

# Ford's Money and Machines Develop Rubber Plantation

**WORK TRANSFORMING BRAZIL JUNGLE INTO MODERN ENTERPRISE**

Manufacturer Builds Large Hospital for 1700 Employees  
Farm Features Sanitary Quarters and Equipment  
Company's Workers Clear 2000 Acres During First Year

SANTAREM, Para, Brazil, Nov. 2.—Where once was only a sweaty jungle along the Tapajós river, the money and machines of Henry Ford are fast bringing to view a vast rubber plantation. It was jungle of the densest type when the Ford interests began. So close is the growth that after it has been cut it must be incised and then burned before planting. Yet, in this wild country where the forces of nature have held their own way for centuries, a bit of the "United States" is developing.

Modern Advantages  
There is a 100-bed hospital—wide-porch bungalows have been built. Doctors and sanitary quarters are being constructed for other workers. A sewage disposal system and a filtration plant to insure pure water, are in, as well as other refrigeration plants. The company operates a commissary stocked with all necessities and sells for cash. Beef cattle are bought at the station and killed in a modern abattoir on the plantation.

When the Ford company obtained the concession of 2500 acres, the terms were that 1000 acres were to be cleared in each of the first four years. Instead in the first year 2000 acres were cleared. Of that, 1000 acres were planted to rubber shoals, and 1000 plants are in the seed beds at present.

Clearing is progressing at the rate of 100 acres weekly. With 3000 present operating tractors, steam shovels and other implements.  
To Export Lumber  
While the jungle undergoes its burn-off, the large trees are skated to a saw mill and plant for construction purposes. 55 far plantation building was kept up with the saw mill. The logs are floated down the river to the United States. Of the concession as a whole 4700 acres are available and only 1000 acres from the United States. The native laborers receive five milreis minimum daily (about 50 cents), in addition to food and lodging.

As they become skilled they work up to a maximum of 15 milreis (\$1.80) and with more proficiency more pay, according to a Ford official. All employees must pass a physical examination.  
The first executive from the Ford plant to visit the plantation is William C. Dowling, who has spent a month here. He believes the 1000 rubber trees now growing will produce before the usual age of six years.

Bladder Irritation  
If functional Bladder Irritation disturbs your sleep, causes burning or itching sensation, excites the bladder, making you feel like you are sitting on a hot stove, try the Cystex 48 Hour Test! Don't give up. Cystex costs only 49¢—40¢ a box. It is the only medicine that doesn't irritate the bladder. Money back if it doesn't bring quick improvement, and satisfy you completely. Try Cystex today! Only 49¢.

Bladder Irritation... Duco Repainting and Fender Straightening... Go Together... LIND Automobile Co.

Modern bungalows (upper left) have been erected for overseers on the Ford rubber plantation in Brazil. At the right, natives are clearing the jungle. The density of the growth is indicated in the distance. At lower left is a sawmill on the plantation.

## POLICE TRACE MEXICAN OUTBREAK TO MOONSHINE

Trouble broke out among Mexicans in Twin Falls yesterday afternoon, and continued for about an hour to subside promptly after the police discovered what they regard as the source of the disturbance in a truck in a local livery house. It contained 17 pint bottles and a gallon jug full of moonshine whiskey.  
Evardo Carrasco, 25, and Conchita Oleida, 18, were arrested on charges of illegal possession of the liquor. They said they had come here recently from the Lake City.

## Youth Pleads Guilty to Theft From Comedian

Russell Moran, 19, accused of leading Harry Bennett astray and taking \$27 from him, was brought back from Nampa Friday night to plead guilty in prothonotary court yesterday to a felony charge of grand larceny. He was held to the action of the district court under \$500 bond—\$100 cash—\$200 surety—and he was remanded to the custody of the sheriff.

## COURT UPHOLDS DECISION

BOISE, Nov. 2 (AP)—The supreme court today upheld the decision of the Ada county district court awarding \$200 damages to Robert Paris, 19, who two years ago was seriously injured in an automobile collision with a truck belonging to the Burrows-Jones Machine company.

## RAILWAY PRESIDENT DIES

NEW HAVEN, Conn., Nov. 2 (AP)—George A. Hattunauer, president of the Boston and Maine railroad, died at Hotel Taft here this afternoon after a heart attack suffered while he was a spectator at the Yale-Dartmouth football game.

## Ticker Reads Dictionary

Dear Friends:  
This is the day I am supposed to write an ad for the J. H. Umbaugh Jewelry Store.  
I borrowed the boss's dictionary, and learned a lot of bit words but I can't seem to make them fit together.  
Finally I asked Mr. Umbaugh for a suggestion and he said: "Tell 'em about these—Diamonds and Philco Radios."  
That ought to be easy. They're about a necessity these days. You're just simply left without a radio and then you lose the world best feature—what I'd suggest is that you come in and see for yourself and check up on my ad writing the first time you are down town.  
TICKER  
P. S. I believe I'm going to like this job.

## The Weather

FORECAST FOR TODAY AND TOMORROW—Fair Sunday except chilly and unsettled in southeast portion. Monday fair.  
Yesterday temperatures were reported by the government weather observer who gave 69 degrees as the maximum and 44 degrees as minimum for the 24-hour period ending at 6 P. M. Extreme temperatures Friday were 54 and 28 degrees.

## Pioneer Utah Artist Dies

SALT LAKE CITY, Nov. 2 (AP)—Paul E. B. Hamner, pioneer artist and decorator of this city, died here tonight of general debility. He was 90 years old. Notable among his accomplishments was an work in the Salt Lake temple.

## GOVERNMENT PRODUCING HELIUM AT LOW PRICE

WASHINGTON, Nov. 2 (AP)—A record low-cost production of helium, non-explosive gas for lighter-than-air craft, was achieved by the federal government during July.  
The new plant at Honey, Texas, produced 46,824 cubic feet of this gas—a quantity estimated by the bureau of mines at \$20 a cubic foot.  
This is the lowest figure at which helium has been produced, as far as is known to the bureau. When a second unit of the plant is completed soon after its operation, helium will be produced at the low cost to exceed all government requirements.  
The average cost of helium produced at the Fort Worth plant in 1928 was \$24 a thousand. In comparison, the new low cost will effect a saving of \$36,000 in a single filling of the Los Angeles.

## NEW SHIP OFF IN 1931

LONDON (AP)—The new steamship Empress of Britain, 25,000 gross tons, will make her maiden voyage in May, 1931.

# Tons of Checks Daily Enter New York Clearing House

## GOUGHAM INSTITUTION FINISHES 76 YEARS OF STEADY SERVICE

Volume of Business Makes Continuous Operation of Organization Necessary

Clarence E. Bacon, Directing Head, Provides for Demands of Commerce

By WILLIAM H. RHINE, Financial Editor  
Associated Press Feature Service  
NEW YORK, Nov. 2.—The New York clearing house was 76 years old the other day. There was no birthday party when the anniversary came around. Instead, the quiet, gray pillared institution handled its usual daily business—some 200,000 checks representing from \$1,000,000,000 to \$2,000,000,000. At the time the organization began operations in October, 1853, the first day's receipts were \$22,609,999.99 and the check, business manager, said that more than \$43,800,000,000,000 in checks have been cleared since that time.

The New York clearing house is one of the few financial institutions that does not stop its machinery, turn out the lights and lock up at night when the Wall street area becomes a deserted village.

Changes Necessary  
Clarence E. Bacon, directing head of the organization, has had to shift gears several times as the volume of business increased. He increased the number of shifts each day as daily clearings are effected and made other changes to handle billions as easily as millions.

Until 1917 the only check exchange took place at 10 o'clock each business morning. The rising tide of American finance in the later war years required a second exchange, which was inaugurated at 9 o'clock. In 1922 a third at 8 o'clock became necessary to clear the early morning accumulation of checks.

In 1926 a bond coupon exchange at 6:30 each morning was started. This met the problem of routing the coupon to the proper bank for exchange. The coupon exchange now is handled by means of approximately 18,000 bond slips.

Distribute Late Checks  
The return item exchange occurs each day at 3 in the afternoon. The purpose is to distribute checks which, for one reason or another, were not paid through the morning exchange.

The midnight exchange opens at 5 o'clock in the afternoon and operates continuously until 3 in the morning. This enables the banks at the close of the day to deliver checks without delay.

There are 236 regular clearing houses in the United States and the New York institution handles more than half the total for the nation.

## TEMPERATURE DROPS LOW IN AMSTERDAM DISTRICT

AMSTERDAM, Nov. 2.—Early morning temperatures of from 34 to 40 degrees above zero have been reported here this week, and residents of this district who returned from a trip to Shoshone basin declared the thermometer at the ranger station indicates a temperature of 10 degrees below zero Wednesday morning.

Many families from here attended the supper service in the Masonic hall in Hollister by the Ladies' Aid of the Presbyterian church.

Glenn Holmquist, Elizabeth Kunkel, Gladys Mac and Beth Brackett attended the Halloween party given at the high school in the auditorium at Hollister Thursday evening. Glenn Kunkel was a guest in the party.

Bacon (lower right) is manager of the clearing house.

## FILER-METHODIST CHURCH LADIES' AID ENTERTAINS

FILER Nov. 2.—The Methodist Ladies' Aid entertained at Mrs. L. Mosley's home Friday afternoon, complimenting Mrs. Clyde Hawkins, who is leaving for her home in retirement.

Refreshments were served after an afternoon of music and visiting. The guest of honor was presented with a set of silver teaspoons and a hamper.

Mahlon Monnquist entertained at a Halloween party Thursday evening. After a dinner, the guests enjoyed a marshallball most on the lawn. The guests were Lyle Green, Margaret D. Catherine Beem, Tom Cartney, and George Anthony.

Mrs. and Mrs. Clyde Hawkins and daughter, Margaret, left Saturday morning to make their home in Salem, Ohio. Mrs. H. H. Schindler and son, James, and daughter, Margaret, of Phoenix, Arizona, former Filer residents, surprised their many friends by a visit Friday.

Mrs. W. L. Kloupenberg entertained the design club at her country home Friday afternoon, complimenting Mrs. O. L. Saur, who is leaving Twin Falls. Guests present were Mrs. O. L. Saur, Mrs. J. M. Jamerson, Mrs. W. C. Jacky, Mrs. C. W. Clegg and Mrs. Florence Jacky, Twin Falls and Mrs. D. L. Deamer, Filer. Mrs. J. M. Jamerson won the best high score and Mrs. C. W. Clegg Davis won the low score for the club. Delicious refreshments were served.

## CASSIA COUNTY DEER HUNTERS PAY FINES

Men Taken Into Custody by Two Forest Rangers Appear in Lower Courts

BURLEY, Nov. 2 (Special to The News)—A rather imposing number of deer hunters, gathered together in the Sublett hills in Cassia county Wednesday, were led into several of the minor courts of the county Thursday under the leadership of Forest Ranger Jerome. A party of Forest Rangers Bert Mahoney and Frank Youngberg. They were charged with hunting deer in closed territory.

Nel Adams, Sublett, was turned over to Frank Riblett, Justice of the peace of Malia Precinct. J. P. Albee, Wendell and Rubie Ross, Zearns Precinct, J. E. Hadden, Paul, were held before Justice A. O. Dunn at Burley. Albee and Rubie Ross, who pleaded guilty of killing deer, were fined \$100 each and costs, \$50 of the fine in each case being suspended. Leonard Ross and Hadden, who pleaded guilty of hunting deer, were each assessed \$100 fine and costs, \$75 of the fine being suspended.

Six hunters were taken before Probate Judge E. M. Wright. They were Donald Hunter, Frank E. Hunter, V. A. Spaulter, Dr. E. H. Emore, Dr. Lehard, Praeger and C. J. Waggoner, all of Rupert. The first three secured \$2,000 bonds and Friday morning was set for trial. A jury was called, but no

## ASSOCIATION MEETS IN SCHOOL AT DIXON

Parent-Teacher Organization's Members Attend First Session of Fall

DIXON, Nov. 2.—The Dixon Parent-Teacher Association held its first meeting of the fall at the school house Monday evening. During the program hour interesting talks were given by Floyd Elton and Miss Jean Ross, teachers of the Dixon school. As a closing number Guy Dixon played a piano solo.

Mrs. and Mrs. Dave Douglas entertained the Tuesday Evening Bridge club this week at a Hallogay bridge supper. Colors and emblems of the season were used in the decorations of the tables and the rooms. High score was won by Mr. and Mrs. Fay Sibley.

Ray Looney has finished harvesting his 20 acres of russet potatoes and secured an average of 250 sacks per acre. Mr. Looney is busy now harvesting the potato crops for Dewitt Latus and Frank Grant.

# FILER BANKERS HEADS GROUP ORGANIZATION OF EIGHT COUNTIES

40 Representatives of 27 Banks Gather Here and Select Guy H. Shearer Association President

Forty bankers, representing 27 banks in 15 cities of the eight counties of the South Central district of Idaho held a dinner meeting at the Rogerson hotel last evening and organized the South Central group of the Idaho Bankers' association.

Guy H. Shearer, Filer, president of the First National bank, Filer, was elected president. Painter, Burley, cashier of the Cassia National bank, Burley, vice president, and John C. Hamilton, Buhl, cashier of the Farmers' National bank, Buhl, secretary-treasurer.

The meeting was called to order by W. E. Nixon, assistant cashier of the First National bank, Twin Falls, who was appointed by the Idaho Bankers' association to act as temporary chairman until the organization had been perfected. The call was read by Guy H. Shearer, Filer, acting as temporary secretary. Bylaws were adopted. Crawford Moore, Boise, president of the First National bank, Boise, made the principal address of the evening. Mr. Moore spoke in an optimistic tone of financial conditions in the country in general and in southern Idaho in particular.

The purposes of the group organization are stated to be to simplify methods of transacting business and in solidarity action for the upbuilding of the community. Committee will be appointed at the next meeting to be called in the near future. Counties in the district include Blaine, Camas, Cassia, Gooding, Jerome, Lincoln, Minidoka and Twin Falls.

FOR SALE—SMOOTH, WHITE FACE 2-year-old, pure bred, for February lambs. Will be sold in numbers to suit. Price is \$11. Very desirable lot of ewes can be seen on the farm, 1 1/2 miles south of Filer. Ewes are in field 1/4 mile south of Hunt's silos. Ed Wells, route 2, Twin Falls.

WANTED — PASSAGE TO LOS ANGELES or Phoenix by motor. B. E. Agee, Box 274, Buhl, Idaho.

# A Wanamaker Heads New York's Air Corps

RODMAN WANAMAKER (inset) has been appointed head of New York's flying police. Above are four of the nine policemen who patrol the air above Manhattan's skyscrapers.

# BREVITIES

is making a short visit with her parents in Rupert.  
Guest of Brother — Henry Grive, Central City, Nebraska, accompanied by Mrs. Grive, arrived yesterday to visit his brother, Fred Grive.  
Returns to California — Mrs. Pearl Walker, San Bernardino, left for her home last evening after a visit with her mother, Mrs. A. V. Danner.  
Return to Gooding — Mr. and Mrs. Fred Huff, Gooding, left last evening for their home. Mr. Huff was here for medical and surgical treatment.  
Visit in Boise — Mr. and Mrs. J. D.

Barthel, accompanied by their daughter, Mrs. Russell McFarland, are spending the weekend on a visit in Boise.  
Leaves for Long Beach — M. I. House, Long Beach, former Twin Falls resident, left for his home yesterday after a month's stay in Idaho looking after property interests here.  
Will Make Home Here — Clarence C. Sutton and Mrs. Nellie Kelley, brother and sister of J. E. Sutton, Twin Falls, arrived Friday from Indiana to make a list of candidates to be interviewed.

# Salvation Army Seeks Relief for Children

The Salvation Army yesterday issued a call asking for clothes for a family of seven children now in the care of the county at the county hospital ward. The children range from seven to 15 years of age.

# Sales of Sargon Set

Amazing New Record  
If you were told that literally thousands of well known men and women have stated publicly that "Sargon" medicine had relieved them of health troubles after all other medicines and treatments had apparently failed — it would sound impossible, wouldn't it? Yet, that is Sargon's wonderful record.

So great has become the demand for Sargon and Sargon Soft Mass Pills that the Sargon Laboratory has been forced to increase its capacity from 8,000 to 15,000 bottles daily.  
"Financial and bewildering" is the way one of the big drug jobbers of the country describes the marvelous demand.  
One big New York firm, with wholesale branches in leading cities, is selling at the rate of more than one million bottles a year — or to be exact, 999,164 bottles in the past eight months. Introduced in California in April of this year, the people of this State alone are now using it at the rate of more than one million bottles per year, or an average of one bottle for every family in the State, and so it is everywhere.  
Why this enormous and ever-increasing demand for Sargon?

# SEARCH ENDS WITH FINDING OF HUNTERS

Hollister Men Fail to Inform Relatives On Leaving Grounds to Visit Mine  
While anxious relatives and friends searched through Shoshone Basin for A. E. Larsen, 34, and Emmet Schultz, 28, both of Hollister, missing since last Sunday when they left on a deer-hunting trip, Larsen and Schultz were visiting at a Nevada mine, searchers reported here yesterday.

Without informing relatives, the two men had extended their stay in the hills beyond Monday when they were expected to return. Search was organized Friday here and at Hollister. Severe storm swept the basin Sunday and weather there since has been inclement.

Why this enormous and ever-increasing demand for Sargon?  
Sargon is a new kind of medicine. It is different from any other medicine you have ever taken because it is based on new and remarkable discoveries in the field of modern medicine which have completely overturned many old mass-grown theories we have known for a life-time.  
That is why people everywhere are looking on Sargon as the one great outstanding health-giving remedy of the age. No wonder it is called the medicine with a million friends — Schramm-Johnson, Drugs, agents.

# Come And See

You can read a lot of grocery ads and know of all the items certain stores sell cheaply, but it is necessary to come to our store to know that it is virtually a food bazaar with long shelves groaning under the weight of hundreds of bargains.

# You'll Be Pleased

You will not be disappointed after spending a few minutes or a half hour in our store. You'll be glad that you came, and you will go away with the determination to come back again for more good, clean foods to eat, at prices which leave money in your purse for other things.

# ORPHEUM THEATRE

## First Appearance of INA CLAIRE (MRS. JOHN GILBERT)

### Great Broadway Actress In Her Most Brilliant Broadway Success

Ina Clair's First 3 Weeks in Hollywood Amazes Film Colony  
Miss Claire arrived in Hollywood on a Thursday, got six or seven trunks unpacked on Friday, gave a reception for the press on Saturday, met John Gilbert on Sunday for the first time, put in Monday, Tuesday and Wednesday at a modest selecting her wardrobe for her first talking picture, and in the following week rehearsing, cloped with John Gilbert on the following Friday and started work before the camera and microphone on "The Awful Truth" Monday.

A dramatic diamond in a platinum setting is this remarkable story of pride, jealousy and intrigue — An unusually appealing theme that is bound to interest fathers, mothers, wives, husbands and sweethearts! — Don't miss seeing this the finest dialogue film of the current season.  
Directed in Miss Claire's starring role are Henry Duer, Paul Harvey, Theodore Von Eltz, Blanche Frederick, Judith Vosselli, Sidney Bracey, Colin Chase and Jacqueline Dyris.

### 37 BURL STUDENTS ATTAIN HONOR ROLL

#### Pupils at High School Win Places on List for Work Since Opening of Term

BURL, Nov. 2.—The honor roll for the school year 1929-30 has been published since the first report, and the names of 37 students are as follows:

High honors—Eugene East, Gertrude Johnson, Madge Guilt, Florence McDonald, Carolyn Gibb, Maxine Morgan, Helen Gray, Mary Louise, Gertrude Hoffmann, Margaret Thompson, Louise—Charlotte Ahlgren, Victoria Merriam, Lillian M. Burch, Elizabeth Wolfe, Norton Bailey, Jane Merrick, Margaret Blaylock, Gordon Merrill, Everett Bonnichsen, Marjorie Merz, Sarah McEwen, Helen Bracker, Robert Bracker, Florence Meyers, George Cook, Margaret Ninger, Lorene Pfleger, Pearl Roland, William Gable, Olive Mary Henry Hatfield, Ella Speicher, Frank Hovind, Anne Whitten, Edna Linn, Raymond Lutz, Gladys Linn.

Robert and Cecil Childs, brothers, after recovering from broken wrists received this week. Robert's wrists were broken while trying to crank a car and Cecil's arm was broken when a horse fell on him.

P. C. Meredith and his brother, Owen Meredith, are spending several weeks in Des Moines, Iowa, on business.

Mr. and Mrs. Lee Jordan and children of Grand Island, Nebraska, are the guests of Mr. and Mrs. N. J. Jordan.

Miss Elizabeth Murphy and Miss Ruth Barron were hosts of a clerical and janitor "Hallowe'en" party at the home of Mrs. O. J. Glasgow and Troy Moore. The guest list included Mr. and Mrs. Glasgow, Myrtle Mrs. Howard, Gault, Mr. and Mrs. Gifford Davidson, Miss Carmen Baggett, Miss Grace Gull, Miss Mary Fay, Mrs. Olive Mary Virginia Hart, Miss Frances Abel, Miss Helen Milliken, Miss Elsie Warn, Miss Moscoe Brooker, Troy Moore, Carl Baker, James Hart, Carl Curtis, Paul Rudy and Al Reading.

F. L. Atkins, master of Pomona garage returned Thursday evening from Walla Walla where he attended a meeting of representatives of wheat growers of Montana, Idaho, Washington and Oregon.

Mrs. I. P. Constant and son, Shelby, returned this week from an overland trip to Palo Alto, California, where they attended the Stanford-Southern California football game.

While officers of Burl answered calls to residences where groups of boys were collected for mischief on Hallowe'en evening, a gathering of other boys constructed the crossing at Broadway and Main streets with barrels, builders and signs. Night Marshall Thomas Deunis arrived at the scene in time to catch one of the youths and place him in safe-keeping for the remainder of the night. Farm machinery near town was distributed over the business district and many owners are still searching for missing articles.

Mrs. E. A. Spence and son, Ned, will leave Sunday by auto for Los Angeles, where they will spend the winter.

Rev. E. S. Barlett has been called to Pasadena, California, by the death of a brother.

Victor Miller, who has spent the summer here with relatives on his route to Carlville, Illinois, to spend the winter with his parents.

Elmer Bordwick, Clinton, Iowa, will arrive in Burl with his family about November 1 as representative of the Griffin estate. He will be associated with J. J. Rugg.

Mr. and Mrs. R. R. Love have returned from a month's vacation in Alaska, returning by way of Seattle.

Mrs. C. Zimmerman and son, Carl, and Emmett are guests of Mrs. Zimmerman's parents, Mr. and Mrs. A. C. Lathrop.

The following births have been reported here this week: Mr. and Mrs. Harry Stewart, a son; Mr. and Mrs. Charles H. Hammond, October 29, a daughter.

Word has been received here that Mrs. J. M. Woodcock, who was called to Kansas City recently by the death of her father, has been stricken by paralysis and is in a critical condition. Mr. Woodcock is with her.

**Burl Legion Auxiliary**  
Decides to Give Banquet

BURL, Nov. 2.—Special to The News—Members of the American Legion Auxiliary have decided to give a banquet for the Legion, which will probably be held November 15. They will also aid the Legion in selling tickets for the dance to be given by the latter organization the evening of Armistice Day. Mrs. Fred Danstman has been selected as president of the auxiliary in place of Mrs. Bristel-Stephenson who has resigned.

### PRODUCE LEAVES IN 284 CARS AT HANSEN

#### Railroad Company's Agent Reports Heavy Shipment of Crops During Period

HANSEN, Nov. 2.—George Trull, division agent for the Oregon Short Line of HANSEN, reports the departure of 284 cars of produce from the local depot during the month of October. They were loaded chiefly with beans, lentils, potatoes and apples. Seven cars of cattle were shipped.

Mrs. William D. Stanger and two youngest children left Friday morning for Oregon to visit relatives and to receive medical treatment. The length of her stay is indefinite.

Miss Marguerite Ames is spending the week-end with her family in Boise.

In the high school contest carried on in the high school last week the Green Eagles won and the Red Hawks were therefore obligated to provide entertainment for the winners.

Hansen Grange will meet Thursday night at the church in regular session. In addition to the two song-and-dance plays, "Two Aunts and a Photo" and "High School Singing" which will be given in the high school auditorium next Tuesday evening at 8 o'clock, there will be several special numbers and the girls' solo club will make its first public appearance. The young folks have been practicing faithfully and expect a good audience.

Mr. and Mrs. J. W. Frahm and daughter, Helen, and Mr. and Mrs. Fay Frahm went to Pocatello Saturday to attend the wedding of Aulbert Frahm to Miss Dorothy Johnson of this place.

Earl McWhorter, a sealer at the University of Moscow, was in Hansen Friday as the guest of Miss Marguerite Ames.

Charles Klutz and Mr. and Mrs. William Walker left Thursday morning by auto for Arkansas and North Carolina. Mr. and Mrs. Walker go to Berryville, Arkansas, their former home, to spend the winter, and Mr. Klutz will go from there to Concord, North Carolina, and

visit relatives there for several months. Mr. and Mrs. Everett Webb are the parents of a daughter born Sunday, October 27.

Mr. and Mrs. O. D. Wilson left Saturday for Los Angeles where they expect to stay for some time. Mr. Wilson is a painter in Hansen for many years.

### E. F. RINEHART PAYS HIGH PRICE FOR BEEF STEERS

These steers were grade Herefords, two years old, 55 head in the bunch. The price paid was 10 cents per pound, which is from one-fourth to one-half cent above the market, the advance being paid by reason of the good quality of the animals.

The shipment was accompanied back to Caldwell by Reuben Johnson, who will have charge of feeding the lot. Scientific study of feeding methods has been carried on for several years at the Caldwell station, but this is the first time that beef cattle have been secured in Cassia county for this purpose.

In Constantine blind persons wear spectacles to decrease the likelihood of motor accidents.

### ANNOUNCEMENTS Burley Stores Join Chain

The Study club under the leadership of Mrs. John Hayes will meet in Room 612, in the basement of the Junior high school, boys' entrance on the north side, Monday at 1:30.

All Royal Neighbors will meet Monday at 8 P. M. in the Old Fellows hall. They will be important business.

The Wayside club will meet at the home of Mrs. C. A. Baker, Tuesday at 2 P. M. Mrs. L. S. Jones will be assisting hostess.

BURLEY, Nov. 2.—Special to The News—Three Burley grocers have surrendered to the advance of the chain store system Saturday morning, and were listed above "Traveler's" (Larson, Roberts) and S. E. Blair's grocery stores, proclaiming their affiliation with the Red and White chain. This system is now represented in five towns in Cassia county.

A gold nugget valued at \$1,068 forms part of the reserve for a national bank in Baker, Oregon.

# IT WAS A GREAT SUCCESS

... the opening day of FALK'S 61st ANNIVERSARY SALE. We were very much pleased at the big response. Hundreds of people were pleased at the many substantial savings they found. We are confident the remaining week of FALK'S 61st ANNIVERSARY SALE will demonstrate to Twin Falls shoppers they can do better at FALK-TINGWALLS—they are sure to get "Dependable Merchandise Only", and "Full Value for Every Dollar" every day.

# Falk-Tingwall

When winter arrives and the mornings are frigid, mere water will thicken and oft become rigid. You'll find this is hard on the car's constitution. And calls for a good anti-freezing solution.

### A FROZEN RADIATOR

Is no joke. It can cause more grief and expense than most of us care to think about. But Gasoline Ike has alcohol that drives dull care and winter-worry away. Ask him about it.

Let us check your battery too. Cold weather can ruin a good battery if it isn't properly cared for.

## EDEN GRADE SCHOOL PRESENTS CARNIVAL

Band Selections, Songs and Readings Provide Entertainment for Audience

EDEN, Nov. 2.—The carnival staged here Friday evening by Eden grade school proved excellent entertainment. The evening opened with a program participated in by the students of the various classes. The opening number was a selection by the recently organized rhythm band. The first and second grade students comprise the band. They were directed by Miss Barnes. The remainder of the program consisted of readings and songs pertaining to the Hindooes season. The program was attended by a large crowd that completely filled the assembly room. Following the program, the slide shows and concessions took the interest of the crowd. The money obtained will be used to purchase equipment for the school.

Rehearsals are being conducted three evenings each week by the public speaking class of the high school for the first play of the season, to be staged on Friday evening, November 22. The play is entitled "Safety First," and is a three-act comedy. Miss Dorothy Marks, dramatic instructor for the school, is directing.

The second edition of the Spotlight, the Eden high school paper, was handed out Friday.

R. F. Henry placed a new bus in operation this week to accommodate the large number of students who come in from the rural section. The bus used during the first two months of school proved far too small.

J. C. Pruitt and H. C. Austin, district managers of the Gem State Lumber Co., were in town Tuesday.

Posaello inspecting the local yard. While here they were the guests of Mr. and Mrs. B. Elson.

J. C. Knott, secretary of the Russell-Lane Farm Loan association, is away on a business trip.

The regular meeting of the Eden Grange was held on Friday evening. Lars Swenson, master of the Eden Grange, presided at the business meeting. Mrs. C. D. Schmittall had charge of an interesting program.

I. D. Webb has just completed construction of an addition to his home. With Mrs. Webb is here from San Diego, California, for a few days with home folks. Mr. Davis is in the airplane service of the United States navy.

Karl Kethin and Leah Watkins were married Wednesday at Twin Falls. The bride is the daughter of Mr. and Mrs. J. M. Watkins. The young couple were both high school students here. They plan to make their home near Eden.

Mr. and Mrs. Guy Dixon left Saturday for Dubois where they will visit a few days with Mr. Dixon's daughter, Vera, who is teaching school at Small, Idaho.

The annual chicken dinner given on Halloween by the Ladies' Aid of the Presbyterian church drew a large crowd Thursday evening. The sum of \$90 was added to the organization's treasury.

A two-day run of water through the canal on the North Side was turned on Thursday for the purpose of giving the farmers and stockmen a chance to fill up the cisterns and reservoirs. The work of widening the main canal from the controlling gates near Miller was temporarily delayed. Work will be resumed on the canal Monday. The work has been in progress the last month with water being turned in at intervals of 10 days for the stockmen and farmers. Widening of the canal with a drag-line is under way. The entire system serving the first irrigation is to be enlarged before the next irrigation season. This will permit the delivery of a head of water greater than 100 per cent during the months when the demand is at the greatest.

Practically no damage was caused here Thursday evening by the youngsters who were out celebrating the Halloween season. The city marshal, with his assistants, was successful in handling the situation.

HEART ATTACK FATAL TO RUPERT DISTRICT FARMER

RUPERT, Nov. 2.—Special to The News.—Sticken by heart trouble while performing farm chores this morning, Frances Jensen, well known farmer here, died at the home of his sister, Miss Phyllis Jensen, at 9:30 o'clock, not more than 30 minutes after the first attack and before a physician could reach the farm the mile north of Rupert.

Mr. Jensen, who came to Minidoka county about 15 years ago from Mount Pleasant, Utah, has been an active farmer-citizen here since that time. He is survived by one son, Garner Jensen, living here, and a daughter, Henrietta Jensen, now in California, besides a number of distant relatives in and near Rupert. He was past 60 years of age. No funeral arrangements have been made as yet, but burial will probably be in Mount Pleasant. It was stated by relatives today.

### DISCLOSURES LEAD TO PLAN FOR AUDIT OF SCHOOL RECORDS

#### Rural Districts' Trustees Take Initial Steps Looking to Restoration of Loss Charged to Forgery

Twin Falls county rural school districts have set on foot a bold plan to audit school records following recent disclosures of alleged forgeries said to total more than \$500 and attributed to a trial of the districts.

The decision was reached by the trustees at a meeting in the district court rooms here yesterday afternoon. The meeting was called by J. W. Ryan, county superintendent of public instruction.

J. V. Larson, county attorney, advised the trustees of the results of his investigation on the part of the districts in employment of an attorney of opportunity in an effort to fix the responsibility for the loss, and in preparation for the matter.

Mr. Viola Love, clerk in the county superintendent's office for five years, is charged with the alleged forgeries, because in the recent disclosure.

Outline Procedure

Harry C. Parsons, county auditor, disclosed at the trustees' meeting yesterday, the procedure under which payment of the loss should be made by means of orders to the county auditor for issuance of warrants. The county treasurer, he pointed out, is the custodian of rural school funds, and the districts' orders must be countersigned by the county superintendent.

Forfeiture of the county superintendent's name as well as the names of the district chairman and clerks is alleged in the recent disclosure.

Mr. Parsons declared, "are the only evidence of authorization that we have for drafting warrants on school districts' funds." He compared school district orders to vouchers which are required for all other expenditures in public funds.

He pointed out the likelihood of loss or destruction of an accumulation of orders in the keeping of rural school district clerks. All records in the auditor's office, he pointed out, are open to public inspection.

It has been suggested that if the orders had been returned, Mr. Parsons said, "the forgeries could have been prevented. I think that in making a full statement, it is possible that some of the losses might have been discovered sooner, but as against that, we have a situation where, if original orders have been lost or destroyed, there would have been no evidence of forgery, and no possibility of restoring the lost funds to the districts."

During the last three weeks, Mr. Parsons said, the system of recording school district orders passes through the auditor's office has been reorganized, and orders on which warrants have been drawn are being returned to the districts.

He urged trustees not to be too hasty in fixing responsibility for losses, re-

"You can't have anything if there's no money around. That new hired girl threw away my new dress because I was wavin' to play Samson with."

depended on the recent disclosures.

"The courts," he asserted, "can be avoided on, and undoubtedly will fix that responsibility."

His Possibilities

The county attorney, referring to practice of county auditors of retaining school orders, gave it as his opinion that records of the county superintendent's office would constitute sufficient authorization for the auditor for issuance of warrants.

There are several possibilities as to recovery of the lost money, Mr. Larson stated. Referring to possible liability of the employers of the orders, banks that carried the spurious orders, or county officials charged with responsibility in connection with school funds.

The school districts, he said, will lose the money unless they can fix the responsibility for disbursement of funds on the assured forged orders.

The trustees at yesterday's meeting approved a new form for the school districts of rural school funds, and books of the new form orders were distributed to the several districts. Serial numbers are printed on the new orders, and the name as well as the number of each district is printed on the order forms.

It is pointed out that district

### HIGH-GRADE HOLSTEINS

#### COMMAND GOOD PRICES

Increased demand for dairy cattle is evidenced by prices received for high grade Holstein stock at the L. J. Tenckhoff sale Thursday. There were 24 head offered for sale. The highest cow brought \$225 and the heifer \$160, with the average price for cows giving milk \$150.70. One heifer 20 months old brought \$25. Four heifers, from four to six weeks old, sold for prices ranging from \$20 to \$87.50. The whole herd averaged \$150 per head, including the eight calves. J. H. Gott purchased the highest cow. Mr. Gott and P. C. Blomberg were highest buyers at the sale.

### District Justice Unites Two Couples During Day

Judge William A. Imbeck, in district court chambers here yesterday, was called upon to officiate at two weddings. He conducted the ceremony that united Wade McCallum and Jessie O. York, both of Haslemont, which was witnessed by Mr. and Mrs. L. C. York and then, a little later, he read the marriage rites for Ted Harris, Twin Falls, and Martha Harding, Jerome, that ceremony being witnessed by Herman Haber and Ida Haber.

Enormous quantities of valuable chemicals are held in solution in the waters of the Dead Sea.

### TWIN FALLS OCTOBER PRODUCT SHIPMENTS BREAK ALL RECORDS

#### More Than 100 Carloads of Freight Arrive at or Leave Station Here Every Day During Month

Total shipments during the month of October, 1929, to and from Twin Falls amounted to 294 car loads against 1137 for October, 1928, and 2297 for October, 1927, breaking all previous monthly records according to figures announced at the Twin Falls freight depot of the Oregon Short Line railroad yesterday by F. E. Hasselquist. The depot handled more than 100 cars of freight every week day during the month.

Outgoing shipments for October 1929 amounted to 1275 for October, 1928, they amounted to 614 cars for 1927 to 1157 cars. Cars arriving in October 1929 amounted to 1614 against 573 in 1928 and 1150 in 1927.

Large increase in outgoing shipments of apples and sugar and the large increase in shipments of sugar from stations in other parts of the county helped to swell the total. Increase in all lines except outgoing bean shipments is striking. There were more beans shipped this year than last in the Twin Falls section, but the crop has moved more slowly.

Outgoing October shipments for 1929 include 153 cars of beans, 637 cars of apples, 146 cars of sugar, and 391 cars of other commodities.

Outgoing shipments for October, 1928, included 156 cars of beans, 174 cars of apples, 11 cars of sugar, and 270 cars of other commodities.

Incoming shipments for October, 1929, include 80 cars of gas and oil, 62 cars of sugar beets, 49 cars of autos, and 823 cars of other articles and commodities.

For 1929, the October monthly shipments included 44 cars of gas and oil, no sugar beets, 24 cars of autos, and 205 cars of other articles and commodities.

### Royal Arch Masons to Hold Special Convocation Here

The Twin Falls chapter of the Royal Arch Masons will hold a special convocation Monday evening. Dinner will be served at 6:30 P. M. at the Masonic Temple. Among those invited are high priest, and Henry Leimberger, high grand lecturer of the order in Idaho will make their official visit on this occasion. Mr. Leimberger arrived here yesterday.

### FELONY COMPLAINT HALLOWEEN SEQUEL

#### Virgil Charles, Castleford, Faces Prosecution for Shooting Celebrator

Virgil Charles, Castleford, alleged to have peppered Galla Houk, 14, son of Arthur Houk, Castleford farmer, with shot when he opened fire with a shot gun on a group of Halloween celebrators at Castleford, was arraigned in Justice of the Peace W. S. Mallory's court here yesterday on a felony charge of assault with a deadly weapon.

Charles, pleaded not guilty, and was admitted to \$500 bond. Later for preliminary hearing was not fixed.

Young Houk was struck by shot about the back and legs. He is under treatment at the county general hospital here, where, it was stated last evening, his condition is not serious.

According to records the first speedometer was used by a Mormon lumberman on his wagon.

### Judson Timm, One-Time Twin Falls Star, in Contest

Losers' Dream to Dominate Western Conference Football Affairs Third Consecutive Year, Shattered

By WILLIAM WEERK (Associated Press Staff Writer)  
 EVANSTON, Ill., Nov. 2 — Illinois' dream of dominating Western conference football affairs for a third consecutive year was shattered today when Northwestern, for the first time in 17 years, ground out a 7-0 victory over the 1927 and 1928 champions.

The margin of victory was only one touchdown, but the superiority of the Wildcats was so pronounced that the Illinois players at the end of the first half, the Illinois line could not stop the thrusts of Russell Berghelm, Northwestern fullback, who hammered and chopped for gain after gain, and the twirling runs of Ed Burchstein, who in the first quarter scored with a 20-yard pass.

It was the masterpiece of Northwestern's offense, carrying the ball 28 times out of the 31 plays made by Northwestern for a total gain of 81 yards. He was also the shining light in forward passing, punting.

Judson Timm, former high school gridiron star at Twin Falls, Idaho, played an outstanding game for the visitors. His feet, long and runs time and again brought the crowd's plaudits.

The Wildcats' touchdown was scored late in the third period after Lanum punted the ball going out of bounds on Illinois' 43-yard line. Berghelm, who had been forced to punt on fourth down, took a pass that settled into Baker's arms on the Illinois 17-yard mark.

A perfectly executed reverse, with Burchstein cutting back through Illinois' right tackle, took the ball to the nine-yard line. Berghelm made it first down in two tries. With the ball on its seven-yard line, Illinois struggled desperately to halt the raging Northwestern eleven, but Bernhardt's reverse was good for four more. Berghelm hit center and handed the ball about six inches from the goal line. He was stopped on his next try, but on the fourth down, he got it.

The lineup:  
 ILLINOIS NORTHWESTERN  
 Wogast Left end Baker  
 Gordon Left end Riley  
 Keil Right tackle  
 Weir Left guard Anderson (O)  
 Kral Center Erickson  
 Crane (O) Right guard Woodworth

Burdick Right tackle Marvill  
 Stelman Right end Oliphant  
 Mills Quarterback Haas  
 Timm Left halfback Burchstein  
 Walker Right halfback Moore  
 Lanum Fullback Berghelm

Score by periods: 0-0-0-0

### Hailey Team Wins From Castleford's Northern Aggregation

HAILEY, Nov. 2 (Special to The News) — Hailey high school's football team defeated Castleford here this afternoon, 21 to 12. The day was cold and fumbles were frequent. Coach Fowler's team was suffering from injuries, and the visiting coach, B. D. Hayes, was short of men on his regular lineup due to injury game last week with Harlowton.

The Castleford team will meet the Twin Falls high school Bruin Cubs at one of the toughest games on its schedule.

Lineup:  
 CASTLEFORD  
 (21) Lewis  
 Mendolia end  
 Jackson tackle White  
 Wall tackle Butler  
 McKay guard Abshire  
 Howeth center Butler  
 Nelson guard Davis  
 Sherry tackle J. Bick  
 Brooks end C. Dick  
 Klingler quarter Benfien  
 Hawes left half Blue  
 Shanafelt half Thompson  
 Substitutes: Howeth, for Shanafelt; Pearson for Straight.

They put over five more touchdowns without much trouble. Cray and Rinaldi going most of the work. The engineers, fighting hard, never had a chance to score, but Dickey, full-back, and Boyle, at half, held up well.

Score by periods: 0-0-7-12-39  
 Stanford 0-0-0-0  
 Tech 0-0-0-0  
 Summary: Stanford scored touchdowns, Cray (1); Pashobek, Oaglietti (substitute for Cray); Murray (substitute for Cray); Oaglietti (substitute for Cray); try for points after touchdowns, Cray's (kick).

About 25 per cent of the available coal resources of America has been used.

### BACKWARD—TURN BACKWARD

(From an account of a recent Michigan game—"Heston Runs for Forty Yards")  
 What's that? Is some one kidding me? Has time flown back beyond the year 1919, and perhaps you will hear again the roaring echo of old cheers?  
 The swirling line goes under way. The charging tackles and the guards, to Sweeney's signals split the sky. And "Heston runs for forty yards."

Have winter's snows moved back to spring?  
 Where Pan once pilped his morning ode. Where Herrataien hammered through the line. Or Snow and Redden blocked the road? Where in the midst the Maize and Blue Cast congealing ahadous on all awards?  
 Where Best Weeks's signals cracked and barked. And Heston ran for forty yards?  
 Come on, you Willie—in and faint. See the old guard meet and form. Where Badgers quack and Gophers shake.  
 And—Bargis—Maroon—look for the storm.  
 Where Hammond, White and Curtis charge.  
 To start once more the ancient bard, Where Gregory snaps back the ball. And "Heston runs for forty yards." \* Everett M. Sweely, "Twin Falls Idaho."

### University of Utah Wins Over Brigham Young By 45 to 13

Utah Crushes Losing Team's Hopes for Another Rocky Mountain Conference Victory But For Upsets Hope

(By The Associated Press)  
 SALT LAKE CITY, Nov. 2 — University of Utah grid warriors crushed Brigham Young University's hopes for another Rocky Mountain conference victory here this afternoon in the heaviest passing attack of the Cougar's spoiled Utah's hopes for a season without having its goal line crossed. Utah won, 45 to 13, but the visitors' passing attack late in the second period for a short time moved the strong Redskins. Utah's goal was crossed for the first time this season.

The two teams battled on even terms in the first period which ended with neither team scoring, the visitors losing one golden opportunity early in the game when they overran the ball to touch 10-yard line. A pass over the goal line failed and Utah immediately pushed out of danger. Utah pushed over three touchdowns in rapid order soon after the second period opened, but within five minutes left in the half the Cougars opened up with a brilliant attack which gave them one touchdown and placed the oval on Utah's five-yard line as the half ended.

Coach the Armstrong sent in an entire new team in the fourth period and they played the Cougars on even terms. The play of "Cluge" Vacher, 13-pound quarterback of the Cougars, was one of the outstanding features of the game. His passing and open field running were a constant threat to the big Utes.

Lineup and summary:  
 UTAH (13)  
 Merrill Left End Watkins  
 Loveless Left Tackle Jones  
 Distrait Left Guard Olson  
 Dyches Center Johnson  
 B. Skousen Right Guard Lyberg  
 Brinley Right Tackle Sluppkins  
 Beeve Right Tackle Utter  
 Vacher Right End Davis  
 Hoover Quarterback Price  
 Thorn Right Half Dow  
 M. Skousen Right Back Pomeroy

### Washington State Defeats Corvallis Eleven by 9 to 0

#### Victors Put in Sincere Claim for Championship of Northern Section of Pacific Coast Division

(Associated Press Staff Writer)  
 PORTLAND, Nov. 2 — Washington State football eleven put in a sincere claim for the northern section Pacific coast conference championship when it conquered Oregon State, 9 to 0, before 16,000 spectators here today.

Midway in the first period Washington State started a powerful drive that carried them to the five-27-yard line. Using only brute strength Ellingsen, Schwartz and Buckley took turns battering their way through the Beaver line.

Although Buckley missed the try for points, the dazzling little quarterback made up for the lost point in the dying minutes of the first quarter when he scored a field goal for his team which took the last hope for victory away from the Beavers.

Interests Pass With only five minutes left to play and Oregon State, throwing passes left and right, managed to break away for a touchdown. Elmer Schwartz intercepted a long spiral from Tom Dryden to hit the aerial attack. Calling to gain on the Oregon State 25-yard line and close to punt, Buckley called for a place kick. He dropped back to the 20-yard line and sent the ball spiraling and true between the goal posts.

### Washington State Has Idaho and Montana Set to Defeat before the Cougars can claim the northern section title.

Elmer Schwartz intercepted a long spiral from Tom Dryden to hit the aerial attack. Calling to gain on the Oregon State 25-yard line and close to punt, Buckley called for a place kick. He dropped back to the 20-yard line and sent the ball spiraling and true between the goal posts.

### Coach Plasting to Watch Vandals Battle Cougars

POACATELLO, Nov. 2 (Special to The News) — Coach Plasting will leave for Moscow Thursday to watch the Vandals against Washington State college Cougars in Pullman November 2 and will return immediately to be present for the Washington State game at Moscow.

### Passing Flurry and Long End Runs Mark Annual Grid Battle

#### Braves Score in First Quarter When End Snags Giffen's Toss and Lopes Five Yards for Touchdown

(By The Associated Press)  
 BOISE, Nov. 2 — In a game that started slow but wound up with a flurry of passes and long end runs, the Boise high school football team today defeated Twin Falls, 7 to 0.

Boise scored in the first quarter when Woods, playing end, snagged a 10-yard pass tossed by Captain Giffen, and loped another five yards to score. Giffen then booted over the point, but the game for the locals.

The ball was snatched from center, muffed around among the backs for several seconds while members of both teams were apparently wondering where it was, and then Gregor Smith, half-back, took to his heels through a four-goal hole in the Bruin line and raced 25 yards to a touchdown. The try for goal failed.

Boise had a slight edge on the kicking end when they began to take shape in the last half, the Braves had the advantage on the exchange of kicks. Twin Falls started a march in the first quarter when Giffen, playing for a second ten yards around the end, 10 on a pass and another five yards on a line buck carried the ball to the 25-yard line, but here the Braves held. Neither team threatened to score after that.

### St. Ignatius Eleven Beats Gonzaga 14-7

SPOKANE, Nov. 2 (AP) — St. Ignatius football team defeated Gonzaga University, 14 to 7, in a spectacular third period offensive today.

Field scores until the opening of the third. St. Ignatius scooped up a fumble, got the ball and punched it over in a single play. The second touchdown came two minutes later. Both touchdowns were converted. With only five minutes to play the Bulldogs opened a passing offensive in mid-field and scored and converted, seconds before the end.

## Signal Barker for Montana Dashes 66 Yards to Score

Dogged Defensive Playing Keeps Scoring Turf Undented After Wild Flight of Intermountain Hero

(By Associated Press)  
HELENA, Nov. 2.—Mae Culver Panther signal barker, stole a pass and skipped untouched for 66 yards to a touchdown that gave Intermountain Union college of Helena a 6-to-0 victory over University of Idaho, southern branch, Pocatello, in a courageously fought battle here today.

While each eleven framed into dangerous area several times, dogged defensive playing kept the scoring turf undented after Culver's flight. Cold weather and snow stiffened the fingers of the warriors and made fumbles frequent. Aerial thrusts also were handicapped.

Showing the effects of two games in as many days the invading Tigers couldn't sustain a concerted offensive. Injures sustained in a 46-yard victory over Montana normal at Dillon yesterday weakened them. Tim Robinson, Twin Falls, Idaho, quarterback, performed only a few minutes because of a hip injury.

Knott-Culver-Culver Good—Kornell, Panther center, was a nemesis to the Tigers, smearing dozens of their plays. Culver and Baldwin came to the front in ball-hugging, rickety, star Intermountain back, hurt his leg and was unable to gain consistently. Kelly, Lucas, Twin Falls, and Plung were the Tigers' best threat.

Culver scored the touchdown in the fourth period and he and his mates were knotted at Tigers goal when the struggle ended.

An attempted place kick for the added points was blocked.

Intermountain Union registered nine first downs, southern branch six. The lineup and summary:

IDAHO	
(6)	Martin
Left End	Vance
Left Tackle	Farnot
Left Guard	Knorn
Center	Cramer
Right Guard	Lincoln
Right Tackle	Bennett
Right End	Ward
Quarterback	Becked
Fullback	Lucas
Left Half	Kelly
Right Half	Baldwin

Scoring by periods:  
Intermountain..... 0 0 0 7—7  
Southern Branch..... 0 0 0 0—0  
Intermountain scoring—Touchdown:  
Culver.

## Stockholm Paper Praises Marksmen from America

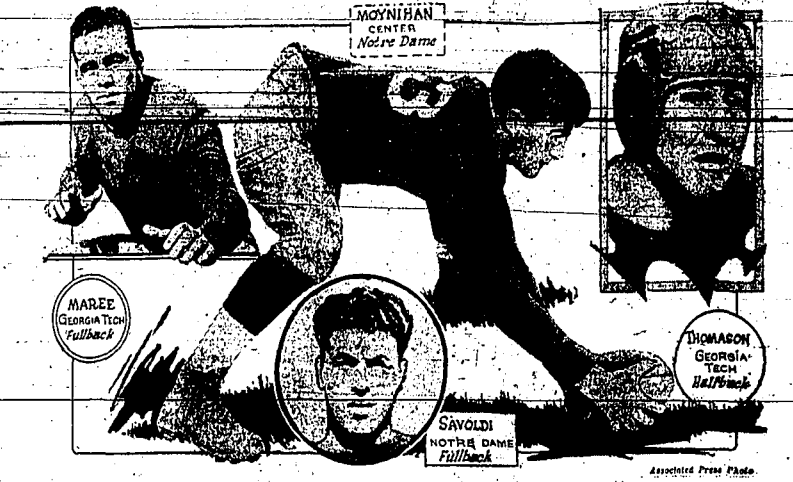

STOCKHOLM, Nov. 3.—(A)—A tribute to the American team of marksmen who recently competed in Stockholm for the world championship, has been made by the Stockholm magazine, the leading Stockholm paper.

"This year the time was not ripe for the American," said the paper, "but when they come again they will be dreadful competitors."

The American team neither won any team victory nor were any individual medals made, but nevertheless the American shots obtained impressive results."

## Notre Dame Invades South To Defeat Georgia Tech at Atlanta

NOTRE DAME INVADERS the South to defeat Georgia Tech's Golden Tornado at Atlanta, 26 to 6. Marea and Thomason, Georgia Tech backfield stars, were back in top form for the contest. Moynihan, Notre Dame's great center, starred in the Rockne line.

## Notre Dame Eleven Vanquishes Georgia Tech Team, 26-6

Elder and Carideo Leaders of Knute Rockne's Grid Warriors in Decisive Defeat of Southerners

(Associated Press Sports Writer)  
ATLANTA, Nov. 2.—Notre Dame's invincible grid team, which led behind Jack Elder and Frankie Carideo, two nifty backfield ace, gave Georgia Tech a 26-to-6 jolting, this afternoon to even up for the defeat the Southerners administered last year.

Elder and Carideo were about the only offense the Westerners needed. Deftness, then they scored two of the four visiting touchdowns and had a big hand in the manufacture of a third.

Tom Lick, who directed the trap in the absence of Coach Knute Rockne, used a smashing running attack to batter down the Tech line.

Elder and Carideo were the big shots. The former turned in a 53-yard run and Carideo one for 75 yards. Both went through the entire Tech team.

In addition, Carideo hurled the pass that put the Irish in position to register still another six points.

After Thomason and Mizell had failed several times against the line, Edunlap, tossed a 31-yard dart to Mizell, on Notre Dame's second line. Thomason went through the line for Tech's lone touchdown.

Then the nimble footed Elder shook off half a dozen tacklers to help 53 yards around left tackle for a score and a minute later, a dazzling 39-yard pass from Carideo to Mizell put the ball on the one-yard line. From there Mullins went over for the second touchdown.

The second half had hardly started until Carideo, the first striking quarterback, acted a Tech punt on his own 25-yard line and ran 75 yards through the whole southern team for a touchdown.

Mullins added the point, making the score 10 to 6.

Mullins and Carideo also checked in with runs of 61 yards and 48 yards each.

## Rockne May Be Lost to Team For Rest of Season

KNUTE ROCKNE, famous Notre Dame football pilot, probably will be lost to the team for the rest of the season because of a dangerous infection in his right leg. He is shown in characteristic poses and being taken on the field in a wheel chair when he accompanied the team to Pittsburgh for the Carnegie Tech game.

But both were called back. Penalties put the Notre-Dame-machine-in-position to score an easy marker in the last quarter.

Score by periods:

## Utahns To Vie With Tigers At Pocatello

Former Gooding Athletes Stage for Brigham Young University's Reserves

POCATELLO, Nov. 2 (Special to The News)—Assurance of a fast contest with the Brigham Young university reserves was made certain Friday when word from Coach Ott Romney was received to the effect that his team would be on hand to meet the Tigers on Armistice day. Romney has been working his reserve as a group and has the super variety clicking in great style. Among the 26 men he will send to Pocatello are two former famous high school stars from Gooding. Clifford Toope, former all-state quarterback, and co-holder of the century record in Idaho, will pilot the reserves, and a former teammate, Clement Price, will play half. Toone and Price have both participated in games on the regular varsity and should give the Tigers a lively afternoon.

Tigers Meet Montanans  
The Tigers who met two Montana teams in as many days will be in shape to play snappy football and should give the Utah team plenty of competition. Unless these games leave them in a crippled condition. For the first time in the history of the institution the University of Idaho, southern branch, has a group of reserves that keeps competition keen on the whole squad.

Its lesser, Robertson, Ward, Ring, Stone, Kelly, Luck, Plastino and Ballard, the Tigers have one of the fastest groups of backs ever to don the Orange and Black, while extra linemen of ability are available for every position on the line.

The Pocatello high school will meet the strong Idaho Falls team for the championship of the district in the curtain raiser, Armistice-day event on Hutchinson field.

REDUCE MORTGAGE DEBTS  
KANSAS CITY 09—Farmers of the Ninth federal land bank district, comprising Kansas, Oklahoma, Colorado, and New Mexico, who operate their own farms, reduced their mortgage indebtedness by about \$12,000,000, or more than three per cent, between 1925 and 1928.

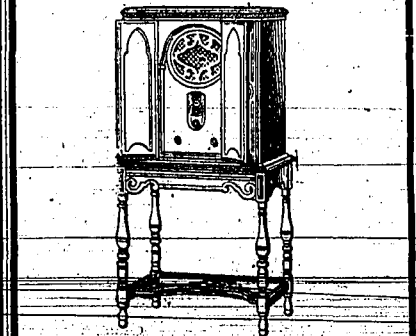

JAPANESE SCHOOL IS RICH  
TOKIO 09—Tohoku University owns platinum deposits valued at about \$2,000,000,000.

The United States has 2215 daily newspapers.

# California Crushes Trojans, 15 to 7, Before 78,000 Fans

California and Trojans in Big Game

## Amazed Throng Sees Spectacular Game Between Old Rivals

Crowd in Huge Bowl Hardly Able to Believe Eyes as Favored Team Goes Down to Overwhelming Defeat

By RUSSELL J. NEWLAND (Associated Press Sports Writer)  
LOS ANGELES, Nov. 2.—In the greatest, most spectacular upset this stadium has ever trembled to, California's under-rated Bears smashed their way to leadership of the Pacific coast conference today with a nerve-riveting 15-7 victory over the slunged eleven ever assembled under the colors of Southern California.

Some 78,000 persons jammed into this huge bowl could scarcely believe their eyes as the favored Trojan squad was shattered to pieces by a California team of warring power and unrivaled defensive play.

The eleven that pounded and passed its way to brilliant victory today turned back time four years to remind "old grads" of the underdog triumph once predicted by the late Andy Eaton, "a little mid-mannered 'Nibe' 'Price, now coach but assistant to the famous Smith, the assembled throng paid tribute to the leader's triumph left it so undisciplined leader of the conference and winner over one of its greatest rivals. A week ago Southern California conquered Stanford.

Three Games Left  
California still has three conference games to play. Two should prove easy victories but a great battle is assured in the third, which pits the Bears against the oldest conference rival, Stanford's Cardinals.

A Southern California fumble paved the way for the first touchdown. Mustek, fullback, started on a yard-making trip from his own 35-yard mark. At the 40-yard line he smashed into Griffiths, center of the great halfback. The ball bounced from Mustek's arms—Halfback Griffiths, California, grabbed it.

"Think 'Rack" broke the chain that hereafter has encompassed Southern California to make a team almost difficult to score upon. An alert Bear center saw the play and blocked the shot a 44-yard pass to Egan for a first down on the Trojans' 22-yard mark. Griffith countered with a drive by a sizzling dash around left end, after snaking off two tacklers. He dropped a scant seven yards from goal. He tried again and was out in three yards. Once more he bumped the ball but was held.

Oh! fullback, bored through for nearly four yards and three inches from the line. On the next play he drove over—Griffiths—sent the ball sailing between the uprights with a place kick.

In the second period Southern California had fought its way to its rival's 27-yard line. Hill gained but dropped the ball and Timmerman, Bear mauler, sent the Bears to their own 16-yard line.

Leon broke loose and waded off through a broken field for the second touchdown. Beckets's place-kick try for point was won shortly before the half ended. California added two more points through a safety.

Whipped into a frenzy by the long-range kicking passed and blocked by Jones during the intermission, the Trojans came back for the third quarter to sweep the Bears before them. They scored their fourth then.

The last quarter was a great hand-to-hand conflict with advantage claimed by first one, then the other. The Trojans' last-minute rally was thwarted by a stone-wall California defense and the Bears held the ball when the gun barked.

Lineup and summary:

CALIFORNIA	SOUTHERN CALIFORNIA
(15)	(11)
Norton	Tapscott
Timmerman	Hall
Phillips	Barrager (E)
Reifel	Dye
Schwartz	Galloway
Beckett	Anthony
Thornton	Arbelbide
Egan	Duffield
Griffiths	Beecham
Leon	Hinckley
Hill	Mustek
Score by periods:	
California	7 8 0—15
Southern California	0 7 0—7
CHI. Jony-poin-ters	Touchdown
Griffiths (place kick)	two-point by safety
Southern California scoring	Touchdown: Moses (substitute for Mustek); points after touchdown: Baker (substitute for Barrager) place kick.

PLANTING THE WHEAT	

CALIFORNIA AND THE University of Southern California met in Los Angeles yesterday for their annual gridiron tussle—usually an important influence on the race for the coast title. The Golden Bears won, 15 to 7. The Trojans found Leon, California's slashing halfback, and Egan, their fiery quarter, hard to stop. But Pinkert, the Trojan's fast backfield star, produced enough tricks to worry the Bears.

## Utah Aggies Defeat Coloradoans, 10-0 Vandals Rest For

"Flying Dutchman" Clark's Eleven Unable to Score Against Husky Farmers

LOGAN, Utah, Nov. 2 (AP)—Utah Aggies surprised western sport fans today by defeating "Flying Dutchman" Clark's Colorado college Tigers by 10 to 0 in the Farmer stadium here. From the first whistle to the final gun the Aggie machine plowed through the Coloradoans' lines for spectacular gains with Call, Gillespie, Remond and Welch garnering yardage honors.

After an equal exchange of ground in the first period the Aggies came back in the second with a fierce offensive. A beautiful return of Clark's punt by Call placed the ball on the Colorado college 45-yard line and the drive started with an aerial attack. A pass from Call to Nelson was followed by another from Call to Elmo Smith, putting the ball over Welch, heretofore a reserve quarter, was sent in to kick goal in place of Thompson, right halfback, and made the score 7 by a sure toe.

Goaded by the first success the Aggies continued to drive vigorously, driving strong with the ball on the Trojans' seven-yard line when the half ended. Welch's toe was responsible for another three points in the fourth quarter after Wilkins had stolen a hidden ball from the Trojans and passed from Call to Nelson and smacking by Gillespie had placed the ball on the Trojans' 25-yard line. Welch made a beautiful return and Smith, fullback, Clark, the all-American choice, drove and recoiled and twisted through the

## Trojans' Brainy Quarterback

## Utah Aggies Defeat Coloradoans, 10-0 Vandals Rest For

Game At Pullman University of Idaho Grid Team—Enjoys Period of Idleness—On Schedule

MOSCOW, Nov. 2 (AP)—The Trojans' two week mid-season layoff looks mighty good to the University of Idaho football team. The Vandals' next game is with their traditional rival, Washington State college, at Pullman, November 9.

Idaho rejoices at the mid-season layoff for two reasons. "It will allow the line list of cripples to get well and permit shaping an attack for the Cougars and the remaining games on the last half of Idaho's schedule.

The Vandals have taken two severe bumps on recent week-ends. Oregon beat Idaho, 34 to 7, and Oregon State humbled the Vandals, 27 to 0. In the Oregon game, however, Idaho showed superior driving power, but plays later McKeivry fumbled on a wide pass from center and Samuelson, Denver's right end, pounced on the ball. Denver failed to gain and kicked. Colorado punting a steady march under way until the ball had been kicked to Denver's 19-yard line. On fourth down, Middleton shot a flat pass to McKeivry, who had crossed the goal line to scoring. Neither team had anything to show in the way of a passing game.

Lineup for the game:

Center	Lawrence
Right guard	Broelman
Right tackle	Samuelson
Quarterback	Flagland
Left half	H. Smith (C)
Right half	Mikeall
Right half	Byers
Fullback	(C)

## Chicagoans Defeat Princeton by 15-7

Black-Robed Giants March Through Battered Tiger Team in Solemn Manner

By EDWARD J. NEILL (Associated Press Sports Writer)  
PRINCETON, N. J., Nov. 2.—A Lombare wave of black robed giants from the University of Chicago drummed a mournful dirge on the hide of a desperate Princeton Tiger today.

Battered in the Big Ten almost as badly as the Tiger in the East, the Pacists of the Midwest, moved through Princeton with all the solemnity and mystery of a funeral procession to bury the Tiger in the dusk of a dreary day by a score of 15 to 7.

Only once, in the second period, was harassed Princeton able to pull itself together and show some sort of power. Starting the game with the second team, which Chicago pushed all over the field but couldn't quite corner, Princeton sent big Ed Wiltmer, Scarlett, Bennett and Lovick into the fray in the second period and managed to score her sole touchdown.

Scarlett caught Chicago's quick kick and ran 24 yards to the enemy 45-yard line. Blasting the Western line apart, Wiltmer and Bennett punched to Chicago's eight-yard line with the aid of two off-side penalties. After twice being stopped Wiltmer was chased back almost to midfield before he turned and looked a perfect pass into the arms of Lea, an end, in a cluster of Chicago men over the goal line.

Once that rush was over, the Princeton offense turned into single handed thrusts by Wiltmer and the wild forward passes of Lovick, who fumbled his best receiver in Jersey, an alert Chicago end who intercepted three losses in the final period.

Score by periods:  
Chicago 0 7 8 0—15  
Princeton 0 7 0 0—7  
Chicago score: Safety; Hunge; touchdowns: Yamnie; 2; point after touchdown, Cagle.

Princeton scoring: Touchdown, Lea; point after touchdown, Barfield.

Sugar was first used by the Arabian doctors about the seventh century.

The small's speed limit is about half a mile a week.

More than 200,000,000 envelopes are used in handling the business of the United States government each year.

By FRANK H. FRAWLEY (Associated Press Sports Writer)  
BOULDER, Colo., Nov. 2.—The University of Colorado saw four scoring opportunities go for naught today as its 1000th-year battle to a scoreless tie with Jeff Cravath's Denver University Pioneers.

Colorado's one best bet came in the third period after two breaks of the game followed in quick succession. The first break was McKeivry's recovery of the fumble made by Captain Terry Smith of Denver after he had taken a punt on his own 15-yard line. Two plays later McKeivry fumbled on a wide pass from center and Samuelson, Denver's right end, pounced on the ball. Denver failed to gain and kicked. Colorado punting a steady march under way until the ball had been kicked to Denver's 19-yard line. On fourth down, Middleton shot a flat pass to McKeivry, who had crossed the goal line to scoring. Neither team had anything to show in the way of a passing game.

Pittsburgh Defeats Ohio State By 18-2

By ALAN GOULD (Associated Press Sports Writer)  
PITTSBURGH, Nov. 2.—Splashing through the mud of a rain-soaked field, Pittsburgh defeated with all the reckless abandon of an amateur on a holiday, today by a 18-2 score, the Ohio State's winning victory today over the Buckeyes. The final count was 18 to 2, with all of the best-known methods of scoring utilized in a battle that was fought throughout in a steady downpour.

## Southern California Star

JESSE HILL, who ranks high as a trackman, put a lot of speed into Southern California's backfield yesterday. He is fast and tricky.

## Shorter Season on Pheasants Looms in Six Idaho Counties

BOISE, Nov. 2 (AP)—Probably that six western counties would be closed to pheasant shooting after November 15 was disclosed at the state game department today. Final decision on the matter was expected next Monday when R. E. Thomas, state game warden, returns from Pocatello where he went for a conference with Charles Moore, United States commissioner of the general land office.

Turner Sparkman, chief deputy, Warden Thomas, and a number of residents of the counties made a survey of the section yesterday and expressed the opinion that hunting would be seriously damaged there for next year if the season continued open to November 25 as

## Signs Give Desert Light Edge for Kentucky Derby

LOUISVILLE, Nov. 2 (AP)—Hurd doves who believe in signs and omens already have started picking Desert Light, a chestnut son of Wildair and Galaxy, as the winner of the 1930 Kentucky Derby.

By winning the recent Kentucky Jockey club stakes at Churchill Downs, Desert Light gained a slight following among players of the "trifolium system." The last two winners of the event also won the Derby—Rich Count in 1928 and Clyde Van Dusen in 1929.

# Yale Trounces Dartmouth by 16 to 12

## Des Moines Player Steals Thunder of Team Mate, Booth

## Hoot Ellis Leaps Up in Gathering Dusk and Drizzling Rain to Batter Way into Grid Hall of Fame

By BRIAN HELL, Associated Press Sports Writer

NEW HAVEN, Nov. 2.—Yale defeated Dartmouth, 16 to 12, this afternoon—thanks to a will of the wisp kick, Hoot Ellis, Des Moines, Iowa, who leaped up in the gathering dusk and drizzling rain to lead most of the thunder which had been allotted in advance to Albie Booth, Yale, and Al Marsters, Dartmouth.

With Dartmouth leading, 12 to 10, late in the final period, Ellis runs the 100 and 225 in impressive style when he swaps his football uniform for a track suit, intercepted a Green pass on his own 25-yard line and snatched the field in a wild dash to the touchdown which had been allotted in advance to Albie Booth, Yale, and Al Marsters, Dartmouth.

Dartmouth never has won a game from Yale, one of the things its sole credit in two halves.

## Yale Imbued With New Life, Beats Dartmouth

After being pulled out of a losing slump by their line quarterback, Albie Booth, Yale sent a confident fighting eleven against Dartmouth in New Haven, yesterday and won, 16 to 12. Al Marsters, Dartmouth's fleet fullback, was the greatest stumbling block in the way of the awakened Blue.

## Choice for Travis' Opponent Narrows

Tony Campos, Vallejo, and Tony O'Dell, Eugene, Lead

Choice of the opponent to meet Bud Travis in the 10-round main event on Twin Falls American Legion post's next boom—said—November 19, 106—between Tony Campos, Vallejo, California, and Tony O'Dell, Eugene, Oregon. It was announced last evening.

Campos, who brings an impressive record in the ring, has been in training here ever since his arrival about a month ago when he expected to meet an opponent in the ring here with George Hernandez, but has remained here with view to a match with a fighter nearer his weight.

O'Dell, also being considered as an opponent for Travis on the coming card, had a decision over Max Musson, Jr., Yaloma, who made an excellent showing in his match with Ernie Woolley, Twin Falls, on the American Legion's first card of the season, that he lost by a narrow margin.

## Coach At Ohio Wesleyan Confident of Victory On Gridiron Over Army Team

Elvens, Trained by George E. Gauthier, "Little Giant," Winners of Three Football Championships in State

George E. Gauthier, the "little giant" of Ohio football, is confident his Ohio Wesleyan team will conquer the Army, November 21.

Since 1922 when his team held Ohio State to a 5-10-0 score, Gauthier-coached teams have won three Ohio championships, tied for a fourth and piled up 1023 points against opponents 400. Only five Ohio teams have won from Ohio Wesleyan in the last seven years.

GEORGE GAUTHIER

Gauthier's crowning achievement was his 1923 eleven which won eight consecutive games, including victories over Michigan and Syracuse.

In 1922 Gauthier's team won the Ohio Inter-collegiate championship without a single defeat. Another championship came his way in 1923 and still another in 1925. Last year a series of "breaks" came—Wittenberg university—an unexpected 7-6-6 victory over Wesleyan to tie the Bishop for the Ohio grid title.

Gauthier is so sure that during his sophomore year at Michigan, State Coach John Macklin told him there were no suits small enough to fit him and being he would "get all broken up playing with these big fellows."

Refusing to give up, he found an old pair of moccasins and went out to practice and became the varly quarterback. He played with the Michigan Aggies two years, in 1912 and 1913, and

a technical knockout that Macy projected at the time.

A return bout between Ted Koop, Hansen, and Swede Nelson, Twin Falls, has been arranged as a special event on the forthcoming card. It has earmarks of a grudge fight, with the Michigan Aggie for revenge and Koop confident of his own ability to maintain the edge he displayed in a former meeting.

In one section of a Brazilian railroad there is a drop of 2,600 feet in seven miles.

Six months is said to be the life of a dollar-bill.

## Week's Grid Games in South Central District of Idaho Fail to Materially Change Prospects for Title Seekers

Rupert Eleven—Still Without Defeat, Twin Falls Suffers One Regional Setback, Jerome Loses to Buhl and Filer Meets Reverses Twice

Booth leaped into the fray early in the first period when the Blue had the ball on the 30-yard line. The little fellow could not go for a touchdown but he kicked a field goal from the 15-yard line and then started to run as only Booth can in this football setting. He gained more than 100 yards from scrimmage in the first half, but the Green always seemed to be in the last vital dash. In the meantime, Marsters had been unable to shake himself loose from an intricate tangle of Yale hawks his one dash being the return of the kickoff almost half the length of the field.

The half ended with the early three points looming as big as the mountains from which the big green team came.

Situation Changes

The situation changed in the second half with amazing rapidity, almost at the start of the third period. Beans was regularly in front of Marsters when he fumbled on the 30-yard line. The substitute back caught the ball in the air and sprinted over the goal line before Dartmouth could get its feet under it. With two points with which to work led of three, Yale sat back quite content but not for long. Marsters coasted with his feet on his own goal line to pass to Booma in midfield and two passes to McCall scored a touchdown. Another came immediately. Dartmouth kicked off to Yale and when a Blue back fumbled, Andres fell on the ball for the Green, on Yale's 50-yard line. Marsters did the rest, making a touchdown in three plays.

Late in the third period Marsters left Booth to carry it alone, the Blue Dartmouth quarterback being forced to limp off the field.

The lineup:

YALE	DAK MOUTH
(10)	(12)
Hickock	Booma
Marshall	Barber
Loeber	Bromberg
Halmor	Andres
Greene	Center
Nims	Right Guard
Armstrong	Right Tackle
Yudlick	Right End
Masters	Quarterback
McCall	Left Half
Wolff	Right Half
Sullivan	Fullback

Score by period: 0 0 12 0-12  
 0-10  
 Yale—scoring—Touchdowns: Beans (5) for 100 yards; Andres (2) for 100 yards; Touchdowns: Booth (2) for 100 yards; Goal from field—Booth. (2) for 100 yards.  
 Touchdowns: Touchdowns: McCall, Marsters.

## Pennsylvania Victor Over Navy Team 7-2

By ORLO L. ROBERTSON, Associated Press Staff Writer

PHILADELPHIA, Nov. 7.—One hundred and sixty-five pounds of human lightning streaked across the battle scarred field of the University of Pennsylvania football team to a 7-0-3 victory over the Navy.

Recently five thousand fans looked on in admiration as Walt Masters, a bit of a bare-legged football demon, literally lifted an opponent from the field to Victory Valley.

(Associated Press Feature  
Writer)

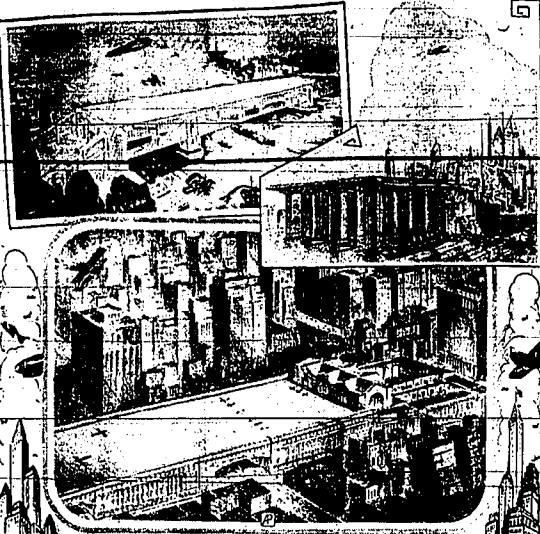

NEW YORK, Nov. 2 — Great American cities have spent hundreds of millions widening streets to make room for 25,000,000 automobiles and catch up with the motor age. City planning commissions estimate that this expense will be doubled or tripled before the problem of traffic congestion can be solved.

Now the rapid growth of air transport threatens to complicate their task. If city streets were prepared for motor cars, city architecture and real estate are seen to be still less adapted to air travel.

Architects studying the country studying how to create space for landing fields in congested regions where space is valued by the square inch. If city streets were prepared for motor cars, city architecture and real estate are seen to be still less adapted to air travel.

For Small Planes  
Airport architects are agreed generally that landing areas for large planes must remain on the outskirts of terminal cities. Consequently their various plans for roofed-over central areas are made with the view of accommodating small taxi-planes only.

Over the famed "street called Straight" in Damascus, a canopy has been erected.

Three plans created by an airport architect, Francis Keally, for constructing air fields above steamship piers (upper right), over railroad tracks leading to a terminal (below), and by roofing a bridge (upper left).

## CASSIA COUNTY SEED CROP YIELD DECLINES

### Production of Red Clover Below Average and Price to Growers Takes Drop

BURLEY, Nov. 2 (Special to The News) — Red clover seed yields in Cassia county have not been up to average this season, and the price to growers has not been as satisfactory as usual. A few fields have gone as high as 12 bushels to the acre, but four bushels seem to be about the average. One of the best

fields belonged to Lew Huggins, producing 12 bushels to the acre on 12 acres of seed. In fact, the yield was only a good producer. It is expected that 10 to 12 bushels will be marketed. It is reported that the fields on Meadowbrook farm, owned by H. E. Dearborn, which have been allowed to go to seed have produced 700 bushels. The price in the valley has been about 15 to 16 cents a bushel. The price of red clover seed has been low in price, bringing but about 6 cents a bushel.

Little Clover Raised  
Red clover seed has been low in price than alfalfa, running from 11 cents to 16 cents, reseeded, in Burley. There is little clover seed raised here, except red clover and alfalfa. A few pilots of Orin alfalfa and Cosack alfalfa have been certified. One of two plots of certified Orin, raised by Mrs. Howard Bodenheiser near Burley, made the

outstanding yield of 12 bushels to the acre on 12 acres on 12 acres. — The price of Grimm and Cosack are good, running from 25 to 35 cents a pound. Ladino, alkali and sweet clovers are raised here to a very limited extent. Ladino is high, but there is a very limited market. Alkali is sparingly planted, as it is hard to kill out. It yields from 11 to 16 bushels to the acre, bringing about 10 cents. Sweet clover is seldom planted, as it is very hard to thresh and has a low price, bringing but about 6 cents at the machine.

### Bishop Visits in Hailey

HAILEY, Nov. 2 (Special to The News) — The Right Rev. E. J. Kelly, bishop of the diocese of Idaho, was in Hailey Sunday, when a class of 19 young people were confirmed in the Catholic faith.

## MISSIONARY SOCIETY WILL MEET IN BUHL

West End City Scene for  
Conference of Methodist  
Episcopal Church Group

BUHL, Nov. 2 — Delegates to the district conference of the Women's Foreign Missionary society of the Methodist Episcopal church will meet here Nov. 14, according to an announcement made this week. Mrs. Charles D. Fletcher is district president, Mrs. J. J. Fleming is district vice president, Mrs. Bert Powell, Kimberly, second vice president, and Mrs. P. E. Bartlett, Buhl, recording secretary. Mrs. H. C. Humphrey, Gooding, is recording secretary and Mrs. A. F. Boneyer, Rupert, is treasurer. The program will include the following: Morning devotion, Mrs. H. C. McCallister, Gooding; Mrs. Harry Wright, response; Mrs. B. F. Meredith, appointments; committee reports; report of district officers will be heard during the morning session. The business meeting will be closed by Mrs. H. G. Humphrey and "Our Young People" by Mrs. C. E. Riddle. Mrs. Bert Powell will conduct the nine-hour devotion, the luncheon hour at which the Buhl group will be hostesses. Mrs. J. J. Fleming will lead the opening afternoon session with prayer and hymn and the Memorial service will be in charge of Mrs. G. W. McMurray. Other officers of the Buhl group will be in charge of the afternoon session. A report of the national meeting held recently at Columbus, Ohio, which Mrs. Fletcher attended, will be given. Election of officers will be held during the afternoon, and the stations will close with a benediction.

Mrs. Clyde Smith, Buhl, is superintendent of the Young People's Union. Mrs. B. F. Meredith, Hansen, superintendent of the Junior department; Mrs. Mary Dawson, Idaho Falls, is vice secretary; Mrs. Anna Silling, Kimberly, is stewardship secretary; and Mrs. Frank Saunders, Poaville, is secretary of the extension department. About 100 delegates are expected to attend. Earl G. Heidel, son of Mr. and Mrs. J. T. Heigel, Buhl, has been chosen one of the nine Idaho students candidates for the Rhodes scholarship, according to

announcement received here by his parents recently. Mr. Heidel is a junior at Gooding college and is a graduate of the high school.

Halloween cakes were used at roll call at the meeting of the Sunnyside club held Wednesday afternoon at the home of Mrs. George Haaker. The officers for the coming year were: Mrs. J. H. Crawford was elected with community singing and repetition of the Women's creed. Plans were discussed for the children's home at Buhl at Thanksgiving time. Each member is contributor two quarters. Mrs. G. Haaker gave a reading, "Halloween Whispers," during the social hour followed by Mrs. Spencer who read an article on Hallowe'en. The next meeting will be with Mrs. Crawford on November 17.

Mrs. James Millar is taking treatment in a state hospital. She will return to Buhl in about three weeks. C. I. Crawford, Salt Lake City, representative of the Liberty Coal company, is in the city and guest of Mr. A. G. Grisham, local football manager. Thursday was "Coal Firing and Hurling." W. P. Barton, mining engineer of Mackay, was also a guest of the group. Henry Hatfield, president of the high school football team, was present, succeeding the previous holder of the position for the annual Farmer's night, November 7.

Mrs. and Mrs. Garland Duncan entertained at a Hallowe'en dinner at 7 o'clock Thursday evening complimentary to members of the 500-club. The guests were greeted at the door by Jimmie and Dolores Durcan in spook regalia. Table appointments and menu carried out the orange and black color scheme and in the games high scores went to Mr. and Mrs. H. C. Brannon. The consolation to Mr. and Mrs. Fletcher Schiller. The guests presented Mr. Duncan with a gift in honor of a recent birthday anniversary. The guest list included Messrs. and Mrs. Martin Miller, Mr. and Mrs. Harry Webber, L. E. McManama, R. R. Drannon, Fletcher Schiller and Jess O. Eastman.

Buhl Episcopal church will entertain at a benefit card party during Thanksgiving week to raise funds for interior decoration of the church. It was decided at the meeting of the organization last Thursday the home of Mrs. C. A. Bowers, at which 14 members were present. Mrs. W. H. Herman was a guest. Mrs. Bowers will serve as chairman and the committee on arrangements will be assisted by Mrs. B. T. Tillery, Mrs. P. C. Meredith and Mrs. Thomas Fritcher. The next meeting will be with Mrs. C.

## DEER SHOOTING IN CASSIA COUNTY BRINGS \$100 FINE

BURLEY, Nov. 2 (Special to The News) — Gus Peterson, Eden, was fined \$100 and costs by Justice J. J. Robinson at Oakley for shooting a deer in Cassia county which is in a district closed to such hunting.

Peterson was apprehended on one of the tributaries of Clove creek during a blizzard Sunday by Forest Supervisor S. S. Stewart and one of his rangers. Peterson was accompanied by Curtis Metcalf, also of Eden. The deer had been freshly killed and Peterson ultimately confessed guilt of himself killing the animal. Upon appearing for trial Wednesday they were accompanied by a mob by the name of Davis, also of Eden, who bit in the deer when sold by the deputy warden, paying \$25 for the carcass and head.

H. Coleman on November 14. Mrs. J. C. Nason was hostess Wednesday evening to the Weekly Fineline club with best scores going to Mrs. Nason and James Cannon. Mr. and Mrs. Cannon entertained at the next club meeting. Mr. and Mrs. F. H. Pinn and Mrs. and Mrs. Ralph Bristol, Poaville, were guests this week of Mrs. Bristol's parents, Mr. and Mrs. J. C. Nason.

H. Whinnery, 56, is recovering from injuries received Wednesday evening when the light car with pickup body in which he was sitting was struck by a heavy sedan driven by Jack Mow as the intersection of Broadway and Walnut streets. The car driven by Jack Mow was struck broad side by the Moss car, throwing Whinnery, who was riding in the rear, to the pavement, rendering him unconscious. He was taken to a local physician for treatment. Both cars were slightly damaged.

Mr. and Mrs. Clarence Lancaster and daughter Dorothy will leave for the near future for Los Angeles for a brief visit. They also plan to visit Long Beach and Orange, California. They will make the trip overland.

Mrs. P. C. Margardien, assisted by Mrs. J. H. Murphy, was hostess to the Wednesday card club. Three tables were in play following luncheon at 1 P. M. featuring an orange and black color scheme with the first prize going to Mrs. Fred Walker.

The "Stone fish" of the tropics is one of the most poisonous of the sea.

- have you driven  
a Chevrolet Six?

Have you felt the thrill of its six-cylinder performance—so smooth, quiet and vibrationless that you almost forget there's a motor?

Have you known the satisfaction of its six-cylinder reserve power—ready to shoot you ahead at the traffic light, to carry you over the steepest hills, or to speed you along the highway?

And do you know that anyone who can afford any car can own a Chevrolet Six?

If you have never driven a six-cylinder car, it is impossible for you to form any idea of Chevrolet performance from your imagination alone.

Smooth! No rumble in the body—no tremble in the steering wheel—no vibration to loosen windows and doors!

Flashily! Power that flows in a silken stream—and never strains or "huggs"!

Quiet! Hardly a whisper from the motor. You can drive it for hours without the slightest noise fatigue!

But why try to tell you the story when only a ride can give you the facts? Come in. There's a car waiting for you... Now!

A Ride tells a  
Wonderful  
Story!

## HEIRESS MAY TAKE STUMP IF MOTHER GETS INTO CONTEST

Wealthy Windy City Young Woman May Desert Aristocratic Astor Street to Help Elect Bertha Baur

CHICAGO, Nov. 2 (AP)—Rosemary Baur, Chicago heiress, may be out on the political hustings if her mother, Mrs. Bertha Baur, decides to run for congress again.  
Mrs. Baur, Republican national committee woman from Illinois, is being prominently suggested as a candidate to succeed Ruth Hanna McCormick, representative-at-large, now a candidate for senator. She recently returned from a tour of Russia following Rosemary's presentation at the British court, and hasn't announced whether she will run.  
Rose From Desk

Mrs. Baur, 68, to a stenographer's desk to become one of the government's highest paid employees as secretary to four Chicago postmasters. She left government service to marry the late Jacob Baur, millionaire manufacturer.  
Her politics are of the catch-as-catch-can school, generally known as "practical." When she ran for congress in 1926 against Fred Hunter, her platform was "light wines and beer."  
She took the Anti-Saloon league severely to task, and entered spiritedly into the dealings with personalities which usually mark a Chicago campaign. But despite her support by the machine, Hunter won easily. Her opponents called her the "Little Red Riding Hood of politics," but after her defeat, Mrs. Baur remarked succinctly: "Well, one skunkish doesn't make a battle."  
Active in Last Campaign  
Mrs. Baur was active in the last campaign and was president of the women's national Republican club.  
Before entering politics she was an intensive worker for suffrage. Rosemary has displayed active interest in her mother's work. And so, Mrs. Baur tosses her hat into the ring, the daughter "riding" will spend a part of her time at rallies. She is frequently referred to as "Chicago's richest girl."

## Social Secretaries in Washington Thriving

WASHINGTON, Nov. 2 (AP)—So great is the demand for social secretaries in this city that special classes to train young men and women in this work have been organized. Many women who have had years of experience as social secretaries in Washington. Under their guidance, pupils are given instruction in the various details of the social life of the city.  
The classes are held at the Washington Y. M. C. A. and are open to both men and women.  
The correct calling lists for their profession are being compiled by the classes.

Rosemary Baur, rich Chicago girl (right), may desert aristocratic Astor street to campaign for her mother, if Mrs. Bertha Baur, Republican national committee woman, re-enters the race for congress. Rosemary is 18.

## SMALLEST—SMARTEST WOMEN ELEVATE LONELY IN NEWEST SLIPPERS—GAS STATION IN BOSTON

BOSTON, Nov. 2 (AP)—The evolution of the gas station from a dirty shack to an attractive little structure of architectural merit is woman's gift to highway landscape.  
A service supervisor of a large oil corporation in New England freely admits the influence of the feminine drive thus: "There is no denying that our service is designed to please the rapidly growing number of woman drivers. In fact, we hardly give the men a thought, for if our services satisfy their wives, and sisters, and mothers it cannot but satisfy them."  
The new driver has become discriminating. She will not halt anywhere along the turnpike or at any street corner just because a pump has been planned there.  
Teachers—Receive—Leaves  
SEATTLE, Nov. 2 (AP)—Teachers who have received their seven years are given substandard leave for one year with pay.

## Oklahoma Woman Runs Busses to Five Towns

OKEMUL, Okla., Nov. 2 (AP)—Mrs. Dora Saunders has four occupations: mother, mechanic, chauffeur and manager of five intercity bus lines.  
Five years ago she bought her first taxicab on borrowed money. When her husband, THOMAS, was failing, Mrs. Saunders operated his garage. Later she started her own bus line.  
Now she is manager of two lines that take four buses and travel between the Oklahoma towns.

## Dressmakers Open Own Cocktail Bars

PARIS, Nov. 2 (AP)—Cocktails play a part in the business plans of Parisian dressmakers these days.  
SEVERAL OF THE BEST KNOWN style creators operate private bars where customers can choose their new clothes while they are being made.  
One dress house is almost as famous for its special cocktails as made by a recipe supposed to be a secret, as it is for its gowns. The same mind that designs the clothes designed the cocktails.

## MEN SUPERIOR COOKS SAYS FRENCH WOMAN

PARIS, Nov. 2 (AP)—Men should do the cooking in the home, says Madame Auguste Wolf Weiss, head of the School for Mothers, because they do it better. They do it better, she thinks, because they enjoy food more.  
This sauce-pan job for man is only justifiable when proper re-education of household workers is possible.  
Expansion of domestic science in schools is compensating somewhat for this but she would reorganize the household system in the public instruction of the boys and girls who are to make the homes of the future.  
Cooking, marketing, accounting and the utilization of labor-saving devices she would turn over to the males.  
The woman would have in charge of clothing and linen, home decoration and housekeeping proper.

## DAYLIGHT SAVING TIME CAUSES WEDDING MIXUP

LONDON, Nov. 2 (AP)—The Court of Faculties has been called upon to decide whether a couple married outside the legal hours under daylight savings, but within the limit by standard time, is truly wedded. Under the English Marriage Act of 1923, still in force, legal marriages can be contracted only between 8 A. M. and 3 P. M.  
At a recent West Surrey wedding, the ceremony did not begin until nearly 4 o'clock. "It hurried through the ceremony before the hour struck and assured the couple that it was all right as they had been married before 3 P. M. sun time.  
One official of the Court of Faculties has held that since daylight saving has been made a law, everything is affected by the alteration. Proponents of the telegram's view point out that when the 1923 law was passed there was no such thing as daylight saving, hence the intent of the early law has been served.

## Women's Grades Highest

KNOXVILLE, Tenn., Nov. 2 (AP)—A University of Tennessee study showed women's grades were higher than those of men. The averages based on a maximum of four said a minimum of one, gave the women 2.38 and the men 1.86.

## DOWAGER BECOMES FOE OF SHORT SKIRT

Silver-Haired, 85-Year-Old Widow of Late Missouri Solon Favors New Trend

By SUE McNAMARA (Associated Press Feature Service) (Writer)  
WASHINGTON, Nov. 2—No woman in the country is more pleased at the return of long skirts than Mrs. John B. Henderson, the silver-haired, dynamic 85-year-old widow of the late senator from Missouri.  
Cocktail flasks and women's knees, whether bare or skink clad, make this energetic little leader of Washington's social and civic life see red.  
A few years ago she started a crusade against short skirts and cigarettes. Shortly before that she had the collar of her magnificent home. Boundary Cassin, cleared of its necktie, wine and liquors. She gave none of the stuff away. She personally saw that every bottle was broken up on the curb.  
Although she entertained daily for years and her home has been a gathering place for diplomats from parts of the world where wine is as common as water, no liquor is ever served.  
The brown stone castle where Mrs. Henderson lives is one of the show places and hand-marks of Washington. It is surrounded by a brown stone wall. When built by Senator Henderson in 1871 it was one of the outposts of Washington, so it was named Boundary Castle.  
Camel's hair is used by the Bedouins in the manufacture of yarn.

### An "Editorial" by C. E. Lind

## Experienced Drivers Say "it's the Only Tread that Really Holds the Road"

Yet bet there's a reason why old-timers behind the wheel tell you "The All-Weather is the only real non-skid tread."

And it's the reason why the All-Weather Tread has stood pat for a generation, while other tire makers have had to switch about, changing their treads, trying to find something half as good.

We can show you the three-fold reason. First, STOPPING AND STARTING TRACTION—due to the CENTER All-Weather diamonds. Second, CURVE TRACTION—due to EDGING the tread with All-Weather diamonds. Third, RUT TRACTION—due to the All-Weather diamonds going so far up the sidewalls.

You get MANY DOLLARS' WORTH MORE of safety against skidding or getting stuck in the mud with Goodyear All-Weathers—yet you don't pay a cent more!

Millions More People Ride On **GOODYEAR** Tires Than On Any Other Kind

FEATURE FLASHES FROM FAR-FLUNG FOREIGN FIELDS

Life Story of Queen Victoria of Spain Shows King Alfonso in Role of Perfect Lover from Early Days of Royal Romance

Biography Tells of Action of Suitor Following San Sebastian Visit Ruler Remembers Fondness for Oranges by Sending Full-Sized Tree

By BETTY RANBY (Associated Press Staff Writer) LONDON, Nov. 2.—King Alfonso of Spain appears in the role of a perfect lover in the new life story of Queen Victoria of Spain just published. Evelyn Graham, the author, journeyed to the royal palace at Madrid and set much of his material from the queen's own lips. She told how when she visited her future husband at San Sebastian she showed a fondness for the juicy oranges sent especially from the South of Spain for the royal table. Later she left for Paris and the king telegraphed the Spanish embassy in Paris to have someone send a train by which he was sending some oranges for the princess. An official was dispatched with baskets large enough to hold a vigorous consignment, but his astonishment was great when he saw the train contain a full-sized orange tree in a tub, its branches laden with golden fruit. During the engagement the Spanish king wrote his English princess every day in French, sometimes, it is revealed, twice a day. King Alfonso, while still in his teens, is said to have declared that he would marry only a princess who took this fancy. "I want to love my wife," he said, "and his married life, therefore, that he carried out his resolution. When Princess Victoria became the Queen of Spain she was faced with the problem of the nuttall. There are 15 ways of wearing the mautila and the queen had several lessons in arranging the folds of lace. She learned the art so well that one of the things which was most endeared her to the people was the grace with which she wore the traditional headgear and her fondness for it.

KING ALFONSO OF SPAIN

Natives Get Cedars of Lebanon for Tourists

DAMASCUS, Syria, Nov. 2.—The cedars of Lebanon, famed in Holy Writ, have become trees to the souvenir hunting tourists. Local folk pop off branches for sale to the tourists, coming in increasing numbers over the new automobile road from Belvoir. Not content with this vandalism, the inhabitants use the approaches to the forest as a dumping ground for all sorts of refuse. There is a warden, but he seems to confine his activities to selling tickets of admission to the cedar grove. Complaints have been made to the authorities but so far without success.

Off-Face Hats Turn Attention to Brows

PARIS, Nov. 2.—Off-face hats, sometimes called blow-dry, have boosted the use of tweezers and brought eyebrow brushes out of obscurity. Fashionable women sport a slanting pick-up in the lines of eyebrow plucking, straightening, dusting and general toning up since the advent of hats which expose the forehead and focus attention upon the eyes and brows. The Parisian woman wears her eyebrows narrow, gently arched and highly polished this winter.

Shortage of \$1,300 in Books Brings Sentence

BERLIN, Nov. 2.—German judicial severity, in a dramatic characteristic of pre-war days, has not entirely subsided under the republic. A shortage of \$1,300 in books, the prosecution alleged that Schjoeter had manipulated his accounts so that a deficit of \$1,300 which he had to refund, was reduced to \$250. The defendant insisted that the discrepancy was due to errors in bookkeeping. His wife was present in court and collapsed when Judge Bode pronounced sentence for the amount of the postal service.

Nerve Strain Fatal to German Leaders

Political Campaigns Sap Strength of Great Men, Berlin Specialist Avers

BERLIN, Nov. 2.—The nerve strain of German leaders is becoming so acute that it is feared that they will suffer a premature death, writes Dr. Julius Singer, a well-known Berlin book press specialist, in the social democratic newspaper, Vorwaerts. "Both Dr. Gustav Stresemann and Friedrich Ebert, Germany's first president, would have died much longer if their powers of resistance had not been sapped by the venereal political campaigning of post-war days," Dr. Singer says. "In no civilized country do statesmen die so young as in Germany. Apart from Engelbert Dollfuss, who fell at the ages of 48 and 54 respectively, by murderers' hands, Ebert died at 54 and Stresemann at 51, while as Chancellor he still alive at 68, present Minister of Czecho-Slovakia at 75. Poincare has come through a difficult operation at 69. Briand is 67 and Lloyd George 65."

Monte Carlo Facing New Financial Crisis

MONTE CARLO, Nov. 2.—The principal fear again threatens the city. Distress of Monaco which has just recovered from a financial crisis, is now faced with serious financial difficulties. In order to carry out its proposed program the Societe des Bains de Mer, the holding company operating the gambling interests, is in urgent need of \$5,000,000 and for the first time in the 50 years of the casino's existence European bankers have refused a loan. The casino authorities claim they need the money to complete public improvements started two years ago and institute an international advertising campaign. The bankers refuse to be interested, claiming that the casino already is mortgaged too heavily to the effect that the casino's assets in thirty months, and that the prospect of good business does not justify the risk. The further point out that the gambling franchise has but twenty years to run and that gamblers today prefer the stock market to roulette.

Planes Carry Cables

OSTEND, Belgium, Nov. 2.—The use of airplanes in conveying cables to distressed vessels has proved so successful that the authorities have decided to employ this method in preference to sending out salvage boats.

College Teachers Aeronautics

WICHITA, Kan.—The college of aeronautics in the Municipal university here offers courses in eight branches of aviation study.

MANY BRAVE BRITISH SOLDIERS DISAPPEAR One American Citizen Stands Out Among "Subjects" of New Vatican City State

Location of Over One-Half of Winners of Victoria Cross Remains Unknown

Father John Hagen, Director of Observatory and Naturalized White of Georgetown University, on List

LONDON, Nov. 2.—Some of England's bravest men, in a special tribute to the heroes of the Victoria Cross for bravery in action, the War Department has discovered that it does not know the present whereabouts of over half of the men who have been honored. A plan has been broadcast for friends or relatives of "VCS" to send information. The dinner, which will be held on November 9 at the House of Parliament, will be presided over by the Prince of Wales who will take a bare cast in honor of soldier guests. Ireland, it is believed, will have the oldest representatives at the dinner, two of the three oldest soldiers are Irishmen who received the coveted distinction half a century ago, General Sir Frederick Burt, who in 1852 was awarded the Victoria Cross for bravery in the action in the Crimea in the Afghan war after he saved his life by saving a wounded British soldier from the hands of the enemy. He is now 82, was a member of the Royal Army Medical Corps, who is one of the two survivors of the 11 "Ves" of Burke's Brigade, Zouave, in 1879.

By HUDSON HAWLEY (Associated Press Staff Writer) NATURALIZED AMERICAN CITIZEN—One lone American citizen stands out among the 511 "subjects" of the new Vatican City State. The Father John Hagen, S. J., director of the Vatican observatory, born an American and naturalized American, has headed by the Pope himself in fulfilling his functions at the Vatican for about a quarter of a century. Out of the 510 citizens or subjects, headed by the Pope himself (as Italian orator, about 1913 St. John was actually born an Austrian subject, his nationality, being never altered, being in the hands of the Holy See, which has held the dominion at the time he came into the world. The 510, in view of the century anniversary of the foundation of the Vatican City State, will include the French half. This number includes their nation's "Cardinal of Curia." His Vatican Alexis Leprieux.

Germany has five Vatican citizens headed by the venerable Signor, Cardinal of Curia, the Vatican, Spain has two, one being Cardinal Merry del Val, former secretary of state and now archbishop of St. Peter's Basilica. Austria has three, including the late Emperor Franz Joseph, who was represented by his sons, Cardinal Franz, his brother, Prince Alois, and Prince Alois. The only other two nations to be represented by their citizens are 100 per cent Catholic. The students of the Ethiopian seminary itself are not counted among the citizens of the Vatican, since their residence is only transient. For disciplinary and administrative purposes, though, they will be counted under the care of the government of the city-state until the completion of their studies. There now are 100,000 people living in the Vatican confines since February 11, 1929, when it was proclaimed a sovereign territory. The children of other nations, for the purpose of naturalization in Italian territory, that is, in Rome itself. In a short time it is intended that the Vatican shall have its own primary, grammar and high schools.

French Riviera Extends Appeal to Tourist Trade

NICE, France, Nov. 2.—A growing belief among Riviera hotel proprietors that they must change their advertising methods may turn hundreds of thousands of dollars to advertising media in the United States. Instead of spending their entire budgets on appeals which reach only the elite, the Riviera hotel owners plan the new plan is to commence the advertising campaign in the tourist's own country. The first Riviera City to realize the value of advertising in the United States, Clubbing together, the business men and the casino managers spent \$400,000 in two years. The results started even the American advertising men who prepared the budget, Mr. Juan de los Rios, Monte Carlo and Menton are now preparing to try the plan.

Sea Fishes Get Humus

BREMEN, Nov. 2.—Pilots of the small planes which are catapulted from the S. S. Bremen, complain that the sudden thrush gives a violent bump in the back, which no padding contrivances can overcome. The plane goes from a standstill to 50 miles an hour in the space of a few seconds.

Find Relics of Ancient Man

LENINGRAD, Nov. 2.—Relics of a Cro-Magnon man, the race which lived in France 25,000 years ago, were brought here by an expedition of the Academy of Sciences which found them in the black earth district of southern Ukraine. Stone implements and articles made of the bones of mammoths were included.

Wolves Found in Java

BATAVIA, Java.—Natives of Java, taking advantage of installment buying, are riding around on American automobiles.

Failure Marks Plan to Help Armenians

Noted Arctic Explorer and Leader in Settlement Scheme Reports Tragedy

GENEVA, Nov. 2.—The Republic of Erivan, in far Caucasus, is the instrument to a tragedy on the books of the League of Nations. Erivan was the League's proposed solution for the problem of Armenian refugees—was a scheme to resettle the scattered Armenian families to this Arctic land, the league has virtually abandoned the scheme in despair. An heroic figure, Nansen, the Arctic adventurer, is connected with the Erivan scheme as leader in the difficult task of restoring the dispersed and persecuted Armenians in a national home. "It is with breeding blood," writes the while-liner, but still strong-minded Norwegian, "that I place this tragedy before you. It is the last act in a sad story. The records of the league tell how Dr. Nansen was pressed, much against his natural inclinations, to attempt to rehabilitate the race—the first of the European nation in the world's history—which had been almost exterminated by the Turks. After years of earnest striving, Dr. Nansen was able to obtain financial

Entered as second class mail matter April 15, 1925, at Twin Falls, Idaho, under post office No. 1167. Post office at Twin Falls, Idaho, established August 11, 1911. Acceptance for mailing at special rate of postage provided for in Act of October 3, 1917, authorized on July 18, 1928. Postmaster: E. J. Mendenhall.

Published every morning except Monday, Tuesday and legal holidays, at Twin Falls, Idaho, by T. W. Mendenhall, Inc.

ASSOCIATED PRESS
The Associated Press is a factually correct news-gathering and distribution organization, established in 1848. It is the largest news-gathering organization in the world. It is a non-profit-making organization. It is a voluntary association of newspapers. It is a national organization. It is a world-wide organization. It is a service organization. It is a news-gathering organization. It is a distribution organization. It is a factually correct organization. It is a reliable organization. It is a trustworthy organization. It is a news-gathering organization. It is a distribution organization. It is a factually correct organization. It is a reliable organization. It is a trustworthy organization.

NATIONAL REPRESENTATIVES
PLUMDEN, KING AND FROEDER, New York, Chicago, San Francisco, Los Angeles, Seattle.

AMONG THE POSSIBILITIES
These are indications, according to an Idaho geologist, that the Craters of the Moon National monument on Snake River plains north of here may again erupt in volcanic activity.

OUR GAMBLERS
One of those statistical sharks, at estimated expense of considerable time and effort, has completed a study on the basis of which he announces that Americans bet in the course of a year more than four billions of dollars.

THE OPEN WINDOW
The other day I was glancing through one of the many papers that come to my desk; my eye lit upon a caption of a letter which was headed "The Open Window." It was a letter to the "Editor of the Without Rights." The writer went on to maintain that in these days when material progress is being made, it is to consider pedestrians as being in the minority and that as such they should look out for themselves.

THE GREAT NEED TODAY
BY REV. WILLIAM C. POOLE, D. D. (Pastor of Christ Church, London)
CYNICISM is the worst evil of the day, and the world must learn to have the same faith in spiritual things it has in material.

THE LATCH-STRING
Peace within and joy beyond all doubt: Welcome always, for the Latch-string's out. BY ROSEMARY

MAN'S BEST FRIEND
BY D. R. CHURCHILL
Not a pet of mine can justify shape, In meek or proud, in beauty or in grace; Nor teach the salvage of the truth Of what might be composed; Nor give me any sense of peace; Nor can we calculate The debt of gratitude we owe, Unto the faithful dog.

HEY, FELLOWS!
BY L. M. COOLEY
BEAR KICKS UP VOLCANO
So close are Nature's fires to the surface of the earth that they can be felt in the Ten Thousand Smokes in Alaska, a new wonderland that has been set aside by the United States Government as a national monument.

HAULEY OFFICER, SERVING ATTACHMENT, FINDS LIQUOR
H. HALEY, Nov. 2 (Special to The News)—D. T. Williams, superintendent of the Golden Gate building, this morning was arrested by the sheriff's office on a warrant for serving liquor.

THE END OF THE ROAD
The final chapter has been reached in the story of Albert B. Hall—It is not very pleasant reading.

BURLEY SCHOOL OFFICIAL MOVES TO NEW QUARTERS
D. HALEY, Nov. 2 (Special to The News)—D. T. Williams, superintendent of the Golden Gate building, this morning was arrested by the sheriff's office on a warrant for serving liquor.

WORLD CHANGE RACES
The Misses Underwood and Pauline Field entered a number of their friends at a motorcycle race Friday evening at the Underwood home.

OFFICERS AT HAULEY FIND STOLEN ARTICLES IN BARN
H. HALEY, Nov. 2 (Special to The News)—A number of stolen articles were found in the barn of the Burley School building, this morning.

THE GREAT DEPTH OF THE MEDITERRANEAN SEA IS 14,320 FEET.

It is not a happy sight. That the incident may serve a useful purpose in that it will probably result in a more wholesome attitude towards the law on the part of the public as a whole and call attention to the fact that a Congressional investigation is not always to be taken lightly.

LONGEST AIR MAIL ROUTE
Last week the first delivery of through air mail from Buenos Aires was made in New York. It had taken just eleven days to bring the letters eight thousand five hundred miles.

THE CAT FIGHT
Day after day the intense and furious battle between the two cats has continued. The fight is now in its fourth day.

Skits and Scratches by Scot

Guiding Your Child

A YANKEE ABROAD That Pershing-Lydon Mystery By De WITT MACKENZIE

WINTER PLAY
Even in the coldest weather, provided it is not so cold that children should spend much of their time out of doors.

SMALLER EVIDENCE BOXES
smaller empty grocery boxes, some of which are loaded with goods and some of which are empty.

LONDON, Nov. 2 (AP)—My very Scotch friend, Sandy, Moshrinlich, of Aberdeen, sought me out to demand whether it was true that General Pershing had been shot during the battle of the New York supreme court.

EVERY CAT SHOULD REAP THE FRUIT OF ITS OWN SEEDS
Every cat should reap the fruit of its own seeds. There is no such thing as a free lunch.

THE OPEN WINDOW
The other day I was glancing through one of the many papers that come to my desk; my eye lit upon a caption of a letter which was headed "The Open Window." It was a letter to the "Editor of the Without Rights." The writer went on to maintain that in these days when material progress is being made, it is to consider pedestrians as being in the minority and that as such they should look out for themselves.

What made me doubt the report, even before General Pershing was shot, is that I know him to have a very good eye. It is not easy to miss a man who goes on about him that he doesn't see. He wouldn't have overlooked the judge.

THE GREAT NEED TODAY

38 BUILDINGS IN VICTOR CITY

Huge Plant in Full Blast 2,331,000 Feet of Floor Space Houses Thousands of Employees

A complete municipality in itself, the mammoth plant of the Victor Talking Machine Division...

is on duty day and night. This is also the "Victor" plant or pole-line force of more than 100 men operating in three waterworks...

is thirty-eight buildings contain 2,331,000 feet of floor space, cover fifty-one acres and are occupied exclusively with the production of the new micro-synchronous Victor radio...

"To really grasp the magnitude of this unique musical municipality, it is necessary to consider its extent and scope by the use of comparisons," said Harry C. Grubbs, vice president of the Victor Talking Machine Division...

"To get an adequate mental picture of this huge plant," Mr. Grubbs went on, "consider that its floor-space is equivalent to that of 10 city blocks...

"The inhabitants of 'Victor City' number many thousands of whom have been employed by the Victor plant for many years...

"Although all of the buildings in 'Victor City' are of fireproof brick and steel or concrete construction, it has a fire alarm system more extensive and complete than that in the average city...

"The Victor Medical Dispensary and Emergency Hospital with ambulance service and a fully equipped office, is a model of medical and surgical facilities...

"This enormous stock is kept in a building which is the largest wood working plant devoting its entire energies to the turning out of its cabinets...

With Edward Sumner, J. Hansen, as the moving spirit and Superintendent D. A. Hills, 27 Hansen as toastmaster, the group gathered with members of the college faculty to hold an impromptu fellow-

### Jerome Talent to Appear in Comedy Club Preparing to Stage Musical Production in High School Auditorium

Jerome, Nov. 2.—Jerome Civic club is preparing to present a musical comedy, "Hello There," on November 8 and 9 in the high school auditorium. Jerome's best singing and dramatic talent has been enlisted and a splendid production is assured. Two taking part are Irvin Robinson, Eunes Doane, H. Maine Blanton, Donald Johnson, Wayne DeWinger, Kenneth Johnson, Fred Reddick, Frances Wilson, Virginia Halderman, Mrs. W. R. Robinson, Hazel Willetcraft, Axilla Fay Peters, Mrs. Gilbert Brewer, Paul Wheatcroft, Raymond Wolf.

The members of the Home Economics club of the high school entertained Tuesday night in honor of their mothers and the new members. Entertainment was in the form of a national luncheon service, including the new girls. The officers and new members presented a candle service at the end of which the new girls were given the pledge given by the girls exhibited the new girls, equipped laboratory to their mother.

An elaborate two-course lunch, prepared by the foods department, was served at 10 o'clock.

Amabel Zug was hostess at a charming Halloween dinner party on Wednesday at 5:30 P. M. After dinner the girls attended a theatre. The guests were Catherine Smith, Marjorie Carlsson, Helen and Dorothy Turner.

### JEROME TALENT TO APPEAR IN COMEDY

Club Preparing to Stage Musical Production in High School Auditorium

Jerome, Nov. 2.—Jerome Civic club is preparing to present a musical comedy, "Hello There," on November 8 and 9 in the high school auditorium. Jerome's best singing and dramatic talent has been enlisted and a splendid production is assured. Two taking part are Irvin Robinson, Eunes Doane, H. Maine Blanton, Donald Johnson, Wayne DeWinger, Kenneth Johnson, Fred Reddick, Frances Wilson, Virginia Halderman, Mrs. W. R. Robinson, Hazel Willetcraft, Axilla Fay Peters, Mrs. Gilbert Brewer, Paul Wheatcroft, Raymond Wolf.

The members of the Home Economics club of the high school entertained Tuesday night in honor of their mothers and the new members. Entertainment was in the form of a national luncheon service, including the new girls. The officers and new members presented a candle service at the end of which the new girls were given the pledge given by the girls exhibited the new girls, equipped laboratory to their mother.

An elaborate two-course lunch, prepared by the foods department, was served at 10 o'clock.

### CANADIAN'S WEATHER PREDICTION CORRECT

Dry Summer Gives Colonel Dennison Right to Declare "I Told You So"

BOISE, Nov. 2.—Now that the heat waves are about to let blow on (the forests and for several months but out the danger of the heat has harassed forestry men during the last summer, comes a still smaller value from up in British Columbia, saying: "I told you so."

That is exactly what Colonel Dennison's claim was repeated over and over by W. D. Humiston of the Portland lumber company and others prominent in the industry—that the bad years travel in cycles of about 10 years. In 1919 there were bad fire conditions and much loss. Last summer was the next turn of the cycle.

Colonel Dennison talked of sun spots and their relation to the amount of lightning. This he could not carry in his official reports because sufficient data has not been learned of the relation to sun spots to earth weather for official bureau to take full cognizance of them. But he said others admitted that in their private investigations, the sun spots were given consideration. Needless to say his long range forecast drew horns of detention from many of his fellow weather forecasters, including a prominent United States weather-bureau official. But the results of the last summer and the huge and as yet unchartered acreages burned over, certainly justified "him" in his testing: "I told you so."

### REAL ESTATE TRANSFERS

Published by the Inferior Title and Guaranty Company

OCTOBER 31

Warranty of T. Twin Falls Cemetery Assn. to G. Osterloh \$500. Pt. Lot 8, Blk. 17, Twin Falls Cemetery.

Warranty by Marjorie Brockman to C. L. Smith \$1466.72. S4 SE 18 11 16.

Warranty D. A. A. Look to J. M. Miller \$1000 NW NE 7 11 10.

Bubonic plague killed off one-fourth of the world's population in 1348.

## Setting the pace for all other low-priced sixes

IN EVERY phase of performance, today's Pontiac Big Six is setting the pace for all other low-priced sixes. The reasons are obvious. Its 200-cubic-inch I-6 engine is in the largest to date in any six so low in price. Its carburetor is of the most advanced type, incorporating an accelerating pump for extra snap. A gasoline pump supplies the correct amount of fuel for any speed. Thermostatic control of water temperature keeps the engine operating at high efficiency at all times. Little wonder, then, that Pontiac is out-performing its field—

In Speed. The highest speed offered by any low-priced six—proved by the "fifth wheel,"—most accurate speed measuring device known to automotive engineers.

In Acceleration. The fastest acceleration provided by any low-priced six—this also proved by the scientific accuracy "fifth wheel."

In Safety. Because of its non-squeak, internal-expanding four-wheel brakes—its hardwood-and-steel body construction—its full tread axle, front and rear.

Furthermore, the Pontiac Big Six combines three characteristics—with the equally important performance factors—smoothness, riding and handling ease and long life. In addition, it is remarkably economical in its own and operating costs. Come in and let us give you figures which substantiate this statement. And bring your present car for our generous appraisal.

Pontiac Big Six, 1929 to 1931, A. S. Pontiac, U. S. A. Big Six being compared with other low-priced sixes. Do not compare with other low-priced sixes. General Motors Time Payment Plan available at automobile dealer.

## MULTI-RANGE POWER

DOES MORE THAN POWER EVER DID BEFORE

Something revolutionary has happened. In these brand-new cars, Chrysler engineering science has developed a marvelous new principle of power control. A new type of four-speed transmission with extraordinary superiorities plus the advantages of the Multi-Range gear shift, giving a new ease in shifting without danger of clashing gears. THESE NEW MULTI-RANGE CHRYSLERS are so far ahead in driving pleasure that nothing on the road can serve as a comparison. You have only to ask for a demonstration and a new sensation awaits you.

Chrysler Imperial, "77", "70" and "66" offered in all popular body styles—Prices range from \$985 to \$3475 f. o. b. factory (Special Equipment extra).
