SPECIAL COMMITTEE

BEGINNING STUDY OF JUDICIARY OF IDAHO

Judge James R. Bothwell, Twin Falls, Among Legal Authorities Appointed to Make Complete Survey

BOISE, Nov. 23.—A complete survey of the judicial system of the supreme court and district courts, as well as, a study of the civil and criminal procedure in the state was launched today by the judicial council at the close of a two-day meeting here.

Committees appointed for the work include some of the leading legal authorities in the state. Appointment of the committees followed an address by Governor H. C. Bolinger, in which he outlined the duties to be performed by the state board of pardons in making up recommendations in criminal procedure. In particular, the governor pointed out the importance of judges of pleas of guilty from poor men whose circumstances entitled them to leniency at the hands of the courts.

In many cases where defendants charged with crime pleaded guilty without being represented by counsel, the governor said, there were mitigating circumstances not called to the attention of the judge, with the result that sentences were imposed which would not have been had the judge been apprised of all the facts. These mistakes, the governor explained, had then to be corrected by the board of pardons.

Urges Better Defense Governor Bolinger urged that the trial judge appoint an attorney of ability to champion the cause of the defendant and report to the court before sentence was pronounced in these cases.

Investigation of the three outlined phases of Idaho legal network called for use of suggestions from the public. Lawyers as well as laymen, he said, were invited to contribute their views to the committee.

Twin Falls Man Member For the survey of work of the courts a committee under the leadership of Lewis, was selected. With Judge James R. Bothwell, Twin Falls, and A. L. Meyer, Boise, as members.

The survey of the courts will be made by a committee under Frank Martin, Boise, judge Dana E. Wright, Boise, judge William F. McLaughlin, Coeur d'Alene.

The committee to survey criminal procedure consisted of Justice William E. Lee, chairman, Judge Ralph Adams, Blackfoot, and James S. Harris, Weiser. Chief Justice Alfred Burke of the Idaho supreme court, and Frank C. Lewis, chairman and secretary of the council, respectively, will have general supervising supervision over the survey.

It is a plan to complete the survey in a few months so that the data may be submitted to the council for study and the results submitted to the state bar and the public.

A judicial council appointed to suggest improvements in administration of justice in Idaho courts will proceed cautiously in its task, devoting only as much time as necessary to the study of present methods and soliciting constructive suggestions from all citizens.

Plans of Minnesota: Man Call for 4000 Flying Officers and Many Planes

WASHINGTON, Nov. 23 (AP)—Four thousand officers and as many military airplanes would be the goal of a five-year expansion of the army air corps expansion program, under a plan discussed today by Chairman James of the house military committee by Representative Meas, Republican, Minnesota.

Under the present program, there would be 2200 active and reserve flying officers and 1200 airplanes by 1927. The five-year program is to be a "step by step" program, with the number of flying fields to be established by the army—General Meas—provision for rapid increase in aviation and for the development of speedier methods for combat purposes. The regular army should not be expected to suffer through an increase in the air corps.

Meas, himself an aviator, returned Friday from a 1200-mile flying trip that took him to every important air field in the country. He said his inspection of the air depots proved to him that a rapid expansion of the air corps program was necessary.

James assured him, Meas said after his conference, that the question would be presented to the military committee in December when a bill would be introduced to expedite the army housing program.

Coast Aviator's Plan Flying Record Assault

LOS ANGELES, Nov. 23.—Bobber Trout, Los Angeles, and Elmer Smith, Detroit, left their respective flying fields today, which they intended to use as the starting point for their record assault today. Miss Trout was observed with a gas tank on the first refueling contact, and was slightly injured about the face. She announced another take off tomorrow if she had recovered sufficiently.

Byrd Gets Financial Aid

WASHINGTON, Nov. 23 (AP)—The National Geographic society today announced it had granted an additional \$25,000 to Commander Richard E. Byrd for his antarctic expedition. The society already had granted \$25,000.

COURT SETS DAY FOR LIQUOR CASE TRIALS

Judge C. C. Cavanaugh Gives Up Bench to Allow Jurist From Spokane to Preside

COEUR D'ALENE, Idaho, Nov. 23 (AP)—Trial of Mullan city officials charged with conspiracy to violate the national prohibition act, set for the afternoon of Friday, Nov. 26, at the federal court here, when Judge C. C. Cavanaugh, who asked to be relieved because of his acquaintance with some of the officials.

Federal officers have indicated that the government case will be based on a system of taxation, which dates from 1912 to 1923 a year from all business houses in Mullan, except stock and drink parlors, which paid 425 monthly.

Major Dennis Charges Mullan, Arthur Spencer, one of the defendants, denied that the taxes were for "protection" and added "that records would be produced to show where the money was paid, and where the money was used along with regular tax receipts. Other officials on conspiracy charges included E. Wenner, Spokane county clerk, and a group of councilmen and former councilmen.

Approximately 70 persons have been indicted by a grand jury in the Mullan liquor violation in the Coeur d'Alene valley region. Some pleaded guilty yesterday and were sentenced to terms of years on trial before Justice today.

Out of six sentences imposed the most severe was one year in the federal prison at McCall Idaho.

Idaho Man Perishes In Arizona Motor Accident

TUCSON, Arizona, Nov. 23 (AP)—J. A. Parker, 78, Bonners Ferry, Idaho, was killed today when he was struck by an automobile driven by Albert E. Dodge, Tucson. He came here two days ago from Idaho.

SOLOON URGES LARGE ARMY AERIAL CORPS

WASHINGTON, Nov. 23 (AP)—Four thousand officers and as many military airplanes would be the goal of a five-year expansion of the army air corps expansion program, under a plan discussed today by Chairman James of the house military committee by Representative Meas, Republican, Minnesota.

Under the present program, there would be 2200 active and reserve flying officers and 1200 airplanes by 1927. The five-year program is to be a "step by step" program, with the number of flying fields to be established by the army—General Meas—provision for rapid increase in aviation and for the development of speedier methods for combat purposes. The regular army should not be expected to suffer through an increase in the air corps.

Meas, himself an aviator, returned Friday from a 1200-mile flying trip that took him to every important air field in the country. He said his inspection of the air depots proved to him that a rapid expansion of the air corps program was necessary.

James assured him, Meas said after his conference, that the question would be presented to the military committee in December when a bill would be introduced to expedite the army housing program.

The state charged that Dr. Whitmore wrote extensive prescriptions for narcotic which were filled by Florence.

CORONER'S JURY AT BURLEY VINDICATES DRIVER IN ACCIDENT

Olin Garrett, at Wheel of Freight Truck at Time of Fatal Accident, Held Blameless For Tragedy

(Special to The News) BURLEY, Nov. 23.—At an inquest held here today, to inquire into the death of Fred Johnston, Milner, who was instantly killed in an automobile collision with a Garrett tractor company truck Friday evening, Olin Garrett, driver of the truck was held blameless.

The accident occurred seven miles southeast of Burley. Both the truck and the light automobile driven by Johnston, who was alone, were approaching an opposite side of the highway when the Johnston car swerved suddenly directly into the path of the truck. The impact carried the light car 30 feet and crushed it against an embankment at the side of the road. Johnston's neck and back were broken.

Pastor Mortenson testified the body and it was brought to Coroner E. Z. Johnson's undertaking establishment here. Johnson was a son of W. E. Johnson, old time settler of upper Hatter valley. He was about 42 years of age, and lived with his family at Milner. For several years he had been in the sheep business. He was a member of the BKS lodge here.

He is survived by his wife and small children—by children of a former marriage and by several brothers.

JAPANESE BOY KILLED OGDEN, Nov. 23 (AP)—Kazuo Otagawa, a 12-year-old Japanese boy, was struck by an automobile here today and died later in a hospital. The police report said the boy dashed from an alley into the path of the machine. He was the son of Kakutaro Otagawa, Layton.

POCATELLO MAN RETIRES FROM CONSULAR SERVICE

POCATELLO, Nov. 23 (AP)—George N. Hill, Pocatello, consul at Oshkosh, Belgium, who will be retired January 26, according to an announcement made at Washington today, was first appointed to his post and after a short service in Canada was transferred to Europe.

He retires from the consular service on the age limit. Mr. Hill was one of the founders of the Pocatello Tribune, being associated with William Wallis. Mr. Hill was consul at Stuttgart, Germany during the entire war period, and officiated at other times as consul at St. Gall, Switzerland, Nancy, France, Bergen, Norway, and Ghent.

Tobacco Advertising On Billboards in Utah Legal

SALT LAKE CITY, Nov. 23 (AP)—The law prohibiting tobacco advertising on billboards was declared unconstitutional today by Judge David W. Moffat in United States court. Moffat said the packer corporation, Judge Moffat ruled that the law was contrary to both the state and national constitutions.

Native of North Falls To Find Trace of Pilot

NOME, Ariz., Nov. 23 (AP)—A native who arrived by dog team today at the city of Nome, Ariz., reported that he had found the pilot of the plane which had been seen in flight over the coast of North Carolina, after a trip of 100 miles from Kuluksli, by a report he had seen no trace of the plane in which Capt. Carl Byrd, Boise, disappeared November 1, attempted to reach the impounded ship. The native said he had followed the Siberian coast line on his journey.

SOUTH IN LINE FOR RELIEF FROM COLD

Eight Deaths in Dixieland Attributed to Severe Weather in Two States

ATLANTA, Nov. 23 (AP)—Slightly warmer temperatures were in prospect for the South tomorrow, following a cold wave which brought snow, ice and sleet to a number of states in Dixie.

Weather forecasts received here today said generally higher temperatures would be in prospect for the South tomorrow, following a cold wave which brought snow, ice and sleet to a number of states in Dixie.

Eight deaths, six in Arkansas, where snow fell and unseasonal cold prevailed for several days, and two in Virginia, where near freezing temperatures were reported today, were attributed to the cold.

DRIVER IN CUSTODY AFTER STRIKING YOUTH IN UTAH

SALT LAKE CITY, Nov. 23 (AP)—Garth, the 7-year-old son of Mr. and Mrs. Clement E. Walker, was in a serious condition tonight and the driver of an automobile which struck him this afternoon was held in city jail on charges pending outcome of the boy's injuries.

Levell Jensen, 17, was arrested after the accident, in which the boy's skull was fractured and his ears almost torn from his head. Jensen said the boy was crossing the road and then turned back into the path of his machine.

Traffic Sergeant J. H. Warden reported to headquarters that Jensen's machine had faulty brakes, and that the steering gear was loose.

NATIONALIST FORCES GAINING UPPER HAND IN CHINESE UPRISING

Rebellious Kuomintang Warriors Retreat Westward Along Lunghai Railway to Shensi Region

SHANGHAI, Nov. 23 (AP)—Nationalist government troops tonight appeared to have gained the upper hand in Honan province fighting the rebellious Kuomintang troops, being in retreat westward along the Lunghai railway toward the province of Shensi.

Developments of the civil war in the adjoining central provinces are being watched with interest, however, as the Nationalists strive to prevent the rebels reaching the Yangtze River at Hankow.

Leysang, scene of hard fighting in Honan province, said dispatches, has been abandoned by the Kuomintang forces in the attacking Nationalists, the rebels continuing their retreat toward the province of Shensi.

In Hupeh province, the situation is less clearly defined. Hankow dispatches stated that Nationalist forces had begun to move westward from Tsangyung, seeking to sweep the Kuomintang troops into Shensi province, thus ending the latter's direct attack on Hankow, Wuichang and HanYang, tri-cities on the Yangtze River. However, it was stated that the Nationalists were not yet completely open warfare against the Kuomintang forces, although Nationalist air planes indicated heavy damage on the enemy positions at Fancheng and Locheikow.

A group of 13 planes in an air tour of Virginia was reported enroute at Martinsville. Several football games in Virginia were cancelled due to the cold.

Five Pennsylvania Boys Drown On Skating Rink

JENNETTE, Pa., Nov. 23 (AP)—Five boys, aged in age from 8 to 12 years, drowned here today when they fell through thin ice on a reservoir while skating. The bodies were recovered several hours later.

The ice on the reservoir was said to have been about an inch in thickness, and the boys had skated only 15 feet from the rim when the ice gave way and plunged them into the cold water. The boys, sons of miners, were: WALTER LOTNICK, 10; CHESTER LANCUSKI, 10; POPE GRIFFIN, 8; WILLIAM GOLLESKY, 11.

Death Beckons To France's War Time Premier in Early Hours Of Morning At Paris

Two Fishermen Perish In Northern Blizzard Aged Statesman Dies Without Regaining Consciousness After Bitter Fight "Grandfather Just Died," Brief Announcement of Stormy Petrel's Passing

PARIS, (Sunday Morning) Nov. 23.—Georges Clemenceau, war-time premier, died at 1:45 A. M. today.

Dr. Loubry, one of the chief physicians of the Tiger, had arrived at the house 10 minutes before in response to a hurried summons. His hasty arrival was to report that the old statesman was already dying.

Without regaining consciousness, he had been in an absolute coma since 1 P. M. yesterday. For the last 24 hours he had only had brief periods of lucidity.

Dr. Loubry was just in time to enable his child friend to die in his arms. His wife, Jacqueline and Michel Clemenceau, daughter and son of the Tiger, were at the bedside.

Dr. Jacquemont, grandson of the former premier, announced the death to newspaper men and others awaiting the first hour. He said "Grandfather has just died."

Sharp Tongue Bitter The attack on the grand old man of France was a bitter one. His premonitory quality as author, journalist and statesman always had been the display of fighting spirit, and he died as he had lived—fighting until his last breath.

The last lines began on Thursday. It found him barely recovered from a serious heart attack last month which was followed by the stroke of Armistice day. Doctors gave injections to bolster up the heart against the terrific strain placed on it and administered morphine to relieve the pain.

His death was a relief to many who were weary of his life. He was a man of iron will, and his life was a life of struggle. He was a man of iron will, and his life was a life of struggle.

Confesses Slaying DETROIT, Nov. 23 (AP)—Joseph Mink, 19, tonight confessed that he killed his father Frank Mink, 62, because he was in early Friday in his greenhouse in Nanking township near here, according to deputy sheriffs.

Wool Organization Agrees on Details Co-operative Association Will Give Loans to Growers, Says L. B. Palmer

SAN ANGELO, Texas, Nov. 23 (AP)—With all preliminary details of the new wool organization, the growers and with tentative arrangements made for a meeting of the board of directors in Denver in January, directors of the National Wool Growers Association held their final meeting here today.

L. B. Palmer, president, and Byron Wilson, secretary, left for Columbus, Miss., tonight to attend the meeting Tuesday and Wednesday with H. E. Ballard, temporary attorney of the association. They will go on to Washington tomorrow to meet the federal government headquarters. After today's meeting it was announced that an application for a charter under the laws of Delaware would be filed soon, and called on the federal farm board approved the articles and by-laws drawn here.

P. R. Marshall, director of the marketing association, secretary of the National Wool Growers will visit wool growing centers in Texas for a few days and then will go to Washington tomorrow to meet the federal government headquarters in Salt Lake City.

Palmer pointed out that the Texas growers may obtain loans through the wool association, and that the growers first act up cooperative that meet the requirements of the association. It is necessary that a cooperative unit be formed, and that the wool growers be a member in the marketing association.

# Ovens Await Be'er Turkey With Pens of Nation Crowded

## THANKSGIVING DINNER TABLES THREATEN TO SAG UNDER SEASONAL DISHES' WEIGHT

Government Figures Indicate 9 Per Cent Rise In Production of Bird Conspicuous in Days of Pilgrims

These turkeys will be transformed into table decorations Thanksgiving day. Turkeys are plentiful this year. So are cranberries, which graders are shown assorting.

By FRANK I. WELLER

WASHINGTON, Nov. 23.—As in the days of the Pilgrims, except for a little more subtle charm, the Thanksgiving table promises to sag under the weight of seasonal dishes.

Government figures indicate a 9 per cent increase in the production of turkeys. No one has known for 10 years how many turkeys this country produces. It is believed to be something over 3,000,000 annually.

Best estimates, however, take 1928 as a year of 100 per cent production and scale the 1929 crop up to 102.5 per cent. If that be true, and other things equal, authorities see no reason why turkey will be more plentiful and cheaper this year.

**Cranberries Plentiful**

Cranberries, too, a condiment the pilgrims didn't have, but might well have liked, are more plentiful than last year.

No bags of Massachusetts dried cranberries are against 23,000 barrels a year ago. New Jersey and Wisconsin, adding their lesser bulk, bring total production to 575,000 barrels, as compared to 544,000.

September weather was favorable to the growth and harvest of cranberries. A somewhat larger crop than expected is expected to keep well in the stores.

Increased production this year is credited to a contest of "hatched" a disease that wiped turkey-raising from the agricultural paradiis of its native east and south, Maryland, Virginia, Ohio and Pennsylvania have many turkeys to ship.

Better handling, commercial hatching and the sale of young poult has had a considerable part in increased production both in the west where it has become a specialized industry and in the east where production in close confinement has proven profitable.

It has made the plump young market turn an entirely different bird than the scrawny wild creature brought down by the blunderbuss of the wide belted, pilgrim.

### Special Committee

Beginning Study of Judiciary of Idaho

(Continued From Page One)

council's organization meeting Friday and Saturday.

Judge Eshelwell was appointed one of the members of the council's committee to survey the work of the courts. The survey will be made by a supreme court, district courts, and probate courts "to the end that the council might be advised as to the volume of business handled by the various courts and the time necessarily consumed in judicial work."

Two other committees were named, one for survey of civil procedure and the other for survey of criminal procedure.

Chief Justice Alfred Sledge was elected chairman and Frank Martin, Boise.

## The Weather

FORECAST FOR TODAY AND TOMORROW—Generally fair, no change in temperature.

Temperature in the vicinity of Twin Falls dropped to 7 degrees above zero here during the 24-hour period preceding 9 P. M. last night, according to the report of the government weather observer here. Maximum for the same period was 41 degrees. The sun shone brightly most of the day.

former attorney general, secretary of the council.

A report issued by the council on its organization meeting stated that "work on the various surveys directed to be made will be begun immediately and constructive suggestions from all citizens. The gathering of data will probably be completed within a few months and the council will then convene for the purpose of formulating such conclusions as seem justified by the facts. The conclusions will be submitted to the bar and the public for discussion and thereafter will be reconsidered either by the council or by the State bar association at its annual meeting."

### ANNOUNCEMENTS

The Order of the Eastern Star will meet Tuesday evening, November 26 at 6:30 at Masonic temple for a pot-luck dinner to which all members and their husbands are invited. After a short business session a musical program will be given.

The music department of the Twentieth Century club will meet Tuesday at the home of Mrs. D. L. Alexander, 209 Eighth avenue north, for a Thanksgiving tea. Mrs. Alexander will have charge of the program.

## Poison Named Receiver For Auburn Distributor

With obligations aggregating more than \$16,000 and with only nominal assets, with whereabouts of Herbert Johnson, president of the company, unknown, all new cars removed by a finance corporation and creditors threatening suit, the Auburn Sales Company, Twin Falls, was thrown into receivership upon petition of George Cross, office manager and bookkeeper, in district court here yesterday.

Receiver, O. P. Davall, former probate judge, was designated as attorney for the receiver.

## JEROME FOLKS VISIT SON AT MOSCOW UNIVERSITY

JEROME, Nov. 23.—Mr. and Mrs. F. E. Shaver and Mrs. E. Shaver are now visiting their son, Ella, who is attending the University of Idaho. They attended the Idaho Gonzaga football game homecoming week. Their daughter, Mrs. Edwin Adams, Gooding, accompanied them on the trip.

The Royal Neighbors entertained their husbands at a party on Tuesday night. The entertainment featured old-fashioned dances, games, and refreshments. The business and Professional Women's club entertained at a "200" and bridge party Wednesday night at the Caric club. Seventy guests were entertained and the proceeds were unusually high. Sixteen tables were at play with E. C. Gleason winning the honors at "500" and M. G. Smith Moore at bridge.

Mrs. and Mrs. Edith Kaye have moved into Jerome and are occupying the Gorman house.

Mrs. Emma Minton, Salem, Oregon, has arrived in Jerome to spend the winter at the home of her daughter, Mrs. Emory Doane.

The Senior Guild will meet Monday night at the home of Mrs. Bryan Henry. This is to be a thank-offering service and a large attendance is desired.

The Wednesday Bridge club met Wednesday afternoon at the home of Mrs. W. N. Haradwick. High score was awarded Mrs. George Bremer. There was also a guest prize for Mrs. Frank Thomas.

Mrs. Louise Zug and Mrs. Grover Newman were hostesses Friday night at an attractive bridge party. Three tables were at play. Mrs. Irving Robertson winning high score.

Mrs. Fred Reid and Mrs. A. L. Pyle entertained at a bridge luncheon Saturday afternoon. Bridge was played at six tables. High score was awarded Mrs. H. L. Abrahamson, and second high to Mrs. W. A. Peters.

**Just like MONEY in the bank**

Two major qualities of the Pontiac Big Six—its reliability and long life—offer motorists a definite cash advantage which is just like money in the bank. For not only do these qualities effect big savings in the cost of operating every Pontiac... but in addition they increase still further the demand for used Pontiacs. And that means that the Pontiac Big Six you buy today will have a high resale value when you are ready to turn it in.

Pontiac has many other important qualities to offer you. It has the highest top speed, fastest acceleration and the greatest power to be found in any low-priced six. It offers more style in its bodies by Fisher—and more safety in its non-squeak, dirt-and-weather-proof internal four-wheel brakes. And as for Pontiac economy, a large corporation operating 9% automobiles of 33 different makes found the operating cost of their Pontiacs during 1928 to be one cent a mile less than that of any other low-priced six.

Let us appraise your present car. Our allowance frequently covers the down payment so that a small amount monthly enables you to enjoy the many unusual advantages offered by the Pontiac Big Six.

no objection. Applied to personal income, the cut provides much greater relief. It reduces the tax on the first ten thousand dollars taxable from from one-and-a-half per cent. which is a two-thirds reduction; on the second four thousand dollars on the remaining taxable income from five to four per cent, a one-fifth reduction.

STOCK MARGAINS: An old Wall Street observer remarks: "The stock market has one more reason for being in a state of confusion."

It is well to bear in mind that the ticker is neither the sole or the most important of late, but a very temporary and excitable mechanism. What it does in a day like this is to register the emotional mood of Wall Street.

Stock prices in general have been cut about one-half. Assure who wants to invest in standard business securities now has a rare opportunity.

But keep off margins. Don't gamble if you buy, buy outright. And nak your banker.

A YANKEE ABROAD

Waltz Tricks His Guardians: By DE WITT MAGEE: LONDON, Nov. 24.—The Prince of Wales, who is now on a tour of the continent, was today in London for the first time since he left the country to go to the continent...

He never does things half-way, whether it is flying or playing the banjo. He is taking his own time as to when he can take a hand if necessary, but the prince has been running the show himself.

The prince's new machine is not an elaborate one. It is a low powered and cost only about \$2500, although it does not have a motor of more than 100 horsepower. The one concession to luxury is rich, crimson upholstery.

The prince's health is said to have benefited greatly since he took to the air. His face is bronzed and his eyes are snapping with the joy of flying.

Hey, Fellows!

One of the most picturesque men in international life is Robert Dollar, the head of the Dollar Steamship Line. His early life Dollar was a free trader, and his experiences especially in China were a wide variety of adventures.

He has just told me about a trip down the coast of the Philippines. He said the trip had been a few years back. He said the trip had been full of new experiences, but he had other and far more interesting ones.

He never does things half-way, whether it is flying or playing the banjo. He is taking his own time as to when he can take a hand if necessary, but the prince has been running the show himself.

# Invention of Big Tube May Bring Practical Television

## Dr. Vladimir Zworykin Designs Cathode Ray "Crystal Globe" To Reproduce Radio Movies Without Assistance of Mechanism

By C. E. BUTTERFIELD

Radio television (Associated Press—Feature Service) ROCHESTER, N. Y., Nov. 23—Practical television without mechanical or moving parts in the receiver is an actuality in the laboratory.

A newly devised reproducer—attached to the receiver much the same as is a loudspeaker for sound broadcasts—takes the form of a huge cone-shaped tube with a flat end where the transmitted rays appear.

This science, by its magic hand, has evolved a "crystal globe" to visualize radio light.

The "globe" is a special cathode ray tube, developed by Dr. Vladimir Zworykin, Westinghouse research engineer, and a pioneer in television investigation. It takes the place of the neon or glow tube, the scanning disk and the motor of previous reception systems. It is quiet in operation and there is no difficulty in synchronizing transmitter and receiver even when a single radio band is used.

Announcement of this experimental modern "crystal" was made today by Dr. Zworykin before the Institute of Radio Engineers at the close of their district convention here.

Called "Kinescope"

Dr. Zworykin calls his tube a "kinescope." It is small at one end and large at the other. The large end contains a fluorescent screen, upon which a four by five inch picture can be seen. Pictures may be enlarged or made brighter.

Cathode ray tubes have been used for many purposes. For television Dr. Zworykin developed a special tube which bombards the fluorescent screen. The pencil keeps in step with the picture in the transmitter, with its intensity regulated by the strength of the signal.

Movement of the scanning beam is so rapid that the eye gets a perfect impression of a continuous moving picture.

Powered by an invisible electric beam transmitted by the receiver, the picture is seen by a number of persons at the same time.

The fluorescent screen makes possible a reduction in the number of pictures shown per second, without much flickering. This permits a greater number of scanning lines and resulting in greater detail, just as more dots per square inch in the newspaper or magazine suggest give a better copy of the original.

Dr. Zworykin's apparatus is being used experimentally in the Westinghouse laboratories at East Pittsburgh, Pennsylvania. Similar receivers are being built to give field tests through KDKA which is operating a direct television tube.

When perfected, the scientific "crystal globe," Dr. Zworykin believes, will mean practical simplified television for the home.

Dr. Vladimir Zworykin and his modern "crystal globe"—a new type cathode ray tube—which reproduces television without mechanical aid. Pictures appear at the large end.

### RUPERT WOMAN RECEIVES \$400.84 FOR 94 TURKEYS

Elks Will Distribute Turkeys Won at Shoot

Her flock is accredited and composed of Mammoth Bronze.

RUPERT, Nov. 23 (Special to The News)—Marketing 94 turkeys at the Thanksgiving shipment of the Idaho Elks Club, Thanksgiving turkeys will be distributed among local sportsmen.

Mrs. Van Hise received a check for \$400.84, although the top market price of the 32 cents at that time was not quite up to expectations. Mrs. Van Hise, who has been in the turkey raising game on her farm southwest of Paul for the last four seasons, considers that industry one of the best farm side lines and even at the lower price is well paid with her turkey income.

The birds put on the Thanksgiving pool by Mrs. Van Hise all graded No. 1, the top 15 in number averaged 13 pounds each and the best of them averaged 10 pounds apiece.

It will have about the same number of birds ready for the Christmas shipment, Mrs. Van Hise said Saturday.

Besides supplying the Thanksgiving, Christmas and February market, Mrs. Van Hise specializes in young birds for fairs and has built up a good local individual trade on these smaller young.

## PASADENA EVANGELIST WILL CONDUCT REVIVAL

Rev. C. W. Ruth, Pasadena, arrived yesterday from Boston to conduct a revival at the Nazarene church, beginning this morning and lasting for 10 days.

Rev. Ruth has been conducting inter-denominational revivals for 44 years. He states in 47 states, six Canadian provinces and the territory of Alaska. These were conducted in the absence of 99 denominations. He has been three times from ocean to ocean during the last year in connection with his work, closing his last revival last week in Boston. Rev. Ruth says that there have been all told, about 100,000 converts at his meetings during the 44 years of work.

"I firmly believe and I fully contend that a well-serviced car is a well-served man. It is business pleasure — on pavement or dirt. An auto is an asset!" says Gasoline Like.

**Whaddya Mean**

Well-serviced? Everything a motorist wants — when and wherever he wants it — from a gallon of gas to a full outfit of tools.

That's the way WE look at it — "Excel-service" in right.

## CALENDAR-TEA CLUB AT KIMBERLY ENTERTAINS

KIMBERLY, Nov. 23—The Calendar Tea club held an enjoyable meeting on Thursday afternoon at the country home of Mrs. M. Mason. During the business session, Mrs. E. H. Wilkey was elected president of the club for the coming year. It was decided to continue the monthly meetings on the usual date, the third Wednesday of each month. Mrs. Arch Colver had charge of the program. The assisting hostesses, Mercedes J. C. Clifton, J. Roberts, Charles Pierce and Mrs. Anna Roberts, served dainty refreshments in keeping with a Thanksgiving theme.

W. H. Spence will leave Monday for Decatur, Illinois and other eastern points to visit relatives.

Miss Martha Humphrey, heading of an over-night guest at the home of Ruth Arnsworth, Friday.

The new service station being erected by James Balesh on the corner of Main and East Central streets is fast nearing completion.

## LEGIONNAIRES OF RUPERT PLANNING ENTERTAINMENT

RUPERT, Nov. 23 (Special to The News)—For two evenings, Thursday and Friday, fun factors, "Slippery Gulch" under auspices of George E. Marshall, American Legion of Rupert, will hold away in Lincoln hall, and with local Legionnaires disguised as old time mining camp characters have staged a mining village of the days of 49 with games of that period including entertainment and fun money of the "black" denomination has been thrown around recently.

Friday night's special feature was a skit, revue, put on by the Golden Rule stage and the Vogue with many of Rupert's famous male and female members in the modern effects of Ross Fashion.

## Rupert Firemen Plan For Fourteenth Annual Ball

RUPERT, Nov. 23 (Special to The News)—According to an announcement of Fire Chief W. E. Collins, the fourteenth annual firemen's ball to be given on Thanksgiving eve, Wednesday, November 27 at Lincoln hall will be one of the best in the history of the department. A number of special features are planned and there will be a number of novel innovations.

## EMERSON GRANGERS ENJOY HOME PRODUCTS BANQUET

HURLEY, Nov. 23 (Special to The News)—West Gate Grange in Emerson district, gave a home-product banquet Wednesday night, which was attended by about a hundred members and visitors.

Principal speakers were F. J. Tovey, Paul and Mrs. J. B. Arthur, an official of the federated women's clubs of this district. Mrs. Arthur spoke on the value of many home-made and made products, and gave reasons for their use. Mrs. Tovey gave a talk on Idaho's resources. Copies of the Idaho cook book issued by the state chamber of commerce were distributed as favors. Mrs. Joe Schelde presided.

It was announced that efforts for the ensuing year would be directed at the next regular meeting.

Saturday night Harry Shuler, professional musician and musician, contributed the hour's entertainment. Dancing in "Calumny Jane's" dance hall is one of the attractions each night. The dance of Saturday night will terminate which activities for this season.

For three reasons the local Legion has staged "The Days of '49" setting the proceeds aside for the building fund of Memorial hall which they hope to erect in Rupert at a not far distant date.

Steam Baths, 101 Foster, U. S. 810 Ad.

## COUPLES AT BELLEVUE AND HAILEY JOIN IN MARRIAGE

HAILY, Nov. 23—Two Wood River weddings were solemnized this week. Webb Lanier and Miss Merle B. Smith were united in marriage by Frank J. Latta, George A. McLeod at his office Monday. At the home of Mr. and Mrs. N. G. Werry in Bellevue, Miss Margaret Mitchell became the bride of George Latta. This ceremony was performed by the Rev. Grant Merchant of the Presbyterian church, Bellevue. The young couple today at any drug store. Put it in your medicine cabinet.

Miss Margaret Mitchell was also taught in Bellevue although this improvement, and satisfy you compare she is a student in the College of society. Try Cyster today. Only 60c.

Idaho at Caldwell. Mrs. A. A. Lambert returned Tuesday from Pocatello where she underwent an operation on her throat, nearly two weeks ago. She is progressing satisfactorily.

Mr. and Mrs. Mark Aukema and Jessie Aukema made a trip to Twin Falls Sunday.

### PROGRESS RAPID IN MURDER CASE TRIAL

State Calls Nine Witnesses to Tell of Shooting, by Daniel P. Moon

Nine witnesses were called to the witness stand in district court here yesterday to tell the prosecution's story of the fatal shooting of Jack Lemmon, sheep-

"That kid and Lemmon, he thought I was going to take him to the moon; just because I got him to ask Mamma could I go?"

### FEDERAL OFFICER CLAIMS YOUTH TAKEN AT HANSEN

Lloyd Case, 21-year-old youth who says he adopted the name of Lloyd La Rue, was motion picture purposer, was surrendered by Twin Falls county officers who arrested him at Hansen yesterday on charges of issuing bad checks, at Spanish Fork and Provo, Utah, to a federal officer who wanted him for forgery signature on a \$20 government check.

Officers here, acting on request of Utah authorities, found young Case at his father's residence at Hattiett. They wanted to Twin Falls with him and on the way met the federal officer in company with J. D. Barstad, Coaling county sheriff, and O. W. Hite, Lincoln county sheriff, who were going to Hansen in search of Case.

### Work-Out Procedure For Tax Redemptions

Procedure for redemption of property seized for delinquent taxes will be worked out in Twin Falls county in conformity with an opinion by W. D. Ollita, attorney general, E. V. Larson, Twin Falls county attorney, said last evening.

Under this opinion the county treasurer is permitted to issue a certificate or receipt for payment of delinquent taxes, which will be authoritative for county commissioners to issue deed for the property.

### STEINBERG MAKES PEACE WITH LAW TEMPORARILY

Otto Steinberg, Kimberty motor buyer, yesterday made his peace-for-the-time being—with the law. He furnished \$200 cash bond on appeal following conviction in Lemhi county last June on a charge of issuing a bad check for \$100 in satisfaction with a postpaid check there, and he waived preliminary hearing in probate court here on a charge of skipping a court of probate in unobeyed law from Twin Falls last May, being released on his own recognizance pending trial in the district court here.

The appeal bond was paid to satisfy the demand of J. J. Strain, Lemhi county sheriff, who accused Steinberg of serving six months in jail and pay \$103 fine. The Lemhi county sheriff purposed carrying the commitment bond with the bond instead of a prison.

### Entomologist Travels Through Western Area

Dr. Walter Carter, federal entomologist in charge of leaf-hopper investigations with headquarters here, returned last evening from two weeks' trip on a visit to field laboratories under his supervision in Utah, Colorado, New Mexico and California.

County Attorney to Resist Move for Change of Venue for Miss Viola Lowe

### GRAND CANYON VICTIM'S ESTATE UP FOR PROBATE

Glen R. Hyde, who presided with his young wife, Dottie L. Hyde, in their ill-fated attempt to navigate the Colorado river through the Grand canyon in a homemade craft a year ago left an estate valued at approximately \$5000, according to petition for letters of administration filed by his father, R. C. Hyde, Hansen, in probate court here yesterday.

The estate, which was the separate property of Glen R. Hyde, consisted of two insurance policies for \$1000 each and three tracts of land in Twin Falls county. Surviving heirs beside the father are two sisters, Mrs. Edna Hyde Emerson, Kimberty, and Miss Jennie E. Hyde, Hansen.

### PROSECUTION FIGHTS REMOVAL OF TRIAL

County Attorney to Resist Move for Change of Venue for Miss Viola Lowe

Attempt to transfer the trial of Miss Viola Lowe on a charge of forgery from Twin Falls to another county will be resisted by the prosecution. Prosecuting attorney E. V. Larson stated last evening, Miss Lowe, former clerk in the office of the Twin Falls county superintendent of public instruction, is accused of forgery of rural school district orders for warrants causing shortages so far disclosed aggregating more than \$500 and affecting several districts.

Hearing on motion for change of venue filed in district court here yesterday by Porter and Taylor, attorneys for Miss Lowe, was set by Judge Hugh A. Baker for next Wednesday. The motion stated that "by reason of public prejudice against the defendant and defendant cannot have a fair

### Stanford Dazzles Old Foe With Line And Aerial Attack

Only Once Harassed Bruin Reaches Scoring Ground of Traditional Rivals

Moose Garrity, Twin Falls Former Star, Goes Into Game in Second Quarter

By RUSSKIL J. NEWLAND (Associated Press Staff Writer)

**PALO ALTO, Nov. 23**—Back to the early season form that stamped it as a potential champion, a smashing line-crushing Stanford Cardinal eleven crushed the coast conference title hopes of California today and sent the previously unconquered Bears tumbling to a 21-6 defeat.

A huge crowd of 89,000 persons thrilled to the dazzling line and aerial attack of a rejuvenated Cardinal team that saw and seized its chance to meet in every opportunity and fought on from opening kickoff to closing gun.

CAPTAIN MUSH MULLER and his Stanford Cardinals defeated California at Palo Alto yesterday, 21 to 6. Harlow Rothbert and Rusty Gill starred for the Golden Bears, while Bert Schwartz, California's great guard, tried to stop some of the rushes of Stanford.

Only once was a harassed Bear able to reach the scoring ground of its traditional rival, the triumphant Vandals.

Thus over the prostrate form of its oldest foe, Stanford battered his way to its greatest triumph since 1922, a triumph that sealed the wounds of defeat inflicted by Southern California and Santa Clara in earlier games.

Never had a Cardinal victory been so welcome, so desired as the one today. Beaten on the line and outmaneuvered in the air, California saw its championship hopes fade before an attack that was superior to its own in every way.

From the time Stanford kicked off until the last gun sounded its two-fold message of victory and defeat, the Cardinals dominated the game. The play that Coach Glenn Warner put on the field today was simply two touchdowns better than the lineup presented by Coach G. M. Nixon.

**Touchdowns—On-Fumble.** One Stanford touchdown came from a California fumble. But in the same fashion was California's only touchdown on the board. Each were made in the opening period.

Stanford's victory today gave five teams a claim to the championship. As the situation now stands, California, Southern California, Oregon and Washington each has a conference defeat charged to it. Southern California has yet to meet Washington State in the final conference game with indications pointing to a win for the first named eleven.

The lineup:

CALIFORNIA	STANFORD	
(10)	(21)	
Norton	Preston	
Timmerman	left end	Thompson
Pittie	left tackle	Driscoll
Regels (C)	left guard	Helnicke
Schwartz	center	Bardin
Beckett	right guard	Tandy
Thornson	right tackle	Muller (C)
Elson	right end	Fleishacker
Lom	quarterback	Prentup
Griffith	left half	Rothert
Orill	right half	Smalling
	fullback

nounced ability on the track squad, with national records to their credit.

The speed and spring which carried Jesse Hill to the record of 25 feet 3/4 inch in the broad jump last spring has enabled the middle-schooler to become the most deceptive open field runner on the Trojan eleven.

In season, Jesse Mortenson, right half, spends his spare time hurling the javelin. The Trojan ball player, wins runs in the winter sports of the National Amateur Athletic Union games at Denver last summer to win the title.

Johnny Baker, Captain-Nat Barnard's understudy at left guard, is conference protegee during the track season. His best mark for the year's tossing event is 180 feet. Coach-Dennis Cromwell of the Trojan track team is depending on Bob Hall, second string tackle, to bolster his field event point column with his discus and shot put work.

### Illini Blank Ohio In Homecoming Tilt

### Champaign University Wins Undisputed Second-Place In Western Conference

**OHIO STADIUM, COLUMBUS, Nov. 23**—A University of Illinois team at the peak of its power, utterly crushed Ohio State here today, 27 to 0. It was Ohio's annual homecoming game and 65,000 spectators attended.

Both teams were fighting for honors of undisputed second place in the Western conference, but the vaunted Ohio defense that beat Michigan, Iowa, and Ohio Wesleyan at the beginning of the season, was helpless before the powerful mixed attack of the Illini.

Zuppke's men made 23 first downs on the trot, splintered and reverse plays that Ohio has faced all year and worked a forward pass attack that was bewildering. Ohio played with spirit but without confidence.

When a third-stringer at the beginning of the season, has exceeded the thrashed Al Marsters as Dartmouth's big scoring threat and field general.

### Texas Horned Frogs Hop All Over Baylor Bears

**WACO, Texas, Nov. 23**—Led by the streaking Cy Leonard, the Texas Christian University Horned Frogs smashed through to the threshold of their first southern conference football title today with a decisive victory over the Baylor Bear, 31 to 7.

### Higers Scratch Out Hard Victory From Kansas Jayhawkers

**LAWRENCE, Kas., Nov. 23**—The Missouri Tiger, reconstructed in a combination scuffling against foot speed, today defeated the Kansas Jayhawkers by 7 to 0 in a hard fought battle featured by well performed aerial attacks, in their thirty-eighth annual gridiron meeting, before a record breaking Kansas homecoming crowd of 34,500.

### Rod And Gun Club Holds Turkey Shoot

Twin Falls Rod and Gun club has issued a general invitation to an all-day turkey shoot at the club's grounds north of Twin Falls, beginning at 8 A. M. today. Entrants are invited to bring along any sort of shooting iron they may possess and to enjoy a full day of fun. Luncheon will be served on the grounds at noon.

### Boilermakers Rivet Championship Claim

**BLOOMINGTON, Ind., Nov. 23**—The rollicking "Blivies" from Purdue drove a final rivet in their claim for the mythical national football championship here today by swamping the more traditional rival, Indiana, 22 to 6, before a shivering throng of 25,000 spectators.

It was a glorious end to the most glorious campaign in Balkanized gridiron history—a campaign that swept before it the Kansas Aggies, Michigan, Princeton, Chicago, Wisconsin, Mississippi, Iowa and Indiana, clinching the Big Ten title and retaining possession for Purdue of the old open bucket, a trophy emblematic of football supremacy between the two Indiana schools.

Purdue won as it pleased today. So fruitless was the Indiana offensive that it lasted, by far first downs. Only once did Indiana get in Purdue's territory and that was when the Hoosiers carried the oval to Purdue's 41-yard line early in the second period.

### Michigan And Iowa Play Scoreless Tie In Bitter Tussle

**ANN ARBOR, Mich., Nov. 23**—Michigan and Iowa fought their hearts out here today in the final game of the season, but both teams failed to score. The Hawkeyes, making publicly their last appearance in the Big Ten, had the advantage of offense, Michigan with its back to the wall, had the advantage of defense, but its line was helpless to the rushes of Hungary in midfield.

### Coyotes Yap 13-0, Yodel At Loggers

**CALDWELL, Nov. 23**—Aise Corbally Coyotes of the College of Idaho made a stirring victory over the mediocre season by defeating College of Puget Sound Loggers from Tacoma here today, 13 to 0.

Playing an accurate passing game, Idaho kept the ball in Puget Sound territory nearly the entire game, and the Coyote goal line was never seriously threatened.

Idaho scored first in the initial quarter when Rutledge bucked the ball over following a long pass. The kick for point failed. The other touchdown came in the third period when a pass from O'Connor fell into the outstretched arms of Sapp, from Coyote end. Another pass resulted in the extra point being made.

The three men, Rutledge and O'Connor in the backfield and Sapp at end, were the stars of the contest.

### Saunders Returns Punt 65 Yards To Furnish Thriller

**OS ANGELES, Nov. 23**—Landing an unorthodox scoring punting, the University of Southern California Trojans put themselves very much in the running for the Pacific coast conference championship here today by staging a 72-0 riot at the expense of the Idaho Vandals of the University of Idaho, Moscow.

A victory next Saturday over Washington State would give Coach Howard Jones' article the title with a superior percentage by virtue of California's defeat today by Stanford.

Russ Saunders and Thomas Wilcox shared scoring honors, each punting the ball behind the Vandal goal line three times to account for half a dozen of the 11 touchdowns.

The supreme thriller of the afternoon for the 100,000 fans who held to Saunders, who returned a Vandal punt 65 yards to score.

Out-closed as they were, Coach Leo Calhoun's invaders threatened in the early moments of the fourth period. They scored the ball to California's five-yard line only to kick it on downs.

Sifers, who substituted for Martin at right guard in the fray, was the outstanding performer for Idaho. Pedersen carried the brunt of the Vandal attack with several wounding runs.

The men of Troy completed nine of 13 aerial attempts, while the Vandals completed four of their 14 try.

### Webfooters Defeat Hawaii University By Lone Touchdown

**PORTLAND, Nov. 23**—A University of Oregon today defeated the University of Hawaii, 10 to 6, before 10,000 persons who cheered the visitors lustily, as they endeavored to stem the Oregon tide.

The forward pass attack launched in the fourth quarter by the Hawaiians threatened for a time to overcome Oregon territory. The drive which carried the Hawaiians more than half the length of the field was checked, however, inside the Oregon 10-yard line.

The lone touchdown came near the end of the second quarter, when Robinson took Holt's punt and charged 54 yards through a broken field, adeptly evading several tacklers before he landed over the goal line.

### Occidentals Win 12-7, Over Pomona Sageshens

**CLEARMONT, Calif., Nov. 23**—A Fighting Occidental College eleven defeated the Pomona College Sageshens, 12 to 7, with a second half rally and won the Southern California conference championship for the second straight year here today.

### KICKING KINGS OF FOOTBALL

WHEN IT COMES TO KICKING THAT FOOTBALL BOYS CAN'T BE BEATEN. THE KICKING OF LOM AND BANKER HAS MADE THEM THE KICKING KINGS OF FOOTBALL. AND THE ONLY THING THAT KEPT PRINCETON'S WEAK TEAM FROM BEING SWAMPED IN THE LAST GAME WAS LOWRY'S KICK. AS FOR MOONEY, HE WAS ONE OF THE BEST IN THE KICKING BUSINESS LAST YEAR AND CERTAINLY HAS BEEN NO LESS EFFECTIVE THIS YEAR.

### Webfooters Defeat Hawaii University By Lone Touchdown

**PORTLAND, Nov. 23**—A University of Oregon today defeated the University of Hawaii, 10 to 6, before 10,000 persons who cheered the visitors lustily, as they endeavored to stem the Oregon tide.

The forward pass attack launched in the fourth quarter by the Hawaiians threatened for a time to overcome Oregon territory. The drive which carried the Hawaiians more than half the length of the field was checked, however, inside the Oregon 10-yard line.

The lone touchdown came near the end of the second quarter, when Robinson took Holt's punt and charged 54 yards through a broken field, adeptly evading several tacklers before he landed over the goal line.

### Occidentals Win 12-7, Over Pomona Sageshens

**CLEARMONT, Calif., Nov. 23**—A Fighting Occidental College eleven defeated the Pomona College Sageshens, 12 to 7, with a second half rally and won the Southern California conference championship for the second straight year here today.

### Cougars Lick Chops After Gonzaga Falls

**WASHINGTON STATE** plays Assortment of Passes and Tricks to Win 27 to 0

**SPOKANE, Nov. 23**—Washington State Cougars defeated Gonzaga University 27 to 0 today.

The red-shirted Bulldogs scored with a rain of passes, most of them falling to the ground, and then Cougars' defense was unimpaired. The red-shirted Cougars' punt ball on their 30-yard line smashed Gonzaga's defense with a power pass, made the Bulldogs' defense stop.

Gonzaga's defense was unimpaired. The red-shirted Cougars' punt ball on their 30-yard line smashed Gonzaga's defense with a power pass, made the Bulldogs' defense stop.

# Notre Dame Crushes Northwestern, 26-6

## Booth Fails To Stop Crimson And Yale Loses By 10 to 6

### 55,000 Half Frozen Fans See Rockne's Ramblers Triumph

Victory Costly for Victors  
When Tim Moynihan, 190-Pound Center, Leaves Game With Broken Leg

By CHARLES W. DUNKLEY  
(Associated Press Sports Writer)  
**D**YCHE STADIUM, EVANSTON, Ill., Nov. 23.—Notre Dame's 34 men of all national eleven are playing at a time, smashed Northwestern's well clawed Wildcats, 26 to 6, before 55,000 half frozen spectators today to win their eighth consecutive game of the season and send them bounding along in the direction of a national championship.

The game was so lopsided that it was hardly a contest. A stone wall Notre Dame line supported by three young men who certainly are not full blooded Irishmen—Jumping Joe Savoldi, Frank Carideo and Merichthon Schwartz—simply ran the Northwestern players.

This fall's three touchdowns in the second period, and another in the third, lulling the game safely away from the Rockneless Ramblers, while Northwestern managed to score its single touchdown on a blunder in the fourth when the third-string Notre Dame team was in there trying to emulate the achievements of the regulars.

The victory was costly to the undefeated Notre Dame eleven because Tim Moynihan, the big 190-pound center sustained a broken leg after the scoring early in the second period, and had to be carried off the field. The injury ends his football career at Notre Dame as next week's contest with the Army was to have been his last.

The lineup and summary:

NORTHWESTERN		NOTRE DAME	
(4)	(28)	(4)	(28)
Baker	left end	Vik	right end
Riley	left tackle	Donoghue	right tackle
Anderson	left guard	Kasala	right guard
Erickson	center	Nash	center
Woodworth	right guard	Metzger	right guard
Marvill	right tackle	McNamara	right tackle
Gonyea	right end	Conley	right end
Hanley	quarterback	Kinneally	quarterback
Moose	fullback	Schwartz	fullback
Caldewald	left guard	Savoldi	left guard
	fullback		fullback

Score by periods: 0 20 6 0—26  
Northwestern..... 0 0 6 0—6  
Notre Dame scoring—Touchdowns: Savoldi, 2; Schwartz, Carideo (each Kinneally). Points after touchdowns: Carideo, 2.  
Northwestern scoring—Touchdown: Marvill.

### Wyoming Cowboys Eat Cougar's Dust

Brigham Young Shuts Out Old Rival By Spectacular Passing to Win, 40 to 0

PRO., Uiah, Nov. 23 (AP)—Wyoming's Cowboys went down under a billowing and spectacular passing attack mounted by the Cougar of Brigham Young University here today. A one score was 40 to 0 in favor of the Utes.

Wyoming scarcely made a threat but the light line of the Cowboys, played plucky ball, cutting short several Cougar drives and bounding for downs in the last period after the ball had been worked to their one-yard line.

Bliss Hoover, the triple threat halfback of the Cougar—spend—alleged to have been the first to be eliminated, played and ran 31 yards to a touchdown. Shortly after the pass to Ballif scored second and Thorne kicked goal to give the Utes a 15-point lead. Hoover's game was outstanding, his accurate passing contributing much to the Cougar score in every period.

Thorne Stars  
Captain Thorne scored two touchdowns in vicious line snatches and place kicked three points after touchdowns. Little "Mouse" Vacher thrilled the crowd early in the second half by rushing around end and dashing 41 yards for a touchdown.

### Notre Dame's Powerful Center

TIM MOYNIHAN, veteran Notre Dame center, candidate for all-American honors, left the game with Northwestern yesterday with a broken leg. His team won, 26 to 6.

### Twin Falls, Rupert and Hansen Grid Teams To Add Finishing Touches To Grid Season In South Idaho District

By F. M. SWEENEY  
All of the district teams are through for the season, except Twin Falls, Rupert and Hansen. Twin Falls has a Thanksgiving game coming with Arroyo. Can Falls Rupert must battle with Idaho Falls for the state championship, and Hansen has an unopposed engagement with Albion as to which is entitled to wear the class II laurels of the district.

Jerome finished his 1929 stint by landing Gooding a 27-0 defeat on Gooding's home grounds. A week before the Twin Falls Bruins beat Gooding, 20 to 6, after having played their hand against the latter Day Saints, Salt Lake City, four days earlier, and that defeat had some bearing on the Gooding condition when Jerome arrived. This detracts nothing from Jerome's fine showing, but does explain in part the state of mind of the Gooding team.

MINNESOTA BARELY WINS OVER BADGERS  
MINNEAPOLIS, Nov. 23 (AP)—Plunging for two touchdowns, Bronko Nagurski ended his gridiron career for Minnesota today by leading his mates to a 13-12 victory over Wisconsin's Fighting Badgers. It was the final game of the season for both teams.

De Oro, Veteran of Cue, To Attempt Come-Back  
CHICAGO, Nov. 23 (AP)—Alfred De Oro, holder of both the world's three-cushion and pocket billiard championships two decades ago, is attempting a come-back.

MISSOURI TIGERS' BACKFIELD PERFORMERS  
HERE AND THERE BOYS put punch in Missouri's backfield. They went up against Kansas yesterday and won, 14 to 0.

### Dream Comes True For Tech's Stumpy

ATLANTA, Nov. 23 (AP)—Stumpy Thompson, Georgia Tech's bounding center, dreamed that Tech beat Florida by two touchdowns. The dream came true and the Tornado won, 19 to 7.

### Army Wins, 19-6, From Ohio Eleven

WEST POINT, Nov. 23 (AP)—Army's football team said goodbye to the home folk today by defeating Ohio Wesleyan, 19 to 6, in a game in which the visitors from Delaware, Ohio, were in the game from first to last.

It was the last appearance of Captain Keener Cagle, Herb Murrel, Buster Perry and Herb Oliver at the home stadium and two of the quartet said their farewells with touchdowns. Cagle and Murrel counting one each. Perry played a great defensive game and Oliver was a star of the starting team which did so well that Coach Bill Jones left him out of the game.

### Two Army Games Left

Army has two games left to play but one is in New York and the other at Palo Alto, California. The visitors were a constant threat to Army throughout the first half when the reserves were representing the home force. The bishops outran the curdets and stopped Army punts which were few and far between in the first half. When the reserves were rushed into to start the second half, they too had to best back a sustained Ohio Wesleyan but with this accomplished Captain Cagle took the situation in his hands and ran 62 yards to score and break the nothing-to-anything deadlock.

Cagle later tossed a pass to Glatly on Ohio's one-yard line and on the right play Murrel plunger over for the second center.

### British Ryder Player Plans Argentine Tour

LONDON, Nov. 23 (AP)—Henry Cotton, youngest member of the British team which took the Ryder Cup from the American "pans" plans to exhibit his golfing prowess in the Argentine this winter. He plans a three month visit, beginning in December, playing in competitions and taking part in exhibition matches.

It is understood the purpose of Cotton's visit is to stimulate the already pronounced golfing interest in the republic and is due to the generosity of two wealthy members of the Argentine club.

It will be Cotton's second overseas tour. Last winter he visited the United States.

### Roaring Throng Of 58,000 Fans Sees Thrilling Contest

Albie's Attempt to Score Via Drop-Kick Route Ends in Failure and Enables Yale to Counter for Score

BY ALAN GOLD  
(Associated Press Sports Editor)  
**H**ARVARD STADIUM, CAMBRIDGE, Mass., Nov. 23.—With one of the most dramatic strokes of the football game, Harvard converted the return to the game of the celebrated Albie Booth to its own advantage today, and beat Yale, 10 to 6, for the second year in succession of a half-frozen battle ground before a roaring crowd of 58,000 spectators.

Yale sent her little boy in blue in the game early in the second period to lead when looked like a triumphant drive but two swift breaks, a blocked kick by Booth each time, enabled Harvard to counter-attack and win the game with a brace of snatching, slashing scoring drives.

The Ella were hammering toward the Crimson goal early in the second-quarter when little Albie came on to the field to shed his heavy wraps and attempt to drop-kick a field goal from the 25-yard line. "The ball scarcely had left his toe

### Virginians Lose To Navy By 30-6 Score

Teams Battle in Swirling Snow Before Crowd of 1700 Cheering Middles

Annapolis, Md., Nov. 23 (AP)—Navy second and third-string football men tipped their way through a weakened West Virginia Wesleyan eleven for a 30-6 victory here today. The game was played in a swirl of snow that brought the ancient "single bells" from the 1100 midshipmen that made up about half the spectators in the stands.

Stacy shock troops which started the game proved their work with a 30-yard march on a touchdown after recovering a Wesleyan fumble, then scored another in the second period before the men who had been called the Navy first team throughout the season were joyrized into the game. This aggression had trouble getting started and failed to register a consistent gain for the rest of the half.

Wesleyan's lone tally came in the second period also, on a 40-yard punt by Fordyce, a substitute tackle. Not a single extra point was added to any of the six touchdowns scored during the afternoon.

Score by periods: 0 10 0 0—10  
Harvard..... 10 0 0 0—10  
Yale..... 0 6 0 0—6  
Harvard scoring—Touchdowns: Harper, points from try after touchdown; Wood, (dropkick); field goal: Wood, (drop kick).  
Yale scoring—Touchdown: Ellis.

# Boulder Eleven Runner-up In Rocky Mountain Conference

## Colorado College Loses To State's University, 13-7

### Victory Gives Winners Undisputed Championship of Commonwealth and Division Second Honors

By FRANK H. FRAWLEY  
(Assistant Press Service Writer)

**B**oulder, Colo., Nov. 23.—The University of Colorado, twin-falls rival, Colorado college, and won a highly exciting battle by a score of 13 to 7. The victory gave Coach Myron Witham's forces undisputed possession of the Colorado championship and placed the team at the top of the Rocky Mountain conference standing. Colorado scored in the first five minutes of play. An exchange of kicks gave the silver and gold the ball on the college 45-yard line. Reagan, Captain Bill Smith and Art Bremer smashed over the Tiger line until they had the ball on the seven-yard line. Here, on fourth down, the Tigers were detected off side, and the penalty gave Colorado a first down on the two-yard mark, from where Smith plucked over and kicked successfully for the lead.

Colorado scored another touchdown in the second quarter. Colorado gained 19 yards in the first half to the Tiger 42 and made nine first downs to lose four.

**Tide Changes**  
It was an entirely different story in the third period, when the Tigers opened up with a sensational punt attack which had Colorado reeling and calling time out.

The only Tiger score came after Hayden recovered a Colorado fumble on the 45-yard line. Hayden line "Dutch" Clark, the Tiger quarterback, was thrown for a 15-yard loss on an attempted pass. Ingraham then dropped back to Colorado's 45-yard line and shot a diagonal pass to Clark who contributed a brilliant piece of timing in cutting back through the Colorado defense, spinning and still-arming his way across the goal. Clark drop-kicked for the extra point.

This was the Tiger's only serious threat however, while Colorado was deep in the visitors' territory time after time. Clark was the only ground runner the College had, but Colorado had been crunched to change him, and the "Fly" line, coached by "Big" Jones, was thrown for heavy losses. The backs who were in front of him for the express purpose of blocking out, gave a miserable exhibition.

The lineup and summary:

COLORADO COLLEGE		COLORADO COLLEGE	
Spencer	left end	Reid	right end
Holon	left tackle	Starbuck	right tackle
Hester	left guard	McCrosky	right guard
Curlee	center	Weaver	center
Railly	right guard	Hayden	right guard
Elliott	right tackle	L. Starbuck	right tackle
Leckie	right end	Hester	right end
Pleasant	quarterback	Clark (C)	quarterback
Pleasant	left half	Irwin	left half
McKelvey	right half	Jones	right half
Smith (C)	fullback	Jones	fullback

Score by periods: Colorado University 7-6-0-13 Colorado College 0-7-0-7

Colorado scores: Touchdowns: Smith and Reagan (goal from touchdown), Smith (place kick).

Tiger scoring: Touchdown: Clark (goal from touchdown); Clark (drop kick).

## Death Thinning Ranks Of Turf Celebrities

**CHICAGO, Nov. 23 (AP)**—When next season's call to the post comes it will find no response with a host of turf celebrities who recently have died. The latest was Jack L. Dempsey, writer and handicapper for 25 years, who died in Dallas. The others who preceded him were James Rowe, Sr., and Sam Hildreth, trainers; Maria Cassidy and Lester Dean, jockeys; and James E. Madden, for years a leading breeder. "I'll bet I've lost a million dollars by a mistake," said Art Hildreth, who summed up his heavily played selection lost by that margin.

## Regis Swamps Colorado In Homecoming Contest

**DENVER, Nov. 23 (AP)**—Wing woods was highly responsible here today for a victory for Regis college over Colorado leaders on the slippery Regis field. To the Regis team, which included Witham, former quarterback and head coach, and Reagan, captain of the line who was awarded captain of the line for the second year.

## Tulane Making Drive For Southern Grid Title

### TULANE GREEN BACKS

**WITH HILLY HANKER and Armstrong leading the march Tulane is out for the Southern conference title. The greenbacks are undefeated. Bodenger, who plays guard, and Banker are considered all-American possibilities.**

## Fordham Team Shuts Out Bucknell, 14-0

**NEW YORK, Nov. 23 (AP)**—A mighty Fordham football team felled off the Cooperstown college a powerful Bucknell side eleven to win by a score of 14 to 0, before a crowd of 35,000 at the Polo grounds this afternoon, and finish their season undefeated.

The great defensive outfit developed by the famous Irish major, Frank Cavanaugh stopped the Bison attack led by the hard-running and versatile fullback, Clark Hinkel, and in rapid succession in the third period punched over a pair of touchdowns.

## Basketball Teams Contest at Gooding

**GOODING, Nov. 23 (Special to The News)**—In the first pre-conference game of the Gooding college basketball season, the Blue Legionaries were defeated 52-22. Using a varied attack the Legionaries set the pace early and when the half ended led by a score of 30-12.

The lineup was as follows: Nielsen, Bill; Ramsey, William; Burley, Palmer; Bliss, Oleochecha; Gooding, Hartwell; Burley, for Gooding college. Gooding: Wright, Palmer, Palmer, Bryn, Kilmann.

Substitutions for the college were: Powell for Nielsen; Cole for Reid; Clemens for Palmer; Heide for Gooding; Evans for Hartwell.

## Six Lettermen Out For Basketball in West End

**DUL, Nov. 23 (Special to The News)**—Six lettermen from last year's basketball team will have a varied attack, according to Coach Clifford Davidson. Forty-eight candidates were out for instruction the first day and although no definite schedule has been worked out the team is being whipped into shape rapidly.

Lettermen who reported are Winters, Brewster, Wilson, Hyde, Alexander. Likely material includes Manuel, Davis, Murphy, Elkins, Gibbs, Joyce.

## Pastor Designs Golf Course With Hazards

**SPRINGFIELD, Mo., Nov. 23 (AP)**—A satisfied with simple golf courses, Rev. Paul H. Talbot, a retired minister, has built one that defies par breakers. Golf courses are being planned, says this preaching golfer, who has made golfers of hundreds of churchgoers and churchgoers of golfers. Therefore the line designed the Hickory Hills course here with a view to avoid the common place.

Mr. Talbot claims to be truly difficult. Rev. Talbot claimed, so he built them that way. Some records from the approach, some are undulating or hog-through affairs. The whole course is filled with man-made hazards from tee to cup.

Mr. Talbot, who has won more than 50 tournaments, trophies himself, says, "I'm not a golfer, but I know a golfer when I shall have a legion of young men who are one-course players, who can't use every tool in the caddy bag."

## Airplane Helps Coach To Scout Opposition

**STOCKTON, Cal., Nov. 23 (AP)**—Used football coach who used to think that golf was a waste of time, says today that he has at least 200-odd holes in the complete set by Harold Cunningham.

The line manager of the College of the Pacific, says today that he has a legion of young men who are one-course players, who can't use every tool in the caddy bag.

## Landlord and Tenant

**LANDLORD AND TENANT**  
You can buy the following place and be your own landlord and pay for it just like rent.

80 acres good land, comfortable improvements the land is good and the water-right comes under the American Falls Reservoir together with Big Wood River water. This is a real opportunity and will only take \$1000.00 to handle the deal. Call this office, you want 100-100 we can take you 80 acres across the road, same kind of terms.

## MONEY TO LOAN AND LOTS OF IT

**MONEY TO LOAN AND LOTS OF IT**  
We have the best monthly payment loan and will be glad to talk it over with you.

## J. E. WHITE

Twin Falls, Idaho 123 Main Ave. East Phone 2-7

## Plastino Polishes Tiger Machine For Game With Vandals

### Nine University of Idaho; Southern Branch, Eleven Members Don Moleskins Last Time Thanksgiving

(Special to The News)

**POCATELLO, Nov. 23 (AP)**—Tiger will have donned their moleskins for the last time Nov. Thanksgiving day, when Charles Anderson, Twin Falls, veteran pitcher; Ken Becklund, and Dave Jensen, Idaho Falls; George Johnson, end; Tim Robertson, Twin Falls, quarterback; Owen Miller, end; Eric Craven, center; Howard Foster, guard; and Captain Amos Stephens, tackle, take the field against their heavier opponents, the University of Idaho Vandals. The loss of these veterans will have its effect on the Tiger hopes for 1930, but with this many men playing their final game without such an opponent, there should be something doing.

## Practice In Feet

The Tigers have been working all week in secret, and are rapidly rounding into perfect condition both mentally and physically. Only an unforeseen accident will keep them from taking the field ready to take the heavier Vandals.

## Now Orleans Track Drawing Newcomers

**NEW ORLEANS, Nov. 23 (AP)**—Opportunity, well distributed, are expected to attract many newcomers to the winter racing season.

The Louisiana Jockey club, operating the fairgrounds track, announced 13 color races from \$200 to \$1000 and totaling nearly \$50,000 for the 54 days of racing ending January 1 and closing March 3.

Ranocosa stables of Maryland, whose silks never have flown in New Orleans, and Joe Letler, Chicago, horseman who spent his winters here but is a newcomer to the New Orleans track, have asked for table room. The Citicagan will race 20 horses this season.

Colors of E. R. Bradley, whose Blue Larkspur is the undisputed three-year-old champion of 1929, again will be prominent. Key Spencer, trainer of the western division of the Audley, Farm stables, and John Schorr, who handles the E. M. LeBlanc horses, also have asked for table space.

The inaugural day's program will be topped off with the \$5000 New Year's handicap, followed by smaller races totaling \$100,000. New Orleans handicapper February 17 a new event will carry \$5000 in added money March 1. The handicap of \$5000 will close the season March 4.

## Three McGugin Pupils Coaching in Dixie Loop

**NASHVILLE, Tenn., Nov. 23 (AP)**—Colonel Don McGugin, dean of Dixie coaches, goes on year after year, turning out good football teams and coaches.

Three former pupils of the Vanderbilt mentor are directing Southern conference squads.

The newest addition to the head coaching ranks is John (Red) Floyd, a former assistant, who has been appointed temporary successor to George Bohler at Auburn.

The others are Wallace Wade of Alabama, another former assistant at Nashville, and Jack Cody, who was a star at tackle for Vandy a few years ago.

All three pupils are out of the running for the conference championship but Colonel Dan's eleven is undefeated.

The first known record of a ship is an Egyptian monument 4000 years old.

Monte d'Assinio, a peak 8500 feet high in Switzerland, the summit of which is shifting four inches a year.

The oldest and smallest republic in the world is San Marino; 14 miles from Rimini, Italy.

The steel bridge across Crooked river canyon, Oregon, is the highest vehicle viaduct in the world.

## Red Loses Favor With Georgia Gridiron Team

**ATHENS, Ga., Nov. 23 (AP)**—The red jerseys that have adorned the backs of Georgia's gridiron warriors may or may not have the same effect on their opponents that the red cape of the tormentor has on a bull.

The Georgia captain, a superstitious belief that associates the red jerseys with defeat and white with victory.

The traditional colors were abandoned for the first time in November, 1927, and the Bulldogs defeated Alabama for the first time in eight years.

They donned the red for the next game and Georgia Tech rallied an otherwise perfect season.

Throughout 1923 Georgia upheld tradition and their opponents saw red and the Bulldogs reflected upon one of its most glorious seasons with its red.

They started off the season successfully, defeating Yale and North Carolina, but in the red coat but in the white.

offense and defense.

**Vander Goes to Guard**  
The line has been working against the Vandal's smooth-working shift and should be able to meet it with some familiar changes.

200-pound tackle has been shifted to guard and replaced by Lloyd Sullivan, Twin Falls, lanky veteran. This shift indicates markedly the strength of the Tiger mid-line and should help to stop the terrific drives of Willie and Pederson.

Added seating capacity for Hutchinson field is rapidly materializing and keeping pace with the rapid sale of reserved seats.

From all indications a record crowd will witness Pocatello's first conference football game, and frequent weather handicaps will prevent Tigers vs. Ballard, Kelly, Robertson, and Rosenbaum, have been given the call in the backfield and their timing is being tested.

Best authorities doubt that Nero fiddled while Rome burned.

The art of writing was introduced in Japan by a Korean in 1068.

## Another Amazing Sparton Development

## Bruins Ready For Tough Grid Tussle

### Thanksgiving Game Against American Falls Team Will Feature Year's Activity

**Twin Falls Bruins will have a first grade Thanksgiving day battle on Lincoln field with the rugged American Falls outfit. American Falls missed being declared in on the championship final of the southeast district by a half-line decision. A tie with Idaho Falls, and a one-point loss to Pocatello would originally have entitled them to consideration, but this year the southeast has several teams so closely matched that some cut had to be made. The choice by against American Falls, but that team has never enough to make them very worthy adversaries for any high school team. They took Hurley by a big score, just to keep their hands in, and will come down the river intending to take a Bruin punt back with them unless the Bruins put all they have on the field in the southeast district by a half-line decision. A tie with Idaho Falls, and a one-point loss to Pocatello would originally have entitled them to consideration, but this year the southeast has several teams so closely matched that some cut had to be made. # SEEKERS OF GEM STATE'S GOLDEN TREASURE TROVES MAKING OFFICE IN STATEHOUSE CLEARING PLACE FOR INFORMATION

## Attorney General Investigating Law Upon Ownership of Caches If Found By Prospectors Taking Up Searches

Inquiries of White Bird Resident Recall to Memory of Pioneers Stage Coach Robbery Near Decatur in Early Days

**BOISE, Nov. 23**—If in need of information on where to dig for gold, call on the attorney general, W. D. Gillis. In the last several months this office has been made the clearing house for a gripping series of gold-digging stories as can be told of this fabled state.

Most recent of these is a letter from M. R. Daly, White Bird. Daly asked what the rules were governing discovery of gold—either raw or mined. He didn't say he had found any gold but asked what would happen if a chest full of gold coins were found on an old Indian battlefield at White Bird. He said in his letter of inquiry merely that "There had been found"—a chest on the White Bird Indian battle field which bore evidence of having recently been investigated.

**Beigns Investigation**  
The attorney general is investigating whether half of the cache goes to the "crown" as in days of old, or whether "finders keepers" is the more modern rule. This situation, together with at least three more or less similar cases, is being studied by the attorney general. One of the men claimed to have buried gold-bullion and a four-ounce report of a rich deposit of gold was "missed" somewhere near Oregon. The opportunity for a good gold-digger to do some of his most prosperous digging.

Two Ogden, Utah, men, E. D. Telford and Robert Bowden, several months ago inquired of Mr. Gillis for more information as to buried treasure—their inquiries focused on a supposed cache in Robbers' Church between Boise and the once rich diggings around Idaho City. One of the men claimed to have special talent for finding gold.

**Claimants Have Map**  
The office was made the clearing house for the information when a man named Thompson, Spokane, wrote him a letter describing details of the supposed cache. He claimed to have a map locating the gold—the map having been drawn by one of the men who buried the bullion following the robbery.

The attorney general, according to the letter, was the only survivor of the escape and he spent so many years in the penitentiary that he couldn't remember where the gold was when he got out. However, Thompson said, he drew a map.

The two Ogden men went to meet Thompson and help him out. One went so far as to call on the attorney general to learn about the law. The other Ogden men would tell them that equally likely prospects may be found in other places.

**Recalls Stage Robbery**  
Away back in the "thirties"—most of the robbers were "old time" types—a band of robbers held up a Wells Fargo stage in the vicinity of Pocatello and made away with \$50,000 in coin and bullion. When pursuit threatened to cut them off they buried it; the story says near the mouth of Snake river. Since then there has been much discussion of digging in this vicinity—for \$48,000 worth of gold.

Again there is the fable of the buried gold "city of rock" as distinguished out of Oakley in southern Idaho. It is the same story—the boys with the loot couldn't find any place to bury the loot and they buried it in a hole.

The gold cache near Boise was by far the biggest of the lot, by descriptions amounting to about \$200,000. It was being a bullion stage the robbers fled with their packs to the hills. They were quickly tracked. Best as they could they hid the treasure. Two of the three robbers were shot by the posse while the third was imprisoned. He it was, Thompson said, that he had the map.

As to the mining mine in Oregon—that is a different kind of story. It seems that a survey of the area for the night on a likely looking creek and prepared camp. The children, or the water boy, or maybe his trading partner, picked up a big blue bucket and went down to the creek for water. Arriving there he found the bucket filled with gold. He promptly loaded some in the bucket and returned to camp.

Great was the pleasure of the pioneers when they saw the old blue bucket bearing the gold. Hastily gulping down the last of the antelope steak they moved down to the creek. There they only found that they were about to be attacked by a band of Indians.

The trouble is that they left in such a hurry that they forgot where the mine was and try as they would afterward, they were unable to find it.

Now the fable of the bucket of gold has spread and the location has taken the name of the "Blue Bucket Mine" in honor of the old blue bucket which carried away the gold only ever recovered from this creek.

**Peristent Rumors of Rector's Death False**  
Peristent rumors that during the last several days that Rev. W. Hewson Ward, former rector of Assumption Episcopal church, Twin Falls, had died in California from pneumonia, were dispelled Friday under a letter written by Mr. Ward under date of last November 18 at Twin Falls. Mr. Ward now is rector of the Episcopal church at Ray. He left here with his family about a year ago.

## Girl Swoops Down After Establishing Altitude Record

WORLD RECORDS. A girl, ALEXANDER, 24, set a record high flying mark of 18,000 feet for airplanes of less than 100 horsepower over Los Angeles within 24 hours of completing tests required by the Federation Aeronautique Internationale of pilots who desire to attempt world records. Her instruments will be calibrated in Washington for confirmation.—Associated Press Photo.

## AVIATION EXECUTIVE URGES STATE AIRWAY

**Detroit Map Points to New York, Pennsylvania, Virginia and Idaho Programs**

**DETROIT, Nov. 23**—State assistance in the establishment of a complete system of airways was urged by Graham B. Grosvenor, vice president of the Aviation Corporation, in an address before the Detroit section, Society of Automotive Engineers.

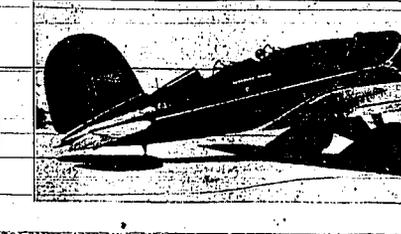

"The time has come," he said, "when the individual states should step forward and aid the federal government in the development of well-equipped, lighted, and radio-serviced airways."

"The airplane will not reach its maximum usefulness until private flying is much more general, and roads for private use will not be built generally until landing fields are well marked and managed over the state routes."

Only four of the states, he pointed out—New York, Idaho, Virginia, and Pennsylvania—have expended money for state airways.

There should be a state official or department in each state in charge of airways, he said, and any airway planned within a state should be up with the primary federal transcontinental system.

## New Plane Ready for Lindbergh and Flying Bride

COLONEL AND MRS. CHARLES LINDBERGH (second) are waiting for their in Los Angeles a sportily designed underwing monoplane which its builders believe will develop a top speed of 180 miles an hour with a cruising speed of 150 miles. Dual controls have been installed so either of the flying pair may pilot.—Associated Press Photo.

## Jones Law Makes Many Persons In United States Felons, Avers Judge

**PEORIA, Ill., Nov. 23**—Any person who buys a drink of liquor or knows of a friend, neighbor or relative who possesses liquor for beverage purposes—unless he reported his knowledge to the United States government—a felon, Federal Judge Louis Fitzhugh held Tuesday in an opinion upholding the constitutionality of the Jones law.

The opinion, delivered in a liquor case here, which did not involve a buyer, pointed out that an act passed by congress in 1920 makes it "crime" for any person who knows of a felony and does not report it to the proper authorities; while the Jones law makes a felony of any person selling, transporting or possessing liquor.

Judge Fitzhugh held that under these two laws the buyers of liquor—or even the quest at a home where liquor is served—is equally guilty with seller or possessor and objected to the same punishment. He observed that this phrase of the Jones law had been generally overlooked.

"Where it is wisdom to make this change, which makes thousands, perhaps millions of persons felons, or whether it is constitutional, is quite a different thing," he said. "The new Jones law operates entirely outside and beyond the national prohibition act."

Attorney representing Dudley Smith, accused of selling liquor in 1927, contended the Jones act was unconstitutional, chiefly because it transferred from the state to the judge the power to fix the degree of guilt. The court overruled them on the question.

**Carolina Farmers to Join in Celebration**  
**RALEIGH, N. C., Nov. 23**—Celebration another successful year on farms of Rowan county, 676 farmers and their families will attend a dinner in Salisbury, December 12. No one crop predominates in the agricultural plan of Rowan county. All crops are grown and livestock forms one of the chief sources of income.

**SPACE FOR REPORTERS**  
**GENEVA, Nov. 23**—Press galleries of the projected new assembly hall of the League of Nations are designed to accommodate 600 journalists and newspapermen in the limited space where the league has met for years, the reports on the Atlantic coast who wanted them have been packed in like cardstock.

**Utah Man Takes Charge Of Sheep Dogs' Trials**  
**BOISE, Nov. 23**—John T. Calne, 111, Logan, Utah, has been placed in charge of the first national sheep dog trials at Chicago this year, according to word received here. The show will be held in connection with the international livestock exposition at the Chicago stock yard, November 30 to December 7. Though two Eastern dogs have romped off with all the sheep-dog laurels in exhibition of the last year or two, it was predicted a number of Western entries would be made this year by owners of dogs who would stake the value of their flecks on the integrity and performance of their pet hounds.

The first Chinese to enter the United States—was encouraged, by settlers on the Atlantic coast who wanted them as shepherds, in 1640.

## NORTHWEST FARMERS IN GRAIN MARKETING GROUP MOVE FREELY

Officers of North Pacific Grain Growers' Association Comment On Wide Latitude Given Members

**BOISE, Nov. 23**—Farmers of the Northwest who join the new grain marketing association will find that it acts through voluntary cooperation rather than through arbitrary regulations. Officers of the new North Pacific Grain Growers' association, which is almost ready for business, say that the new marketing plan for farmers who want to sell their wheat will induce many to affiliate themselves.

"This regional organization, with headquarters probably at Spokane, will have many local cooperatives, who are to deal directly with the wheat growers of Washington, Idaho, Oregon and west Montana.

**Three Plans for Disposal**  
The farmer has three ways to dispose of his wheat through the cooperative. He may sell it for cash; store it in a cooperative elevator; or he may store it in a general pool which will pay him an average all-season price.

The wheat, after being sold by the farmer to the local, will be put in charge of the regional association, which in turn will hold it over to the National Grain Growers' association.

The local grain cooperatives are to be tied with the regional body through purchase of stock, while the Northwest regional will become a unit of the national body by similar purchase. The farmer may buy stock in his local group.

Benefits according to farmers through the governments—farm-aid policy—include loans, which are to be made available by the federal board, through the national and regional organizations. The local cooperative, having received the funds from the regional, will deal directly with the farmer.

Farm loans on crops will bear a low rate of interest, the cooperative officers here say.

**Safe "Crackers" Leave Prison Strong-Box Alone**  
**BOISE, Nov. 23**—Though at least a dozen men who could readily "crack" a safe are working within a dozen paces of the vault of the Idaho penitentiary, there is no record of its having ever been robbed. Warden T. W. Wheeler declared today.

The safe is "an ordinary steel" one safe built into the wall and opening to manipulation of a dial, a type long since discarded by banks. Besides the fact that it is safe, the large vaults are kept there, the presence of guards within in striking distance is bound to have a deterrent effect.

Principally the safe is used for keeping records of prisoners. One box constructor 11 feet in length and weighed another of its kind nine feet long and did not eat again for six months.

## GIRL IN PHONE WORK BY CHANCE DEVELOPS VOICE THAT MAY LIVE

Unusual Twist of Fate Behind Selection of New York Operator for Part in Telephonic Instrument

By HOWARD W. BLAKESLEE (Associated Press Feature Service)

NEW YORK, Nov. 23 (AP)—An unusual twist of chance lies behind the selection of the voice of Miss Catherine Marie Shaugnessy, New York telephone operator, for the first telephone that speaks automatically.

In this latest device for spoken communication—soon to become a regular part of New York City's telephone system, the one remaining human element is Miss Shaugnessy's voice, recorded on talking film, multiplied by thousands of phones which speak to central the phone number turned on a dial.

If she had not flunked second year German in a Brooklyn high school 10 years ago, it is unlikely that Miss Shaugnessy would have undertaken the years of training that led to selection of her voice.

"I wanted to be a school teacher," she said, "When I flunked German, I felt so disgraced that I left school,

CATHERINE M. SHAUGHNESSY  
I went to "flunk" for the New York Telephone company and found that they maintain schools for training operators.

"Ah hn," I said, "I cannot be a school teacher, here is the next best thing. I can learn to teach girls to operate switchboards."

It was seven years before her telephone teaching opportunity came; an interval in which she was a switchboard operator, and it is estimated to have spoken the routine formula to more than 1,000,000 persons. Then she went into the teaching work and for the last five years has been manager of the operators training schools in Brooklyn.

In teaching girls to say six as "six-strom 6 and 85" or to pronounce nine as "nol-en," Miss Shaugnessy held her ambition to be a good teacher, she

## Chic Fall Furs Brown As Burnt Copper

NEW YORK, Nov. 23 (AP)—It is doubtful if every woman in America will, but this season every woman in America might dress from top to toe in brown and be very chic.

Deep, rich brown is the shade. There are brown hats in felt and fabrics; brown tweeds, brown furs, and even the latest in dress-making—brown—burnt copper.

Designers, stylists, buyers and retailers lay great importance on the fashion, worthiness of particular shades. Well they may; for colors, like fashions as a whole, go in cycles of acceptance, and manufacturers must note the right shade by a few degrees realize they will miss a great many sales.

In the evening coats will be voluminous. There is a definite movement to frame faces very captivatingly.

Afternoon coats will also have wide large collars. Some of them, when the collars are unfastened and their wearers seated, will drop down into various cap-like effects.

Some, however, but not so much as in other seasons, is given the long, broad fur-lapel—reaching—from collar-to-shoulder of coat. Probably the huge heart collar which lies will be smarter.

Cuffs are variously luxurious and restrained. Sometimes there is no cuff at all. Sleeves, by careful manipulation of fur, frequently broaden near the wrists or just below the elbows. This suggests a cuff without actually being one.

Among the smartest and most popular animals for sports coats will be moccasin in soft dark brown. Many rich sports coats will be lined with fur.

For afternoon, excellent furs will be Persian lamb, shaved lamb, beaver, seal, lapin, fox (particularly blue fox), lynx, breitchawant, arizabank, mink, Chinese ermine, wolf, marten, loutre de mer (dark brown sealskin) and caracul.

For evening there will be particular smartness in chinchilla—of one woman, smart in more ways than one, remarked, "you can afford it"—ermine and sable will be bought as usual.

All this doesn't mean that you must throw away perfectly good black seal-skin, if in instance. As a matter of fact, black will be top cow in dresses but merely isn't emphasized in the high seats for fur fashions.

Among the smart fall furs are the "cocktail cape" for the woman who wants smart warmth for late afternoon and early evening (left), and the collar that frames the face, with sleeves that broaden below the elbow.

### not along with her pupils, she said, "Because I like them." She found something fundamental in teaching "the voice with the smile" for she said:

"There is no doubt that when we try to speak with a personal interest tone to subscribers, we are happier at the end of the day than if talking mechanically all day.

Asked what suggestion she would offer subscribers to help them in making phone calls, she replied:

"Ask them to think."

Securities valued at \$23,000,000 are dispatched from San Francisco daily on the Trans-continental air mail plane.

## MANUSCRIPT ON FAIRY Business Show Ponders On TALE DRAWS ELDERLY Battle Over Hem On Skirts

Original Script On "Alice of Wonderland," Proves Attractive to Old Folks

By SUE McNAMARA (Associated Press Feature Service Writer)

WASHINGTON, Nov. 23 (AP)—The original manuscript and first editions of "Alice in Wonderland" attracted more persons of 80 years and over during the first two weeks of their stay here in the library of Congress than they did children.

Men and women with silver hair peered eagerly through the glass case at the quaint sketches and read their childhood acquaintance with the Mad Hatter and the Mock Turtle.

Two elderly women and a man came on three separate occasions. Each time they drew up chairs beside the exhibit and carefully examined the pointed manuscript with which an Oxford teacher in 1862 designed a little English girl, "Alice Liddell."

They laughed together and they read once more the "Cat's Explanation" which had delighted them in their youth.

"I read when I please and I was my tall when I'm angry,"

Children were strangely lacking in the small Washington groups which viewed the collection. The crowd at no time approached the line-up of 25,000 men, women and children which saw the exhibit during last week's stay in New York.

I stood by the glass case containing the priced treasure. No one was in sight save the guard, the White Rabbit and the Dormouse and the Queen of Hearts.

disported themselves across the pages in all their quaint original glory. Yet the characters which had delighted millions of children all over the world had no audience save myself and a prominent middle-aged man in a grey suit who came up swinging his cane.

He gave a perfunctory glance at the collection for which \$100,000 was paid its owner, Edridge R. Johnson of New Jersey, then went on.

Lucille Kelly (left) laughs at Doris Malmgren because her long skirt becomes entangled in a file.

Shanghai Center of Move To Curtail Enterprise Outside District of International Settlement and French Concession

By MORRIS J. HARRIS. (Associated Press Correspondent) SHANGHAI, Nov. 23.—War on what the Chinese authorities call "encroachments of foreigners" has reached unusual proportions, especially in Shanghai...

Within two months three such orders have been issued. The first, and probably most important, prohibits Chinese residents of the native city from selling land to either the International Settlement municipal council or to individual foreigners.

RESTRANT ON TRADE PROBLEM OF NATIONS

Representatives of States to Consider Fate of Inactive Treaty at Geneva

GENEVA, Nov. 23.—An opportunity for new international economic cooperation will be preserved at the December 5 meeting when representatives of states which signed the convention on abolition of import and export prohibitions and restrictions meet under League of Nations auspices to consider the fate of his inactive treaty.

Severe Punishment Chinese who violate the order will be severely punished. All property found in transactions outside the settlement will be confiscated and both seller and buyer will be fined.

Early last spring, the Guangsu authorities decreed that the signing of the treaty at Heilong was a decided encroachment and should be stopped. An order to that effect was issued but the Heilong government refused to comply.

Limli Water Sources The Heilong came from the Public Utility Board of the city. It prohibits Chinese living outside the international settlement from obtaining their water or electricity from settlement sources.

Coach Encounters Many Obstacles In Teaching Gridiron Sport To Mexicans Lack of Interest, Candidates for Eleven and Equipment Bother Reginald Root, Former Yale Student

BY THE ASSOCIATED PRESS. MEXICO CITY, Nov. 23.—An attempt to introduce intercollegiate football below the Rio Grande is a rose with a thousand thorns to Reginald D. Root, coach of the University of California at Fresno. From Yale university where a halting course and ample manpower make a football coach's task comparatively easy, Root has found a situation here which probably has no counterpart in his homeland.

He began the training season with a veritable handful of men—12 in all—candidates without equipment or experience who thought they would like to play the great American game of which they had heard. Two months have passed and he has not yet managed to get a team out of the domain of American athletics.

Root is unfamiliar with the language he was forced to have his instructions relayed by an interpreter. The coach of football equipmentment is a real handicap. An inadequate amount of money was made available to the university for the season.

Interest Lacking In addition Coach Root found it necessary to arouse interest among university students and officials. For the first time, against Louisiana college, when the American university won, 59 to 0. Root had to seek his team out on the streets selling tickets and soliciting advertisements for a football program and even asked the money to print manager and financial editor.

Despite the obstacles, Root believes the spark of interest will grow until a veritable handful of players in the sport of Mexico. He has found encouragement from President Emilio Portes Gil, who has personally guaranteed the opening of an athletic center here in November to inaugurate the workers' athletic field.

CELEBRATE ANNIVERSARY YILNO, Poland, Nov. 23.—This city has just celebrated the three hundred fiftieth anniversary of its university, established in 1576 by King Sigismund II.

1930 HUPMOBILE EIGHT FIVE-PASSENGER SEDAN... Standard equipped \$1595. Custom equipment available at slight extra cost.

Why the New 1930 Hupmobiles are VELVET-SMOOTH

The New 1930 Hupmobile Six, \$1060. The New 1930 Hupmobile Eight, \$1595.

High speeds ordinarily bring out noise and discomfort that low speeds conceal. But Hupmobile's smoothness extends throughout the speed range. The extra-heavy counterweighted crankshaft, with wide cheeks and roller bearings, plus top and bottom-free. These are roller bearings on transmission countershaft and sliding gear shaft.

HIGHLIGHTS OF THE 1930 EIGHT 10 miles per hour, 100 horse-power. The first motor ever designed in which a single modern style muff is used throughout, providing a soft, harmonized sound.

HIGHLIGHTS OF THE 1930 SIX 70 miles per hour, 70 horse-power. Acceleration from 5 to 25 miles per hour in 7 seconds; 5 to 50 m. p. h. in 20 seconds.

1930 HUPMOBILE SIX FIVE-PASSENGER SEDAN... Sport, speedy. Standard equipped \$1060... Custom equipment available at slight extra cost.

THE GUMPS—QUESTIONS

The DEVIL'S MANVILLE By Frank L. Packard

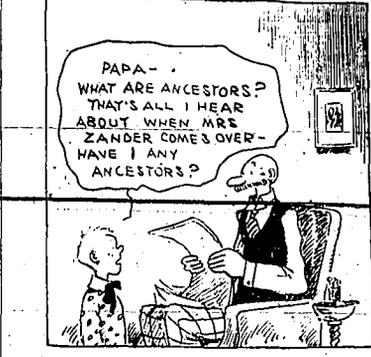

And then the words were blotted out from Peter's consciousness and his brain seemed suddenly to reel—a laugh was echoing in his ears—

Good God!—What was Agnar Pind doing? The man that had been the receiver of the curtain violently aside—his mind reeling madly as he leaped suddenly forward—

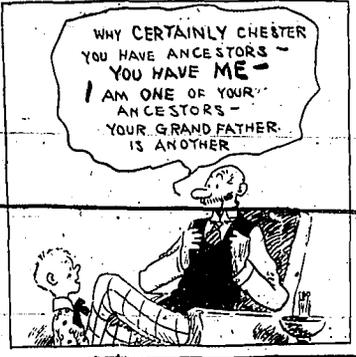

And Peter saw the revolver drop from Agnar Pind's hand, and under the swirling feet, the floor of the room was lit up by the light.

Peter was conscious that Marion now was bending over Agnar Pind, supporting his head in her hands—

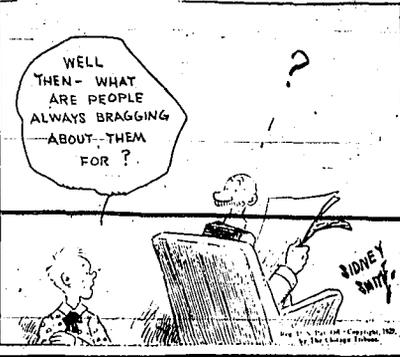

Agnar Pind spoke no more. Peter saw a convulsive movement which the man's form, and saw him fall back again in Marion's arms—

Would it come to that now? Was that the part that he, as Rahim De, must play?

Why certainly Chester you have ancestors— you have me— I am one of your— ancestors— your grand father is another

Well then— what are people always bragging about them for?

Icebound in the Far North

Marion Swensen and her father, Olaf Swensen, head of a Seattle, Washington, fur company, are ice-bound in their ship, Nauvak near Cape North, Siberia.

He called back at her now over his shoulder, as though making amends. "We must hurry, Marion. It is very cold. We may have all the time we need; we may not have nearly enough. In any case, we must not lose a minute. And then, as though to believe his words, he came to an abrupt halt the next instant, and swept his lantern around a rock cluster that, unlike any of the others through which they had passed, was utterly bare of ornamentation.

Marion Swensen and her father, Olaf Swensen, head of a Seattle, Washington, fur company, are ice-bound in their ship, Nauvak near Cape North, Siberia. The ship is missing after an attempt to rescue the party by airplane.

# GOODWILL

## the strongest guaranty

Public goodwill is the most tangible and jealously-guarded asset in every business because it can be acquired only by deserving it—it is never accidental nor unearned. For fifteen years, Dodge Brothers have enjoyed an overflowing measure of goodwill. And because their present product combines all of the traditional Dodge qualities with a performance, comfort and style that are ahead of the times, this goodwill is deeper rooted today than ever before. It is your assurance that the enthusiasm of Dodge owners is well founded. And that means even more to you than does any written guaranty.
