ATLANTIC'S FLEET RESTS AT ANCHOR ON EASTERN COAST

Most of 30,000 Bluejackets Greet Girls Left Behind Last Spring During Manoeuvres in Caribbean Sea

(By The Associated Press) NEW YORK, May 7.—With pennants flying and guns booming an answer to shore salutes, the Atlantic fleet swept in from the sea today and lay anchored tonight along the riverside drive in the Hudson river.

From fifty-jetted ships in gray silhouette against the lofty palisades, a host of 30,000 bluejackets were greeting the girls they left behind last spring and stretching seas legs cramped by the winter months at manoeuvres in the Caribbean.

Out of the dawn the fleet came down the bay over the Ambrose channel with its lolly light-house through the narrows and up the bay to take its place in the New York harbor.

Ships' slabs of the line, seven battleships and nine cruisers, were led into port by the California, escorted by two mine sweepers and floating machine shops and a swarm of destroyers, which had arrived last night.

The fleet, which escorted the Lexington with its returning London navy delegates to the Hudson river, was at the pier by 10:30 a. m. and the fleet's second street flying ceremony started promptly at 11 o'clock.

Shortly after the big anchor chains had rattled through the hawseholes, Police Commissioner Crowl, Mayor McKean and Acting Mayor Joseph A. Pelli, commander of the fleet, were met by Admiral Pratt and 16 other high ranking officers, all in full dress uniform.

Headed by a motorcycle escort the naval visitors were driven to city hall and formally welcomed by Mr. McKean.

VOTE OF 41 TO 39 KEEPS PARKER OFF HIGH COURT BENCH

(Continued from Page One) Mitchell spent some time with the president. He declined to comment on the vote, but stated that he would look an active part in the defense of Judge Parker from attacks upon his judicial record.

William Green, president of the American Federation of Labor, said in a statement after the senate's vote that the rejection "constitutes a victory for justice, righteousness and common sense."

"It will confirm the faith of the labor people in America's institutions and the instrumentalities of a free government," Green said.

"Labor is increasingly grateful to those staunch defenders of human rights in the United States senate who voted against the confirmation of Judge Parker."

FRANKE'S DECISION

NEW YORK, May 7 (AP)—Walter White, acting secretary of the National Association for the Advancement of Colored People, tonight characterized Judge John J. Parker's rejection by the senate as a "victory for the United States constitution and for public respect for the United States supreme court."

The nomination had opposed Judge Parker's confirmation.

"It was well," Mr. White said, "that the nomination was not made more than a political sop to that section and group which believes in nullifying the political rights of the United States citizens because of their color."

BACK PARKER FOR SENATE

RALEIGH, N. C., May 7 (AP)—A movement has been started to persuade Judge John J. Parker, whose nomination to the supreme court was rejected by the senate today, to run for the senate on the Republican ticket.

The movement is under way here, although the legal period of filing for the race closed over a week ago. It has been suggested that it might be arranged the nominee of the Republican primary register and for the executive committee to name Parker in his place, he stated.

WHEAT SALES INCREASE
WASHINGTON (AP)—The United States sold \$117,263,000 worth of wheat and allied products to the world last year and three-eighths of it went to the United Kingdom. Exports of wheat represented a 40 per cent increase over 1928 and was second only to grains in the total sales of foodstuffs abroad.

Canada, which has been the best export market for our wheat, took \$40,000,000 worth of wheat from the United States, it is expanding its own manufacture a fact which, the commerce department says is of special significance.

MOTHERS OFF TO FRANCE SEE NAVY STEAM INTO PORT

As Atlantic Battle-Fleet Reaches New York Gold Star Contingent Leaves On Pilgrimage to France

(By The Associated Press) NEW YORK, May 7.—As the Atlantic battle fleet steamed into New York harbor today and the navy's fishing planes passed overhead, the first contingent of Gold Star mothers sailed for France on a pilgrimage to the graves of American boys who are buried there.

As the gray ships and the roaring planes were left behind, the mothers looked out on the Atlantic toward the graves that were the objective of their pilgrimage of remembrance.

On the liner America there were 237 Gold Star mothers from a dozen states. It was a day of strain, for the mothers of men who were old enough to fight in the world war are no longer young.

In mid-morning they were taken to the America at its hooker pier and were greeted by Captain George Eric. Their 1930 speeches and presentation of medals, and the band seemed to know no music but sadly reminiscent songs of 1918.

Planes Circle Afloat
The first of the battle-fleet planes of the America swung into the river and headed for the sea, with a hundred swift-planes circling overhead.

Accompanying the America past the statue of Liberty was the city bus Mason, with a delegation of Gold Star mothers from New York and New Jersey. They will leave later in one of the other contingents which will make up the total of 6000 mothers who are to visit the graves of their soldier sons this summer.

The pathos of these women, their sorrow and their sturdy bravery, their joy that the government was sending them to visit the last resting places of their loved ones, was perhaps best summarized by Captain Price of the America.

"I'm going to try to make them happy," he said, "but some of them

RIVETS MAKE THE TRUCK TANK GASOLINE-TIGHT

The Torrid-Zone STEEL FURNACE is gas-tight and dust-tight because it is riveted

Walls and ceilings seldom have to be respattered or repainted in a home that's heated with a Torrid-Zone Furnace of boiler-plate steel. Floors, furniture and woodwork are singularly free from dust. It's all in the way this furnace is built.

For just as the truck tank is made gas-tight by hot-riecting and cold-calking, so the Torrid-Zone is made gas, smoke and dust-tight.

And the air in a Torrid-Zone equipped home is bound to be clean and healthful. . . for several reasons. First, the air is never tainted with coal-gas. Second, the air is moistly healthful because a Torrid-Zone humidifier has twice the evaporating area of ordinary water pans right inside the casing and, furthermore, is positioned for most rapid evaporation. Third, proper air circulation is guaranteed when a Lennox Furnace man installs according to the Standard Code. A Lennox Torrid-Zone equipped home is a safe and healthy home for every member of the family.

And what's more, the Torrid-Zone is economical. It is designed to heat with from 10% to 20% less fuel than ordinary furnaces. Whatever your fuel—hard coal, soft coal, coke, lignite, wood, gas, oil . . . it is sure to go farther with a Torrid-Zone! Without a doubt, this is the finest heating unit that science has devised! Wherever it operates, in homes, churches, schools or stores, all the many advantages of warm air heating are fully realized.

Come in and see the interesting features. We want to show you its sturdy locomotive grates, its "L" shaker. We want to give you a booklet describing other features. Plans and estimates will be quickly furnished on request. Free engineering service from the factory for special problems. Made by the LENNOX FURNACE COMPANY, Syracuse, New York—Marshalltown, Iowa—Toronto, Canada.

Presidents From General Grant To Calvin Coolidge, Back Grange

Article 7 THE NATIONAL GRANGE By RAY MARIANO

Chas. M. Fogarty—Committee.

A series of articles on the Grange organization which will be free personal files and have been published in the Grange history reveals the fact that every president of the organization from General Grant to Calvin Coolidge has been friendly to, and has endorsed the work of, the Grange. Grover Cleveland commended the Grange for its successful program in the Grange history reported the National Grange Magazine as a "most successful of agricultural organizations." It has been influential in securing most of the beneficial legislation for the farmer in the three score period. But its greatest service has been rendered by the small local organizations in every county, meeting

HAGERMAN MATRON ENTERTAINS GROUP

24 Children Gather at Party at Home of Mrs. J. W. Jones and Enjoy Games

HAGERMAN, May 7—Mrs. J. W. Jones entertained 24 children at her home Saturday in honor of her daughter, Florence Mary, 7, and Jackie McGraw, 5, whose birthdays came on that day. The little folks were entertained with games on the lawn. Refreshments of ice cream and birthday cakes, on which the proper number of candles were lit, were served.

At a meeting of the Hagerman school board of the Methodist Episcopal Community church, composed of the superintendent and teachers, Tuesday afternoon, plans for the complete grading of the school were discussed and put into effect in the future.

Farmers of Hagerman valley are rejoicing over copious showers of rain which have fallen here and have just started, proving of great benefit in starting the young crops and adding greatly to prospects of a bountiful and rich fall.

M. J. Durfee, Hagerman valley fruit grower, who recently suffered a severe attack of pneumonia, was reported convalescing today.

How To Organize Bands

The first and most essential thing is that you must be from some district large city, you should be a stranger, and the instrument that you are going to sell to these bands must be a brand that is not too well known in the locality. Then you also set up the proposition, "pick out the school that you think should support a band."

Place band, then you must call on the principal of the school or the party with the influence, and it might be necessary that you allow him a commission to get his support, then you distribute your cards; get the "kick" collected as well as the parents' stores; wonderful band, and the wonderful new instruments you have to offer at such reasonable prices. And while the iron is not too sign that you get every child that is large enough to hold a horn, make the band as large as possible, 40 to 60 pieces or more if you can, this will probably be your last chance.

You, of course, have mentioned a teacher for this band; you are entitled to give them free instructions for a little time if you can find a local teacher well and good, you can save some money. And after all, the teaching of this band doesn't amount to very much any way, haven't you done your part? You have been very successful in organizing a band. Now be on your way to the next town. You should worry as to the future success of this band.

But Now Lets See About the Successful Bands

Twin Falls has two good bands, Buhl has two good bands, Burley has a right smart band, Pocatello has several bands, so has Boise. And there are dozens of successful bands all over the state. But these bands were not organized the above way. Such bands are organized by the home people, or by the schools themselves. And there are no more in these bands than there should be for the aim of the town school. They are added to from time to time as necessary. Directors and teachers of these bands are business men of the town or members of the school faculty. Almost the entire instrumentation of these bands are from one source, the same make, and they are furnished by the home music store. Though in the beginner bands there are some used and re-conditioned instruments.

Some of these successful bands have had experience with high-powered salesmen, they have had experience and paid for it. Now the band is just the same as any business proposition, they have some in the band who are supposed to do the selling to have the money band in the state, and they do it. They start in a small way and build up the band as needed, and spend some money for good instruction.

Willing Worker Class Prepares Program to Be Given at Christian Church

Buhl, May 7—Willing Worker class of the Buhl Christian church will present a program next Sunday evening in commemoration of Mothers' day. Mrs. B. B. Taylor, teacher, will be in charge, and the class will be assisted by others in the congregation. Red and white will be used in the program color scheme.

The order of the program is as follows: Prelude, "Sparetime Eyes," Louise Tomlinson; poem, "Mothers' Song," "Faith of Our Mothers," class; scripture reading and prayer; solo, "Our Mother," Opella Johnson; psalm; "A Mother's Tribute," class; tribute to the oldest mother present; "Thanks to Mother," Mrs. Gault; solo, "Mother's Prayer," brief talk, Rev. Chris J. Benney; hymn, "My Jesus' Love Theme." The class is planning a mother-daughter dinner following the morning services next Sunday.

Mr. and Mrs. Frank Robert and two daughters, Ruth and Sarah, and Miss Georgia Kirkham, Ashton, were guests Monday of Rev. and Mrs. Charles D. Fletcher. Mr. Robert is a representative of an Ashton, certified seed and potato company, Miss Eva Brown, in charge of the Methodist Episcopal church, Oshkosh, was also a visitor at the Fletcher home Monday. Miss Brown was en route to Gooding to attend session of the Men's conference in relation to the study of Christian education.

Miss Leone Curry, Twin Falls, became the bride May 7, of E. A. Ralph, also of Twin Falls, at the Methodist Episcopal parsonage, Buhl. The time ceremony, performed by

Rev. Charles D. Fletcher, was witnessed by Miss Margaret Smith and Robert B. Fulton. A large group of friends accompanied the young couple to Buhl. Mr. and Mrs. Ralph Gault; solo, "Mother's Prayer," brief talk, Rev. Chris J. Benney; hymn, "My Jesus' Love Theme." JEROME ROTARIANS DISCUSS DAIRYING

Group Hears Talks on Oleomargarine and Casein and Good-Will Tour Details

JEROME, May 7 (Special to The News)—At the regular luncheon meeting of the Jerome Rotary club Tuesday noon, Roy Smith, Jerome Co-operative Creamery, gave a talk on the subject, "Oleomargarine and its Effect on the Dairy Industry." D. M. Bakerisier, Lead O'Lakes Creamery, Minnetonka, spoke on the casein industry. The third speaker was Miss Olive Petraschek, Boise, who spoke of the Idaho good-will tour to California the latter part of May. It was announced there will be no

meeting of the club on May 11, as a majority of the members will be at the Chicago Exposition for the following meeting. The boys' and girls' societies of the club will be entertained at a winter party May 21.

Rev. C. L. Kendall, pastor of the Methodist church, Jerome, was elected to membership.

A number of guests were present, including Alvin Lynch, newly elected representative from the Jerome high school student body; Miss Olive Petraschek, Boise; Ralph Smith, Salt Lake City; D. P. Aily, and D. M. Zakertian, Minneapolis.

"Cinderella of the Skies"

By VERA BROWN

Jean was stumped. She had counted on the coat and dress in her wardrobe in her little black room...

"The clothes I mention were in your room. They were purchased by you on Madison street Friday morning..."

"What have you to say about these?" and he threw them across the table before her...

"Jean, saleswoman rarely sell such things for 'spot' cash..."

"Grace Turner Detective Grace, however, was not stopping when she left the police station..."

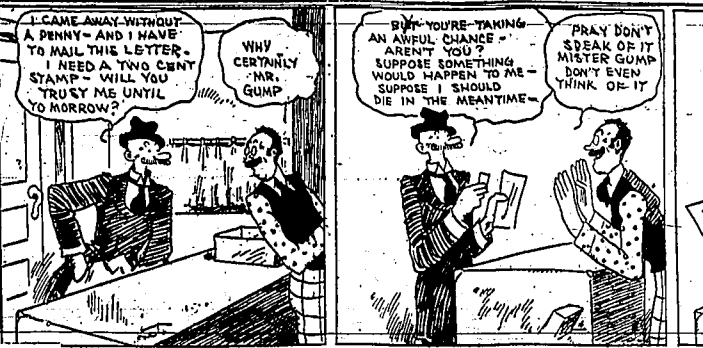

"When you're ready to talk, send for me. I'll come no matter what time of day or night it is..."

"What's the matter, dear?" she asked. The matron was fat and kindly...
