GENERAL REPORTS ON HAITIAN STRIFE

Indications Point to Early Removal of Commander and Appointment of Diplomat

(WASHINGTON, March 11) The official report on revolutionary movements in Haiti, included in Brigadier General Russell's annual report as American High Commissioner at Port au Prince, was made public today at the state department.

Coming just as indications from Haiti and the White House are that the marine commander may be supplanted before long by a diplomatic representative, the report is of a nature to give some idea of a stable representative Haitian government, unless it has been attached here to General Russell's report.

The report covers events up to the end of 1929 and so made no mention of the American command which engaged in straightening the political tangle in Haiti. It accepted as a stated intention the plan for holding popular elections for assembly and deputies this year.

Covers 10 Slayers The November student strike, which killed 10 demonstrators by American Marines, was said by General Russell to be the most serious incident of the revolutionary activity.

Had previous Italian history permitted the establishment of an adequate police force of long experience and high quality, the revolution would have been completely suppressed.

How far the mentality of the American mind would have been necessary in this case, the general report does not say.

AMERICANS REFUSE FRANCE'S DEMAND FOR SPECIAL PACT

Delegates Emphasize Impossibility of United States Becoming Entangled in European Political Alliances

(By The Associated Press) LONDON, March 11.—That there is not a vestige of a possibility of the United States becoming entangled in any sort of a European political alliance is a result of the London conference was made clear here today.

No such proposal has been made formally, but indirect approaches have reached such a stage that the American delegation let it be known the United States could not accept even a consultative pact in the French naval tonnage figures.

They made it clear that the opposition was not because America is necessarily fundamentally opposed to such agreement, but because one of the American delegation let it be known the United States could not accept even a consultative pact in the French naval tonnage figures.

Body of Ex-President Taft Goes To Rest in Eternal Fellowship of Famous Dead

Shaft of Yellow Sunshine Pours Benediction Upon Dripping Canvas Tented above Rain-Sodden Soil of Wooded Glade and Bathes Mount of Floral Tributes in Splendor

(Associated Press Staff Writer) WASHINGTON, March 11.—Under rain-soaked soil of Wooded Glade, lonely in its peace and isolation, William Howard Taft lay tonight, the long, eventual story of his mortal journey ended.

At his feet, a dozen yards away, down the gently sloping hill side, towers an ancient and mighty oak. Through its leafless limbs, thrilling now with the stir of the coming spring, the far lights of Washington gleam dimly toward that restful sylvan nook in Arlington where he sleeps in eternal fellowship with the other great dead.

Already the honor guard, still as though cut of bronze, stood grouped in place with gleaming bayonets fixed. Two soldiers, facing inward toward the coffin, now opened to expose the tranquil features of the man resting here—wood of the east side, and across from them a sailor with jaunty white watchcap, and a marine in trim blue with scarlet facings, made up the detail. At the head of the casket the officer in command took his stand. Every 15 minutes for the time the guard rested there in state, the guard changed in order that the strain of motionless watching might not be too great. And that was almost the only sound during those hours save the shuffling scrape of feet on the stone floor as 10,000 Americans moved in double file beside the casket to look their last on that dead face. They moved into the tent house on the great bronze doors were opened, opened by without stopping and then on down the marble stairways that lead the way down to the west and Pennsylvania avenue below.

Manager of Phillies, Burt Shotton, Expresses Confidence

Demeanor Gives Away Secret of Nine's Skipper

Manager Appears Jubilant When Sports Writers Appear in Florida Camp to Watch Charges Practice

By BRIAN BELL
(Associated Press Sports Writer)

WALTER HAYDEN, March 11.—The demeanor of Burt Shotton, one of baseball's real horse traders, gives the Phillies baseball secret away. A year ago Burt thought his team had great possibilities but he was afraid to say so. To visiting newspapermen he played soft and low in his predictions and was more than ready to bet.

Twelve months later it is different. "You can write a piece about the Phillies now, you'll have to take it back," said the manager jubilantly. "No, sir, if you say the Phillies are tough, you club, you club, you eat any crowd."

No one could ever come and shrewd Shotton for a manager. He has no reason to believe the players will not be even harder to subdue in 1930.

In 1929 the Phillies took their bats in hand and set six records, four by the club and two by individual. Lefty O'Doul led the National League in hitting and his 284 runs made a new club record. Chuck Klein hit the most home runs, his mark of 43 breaking Rogers Hornsby's record of 42. The club made a record for most total bases, most long hits, most extra bases, and most home runs. The Phillies made 153 home runs in 1929.

All the long distance hitters of years ago are back in 1930. A new one candidate for admission to the club is, Trip Blanton. Blanton hit the longest in the season and for his few games he hit for an average of .517, his hits including some extra.

Increase Batteries

Except for the addition of some much needed strength in the batteries and reserves, the club is intact. Don Hurst, Fresno-Thompson, Tommy-Thompson, and Ashburn-Williams will be going batted at the same old infield stand. John Sherson, a youngster from the Michigan club who seems to be able to qualify as a hitter, will join Barney Friberg to form the infield center.

Chuck Klein and Lefty O'Doul will be two of the outfielders and Perry Spaulding, Cincinnati, will be the man to bat in the field. Dick Williams, 41 years, but still a batting menace, will be an outfield replacement.

Old Foe Alexander will play a pitcher although he celebrates his forty-third birthday anniversary may hold the hopes of the pitching staff. He will pitch in some of the games for the Phillies, the club with which he started his major league career 19 years ago; and he will tell the amateur young pitchers all he knows of the tricks of the trade.

Clayton Willoughby, Phil Collins, Ray Benge, Harry Smythe, Lou Koppell and Lex (Sugar) Sweetland will work often. They were on the club last year.

Among the promising new pitchers are Fred Beebe, from Birmingham, and Earl Collick, from Shreveport, seem sure to play.

Harry McCurdy, former White Sox catcher, has returned from the minors to join Virgil Davis and George Suaco, two holdover receivers.

The Phillies with their bats loaded with dynamite, are certain to be dangerous all along the National League trail, Shotton summed it up. "They were glad to see us come a little while ago," he said. "Now they are glad to see us go." He was referring to the other National League clubs.

Battlers Arrive For Coming Bouts

Principals in Main Events On Ground Await Opening Gong For Legion's Card

With the principals in all bouts on the ground for the day in the evening of the hour appointed for the contests preparations were practically complete last evening for the American boxing card this evening that is expected to be one of the most satisfactory little offerings here in recent months.

Willard Norton, Eugene, Oregon, welterweight, scheduled to meet Joe Cortez, Boise, in the 10-round main event. The two fighters who battled desperately to a draw in Boise last week, arrived early in the evening. Cortez came in later and did not participate in light workouts in which the other principals engaged last evening.

Norton was accompanied by his manager, Mickey McCafferty, also from Eugene, a lightweight boxer who is to meet the New York Kid from Omaha in the six-round semi-windup this evening.

The kid arrived during the day from Salt Lake City where he has been spreading considerable rumors. He created a favorable impression upon the fans here who watched him work out last evening, and it was his opinion that the kid is the better contender of Ernie Woolley, Twin Falls favorite lightweight, will have his hands full in the ring with the kid this evening.

Recorders To Lay

Buddy Washington, Pocatello colored welterweight who was originally scheduled to fight with Norton in this evening's main go, decided too late yesterday that he had spoken out of turn when he permitted his physician to inform reporters of this evening's card here that he could not go on because of injuries received in a bout with Charles Fernald in San Diego, in Salt Lake City last week. Early yesterday afternoon, after Cortez had seized an opportunity for an early return bout with Norton, Washington's manager telephoned Don Francisco that he had the kid in Twin Falls to fulfill the original engagement. He was advised to say in Pocatello unless he wanted to have only a spectator's part in this evening's card. It was reported that Buddy had obtained his permit after being visited yesterday by a member of the state athletic commission and another member of the board.

Ervold Nelson, 130, and Norman Beckstead, 135, both of Twin Falls, are on the list for a four-round bout on this evening's assembly.

Stanley Sturgeon, 147, and Bob Miller, 150, both of Twin Falls, also are to do battle in a four-round preliminary, and Budie Miller and Mickle Thorp, both of Twin Falls, and each weighing about 160 pounds, promise a lively three-round curtain raiser.

Members of the American Legion here are planned to assemble at the Troy laundry garage at 12:30 P. M. today to move the big ring into position and to set up the bleachers.

Veterans, Including Jerome Outfielder, and Increasing List of Battery Candidates Help Prospects

(Special to The News)

MOSCOW, March 11.—Idaho does not enter into any serious championship aspirations in baseball this spring but the Vandal club may prove a serious menace to the ambitions of other clubs in the northern division of the Pacific coast conference, declares Coach Rich A. Fox. Last year the Idaho team finished at the bottom in the northern division but Coach Fox believes the Idaho entry this season will fare better.

Idaho has a plentiful supply of battery candidates. Fourteen pitchers and four catchers are working out daily indoors. Only seven members of last year's team are back, but Coach Fox believes that many of the new men will develop into valuable players. He is hopeful that the 1930 Vandals will show a better batting average than did their immediate predecessors.

Veteran Players

Veterans on the team are Walter Price, Malad, former Princeton University, Boston, area, base-runner; Holliday, Malad, second base; Merrill, Greening, Njasa, Oregon; Carl Kyska, Wisconsin; Hugh Duffy, Greening, outfielder; McMillan was a Idaho's crack home run slugger last season.

Replacing the two members of the 1929 Idaho club taken by big league teams is a difficult task, facing the Vandal mentor, Everett Lawrence, Jerome, the main trailer last spring, was taken by Pittsburgh; while Arthur Cliney, Nellan, shortstop and leading slugger, was signed by Detroit.

Pitcher Candidates

Heading the list of pitcher candidates are Frank Judy, Lewiston; Harold Smith, Idaho Falls; and Donald Lindsay, Hazelton, reserve pitcher last season.

Among the leading new candidates for the "mount" positions are Otto Licht, Upland, California; Harold Jacobs, and Laverne Donald, Moscow; Arthur Spilly, Nampa; Ed Hurst, Montpelier; Frank Hornsby, Hazelton; Homer Seifert, and Marilyn McCull, Los Angeles; and Nyul Lake, Blackfoot. Promising new candidates for the backstop position include George Beaudoin, Priest River, and Fred Willie, Idaho Falls.

The 1930 Vandal club has a schedule of 10 conference games.

There are 15 incubators in Canton, Idaho, where an average of 2800 chickens and ducks are hatched each year.

Cleaners Bow to Cleaver Swingers

The Independent Market bowlers won from the Idaho Cleaners, 2468 to 2299, in a City League contest at the Cox and Stone alley here last night. Cox, for the Idaho Cleaners, ran up a one-game score of 238 and a series score of 575 points. Caldwell, for the Independent Market, scored 207 points to score above the 300-point mark.

Shires Replies to White Sox Owner

CHICAGO, March 11 (AP)—Charles Arthur (The Great) Shires, fighting holdout of the Chicago White Sox, finally answered Owner Charles A. Comiskey's letter of February 21, in which he attacked his booming offer for larger figures on heavy checks.

Enclosed in the letter was a letter, which carried a promise by the White Sox that had been that he would stand by his offer, and that he would stand by his offer, and that he would stand by his offer.

The Old Man took a hurried glance at the letter and promptly he took up the telephone and called the White Sox.

In referring to the Sox's policy, Owner Comiskey refused to share the amount of salary offered Shires.

Shires' manager, however, told the press that he would not return to the Sox.

It is believed the White Sox offer is about \$200,000 a year, plus a percentage of the gross receipts for last year, while Shires' demand is estimated at \$10,000.

199 DESCENDANTS OF RIGBY WOMAN MOURN

DOBEK, March 11—Death of a woman in Rigby whose descendants numbered 199, was reported to A. S. Cardon, assistant attorney general...

Finds Youth's Fountain!

"Just one thing has contributed more than anything else in my life toward making me the radiantly happy woman I am today," writes Mrs. Walter Nujol...

"I guess a good many other feel the same way, judging by the number of people I know who swear by this 'Fountain of Youth'."

"Millions of people all over the world have discovered this simple secret, which is nothing but giving our bodies the internal lubrication that they need, as much as any machine..."

"Regularly as clock-work, Nujol clears out of our bodies those poisons (we all have them) which slow us up, make us headachy, low in our spirits..."

"Colorless and tasteless as pure water, Nujol cannot hurt you, no matter how long you take it..."

"Try Nujol yourself and get a how much better you feel. See how it is in its sealed package! Buy your drug store and be sure it's trademarked 'Nujol'..."

"HUSBAND—(Reading morning paper)—There's making a lot of fuss about this World Peace, seems to me about all they argue is that the next war must be a polite one. IS BREAKFAST READY? Peace like charity begins at home, and if you don't start ordering just any coal, there'll never be world peace, and you'll never see your HUSBAND (Holding a safely burned paper) All coal is dusty and sooty..."

"WIFE—(Grabbing paper) IT IS NOT. Cut that out and read that thing you order WARBURG'S FOR ABERDEEN CHEMICALLY TREATED COAL."

THE EMPTY PURSE SPEAKS...

"I am the empty pocketbook and my number is legion. I am the result of carelessness, indifference and lack of foresight. I am always embarrassing people at the most urgent moments. Of course, I would find it hard to exist if people took out insurance against me by opening a savings account. If you don't like me, a saving account will appeal to you. In that case I would suggest you make inquiry at the Institution below."

THINK OF YOUR AUTOMOBILE IN TERMS OF TOMORROW

Ultimate cost is as important as first cost in the purchase of an automobile

WHEN you purchase an automobile you are making an investment of a considerable amount of money. It is essential, therefore, that you give careful thought to the best selection and know what you are getting for your automobile dollars.

The first cost is important because it may mean an immediate, satisfactory saving. Of equal importance is the ultimate cost after thousands of miles of service. This ultimate cost is the true measure of automobile value.

THE first cost of the new Ford is unusually low not only because of economies in manufacturing, but because the same principles that inspire these savings are extended to every other step that means greater service to the public.

The Ford dealer, therefore, does business on the same low-profit margin as the Ford Motor Company. His discount or commission is twenty-five to fifty per cent lower than that of any other automobile dealer.

THE difference in selling cost, combined with the low charges for financing and accessories, amounts to at least \$50 to \$75 on each car. This is as important as economies in production in keeping down the price you pay for the new Ford.

THE low ultimate cost of the new Ford is the result of sound design, quality of material and unusual care in manufacturing. Friction and wear are reduced by the accuracy with which each part is made and assembled.

These factors combine to decrease the cost of operation and add months and years to the useful life of the car. The good performance and low yearly depreciation of the new Ford are indicative of the enduring quality built into it at the factory.

SERVICE charges are on the same fair, economical basis as the making and selling of the car and replacement parts are always available at low prices through all Ford dealers.

THE NEW FORD

MADE economically SOLD economically FINANCED economically SERVICED economically RUNS economically

THE FIRST COST is only one of the savings in buying a new Ford. You also save on the cost of financing, on any accessories you may want and on the cost of operation, replacement parts and service.

The economies in distribution are just as important as economies in manufacture in keeping down the price of the Ford. The money you pay goes into increased value for the car. It is not wasted in excessively high selling costs.

On the basis of performance and the inherent worth of every part, the new Ford is unquestionably the greatest dollar-for-dollar value ever offered in an automobile.

THE STRANGE DISAPPEARANCE OF MARY YOUNG

By MILTON M. PROPPER

One, the full-faced, low-browed chap at the table, was "Curly" Kenney, whose cruelty was a byword among the lower end of the town...

"Well, let him pass through, but tell him to do it quickly," this came from "Spark Porter" in soft, unemotional tones...

Slowly and uncertainly the killer obeyed. The proprietor, flushing at the tone, led the detective to the kitchen door...

"You can't see any one here," he said before the proprietor spoke. "You can't see any one here," he said before the proprietor spoke...

"That's all right," said the proprietor. "You can't see any one here," he said before the proprietor spoke...

WOMEN WILL SELL MEMORIAL BRICKS

American Legion Auxiliary Unit to Take Active Part in Campaign for Building

Everyone in Twin Falls next Friday afternoon will be given an opportunity to purchase one or more bricks in the American Memorial and army fund campaign. The bricks during the coming summer, according to plans of a committee of business men cooperating in the undertaking with Twin Falls American Legion post.

Members of the American Legion Auxiliary, who, at their meeting Monday evening pledged themselves to contribute \$1000 for furnishing the building and made a cash donation of \$100 to a fund for that purpose, will have charge of the sale of the Memorial bricks. They will be assisted by members of the Girl Reserves, Headquarters for the two-day campaign will be opened in the Perrine hotel, Mrs. Parker West, president of the Auxiliary, will be in charge as headquarters on Friday and Mrs. E. E. Ostrander on Saturday.

The price of each Memorial brick will be \$1 or whatever one cares to give. The sale of the Memorial bricks has been decided upon as one phase of the Memorial building committee's general campaign to raise \$10,000 that is required, in addition to the Legion post's contribution of \$4000 and the building site, for construction of the proposed building.

The general campaign that has been under way for about two weeks, is to be pushed with new determination this week in view of definite instruction received by Captain B. E. Leighton, commanding Tenth Infantry, of the Idaho national guard engineers, from Colonel M. C. McCoin, Idaho adjutant general, that the Twin Falls unit will be disbanded next April 15 unless there is tangible evidence that a suitable armory building will be provided. April 15 is the date fixed for annual federal inspection of the national guard unit here.

GOOD-WILL SESSION PROVES SUCCESSFUL

Business and Professional Women's Club Hears Talk On Organization History

The history of the Twin Falls Business and Professional Women's Club from the time of its foundation 14 years ago was outlined in a talk by Mrs. Geneva Lewis, past president of the organization, at the good-will session of the organization members and guests at the club rooms yesterday.

The club, the oldest in the state, was organized with Miss Katherine Pittman, now a resident of California, as president, Miss Leslie Warrington, now of Palisades, California, was the next president. Others in the order named were Mrs. Geneva Stafford Dillington, Jerome; Mrs. Geneva Lewis, Twin Falls; Mrs. Lena Younger, Berkeley, Mrs. Cora Grout, who resides somewhere on the Pacific coast; Miss Mary Robinson, Twin Falls; Mrs. Ada Warkington, Boise; Mrs. Berta Sawyer Melour, Twin Falls; Miss Myrtle Anderson, Twin Falls, and Mrs. Emma L. Hewson, present incumbent, Twin Falls. Special tribute was paid to Mrs. Younger, who twice presided over the destinies of the club. Mrs. Lewis later stressed on the work of the club, particularly in the establishment of its loan scholarship fund, which now amounts to \$500. This fund is at present all loaned out.

The luncheon yesterday was presided over by Mrs. J. L. Greene. Community singing was led by Miss Flora Bower, with Mrs. J. L. Hodgkin at the organ. Miss Esther Hempenham gave two Hawaiian guitar solos.

The closing program of the Twin Falls observance of National Business and Professional Women's club week will consist of the public relations banquet at the Rogers hotel tomorrow evening. The arrangement of which is in charge of Mrs. Lewis. Mrs. Genevieve Dwight will be toastmaster.

HEALTH UNIT PUTS FOUR FAMILIES IN QUARANTINE

Paul Stanfield, 18-month-old son of Mr. and Mrs. F. A. Stanfield who came from Kansas about a month ago to make their home on a farm four miles south of Knoll, was admitted to an isolation ward at the county general hospital here yesterday for treatment for meningitis. It was the first case of meningitis in this city in about a month.

Members of four families known to have been in contact with the child recently were placed under quarantine for three days for observation of cases taken by the county health unit.

DISAPPOINTED BUYERS SUE COMBINE MAKERS

Two dissatisfied purchasers of combine harvester and threshing machines instituted suits against the J. I. Case company in district court here yesterday for cancellation of purchase contracts totaling \$704,643 and for damages amounting to \$139,590.

They allege that the machines were warranted, "if properly operated by competent persons, capable of doing as much and as good or better work than other makes of machines of equal size under the same conditions and on the same job."

Machines of this make had never been operated in heavy fields of wheat grown in the Twin Falls country, when the warranty was given. It is asserted, and failed to meet the test in operation here last season.

WIFE PREFERS PARENTS; HUSBAND ASKS DIVORCE

Alleging that his wife prefers her parents to himself and refuses to live anywhere except near them, Otto Fowler has instituted suit in district court here for divorce from Hazel Fowler to whom he was married in Twin Falls on March 10, 1928. He alleges, cruelly, and in addition to the divorce decree asks the court to restore his wife to her former name of Hazel Dillon. There are no children.

It's Time To Select Your New Spring Costume

at the J. C. Penney Co. Store

New Spring Hats \$2.98

These straw hats of 1930 are a great success! Sometimes brimmed and sometimes not... always soft and fabric-like... they will "top" your spring costume effectively.

Full-Fashioned Silk Hose 98c

New shades to match or harmonize with Spring costume coloring. Semi-sheer to the top or heavier weight silk and rayon with fine lists top. Either weight at 98c.

Coats... Frocks and Ensembles \$9.90 to \$24.75

... the line ... the color of PARIS

Now... right in your own J. C. Penney Co. store are new Spring coats, frocks and ensembles, inspired by those that so recently made their debut in Paris.

Each one with a dressmaker's touch of flattery that even the prettiest frocks have not had in years. For the French originals, like our own adaptations, show the universally becoming lingerie touch on almost every dress. In the important matter of skirt length, too, we've followed the dictates of the great couturiers and made them a trifle shorter than in the Winter mode...

These are but two of the many details of new fashion interest reproduced in our collection for Spring. And each dress, coat and ensemble is made with the care that women expect to find in J. C. Penney clothing.

Spring Footwear \$3.98

A graceful one-strap model in Beige Claude kid, trimmed with brown lizard grain, which will find its way into many a fashion-right spring outfit.
