LABOR CONDITIONS GET AIRING BEFORE LEGISLATIVE BODY

President Green Declares 3,700,000 Wage Earners Out of Work Early in Year And Urges Legislative Aid

(By The Associated Press) WASHINGTON, April 1.—Moves for early enactment of pending employment legislation were given a glowing testimony before a senate committee today by President William Green of the American Federation of labor, that 3,700,000 wage earners were out of work in February and lost over 400,000,000 in pay.

Senator Johnson, Republican, California, chairman of the sub-committee of the commerce committee that heard Green, said he would submit these bills by Senator Wagner, of New York, at the next session tomorrow.

Green said he would press for early enactment. His plan, compressed in three measures, would provide for public construction over long periods, with a \$150,000,000 appropriation.

Senator McNary, Republican, Oregon, assistant Republican leader, said that if the bills were reported favorably by the committee, Wagner might move consideration of them at any time.

Green outlined a dark picture of present unemployment conditions, asserting that during the first three months of the year "hundreds of thousands of men were out of work."

After Green testified the hearing was turned into a round-table discussion, the senators, joining with Green, also heard Mrs. M. J. McLaughlin, of Oregon, who said she had seen scores of distressed and suffering families she studied first hand in a recent survey of the effect of joblessness in the community neighborhood.

In a matter of fact manner, Green told the committee that the government must make provision for unemployed workers "or have a revolutionary situation in the country," he said, "can't stand this shock."

BOISE, April 1.—Sutherland and Davis, Missouri, today awarded the contract for constructing, draining and surfacing 2.3 miles of the Old Oregon road, one of American Falls, on a bid of \$38,817.

MARYLAND SENATOR HEADS VIOLATION PROHIBITIONISTS Scathing Denouncement Before Crowded Galleries In August Upper Chamber Bring Applause for "Wet"

By FRANCIS M. STEPHENSON Associated Press Staff Writer—Warned of defeat for his attacks on the "dry" law, Senator Tydings, Democrat, Maryland, was applauded by prohibitionists in the senate today as he should have continued to fight a cause which is to be re-elected in the United States and all its traditions and philosophy down to the mire of crime and corruption and hypocrisy.

The Maryland "wet" and the Iowa "dry" had been exchanging pointed remarks for more than a year in the first prohibition debate in the senate in weeks, after Tydings unceremoniously dumped a series of charts bearing tables of statistics to drive what he termed "the bunk" out of prohibition.

The demonstration from the crowded galleries started the measure membership in the senate. The heckling by Brookhart and brought a warning from the president of the senate that any further break would result in the clearing of the galleries.

The Tydings figures on the effects of the prohibition law, Senator Brookhart contended, showed an increase in drunkenness with a decrease in crime. He included figures for cities which were "dry" before national prohibition was enacted.

"Well, I might as well have it out with you," he said, "I pulled his revolver and pointed it at the dentist but he was fairly taken aback and caught the bullet in his coat."

The mayor then threw twice at the editor and three at the editor's wife. The mayor fired a third shot after the editor had fallen.

The mayor and Brockhart walked to the front of the hall and the mayor's undertaking establishment where he ended his life by firing a bullet through his head.

## Idahoans Lose in Last Half After Thrilling Battle

Eaker, Flashy Guard From South Carolina, Counts 9 Points in Last Two Quarters to Win Contest

By PAUL H. NICKELSON  
(Associated Press Sports Writer)

CHICAGO, April 1.—Dixie basketball, mostly that of the small town variety, scored new and impressive triumphs today as the night in the initial 10 first-round battles of the University of Chicago's twelfth annual national "prep" championship at Bartlett gymnasium.

Seven first teams from the Southland started and six of them finished what they started out to do—winning good quality contests. The grand championship scramble by generally large margins. The only title team to fall was Cambridge, Maryland, which fell, 22 to 20, before a surprising team of striplings from Ely, Nevada.

The successful ones were: Linley Athletic, Wheeling, West Virginia; Spartanburg, South Carolina; Corbin, Kentucky; Lakeside, California; Louisiana, and Savannah, Georgia.

Led by Grever Eaker, flashy guard from Spartanburg, South Carolina, high school champions, defeated Rexburg, Idaho, 33-20, in the first of the Western team had held a 1-point advantage at the half. Eaker counted 9 points in the last half to pile up the score for the winners. Rexburg quickly took a lead of 8 to 2 at the start of the game, but the winners tied the count at 16 all at the opening of the second period. The Idaho champions were held to two baskets in this period. Rexburg will play Reagan high school, Houston, Texas, in the consolation round tomorrow.

In addition to the Nevada state champions, the other survivors, all standing out as threats to win the national crown, were Clinton, Montana, New Brunswick, New Jersey, and Morgan Park, Chicago.

One upset. Although it was April fool's day, only one game had an upset complexion. That was Linley's 20-10 victory over a mighty, hard-fighting team from Reagan, Houston, Texas. Out of the welter of competition in the first round games, however, two teams displayed such excellent basketball that they were immediately granted as definite favorites in the title chase. They were Clinton—a town of 1200 population in the sugar belt district of northern Montana, which trounced Corbin Central, Fort Wayne, Indiana, 30 to 12, and Jena, Louisiana, which turned in the most one-sided victory of the day—a 49-10 conquest over Clovis, New Mexico's champions. The two teams were coached by Mack, the comedian and sharpshooter deluxe of the tournament, looked even better than last year when it went to the quarter finals.

Only one game was close today and that was a thriller all the way, between Lakeland, Florida, and Chelsea, Massachusetts. In the final minute of play Lakeland, utilizing its far greater height, forged ahead to win, 28 to 23.

Eight first-round and two second-round skirmishes will be played tomorrow, when many of the heavy favorites, among them the defending champion, Athens, Texas, swing into action.

### Group of Lop-Sided Matches Features Opening Round of Competitive Playing

PINEHURST, N. C., April 1 (AP)—A group of lop-sided matches, several of which ended in the early part of the second nine holes of play, featured the opening round of competitive play here last night in the North and South amateur golf tournament here today.

Only two of the eight matches went the full 18 holes. Max Maurec, Detroit, New York, the medalist, was forced to the eighteenth by Miss Peggy Watters, Buffalo, New York, and Mrs. Leo D. Pezerman, New York, slugged a strong finish to take the last three holes to win on the eighteenth from Miss Martin Turple Lake, New York, former Southern champion, who led 11 to 10.

The other matches went much as the crowd expected, the only surprise being the one-sided way several of them were won. One of these surprises was the defeat of Miss Betty Abernethy, Pittsburgh, who was defeated by Miss Louise Eyer, Youngstown, Ohio, 8 and 7. Miss Olenna Collet, national champion who is descending here from North and South title, found difficulty in beating Mrs. John Arentz, Chicago. After a bad first hole in which she took a six, Miss Collet failed to wind up on the twelfth, seven up and six to go.

divorce that she might marry Richard Wagner, his best friend.

Don Blum, desiring her happiness above everything else and also because of the deep regard in which he held Wagner, brought about an amendment of his union with the woman who had borne him a two daughters; superintended the plans for her wedding with his rival of the hour, and then remained the couple's best friend until Wagner died many years later.

Richard Wagner was born on the shores of Lake Como about 1813, the illegitimate daughter of Liszt, and the brilliant composer of "Agnus Dei," who had a love affair with her, but was abandoned in Paris. Liszt had already achieved considerable fame as a musician, but had not at that time conceived of the priesthood, which he entered some 20 years later; while the composer was well known in literary circles as "Daniel Baren," the pseudonym under which he produced several novels.

PAUL WOMEN HONOR RESIDENT AT PARTY Friends Entertain For Mrs. Clarence Hollenbeck

PAUL, April 1 (Special to The News)—In honor of Mrs. Alfred Hoover, who will leave in a few weeks to make her home in Pocatello, Mrs. W. J. Pitterger and Mrs. Clarence Hollenbeck entertained at a combined bridge and kenogama at the home of the former Saturday afternoon. Spring flowers and pussy-willows were used profusely in decorating the rooms. A large number of yellow and lavender were carried out in the "lily" cards and other appointments. The appointments were decorated with crystal vases of yellow jonquills and pussy-willows tied with lavender and yellow ribbon bows. Four tables of bridge were in play, and for the women not playing cards, a number of clever guessing contests were arranged. Mrs. W. J. Pitterger was the winner of the contest prize. Mrs. Don Harding captured the high score; Mrs. Ethel Nelson was awarded consolation, and Mrs. James Cloughrey secured the all-out. The guest of honor was presented with a hand-made pillow and a vase of yellow jonquills. Little bottles were given to each guest in which to write a farewell message to the guest of honor and which were presented in a delicious luncheon. A large number of cards were served to the following guests: Mrs. A. Stewart and Miss Margaret Hoover assisting the hostess; Mrs. James Cloughrey, Mrs. Walter Nelson, Mrs. Charles Easton, Mrs. Don Hardin, Mrs. Amy Clark, Mrs. Don Clark, Mrs. Floyd Clark, Mrs. Charles Wiley, Mrs. James Ellis, Mrs. Maude Pettit, Mrs. Oscar Pettit, Mrs. J. M. Bunsen, Mrs. Pauline Caudie, Mrs. Olo Red, Mrs. A. O'Griffin, Mrs. Carrie Fowler, Mrs. Porter Warner, Mrs. E. E. Wagon, Mrs. George Moore, Mrs. William Tricker, Mrs. Al Stewart, Mrs. W. W. Pitterger. The out-of-town guests were: Mrs. J. M. Bunsen, Mrs. W. W. Pitterger, Mrs. Richard Zahl and two children left Saturday for Twin Falls, where they will make their home. A farm recently purchased there. During their stay in Paul, Mrs. Zahl was entertained by the Ladies Aid society of the Methodist Episcopal church met at the church Thursday afternoon. After a short business session the afternoon was spent sewing. Mrs. William Tricker was presented with a beautiful watch by the members of the church on the occasion of a birthday anniversary. Refreshments were served.

SCHOOL INSTRUCTORS OF CASSIA COUNTY CONVENE

IRON FIREMAN

IRON FIREMAN —the machine that made coal an automatic fuel. Iron Fireman non-oil-fired forced underfiring cuts fuel bills 15 to 50 per cent. It burns smaller sizes of coal, which cost less per ton. And it burns less coal. Automatically maintains even heat or boiler pressure, makes a fire 500 to 1000 degrees hotter than with hand firing, reduces labor costs, eliminates smoke. For homes, apartments, and commercial heating and power plants up to 100 boiler h.p., sold on convenient terms. A Iron Fireman engineer will call and survey your plant, and make a report that fairly and accurately compares your present results and costs with results and costs you may expect from an Iron Fireman. THE STRANGE DISAPPEARANCE OF MARY YOUNG

By MILTON M. PROPPER

"Well, I hardly know how to begin. The situation has been developing such a long time...

"Bobby Girard? Who is he?" "Besides his brother, who was Miss Mildred's father, Mr. Yeager also had a sister, Miss Clara Yeager...

"When did she run away with?" "Rankin was determined to collect all the details; later he would sort the relevant ones from the others...

"A good-for-nothing fellow," used to be the name of Julius Girard, who in fact passed through the town and, in fact, never got to the town...

"I think it was then that all the trouble started. Bobby Girard was a clever little boy that Mr. Yeager took a great liking to him; and he got the idea that he would be a wonderful thing if he could get away with him...

"And when old people once get an idea like that, they hang on to it like glue. "But Miss Mildred, even that early, didn't like Bobby. All the rest of us thought that the world of him, but not Rankin; she couldn't stand him...

"What school was that, Mrs. Herman?" "A private school named Marcus, was a exclusive place. It was, and Bobby was there until he was 17. It is in New York City. After he went to another school, don't think I remember the name—and then he went to Columbia for two years...

"In other words, that plan of marriage continued with him all through the years. There was no change, and Bobby was there until he was 17. It is in New York City. After he went to another school, don't think I remember the name—and then he went to Columbia for two years...

"That's exactly so, Mrs. Herman. I'm inclined to believe in it. The longer Mr. Yeager had to think about it, the better it seemed to him. So finally it was all settled that the marriage was to take place...

**PREBYTERIAL GOES TO BURLEY IN 1931**

Enthusiasm—Marks—Closing Session Here of Annual Meeting of Organization

The twentieth annual meeting of the Twin Falls Presbyterian society was adjourned yesterday at 4 P. M. to meet in Burley in March, 1931. Much routine work was transacted by the society yesterday, which also heard talks by Mrs. E. B. Bancroft, San Francisco Pacific coast regional secretary of the national home extension society; by Mrs. Alex Campbell, Pocatello, synodical president, and by Dr. George C. Hines, instructor in the Presbyterian college at Baranquilla, Colombia.

The enlarged scope of women in the affairs of the United States and of the world was stressed in the addresses of Mrs. Bancroft and Dr. Hines. Mrs. Bancroft pointed out the large number of girls who had been educated in schools in this country as coming from such countries as England, France, Germany and the nation. Work in the mountain districts in the south was especially emphasized.

Dr. Hines spoke on the recent development in mission schools of womanhood in Colombia among the poor people who are a mixture of partly Spanish and partly Indian in ancestry.

Mrs. Campbell urged efficiency and economy and suggested that it would be a good thing if every society had an official printer to keep the minutes. The national secretary, optimistic in character, Mrs. Bancroft suggested, among other things, that they fill their treasuries and carry with quarterly dues and then employ it with effective work during the quarter rather than allow a surplus to be in the treasury. "Keep your treasury empty in this way" she advised.

Among the outstanding features of the program yesterday besides addresses by outside speakers, were devotions in the morning by Rev. Lillian Wendell, Wendell, and in the afternoon by Mrs. A. E. Thompson, Coalinga, California. Mrs. J. H. Arthur, Burley; Mrs. A. F. McCluskey, Buhl, and Mrs. L. L. Breckenridge, Twin Falls.

**SOLENN LAST TRIBUTE PAID MRS. E. N. GISH**

A solemn final tribute was paid at largely attended funeral services in the Presbyterian church here Tuesday afternoon for Mrs. Etta Gish, wife of E. N. Gish, Twin Falls, resident for 10 years past, whose death occurred last Friday evening.

Speaking on the text, "Blessed are the dead that die in the Lord," Rev. James Miller, in the funeral sermon, suggested—though that death is not a righteous state and that memories are immortal. He paid tribute to the character and life of Mrs. Gish, referring particularly to her active part in the work of the church and the cause of missions.

During the service, Mrs. J. A. Dyers sang as a solo, "Care My Father's Home," and Mrs. P. P. Dracken sang "Come Unto Me Ye Weary" and Mrs. Dyers, "One Sacred Solemn Thought," with accompaniment at the organ by Miss LeNele Breckenridge.

pallbearers who carried the body to the last resting place in Twin Falls cemetery, were E. A. Chaplin, A. R. Ostrander, D. R. Young, Bruce McMillan, O. M. Hall and W. O. Smith. Members of the Board of Missions of America attended the services in a body.

Mrs. Gish was the mother of two sons, Cecil Gish, Blair, Nebraska, and Lyle Gish, who returned this week from an extended tour with an orchestra, and both attended the funeral services.

**NONCHALANT CLIMBER SCALES SLENDER POLE**

It took Bruce W. Jeter, Cameron, Texas, a sleep jack and painter, about half an hour yesterday afternoon to scale the slender, swaying 75-foot steel flag pole on Twin Falls county's courthouse lawn, and only a little more than an hour to cover the pole with a gleaming coat of aluminum paint.

**RAILROAD OFFICIALS MEET WITH SHIPPER**

Traffic Heads Will Discuss Proposed Change in Potato Divergence Rates

M. E. Godwin, Salt Lake City, general freight agent of the Oregon Short Line railroad company, and J. L. Amos, Salt Lake City, assistant traffic manager of the Union Pacific railroad company, are expected to arrive here today to discuss with shippers of potatoes, the petition filed with the Short Line for a change in rates on potatoes shipped from here to Fresno or Stockton, and later diverted to Los Angeles, which would make the charge to Los Angeles that case the same as if the potatoes were shipped from Twin Falls to Los Angeles by way of Orem and Salt Lake City.

A shipper stated yesterday speaking of this matter: "At present the rate from Twin Falls to Los Angeles by way of Orem and Salt Lake City is 56 cents per hundred. To Stockton and Fresno it is 52 cents. The distance over the wells branch to Los Angeles is somewhat greater than the distance via the Orem and Salt Lake City route, though we do not feel that it is materially so."

"At present a shipper here may bill a car to, say Fresno, expecting that on its arrival the market there he finds that it is not as hot as he wants to divert it on to Los Angeles. Under present conditions he must pay about 22 cents extra. It is this extra charge which he feels to be eliminated."

**HORTICULTURISTS SPRAY SOUTH IDAHO ORCHARDS**

Spraying of trees is under way in all the orchards in the Twin Falls district, it was stated yesterday by an orchardist here. Some are spraying with lime sulphur and some with arsenic. It is stated that it is necessary to defray the spraying process. It will take about 10 days more to complete the work in some of the larger orchards, it is stated.

**NONCHALANT CLIMBER SCALES SLENDER POLE**

It took Bruce W. Jeter, Cameron, Texas, a sleep jack and painter, about half an hour yesterday afternoon to scale the slender, swaying 75-foot steel flag pole on Twin Falls county's courthouse lawn, and only a little more than an hour to cover the pole with a gleaming coat of aluminum paint.

**COLLISION INJURES SIX-YEAR-OLD BOY**

Little Son of H. E. Johnson, Filer, Receives Gashes in Face in Crash on Highway

A six-year-old boy was cut so badly about the face that 15 stitches were required to close the wounds; two other persons were less severely injured, and two automobiles were badly damaged in a collision on the highway near its intersection with the main highway at Filer, shortly before noon yesterday.

The boy, Calvin Johnson, was riding with his elder brother, Harold Johnson, who was driving, and their father, E. H. Johnson, Filer farmer, moving eastward on the highway.

The other car, traveling westward on the highway, was driven by Roy Whitley, son of A. E. Whitley, Filer farmer, who was the only occupant.

The collision was almost directly head-on, each car being turned around and hurried to the sides of the road, one on one side and the other on the other.

Whitley was slightly cut about the face, and E. H. Johnson appeared to be dazed for some time after the accident.

The wounded boy and youth were brought to the county general hospital here. Whitley left the hospital soon after his wounds were dressed, while the younger lad remained until evening.

**TWIN FALLS GIRL IN STATE SPELLING BEE**

Ann Marie Enebeck, eight grade student of St. Edward's school, Twin Falls, who is the champion speller of the South Central Idaho district, has been directed to go to Pasco next Thursday to compete in the Idaho state spelling contest to be held in Frazier hall on the campus of the University of Idaho, Southern Branch, next Friday.

She will be accompanied on the trip by her aunt, Mrs. Margaret Brown, Twin Falls.

**MYSTERY SURROUNDS FOOT FOUND ON DUMP**

Official investigation under way since last Saturday has failed thus far to unravel mystery surrounding a man's right foot that was found in rubbish on Buhl's municipal dump last week and turned over to Sheriff E. P. Prater.

The sheriff brought the greasy relic to Twin Falls and placed it for safe keeping in a vault at the court house, while making inquiry with view to learning the person from whom the foot had been taken and the circumstances under which it was removed.

Bits of gauze clinging to the foot, which had been removed a little above the ankle, indicated that a surgical operation had been performed, but investigation has disclosed no operations of that character performed here recently.

On account of advanced stage of decomposition, officers stated, it was not determined whether the foot had been injured.
