

CHURCH CLUB PLANS FESTIVAL IN OAKLEY

Junior Girls of Latter-Day Saints Mutual Society Prepare for Annual Event

OAKLEY, April 8—A spring festival will be given at the Oakley town hall, Friday, April 11. The affair is sponsored by the junior girls of all the Latter Day Saints Mutual Societies in Cassia county stake. In connection with the regular dancing party, special attractions including a floor drill by girls in costume; a bluebird dance by Mrs. Ralda Black; and a flower dance, under direction of Maude M. Clark, will be presented. The hall is being decorated to represent a spring garden. Much preparation has been made for this part of the entertainment. Refreshments will be served during the dance and will also be prepared and taken to picnic grounds at Oakley and Eskimo place. Music will be furnished by the Nighthawks, directed by Glenn Baker, Twin Falls.

The city is situated just east of the Farmers Commercial and Savings bank is undergoing a thorough clean-up. This includes the removal of junk and grass and trees will be planted. The project is under the direction of Mayor S. P. Worthington and other members of the board. The new park will assist in the rejuvenation of Oakley, as well as to provide a place for our children to spend part of their time.

Mrs. Virginia Alexander went to Burley Saturday to undergo a minor operation.

Mrs. William White is visiting friends and relatives in Salt Lake City.

Miss Judy Hull, Salt Lake City, was in Oakley during the last week visiting with her sister, Mrs. Raymond McHenry.

The regular meeting of the Oakley Women's Club will be held Thursday, April 10, in the library room, located above the Hardy Music store.

The following persons are attending Latter Day Saints general conference at Salt Lake City: Mrs. E. E. Walker, Mr. and Mrs. E. E. Stock, Mr. and Mrs. L. P. Robinson, Jr., Charles Larson, Mrs. J. W. Johnson, Mrs. George E. Elson, Mrs. Alice Hale, Wesley Poulton, Mrs. Patley Martin, Mrs. (Mrs. Ray) Beckie, Mrs. Mary Cranney, Mrs. Earl Whiteley, Mrs. Hyrum Fairchild, Mrs. Bertha Stumma, Mrs. Joseph Smith, Patrick Charles E. snapped, and at last succeeded in getting order.

In a few minutes the committee adjourned until tomorrow.

After the hearing, Pierce talked with newspapermen outside the committee room for several minutes. He said later he had been waiting for Senator Black, but the senator did not appear.

Black, who left the room before Pierce, declined to comment except to

say that he was not attempting to make any insinuations.

Black read a letter written by Pierce to Washington on October 29, 1929, which said it was "quite necessary that you make an advance of \$1000."

He also attempted to show that it was about that time that Pierce's newspaper began advocating the American Cyanamid proposal to lease Atomic Shoshone but Pierce said he had favored it since it was offered.

"Short, Short Story"

Monday breakfast is always a frosty meal at our house, but last Monday the Jack was positively congenial! And I was so mad at Jack, I could bite!

He acted as though moving that washing machine was a mere whim on my part!

Heaven! I don't like to wash! I hate the sudsy, smelly, mess in my lovely blue and cream kitchen! But washings HAVE to be done, don't they?

"What'd you want to get a job like this for, anyway?" he grumbled.

"It isn't my fault the house has no laundry room!" I snapped, "I didn't build it!"

"Why don't you send your washing to the laundry, then?"

"You would be dumb!" I retorted. "Send all my lovely linen to be ruined!"

"Ruined! Piffle! That's grandmother stuff! I sent my washing to the laundry for years! Nothing was ruined that I could see! I'd do it myself if you'd let me do it! Why don't you go to the laundry and see what they do, instead of pulling that 1890 opinion?"

And he slammed out of the door! Was I mad?

—But by-afternoon I had the washing done—and a snappy comeback planned. I WOULD go to the laundry—and get the low down on it! And when Mr. Jack came home—I'd lay him with facts!

My word! I spent two hours in that laundry—and I came out, changed women so far as my opinion was concerned—I simply hadn't known the A-B-C of good-washing!

My way was to fill the machine with suds and wash one lot of clothes after another through it until they were all clean—or at least until they had all had a turn at the water. But in the laundry, if you please, they used a suds for ten minutes or so, and THEN TURNED IT INTO THE SPINNER! Then they put in a fresh suds, and did that as many times as it was needed.

And rinsing! I thought of what I had called rinsing—and blushed. Rinse and RINSE—until the water runs clear; seems to be the rule in the laundry. And all that lavishly used soap! With the smallest amount of soap it quised beautifully. No wonder their work was so white-and-soft!

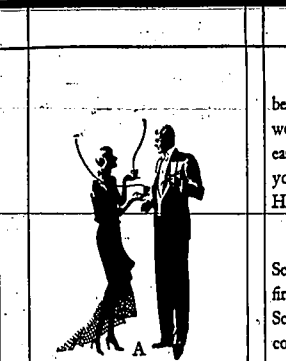

I gazed at the "low down" that I would have to give Jack!

But I rather pride myself on being a sporting housewife.

Well, Jack—I confessed as we sat down to dinner, I went to the laundry and I found out that you won't have to wrestle that washing machine into the kitchen again!

Jack grinned, coarsely.

"No hard feelings, I see! Let's go to the movie-tonight and see 'em make love'!"

Quality YOU WOULD WANT IF YOU KNEW ALL THE FACTS

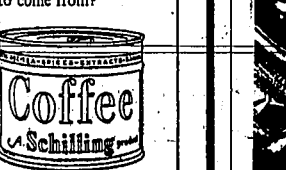

On your grocer's shelves are hundreds of delicious products. None of them are harmful—otherwise the Government would step in. Few of them are distinctly poor in quality—otherwise you would detect it. But there are certain products, whose makers are not content with what you can detect. Their number is increasing. You can find them sooner or later. Any woman does, who

believes that fine things are worth looking for. It would be easier for you to find them, if you knew more of the facts. Here is one of the facts.

Fact 15

Schilling produces only the first grade of coffee—but only Schilling does it. Contrary to common practice, Schilling specializes on fine coffee. There are no 2nd or 3rd grade Schilling coffees—no cheap blends—no dual standards of quality.

The finest things usually come from those who devote themselves to fine things exclusively. There are many excellent coffees—but where is the snappy apt to come from?

There are 42 other facts about Schilling products—Coffee, Tea, Baking Powder, Spices, Extracts.

Fact 31

Mix 1 part of Schilling Cinnamon to 10 parts of hot water. The likewise with any other cinnamon. Dip a cube of sugar in each of those solutions, and place on the tongue. Then YOU decide which has the finer flavor! Schilling's is made from the finest Belgian cinnamon bark—and only best.

Fact 33

Schilling Lemon Extract contains 3 times as much lemon oil as required by the United States Government Pure Food Department—3 times as much! And more than most any other you buy. That is why it goes further—why it imparts a richer lemon flavor.

50,000 Fans Witness Opening Games In Pacific Coast League

Angels, Senators, Stars and Indians Win First Games

Mayors of Cities and High Officers in Army Participate in Ceremonial Launching 1930 Season

(By The Associated Press)
SAN FRANCISCO, April 8—Old 50 henned down on California today as all the fine ladies, gentlemen and 50,000 fans, not so prominent, but probably better rooters, turned out in four cities of the state, for the opening baseball games of the Pacific coast league's 1930 season.

A slightly overcast sky, but warm weather, was reported from Los Angeles, where Mayor John C. Porter tossed the first ball of the Portland Angels against the Portland Senators.

Mayor James Ralph, Jr., San Francisco, reported ready to announce his candidacy for the Republican nomination for governor dropped politics long enough to make out to Recreation park and pitch the first ball, thus starting the season of the Seattle Indians off in the 1930 race.

In Sacramento, where the Senators played host to the San Francisco Mission, Lieutenant Robert Brennan, of the ninety-fifth Pursuit squadron, Rockwell field, dropped a ball from the sky. That done, Brigadier General William E. Gilmore, commander of the air maneuvers now on in the capital city, stepped the pill to Mayor C. H. B. Bidwell. Mayor John Davis, veteran of many such events, was the first to pitch. Oakland was the first to pitch. Oakland was the first to pitch. Oakland was the first to pitch.

ANGELS 3, PORTLAND 2

LOS ANGELES, April 8 (AP)—Eddie the ace pitcher of Clyde Barfoot, who has never lost an opening game in his career, lost to the Portland Angels defeated Portland, 3 to 2, in the opening game of the 1930 Pacific coast league race here today before 10,000 fans.

Barfoot held the Beavers to four hits, including a home run, by Bob Schmeck in the fourth inning with a man on.

Carl Mays, veteran major league making his first appearance in the Coast-league, pitched a steady game but the Angels bunched seven of their nine hits on him.

Arnold Stutz, Angel centerfielder, led his mates in hitting with a triple and single in the three-inning game.

The score—
 R. H. E.
 Angels 3 4 0
 Beavers 2 4 0
 Batteries: Mays and Woodall; Barfoot and Warren.

INDIANS II, SEALS 1

SAN FRANCISCO, April 8 (AP)—In the wildest opening-day game ever witnessed here, Seattle's Indians scored on San Francisco Seals, 11 to 10, today in the twelfth inning after the Seals had tied the count with a seven-run rally in the ninth frame. More than 12,000 persons, the largest life suddenly on the ninth inning when the Seals drew Kallio, Hubbell and Lammanski from the box and scored seven runs. In the twelfth Seattle put over two runers while the Seals could not tally one.

Dave Barber, husky right fielder of the Indians, was the batting star with two home runs and a double.

The score—
 R. H. E.
 Seattle 11 15 2
 San Francisco 10 14
 Batteries: Kallio, Hubbell, Lammanski, Kuna and Borreani; Davis, Knight, Montgomery, Gaston and Reed.

HOLLYWOOD 4, OAKS 1

OAKLAND, April 8 (AP)—Hollywood Stars defeated Oakland today in the opening game of the season by a score of 4 to 1. Hank Hulvey proved too much on the mound for Oscar McQuaid, pinch-hitting for Craghead. Hulvey pitched the only fairly made by Oakland. The defeat was charged to Craghead as the Stars scored all four runs off him in the third inning. The game was interrupted by 12,000 fans.

The score—
 R. H. E.
 Hollywood 4 9 2
 Oakland 1 10 0
 Batteries: Hulvey and Bassler; Craghead, Hunt and Lombardi.

SOLONS 21, MISSIONS 14

SACRAMENTO, April 8 (AP)—In one of the wildest openings on record in coast league history, Sacramento inaugurated the 1930 season here today by overwhelming the Missions of 21 to 14. Twenty-five, 10,000 fans witnessed the opening fracas, attended by United States flying ace, who was the first to pitch. The game was interrupted by 12,000 fans.

The score—
 R. H. E.
 Sacramento 21 24 2
 Missions 14 10 0
 Batteries: McQuaid, Pillella, Douglas, Kelly and Hoffman; Bryan and Koehler.

Solons Rule on Wrestling Case

New York State Athletic Commission Hands Pummeling to Abused Sport

By EDWARD J. NEIL
 (Associated Press Sports Writer)
NEW YORK, April 8—Wrestling, that highly entertaining but much abused sport, took a pummeling today from the New York state athletic commission.

Taking the attitude that all wrestlers were guilty of hippodroming until over 100,000 spectators were seated on the floor, the commission decided that the term "match"—indicating "contest"—could not be applied in the future to grappling carnivals within the New York state limits. When the big thunder and drum men gather, the proper terms are "shows" and exhibitions, and promoters must so label the ballyhoo.

Commissioner William Muldoon, whose 65 years of wisdom include a complete understanding of westerners and their customs, led the attack that coincides with the recent agitation against wrestling within the 22 states and territories of the National Duxing association. The ancient Duxing, a heavyweight wrestling champion, manager and promoter many years ago, had been conducting a one-man investigation himself at recent bouts here.

No Official Statement

While no official statement or explanation was made, the commission indicated that stronger action against suspected "hippodromes" awaited only stronger and conducted tournaments to decide new champions, announced that it had washed its hands of further attempts to clean up the game among heavyweights. Stanley M. Isaac, association president, said that heavyweight wrestling factions wanted secret arrangements and unsuitable opponents and had no desire for honest competition.

Freeman Bows to Champion Fields

Battle in Cleveland Arena Ends in Technical Knockout for Holder of Title

CLEVELAND, April 8 (AP)—Jackie Fields, welterweight champion, scored a technical knockout over Tommy Freeman, Erie, Pennsylvania, in the fifth round of their scheduled 12-round non-championship bout here tonight.

Freeman, 24, was a slugger. The bout was a slugfest. Freeman, 24, was a slugger. The bout was a slugfest. Freeman, 24, was a slugger. The bout was a slugfest.

In the fourth, Fields smashed Freeman with rights and later with lefts. Freeman's lip broke and Freeman-Haley, New York, referee, refused to allow Freeman to man out for the fifth round due to the flow of blood.

Paul Pirrone, Cleveland, welterweight, won the decision from Jimmy Goodrich, Buffalo, former lightweight champion, in the 10-round semi-final.

Star Hurts Feet During Nightmare

OAKLAND, April 8 (AP)—Bill Rumber, big swatman and outfielder of Hollywood's Stars, did not participate in today's opening coast league game with Oakland on account of a nightmare and a Pullman car window. Coming up from Hollywood, Rumber had a restless night and jammed his feet, through the window. He served severe cuts and will be out of play for about a week. Rumber hit 386 last season and was slated for the cleanup position today.

Memphis Club Beats New York Yanks, 3-1

MEMPHIS, Tenn., April 8 (AP)—New York Yankers' string of minor league victories was snapped today by Memphis, the Southern association club winning, 3 to 1, in the tenth defeat in 30 exhibition starts for the Yanks.

Babe Ruth made his appearance in the starting lineup but was in only long enough to slam a single into the right field fence. He hooked down to first and there gate way Sammy Byrd.

Changes for Pact to Include Italy and France Grow

(Continued From Page One)

between the United States, Great Britain and Japan took another big step toward actuality this morning when the big three—Mr. MacDonal, Secretary Henry L. Stimson and Reijiro Wakatsuki—reached complete agreement on a new treaty such a treaty exempting Japan's proposal that she be permitted to use 20,000 tons of naval tonnage for building submarines instead of destroyers.

This is what naval experts call transferring tonnage from one category to another. The big three will meet tomorrow to settle the final point.

Definite results of the London conference, particularly with reference to the submarine question, took shape this afternoon in a long meeting of the first committee and the second committee, which met for the second session for final approval.

A. V. Alexander, first vice of the admiralty, presided and made an attempt to bring up the question of abolition of submarines. He was opposed by the Chinese, the British, the French and the Japanese. The Japanese has not changed, since they arrived in London and Italy would consent to abolition of submarines only if Italy's own were abolished simultaneously.

With the deadlock on this question continuing, the committee voted to report to the plenary session that no agreement was possible. Thus the question of submarine abolition will be heard of for the last time at the London party.

Carnera Defeats Riverside Negro With Kayo Blow

LOS ANGELES, April 8 (AP)—Pino Carnera, Italian behemoth, won his fourteenth match in the United States here tonight by knocking out Nell Clabby, Riverside Negro heavy weight, in the second round.

The knockout blow, a hefty right to the Negro's jaw which lifted him 22 inches, came after 40 seconds of stalling in the second round.

Clabby, who weighed 198 1/2 pounds and is 6 feet 3 inches tall, looked like a lightweight in the ring with the ambly, Alp who tipped the scale at 272 pounds and is 6 feet 7 inches.

The blow that rang down the curtain for Clabby was the first Carnera had landed on his dainty opponent, with the exception of a swinging left hook in the first round that struck the Negro on the neck and sent him down for a 30-second.

Griffiths Knocks Jack Texan Out

BIOUX CITY, April 8 (AP)—Tuffy Griffiths, hitting the comeback trail after his recent knockout by Jack Gagnon, finished Sully Montgomery, Fort Worth, Texas, in the first round of their scheduled 10-round fight here tonight. Tuffy floored the former center of the 10-round fight with a left hook after 2 minutes 47 seconds of fighting.

Weights were: Griffiths 188; Montgomery 212.

TOO MANY 'DAYS'
A multiplicity of special days or events, each calling for its own observance, must be a source of some perplexity in the public schools.

A circular lately addressed to teachers by Mrs. Rose J. Wilson, Twin Falls County Superintendent of Public Instruction, refers to these special observances...

Manifestly there is presented here a considerable problem for school administrators. Mrs. Wilson has met it in this way, advising in this circular...

"Of course, we cannot give too much school time, especially at this season of the year, to observing any one day that comes along, but could you not work in much of this as opening exercises or as language discussion or as special topics in history, etc. and in that way make it a correlated part of your regular work?"

It is in relation to other and every day things that the incidents or purposes emphasized in special days are most valuable.

Perhaps special days cannot be observed better than in the manner similar to that suggested by the Superintendent, as well outside as within the schools.

COMBATING PROPAGANDA
A New York minister has some good advice for citizens who are fearful of "Red" and other "malicious" propaganda.

First, he recommends less secrecy and more publicity in such matters as international discussions and statements. Next, he recommends less suppression and more freedom, allowing everybody a chance to know for himself and to arrive at his own conclusions.

"To protect ourselves from the effects of propaganda, I recommend a radical change in our educational system. It should be the duty of educators to teach students to think for themselves and to differentiate between those ideas and ideals which are able to prove helpful to mankind and those which are not."

PHRENOLOGICAL "CONSIDERATIONS"
A curious thing about the alarm given in the Twin Falls circles over the proposed new program is, however, its own nature. It is the assumption that this is a new idea.

"Consultative peace has been familiar in American diplomatic immemorably. America is really sponsor of the League of Nations, a part of the Washington treaty of 1922 and literally scores of them are found in American history, less well known."

MOOSE OF IDAHO PLAN FOR SESSION

Annual State Convention Will Bring 500 Persons to Twin Falls Two Days

Five hundred persons, of whom 200 will be delegates, will visit Twin Falls on the occasion of the meeting of the Idaho Moose association, in a two-day convention on a date in June not yet definitely set.

That action, by the way, was in fulfillment of a pledge given by the past president of the Moose, which in its nineteenth hundred twenty platform had declared for "instant and general international conference whenever peace should be threatened by political action, so that the nations pledged to do and stand upon what is just and fair may exercise their influence and power for the prevention of war."

Millions of Americans regard with pride, believe that it is as desirable now as it was a decade ago.

THE BACK SEAT BOSS
Many a long-suffering driver will bear a thrill of satisfaction that there is actually a state with a law against back-seat driving. It is Vermont. And the example may be spread.

There should be no law in every state in the Union. Not only is any driver excessively annoyed by instructions and warnings from the back seat, but often accidents are caused by drivers looking around at the sudden shouted exclamations of a passenger in the rear.

DRYS' Make Gains As More States Enter Balfoning

The "dry" make a slight gain in the fifth week's returns of the Legislative Four's nation-wide prohibition poll as four new states are represented and one a half million additional votes are tallied, according to the weekly change for strict enforcement, which amounts to slightly less than one-half of 1 per cent.

Of the grand total of 2,817,077 votes in this report, 112,548, or 29 per cent of the total, are for strict enforcement; 1,704,529, almost 60 per cent, are for moderate modification; 1,042,277, or 47 per cent, vote for repeal.

Utah and the states from which returns are tabulated this week. With a total of 1,148 tabulated votes, the states are for strict enforcement, 271 for modification and 877 for repeal.

SLIGHT REACTION APPEARS ON MARKET Professional Operators for Advance Regain Control for Time But Surrender

NEW YORK, April 8 (Special to The News)—Stock market reaction today was a slight one, but then losing most of its gain. Telephone Drops United States Steel was under considerable pressure, then remaining about half its loss. American Telephone lost about 14 1/2 points, but then losing most of its gain.

Associated Press Financial Writer NEW YORK, April 8 (Special to The News)—The stock market reacted rather decidedly toward reaction today. Professional operators for the advance managed to regain control of the price movement for a time around mid-day, but were then disconcerted by the steady influx of orders. The market sold off rapidly in the last hour, but rebounded here and there as short covers were made. The market closed at 115 1/2, a final few minutes of trading. The majority of the more active shares ended the session 1/2 to 3 points lower.

The selling was orderly but persistent. Unlike recent setbacks, today's reactions could not be attributed to bear attacks abetted by a late ticker. Trading was in comparative moderate volume, and the ticker kept well up with prices on the floor. Total sales aggregated 4,898,410 shares, the lowest since the market opened for a full session in nearly two weeks of heavy trading. The price index of 90 representative stocks lost about 1 1/2 points.

News Not Favorable The day's business news was for the most part not particularly favorable, but the market appeared to be governed primarily by a growing conviction among traders that the recovery of the market had been reached during the several days of the last week, and that a technical correction in the market was inevitable. News regarding the oil was distinctly favorable, including a further reduction in crude output, and advances in gasoline prices in the eastern states, but profit-taking was about as heavy in this group as elsewhere.

Reports from the steel trade were somewhat less favorable, but predicted that United States Steel's mill will show a substantial decline. President Denney of Erie said that the present business conditions here could not predict when plans for the inauguration of common dividends will materialize. Radio-Keith was again hurried upward by heavy buying, reaching new

UNKNOWN PERSON BRINGS RELIEF IN PIPE-LINE BLOCK

Water Again Flows Through Underground Conduit to Irrigate Lands Outside Twin Falls City Limits

An unknown person early yesterday removed an obstruction in an underground water pipe that had brought to a focus two weeks' dispute between Twin Falls city administration and approximately 50 owners of 500 acres to which the pipe carries water outside the city limits.

The obstruction that developed late Monday cut off flow of water through the pipe in half. Neither city nor landowners was willing to remove the obstruction fearing such action would be interpreted as an admission of liability for maintenance of the pipeline, and the dispute was headed toward the courts.

Asher B. Wilson, Twin Falls attorney, representing the landowners, last evening announced a meeting of interested persons to be held in Twin Falls Court room at 10 o'clock on Monday, April 8, to determine a line of action. The city administration has invited termination of the question in court.

The city administration, standing on advice of E. M. Swetley, city attorney, asserts city is not liable for maintenance and repair of the pipe-line because it carries water to acre only lands outside the city limits. Investigation indicates that the pipe-line was laid about 10 years ago as a substitute for an open ditch which previously carried water to the lands north of the city boundary. The pipe-line is approximately one-eighth mile long.

STATE CHAMBER SIGNS FOR-BILL-BOARDS-HERE

Contract for the first of a series of billboards to be put up by the Idaho State Chamber of Commerce, along leading highways advertising Idaho, was signed yesterday by L. P. Parsons, Boise, its secretary, with the Cozright, Outdoor Advertising Company for the erection of a standard highway bulletin, 12 1/2 by 42 feet in dimensions, on the Victory highway west-of-Wellis, with a view of diverting traffic over the Yellowstone to Yosemite highway which passes through Twin Falls.

Similar bulletin boards will be erected along other highways with a view of attracting attention to the resources of this state.

PROFITS

Nobody can stay in business unless they get a profit but some have to have more profit than others. Our large volume of business with a small overhead expense enables us to sell quality merchandise at a reasonable price.

We buy McMurtry Paint... and Muresco Kalsomine in carload lots and save the freight. This saving is passed on to you which amounts to a saving of at least 10 per cent.

FURNITURE

We carry a good line of furniture, linoleum and rugs. We are selling at a reasonable price. Don't think because these prices are low that our merchandise is cheap. Nothing cheap but the price.

BURLEY MAN IN COURT GETS COLLISION BLAME

An automobile collision at a street corner here early in the morning of March 1, in which three persons were injured and two cars were badly damaged, led to the appearance of Elwood Rich, burley, at preliminary hearing in probate court here yesterday on a charge of driving while intoxicated.

At conclusion of the hearing, Judge C. A. Bailey took the case under advisement and has set out 200 lines that eventually will replace the poplar grove now shading the grounds, and has placed a great quantity of stumps before about several buildings.

END OF TRAIL LOOMS IN VETERANS' TALKS

Life insurance, burial benefits, soldiers' grave markers and plotting of veterans' graves were among the subjects discussed at a meeting of American Legion members at luncheon in Gray's cafe here today, at which Lester P. Albert, Boise, department adjutant; Leo P. Bracken, Boise, past state commander; and Homer E. Hedges, Boise, Idaho manager of the veterans' bureau, were guests.

INJURED LEG OF GRANT CRAIG STILL HELPLESS

Mr. and Mrs. Fred Craig, Goat Springs, were in Twin Falls yesterday with their son, Grant, whose right leg was injured last fall as a result of being crushed by a rock under which it was caught near a tree in doing nicely, his parents say he has been unable to lay any weight on since the accident. He has been unable to attend school during the winter. His parents are contemplating taking him to Spokane to have the leg fitted so that he can walk.

\$250 PRIZE LIST FOR CLUB MEMBERS

Twin Falls County's Fair Board Provides for New Awards for Boys and Girls

Boys and girls who are members of four-H clubs in Twin Falls county will share a distribution of \$250 prize money appropriated by Twin Falls county fair board at a meeting of the board yesterday at a meeting of exhibitors among club members at the county fair next September.

The board also has approved the use for club and juvenile work exhibits the building that has been used for a baby clinic.

The appropriation and the use of the building for club exhibits were approved by the board after conference with D. E. Warren, Burley, district club leader, and Harvey S. Hale, Twin Falls, county agent.

Four-H clubs have been organized in this county during the past few weeks at Kimberly, Hazlet and Patterson. The club leader and county agent yesterday assisted in organization of three new clubs at Cedar Draw, and within the next few days expect to organize clubs at Sunnydale, Castleton and Buhl.

Clubs being organized are calf, sheep, pig, rabbit, poultry, beef, sewing, canning, and food clubs.

Among other improvements on the fair grounds this season, the board has approved construction of an addition to the kitchen in the dining hall, and has set out 200 trees that eventually will replace the poplar grove now shading the grounds, and has placed a great quantity of stumps before about several buildings.

The Quill and Scroll, national honor society for high school journalists, held its formal initiation Monday night, in room 103. Don Blake, secretary, presided. New members initiated were: Harry Jennings, editor of The Bruin; Barbara Saragat, associate editor; Roy Beasly, make-up editor; Glenora Pritchler, assistant make-up editor; Howard Gerhart, business manager; Carmen Plumlee and Ruth McRoberts, reporters; and Maxine Driggs, features.

Paul K. Conwill, advertising manager of the Twin Falls Daily News, in a short business meeting at the close of the program, the following Quill and Scroll officers were elected: Carmen Plumlee, vice president; Ruth McRoberts, secretary; and Howard Gerhart, treasurer. Plans were made for a swimming party at Blerks lake, but for definitely date set. The next meeting is scheduled for April 22.

INDICTED NEVADAN ANSWERS CHARGE

C. I. Wadsworth, Former Resident Here, Accused in Alleged \$300,000 Fraud

Charles I. Wadsworth, former Twin Falls resident, who is one of nine persons assertedly associated at one time with the Guaranty Loan Company, Portland, now under federal indictment for alleged mismanagement of the mail to defraud 23 Pacific Northwest banks out of more than \$300,000, has indicated through attorneys here that he will appear voluntarily in court to answer to the charge. It was learned here last evening.

Wadsworth, who has made his residence in Nevada for some time, was at Las Vegas last week for the Guaranty Loan company and worked in that capacity in this territory.

Wadsworth, it was learned, will be represented at Boise next Friday on application for removal of indicted persons from the Idaho indictment to the jurisdiction of the federal court at Portland where the indictments were returned.

Roseco Rich, Twin Falls, also under indictment in this action, also will be represented at this hearing. Rich is asserted to have had dealings with the Guaranty Loan company as a borrower of money on livestock.

Officers of the company and other persons indicted are alleged to have sold to a number of Pacific coast banks, notes and mortgages aggregating several hundred thousand dollars for which no consideration was received by the authors of the instruments, and it is alleged, the accused persons made fraudulent use of the mails in these transactions.

NATIONAL HONORARY SOCIETY INVITES

The Quill and Scroll, national honor society for high school journalists, held its formal initiation Monday night, in room 103. Don Blake, secretary, presided. New members initiated were: Harry Jennings, editor of The Bruin; Barbara Saragat, associate editor; Roy Beasly, make-up editor; Glenora Pritchler, assistant make-up editor; Howard Gerhart, business manager; Carmen Plumlee and Ruth McRoberts, reporters; and Maxine Driggs, features.

HEAD OF CHILDREN'S HOME VISITS CLUBS

Mrs. Lillian M. Cane, Supervisor of the Children's Home Finding and Aid Society of Idaho who is registered at the Park hotel here, was the guest of the Washington Kimberly, yesterday at the home of Mrs. L. L. Jones.

Mrs. Cane will meet today with the Unity club, Twin Falls, at the home of Mrs. A. J. Green, Twin Falls, and Thursday addresses the Shamrock club near Twin Falls. Next she will meet with the Highway Kensington club, Buhl, at the home of Mrs. P. T. Parish, Buhl.

Three clubs, Mrs. Cane states, "Have shown a great interest in the children's home for a number of years, and have contributed clothing, fruit, clothing and money for its maintenance. It would be impossible to carry on the work of the society without the help of clubs, lodges and church societies since the society is of a charitable organization."

"At present there are 103 children in the Boise home, 49 in the branch home at Lewiston and 126 children in foster homes under the supervision of the society."

Mrs. Cane states that she is looking for a good home for children of all ages, but she especially desires good ranch homes for boys from 10 to 15 years of age.

HART HOLDS HELM OF EMPLOYMENT SERVICE

Charles L. Hart, in charge of the federal employment office in Twin Falls during the last three years, will again be in charge of that office when it re-opens June 2 to continue as a year-round institution here.

Mr. Hart was advised by telegram from Congressman Addison T. Smith yesterday that he would be reappointed to the position if he desired it, and he indicated last evening his intention to accept.

This announcement followed an earlier announcement delivered to the Twin Falls Chamber of Commerce Monday of congressional approval for a year-round employment office in Twin Falls.

Heretofore the federal employment office in Twin Falls has been maintained for four months each year to meet requirements for farm employment. Employment service during the remaining months of each year has been maintained by the chamber of commerce.

The Twin Falls Canal company board of directors awarded to Paul R. Fisher issuance by an insurance company which he represents of policies protecting the canal company from all liability which may result from injury by one of company cars driven by its employes.

The meeting voted to take over an extension of lateral number 18, which extends for about half a mile from a point three miles east and a half mile south of Twin Falls. John W. Iron, manager was authorized to buy repairs for a well drilling machine.

Many items of routine business came before the meeting and were discussed during the day without final action being taken.

The board will meet again Saturday morning to complete unfinished business.

"DRY" AGENTS SEIZE PLANT IN NEVADA

One Woman and Five Men Prisoners and Three Cars Return With Federal Men

One woman and five men arrested by federal prohibition agents in raids on two moonshining whiskey plants in bad lands and rock hills in the vicinity of Contact, Nevada, yesterday, will be taken to Reno, Nevada, today for arraignment on charges of violation of federal prohibition laws.

In the raids, three automobiles were seized, two still houses and equipment were destroyed, and approximately 75 gallons of moonshine confiscated.

The whiskey was seized at a 55-gallon plant 10 miles southeast of Contact where Jack Taylor was arrested.

The woman, Mrs. Harry Mungler, Piler, and her husband and three other men, L. Hudson, Henry Peterson and Clarence Cobb, were arrested at the second plant, four miles west of Contact, where tents had been set up to afford living quarters, and where a six-gallon still and nine barrels of mash were found and destroyed.

The confiscated automobiles were said to have been owned, one by the Munglers, another by Hudson and the third by Peterson.

Hudson, it is said, has previously served time for violation of the federal prohibition laws, having been captured in a raid on a moonshine plant in the Tule Creek region three or four years ago.

The prisoners taken in yesterday's raids were brought here late last evening and confined in Twin Falls county jail.

In yesterday's raids, two prohibition agents from here were joined in Nevada by other federal "dry" law agents from Salt Lake City.
