athletes Overwhelm Cambridge and Oxford Team

By TED VOSBURGH (Associated Press Sports Writer) NEW YORK, July 26 (AP)—Breaking the spell that for eight years has held them powerless to defeat their English cousins on track and field, the capable athletes of Princeton and Cornell rose in their might today and overwhelmed Oxford and Cambridge by score of nine first places to three.

The American performers, led by a brilliant, all-round performer in Ben Hedges, Plainfield, New Jersey, Princeton captain-elect, romped to victory in all of the 12 events except the 100-yard dash and quarter-mile and half-mile runs.

These three classic cinder path events went to the Oxford and Cambridge forces but their men were outclassed in the field events and beaten even in the hurdle races where the English had hoped to make their finest showing.

Hedges cleared 6 feet 2 inches in the high jump, half an inch better than the mark set by C. T. Van Grelbe of Cambridge, in 1925. Another Princeton athlete, John E. Gore, covered the mile in the best record time of 4 minutes 22 seconds flat, 4-5 of a second faster than H. B. Stallard, Cambridge, travelled in 1921.

Orson C. Beaman, Cornell, won the 1000 mark of T. C. Fooka, Cambridge, by a full 11 seconds. Tom Hampton, Oxford, beat out Bob Garland, Princeton, by 2 feet, giving his team one record to take back to England, his brilliant 1561 yard mark, made by B. O. D. Dudd, Oxford, in 1921. The year these institutions first met on the track.

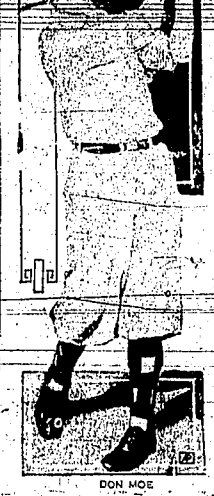

Petty and Riconda Fail With Pittsburgh Pirates

PITTSBURGH, July 26 (AP)—First round deal whereby Glenn Wright went to Brooklyn in exchange for Jess Petty and Harry Riconda has assumed a different aspect.

Wright's arrival was quick, but Riconda and Petty have failed here. Riconda, finally was shipped to Kansas City of the American association. Petty had been of little use to the Pirate pitching staff.

Wright, who had been with the Pirates, defeating Wills Wolcott, of Denver, last year's champion, 6-4, 6-3.

Moe Going Strong

DON MOE

PORTLAND, July 26 (AP)—A new big time golfing hope has arrived in the Pacific Northwest. He is Don Moe of Portland, 19-year-old University of Oregon student, who won the western amateur golf title in July.

Moe, who captured the 1925 Oregon amateur championship, defeated

France and America Vie for Davis Trophy

Net History Repeats Itself as Both Nations Play For World Championship

By E. J. ANGLY (Associated Press Staff Writer) BERLIN, July 26—Once again France and America will fight it out in the final battle for possession of the Davis cup, historic emblem of tennis supremacy among nations of the world.

Audaciously advancing to the net, the young Americans swept aside the German challengers for six straight games and drew level at one set each.

Again in the third set the Germans got a lead of 2 to 1, then 2 to 2, as both French and Mollenhauer displayed dashing skill.

But on Van Ryn's service, with Allison's a home wall at the net, the Americans drew up to 2 to 2, then took the lead on a break through French's service after a hard dose struggle. This was the real turning point of the match.

From then on, the Americans set a winning pace, though they had to fight hard and clip off brilliant shots from all parts of the court to keep command of the situation for the fourth and last set. The Americans won four games after their own service and twice broke through French's delivery, winding up their day's work with the 6-2 smash that German racquets failed to touch.

The Americans were cheered lustily when they clinched the match.

George Carter, University of Missouri student in the finals of the 1925 western.

Laverna Foley in early July led metro Portland jockeys with a record of 32 firsts, 16 seconds and 13 thirds for 126 races.

Here are the facts that prove it America's finest medium-priced automobile

Below are typical examples of facts drawn from a comparison of the Oakland All-American Six with 20 leading cars in its field. Study these facts—then come to our showrooms for additional information. We are giving you dozens of other comparisons as further proof of Oakland's unrivaled value. And these are facts which prove the Oakland All-American to be America's finest medium-priced automobile.

What these features mean to you:

- Large piston displacement is needed to develop high power at moderate speeds. Moderate engine speed is an important factor in the life of a car.**
- No name in automobile history has been given more such as Fisher. Fisher bodies are famous for style, luxury and roominess. In addition, they hold such advanced features as shock absorbers, VV shield, side cow ventilation and adjustable drivers' seats.**
- Reasonably long wheel base gives greater riding ease and road balance. Also permits use of longer, sturdier, roomier bodies. At the same time, a small turning circle is essential to handling ease.**
- For safety, efficiency, convenience, smoothness and economy, the steering has been found to operate with internal expansion steering. The wheel service brake with non-squash beam, entirely separate emergency braking system is needed for an extra safety factor.**

How Oakland compares with the field:

- Only one car as inexpensive as Oakland surpasses Oakland's piston displacement of 172.5 cubic inches. Twelve cars in the field have less displacement, and five of the 12 are priced than Oakland.
- Only Oakland and two other cars in the field offer bodies by Fisher. Only Oakland's body is priced at \$110. Only Oakland's body is priced at \$110.
- Only Oakland and two other cars in the field have less than 117 inches of wheel base. Only Oakland's body is priced at \$110.
- Only one car as low priced as Oakland has a wheelbase as long as Oakland's, which is 117 inches. As car required a turning circle to the left of 46 feet compared with Oakland's 35 feet. Six other priced cars have shorter wheelbases.
- Only Oakland and two other cars, costing \$200 below Oakland, surpass Oakland's 190 square inches of brake-band area. Only Oakland's emergency brake operates on the transmission shaft. Six other priced cars have no separate emergency brakes, although they do exceed Oakland's price.

Consider the different prices as well as the fact that Oakland's price is \$1145. This compares favorably with the \$1200 to \$1500 of the other cars in the field. The Oakland price is the only one in the field that is so low. The Oakland price is the only one in the field that is so low.

Leaders of Circuit Win Opener, 6 to 5 and Last by 4 to 1

Chicago Nationals Forge Ahead With Pirates and Giants. Breaking Even On Diamond in New York

(By The Associated Press)

BROOKLYN, July 20.—Chicago Cubs took the top rung of the National League standings today for a double victory over Brooklyn, 6 to 5, and a 4 to 1 triumph over Pittsburgh.

The Cubs opened their first game in the new stadium at the Municipal League grounds, where they had to go 18 innings in the opening encounter for their thirteenth victory of the season.

The Cubs showed "an heroic" performance in the last half of Johnny Morrison's in the third inning.

McGraw's Cast-offs Become Super-Stars

The wrong guess that John McGraw made in the cases of Grimes, Wilson and Malone is making it hard for the Giants' manager to regain his pennant-winning stride.

By JAY VESSELS
 (Associated Press Sports Writer)

NEW YORK, July 20.—Making mistakes is not the usual thing with John McGraw, one of the greats of baseball, but he has made three moves in recent years that are proving costly to him now.

He dropped Hack Wilson because he didn't like Hack's batting stance. He dropped Pat Malone because he rated Pat as a loafer. He dropped Burleigh Grimes because he thought Burleigh was through.

If manager John even had one of the three now he probably would be venter better odds so far as the 1929 pennant race is concerned. And that pennant race is what concerns the Little Napoleon who wasn't won a flag since 1924.

Here is what the three cast-offs are doing:

Wilson batted .243 for his first 71 games.

Grimes won 15 of his first 18 games. Malone won 13 of his first 13 games.

Of course, back in 1922, McGraw had no way of knowing that Pat Malone was to become a contender for National League strikeout honors. That was the year Pat was with the Giants long enough to get transportation back to the bushes.

The Giant ban on Hack came after the lousy one laid out in three seasons in the metropolis. Wilson was sent along

Poor Shortstops Handicap Detroit

Faulty Hurling Also Helps to Keep Hardest-Hitting Club Down in Standings

DETROIT, July 20.—Poor pitching and a lamentable weakness at shortstop have kept the Tigers, one of the hardest hitting clubs in the game, floating around in fourth place in the American League this season.

Lack of hurling strength is nothing new to the Tigers, for Detroit hasn't boasted an exceptional mound staff since the old pennant winning days of 20 years ago. But to be weak at shortstop is the mean of Detroit's shortstop on the field, is quite unusual for a Detroit team.

From 1909 until 1924, Detroit had just four shortstops, Clark O'Leary, present right hand man to Miller Huggins of the Yankees; Owen Bush, now pitcher of the Pirates; George Stoney, now in the minors; and Jackie Taylor, who was traded to Cleveland last winter.

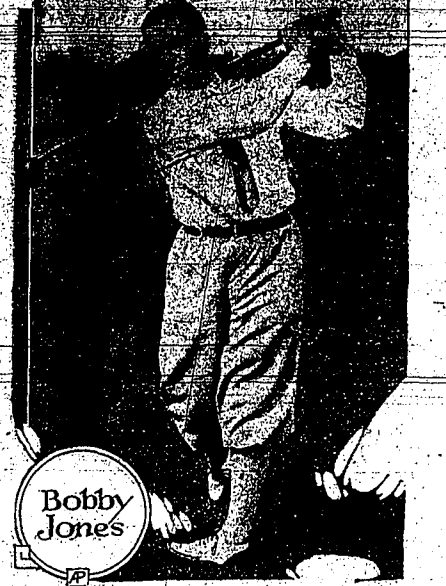

Four shortstops over a 20-year stretch have—except for one and all-but-O'Leary fair at the plate.

This year, however, the Tigers have had Benito Scrabble, Noel Richardson and George Westfall, among others, at short and still haven't successfully plugged the gaping hole between second and third.

They should have won as many as 50 games because of a faulty short field play.

Detroit long has been able to greatly offset poor pitching by its ability to hit. But when a club chinks up close to an average of three errors a game it has a handicap which looks insurmountable.

Lack of New Titles to Win Worries Followers of Jones

Bobby Jones needs a new title or two to conquer. He has won all available championships except the British Amateur.

By EDIE BIEZEL
 (Associated Press Sports Writer)

ATLANTA, July 20.—Bobby Jones is all-winded up in his golfing habits with no place to go but to win.

Having won about all the golfing titles in sight, there seems nothing left for Bobby to do but to go back and start winning them all over again.

Still a youngster, Jones today, at 27, holds or has held every major title known in golf except the British amateur at short—Not only that but the errors seem to come at just the most inopportune moments. Many a game the Tiger should have won has gone to the opposition because of a faulty short field play.

There has been a lot of talk about Bobby Jones needing a new title or two to conquer. He has won all available championships except the British Amateur.

At the age of 21, Bobby stepped up with the men folk and began a career that is unparalleled in the history of the game.

Bobby will never forget the seven years that preceded 1922 when he first craved through to victory in a major event. Several times in those years he made spectacular bids for national recognition, but always it was denied him, often by the narrowest of margins.

His worst year of all was 1919. Then he lost to Nelson White in the semifinals of the southern at New Orleans. Next he lost to B. Davidson, Heron in the finals of the national amateur at Pittsburgh. From there he went to Canada and was runner-up to J. Douglas Edgar in the Canadian open and, finally, finished second to Jim Barnes in the southern open at Atlanta.

But no man could keep shooting so close to the mark without scoring a clean hit and finally in 1922 Bobby broke through and since then his record has been one outstanding triumph after another.

Dickey Comer

BILL DICKEY

NEW YORK, July 20.—Young Bill Dickey is rapidly becoming a favorite with New Yorkers. The fans who play the way as the Yankee captain greet Dickey warmly because he is a catcher, and their families suffered in catching prospect.

The Huguenot, with all of his power at bat and affairs, has not had a crack receiver in almost a decade.

Dickey is smart, throws well and hits the ball. His stands fourth in batting among the Yankee regulars.

Fans Mistake Burke For Manager of Chicago Cubs

CHICAGO, July 20.—Like the important looking superintendents proceeding the star upon the stage, Jimmy Burke, Chicago Cubs coach, frequently is mistaken for Manager Joe McCarthy.

Burke, who has had managerial experience, usually is first at his coaching post on the first base line and frequently draws many of the opening taunts intended for the Braves.

None of this disturbs the dignified Jimmie, who carries himself like an aristocrat.

Samoa Cricket Feud Causes Starvation

AUCKLAND, New Zealand, July 20.—A remarkable cricket match in Samoa which lasted three months and in which each team had 400 players was described by R. W. Tate, a former administrator of Samoa, to members of the Victoria League at New Plymouth, New Zealand.

One village, Tate said, had challenged another for a stake of 100 kegs of beer. At the end of three months the villages were in a state of starvation because the men neglected their families, a free fight resulted and several lives were lost. Competition was brought down prohibiting the natives from playing for any stake.

In the neighboring Friendly Islands, group of the natives has been playing cricket for many years and are very proficient at it. The Prince Consort, Tonga being a native kingdom ruled by the beautiful young Queen Salote, has himself an ardent cricketer. There is a tip-top team in connection with Tubou College, where the members of the island chiefs receive their training. It plays an eleven of every British man-of-war that visits the place, and has not been defeated for 20 years.

Are You Harvesting

There are golden profits to be reaped. At this Bank are the means of effecting a splendid harvest. Youth's Hole-in-One Counts Two Strokes

MANNATO, Minn., July 20.—Hank was one for the porch and locker-room gallop.

When he was 17, Hank made a hole-in-one, but counted two strokes for it. Using his maul on a 90-yard hole, he drove a deep wedge into the dirt behind the ball without knocking it off the tee for his first knock. His second swing sent the pebble into the green and into the cup.

Homer Plague Doesn't Upset Regulars

Competition about the lively ball and the slugging rookies has failed to throw such clotting celebrities as Ruth, Gehrig, Bottomley and Black Wilson off their stride.

By JAY VESSELS
(Associated Press Sports Writer)
NEW YORK, July 20.—New sluggers are here to threaten the standings of the home run leaders but they can't crowd out the regulars who get their homers, live ball or dead ball.

Regardless of what is put inside the ballpark, such clotting stars as Ruth, Gehrig, Bottomley, Lutz, Gehrig and Hack Wilson will be around top. Ruth, king of them all, is up there now although off the last 12 valuable days because of illness.

Gehrig, who was second to Ruth in the American league last season, has been out in front in the junior loop

this season. Up to July 10 he had hit 22 homers, five less than his total for 1928.

Bottomley and Wilson, tied for the National League leadership last year, with 31, had 22 each at the same time, and were slugging the ball out of the lot in their usual style.

Simmons of the Athletics and Haef of the Cardinals are others who can reach the fences with anything that is branded as an official baseball.

Things adjoining the baseball emporiums. Bottomley, playing in the bandbox park at Philadelphia, rapped out seven homers in five games and was pumping drives into the middle of the block beyond the Phillies' right field fence.

Youngsters like Mel Ott of the Giants and Chuck Klein of the Phillies are up among the leaders, but both have done most of their home-run hitting in their home parks, where ordinary pop-fliers to the outfield count for homers.

All the newcomers will make their great fun with the lively ball. They are reaching the distant corners of the largest parks and the harder hitters are clearing streets, houses and other

more innings before Gehrig scored after two

Former Notre Dame Grid Athlete Drowns

LAKE HOPATONG, N. J., July 20.—Rupert E. Mills, famous athlete of more than a decade ago, was drowned in Lake Hopatong today.

Mills, prominent in New Jersey politics, was an end with Knute Rockne, on the Notre Dame football team and later was a major league ball player.

A passing motorboat on the lake, in which Mills, who was 35, and Louis F. Freeman, of Newark, New Jersey, former assemblyman, were paddling on the lake, Freeman, who could not swim was wearing a life belt and Mills started to tow him to shore, only 100 feet away.

Twenty feet from the dock Mills sank. Mills was assemblyman from Essex county in 1924 and 1925. At the time of his death he held the office of undersheriff.

During his attendance at Notre Dame he became one of the university's few four-letter men. Rockne later described him as one of the best ends he ever knew.

BACK FROM SURVEY
BOISE, July 20 (AP)—C. G. Paulsen, district engineer of the United States geological survey, returned Saturday to his company with H. T. Stearns of Washington, headquarters, and officials of a power company, from a hydrologic power reconnaissance of the Snake river canyon near Twin Falls.

McKeehue's Team Tops International

ROCHESTER, N. Y., July 20 (AP)—The Cardinals are having a little luck trying to repeat in the National league this year, but Bill McKeehue should worry. The veteran baseball manager has his team out in front in the international league race and has been leading the pack by a six-point margin.

McKeehue assumed the management of the Rochester Red Wings after he had been deposed as chief of the Cardinals. The powers at St. Louis decided that Bill had to go following the Red Wings' sorry showing against the Yankees in the 1928 world series. They offered him the Rochester job and Bill accepted. The Cardinals are in front in winning pennants is nothing new to McKeehue. He headed Baltimore to the National league pennant and the championship of the world in 1925 and brought the Cardinals home in front in splendid fashion last year.

In coming to Rochester, McKeehue swapped jobs with Billy Southworth, who piloted the Red Wings to the international league title last year.

McKeehue's team topped the international league today, 7 to 5, over the Cardinals.

McKeehue's team topped the international league today, 7 to 5, over the Cardinals.

Boys' Baseball Teams Will Compete at Boise

BOISE, July 20 (AP)—Juvenile baseball teams representing Coeur d'Alene, Glenn Ferry, Emmet, and Post of Idaho will compete for state honors in the American Legion junior tournament in Boise during the state convention of the Legion, August 1, 2 and 3. It was announced today by Paul Davis, Legion Americanization officer. Each is a district champion. The state winner will go to Spokane to try for northwestern honors August 15 against the best from Oregon, Washington and Montana.

The score—
Sacramento 8 13 0
San Francisco 3 7 0
Batteries: Keating, Rachac and Koehler; Thurston, Davis and McClaese; Reed.

Missions Take First Of Double-Header

Seattle Drops Opener By 2- to 7- But Retaliates in Nightcap to Win, 5-3

SEATTLE, July 20 (AP)—The Missions and Seattle divided a double-header here today. The Missions won the first game, 7 to 2, making 14 hits. Barber, William Hight, and the home run. The second, a seven-inning contest, was won by Seattle, 5 to 3.

First game—
Missions 7 2 0
Seattle 2 6 3
Batteries: Hight and Baldwin; Wickett and Barrant.

Second game—
Seattle 5 11 0
Missions 3 11 3
Seattle 5 11 0
Missions 3 11 3

PORTLAND 6-5 HOLLYWOOD 2-15

PORTLAND, Ore., July 20 (AP)—Portland and Hollywood again broke even on today's double-header. But Seattle won the first of counting game, 6 to 5. Hollywood pitched six scoreless innings in a 0- to 0 tie but the Ducks broke the deadlock by getting to him for six runs in the second. Manthey blanked the visitors.

In the second game with Portland using youngsters was a 15- to 0 victory for Hollywood.

First game—
Portland 6 5 0
Hollywood 2 15 0
Batteries: Wetzal, Shienbach and Severid; Manthey and Woodall.

Second game—
Portland 15 0 0
Hollywood 0 15 0
Batteries: Hight and Baldwin; Wickett and Barrant.

LOS ANGELES 13, OAKLAND 4
LOS ANGELES, July 20 (AP)—Seven runs in the eighth inning turned a ball game into a rout and Los Angeles made its three games to two in the series with Oakland by taking today's affair 13 to 4.

Pete Dugan, taking young Oakland pitcher, was chased to the showers. Augie Walsh who started for Los Angeles, also failed to last. Being replaced in the fifth by Lefty Peters. Two well-known baseball coaches, Kelly and Armstrong of the Boston Braves, and Charles Barrett, representing the St. Louis Cardinals, were in the stands watching Dugan and Walsh.

The score—
Oakland 4 17 2
Los Angeles 13 15 0
Batteries: Dugan, Kisch and Lombardi; Walsh, Peters and Sandberg.

SAN FRANCISCO 10, SACRAMENTO 8

SAN FRANCISCO, July 20 (AP)—The San Francisco Seals, league leaders, pounded out their fifth consecutive victory of the week over Sacramento Senators today by a 10- to 8 score. The Seals had two big innings, scoring five runs in the second and four more in the third and the Senators were unable to overtake the lead.

The score—
Sacramento 8 13 0
San Francisco 10 15 0
Batteries: Keating, Rachac and Koehler; Thurston, Davis and McClaese; Reed.

CHICAGO 4, BOSTON 3

CHICAGO, July 20 (AP)—Milton Qastan bluffed Boston to accept his winning White Sox run on third today and Boston took the third straight game when Chase scored a 4 to 3. Chase was on the first base hit in the eighth and kept the ball taking a throw to second to get a runner to home.

Art Shivers got two hits to extend his string of games in which he has hit safely 15 times.

WOMEN'S CLOTHING SUBJECT OF DEBATE BETWEEN PHYSICIANS

Surgeon General Endorses "Sensible" Attire For Fairer Sex But Army Man Scorns Wisp of Dress

Associated Press Feature Writer
WASHINGTON, July 21.—Women's clothing is a subject of warm debate, with two national authorities arguing for and against.

Surgeon General Hugh S. Cummings, head of the United States public health service, and his assistant, Dr. W. F. Draper, endorse the "sensible" clothing of women of today and think men would be healthier if they, too, shed a few garments.

But Charles E. Lightfoot, who designs all the clothing for the United States army, merely sniffs at the wisp of a dress which clothes present day womanhood.

"All right for style," says he, "but where is its durability? Men have work to do. When women go hiking, mountaineering or even automobile touring they do not wear sun tan dresses without backs or sleeves and scarcely any skirts.

They adopt mannish styles of clothing—something that will protect them from the elements. They even wear leggings to save their skins from scratches and bruises."

Mr. Lightfoot denies that the soldier's uniform is unnecessarily uncomfortable. "He can shed some of his ornaments when not on duty or in official function," says Mr. Lightfoot. "When he is in the trenches he can peel off his coat and shirt and underhirt, too, if he wants to. Designers of women's clothing follow the whimsical changes of styles. Designers of men's clothing must look to durability. The same idea has to be considered in designing clothes for civilians because the average man has to work for his living and must dress accordingly."

Dr. Draper makes light of Mr. Lightfoot's claim that women's clothing lacks durability.

"What would a woman want of durable clothes that lasted year after year like a man's clothing?" he asks. "They would be out of style before she could wear them out. You can't change the human race and following changing styles is part of woman's make-up. Her dress today is sensible, healthful, and beautiful because it gives her health and health is the greatest beautifier in the world."

Know How to Exercise
Without so many hampering garments the woman of today knows how to exercise. The woman of two or three decades ago could not swing a golf club or tennis racket if she wanted to. Her diaphragm was too constricted."

To strengthen his argument for lighter clothing for men Dr. Draper pointed to a pile of constrictive letters. With the other hand he reached for the telephone receiver. It was a male voice shouting an eloquent "Allo!"

SKULLS ON LAKE BOTTOM
LUDWIGSHAFEN, Germany, July 20 (AP)—Explorations of the bed of Lake Constance have disclosed several foundations and other traces of ruins of the ancient pile-dwellers and also a number of skulls. The exploring has been carried on by the use of caissons.

SPARKLING JEWELRY HAS RENEWED VOGUE

By BARBARA BEAUFORT
Associated Press Feature Editor
PARIS, July 20 (AP)—With the great vogue of black satin for afternoon and evening, with inevitable touches of white diamond jewelry and sparkling tulle jewelry are being produced in greater abundance than ever.

Some of the newest designs in necklaces have threads of straw twisted with strands of small pearl beads to form a rope of choice length, half an inch in diameter. There are bracelets of the same form.

Diamond jewelry is more in evidence than any other for evening toilettes, particularly with black or white gowns. There seems to be a tendency at some important houses of dress to make chains and pendants of less heavy effect, utilizing smaller stones in more delicate settings.

One of the new pieces is a pendant for wear at the end of a "hustler's" or "butter's" chain as they are called in countries where "hustlers" are unknown.

The new pendant is set with diamonds on one side and on the other is mounted a mirror which permits the wearer to peer surreptitiously in her mirror to determine whether her nose needs powder.

Londoners Revive Grandma's Bonnet

LONDON, July 20 (AP)—Grandmother's demure little bonnet from which peeped a few shy curls is being adopted by modern English granddaughters.

Lady Londonderry, one of London's best dressed women and a brilliant hostess, startled society by appearing at Ascot with a bonnet-like cap embroidered in bright colors. The following day dozens of Mayfair's smartest appeared at the race track with some variation of the bonnet theme.

Mr. Lightfoot denies that the soldier's uniform is unnecessarily uncomfortable. "He can shed some of his ornaments when not on duty or in official function," says Mr. Lightfoot. "When he is in the trenches he can peel off his coat and shirt and underhirt, too, if he wants to. Designers of women's clothing follow the whimsical changes of styles. Diamond jewelry is more in evidence than any other for evening toilettes, particularly with black or white gowns. There seems to be a tendency at some important houses of dress to make chains and pendants of less heavy effect, utilizing smaller stones in more delicate settings.

One of the new pieces is a pendant for wear at the end of a "hustler's" or "butter's" chain as they are called in countries where "hustlers" are unknown.

The new pendant is set with diamonds on one side and on the other is mounted a mirror which permits the wearer to peer surreptitiously in her mirror to determine whether her nose needs powder.

Diamond Ornaments
Being Produced in Great Abundance in French City

By BARBARA BEAUFORT
Associated Press Feature Editor
PARIS, July 20 (AP)—With the great vogue of black satin for afternoon and evening, with inevitable touches of white diamond jewelry and sparkling tulle jewelry are being produced in greater abundance than ever.

Some of the newest designs in necklaces have threads of straw twisted with strands of small pearl beads to form a rope of choice length, half an inch in diameter. There are bracelets of the same form.

They Are Wearing Skirts Longer in Paris

LONGER DRESSES are coming in vogue, if one may judge by latest styles seen at the French races. At left is a smart new dress that drew much attention at Autoul. At the right is another dress seen there with longer skirt and large bow. In center Laura La Plante wears a smart new Paris hat of crocheted black straw.

Mr. Lightfoot denies that the soldier's uniform is unnecessarily uncomfortable. "He can shed some of his ornaments when not on duty or in official function," says Mr. Lightfoot. "When he is in the trenches he can peel off his coat and shirt and underhirt, too, if he wants to. Designers of women's clothing follow the whimsical changes of styles. Designers of men's clothing must look to durability. The same idea has to be considered in designing clothes for civilians because the average man has to work for his living and must dress accordingly."

To strengthen his argument for lighter clothing for men Dr. Draper pointed to a pile of constrictive letters. With the other hand he reached for the telephone receiver. It was a male voice shouting an eloquent "Allo!"

SKULLS ON LAKE BOTTOM
LUDWIGSHAFEN, Germany, July 20 (AP)—Explorations of the bed of Lake Constance have disclosed several foundations and other traces of ruins of the ancient pile-dwellers and also a number of skulls. The exploring has been carried on by the use of caissons.

CAPITAL DEBUTANTES LABORING ON PLANS

Already Many Announce Dates For Coming-Out Parties in Next Season

WASHINGTON, July 20 (AP)—The debutantes of the nation's capital are dreaming — in the intervals between summer pastimes — of the sparkling evening gowns which will carry them into society next season.

Already many of them have announced the dates of their coming out parties. Leading hotel ball rooms are booked solid for Christmas week. That is the coveted time for teas and balls.

By that time, too, the popular sun-ban they are now acquiring in this country and at European resorts will have disappeared. Lily white arms and necks will again show up in all their beauty against riotous colors of gowns.

And that same sun-ban, while the summer sun is hot, has captured the fancy of the deb with a new trick. Sun-ban photography has appeared. By new camera process the portrait depicts the soft, rich shade of natural tan.

Among the prominent debutantes of next season is Miss Caroline Roehling, daughter of Mrs. Arthur O'Brien, wife of Colonel O'Brien. Miss Roehling will be presented to society at a tea dance November 30 at "Estabrook," her Washington home.

An attractive girl in the "service set" is Miss Caroline Sanderson, daughter of Lieutenant Colonel and Mrs. Charles R. Sanderson. Colonel Sanderson is a marine corps officer. Miss Sanderson has not announced her coming out date.

Miss Katherine Lowman, daughter of the assistant secretary of the treasury and Mrs. Lowman, will be presented at a ball December 21. Miss Clara Bolling, a niece of Mrs. Woodrow Wilson, will make her formal bow at a tea dance December 26. Miss Victoria Catalani, niece of the counsel of the Italian embassy, is another who will come out.

Several women in west Texas own ranches raising Angora goats, which are bred for their mohair, one of the important "money crops" in the Lone Star state.

ROAMING BOOKSHOP RUN BY GIRLS OF RADCLIFFE

CAMBRIDGE, Mass., July 20 (AP)—The Radcliffe Ramblers, a bookshop on wheels organized by members of the two-month tour of summer resorts up and down the New England coast, and in New Hampshire.

Last year the Ramblers was organized as an experiment to fill what seemed to be "a need" for new and standard books among residents of summer communities where there is little or no access to libraries or bookshops.

More than 400 different titles are included in the assortment carried, a choice that has been approved by experts in all the fields represented.

Miss Elizabeth Ann Hughes, Evans-ton, Illinois, is in charge. She is assisted by Miss Margaret Thompson Schofield, Chicago.

Many Pairs Being Imported
WASHINGTON, July 20 (AP)—The United States is importing 10 different kinds of furs from 48 countries. In March, says the department of commerce, the largest volume was 233,253 marmoset skins from China.

Parliamentary Women Win Quarters of Own
LONDON, July 20 (AP)—The woman problem in the house of commons has been settled—at least until more women are elected to membership.

Following the hue and cry raised by this year's crop of 14 feminist M. P.s, that little sanctuary first provided for Lady Astor 10 years ago was not large enough for the increased numbers, the guardian of parliamentary comfort has opened a new ladies' room.

The room, filled with small comfortable arm chairs, writing desks and boasting two mirrors, is said to meet the requirements of even the most fastidious of the women legislators. It has two large windows overlooking the Thames river and admitting plenty of light and air.

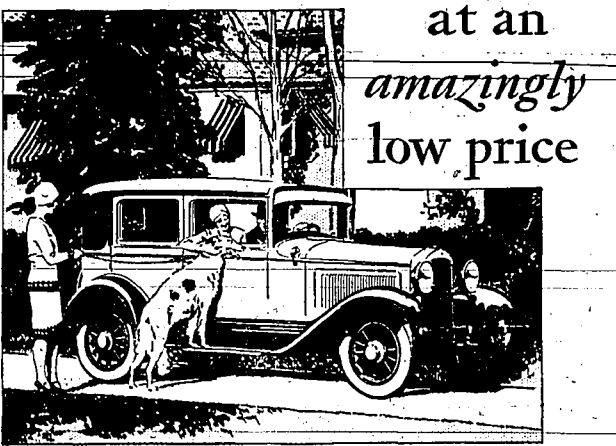

Brazil-Plants Oranges To Supplement Coffee
NICTHEROV, Brazil, July 20 (AP)—Although the Brazilian orange may never be being so much associated with the country as coffee does, the orange planters have launched plans recently to develop this industry.

One planter of this region sold out an electrical business and is using the funds to break virgin ground at Campo Grande, a few miles from Rio de Janeiro, and start a million-tree orchard.

Bahia claims to have given the United States the famous navel orange but at present the greatest activity in the extension of orange plantations is near Rio and Santos. This is because cold storage space available for oranges, shipped to Europe is ample. Such vessels do not stop at Bahia.

FRENCH ART SCHOLARSHIPS
PARIS, July 20 (AP)—The American Foundation for French Art and Thought will give this year a number of scholarships and prizes for French students and artists. The prizes, each amounting to \$240 a year for two years, will include three for literature, two each for painting and sculpture, one for engraving, five for the decorative arts, including architecture, and one for music.

Costly car beauty at an amazingly low price

SMART DESIGN... MAKES WHIPPET THE STYLE LEADER IN ITS CLASS.

NEVER before has an inexpensive car been distinguished by such stylish lines, rich colors and artistic finish as are now winning sweeping success for the new Superior Whippet.

From an engineering standpoint, too, the new Superior Whippet is the most advanced car in its class. At a low price, Whippet offers many important features found in costly cars. Dependable performance and low operating costs make Whippet's upkeep a negligible factor in your budget.

FEATURE FLASHES FROM FAR-FLUNG FOREIGN FEELDS

Prince Abdul Kadir, Former Heir to Turkish Splendor, Now Earns Meagre Living With Violin in Budapest Cafe

50-Year-Old Member of Royal Family, Raised in Luxury, Patiently Continues Struggle for Existence At Small Wage; Efforts Include Composing of Hymn, Operettas and Fox-Trots

BUDAPEST, July 20—Once an heir to splendor, Prince Abdul Kadir of Turkey, son of the late Sultan Abdul Hamid, is making a bare living here as one of the violinists in a Hungarian gypsy orchestra. He receives \$2 a night for playing in a cafe and on this

50-year-old member of royal family, raised in luxury, patiently continues struggle for existence at small wage; efforts include composing of hymn, operettas and fox-trots

He has tried his hand at composing, but has produced, among other works, a military hymn which he said he would dedicate to the man who shall restore the Turkish monarchy. He has also completed two operettas, four tangos and a barcarole and has attempted jazz in the form of half-

and arrows of outraged fortune with no resignation. This is due, his friends say, to the prince's original training in fatalism. It is all "Kismet."

AMERICAN SPEECH IN SOUND FILMS PUZZLE
British Audiences Unable to Understand Language Used in Talking Movies

LONDON, July 20—Is it spelled the same and it looks the same, but it doesn't sound the same. The movie-going British populace has found going to the cinema to be a puzzle. The influx of American-made films in Great Britain has brought with it the "American accents" which, when slightly distorted through the mechanism of the talking machinery is practically unintelligible to the Britisher who says "cinemas" for "cinemas" and "extraneous" for "extraneous."

But the lure of the "cinemas" has proven greater than the inconvenience of not knowing what the hero and heroine are saying and the London picture palaces are now filled with "Americanisms," such as "dumb-bell" "sap," "boob," have found their way into British speech in some quarters.

Turks to Construct Tomb for President
ANGORA, Turkey, July 20 (AP)—Turks here and big are digging in their pockets for planlets to contribute to the building of a mighty sepulchre worthy of housing the body of Gazi Mustafa Kemal when the first president of the Turkish republic dies. The white they pray that his life may be long, the citizens of the young republic have decided to construct his tomb at once, so as to be sure that it meets with his approval.

Millions of liras are to be expended on the erection of the Pantheon which is to rise on the ruins of the ancient fortress of Angora, the tiny tomb will be visible and commanding.

The building is to constitute a memorial to the Turkish Republic, while in its catacombs will one day be placed the bodies of President Kemal and other leaders of the new regime may be voted worthy of such honor by the national assembly.

The construction of the Pantheon is the most important picture in the program for the reconstruction of Angora presented by the German expert, Hermann Jansen, whose plan for the future expansion of the city has been unanimously approved by the Turkish government's commissions. Every man who has a share in the money in Angora Abdul Kadir is bearing these things

To Assist Japanese

ROBERT RIDGWAY, New York engineer named by President Hoover as delegate to the World-Engineering Congress at Tokyo, will remain to help Japan build transit lines.

British Trees to Adorn Grounds of Chinese Tomb

LONDON, July 20—An oak sapling and a young birch tree are to be sent from New Garden, London's largest nursery, to be planted in the grounds surrounding the mausoleum of the Chinese statesman Sun Yat Sen, at Nanking.

The trees are presented by request of the Chinese Nationalist government that Britain should send typical specimens of her arboriculture. Other countries are acting similarly.

Reports from the East say that when the mausoleum of the first Chinese president and his surroundings are completed they will form one of the world's most beautiful spectacles.

FRANCE REBUILDING MIGHTY FORTRESSES

PARIS, July 20—France is steadily rebuilding its line of fortresses along her eastern frontier which she regards as indispensable to her safety. It was revealed in an interview here with Paul Painleve, minister of war.

Lessons of the World War have been drawn upon in the new fortifications, with the result that deep caves, capable of protecting large bodies of troops from the heaviest shells, form an important feature of the new system.

Verdun remains the key point of frontier defense, the minister of war said, with a long line of smaller fortresses supplementing that defense, each related in a strategic plan to the others, and with vantage points ready for the artillery in the rear.

Painleve does not support the theory that a line of timber land is a valuable defense in modern war, insisting that the concealment it would afford the

MONASTERY IN ROME CONTAINS OLD BOOKS

Librarians View World's Famous Works Preserved By Benedictine Monks

MONTECASSINO, Italy, July 20—Delegates of the world congress of librarians, including many of the leading librarians of the United States, saw some of the most wonderful books on earth—when they visited here—the monastery founded by St. Benedict just 1400 years ago.

During the dark middle ages when barbarians were sacking libraries and internal feuds were intent on burning them, the Benedictine monks of Montecassino patiently copied immortal works and thus preserved for today priceless books that would otherwise have been lost forever. Among them are "The Golden Ass" and the "Metamorphoses of Apuleius"; the "History and Annals of the Benedictine monks of Montecassino" and his essays, "Republic" and "About the Laws" of the "Republic of the Gods" and "Old's" "Patri."

The oldest grammar in history was also preserved intact by the Benedictines. This was Varro's "Latin Message." Montecassino kept unharmed the only original copy. Upon this all grammars, from the time of the Greeks to the American schools, have in part been based.

The work of the Benedictine monks in preserving priceless books of the church has been even more remarkable. Original works of St. Jerome, St. Augustine, St. Cyrillin and St. Ambrose, the Benedictine monks of Montecassino kept intact. The oldest text of a decree by Gratian, famous codifier of laws, have all been saved from the deprecatory time and of men by the Benedictine brethren.

Among the visiting Americans were Herbert Putnam, librarian of Congress; Andrew Keith, librarian of Yale University and president of the American association, and William W. Bishop, librarian of the University of Michigan.

INDUCING SUICIDE BRINGS PUNISHMENT IN GERMANY

BERLIN, July 20—Henceforth such counsel as "Go hang yourself" or "Shoot yourself" will be fraught with danger in Germany. The Reichstag's committee on penal reform has adopted a bylaw imposing a jail sentence on any person inducing another to commit or attempt suicide.

This by-law evoked a storm of protests among legal experts and in the newspapers. It was argued that such a measure opens the door wide to blackmail, especially as the testimony of the alleged inducer is unreliable, would be lacking.

As there is a suicide in Berlin approximately every five hours, the police will have their hands full to determine whether the dead man or woman was instigated by another. Dr. Gustav Hadowitz, former minister of justice, writes:

"I am of the opinion that the danger of this by-law is greater than its benefits. It would have been safe enough to have left protection against suicide to the healthy human instinct to live."

It was inevitable that Chrysler should attract a degree of scientific interest accorded no other car in the past fifteen years. Engineers, naturally, were first to appreciate that Chrysler, while adhering strictly to soundest principles of design, is a distinct departure from previous motor car practice and performance. They recognize in Chrysler an advance in automobile engineering as revolutionary as the development of the X-ray in medicine.

When an unknown motor car sets out as Chrysler did—to grasp the leadership of a great industry, and with the speed of a meteor, sweeps to a foremost position in popularity and sales, it must possess extraordinary quality and ability.

When the first Chrysler car was placed on exhibition five years ago, the whole industry looked in amazement at what Walter P. Chrysler had accomplished. Within four years, Chrysler had leaped to third place in the industry.

How has Chrysler done it? What is the secret of this success? Simply that Chrysler gave in the beginning—each year since has given increasingly—and

Work of Repairing Four-Century-Old Cathedral in Mexico City Under Way

By C. F. NUTTER (Associated Press Staff Writer) MEXICO CITY, July 20 (AP)—The first religious services, following settlement of the government's dispute with the Roman Catholic church in the great work of repairing the four-century-old shrine, an event looked forward to by millions of the devout, failed to materialize because of the dangerous condition of the four-century-old shrine. For years it has been threatened with partial collapse.

The massive cathedral, said to be the largest and oldest on the American continent, has been closed for weeks with workmen busy in its repair. It is likely all repairs will be completed in a year, to thoroughly strengthen it and repair the ravages of time and the elements of the beloved shrine.

The suggestion that the cathedral be thrown open, despite its condition, for the resumption of services, was given careful consideration, but finally vetoed because it was feared this act might cause collapse of the cathedral, endangering thousands of lives.

Announcement has been made that the repairs may cost as much as \$1,000,000. Much of this money will be spent in damming underground waters which have wasted away the supports of the great mass of stone and caused it to settle at an inconspicuous angle.

These struts, together with a great jake of mud underlying Mexico City often wreck the best laid plans of builders and architects here, sometimes within a few years after construction. The slight subterranean shocks, often felt in Mexico City, usually start and then help along the sinking process.

Beneath the cathedral it is planned to sink great caissons down to the underground currents, and into these pour tons of cement for the combined purpose of damming the destructive water and of supplying a solid base for the cathedral's foundations.

Once this is done, the workmen will attempt to straighten the inside supports of the building, and will try to rectify the sinking of the stone walls. Cracks caused by the settling will be patched later.

The cathedral, occupying one entire side of the national plaza or Zocalo, is probably the most famous memorial of the Conquistadores of New Spain. Started soon after the Conquest on the site of and with stone taken from a great Aztec pyramid, the shrine was more than a hundred years in building, a large part of it—consisting of heavy volcanic stone, brought to the spot by the Aztecs or their predecessors, the Toltecs.

GOVERNMENT DISSOLVES ANTI-MISSIONARY GROUP

King George Adds to Fund for "Old Kate"

LONDON, July 20—King George has donated \$500 to a fund being raised by a London newspaper to provide "Old Kate" with a home for her old age.

"Old Kate" is the race-card seller who called at Buckingham palace last winter when the King was dangerously ill to inquire how his majesty was getting on. The royal family heard about "Old Kate's" call and his majesty's secretary wrote her a letter of appreciation.

In brighter days the King bought his race cards from "Old Kate," exchanging cheery greetings with her at various race tracks.

ANGORA, Turkey, July 20—The Turkish government has dissolved an anti-missionary society projected by a group of Turkish publicists and intellectuals.

This group has been attacking foreign schools in Turkey, particularly the American and French schools, on the grounds that they were still missionary in spirit even though ostensibly conforming as to curriculum with the republic's blanket rule against religious instruction in its own or in foreign schools.

The anti-missionary society was to pledge itself to the driving of the foreign missionary out of Turkey, but being obliged, as are all groups in Turkey, to get official sanction and recognizing the government's refusal to disband, they are now powerless to launch any group action.

PROFIT-TAKING SENDS STOCK PRICES DOWN
Issues Surge Forward During Opening Hours; But Encounter Heavy Selling

MARKETS AT A GLANCE
NEW YORK, July 20.—(General Motors sang to new high.
Bonds: Steady; American I. G. Chemicals, 120 1/2; United States, 120 1/2.
Curb: Firm; Penn Road at new high.
Foreign exchanges: Irregular; after high improve.
Cotton: Higher; advance of 1/16 in Texas; market and coffee: Holiday.

CHICAGO: Wheat: Lower; gains in Canada. Corn: Easy; excellent weather. Cattle: Irregular. Hogs: Strong to higher.
By CLAUDE A. ANCHER (Associated Press Financial Writer)
NEW YORK, July 20.—Stocks again started forward during the first hour of the session, but were held back by a flood of week-end profit-taking. The market was characterized by the opposite trends taken by United States Steel and General Motors. The latter, which had been a bull favorite in recent years, fell 1 1/2 points to 120 1/2, while the former, which had been a bear favorite, rose 1/2 point to 120 1/2. The market was characterized by the opposite trends taken by United States Steel and General Motors. The latter, which had been a bull favorite in recent years, fell 1 1/2 points to 120 1/2, while the former, which had been a bear favorite, rose 1/2 point to 120 1/2.

WHEAT PRICES SAG ON CHICAGO MARKET

Haste to Seize Favorable Moment to Realize Profits Precipitates Break
BY JOHN P. BOUGHAN
CHICAGO, July 20.—Wheat to set a favorable moment to realize profits for its speculative holders precipitated an extremely sharp decline in wheat prices today. Until the last hour of trading, buyers held the advantage most of the time, a dip-and-tuck struggle, but the advance which had been secured went into sudden reverse and the finish was practically the city's bottom level.

CHICAGO CASH GRAIN

CANADIAN UNIPRES GAME
 TOKYO, July 20 (AP)—Hugh Keenleyside, who recently came here as Canadian charge d'affaires, made an early diplomatic record. He umpired a baseball game between the staff of the United States embassy and high officials of the Japanese foreign office, and did it to the satisfaction of both teams and the crowd.

State Of Mind Big Hot Weather Factor

(Third of a series of articles by Dr. D. M. Cowell, director of Twin Falls County Health Unit)

The most important thing in hot weather is in keeping the mind off of the fact that it is hot. It doesn't appear to be in favor of capital punishment but one should choke some of the yowlers who always talk and complain about his weather. All they do is to make the rest of us feel hot and get hotter themselves.

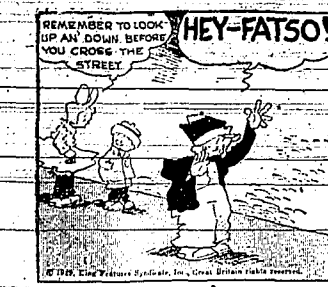

The summer time is the time of out-of-door recreation. Batches should be kept out-of-doors in the sunshine with as little clothing on as possible. At first it is well not to let them play out in the sunshine too long a time. They should be permitted to be gradually tanned by the sun. After the baby is tanned he should be allowed to play out in the sun as much as possible.

The pre-school child should play simple games under competent supervision. Any competitive game is good to keep the child's mind off of the heat. It is well to work in a cool sweat for as this moisture evaporates the body cools. A child should have plenty of water to drink and should be encouraged to drink. Water should not be ice cold. The school child from 6 to 16 years of age should be allowed to go swimming, when they play ball and football.

All women with house work to do should take plenty of recreation. If a woman is physically tired she should have mental recreation. Reading, talking or attending the theatre. The recreation should be taken in places where the ventilation is good. Ventilation is one of the important items in keeping cool in the summer months. Poor ventilation causes headaches and other ailments. For the women who work in offices and exercise their minds physical recreation is best, providing that they are not physically tired at the end of the work day. Women caring for several small children should be relieved of their care for a few hours daily. The mother who never has time to relax from the care of her children generally becomes extremely nervous.

Men who work in offices and are mentally tired, should take out-of-door exercise as baseball, swimming, golf, fishing, and tennis for recreation. For the man who works physically through

BUILT GIRL RETURNING FROM VISIT IN PARIS

Miss Lois Hatfield Will Come to Idaho After Recovering Possessions

BUILT—July 20—Miss Lois Hatfield, daughter of Mr. and Mrs. Henry Hatfield, who has spent the last year in Paris is expected to return to Buhl the last of this month. Miss Hatfield has been detained in New York for several weeks since her suitcase to recover baggage shipped back to Paris by mistake. Mrs. Will Locke and son, Jack, Winchester, Idaho, Mrs. Jasper King and two sons, Downton, Idaho, and Miss Alta King, Winchester, are guests of Mr. and Mrs. Loyd Hays—Miss King and Mrs. Locke are sisters of Mrs. Hays. Mr. and Mrs. Grant King, Winchester, Mrs. Hays parents will arrive Sunday for a visit of several days.

Lieutenant Paul Rudy, Fort Lewis, Washington, is the guest of his parents, Mr. and Mrs. C. E. Rudy. Lieutenant A. C. Willensson, also of Fort Lewis, is spending several days in the Rudy home before going to Salt Lake City for his vacation. The latter plans to make a tour of Yellowstone park before returning to camp. Dr. J. W. Gledy, and C. P. Singleton, representing the Smithsonian Institute at Washington—are in the vicinity of Hagerman looking over the canyon in that district for traces of prehistoric bones. Dr. Gledy and Mr. Singleton, have recently made searches near American Falls, Shoshone, Rupert and Buhl, and it is reported that they have discovered a number of unusual specimens which have been sent east. Several exhibits have been taken to the collection from the vicinity of Hagerman it is understood.

W. M. Olds has been elected to succeed C. E. Bunn as president of the Buhl municipal band. Mr. Bunn recently moved to Twin Falls.
 Mr. and Mrs. Roy Ellis, and Mr. and Mrs. William Fegelson, Long Beach, are guests of Mr. and Mrs. B. R. Divilbiss, parents of Mrs. Ellis and Mrs. Fegelson.
 Mr. and Mrs. Lester Allen and daughter, Dorothy, have gone to Springfield, Ohio, where they will spend several weeks with Mrs. Allen's parents.
 Mr. and Mrs. C. M. Merrick and children, Jane, Virginia and William, have gone to Pacific coast points for an extended visit. They will visit Mrs. Merrick's parents, Mr. and Mrs. Pitt in Portland and Mr. and Mrs. Merrick will go to San Francisco for furniture week. They will return to Buhl early in August.

MARRIAGE ANNOUNCEMENT SURPRISE AT HOLLISTER

HOLLISTER, July 20—Announcement of the marriage of Mrs. Laura Fullmer to T. L. Smith, Neph. Utah, which took place at Ogden, July 3, came as a surprise to her friends here. Friday evening, at the home of his grandparents, where he was visiting, was a son of Mr. and Mrs. Dan Denton, San Diego, but formerly of Twin Falls.

ISSUE PORTRAIT STAMPS

ISLAND OF RHODES, July 20 (AP)—This Italian colony is to issue a set of nine portrait stamps to commemorate the recent visit of King Victor Emmanuel, Queen Elena and the royal princesses, Rhodes, once the fortress of the crusaders, is also calling attention to itself through a new ethnographic museum.

A question 365 days long!

EVERY day, for twenty-four hours, Goodyear's fire-testing cars race along the roadways of America. Overloaded, steaming, crowding the speedometer from dawn to dusk, they cover concrete and gravel, hill and dale. Each car often piles up as much as 800 miles a day.

Some of them are big cars, some small; some cruise in Ohio, some in Florida, some in Arizona and New Mexico, some on the Pacific Coast. Altogether they comprise the largest tire-testing fleet in the world, and they're kept on the run in sunshine and storm the whole year through.

THIS ceaseless and unmerciful testing, this question 365 days long, is the kind of scrutiny Goodyear Tires must survive before they are offered to the public.

Every improvement in compound, every advance in construction, must run this gauntlet successfully before it is incorporated in production.

Inspection to insure uniformity of quality in itself is not enough; even this inspection is subject to check in the harsh laboratory of the road.

As a consequence Goodyear quality is a definite and dependable thing—so outstanding as to support the largest tire business in the world.

WHEN you buy a tire, ask yourself if it has this background—this insurance of brilliant and economical performance that is a part of every Goodyear Tire.

We will demonstrate to you the Superior Traction of Goodyear Treads and the Greater Vitality in Super-Twist Cord
