SEASONAL HURRICANE HARASSES SHIPS OFF BRITAIN AND IRELAND

Wind, at Times Attaining Velocity of 108 Miles Per Hour Causes .45 Deaths and \$70,000,000 Damage

(By The Associated Press) LONDON, Dec. 7.—Early on- ships and innumerable fishing boats and barges were in distress tonight off the coasts of Great Britain and Ireland after a seasonal hurricane that centered off the British Isles and extended as far as Spain and Scandinavia.

The fierce gale caused a loss of life that will run into tens when all the deaths have been tabulated. The destroyer tender Hardy numbered in Bideford Bay, Devonshire, with the loss of all 21 hands, the steamer Franca Duncan went down off Land's End with a loss of 16 lives.

Slips of all nationalities were among those in distress, British, Norwegian, Dutch, Hungarian, Spanish, French and Italian. Ship Leontine from Genoa was thought to be missing after passing through the strait to England where her cargo of pictures, valued at \$700,000, was believed to be wrecked.

Eight persons were killed in the interior of the British Isles, by falling trees, uprooted trees, broken windows and falling walls. The velocity of the wind reached 108 miles an hour today in the Selby strait and then broke the recording instrument.

The liner Carinthia with passengers from New York was stranded off the coast of Ireland. The liner Carthage was also stranded in the Guadiana docks. The Minnesota from Canada did this morning.

The Selsey lifeboat returned safely after 10 hours of battling. A lifeboat from the Sussex coast in response to a SOS from the Hungarian steamer, Hovved which finally made port by its own power.

The epic of the night, however, was the tremendous fight against the elements by the Newhaven lifeboat crew who put out in the face of the gale and rescued ten men from a stranded schooner off Esbourne. The wives and other relatives of the rescued men stood scantily clad on the beach amid the rain and driving spray for the safe return of the crew.

Idaho Bankers Perfect Organization at Boise BOISE, Dec. 7.—Thirty Boise and Snake valley bankers at a meeting here today formed the Southwestern Idaho Bankers' association as a unit of their state association. The territory will be expanded to include Adams and Valley counties in Idaho and Malheur county in Oregon.

Armo Ditch Rider Ends Life By Cutting Throat POCATELLO, Dec. 7.—Fred Swanson, Armo, employed as a ditch rider, ended his life today by cutting his throat with a pocket knife. He had been reported drinking prior to the suicide and was 50 years of age and was unmarried. He had resided in this vicinity for 15 years. The coroner advised that no inquest be held.

Stimson's Aide

ARTHUR WILSON PAGE, son of the late Walter Hines Page, will be Secretary Stimson's personal aid at the arms conference in London.

IDAHO FARMERS WIN PRIZES AT CHICAGO

Rupert, Jerome, Aberdeen and Wendell—Agriculturists Recipients of Awards

UNION STOCK YARDS, Chicago, Dec. 7.—(By Special Service) Awards at the International Livestock exposition here today showed that Idaho won 30 prizes in the hay and grain show. The awards were divided as follows:

Field beans other than navy—two prizes, including A. H. Reuser, Rupert, fifth. Field peas other than yellow—One prize, C. H. Conner, Aberdeen, fourth. Red clover seed—Seven prizes, including C. D. Gallentine, Jerome, first. Alkyne seed (Jerome)—Five prizes, including R. W. Orant, Jerome, third, and M. K. Soumlecker, Jerome, fourth. Trehl six-rowed barley—One prize, H. J. Jacobs, Declo, tenth.

BEEM STATE DAIRIES INCREASE IN VALUE

Returns From Products Soar \$1,000,000 During Period, Official Report Reveals

BOISE, Dec. 7.—Value of Idaho dairy products was valued at \$9,252,126 compared with \$8,189,976 in the first three quarters a year ago. The increase in value amounts to slightly more than 11 per cent, which was accounted for by a 10 per cent increase in production and a slight increase in price.

Production of butter in this year's period was 41,674,416 pounds, which brought an average of 46.8 cents a pound. In the 1928 period production was 42,223,531 pounds at a price of 43.7 cents.

BUSINESS LEADER DIES ST. LOUIS, Dec. 7.—Wallace Delafield Simmons, 63, former president of the Stimson Hardware company, and a member of the company's board of trustees since its reorganization, died here tonight of heart disease.

LEADERS AT CAPITAL FORECAST ADOPTION OF BILL ON TAX CUT

Republicans and Democrats Predict Passage of Resolution in Same Form as Approved by Lower House

By D. HAROLD OLIVER (Associated Press Staff Writer) WASHINGTON, Dec. 7.—Adoption by the senate next week of the \$160,000,000 tax-reduction resolution was forecast by party leaders today after the senate finance committee had unanimously approved the plan.

Although some expressed a desire to delay unduly the tariff bill, Republican leaders believed that the tax proposal would not take much of the senate's time. While some talk was heard of an amendment being offered to make the reduction on corporation taxes applicable to 1929 instead of this year's income, both Republicans and Democrats predicted adoption of the resolution in substantially the same form as approved by the house last Thursday.

Spedy action on the tax proposal was advocated by Senators Borah, Idaho, a leader of the Republican Independents. Under-Secretary Miller of the treasury department before the committee today and explained the proposed reduction would benefit principally the "middle-classes," or those with incomes of \$10,000 or less. These taxpayers, of which there are 2,055,000 this year, are paying an estimated total tax of \$45,000,000, would receive a total reduction of \$25,000,000 or 55.56 per cent.

LUKENS WARNS OFFICIALS ON LICENSING OF AUTOS

BOISE, Dec. 7.—Renewals of automobile licenses will begin on December 15, Fred E. Lukens, secretary of state, advised county assessors today. The date for beginning of the renewals was contained in a bulletin which advised the assessors that hereafter there should be no variation in the legal dates set by law when new licenses must appear on cars. It also pointed out that new licenses would be granted until certificates of title had been completed to the person receiving licenses. Assignments of title will not be valid until actually completing the transfer in the records with the secretary of state. There is no authorization for using 1930 license plates until January 1.

Hoover Orders 500 Marines To Join American Troopers Quelling Uprising in Haiti

Clash Costs Lives of Five Natives and Score Receives Gun Wounds

(By The Associated Press) PORT-AU-PRINCE, Haiti, Dec. 7.—With dramatic swiftness the apparently tranquil situation throughout the republic of Haiti was shattered yesterday by first bloodshed in the republic of a band of 1500 Haitians from the interior who cleared a 24-hour States marine patrol on the outskirts of the city of Aux Cayes.

In the encounter the Haitians were killed and 20 wounded. One marine was hurt in a hand-to-hand encounter with the leader of the band. The local magistrate asserted that the republic of the band probably had saved the city from burning.

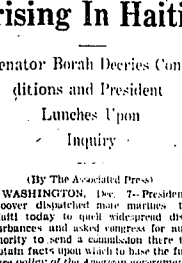

Workmen Rescue Miners Entombed for 48 Hours

MORGANTOWN, W. Va. (Sunday Morning) Dec. 8.—Thirteen miners, trapped behind a fall of coal for 48 hours in the Brock mine of the Continental Coal company, Cassville, were rescued early this morning by fellow workmen who cut through tons of coal and State to reach the miners who were reported in good condition except that they suffered from hunger and cold were brought to a hospital here.

Fire Levels Murtaugh Barn Valued at \$2000

MURTAUGH, Dec. 7 (Special to The News)—Fire of an unknown origin at 7 A. M. today completely destroyed a barn, two and one-half miles south of Murtaugh, owned by M. B. Bailey. The building was valued at approximately \$2000, and is reported partially covered by insurance. Most of the livestock in the barn was saved; however, two cows and a horse will likely die from burns, reports Mr. Bailey. A pen of registered chinchilla rabbits was destroyed.

Naval Adviser

REAR ADMIRAL Hilary P. James will be the naval adviser to Secretary Henry L. Stimson at the forthcoming arms conference in London.

Dispatches from the Italian capital which advised that 20 marines had killed and wounded 20 in repelling 1500 Haitians at Aux Cayes were accepted closely by President Hoover, who already had confidential reports from the American and British officials that the situation had become serious. While the disturbance in Haiti had its inception in a strike of students, official information from the United States and some political leaders indicated upon the situation that a wide-spread revolt aimed at least in part at Americans.

POGATELLO POLICE SEIZE ESCAPED BOISE CONVICT

BOISE, Dec. 7.—Roland George, 20-year-old convict serving term for forgery, who arose from a sickbed in a local hospital to make a dash for freedom, was captured tonight in Pocatello, J. W. Wheeler, penitentiary warden, was advised here.

The convict was operated upon for appendicitis about two weeks ago and was believed in no condition to make the break for liberty. Clad only in pajamas, George seized an automobile and drove 20 miles to Naampa, where he secured clothes. From there he went on to Pocatello where police reported they captured him with the car belonging to a Boise resident.

LEADER OF CHINESE NATIONALISTS FOES TELLS OF GRIEVANCE

Marshal Feng Yu-Hsiang, One of China's Most Picturesque Warriors of Last 17 Years Explains Issues

By JAMES P. HOWE (Associated Press Correspondent) SHANGHAI, Dec. 8.—All sources this morning agreed that General Chiang Kai-Shek, president of the council of the Nationalist government, was still continuing to direct affairs at Nanking. There had been reports that he had already withdrawn from office because of the widespread revolt.

\$4,120,306 FEDERAL FUND GOES TO IDAHO

Major Items Covered by Apportionment Include Work in Forests and On Roads

BOISE, Dec. 7.—The United States department of agriculture will spend \$4,120,306 in Idaho during 1930, an increase of \$109,000 over 1929, the governor was informed in a statement today compiling all appropriations under the new budget.

High Officials Attempt to Induce Ex-President to Run For Seat in Senate

NORTHAMPTON, Mass., Dec. 7.—(By The Associated Press)—Senators and high officials were working in conjunction with prominent Massachusetts leaders in their efforts to gain his consent to run for the office of United States senator in the next election. They thought all reports to the contrary. There was reason to believe Mr. Coolidge might be willing to have his name used in the event he could be sure the field would be cleared for him.

COOLIDGE SILENT ON RUMOR OF CANDIDACY

Mr. Coolidge's comment of "I have nothing further to say" was delivered by his secretary, who called attention to the former president's recent statement that "any reporter that wants to get a scoop may do so by denying any published rumors regarding my intention of running for the United States Senate."

Feng's house is perched on top of a hill and built like the castles of the Chinese feudal barons of olden times. There is but one entrance, a winding path leading up a steep slope. Surrounding the edge of the hilltop is a 10-foot wall of stone and brick. The marshal's quarters overlook a wonderful valley stretching away for miles. In the distance are two wireless stations, through which the marshal keeps in touch with his men in the field. Marshal Yen lives three miles away, to the east.

TAIYUANFU, SHANSI CHINA

CHINA, Dec. 7.—Marshal Feng Yu-Hsiang, one of the great Chinese leaders and once known as "the Christian general," has left his home in the Shanxi province against the Nationalist government. He fled to Nanking because he believed President Chiang Kai-Shek had been ordered to disband their troops, while he himself has been ordered to disband the marshal's troops.

Chiang Kai-Shek for many years has been urging other army chiefs to disband their troops, while he himself has been ordered to disband the marshal's troops.

Chiang Kai-Shek for many years has been urging other army chiefs to disband their troops, while he himself has been ordered to disband the marshal's troops.

Chiang Kai-Shek for many years has been urging other army chiefs to disband their troops, while he himself has been ordered to disband the marshal's troops.

HOOVER ORDERS 500 MARINES TO JOIN AMERICAN TROOPERS QUELLING UPRISING IN HAITI

(Continued From Page One)

of 20 marines armed with one machine gun, six automatic rifles and regular rifles under Captain Swink and Lieutenant John Blanchard of the United States marine, established contact with the band near the entrance of the city. The band demanded that they be permitted to enter the city to join strikers there and when told the strike was over and the city back at work demanded that two leaders enter it to determine the facts.

This was permitted, but when the leaders returned and confirmed the news that the strike was over the band greeted the information with curses and jeers.

The report from Aux Cayes stated that the band whose total number by this time was estimated at 1500 advanced on the marines throwing stones and surrounding the patrol. The marines fired three volleys at intervals over the heads of the advancing men but this failed to stop them and the position of the marines was described as precarious.

Captain Swink finally opened fire and approximately 250 rounds of effective bursts scattered the band in all directions.

The Haitians were not armed with rifles, but carried clubs, hatchets and stones.

Reports from Jemel said that the disquieting situation broke swiftly yesterday afternoon. Captain Hal Potter, district commander, found that five strike leaders who had arrived on charges of intimidating laborers at the customs on Thursday were armed with five automatic pistols.

A search unearthed a large number of papers in French, Spanish and German, apparently orders for pistols and rifles at Hamburg, Germany.

Authorities at Jemel have been ordered to make wholesale arrests if conditions warrant it.

Reports have been received there that the persons named in the town which is at present under effective control.

Leader of Chinese Nationalists' Foes Tells of Grievance

(Continued From Page One)

enormous, but well-shaped, hands. "China's so-called leaders have been fighting one another for selfish ends. The people have been completely forgotten."

"We would end all this, and work together for the benefit of the people with the welfare of the people as the first consideration at all times."

Feng then mentioned the faithfulness of his soldiers, which gave the correspondent an opportunity for questions about the marshal's personal army.

"It is true that his troops total 400,000," he said the interpreter.

"That is a military secret," Feng smiled at the correspondent and offered him another pipe.

THUMB PRINT LEADS TO YOUTH'S ARREST

Young Man Confesses Burglarizing Two Gooding Gas and Service Stations

GOODING, Dec. 7 (Special to The News)—A bloody thumb print on an envelope in the cash drawer of a Texaco service station here, led to the arrest today of Richard Cooledge, 20, son of B. M. Cooledge, Gooding county treasurer, as the lone burglar who broke in into two service stations here this week. Sheriff James D. Barlogi announced this evening.

There was a cut on the young man's thumb when he was brought to the sheriff's office for investigation yesterday, and his thumb print corresponded with the bloody print found at the service station, the sheriff said.

When confronted with this evidence, the sheriff stated, young Cooledge confessed that he had broken into the Texaco station where he took \$3 last night; and also that he had forced entrance into another service station where he obtained \$10 on Thursday night.

He had cut his thumb, the sheriff said he stated, in breaking into the Texaco station through a window.

In sending a commission was promised by Chairman Borah of the senate foreign relations committee, and Chairman Porter of the house foreign affairs committee—but they expressed divergent views.

Borah described conditions as "intolerable" and said that if the president meant to clean up the situation I want to see him do it.

He added that "the oppression and cruelty of the present government of Haiti is something beyond the power of language to describe, something you would not suppose could take place in this day and age."

Representative Porter, who introduced a resolution to carry out the president's recommendation, said: "It has been to Haiti twice, and every Haitian I met there was in order to whom I talked was more than pleased with the conduct of affairs by the United States marines."

Senator King, Democrat, Utah, who long has urged complete withdrawal of American marines, announced that he would support the move for an inquiry, adding: "The people resent American occupation and as long as we keep marines in that country there will be continued resentment."

Charles Britton of the house naval committee, said the first duty of the American government was to protect life and property in Haiti. He added that the marines were to be complimented on their management of affairs.

Representative Garner, Texas, Democratic leader in the house, said the idea of the United States being "a wet nurse" to countries of Central and South America is a mistake.

In addition to sending 500 marines from Quantico and other stations from Norfolk to Haiti, the aircraft carrier Wyoming, the administration ordered the cruiser Calverton from Guantanamo, Cuba, to Jemel, Haiti. This craft could be advanced and could land a large force of trained men.

Secretary Stimson described the situation in Haiti as "distressing" and said it would be dealt with in the light of full publicity.

In a message to congress, Mr. Hoover reviewed the events leading up to the present situation and stressed the importance of an immediate investigation by a commission.

IDAHO LEGION BACKS WORTHY ENTERPRISES

Dedication of Gymnasium at Moscow and Aviation Promotion Bring Praise

HOISE, Dec. 7 (Special to The News)—The Idaho Legion, under leadership of Mrs. Rosa Murray North, discussed a variety of topics at its first study meeting of the year in the Business and Professional Women's club room Thursday evening.

Speakers included Mrs. Ella A. White, who reviewed an article on public speaking; Mrs. Kyle M. Waite discussed the whole industry; Mrs. Beary Clark told of work of Edward Martin Johnson and his wife, Osa Johnson, photographing wild animals in their native haunts; Miss Grace Demore reviewed a number of Stewart Edward White's stories of wild life; and Miss Mary Dobson led discussion of current events.

The Weather

FORECAST FOR TODAY AND TOMORROW—Generally Fair; little change in temperature.

Minimum temperature in the vicinity of Twin Falls was 27 degrees above zero starting at 7:30 a. m. period preceding P. M. Wednesday, according to the report of the government weather observer here. Maximum temperature for the same period was 45 degrees. Clouds obscured the sun part of the day. The sun rises today at 7:23 and sets at 5:04 P. M.

BOOTH MERC. CO.

75 PERSONS ATTEND MASONIC FUNCTION AT LODGE IN EDEN

Organization Members and Friends From Farley and Hazelton Join in Outstanding Entertainment

EDEN, Dec. 7.—More than 75 guests attended a social affair held here Thursday evening and sponsored by the Edna Masonic lodge. The guests included mostly the members of the Eden lodge, their families, members of the Eastern Star, and a number of out-of-town guests. ... The regular meeting of the Eden Club was held Wednesday evening at the home of Mrs. H. B. Lyons with 22 members present.

The work of conducting a clinic for the school children at Hazelton was completed here this week by Mrs. Wynn. Thursday afternoon Mrs. Wynn gave a talk for the benefit of a number of children at Hazelton.

Lars Swanson is improving his farm home a quarter mile east of town this week by installing a water pipe line to connect with the Eden city water works system.

Mrs. A. M. Shaver and son Paul are here this week from McCall, Idaho, visiting with former acquaintances.

Water supply for the school building was shut off Wednesday to repair a broken main.

Mr. E. H. Smith, Howard Swanson, Denny Knott, Bayard Knott, Jerry Day and Guy Lattimer left Friday evening for Boise where they are attending the Boy's conference being held there this week.

Lincoln Circle, Ladies of the Grand work of the Benevolent and Protective Order of Elks, held a very enjoyable meeting Wednesday afternoon at the home of Miss Caroline Clemens.

David Fallon left Thursday for California where he will spend the winter. The past several months he spent here at the home of his son, Frank Fallon.

All the local stores and business houses have taken on the Christmas atmosphere. Many new gifts are being displayed this season.

The high school students are preparing a special issue of the Student and their newspaper, to be published as a Christmas edition.

Field trips have been made this week by the agricultural class of the high school. One trip that proved most interesting to the boys was made Wednesday to Hazelton where they inspected the dairy farm of Donald Adams.

Stock judging was part of the work performed by the students that day.

ANNOUNCEMENTS
The Twin Falls Relief society, Latter Day Saints church, will open the Relief society rooms in the new church at social meetings Thursday at 2:30 P. M. Every member is asked to bring a covered dish and other sandwiches, cake or pie. It is expected that there will be a number of guests from the wards outside of Twin Falls.

The Parent-Teacher association school of instruction will be held Monday from 2:30 until 4:30 P. M. in the Washington school auditorium. At the previous meeting Mrs. John Hayes gave a most interesting instruction on the duties of officers and chairman of committees of local Parent-Teacher associations. This instruction will be continued Monday afternoon. Every officer and committee chairman is expected to attend.

The regular meeting of the Daughters of the American Revolution will be held at the home of Mrs. P. H. Stowell, 1150

Brassieres \$1.25

The new uplift. Brassieres of fine silk materials. Flower trimmed.

ALL HANDSOMELY BOXED

RESORT SCENE OF MYSTERY HOLD-UP

Story of Robbery at Twin Springs Peak of Finding of Battered Cash Register

Back of the discovery of a battered cash register, found by Twin Falls police officers on the rim of a creek canyon near the Shoshone street bridge last Thursday morning, there is a mystery story of robbery at Twin Springs near the Nevada boundary line. Officers at police headquarters here said last evening that they were sure of the truth.

Since the recovered robbery, which took place last Wednesday night, the officers said, James C. Stinson, bartender at the resort, has been missing, but the officers did not seem to be disposed to believe that Stinson was responsible for the robbery.

Clifford Horn, piano player, who occasionally frequents the resort, reported the robbery Thursday morning to Paul Dawson, proprietor of the resort, who has a residence on the resort. The piano player's story, the officers said, was that Blinton's sister and two men had appeared suddenly at the resort house and overcame all resistance, they had rifled the slot machine and carried away the cash register and money.

Horn reported here that he had ridden on the running board of the robbery car from Twin Springs to Twin Falls, a distance of some 50 miles, and that he had neither quit him nor invited him inside the car where he would ride more comfortably, the night being cold and Horn being clad only in his machine jacket.

One Day's Collisions

Involve Six Machines

Three collisions, in which six cars were damaged, were reported to the police here yesterday. J. D. Wibeman reported collision in which his car struck another machine driven by R. W. Cananack at the intersection of Second avenue and Second street north. Agreement was reached on settlement of damage claims. At the intersection of Shoshone street and Fourth avenue south, a car driven by Roy Read, Jr., on Shoshone street, collided with another machine driven by Mrs. Hawkes, Hollister school teacher, the teacher's car came onto the street from the avenue. D. W. Murphy, 322 Second avenue east, reported that a truck backing from the curb on Second street, south struck the truck he was driving.

ANNOUNCEMENTS

Kimberly Grange will meet on Monday at 8 P. M., instead of on Tuesday evening, in the Kimberly grade school auditorium. Twin Falls American Legion Auxiliary will meet in the Business and Professional Women's club rooms on Monday evening.

Willie Willis

By ROBERT QUILLER

VETERANS REMEMBER FAMOUS COMMANDER

Twin Falls Legion Post Wires Greetings to Major General Bullard

Twin Falls American Legion post wired to Major General Robert Lee Bullard in New York last evening a message of remembrance and hope for his prompt recovery. General Bullard was a guest of the World war veterans' organization in Twin Falls when he visited here last summer in the course of a tour of the state following dedication of the army and memorial hall at the University of Idaho, at which he was the principal speaker. During his brief stay here, General Bullard viewed a number of points of interest hereabouts, including the Twin Falls-Jerome bridge over Snake river canyon, where he was engaged in a discussion of certain maneuvers on a battle front in France, marking with his penknife in the gravel the positions that various army divisions had occupied. This incident, he remarked, was a high light in his visit to Idaho. The message of the Legion post here, which was signed by Duncan Johnston, post commander, said: "Members of Twin Falls American Legion post join in an expression of remembrance and hope for your prompt recovery."

DEATHS

CORDOVA—Mrs. Mgriti Cordova, 37, wife of Ramon Cordova and mother of five children, died at the family residence on Sixth avenue west at 3 A. M. Wednesday following illness of less than a week from pneumonia. Mrs. Cordova was a native of Panama. The family has lived here for some years. Funeral services, in charge of Ensign C. E. Wax of the Christian Army, will be held in the Drake chapel here at 1:30 P. M. today, and interment will be in Twin Falls cemetery.

RECORD OF PAYMENT OF TAXES RUNS HIGH

County Treasurer Expects Over Half of \$1,520,000 Before Penalty Applies

Out of \$1,520,000 total tax to be paid at the county treasurer's office, Twin Falls county, one-half of which must be paid before Monday, December 23, to avoid penalty, County Treasurer Carl J. Holte expects that approximately \$850,000, or about 56 per cent of the total will be paid at the end of the next two weeks.

Penalty up to five per cent on account of this year's tax totaled \$19,586, records of the county treasurer's office showed, and Mr. Holte stated the proportion of complete payment of the tax was greater than it had been in previous years.

The \$1,520,000 tax rolls include all taxes paid at the county treasurer's office, including assessments of state, county, cities, school and highway districts and American Falls reservoir fund.

Taxes will be delinquent on Monday, December 23, at the same time as December 23, is the final day for payment of taxes, without penalty, Mr. Holte stated. The law provides that taxes may be paid in two installments, but the first installment of one-half the total tax must be paid prior to December 23 to escape penalty.

Official Highway Court Changes Only One Vote

The Twin Falls board of highway commissioners met yesterday and canvassed the results of the election Monday. The law provides that taxes may be paid in two installments, but the first installment of one-half the total tax must be paid prior to December 23 to escape penalty.

FUNERALS

HOSKINS—Funeral services for Lee Hoskins, four-month-old son of Mr. and Mrs. M. D. Hoskins, Hollister, will be held in the Drake chapel here at 3 P. M. today, and will be in charge of Rev. C. E. Lichy of the United Brethren church. Interment will be in Twin Falls cemetery.

SCOTT'S EMULSION

Japanese Woman Correspondent Gathers Data About Twin Falls

After spending three days in Twin Falls getting data relative to its resources and viewpoints of city officials and members of her own race, Mrs. Yone Samura, Shimonoeki, Japan, left this morning last evening. Mrs. Samura is a special correspondent for the Kyusa Daily and for the Myusa Daily, to which she mails letters regularly, and is also gathering data for a book dealing with the Japanese in the United States and Southern and Central America. Mrs. Samura is engaged in similar work elsewhere.

The letters deal with all sorts of topics pertaining to the United States. The papers named desire, she said, to give their readers in Japan a better knowledge of the character and resources of this country and its people. She stated last evening that she regretted that while here she had been unable to visit the Twin Falls schools as she is interested in education and is principal of the Kammon high school in the city of Shimonoeki. Mrs. Samura has already visited the states of Arizona, California and is on her way east toward Washington, stopping in Utah and other states to visit interesting points. She declared

that she was much pleased with Twin Falls during her brief visit here. Mr. and Mrs. Samura formerly lived in Los Angeles where they conducted a Japanese newspaper for several years and from there returned to their native land where they identified with the establishment of the Kammon high school.

COUPLE OBSERVES FIFTIETH ANNIVERSARY OF WEDDING

Mr. and Mrs. L. H. Munson, 240 Third avenue North, celebrated their golden wedding anniversary at their home last Sunday. They were married in Marysville, Kansas, December 1, 1879 and continued to live there until June 9 last, when they came to Twin Falls to make their home. One son, Leslie H. Munson, has lived in Twin Falls for the last 15 years; another son, Bert, Munson, arrived a few months ago. A daughter, Mrs. Charles Ross, has been a resident of this city

for the same. Besides children living here, they have a son living in Council Bluffs, Iowa, and a daughter who resides in Duran, Oklahoma. Guests present on the occasion of the golden wedding celebration were Mr. and Mrs. Helde and family and Mrs. and Mrs. Brock, both of Duran, and their children, Carlton and Betty, and Bert Munson, Twin Falls. There was a *bonquet dinner served*. Mr. and Mrs. Munson received numerous presents, accompanying congratulations from their guests.

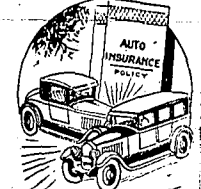

TWIN FALLS COUPLE WED
The marriage of Mildred Christensen and Thomas Alan Willie, both of Twin Falls, took place in proctor court rooms here yesterday afternoon. Judge C. A. Bailey officiated. Mrs. Paul Bieler and Miss M. C. Black were witnesses.

Grange Plans Program For Installation Here

The Twin Falls Grange is planning to hold its annual installation December 20 at the rooms of the Business and Professional Women's club. It was announced yesterday. There will be a program and pot luck dinner. John S. Peddington, master of the grange, stated that notices of the event would be sent out by William Wynn, secretary, who was elected Friday night to succeed

Service Saves Steps

Dear Friends: There is slipping by as Christmas is a habit of doing and Christmas will be here in just 14 more shopping days. You need a lot of your Twin Falls folks in here the last few

all of you yet. Of course you might have come while I was unpacking something in the underwear room of the store. We're getting in a lot of them and they go out as fast as they come in. The folks here at the store are wrapping up a lot of stuff to be sent by mail. That's just a little service you get here for nothing and it saves carrying things home and back to the post office again. The fact that they are wrapping up so many things for shipment shows that it's high time you were getting busy if you have friends in other parts of the country to whom you wish to send gifts.

TIGER
The Boss told me yesterday we were going to sell a lot of Silverware. I asked him how he was going to do it. He says: "Tell the people we will give them 20% off on Haines & Edwards and all Community patterns until Jan. 2nd, 1930."

Schwarz, Guard on Golden Bear Team, In Mythical Lineup

More Than 200 Experts On Affairs of Gridiron Take Part in Task of Selecting Outstanding Players

Middle West Represented Best in Nation-Wide Selection of Leading Talent On Field in Last Season

By BRUN BELT (Associated Press Sports Writer) NEW YORK, Dec. 7.—The fifth annual all-American football team compiled by The Associated Press developed a new high mark for cooperation in the endeavor.

More than 200 experts—215 in exact figures, answered the appeal of The Associated Press for choices in bestowing the game's highest honors.

Sports editors and football writers of newspapers from every section of the United States—North, South, East and West—joined with coaches, officials, scouts and staff writers of The Associated Press, in selecting the outstanding men in their positions throughout the nation.

As the football players of all colleges, big and little, played their games, the eyes of The Associated Press were upon them.

Three teams were selected, the ranking being determined by the ballots.

The first team honors went to the Middle West, where rugged football was the order of a great season, with five places in the East, which had one of its greatest years, placed four, with the other two positions divided between the South and the Pacific Coast.

Two great teams, Notre Dame and Pittsburgh, qualified two players each for the All-American, the first time in five years that one team has had two such outstanding all-stars.

Another odd development, three Youngstown, Ohio, into the glare of the sports spotlight for the two ends, Fessler of Ohio State and Donchess of Pittsburgh, are follow townsmen.

The East outnumbered the other sections in the makeup of the squad of 37 named, placing 12, 10 nine for the Middle West, six for the South, five for the Pacific Coast and one for the West.

There was no doubt as to the selection of the quarterback when the balloting hit its all-star.

Frank Cardno, "the brain of Notre Dame," moved out in front on the early returns and was never supplanted. He ran up an impressive total of 123, with Alton Marsden, the injured Dartmouth second with 46 and little Albie Booth, Yale's star, with 40, and little Albie Booth, Yale's star, with 40, and little Albie Booth, Yale's star, with 40.

Joe Donchess, Pittsburgh's star, was almost as close a runner-up. He was credited with 121 points with Wesley Fisher of Ohio State taking the second place with 117. No other end managed the position of the leader.

Frank Tappan, Southern California, qualified for the second team with 81 points with Vernon (Cedrick) Smith of Georgia who has never surpassed.

Frank Baker, Northwestern, and West Schooner, Arkansas, were supported by 87 and 86 respectively to complete the three teams.

All-American Teams 1925-1929

THIS YEAR
ENDS—Donchess, Pitt., Fessler, Ohio State.
TACKLES—Sleigh, Purdue, Nungst, Minnesota.
GUARDS—Cannon, Notre Dame, Schwarz, California.
CENTER—Ben Ticker, Harvard.
QUARTER—Carideo, Notre Dame.
HALFBACKS—Cagle, Army, Uansa, Pitt.
FULL—Holm, Alabama.

Cross-Country Running Hardest, Says Robertson, Famous Mentor

By TED VOSBURGH (Associated Press Sports Writer) NEW YORK, Dec. 7.—Robertson, coach of the University of Pennsylvania's champion cross-country team, thinks the hill and dash sport is the toughest and most grueling game of all, even beating intercollegiate rowing as a test of human staying power.

"In rowing," he said, "a man can ease up and just go through the motions if he is all in. In cross-country, he has to run all the time and use his legs and there is nothing to do but keep on plugging."

The famous mentor who has headed coach of the American Olympic team added that the six-mile cross-country grid is a great training for distance men. "All of his title-winning runners, four of whom are sophomores, are men who find the hill and dash sport just the thing to give them stamina. But 'Bobbie' believes a little bit of it goes a long way."

"My men won't get over this for a week," he declared.

Knowing the terrible strain of the six-mile grand, Robertson scheduled only two races for his team in the entire season; while other colleges were running in as many as half a dozen preliminary races, the Quaker coach confined his team's activities to the quadrangular race with Cornell, Columbia and Dartmouth, and the intercollegiate championships.

Pen's men then both, although Dan Dean, the ace of the pack, became ill shortly before the title event and did not come up to his previous form.

Southwestern Idaho Hoopsters to Clash

EMMETT, Idaho, Dec. 7 (AP)—Three tournaments are included in the high school basketball program for the southwestern district, Secretary C. E. M. Roberts of the association said today.

A double elimination tournament on the Boise Young Men's Christian association floor during the three days ending March 1 will decide district honors for the boys, and the girls' title will be fought out a week later.

The third tournament has no effect on championships, and will be called the

Iowa's University Out of Conference

CHICAGO, Dec. 7 (AP)—The University of Iowa was denied reinstatement to the Western Athletic Conference today, because it refused to disband George Brown's track coach, declared several athletes ineligible under the classification of improper financial aid, and because it has not materially changed the personnel of its athletic governing board. C. E. Lauer, Iowa director of athletics, said tonight.

Joe Westbrock, 170-pound Georgia Tech guard, is the only lineman who has been able to "pass a full gape" by the Big Ten. He is a full gape because it is not material to change the personnel of its athletic governing board. C. E. Lauer, Iowa director of athletics, said tonight.

Joe Westbrock, 170-pound Georgia Tech guard, is the only lineman who has been able to "pass a full gape" by the Big Ten. He is a full gape because it is not material to change the personnel of its athletic governing board. C. E. Lauer, Iowa director of athletics, said tonight.

Elkins Spoils Record By Loss to Oklahoma

OKLAHOMA CITY, Dec. 7 (AP)—Coming out of the east with a record of 10 victories and one tie, gained in games with some of the best football teams in the country, the David-Elkins college eleven dropped its final game of the season here today to Oklahoma City University, 14-10. The score was 27-14.

SACRAMENTO, Dec. 7 (AP)—Sacramento Junior college won California state football title honors here today by defeating Santa Ana, the Southern champion, 12 to 6, in a game featuring the team's running attack and fullback, who passed several times during the game in the scoring of both touchdowns.

Stribling Receives Decision Over Big Carpenter in Paris

PARIS, Dec. 7 (AP)—Ernie Cannon, giant Illinois carpenter, was disqualified at the end of the seventh round of his bout with William L. (Young) Stribling, Mason, Georgia, here tonight. But the decision was awarded to the American.

Cannon was disqualified on a foul for hitting Stribling after the bell sounded the seventh round, but continued to fight until the eighth round. Stribling was awarded the win by a unanimous decision.

Florida Eleven Triumphs Over Oregon Webfoots, 20 to 6

Oregon Prepares For Attack on Florida

17,000 Persons See Victors' Backfield Romp Over Visitors

Flashy Quarterback Leads Trek to Triumph by Dash of 80 Yards in Second Quarter of Stiff Game

Crowd, Basking in Glaring Sunlight Barely Ceases Clamor Over Long Run When Sauls Offers Thrill

By REX SAFFER
(Associated Press Staff Writer)

MADISON, Dec. 7.—Three Wing-footed University of Florida backfield men triumphed over the University of Oregon Webfoots for a 20-to-6 victory in the intersectional football game at Madison Square Garden's winter sports stadium here today.

Quarterback Clyde Crabtree led the march toward a 17,000-odd cheering Oregonians with an 80-yard dash down the gridiron in the second quarter for the first touchdown of the game. The crowd of 17,000 that packed the stadium tonight had queried their clamor over Crabtree's feat when Ed Saul's "Cantor halfback" thrust his way through the Oregon line for 28 yards and another score.

Red McEwen, another halfback, accounted for the third Florida score in the third period when he skirted right end of the 10-yard dash to the Oregon goal.

The Oregon team, generally Jerryless in the last half because of the heat, was outkicked during the first half but took a brace in the latter part of the third quarter that ended with their one touch four minutes before the game.

The Oregon aggregation's campaign of acclimation to semi-tropical conditions, lasting over 10 days since the team's departure for the state, had been proving unsuccessful, and the Webfoots were unable to swing into form until a cool breeze relieved them late in the game.

Al Brown, Oregon halfback, was injured in the game and was taken to a local hospital.

John Londahl, piloting the Oregon team, led the third quarter drive of the Northwesterners. He had previously thrown over Florida tackles for a 63-yard gain on the first play of the game.

Florida gained a total of 293 yards as compared to the 102 of Oregon, and made eleven first downs against Oregon's four.

Kicking was a frequent feature of the first half.

The Oregonians tightened up after the third period as was usual and fought desperately through the rest of the game.

Both teams were wearied from the heat and substitutions were frequent.

The line up:

FLORIDA	OREGON
(20)	(6)
Parnell	Erley
Waters	Colbert
Steele	Left Tackle
Left Guard	Shields
Clemens	Forst
Reeves	Center
Proctor	Right Guard
Nolan	Right Tackle
Crabtree	Right End
Dorecht	Quarterback
Goodbread	Left Halfback
Cawthon (C)	Right Halfback
	Fullback
Moeller	

Score by periods: 0 14 0 6

Oregon 17

Florida 6

Touchdowns: Crabtree, Sauls, McEwen, Brown; points after touchdown: Parnell, Sauls (Iron Crabtree); Field Goals: None.

Yankee Puck Stars On Cambridge Team

CAMBRIDGE, England, Dec. 7.—Three American stars are expected to be chosen to play for the Cambridge University ice hockey team.

They are Richard Warren of Boston, Mackenzie H. Cannon of Chevy Chase, New York, and Henry W. Beagton, Rochester, New York.

MADISON SQUARE GARDEN corporation's new stadium in Miami was opened and initiated yesterday when the University of Oregon grid warriors invaded the South to stink the way Florida Alligators, Crabtree, Florida signal center, starred for the Gators and Mason, the big Western fullback, featured the Oregon string. Florida won, 10 to 6.

main, plays defense—Bradson, a graduate of Harvard and Kent School, Kent, Connecticut, is a substitute forward.

All three are students at Trinity College.

The Cambridge University hockey team plays most of its matches in the Christmas vacation during a month's tour on the continent. It will be in Vienna early in December, then in Budapest, from where it goes to Gstaad and Davos, famous Swiss resorts. Its final stop is St. Moritz, where the annual match with Oxford is played.

It meets teams of half a dozen European municipalities and itself is a member of the League of Nations, for in addition to the three-Americans it includes three Englishmen, a Canadian, an Australian, a Persian, and a Colombian.

The literary guidepost "Sun Ed Page," NEW YORK, Dec. 7.—Meyron T. Herrick's successor as ambassador to France will have no rest to pay in Paris.

And he will find there, presumably, a fonder regard for America's official representative than had someone less charming than the "etiquette" ambassador.

Herrick preceded him in the difficult years just after the war.

The satisfactory situation can be attributed to Herrick's obtaining the purchase by the United States government of an ambassadorial residence and the election he won for himself from the French people.

Mr. Meyron T. Herrick was one of the leading heroes of the world's war, as Colonel T. Bentley Mott pictures him in an "autobiographical biography."

The book is an autobiographical history as much of it is in Herrick's own words, spoken to Colonel Mott while the latter was military attaché.

Friend of France

Herrick's career as an Ohio farm boy, school teacher, lawyer, banker and politician was fortunate. His public life extended from McKinley to Coolidge. He was one of the Ohio "six" elected to

office in the campaign of 1892, which made Mark Hanna senator. Herrick, a staunch republican, was kept there under a democratic administration. And he left in December, 1914, only to return in 1921 and remain again until his death Easter morning, March 31, 1929.

Not only did Herrick establish an American home life in Paris in the first year, but he remained a personal servant of his own people. He had in his pocket Richard Harding Davis' passport when he attended James Gordon Bennett's wedding.

"Perhaps," he said, "I mistook it for Bennett's birth certificate; I know we had to manufacture one for him at the chancery."

Herrick remained on duty in Paris, too, while the rest of the foreign diplomats followed French officialdom out of the battle threatening city.

Among the anecdotes also is Herrick's description of how he quieted the agitation of William Jennings Bryan, then secretary of state, who feared the American hospital, was not strictly neutral.

When Herrick's chief inquired whether it was caring for German wounded as well as Allied, "unfortunately there was no German case in the ambulance," so before replying the ambassador sent an automobile to fetch three wounded Germans from the front. One died on the way back and was left beside the road for burial.

The French were puzzled for some time as to how this dead German happened to get so near Paris, for as for the other two, "they never knew what probably saved their lives."

The Herrick-Lindbergh friendship is

Athletic Authorities Of Rocky Mountain Conference Adjourn

Faculty Representatives of Leading Institutions of Division Finally Approve 1930 Football Schedule

(By The Associated Press)

DENVER, Dec. 7.—Rocky Mountain conference athletic directors and faculty representatives closed today a two-day schedule and rules meeting tonight, the faculty finally approving the 1930 football schedule after threatening to resign if because Montana State college was not given five conference games, as required by rule.

For the second year in order the Montana State representatives agreed not to protest, making the 1930 schedule automatically effective. Faculty approval had been given the draft, subject to the condition of more games on the Montana's schedule.

Attempt Falls at First

The first attempt to make a football schedule reached a deadlock early yesterday when the universities of Colorado and Utah were unable to get together on data for their contract game at Boulder. Failing in this, their two schools summoned the four other Rocky Mountain conference members to a huddle, during which the six larger schools agreed to meet each other. Their games were arranged and the smaller schools had to take the vacant dates.

Faculty representatives were strongly opposed to this method of bargaining, but the athletic directors, representing the larger institutions as "high-handed" and "autocratic."

Others were of the opinion that it was the only way to get the schedules with their coaches and then have the faculty draw up the football dates.

Sharp Division of Opinion

There was a sharp division of opinion over the proposed all-star game of the Rocky Mountain conference and the series of arguments the game was approved, however, with only three dissenting faculty votes.

Faculty committees thrashed out many routine matters but there was no action of general interest.

William T. Van de Graaf, Colorado college athletic director, presented a football rating system that was given the nod. Practice games will come again at the conference meeting next spring for adoption.

No intercollegiate games have been booked by Rocky Mountain teams for 1930.

23 First Year Hoop Men Vie for Places

Moscow Coach Prunes Squad in Preparation For Tentative 15-Game Schedule

MOSCOW, Dec. 7 (Special to The News)—Coach Glenn R. (Red) Jacoby has cut his freshman basketball squad at the University of Idaho to 23 men, including seven newcomers from the football school who reported for practice this week. He plans further to prune the squad next week to 15 men.

A tentative schedule of about 15 games has been arranged; three with the Washington State freshmen team, two each with the Lewin and Clark and North Central high school teams, Spokane, two with the Gonzaga university freshmen, and two each with the Lewiston Normal and Lewiston high schools. Practice games with semi-professional teams will be added to the tentative schedule. The season will begin for the freshmen about January 15.

Jacoby's squad is composed of the following: Lawrence, Heston, Wick, Ernest Nelson, Earl Evans, Moscow; Philip Pickett; Emmett; James; Portland; Prano; California; Andrew Allen; Dennis; Glenn Clark; Lewiston; Wynne; Harry Dewey; Coeur d'Alene; and Cecil Haverstick.

Practice games with semi-professional teams will be added to the tentative schedule. The season will begin for the freshmen about January 15.

DUMB BELLS

THEY TELL ME YOU'RE GOOD AT CONSTRUCTION. DON'T BELIEVE THEM! NEVER PLAY THOSE LAME GAMES!

Vandal Coach Finds Hoop Outlook Poor

Mentor Believes All Quits in Northern Conference Stronger Than Idaho's

MOSCOW, Dec. 7 (Special to The News)—All basketball teams in the northern division of the coast conference except Idaho are stronger than last year, predicts Rich A. Fox, head basketball coach at the University of Idaho.

The Vandal mentor figures that Washington, which went through the last season's schedule of 10 games without a defeat, will be right back near the top. Although favoring Washington, the Idaho coach believes that Washington State is the team to watch. He believes the Cougars will have one of the strongest quintets they have ever produced.

Oregon and Oregon State also will offer more formidable competition this season than last.

Last year Idaho finished second in the northern division, winning six and dropping four games. This year Coach Fox is so optimistic he says Idaho is doomed to a near-star position.

One of the main contributing factors to the discouraging outlook at Idaho is that for the last two years freshmen teams have not been on a par with those of other members of the coast conference.

Coach Fox says the outlook at Idaho is the most discouraging of any season since he came to head coach three years ago.

OLD IRISH VESSEL FOUND

MURKIN, County Louth, Ireland, Dec. 7 (AP)—Preserved in sand for nearly 1500 years, the oldest vessel in which St. Patrick sailed to Ireland in 432 A. D. is believed to have been found at Colp Harbor at the mouth of the Boyne. Archaeologists are studying the relic.

PORTUGUESE IMPORT CARS

LISBON, Dec. 7 (AP)—New roads have increased use of automobiles in Portugal. Last year 3,800 American cars were imported as compared with 2,000 of the year before. American machines comprise two-thirds of the imports.

Georgia University Team Defeats Tech

Bulldogs Hold Edge Until Middle of Third Quarter Holt Recovers Futile Kick

ATHENS, Ga., Dec. 7 (AP)—Capitalizing the breaks and successfully subduing Georgia Tech's backfield, the University of Georgia today won the twenty-fifth gridiron meeting of the two institutions by a score of 16 to 6.

Scoring early in the first period on a fourth down pass from Chandler to Maffett, the Bulldogs held their edge through the Georgia Tech forward wall. Holt, substitute for Watkins, recovered Chandler's blocked kick before the goal line.

Georgia's final touchdown and margin of victory also came as a result of a blocked kick in the final quarter. Bryant, substitute for Rose, crashed through the Georgia Tech forward wall to block Maffett's punt. The ball shot far up into the air but Bryant was under it when it came down and scampered some 20 yards for the score.

Neither Georgia nor Tech was able to convert any of their other touchdowns into extra points.

Pittsburgh Pirates Buy Seal Outfielder

PITTSBURGH, Dec. 7 (AP)—Pittsburgh Pirates today secured First Base and Outfielder of the San Francisco Seals, the Pacific Coast league. First baseman Early Sheeley and a substantial sum of money were given in exchange for the coast player, the Pirate management said.

SAN FRANCISCO, Dec. 7 (AP)—Gus Blair, first baseman of the San Francisco Seals of the Pacific coast league, whose sale to the Pittsburgh Pirates was announced today, rose from the sand box of San Francisco to be one of the most feared hitters in the coast league.

Blair, who has been a regular in the major leagues since 1926, has a batting average of .300, when he was changed to first. He batted fourth in the coast league, .281, polling 51 home runs and hitting in 177 runs. He bats from the left side of the plate but, in the field, throws with his right hand.

JAPANESE YOUTH LEAVE FARMS

TOYKO, Dec. 7 (AP)—Japanese school youths, like their fellows in other countries are going to the cities in such numbers as to create a considerable unemployment problem. The government has ordered prefectural governors to try to keep the boys in the fields.

Jerry Green, Michigan State halfback, played three years in high school and three years in college before he committed his first fumble.

Smith Faces Hazard in Tournament

By PAUL B. ZIMMERMAN
(Associated Press Sports Writer)

AVAILON, California Island, Cal. Dec. 7.—Horton Smith will be confronted with a markedly changed course when he enters his club's winter campaign, the 21st in his defense of his honors in the Santa Catalina \$7500 open tournament.

Amid the sleep hills and sharp recesses of the Magic Isle links new recesses in the hole battles will be a year ago the Joplin, Missouri, pro defeated the great Walter Hagen over a 33-par nine-hole layout.

The additional nine are more treacherous than the first half, bringing the net up to 28 for this year's even score, estimated by those who have taken their turn around the new eighteen that the comparatively short 8000 yards are more than twice as hard as the 16,000 of the terrain. The longest hole is by no accident the thirteenth—a par five for 480 yards.

Smith's victory over The Hole in the first tournament on the Island marked the beginning of a strong stand by the Mission on southern California links.

Smith's successive appearances during his winter campaign, the 21-year-old pro finished second to Johnny Golden at La Jolla, second to Hagen at Long Beach, second to Leo Diegel at San Diego, and fourth in the Los Angeles open.

This season he has designed an extravagant array of costly events, opening at Los Angeles with the national tournament. Cold weathering a \$10,000 affair, and terminating his stay on the Pacific seaboard with a try for top position in the Agua Caliente \$25,000 feature at San Diego.

Smith's monthly triumph at the Portland links was a new appearance on the west coast.

Toby Panthers' Touchdown Terror

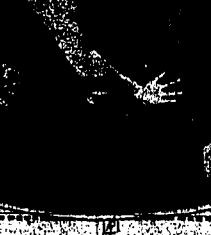

This is how TOBY does it

When this man Uansa once gets by the line of scrimmage he seldom stops short of the goal-line. This is indicated by touchdown runs of 78, 76, 60, 74, 57 and 42 yards he has turned in this season. He also had additional dashes of 57 and 39 yards to his credit.

New Bear Captain

CARE, HANDY, 1929 substitution guard, is captain of the 1930 California football squad.

November 2 against Ohio State he scored both Pitt's touchdowns, one on a 45-yard run and the other on a 39-yard dash.

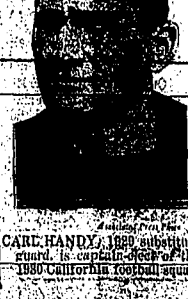

Enjoy Six Way Shoe Superiority

Smith Smart Shoes have six major constructive features which mean greater footwear pleasure and profit for you.

- 1. A wide, leather lining edge covers inside seam for greater strength and smoothness.
- 2. A special vamp lining covers the raw edge of the tongue where it is attached to the vamp.
- 3. Linings are perfectly fitted one piece—always firm and smooth.
- 4. Special shaping at the top assures correct ankle fit and positive ankle comfort.
- 5. Seamless vamp linings so no chance of ragged ribs to catch your toes and give you torture.
- 6. Extra long, feather edged side linings for maximum strength and ease.

Hornsby National League's Most Valuable Player in 1929

Bronze Medal and \$1000 Go to Great Cub Second Sacker

Sixth and Last Official Award of 'Chewit' Becomes Property of Recipient at End of 1925

By ALAN GOLD, Associated Press Sports Editor
NEW YORK, Dec. 7.—Hornsby, slugging second baseman of the pennant winning Chicago Cubs, has been voted the National League's "most valuable player" for 1929. The announcement of his selection by the vote of a baseball writers' committee of which James C. Crusinberry, Chicago, was chairman, came from the National League offices today. It is the sixth and last official award by the league, carrying with it a bronze medal and cash prize of \$1000.

Hornsby takes the honor for the second time and the only player to repeat in either major circuit in this contest, which, as a result of criticism of the selection has now been abandoned by both the American and National leagues. While with the Cardinals in 1925, Hornsby won the award for the first time. He has won a pennant, captured every year under the National league regulations which did not, like the American league, bar former winners.

Series Work Not Good
Although his work was a big disappointment in the world's series, Hornsby's batting and all-around play was considered by most of the writers to have played his part in the pennant victory of the Cubs. Nevertheless, Hornsby was declared the winner only after a close contest with Frank Gaffney O'Doul of the Phillies, who won the league batting championship with a mark of .400.

Out of a possible maximum of 80 votes, Hornsby polled 60 and O'Doul 54. This complete vote is in the 1929 record.

O'Doul, Philadelphia, 60; Frank O'Doul, Philadelphia, 54; Bill Terry, New York, 45; Earl Browning, Philadelphia, 35; Lloyd Warner, Pittsburgh, 30; Red Lucas, Cincinnati, 29; Pie Traynor, Pittsburgh, 27; Hack Wilson, Chicago, 24; Babe Herman, Brooklyn, 24; Guy Bush, Chicago, 18; Chick Klein, Philadelphia, 15; Melvin Ott, New York, 12; Taylor Douthett, St. Louis, 14; Charles Ortman, Chicago, 13; Travis Jackson, New York, 8; Rabbit Maranville, Boston, 8; Huxley Critch, Cincinnati, 5; Barney Ebner, Philadelphia, 4; Maloup, Chicago, 3; Frank Fisch, St. Louis, 2; Arthur Whitney, Philadelphia, 2; Johnny Frederick, Brooklyn, 2; Rags Stephenson, Chicago, 1; Zach Taylor, Chicago, 1.

Honor list—Root, Cuyler and English Chicago; Hatley and Boden, St. Louis; Thompson, Philadelphia; Sukeforth, Cincinnati; Lindstrom, and Hubbell, New York; Paul Walter, Pittsburgh.

Joe Cortez Choice For Bout at Buell

An opponent is being sought for Joe Cortez, Boise, welterweight boxer, who is to be one of the contenders in a 10-round main event on the boxing card which is to be a feature event in connection with American Legion Fourth and Fifth district conventions and dedication of the Buell American Legion memorial building at Buell, Idaho, on Dec. 16. It was announced here last evening. Ernie Woolley, Twin Falls, lightweight boxer, has been picked as Cortez's opponent, if a suitable opponent can be found.

Eden Girls Lose to Kimberly Hoopsters

EDEN, Dec. 7 (Special to The News)—The Eden girls' basketball team lost the season's first game to Kimberly Hoopsters at Eden last night. The Eden girls played the first game of the season Friday afternoon meeting the Kimberly sextet at Kimberly. The Kimberly girls proved to be the best hoop artists, or rather had better luck in rasing the ball for counters. Kimberly won, 18 to 8. A return game will be played here at Eden next Thursday afternoon. These games are not regular scheduled games but only practice games to help get the team in condition for regular scheduled games that open later. A regular schedule of games for all high school teams will be arranged Saturday, December 14, when a meeting of the coaches of the various schools of this district will be held.

Bill Spears, Vanderbill's great quarterback of a few years ago and now coach of the Modesto football team, is leading man in the Nashville theatre, gaud performances.

ROGERS HORNSBY

Madison Square Garden Pipe Organ Uplifts Chicago Fight Customers

By EDWARD STANLEY, Associated Press Feature Writer
CHICAGO, Dec. 7.—Out at the Chicago stadium Mr. Paddy Harmon, a sort of Rocky of the ring, is making gargantuan whoopee by his giant edition of Madison Square Garden and splitting the fight business with a pipe organ. They are all guests who came to see Paddy's fight and the atmosphere is very refined.

Mobile Stadium... His stadium is so mobile that it can be used for anything from a religious ceremony to a wild west circus and has more elegant gadgets stuck about than the Gray Zeppelin.

Largest Pipe Organ... But about the stadium wonders, Wonder No. 1 is the pipe organ, the biggest in the world by twice and almost untidily as a prize ring. But with the organ Paddy makes gentlemen out of roddy persons who may money for a bloody evening, and makes 'em like it. It's applied psychology.

MUSIC STILL IMPERIL
KIEL, Germany, Dec. 7 (AP)—Floating mines still imperil navigation in the zone waters. Three fishermen who tried to salvage one of the deadly things were blown to pieces when they tried to haul it aboard their craft.

Cassidy's Son Bids For Father's Place In World of Racing

George, "Chip Off the Old Block," to Be Official Starter at Keeney Park and Miami Race Courses

By CHLO L. ROBERTSON, Associated Press Sports Writer
NEW YORK, Dec. 7.—With the encouragement of the turf answerer of the call of the bugle down in Florida this winter, up in the starter's box yelling "come on!" will be a husky young boy of 25 seeking to carry on where his father left off.

But already, George, a modest sort of a young man, has shown that he is a chip off the old block. For five years he received his training under "Pop" and when illness prevented the father from taking his place at the post, George mounted the steps with the tread of a veteran in experience if not in years.

Rocky Moore Signs Match With Woolley

On the road and looking for an encounter, Rocky Moore, Spokane, lightweight boxer, returned to Twin Falls yesterday and was immediately signed for a match with Ernie Woolley, Twin Falls, in a 10-round bout that is to be the headline attraction on an American Legion card here next January 7.

Kleffner Develops Quint Material in Tournament Games

LEWISTON, Dec. 7.—Coach "Sp" Kleffner of Lewiston high school will start a series of basketball tournaments in the middle of December to develop material for his Bengal basketball team this season.

French Auto Not Luxurious

PARIS, Dec. 7.—Parliamentary theory that the automobile is a playing thing is rich and therefore to be feared at a luxury, has been upset by government statistics showing that 75 per cent of French cars are owned by peasants and business men, only four per cent belong to "idle rich."

A GOOD FARM BUY

21 Aspirants Try For Vandal Quint

Coach Fox Sees Tough Schedule Ahead With Three Letter Owners Available

MOSECOE, Dec. 7.—Twenty-one bids craving letters for basketball have applied for jobs on the University of Idaho team.

Coach Rich Fox, scanning the schedule, sees one of the toughest circuits in years ahead of him, and only three letters remain from last year.

Two flashy forwards from Pocatello, McMillin and Stocker, are there to cheer him, and Carlson, Kellowas, a last year's guard, will be available as soon as the football season has been forgotten.

Arkansas School Eleven Swears by Zebra Mascot

PINE BLUFF, Ark., Dec. 7.—Football teams will have to go a long way to match Pine Bluff high school's mascot, uniforms and string of victories.

Arkansas travels with the eleven, which has won four state championships in a row and has trampled everything it has met, this season. The team has more stripes than a penitentiary, to match its prized quadruped, but hasn't worn socks since 1924.

The zebra is kept in a stall on the sidelines at every game. The school has turned out many performers who have made good with university elders. Two of its products, Charles Tucker and Elmer McCasne, Tulane athletes, have been playing football seven years in "night school" and college.

NO LABOR TROUBLE IN SWEDEN

STOCKHOLM, Dec. 7.—Thirty-three hundred years of production without a day lost through labor trouble is the record claimed by the Oerum works, manufacturers of farm implements at several plants on the east coast.

AMERICAN DISTANCE MEN SHOWING SPEED

NEW YORK, Dec. 7.—Young America may still be a long way short of the standard set by such European marvels as PavoNardi and Willie Ritchie when it comes to distance running, but the times made in the Eastern intercollegiate cross country championship over a period of years show that this country's runners are improving by leaps and bounds.

In 1918 when the first intercollegiate race was run at Van Cortlandt Park, New York the winner, T. St. B. Boyd of Harvard was timed at 24 minutes, 37 seconds for the six-mile route. Francis Lindsay and Harry Richardson of Maine, joint winners of the 1929 crown, were clocked at 30 minutes, six seconds.

If Boyd had been running in the 1929 race his time would have been just good enough to bring him across the finish line in 11th place. It is probably true, however, that the cross is considerably smoother now than then.

Unfortunately for Uncle Sam's 1922 Olympic hopes, the American team do not expect to continue running. Graduating in June Lindsay is to teach mathematics and Richardson agriculture.

When Michigan State defeated the Massachusetts Amies at Jackson, Massachusetts, it marked the first time the mid-western eleven had won a road game in six years.

THERE'S NO GUESSWORK ABOUT THE CAR.

Studies May Reveal Solution of Grade Crossing Problem

INVESTIGATION MAY RESULT IN REMOVAL OF ROAD OBSTACLES

Delegates to Convention of United States Builders Seek Danger Elimination

Location Committee Plans to Give Recommendation For Correct Placements

(By The Associated Press) ATLANTIC CITY, Dec. 7 — Ways to surmount the major obstacle to elimination of grade crossings — prohibitive cost — may be found at the twenty-seventh annual convention of the American Road Builders' association here.

New studies of low cost structures, which would enable railroads to run above or under highways, will be reviewed before the nation's largest gathering of road builders.

For a year a select committee has investigated practical solution of crossing problems, centering the study on means of reducing the cost of crossing elimination.

The burden of such elimination, if included by the railroads in general betterment programs, surveys have shown in the past, would be so great in many instances that the cost of removal would exceed the value of the railway system.

Proper placement of roads will be delegated to a location committee, to be organized at the convention, to investigate location with regard to factors of economy and safety.

Another departure from usual highway research will be reviewed in a year's study, by the committee on subgrades and pavement bases, of soil composition, drainage and erosion.

The investigation will show that pavements must be laid with strict regard to the soil underlying a highway, a factor now neglected but found to be highly important to the permanence of a road.

More than 30,000 people, including engineers, contractors, diplomats, leaders in legislative and federal departments, and road workers, are expected to attend the convention, which will be held at the Waldorf Astoria, Dec. 11-13.

F. A. Reimer, East Orange, New Jersey, president, will be official host. W. A. Van Duzer, Harrisburg, Pennsylvania, vice president, is the nominating committee's selection for next president.

MEN IN RUPERT CHURCH FORM NEW ORGANIZATION

RUPT, Dec. 7 (Special to The News)—As the result of a meeting of men of the Methodist church in Rupert, Idaho, on Saturday evening at the church parlors, with Dr. H. H. Hester, minister, in charge, a new organization of that kind has been organized. A. F. Berger, president; W. H. Hill, vice president; Harvey Hester, secretary; treasurer and a number of other members composed of Rev. C. W. Phillips, William Winter and E. H. Lewis, committee on Bible class, George Dasher, Arthur Smith and U. H. Hester.

Twenty-six members have now been secured, and by the next meeting which will be the first, thirty-five in all, it is anticipated the number will be augmented considerably. The January meeting will be in the form of a dinner meeting at 7:30 P. M.

Improvements On Burley Airport Near Completion

BURLEY, Dec. 7 (Special to The News)—Workmen for the department of commerce have finished painting the new revolving beacon-light tower at the airport, alternating with a hand block, stripes in the middle. The tower is supported by a revolving searchlight of 1000 watt power. The machinery is controlled by clockwork and A. H. Stevens, who is in charge, makes semi-weekly examinations of the mechanism of this unit. A reserve light is kept in readiness, to automatically replace the main light in case of accident.

The tower, now at the edge of the landing field, will probably be moved to about the center of the west runway, when these runways are completed. Work is now going on, clearing and leveling the field.

RUPT, Dec. 7 (Special to The News)—Following a meeting of directors of the Minidoka irrigation district

BURLEY BUSINESS WOMEN OPPOSE BILLBOARD SIGNS

BURLEY, Dec. 7 (Special to The News)—Meeting to complete arrangements for the county commissioners' week at the county board of health, Wednesday, the Cassia county board of health decided to include Alton, together with all other school districts in the examination for menhaden carriers. It had been proposed to omit Alton from the list, as throat cultures had been taken there last spring.

Health board members present were the county commissioners, Dr. C. B. Kestner, Oakley, and Dr. Joseph Fremstad, Burley. Dr. Fremstad reported that six carriers had thus far been reported from the Burley district. It was decided that state bacteriologist, W. V. Leonard, proceed with tests at Oakley, which will last until about December 9, and then continue through the county. It was also reported that two cases of typhoid had developed at Declo, and it was advised that methods should be advised there to combat the spread of the disease.

Mr. Neil Rhoades, reading an original paper on art, gave a description of the Idaho Book memorial tower. Mrs. Clifton Hoag read a paper on the instruction of mothers in educating children in music. The spirit of Christmas is to dominate the next meeting, to be held in the library. The Christmas box case will be completed then, which is to be sent to the children's home at Boise.

MOUNTAIN VIEW CLUB'S SALE BENEFITS CHARITY

MOUNTAIN VIEW, Dec. 7 — Mountain View held a very successful sale of fancy work and cooked food at the Rogerson hotel in Twin Falls, Saturday. A net return of about \$70 was realized, which will be used to further the club's charity program.

Mr. and Mrs. L. J. Hanson and Mr. and Mrs. Irvin Prescott left Sunday morning for southern California to visit relatives. They plan to remain most of the winter. Mr. and Mrs. Lawrence Campbell are taking care of the Hanson ranch during their absence.

Mr. and Mrs. Sam Smith entertained at Thanksgiving dinner Mrs. Smith's parents, Mr. and Mrs. Fisher, Kimberly, and her sister, Mrs. Brown, and children, Twin Falls.

Mrs. C. L. Biggerstaff and Mrs. George Antilus were joint hostesses to about twenty guests at Thanksgiving dinner at the Antilus home in Twin Falls. The guests included Mr. and Mrs. George Latus and children, Mr. Latus, Sr., Miss Sarah Latus, Mr. and Mrs. Antilus and Mr. and Mrs. Biggerstaff and their families.

Mrs. Robert Dingman left Monday for a visit of a few months with her parents in Texas.

Mr. and Mrs. Clifford Deunay and daughters, Virginia and Edith, former residents of this district, and now residing near Jerome, left for Arkansas to make their future home.

Mr. and Mrs. Jack France, residents of Yakima for several years after moving from this community returned Monday for a visit, after which they will move to a large ranch near Jerome, where they will operate.

CUBA ANTICIPATES FLOOD OF TOURISTS

Island Travelers' Association Visualizes Banner Winter Influx of Visitors

By ARTHUR POWELL (Associated Press Correspondent) HAVANA, Dec. 7.—World wide publicity for the winter resort qualities of Havana has had so much effect that the official Cuban national tourist commission is wondering what it is to do with an almost certain overflow this season.

Not even the crash in Wall Street, however, which may have affected the prospects of Mediterranean winter travel, has lessened the demand for visitors in this city.

E. H. Petras, manager of the tourist commission, says that building hotels of the city already have almost complete bookings for the entire season.

The business and business men are not the only ones who are preparing for an influx of visitors. The police also are busy because much of the 90-day season is devoted to horse racing and gaming and those pastimes bring crooks by the hundreds in their tracks.

While hotel barbers are being selected and elaborate, palatial temptations planned for the regular tourist, a no less complete reception is being prepared for the hundreds in their tracks.

Herodotus, the first historian of notes, has often been called the father of lies.

Inspection Of Planes Reduces Army Air Corps Accidents

RIGID CHECKING OF CRAFT DIMINISHES FATALITY CHANCES

Strict Adherence to Army Standards Effects Notable Decrease in Mishaps System Responsible For 50 Per Cent Cut in Number of Mechanical Failures

(By The Associated Press) WASHINGTON, Dec. 7.—Strict inspection of all airplanes in the service is credited by Major General James E. Fechet, chief of the army air corps, for steady reduction of fatal air accidents. The policy of strict inspection is standard on all army fields and has caused a marked drop in the number of accidents due to mechanical failures.

Planes and crew chiefs are the backbone of the system, which includes daily, weekly, fortnightly and monthly inspections of all planes in use. Sixty-three parts of assemblies are inspected daily, eight others weekly, and 12 others fortnightly. A huge chart for each plane chronicles the report of the crew chief and a separate report is filled out after every flight by the pilot. The crew chief is responsible for checking over the plane and remedying all defects, the pilot submits in his report its behavior in the air—whether the instrument functioned properly, if the plane flies with or without heavy, or such matters as stiff controls.

Major (General James E. Fechet (upper right), chief of the army air corps, credits visual inspection for decrease in air accidents. The crew chief (above) and the pilot (lower right) through their work and reports are the backbone of the system.

WENDELL GRANGERS SELECT OFFICIALS

Mrs. Robert Moore Heads Agricultural Organization For Coming Year

WENDELL, Dec. 7.—Wendell Grangers members met in the Grange hall, Tuesday with a good attendance. The election of officers was the principal business of the meeting. Mrs. Robert Moore is the new leader, succeeding J. L. Hartwell. The other officers elected were: Officers, Cora Jenkins; lecturer, Mrs. J. B. Harwell; steward, H. M. Carson; assistant steward, J. D. Webb; chaplain, Mrs. L. Adams; snakekeeper, H. Larson; secretary, Mrs. Frank Burke; treasurer, L. A. Adams; and assistant steward, Mrs. A. M. Russell; Cora, Mrs. J. J. Bluckle; Pomona, Mrs. W. E. Culp; Flora, Mrs. E. E. Fleming. The new officers will be installed in January. Russel and Nelson King, sons of Mr. Russel and Nelson King, sons of Mr. Eaton, worthy matron; Mrs. J. W. Math-

MINIDOKA DISTRICT BEET GROWERS EARN \$400,000

HURLEY, Dec. 7 (Special to The Tribune).—With the distribution of approximately \$100,000 as the third and final installment to sugar beet growers, the Amalgamated Sugar company has made a total disbursement of about \$80,000 to growers in the districts served by the Hurley factory. A few piles of beets remain at the larger receiving stations. These are being rapidly loaded onto cars, mainly by the mechanical pilots. In less than two weeks the final disposal of the ends and ends of the 1929 season will be made. Final figures have not been given out by the company, but it is thought that the tonnage on the Minidoka project will approximate close to 13 tons to the acre.

MINIDOKA DISTRICT BEET GROWERS EARN \$400,000

W. A. Abbott was re-elected highway commissioner for District 1, and Eric Amussen, for District 2. The Wendell chapter of the Eastern Star met Wednesday evening. The following officers were elected: Mrs. Fred Eaton, worthy matron; Mrs. J. W. Math-

Hello Folks

This Is Santa Claus Speaking --and I want to tell You what Mother really wants this Christmas

It's a New Electric Range

There is no question about it. The best is none too good for Mother. And here is the gift that Mother will appreciate and love more than anything you could give her. Think how proud she will be of her new Electric Range. What joy it will bring to her and how much it will mean in the saving of time and labor.

Every woman who knows the story of electric cookery longs for a modern automatic electric range. And it is little wonder when you consider the convenience, comfort, cleanliness, efficiency and economy of the Electric Range. There is no substitute for electric cookery. That is why every Mother wants an Electric Range.

Here Is The Range She Wants

The Westinghouse Console Range In Gray Enamel

This Westinghouse Console is a range that is sure to delight Mother. It is finished in beautiful and lustrous gray enamel. It is full automatic and the oven is controlled by a clock and thermometer. Equipped with a large oven, size 18x15x17 1/2 inches deep. A quality range at an attractive price.

The New Hotpoint In White Enamel with Gray Trim

This advance 1930 model Hotpoint Automatic Electric Range is finished in white porcelain enamel with gray trim and non-furnishing Hotpoint Chromalene. Equipped with Hotpoint Automatic Heat Control and Thermometer and patented smokeless broiler pan.

It Is An Easy Matter To Give Mother a New Range

Call the family together and decide to give Mother a new Electric Range this Christmas. Then come in and see these two beautiful ranges and the many other models on display. A small payment down and convenient monthly sums next year will readily solve Mother's Christmas gift question.

IDAHO POWER COMPANY

Majestic RADIO

THERE STILL ARE PIONEERS!

... and Majestic Has Always Blazed the Way for Doing What Others Said "Couldn't Be Done"!

There still are pioneers. The dreams of yesterday are the accomplished facts of today... and the established practices of tomorrow.

When Majestic first announced its non-reduction of production and selling 6,000 complete quality radio receivers per day at prices heretofore undreamed of, immediately from a thousand throats a chorus swelled: "It Can't Be Done."

Yet Majestic did it... and, strange to say, those very ones who said "It Can't Be Done" are today trying to do it.

This is the reward of the pioneer, the inventive spirit, the genius... first doubt and ridicule, and then the mad rush to pay him homage by accepting and emulating, as nearly as possible, the solid accomplishment he has fashioned from his dreams.

As with the individual, so with a business. And Majestic, eye-gally, has paid the price, as well as received the rewards of being a pioneer.

When Majestic recently announced price reductions, placing its radio receivers within the reach of the humblest purse, again its pioneering spirit was put to the acid test of defraction and comparison.

"Again the critics will tell you 'It Can't Be Done.' Yet Majestic is doing it, because of peculiar facilities and abilities which no other company can equal.

Here, then, the name of "follow the leader" must halt. And leading calls for explanations.

All manufacturers cannot reduce prices, of course. They have not the facilities and tremendous production, the large purchasing power, the ability to manufacture entirely from raw materials, that Majestic has. And has left to them for their courage and frankness in stating that lower prices are impossible for them!

On the other hand, talks with a grain of salt the advertisement when attempts to blast up the non-reduction of prices by intimating that other companies who can reduce prices are doing so "to get rid of old models"... because of "overstocked conditions" or for a multitude of other reasons which exist only in some one's imagination.

Majestic has no "over-production" because, manufacturing from raw materials, there is no occasion for guesswork... no heavy advance buying of parts... which the average manufacturer must contract for and store, perhaps only to "make" later on as unneeded surplus.

For the same economic reasons Majestic is never confronted with the spectre of "left-over" models.

Majestic plants are operating daily, and Majestic dealers are receiving daily new Majestic of the same high standard of perfection that Majestic has always maintained, and always will maintain... now and forever. Majestic plants will operate because the public will have it so.

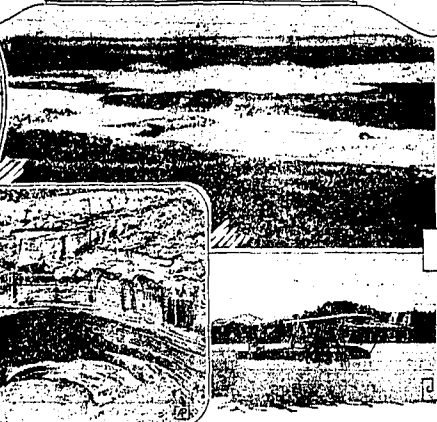

The public has placed its confidence in Majestic because of its ability to make the greatest radio values that the world has ever seen, because still greater values.

Lindbergh Sets Up Basis For Mayan And Pueblo Studies

Two "Cradles" Of Civilization in North America Luring Scientists

General Plans Being Formulated to Send Ground Parties to Explore Ruins in Dense Jungles in Heart of Guatemala

Exclusive pictures taken by Col. and Mrs. Charles A. Lindbergh show historic ruins they have found in Guatemala (above) and the Mayans made their first stand against the Spaniards. The wind-blown caves in Canyon D. C. (left), sheltered ancient cliff dwellings. Lower right, Lindbergh perched on the wing of his ship to "gas it" on Lake Peten, in Guatemala.

By OSCAR LINDBERGH, Science Editor

(Associated Press Feature Writer) WASHINGTON, Dec. 7.—Two "cradles of civilization" in America, viewed from the air by Charles A. Lindbergh, will be the center of intensive study by scientists of Carnegie Institution of Washington.

General plans are being formulated for the institution for sending ground parties to explore Mayan remains newly discovered in a flight in cooperation with Pan-American Airways, Inc., and Pueblo ruins in southwestern United States.

An important step in the "Lindbergh" plan in the central southern of the work was indicated by Dr. A. A. Cunningham, United States, considered one of the head of Carnegie's archaeological department and member of the United States world, broken another civilization party.

"It leads, permit," he said, "to a preliminary recognition that the importance of the ruins in Guatemala and the Pueblo ruins in southwestern United States is being evaluated in the light of the work. Dead cities of Mayan, standing through jungle thick like blended lines of a once-living being, mark the peak of an American civilization that, in many respects, was superior to any produced in the new world."

CASSIA COUNTY POOL TO DELIVER TURKEYS

Cooperative Organization Expects to Receive One and One-Half Carloads

BURLEY, Dec. 7.—Special to The News.—Cassia county cooperative turkey pool members will deliver their Christmas turkeys here Monday. Deliveries will be made at the line in Walter warehouse, and Mrs. C. G. Bink, of the Idaho Turkey Growers' association will be present and assist in receiving the birds. There are approximately 100 members.

that advances along similar lines although not necessarily so far. The Southwest is one of the very few regions in the world where the influence of agriculture on civilization is traceable in detail. It was born in the United States, when in Egypt and rice in the Orient that settled together groups and made the interchange of ideas and the growth of distinct cultures possible. In the United States alone have the ruins as responsible for the rise of all civilizations been preserved, it is held. By correlating studies both in Maya and the United States, Carnegie scientists believe they may tap rich material never before touched. From the as yet only half unknown remains being discovered, but geographical features in their proximity are worked into the picture to complete knowledge of the past.

bers of the Cassia county pool, and it in prime condition, and that prices. Prices to be paid for pool birds are 25¢ is expected that one and one-half carloads of dressed Christmas turkeys will be brought in. Independent buyers are also prepared to receive the birds. It is said that the holiday birds are now bringing them in prepared in cents per pound for number 1 tons, (first class) inanner. A much greater price, 22¢, cents for number 1 fowls. These portion of number 1 fowls are now being sold also as a probable bonus of between 10¢ and 15¢, and 2 cents per pound paid to pool operations a few years ago. members at a later date.

Pick-up smoothness-speed as never before

All evidence stresses the fact that today's Multi-Range Chrysler rule the road. Many new engineering advancements, headed by the sensational Multi-Range four-speed transmission and gear shift have lifted these latest cars to a new plane of performance. The Multi-Range transmission introduces a new quiet acceleration gear that combines the best features of both the ordinary "second" and "high". It also makes possible faster car speeds of SLOWER engine speeds. The Multi-Range gear shift assures non-clashing ease and quickness of gear-shifting. And a new principle of Down-Draft carburetion, based on aviation practice, adds marvelously to power, smoothness and economy. New bodies of greater width, length and headroom combine the most fastidious luxury with smart distinction of design.

CHRYSLER
IMPERIAL 1200 to 1475 THE 77 1100 to 1170 THE 70 1200 to 1325 THE 66 1305 to 1365

Rendahl Auto Co.

POOL your family Christmas presents

and buy a . . . DE SOTO SIX

Thousands of families, perhaps yours included, spend more for Christmas gifts to one another than the amount required for the down-payment on a new De Soto Six. There's lots of merit, common sense and sound economy in the plan of pooling the individual Yuletide expenditures of your family for the purchase of a car. Long after the gifts exchanged will be being used up and forgotten, a De Soto Six still will be serving all of you—providing fast, safe and convenient transportation over any distance and in all seasons. Perhaps you already have a car—but nowadays it is difficult for one automobile to serve four or five people. Give some thought to the advantages of a second car, and investigate the plan of pooling the individual expenditures of your family to get it. If you order a De Soto Six this week, delivery by Christmas is assured.

BEFORE YOU "ASK FATHER"
Before the joint man marries it is usually his duty to convince the young lady's parents that he is a substantial citizen—well able to take care of her. If you have a good job that is one asset; if you have a substantial savings account, that is all another. Do you know that no one has ever regretted having a savings account in a strong bank? You may regret some of your actions some day, but the opening of a savings account is one which you will never regret. Money is a most pleasant commodity to spend but before it can be spent it must be accumulated. You may open an account at this bank with an initial deposit of one dollar or more.

Inspection Of Planes Reduces Army Air Corps Accidents

RIGID CHECKING OF CRAFT DIMINISHES FATALITY CHANCES

—Strict Adherence to Army Standards, Effects Notable Decrease in Mishaps System Responsible For 50 Per Cent Cut in Number of Mechanical Failures

(By The Associated Press) WASHINGTON, Dec. 7.—Story inspection of all airplanes in the service is credited by Major General James E. Fehel, chief of the army air corps, for steady reduction of fatal air accidents. The policy of strict visual inspection is standard on all army fields and has caused a marked drop in the number of accidents due to mechanical failures. Pilots and crew chiefs are the backbone of the system which includes daily, weekly, fortnightly, and monthly inspections of all planes in use. Sixty-three per cent of accidents are unexpected, eight others weekly, and 12 others fortnightly. A huge chart for each plane chronicles the report of the crew chief and a separate report is filed out after every flight by the pilot. The crew chief is responsible for checking over the plane on check-out and remedying all defects; the pilot submits in his report his behavior in the air—whether the instruments function properly, if the plane feels with engine heavy, or such matters as stiff controls.

Major General James E. Fehel (upper right), chief of the army air corps, credits visual inspection for decrease in air accidents. The crew chief (above) and the pilot (lower right) through their work and reports are the backbone of the system.

The inspection work has been responsible for a 50 per cent cut in the number of forced landings and mechanical failures. Today, while there has been a decline in the rate of accidents per flying hours, pilot errors constitute the major cause of fatal air accidents. A study by the air corps shows that 32.3 per cent of all air accidents in 1927 were due to pilot errors, a figure increased to 44.3 per cent in 1928. Sixty-three per cent of the fatal accidents in 1928 were due to pilot errors. The accident rate decreases steadily, the chief pointed out, as individual pilots gain experience. The rate of occurrence of all accidents is only half as great, for pilots fly 50 to 100 hours annually as for those who fly less than 50 hours.

WENDELL GRANBERS SELECT OFFICIALS

Mrs. Robert Moore Heads Agricultural Organization For Coming Year

WENDELL, Dec. 7.—Wendell Granbers met in the Craner hall, Tuesday with a good attendance. The selection of officers was the principal business of the meeting. Mrs. Robert Moore is the new master, succeeding J. B. Hartwell. The other officers elected were: Overseer, Gova Haskins; lecturer, Mrs. J. B. Hartwell; steward, H. M. Cronson; assistant steward, J. B. Webb; chaplain, Mrs. L. Adams; caterer, H. H. Larson; secretary, Mrs. Frank Burke; treasurer, L. A. Adams; had assistant steward, Mrs. A. M. Russell; Ceres, Mrs. J. J. Bluckie; Pomona, Mrs. W. E. Culp; Flora, Mrs. C. E. Plesner. The new officers will be installed in January. Russel and Nelson King, sons of Mr. and Mrs. Ralph King left Tuesday for a

MINIDOKA DISTRICT BEET GROWERS EARN \$480,000

WENDELL, Dec. 7.—Special to The News.—With the distribution of approximately \$100,000 as the first and final installment to sugar beet growers, the Amalgamated Sugar company has made a total disbursement of about \$187,000 to growers in the districts served by the Burley factory. A few piles of beet remain at the larger receiving stations. These are being rapidly loaded onto cars, mainly by the mechanical pilers. In less than two weeks the final completion of the odds and ends of the 1929 season will be made. Final figures have not been given out by the company, but it is thought that the tonnage on the Minidoka project will approximate close to 13 tons to the acre. W. A. Abbott was re-elected highway commissioner for District 1, and Eric Amussen for District 2. The Wendell chapter of the Eastern Star met Wednesday evening. The following officers were elected: Mrs. Fred Eaton, worthy matron; Mrs. J. W. Matth-

MINIDOKA DISTRICT BEET GROWERS EARN \$480,000

visit with relatives in Indiana. John Bottoms, foreman of the Thousand Springs farm, who has been seriously ill with pneumonia, is improving. Mrs. A. A. Meehan left Tuesday for Chicago, where she will visit her daughter there. Mrs. C. M. Price is recovering from an operation for appendicitis performed at St. Valentine's hospital Saturday. Mr. and Mrs. John Stuart and family spent the week-end in Boise visiting relatives. Master Don Hilton has been visiting with his grandparents at Weiser. Mrs. Zela Gould has accepted a position with the Wendell National bank. A. M. Russell is building an addition to his farm home near Wendell. He is adding two rooms and a full bathroom. The Wendell Rebeccah lodge held election of officers Monday evening. Mrs. J. C. Long is the new noble grand; Mrs. Tom Gates, vice grand; Mrs. Arthur Joyce, recording secretary; Mrs. Clarence Boyd, treasurer; Mrs. Arthur Bryson, the retiring noble grand. The commissioners for the Wendell cemetery district were all re-elected at the recent election. J. W. A. Abbott was re-elected highway commissioner for District 1, and Eric Amussen for District 2. The Wendell chapter of the Eastern Star met Wednesday evening. The following officers were elected: Mrs. Fred Eaton, worthy matron; Mrs. J. W. Matth-

Majestic RADIO

THERE STILL ARE PIONEERS!
...and Majestic Has Always Blazed the Way for Doing What Others Said "Couldn't Be Done!"

There still are pioneers. The dramas of yesterday are the accomplished facts of today and the established practices of tomorrow. When Majestic first announced its intention of producing and selling 6,000 complete quality radio receivers per day at prices heretofore undreamed of, immediately frenzied a thousand threats a chorus swelled: "It Can't Be Done!"

Yes, Majestic did it... and, strange to say, those who once said "It Can't Be Done" are today trying to do it. This is the reward of the Pioneer, the inventive spirit, the genius... first doubt and ridicule, and then the mad rush to pay him homage by accepting and emulating, as nearly as possible, the solid accomplishment he has fashioned from his dreams.

As with the individual so with a business. And Majestic especially has paid the price as well as received the rewards of being a pioneer. When Majestic recently announced price reductions, placing its radio receivers within the reach of the humbler purse, again its pioneering spirit was put to the acid test of detraction and comparison.

Again the critic will tell you "It Can't Be Done." Yet Majestic is doing it, because of "better facilities and abilities which no other company can equal. Here, then, the game of "follow the leader" must halt. And leading calls for explanations. All manufacturers cannot reduce prices, of course. They have had the facilities and tremendous production, the large purchasing power, the ability to manufacture entirely from raw materials that Majestic has. And hats off to them for their courage and frankness in stating that lower prices are impossible for them!

On the other hand, take with a grain of salt the advertisement which attempts to "bash" up the non-reduction of prices by intimating that other companies who can reduce prices are doing so "to get rid of old models" or "because of overstock conditions" or for a multitude of other reasons which exist only in some one's imagination. Majestic has no "over-production" because, manufacturing from raw materials, it is in a position to produce only what the market demands. It has no "overstock" which the average manufacturer must contract for and store, perhaps only to "junk" later on as unused surplus. For the same economic reasons Majestic is never confronted with the specter of "ret-er" models.

Majestic plants are operating daily, and Majestic dealers are receiving daily new Majestics of the same high standard of perfection that Majestic has always maintained, and always will maintain. For ever, Majestic plants will operate because the public will have it. The public has placed its unequalled stamp of approval on Majestic ability to make the greatest radio values that the world has ever seen, because of greater sales.

Lindbergh Sets Up Basis For Mayan And Pueblo Studies

Two "Cradles" Of Civilization in North America Luring Scientists

General Plans Being Formulated to Send Ground Parties to Explore Ruins in Dense Jungles In Heart of Guatemala

Exclusive pictures taken by Col. and Mrs. Charles A. Lindbergh show historic ruins they have found in Guatemala lies the peninsula (above) on which the Mayas made their last stand against the Spaniards. The wind-blown caves in Canyon De Chelly, in the southwestern United States (lower left), sheltered ancient cliff dwellings. Lower right, Lindbergh perched on the wing of his ship to "kiss it" on Lake Peten, in Guatemala.

By OSCAR LEIDING
Science Editor
Associated Press Feature Writer
WASHINGTON, Dec. 7.—Two "cradles of civilization" in America, carved from the earth by Col. Charles A. Lindbergh, will be the center of intensive study by scientists of Carnegie Institution of Washington.

General plans are being formulated by the institution for sending ground parties to explore Mayan remains newly discovered in a flight in cooperation with Pan-American Airways, Inc. and Pueblo ruins in southwestern United States.

an independent party in the field work was indicated by Dr. A. V. Kidder, head of Carnegie's archeological department and member of the Mayan party. "It would permit," he said, "a closer relationship that the two parties alone or in cooperation with other agencies, utilize the airplane."

Excavations in the southwestern United States, considered one of the most important archeological fields in the world, broken under civilization that advanced along similar lines although not necessarily so far.

CASSIA COUNTY POOL TO DELIVER TURKEYS

Cooperative Organization Expects to Receive One and One-Half Carloads

BERLEY, Dec. 7.—Special to The News.—Cassia county cooperative turkey pool members will deliver their Christmas turks here Monday. Deliveries will be made at the Lincoln-Wilder warehouse, and Mrs. C. G. Brink, of the Idaho Turkey Growers' association will be present and assist in receiving the birds. There are approximately 100 members.

that advanced along similar lines although not necessarily so far. The Southwest is one of the very few regions in the world where the influence of agriculture on civilization is traceable in detail. It was carried in the United States, what in Egypt, and near the Orient that knitted together groups and made the interchange of ideas and the growth of distinct cultures possible.

In the United States alone have the factors responsible for the rise of all civilizations been preserved, it is held, by the regularity of the rains in Maya and the United States. Geographers believe they may find such materials never before touched. From the old city have unknown remains been discovered, but topographical features in their proximity are worked into the picture to complete knowledge of the past.

POOL your family Christmas presents and buy a . . . DE SOTO SIX

Thousands of families, perhaps yours included, spend more for Christmas gifts to one another than the amount required for the down-payment on a new De Soto Six. There's lots of merit, common sense and sound economy in the plan of pooling the individual Yuletide expenditures of your family for the purchase of a car. Long after the gifts exchanged have been used up and forgotten, a De Soto Six will be serving all of you—providing fast, safe and convenient transportation over any distance and in all seasons. Perhaps you already have a car—but nowadays it is difficult for one automobile to serve four or five people. Give some thought to the advantages of a second car, and investigate the plan of pooling the individual expenditures of your family to get it. If you order a De Soto Six this week, delivery by Christmas is assured.

GASOLINE ALLEY—PLAY, SAFE. A cartoon illustration showing a man in a suit talking to a woman. The man says: 'PLEASE DON'T COUNT ME OUT OF IT, MR. WICKER. I HAVEN'T GOT IT YET AND IT MAY BE SOME TIME BEFORE I WILL BE GIVEN MY PLENTY OF NOTICE.' The woman replies: 'I SUPPOSE YOU WILL WANT TO TAKE IT EASY, TRAVEL, IMPROVE YOUR GOLF GAME, SAIL YOUR YACHT, AND ALL THAT. IT'S PERFECTLY NATURAL.' The man says: 'I'M NOT ENTIRELY SURE. MY WIFE WANTS ME TO GO TO WORK.' The woman replies: 'I THINK YOU ARE RIGHT—WALSH. DON'T TOSS EVERYTHING AWAY TO GO AWAY. SUDDENLY, YOU MAY FIND YOURSELF A MULTI-MILLIONAIRE LOOKING FOR A JOB.' The man says: 'I'M NOT GOING TO BURN MY BRIDGES TOO CLOSELY BEHIND ME AND (CERTAINLY NOT GOING TO BURN THEM IN FRONT OF ME BY LETTING GO OF THIS JOB UNTIL I HAVE THE CASH IN MY HANDS.'

JEROME EDUCATORS ENTERTAIN PARENTS
 Discussion of Class Work Features Attention of School Problems Study

JEROME, Dec. 7—A special program for parents was given Friday at the Lincoln school. A discussion of class work was featured from 1 till 1:45 P. M., after which a number of talks on subjects of interest to parents of school children were given. The speakers were Dr. C. F. Zeller, Dr. John F. Schenck, Dr. H. B. Smith, Superintendent Emory Damm, and principal, S. H. Albertson. A round-table discussion concluded the session. The leaders of the various departments, are Miss Lala Graves, Mrs. Estelle Ricketts, Mrs. John Fadden, Mrs. R. L. Bridgeman and Mrs. O. Gar Peterson.

Boy scout Troop 3 met Tuesday night at the Presbyterian church, for a regular meeting in charge of Scoutmaster Ed Joyce.
 A special assembly was called Wednesday at 1 o'clock in the high school auditorium. Wayland Matson and Liza were featured for 45 minutes of entertainment. The orchestra consists of Donald Johnson and Paul Smith, saxophone; John Bahler, drums; and Wayland Matson, piano. Several numbers were given by JACK DWIGHT on the flute, accompanied by Phyllis Robinson, on the piano.
 The Wednesday Evening Bridge club met this week with Mrs. E. E. LaFurter, Mrs. Floyd Beddell and Mrs. W. D. Baker were guests. Three tables were in play. Mrs. Beddell won high score.

Mrs. Walter Fortune was called to Bath Thursday on account of the serious illness of her father.
 At a meeting of the Royal Neighbors Tuesday the following officers were elected for the ensuing year: Oracle, Mrs. Walter Fortune; vice oracle, Mrs. E. L. Hootley; past oracle, Mrs. James Over; clarionette, Mrs. E. J. Bruce; recorder, Mrs. J. C. Lawrence; receiver, Mrs. Cora Tomlinson; marshal, Mrs. Robert Milroy; assistant marshal, Mrs. Marjorie Canby; inner sentinel, Mrs. L. Herbert Tilley; outer sentinel, Mrs. L. P. Canby; manager for three-year term, Mrs. Harry Gies. Installation will be held the first meeting in January. Refreshments were served after the election.
 The Ladies' Aid society of the Presbyterian church met Thursday afternoon with Mrs. George Dreger, Mrs. F. Goodrich and Mrs. R. W. Carpenter were co-hostesses. A program on "How Christmas is Spent in Different Countries" was given. Mrs. Arps presented a show talk "Christmas in Italy." The remainder of the afternoon was spent making articles for the Christmas bazaar.

The Baptist Missionary society met at the country home of L. A. Burg Thursday afternoon. A regular business meeting was held and a light dinner served.
 Mr. and Mrs. Arbie Chandler, Colorado, are visiting at the R. L. Jenkins home.
 Franz Schubert, great composer, was 31 years old when he died.

BURLEY, Dec. 7 (Special to The News)—O. P. Davall, Twin Falls, district census supervisor for eight counties of south central Idaho, announces that two phases of census enumeration will be taken here. One, the manufacturing and distribution census, a special business inquiry, will start about the first of the year. Population and farm schedules will begin April 1.
 There are 41 enumeration districts in Cassia county, and at least one enumerator will be appointed for each district.

Toll For Rowboat High Since Hired by Movies
HELENE, Idaho, Dec. 7—Behind the rowboat. It has a moving picture theater, and it is worth more money, therefore, even to a fisherman.
 Such is the view of a local fisherman who owns the boat and keeps it afloat on the south fork of the Snake river past here.
 Two years ago a moving picture setup on location hired the ferryman's boat, a home-built plank structure for two or three passengers. They paid him \$5 a day. Since then that has been the price to any and all comers for fishing the craft.
 In quoting the price to a state engineer recently, the ferryman said that the motion picture outfit had paid the price "and it must be worth it." The engineer did not hire it.
 Episcopalian erected their first church in New York in 1026-97.
 'Whites often live to be 500 years old.'

Rupert Firm to Install Plumbing in New Plant
RUPERT, Dec. 7 (Special to The News)—Rupert, receiving the contract for plumbing in the new casing plant this week and the building contract last week, has been sentenced 60 days in the county jail for a violation of the city ordinance.
 The firm, the Jerome Cooperative Creamery association, is now under construction in Rupert on trackage property on the west side of the city near the Gem State Oil company tanks. Agreements stipulated in the contracts set 75 days as the time for completion of the new plant. When completed and equipped, the plant, which is to be one of the most modern of the company's string of plants, will be around \$40,000 in value.

WOMAN'S CLUB OF MAROA HOLDS BUSINESS SESSION
MAROA, Dec. 7—The Maroa Women's club met Thursday afternoon at Filer at the home of Mrs. Irwin Creed. After the usual business session, refreshments were served by the hostesses, Mrs. Irwin Creed and Mrs. Orville Creed.
 Anna Mae Diehl returned Sunday from Los Angeles where she had been visiting for the last three weeks.
 Gordon Diehl left for Moscow Monday after spending a few days at home.
 Mrs. Anna Mae Diehl returned Sunday, Sunday where she will join her husband.
 Lenore Ennis, who attends the University of Idaho, southern branch, visited at home here over the week-end.
 John Darnall, who was home from the College of Idaho at Caldwell for the Thanksgiving holidays, returned to school Monday.
 Jacob Tolk left Tuesday morning for Detroit, where he will visit for a few months.
 Mr. and Mrs. William Walters and Mr. and Mrs. Ernie Ihler, left Sunday for San Francisco where they will visit with a son of Mr. and Mrs. Walters.
 Mr. and Mrs. C. C. Stevens, Jerome, spent Sunday at the La Monte home.
 Mr. and Mrs. Earl Allier Java left for Los Angeles where they will make an extended visit with Mrs. Miller's parents.
 J. G. Winkle was elected Monday to be a member of the Filer highway board.

POLICE COURT AT BURLEY FINES LIQUOR LAW FOG
BURLEY, Dec. 7 (Special to The News)—John Fletwood, transient worker, has been sentenced 60 days in the county jail for a violation of the city ordinance.
 The firm, the Jerome Cooperative Creamery association, is now under construction in Rupert on trackage property on the west side of the city near the Gem State Oil company tanks. Agreements stipulated in the contracts set 75 days as the time for completion of the new plant. When completed and equipped, the plant, which is to be one of the most modern of the company's string of plants, will be around \$40,000 in value.

Police Judge Arthur Damm sentenced to 60 days in the house of detention, for issuing worthless checks. In addition, Judge Damm imposed a cash fine of \$25. Jolley has been in the jail before for a similar offense, the judge having sentenced him to 60 days in the jail. In this instance, quite a number of Burley business men were present in court by the judge's order to cancel the jail sentence on Damm-Sunert Credit association, and by C. H. Henderson, its manager.

Ordinary house mice have been tampered to such an extent that they come when called by name.

 SALES CHRYSLER DEALERS SERVICE

STRONG

with the strength of steel

Beneath the beauty of the Dodge Six is strength—the resilient strength that is inherent in steel. Under the sparkling finish and the luxurious upholstery is the all-metal Mono-Piece Body, welded so that it is virtually one piece of steel, anchored inflexibly to the chassis by 33 bolts. Elimination of body shills, lowering the center of gravity, and use of a rigid eight-inch frame are factors of safety in this unit construction. Thus is upheld the Dodge Brothers reputation for dependability that keeps old friends and that makes new ones for the Dodge Six.

Trouble Free and Safe!

Practically double-deep All-Weather Treads—for traction! Practically double-thick for protection against blowouts!

YOU may never succeed in wearing out your Goodyear Double Eagles. But they will prove priceless to you in added safety. Their matchless grip for sudden stops! Their double safety against blowouts! The best protection money can buy. Here are the finest, hand-crafted tires the world's largest rubber company is able to build, irrespective of cost. Yet—due to huge production—remarkably low priced.
