SENATE'S 2-CENT SUGAR LEVY GETS HOUSE'S SANCTION

Long Controversy Over Higher Tariff on Cuban Raw Terminates in Rate-Slashing Drive in Lower Body

(By The Associated Press) WASHINGTON, May 7 (AP)—A higher sugar tariff was terminated today as the house, on a rate-slashing rampage, climaxed an eight-hour session by voting to accept the lower Senate levy of 2 cents a pound on 10 to 15 raws. The present rate is 1.70 cents.

The 2-cent duty was approved by a roll call vote of 229 to 190 after it had been rejected on a division of 204 to 198. The record vote definitely tilted 2 cents as the duty to be carried to the Senate.

The house measure originally provided a rate of 2.40 cents, and had that Senate levy been rejected, the high sugar tariff would have been prepared to offer 2.20 as a compromise. This never came to a vote.

Senators from the East, joined 137 Democrats and one Farmer-Labor member, Keweenaw, Minnesota, for the Senate.

Senators from Louisiana, Florida, and Colorado, combined with 146 Republicans against the lower duty.

Reject Silver Duty Over an opportunity to vote on individual rates for the first time, the house also rejected the Senate silver duty and eliminated it from the bill.

This completed action on all rates, and the Senate and House conferees and reserved for separate vote in the house. Tomorrow the Senate will vote on the tariff.

The Senate's duty of \$1.50 a thousand and board feet for fir, spruce, pine, hemlock, and larch lumber, and rail-wood, all of which were not on the bill, was modified on motion of Representative Fisher, Republican, Oregon, to 75 cents, but this was rejected twice, on a division, and on a second vote, 250 to 143. All were related to the free list by vice vote.

Shingles, which the house took from the free list and made duty 25 cents, but this was rejected twice, on a division, and on a second vote, 250 to 143. All were related to the free list by vice vote.

POCATELLO MAYOR ANNOUNCES DESIRE FOR GOVERNORSHIP

Democratic Opponent of Incumbent Chief Executive Directs Attention to Requirements of Farmers

(By The Associated Press) POCATELLO, Idaho, May 7 (AP)—Bernhard J. Berntson tonight announced his candidacy for governor of Idaho on the Democratic ticket. He was a candidate against Governor Baldrige two years ago.

In connection with the announcement Mayor Berntson made a statement in which he declared that his opinion—more attention should be given to agriculture—was pointed out by that believed "good roads are an asset to the state but I believe that the interests of the people who pay for and use the roads should be paramount, that building roads and the interests of political parties should be kept separate and apart."

"I believe good roads are an asset to the state. Our agricultural interests demand the very best of transportation facilities. However, I believe the interest of the people who pay for and use the roads should be paramount, that building roads and the interests of political parties should be kept separate and apart."

"I think the people of the state understand the importance of my attitude on this question. In my opinion more attention must be given to the interests of agriculture. That is what I think the state should do."

Sir Hubert Wilkins Unfolds Plans For Submarine Trip to North Pole

WASHINGTON, May 7 (AP)—Plans for a submarine trip through the north of the world to seek the meteorological secrets of the polar seas were today unfolded by Sir Hubert Wilkins, famous Arctic explorer, to the American Geographical Union.

Dr. H. U. Sverdrup, noted Norwegian oceanographer, joined with Wilkins in a specially equipped submarine, the Nautilus, which he planned to make in the summer months. It was explained, there are numerous patches of open water through which the submarine can come to the surface.

The 115-foot vessel, however, will have battery strength to run 125 miles, although, in addition, it will carry Sir Hubert Wilkins' own equipment for use in carrying out his scientific work.

Leaving Spitzbergen during July, Sir Hubert plans to go through the North pole to Alaska, about 2000 miles away. The trip is expected to last two months. It will only be meteorological and magnetic observations that are to be made.

NEGLIGENCE GETS BLAME FOR OHIO PRISON DISASTER

Board of Inquiry Submits Report to Governor and Fire Marshal Attributes Blaze to Incompetence

(By The Associated Press) CLEVELAND, Ohio, May 7 (AP)—Negligence was blamed for the Ohio penitentiary fire which took 320 convict's lives April 21, in a report submitted today to Governor Meyer L. Cooper by the board of inquiry.

The same time a report submitted by the state fire marshal expressed belief the origin of the fire was incendiary.

The board of inquiry, which failed to find a permanent base for observations some 700 miles north of Point Barrow.

FILER TRIUMPHS IN DISTRICT CONTESTS FOR HIGH SCHOOLS

Fair City Entrants Lead Representatives of 16 Other Institutions Entered by 176 Regional Contestants

Filer with 22 points, won the championship of the South Central Idaho district commencing contests held in Twin Falls yesterday, in competition with 16 other schools. Burleigh and Shoshone with 11.1 points each, tied for third place. The shield, which goes to the winning team, was awarded to Filer.

Glenn Filer, which entered yesterday, made a total of 17 schools in the contest. Filer's principal, Ed. Other schools were Buhl, Filer, Twin Falls, Kimberly, Harlow, Hazelton, Jerome, Hiley, Okey, Hagerman, Gooding, Shoshone, Burleigh, Wendell, Fairfield and Rupert.

Mrs. George Armstrong, commercial instructor of the high school, was contest chairman; Miss Helen Miliken, bus driver, chairman; Miss Bernice Russ, Filer, secretary.

In the bookkeeping contest, the rivalry team, composed of Angus Hoyer, Ruth Schofield, and Ethel Toner, won first place; the Twin Falls team, second; Gerald Miller, Margaret Schmidt, and Doris Kesser, second place; and Shoshone team, composed of Harold Sisson, Sara and Edna, tied for third place. Amorph individual contestants of whom there were 39, Helen Wilton, Filer, first; Gladys Margaret Schmitt, Twin Falls, second; and Tone Garner, Rupert and Angus Hoyer, Burleigh, tied for third.

In the beginning shorthand, the Gooding team composed of Margaret F. Filer, Beula, and Edna Cooper, won first place; the Filer team composed of Virgil Lessee, Harry Ahmady, J. Long, Hagerman, and the Rupert team, composed of Sara Bagwell, Louise Lauck and Tone Gardner, tied for second position. There were 38 in this contest.

Highest individual scores were attained in this class. Eleanor Dunn, Twin Falls, received a perfect score of 100 points. Virgil Lessee and Harlow Knight, both of Filer, received 97.25 points. Lessee was on second place, because of slightly better notes and punctuation.

In the shorthand contest, the Filer team composed of Marie Bohon, Rupert; Tweed and Ruby Dehn, won first place; the Shoshone team, composed of Mary Thacker, Margaret Bell and Ann Henneman, won second and Twin Falls team, composed of Margaret Schmidt, Velma Beronette, and Priscilla Morrison, tied for third place. Other individual contestants Mary Haddock, Shoshone; Wood first; Ruby Denny, Rupert; second and Marie Thacker, third; total of 21 contestants.

In beginning typewriting, the Filer team composed of Edna Dorathy Gooding and Harlow Knight, won first; Burleigh team composed of John Elmer, Edith Robinson and Ruth Wheeler, second; Wendell team composed of Maurine Adams, Edith Crane and Volney Davis, third. There were 36 contestants in this district. Individual winners in this contest were Virgil Lessee, Filer, first; Ruth Schofield, second; and Dorothy Good, Filer, third.

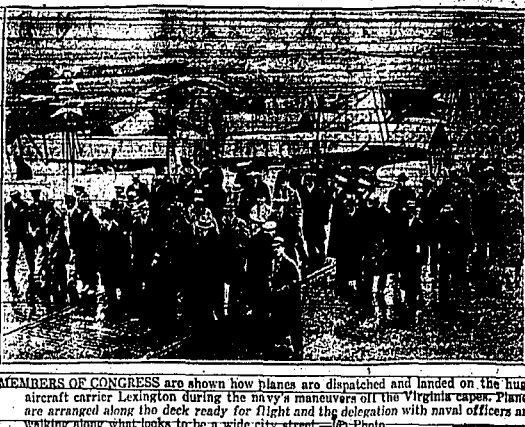

Five advanced typewriting contestants were won by the Filer team, composed of Ethelwyn Busing, Virginia Lue and Helen Berr. The Filer team, composed of Margaret Tweed, Marie Hill and Gladys Lue, first; and Burleigh team, composed of Dorothy Davley, Marjorie Wright and Robert Durfee, tied for second place. Individual losers in this were Mary Haddock, Shoshone; Gladys Lue, Burleigh; and Dorothy Davley, Burleigh, second; and Gladys Lue, Buhl, third. There were 36 contestants in this district.

Charles Peterson, Postville, was manager of the typewriting contest; Mrs. E. A. Gooding, Twin Falls, contest chairman; and Mrs. E. A. Gooding, Twin Falls, contest chairman.

The winning productions of this and other district contests in Idaho will be sent to the University of Idaho, southern branch, Postville, where they will be checked by H. C. Coggin, head of the commercial department, and the state championship awarded therefrom.

Each winning team received a loving cup yesterday here. First, second and third prizes in the bookkeeping contests were given gold, silver and bronze pins, respectively. The winning contestants in the bookkeeping class, in the order in which they finished in the contest, Helen Whitley, Oakley; Margaret Schmidt, Twin Falls; Tone Garner, Rupert; and Angus Hoyer, Burleigh. Other winners: Burleigh, first; Hazelton, second; Shoshone; Dorothy D. Deum, Filer; and Wendell; Jean Kuka, Shoshone; Ruth Hoyer, Hazelton; John Schofield, Twin Falls; Edna Filer, Buhl; Doris Kruger, Twin Falls; Walter Pearson, Fairfield; Dorothy Dehn, Filer; Alice Ham-

SIX ARMY FLIERS LEAP FROM PLANE

Two Companions Make Force Landing in Tri-Motored Ship in Coast Vineyard

FRENCO, Cal., May 7 (AP)—Six army aviators were forced to make parachute leaps and two others made a forced landing in a tri-motored Fokker army plane in a vineyard near Clearwater, eight miles south-west of here today, when one of the propellers broke. None of the fliers was injured.

The plane, en route from March field to Matier field, was flying at an altitude of 100 feet when a propeller suddenly snapped.

All six drifted safely over the vineyard and landed in a field. The plane was damaged but the pilot and passengers were uninjured.

NEW YORK, May 7.—Police Commissioner Grover Whalen today made public documents, variously described as authentic and as forgeries, purporting to have originated with the Communist International of Moscow was financing plots and strikes in the United States, and carried by emissaries sent here for the purpose by Soviet officials.

Photostatic copies of the documents were made and sent by New York police, were furnished to newspapers with translations by the commissioner with a statement in which he said he was "afraid they must speak for themselves."

One of the documents was a letter to the attorney general from the Trading corporation, official purchasing agent for the Soviet which has done millions of dollars worth of business in this country, and was signed with the name of G. Grafen, an Amberg official.

Last 30 persons

It is also necessary to have been sent here as Soviet agents who would be "hard to replace" if they were recalled, named among them Peter Bogdanov, recently elected chairman of Amberg, and Boris E. Skirnyk, director of the Soviet Information bureau in Washington.

"Another document purporting to be a mandate sent to Grafen from Bogdanov in New York and Skirnyk in Washington both issued in the name of the special board of inquiry, which asserted that the documents were forgeries; Bogdanov insisted that Amberg was purely a contact man and that an investigation had been instituted in an endeavor to run down the forgers so that they would be prosecuted," Skirnyk said he had information that the documents had been offered for sale for publication before they came to the hands of police and expressed the opinion that they were the work of Communist emissaries.

Commissioner Whalen, however, stood by his original statement that they showed the Communist International to have been directly responsible for recent disturbances in this country.

In the mandate addressed to Grafen he was ordered to go to Seattle, Washington, to establish temporary

Idea, the marshal pointed out that oil and gasoline was available to the inmates within the prison walls. The marshal withheld other evidence, which he said was important to the case. He could not make it public until after further investigation.

In a statement commenting on the report of the special board of inquiry, Governor Cooper said there is beyond question merit in the board's conclusions, but that "objectively, these are not natural conclusions. However, it must not be lost sight of that there was another ever-present threat and hazard beyond the possibility of fire, and with possibilities of most serious consequences, that confronted the administrative officials of the penitentiary, namely, that of riot and shoeless escape."

While the governor was releasing the reports, the scene at the prison was a chaotic one. The riot had broken out in the mess hall and had spread to the kitchen and the dining room. The inmates were armed with knives and other weapons. The guards were unable to control the situation and the riot continued for several hours.

DARKNESS CAUSES AVIATOR TO LAND

Frank Goldsborough, 19, Out To Set Transcontinental Mark, Descends in Colton

COLTON, Cal., May 7 (AP)—Forced down by darkness here tonight, Frank Goldsborough, 19, transcontinental flier, was forced to spend the night 70 miles short of Los Angeles where his adventurous trip will end.

Goldsborough, whose home is in Jackson, Michigan, New York, left Paso, Texas, this morning. He stopped in Tucson, Arizona, for fuel and took off at 11:30 A. M. He intended to land at Los Angeles, but the rain did not let up and he took off into the storm bank on reaching his fuel. Darkness, however, interfered after he had passed the most dangerous part of the route, San Geronimo pass.

On his arrival tomorrow in Los Angeles, Goldsborough was a candidate to carry on a campaign to establish definitely the number of flying hours spent on route. He made his first solo flight last September. He hopes to reach Los Angeles three days after his take-off in New Jersey.

Sportmen of the Rogue river country in Oregon, have organized to carry on a campaign against commercial fishing in the stream. Legislation will be sought.

"I believe the encouragement of economic management among the farmers and an effort to get the direction of having machinery cost reduced and tax valuations investigated is so much to clarify agricultural situation."

Regretful Criticism

"I favor a non-political judiciary and regret exceedingly that the judicial system in Idaho has drawn criticism from the press."

"I believe the state school funds should be consolidated and separate and apart from other funds, and that a detailed audit of said funds should be conducted and a report of such audit be made available to every taxpayer in the state. If our present system is not changed our situation will become desperate."

"In my opinion, we should maintain a liberal attitude toward all of our educational institutions because

A SIMPLE STEP TOWARDS HEALTH

Kellogg's ALL-BRAN is a Daily Essential and Millions Know Its Effectiveness in Relief of Constipation

Perhaps the one simple thing you are not doing to guarantee permanent health is having sufficient roughage in your food. Absence of this roughage is the direct cause of constipation which results in so many other ills—headaches, indigestion, general depression, irritation and sometimes, serious disease.

Kellogg's ALL-BRAN is roughage. It is positively guaranteed to relieve both temporary and recurring constipation of the purchase price will be refunded. Two 5-cent spoons daily (in serious cases, with each meal) is the proper amount.

Kellogg's ALL-BRAN also helps you to health in other ways. It is rich in iron, practically all of which goes into the blood, bringing

Treaty Allows 18 10,000-Ton Cruisers For United States

THREE SHIPS SLIP INTO SEAS SOON ON ORDERS OF HOOVER

600-Foot, Armored—Vessels Appear to be Veritable Thunderbolts of Steel

1929 BILL AUTHORIZES CONSTRUCTION OF BOATS

Huge Craft Supplied With 107,000 Horsepower—Speed 33 Knots—Per Hour

Cruisers Salt Lake City (top) already commissioned, and Louisville (center) and Northampton (below) new buildings are three of 18 new fighting ships allowed United States under new treaty signed at London.

By FRANK J. WELLES
WASHINGTON, May 2—Eighteen cruisers, each a sheer 10,000 tons of fighting strength, are to supplement Uncle Sam's "ships of the line."

The quota was fixed by the three-power pacts of the London naval conference and Chairman French of the House naval appropriations subcommittee says President Hoover is expected soon to permit the actual laying down of three of the craft.

Two of them, the Salt Lake City and the Louisville, are to be commissioned before the end of the year. The Northampton, Houston and Chester are expected to be ready for service about June 15 and the Louisville, Chicago and Augusta about March, 1931.

The 10 to follow will come out of the 15 authorized in the earlier bill of 1920. Plans for two of the 10 already have gone forward in private yards, one at Camden, New Jersey, and the other at Quincy, Massachusetts.

Modern Navy

The 18 will be the only modern cruisers in the United States navy. Long and low, the new cruisers are veritable thunderbolts of steel. The Salt Lake City and the Panama are 600 feet in length, and the remainder will have nine guns, three to a turret.

They will average 600 feet in length, with a 50-foot beam and draw 20 feet. The engines will develop about 107,000 horsepower. Heavy armament will consist of a precaution against airplane bombers and in addition to the heavy guns the cruisers will carry four three-inch anti-aircraft guns, six torpedo tubes and two airplanes which are launched from a catapult.

BREVITIES

Comes For Week-End—Miss Hazel Joy arrived from Durley last evening to spend week-end here.

FINAL SUMMONS COMES TO MRS. E. D. SHURTLEFF

Suddenly stricken by a heart attack, Mrs. Josephine Shurtleff, 60, wife of E. D. Shurtleff, a resident of Twin Falls for 17 years, died Wednesday morning at her home in San Bernardino, California, where she lived for six years past.

Funeral services will be held at San Bernardino on Monday, and the body accompanied by the children, Lakland Shurtleff, San Bernardino, will be brought here Wednesday for interment in Twin Falls cemetery beside the late Mrs. Shurtleff's wife, who died in 1918.

A message telling of Mrs. Shurtleff's death was delivered yesterday to Mr. Shurtleff who lately had left the family home in San Bernardino to spend the summer season, as had been his custom for some years, in charge of land and livestock interests in Shoshone Basin, 40 miles south of here.

Mrs. Shurtleff was born in Salt Lake City July 13, 1869, and came here there she was married to Mr. Shurtleff in July, 1895. The family came to Twin Falls in 1902, among the first settlers of this region 23 years ago.

Besides her husband, Mrs. Shurtleff is survived by five children: Mrs. Gertrude Marway, Los Angeles; Raymond Shurtleff, Miss Edw. Shurtleff and DeForest Shurtleff, all of San Bernardino; and Mrs. Zora Greenwood, Grand Island, Nebraska.

NATIONAL REPRESENTATIVES

AN EFFECTIVE SOLUTION

There is a familiar ring about Henry Ford's warning to his employees against use of alcoholic beverages.

For a good many years before the enactment of the national prohibition law, a good many similar pronouncements were making inroads on the liquor traffic.

They have not been so frequent since the advent of the prohibition law. Some people seem to think that the law has actually been a hindrance to an eventual solution of the liquor problem for educational means.

As may be seen from the foregoing, it is an indication that the movement that would under way in the days before national-wide prohibition by law is continuing.

Sometimes, perhaps, it may bring about a situation where, if it were made any difference to the great majority whether there is any prohibition law, or not.

"Cinderella of the Skies"

By VERA BROWN

"I don't know! I don't know! I couldn't see his face for his hat was drawn down. He wasn't much taller than I. Not much on. I don't know!"

"Now! Now!" said the big Irishman. "De a good girl and tell us how you saw him. How much money was it?"

"There was \$472.34. I think that's it. That's what the slip said. I can't seem to think of anything else. I had heard on her thin hand. Grace patted her head and talked softly to the girl while the turmoil waged about her."

"Don't worry, poor child," he said as he took Jean's hand in his. "I just told you. We were grateful that you were safe and alive. Come, dear, let's go home. You'll be glad to see your mother and father. Remington whispered in Jean's ear that the girl had been to John's room. Jean looked at her and then to the private door and took out a long slip with a heavy yellow band about it. She had the slip identified, but it was not there."

"Where are the bonds?" "I don't know," said Mr. Johnson's list is, but it doesn't matter, does it?" she asked as she handed the slip to Remington.

"No, indeed! I'll go over and send down a list right away. As he had the slip in his hand something clicked. Jean looked surprised and Remington groaned.

GROWER ARRAIGNS POTATO GRADE LAW WHEN TRIAL OPENS

H. T. West, Kimberly, Says
Regulations Put
Producer out of Business
in Bad Market Seasons

Trial in the fall in which a group of Twin Falls district potato growers attack validity of Idaho's new potato grade and marketing law, halted in district court here yesterday afternoon when the county court reporter, was stricken by illness and could not continue. Judge W. A. Habcock adjourned trial to this morning. Mr. Hession got out of sick bed yesterday morning to go to courtroom.

It had been hoped to complete trial in 1929 with a possible night session tonight.

Growers attacking the law introduced testimony of two witnesses yesterday. Harry T. West, Kimberly, one of the 23 plaintiff growers, under cross-examination by Leon Fulk, assistant attorney general, asserted that Idaho potato growers cannot do business in "bad years" without inspection.

"Anyone who makes money growing potatoes in bad years must do as I did and circumvent the law to make any money," he declared.

"I am convinced that the growers must get potatoes to the buyer the way the buyer wants them."

Prices Out of Line
One-third of Twin Falls district potato crop was wasted in 1928, Mr. West said, because of unfavorable market conditions. Last year, he said, prices were out of line and buyers paid too much for No. 2 grade at \$1.50 while No. 1 grade was quoted at \$1.00.

Alvin Harbour, Twin Falls produce dealer, second witness for the growers, testified that he could see no advantage to the growers in the new law.

Defendants in this suit are the state department of agriculture, Commissioner of Agriculture John C. Wheeler and Chief Inspector W. H. Wick.

COUNT SHOWS BELIEVE POPULATION DECLINE

Believe you believe, the count of the contenders in a historic contest with Halley for the county seat, has 376 inhabitants, as compared with 528 in 1920, according to an announcement by Judge O. P. Duval, district supervisor of census, here last evening.

Carey, Blaine county, town and 112 farms, have 761 population as compared with 874 in 1920. Castledale, Twin Falls county, town and 160 farms, has a population of 191, as compared with 1080 in 1920, a gain of 25 in the decade. That part of Verone, southeast Jerome outside the city limits, has 386 inhabitants and 63 enumerated farms. The population of this area was not shown separately in 1920.

DAUGHTER PETITIONS TO PROBATE FATHER'S WILL

Mrs. Nora Cornigan, Twin Falls, daughter of the late W. R. Bruce, whose death occurred here last April 14, has filed petition in probate court for probate of her father's will. The will was executed in May, 1928, and bequeaths real and personal property valued at approximately \$5000 to two daughters, Mrs. Cornigan and Mrs. Grace Douglas, Twin Falls, and one son, Roy Bruce, Long Beach, California, and William Bouman, Berkeley, and Adelle Keith, Fullerton, California. Petitioner is represented by J. V. Larson, Twin Falls, attorney.

The first prize for the winning team at the Camp-O-Ball is an official bugle, with cord and bag; the second consists of shoulder straps and patrol flags; the third a troop flag without lettering.

Troops are expected to attend from Idaho, Idaho Falls, Twin Falls, Kimberly, Hansen, Murtaugh, Hoshone, Eden, Jerome, Gooding, Shoshone, Hatley and Wendell. John H. Piper, Spokane, Northwestern scout executive, who was expected to attend, has been called to New York and cannot be present. Foot trouble. P. Dr. Foster, 542, adv.

UNIVERSITY OF IDAHO STAFF MEMBERS TRAVEL

David Cook, University of Idaho faculty member, whose wife is the daughter of Mr. and Mrs. Frank W. Brown, Kimberly Road, Twin Falls, has received an appointment to a teaching fellowship at New York University. He will leave Moscow at the close of college in June and begin working for a doctor of philosophy degree in vocational guidance at the eastern institution, which is the only university in this country granting such a degree.

Mr. Cook will teach a course in vocational guidance at New York University and will work in the personal department. During the past year he has been teaching classes in educational psychology, animal psychology and statistics at the University of Idaho, and has acted as an assistant to Dr. Raymond Mosher, director of personnel. Mr. Cook was granted a master's degree in psychology last year.

Mrs. David Cook, who for the past three years has been secretary to Jerome McCoy of the University of Idaho placement bureau, is already in New York where she has secured a position as secretary to the director of admissions at New York University.

AGRICULTURAL BOYS PREPARE EXHIBITS

Many Purebred Animals on
Grounds of First Annual
Future Farmer-Fair Here

On the vacant lot at the north corner of Second avenue and Second street east, which has been transformed into the fairgrounds for the Future Farmers of America and the Smith-Hughes classes of the Twin Falls high school, a busy scene was enacted yesterday afternoon as the boys took care of stock entries as they were brought in, preparing them for the fair today.

Trim looking kids that seemed dainty enough when they arrived were tempted to believe, a shampoo and manure treatment had been secured to the uninitiated as if American Royal to draw prizes at the good Oregon Bull show and boys that would make a marked impression on scales, were in evidence. The boys will be on the ground early this morning to hold their judging contests at 7:30 A. M. today. They will come the demonstrating, in preparation for the fitting and shearing following the parade, which starts at 1:30 P. M. today from the high school.

The premiums will be awarded at 4 P. M. at which time there will be talks by county agents and field specialists. There will be a shearing contest at 4:45 P. M. between boys in the agricultural classes. The Idaho Department store has offered a prize of \$5 for the winner and \$2.50 for the runner up in this contest.

A clown show beginning at 5 P. M. will close the program for the day.

Judges for the afternoon contest are: O. E. McConnell, Gooding county extension leader; H. E. Hale, Twin Falls, county extension leader; D. E. Warren, Burley, district club leader; Ed Kamata, Filer, Smith-Hughes instructor.
