# Washington Arranges Tribute to War Dead on Memorial Day

## MILITARY UNITS IN CAPITAL OF NATION PLAN FOR SERVICES

Flowers Heaped Round Tomb of Unknown Soldier to Typify Reverence of Country

## VICE PRESIDENT CURTIS SPEAKS FOR EXECUTIVE

Valiant White-Haired Members of Grand Army of Republic Bring in Automobiles

## WASHINGTON, May 24

A nation's tribute to its war dead will find full expression on Memorial day in the national capital, location of the symbol of America's loss in the world war, the Tomb of the Unknown Soldier.

Flowers heaped round the marble structure on which repose the bones of the unknown soldier, will typify the whole country's reverence for its dead. "Buddy poppies," made by disabled soldiers, will be laid against the white marble and the restful grave of Arlington.

One of the biggest wreaths, made up principally of poppies, will be from the Veterans of Foreign Wars. A similar wreath will go to the tomb of Woodrow Wilson in Washington Cathedral.

For months the soldiers in blue have been on wheels chairs, here and there in the streets, in the parks, in the homes of green and scarlet. An anchor, made of the poppies, will be launched in the Potomac river as a tribute to the navy dead.

Curtis to Speak

In the absence of President Hoover, who will miss the memorial day address at Gettysburg, Vice President Curtis will deliver the address at the tomb. This will be preceded by an extensive parade of all the military organizations in the capital.

For the first time the valiant, white-haired members of the Grand Army of the Republic will ride in automobiles. While the parade is in progress, the parade will be longer and more movingly. Because of the necessarily slow marching of the army men memorial services have, in the last few years, slowed up.

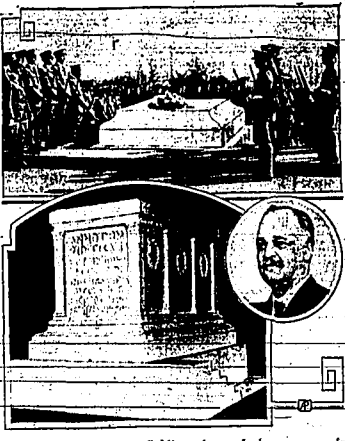

Now, with the veterans comfortably ensconced on soft cushions the cavalry will center, sabres will swing and martial music quicken.

## F. S. BELL, KNEW FIRST OF GOLD STAR MOTHERS

John's first Gold Star mother, Mrs. Helen Blunkin, Salem, Iowa, who was the first woman to be honored to start on the tour of nearly 300 American mothers to France to visit the graves of their sons.

## PRESBYTERIANS PLAN RELIGIOUS PAGEANT

A pageant entitled "How Stuck Thou Owest to the Lord" will be presented by the Missionary society of the First Presbyterian church at the church parlors tonight at 8 o'clock. The cast is composed of Mrs. L. L. Breckenridge, Mrs. G. M. Simpson, Mrs. DeWitt Young, Mrs. Marian Dunn, Mrs. D. R. Church, Mrs. Howell, Miss Margaret Meigs, Miss Hailer, Miss Virginia Young. The Abysmalian quartet will give a group of songs. Mrs. F. P. Breckenridge is general chairman and Mrs. G. H. Koppert, pageant director.

Tomb of the Unknown Soldier, shown during a memorial ceremony (top) and as it will appear when completed (below) will be center of nation's Memorial day tribute to war dead with Vice President Curtis (right) as speaker.

## The Weather

FORECAST FOR TODAY AND TOMORROW—Cloudy; cooler; becoming fair Monday.

Minimum temperature in the vicinity of Twin Falls was 43 degrees above zero during the 24-hour period preceding a P. M. yesterday, according to the report of the government weather observer here. Maximum temperature for the same period was 63 degrees. The sky was cloudy most of the day and sultry weather prevailed.

## FUNERALS

HABSON—Funeral services for Mrs. Virginia Hanson, widow of the late Lyman Hanson and resident of Twin Falls for more than 20 years, will be held in the White chapel here at 2 P. M. today, and will be conducted by Rev. E. Temple, Starkey of the Baptist church. Interment will be in Twin Falls cemetery beside Mr. Hanson's grave.

WITHAM—The body of Louis L. Witham, who met death in an automobile collision Friday evening, may be viewed by friends at the Drake funeral parlors here between 11 A. M. and 12 noon today. It will be taken this afternoon to the former home at Baker, Oregon, where funeral services will be held and interment will take place.

## MARKETING SESSION PLEASES BEAN MEN

Meeting at Denver Creates Hope of Handling Crop of 1939 by Association

The meeting in Denver last week of the board of directors of the National Bean Marketing association, organized under the federal farm marketing law, was a success.

Mr. Brown's report, it was stated last evening by C. R. Detweiler, manager of the Southern Idaho Bean Growers association, indicated that the national board was convinced that a bean marketing association would be able to handle part of the 1939 crop.

J. W. Jones, who resides in Kenilworth, where he is said to have had great success in handling cooperative work for the tobacco growers in the past, will be here next week at a date not yet learned. Mr. Detweiler stated, and will deliver several talks in Twin Falls and Jerome counties in furthering the work of organizing the bean growers under the federal marketing act, through the National Bean Marketing association.

Mr. Jones has so far this year helped organize bean growers in Michigan, New Mexico and Colorado, and is now in Montana. Following his work here he will go to California. "Until further word has been received it will not be known definitely how long he can remain in Idaho."

are that the old limit will be exceeded. The "official" market for the season, C. R. Detweiler said last evening.

Amendment to the association's articles of incorporation, carrying into effect the vote of the membership at an annual meeting last January with respect to advancing the membership limit, was placed on file in the office of the county recorder here yesterday.

## FARM PRICE INDEX MOVES UPWARD IN FAR WEST STATES

Except For Livestock And Wool, Most of Items on Report of Agricultural Bureau Show Increases

(By The Associated Press) BOISE, May 24—Farm prices advanced slightly between March 15 and April 15 as a result of higher prices for most of the items included in the index except livestock and wool: the monthly report of the Bureau of Agricultural Economics indicates.

On April 15 the index of farm prices at 177 was one point higher than on March 15 and 11 points lower than on April 15, 1928. The trend in commodity prices in general was downward during April, according to the annual weekly index, prices on May 6 were at the lowest level since 1916, being 12.7 per cent below the level of 1913 during the first week of April and 14.3 a year ago.

Judges from data so far available general industrial activity in April probably remained very close to the low level reached so far this year.

During April interest rates were further reduced, but the low interest rates at New York have only in part been reflected in rate changes to customers in the western states. Ease in the New York money market, however, has been gradually extending to other parts of the country and this usually leads to a cheapening of commercial credit facilities, an improvement in business.

The foreign demand for wheat continues poor but some improvement is probable in the next few months.

The average farm price of potatoes for the country as a whole, at 144 cents per bushel was 9 cents higher on April 15 than on March 15 and 21 cents higher than in April of last year.

Hog prices in April fluctuated over a narrow range and were considerably below the levels of April, 1929, notwithstanding that slaughter supplies were about 73 per cent smaller.

Prices of all kinds and grades of cattle declined during April. This decline was equally marked with the high grades of beef steers and yearlings of all kinds of butcher cattle, which usually advance in price during April.

May creamery butter production will probably be below that of a year ago. Trade output in April appears to have been slightly larger than a year ago but at prices averaging about 12 per cent lower.

Egg prices usually advance in May and are but the advance this year may not be very material. The farm price of chickens is making its season advance which usually continues until it reaches a seasonal peak during May or June but it is on a lower level last year.

## BREVITIES

Returns From Boise—E. H. Mahor returned yesterday after a visit in Boise.

Go to Albion—Miss Fern Wright left for Albion yesterday to spend week-end there.

On California Trip—R. A. Reynolds left yesterday on a business visit to California.

Go to Reno—Miss Leola DeAtley will leave for Columbia, Missouri today to visit.

Visits in Logan—Miss Donna May South left last evening for Logan, Utah, to visit friends.

Will Visit Missouri—Earl Bingham and Lois Bingham will leave today for a visit in Browning, Missouri.

Returns to Home—Miss Ethel Allen, instructor in the Lincoln school here, will return to her home in East Lake City.

Returns to Great Falls—L. W. Hankins, Great Falls, Montana, left for his home last evening after a visit with E. E. Hays here.

Visits Sister—Miss Edith Killman, left evening for Salt Lake City to visit her sister, Mrs. C. F. Tidwells, former Twin Falls resident.

Will Visit Brother—Henry Little left last evening for Phoenix, Arizona, to visit his brother whom he has not seen for more than 20 years.

Nurse Arrives Here—Miss Catherine Graham, trained nurse, arrived yesterday from Boston to take a position in the Twin Falls county general hospital.

Take Marriage License—John Schaefer and Winifred Griffin, both of Boise, obtained a marriage license at the office of the county recorder here yesterday.

Home After Operation—Mrs. T. H. Phelps has returned to her home from the Twin Falls county general hospital, where she underwent a major operation.

Visits Brother—C. Personius, Pocatello, accompanied by Mrs. Personius and son, Vernon, arrived yesterday to visit his brother, J. L. Personius and family here.

Returns to Her Home—Mrs. E. W. Bohner who recently underwent a major operation in the Twin Falls county general hospital returned to her home yesterday.

Returns to Home—Mrs. C. M. Carson, Kimama, Idaho, accompanied by her three children, returned to her home Friday after visiting her sister, Mrs. A. D. Barwell, here.

From Los Angeles—C. E. Malloy, Los Angeles, accompanied by Mrs. Malloy, is here visiting his parents, Justice and Mrs. W. B. Malloy. They will remain about two weeks.

Will Visit Here—Mrs. W. B. Simpson, Bellevue, New Mexico, is expected to arrive here today to visit

## DR. F. J. KELLY CRITICIZES IDAHO EDUCATION BOARD

(Continued from Page One)

Discontinuance of this office would remove Irving W. Jones, who now holds it.

Dr. Kelly said he doubted that Dean John Ruskin Dyer, head of the University of Idaho, socialist branch at Pocatello, would resign as has been rumored, since Dean Dyer was understood to have been recommended to the board of education by Kelly.

POCATELLO, May 24 (AP)—Aster H. Wilson, Twin Falls, president of the state board of education, in the absence of the complete text of Dr. F. J. Kelly's discourse today before the faculty of the University of Idaho; the presidency of which he resigned yesterday, declined to make a statement concerning the resignation.

He said an official statement would be issued following a meeting of the board. He said, he was surprised that Dr. Kelly announced his resignation prior to a scheduled meeting of the state board on June 7.

A new law calls upon all employers in Idaho with more than five employees to recruit at least 75 per cent of their personnel from Chicanos.

## GERMAN DRIFTBLE PURRS SOUTHWARD IN VELVETY NIGHT

(Continued from Page One)

nanbuco each way is approximately 1250 miles, thus causing the Graf to travel double the average air had set out upon from Pernambuco, her southernmost point will be about 5000.

Conflicting reports had caused speculation here today. The statement from Dr. Zecker set them at rest but dispelled any hope that the airship would pause at Rio Janeiro, where a land crew of 300 soldiers had been held in readiness to bring her down.

The Graf to land the Graf on at Rio Grande do Sul. It was pointed out here tonight, would add two days, at least, to the schedule of the Zepplin, postponing her date the much for the remainder of her voyage to Friedrichshafen by way of Panama, Lathrop, New Jersey, and Seattle, Spain.

Returns to Home—Mrs. C. M. Carson, Kimama, Idaho, accompanied by her three children, returned to her home Friday after visiting her sister, Mrs. A. D. Barwell, here.

From Los Angeles—C. E. Malloy, Los Angeles, accompanied by Mrs. Malloy, is here visiting his parents, Justice and Mrs. W. B. Malloy. They will remain about two weeks.

Will Visit Here—Mrs. W. B. Simpson, Bellevue, New Mexico, is expected to arrive here today to visit

## DANCING GRAND OPENING OPEN AIR Dance Pavilion AT HANSEN TUES., MAY 27 MUSIC BY THE NIGHTHAWKS

POCATELLO, May 24 (AP)—Aster H. Wilson, Twin Falls, president of the state board of education, in the absence of the complete text of Dr. F. J. Kelly's discourse today before the faculty of the University of Idaho; the presidency of which he resigned yesterday, declined to make a statement concerning the resignation.

## TONES TELLS THE STORY HEAR VICTOR RADIO

### PRETTY GIRLS PLAY PART IN CARNIVAL

Entertainment Program Feature of Moose Lodge Novelty Dance Event

A berry of pretty Twin Falls girls and a number of well known Twin Falls singers and dancers will play prominent parts in the novel entertainment program at the Moose lodge carnival cabaret that is to be held under sponsorship of Twin Falls Moose lodge in the new Odd Fellows hall next Tuesday beginning at 8 p. m. and continuing until 1 a. m. The entire building will be converted into a bower of greenery and colored lights, while a roof garden in the hall will prove an oasis for the hungry and thirsty.

### GRIM REAPER SUMMONS MRS. MARGARET THOMEY

Mrs. Margaret Thomey, 42, wife of Henry Thomey, mother of three children and Twin Falls resident for 16 years, died at 8:15 p. m. last evening at the county general hospital where she had been a patient for two weeks following ill health for about a year. Death was attributed to a heart attack.

The body rests now at the Grossman funeral parlors. No arrangements for funeral services had been made last evening.

Mrs. Thomey was born at Manitowish, Wisconsin, where her father died when she was a child. Her girlhood was spent in Chicago, and she came to Twin Falls 16 years ago with Mrs. Frank Wagner—first marriage to Mr. Thomey took place about a year later.

Besides her husband, Mrs. Thomey was survived by her three children: Henry, 14; Veronica, 12; and Francis Patrick, 10. She is survived also by her mother, Mrs. Jeanette Hewitt, who is now residing here. Mrs. Thomey was a devout member of St. Edward's Catholic church.

Blas and elec. bath, woman and man attend. Ph. Dr. Foster, 846, adv.

### CENSUS

Minut, Florida—118,237; increase \$9,454, or 8.2% per cent. Bakerfield, California—24,775; increase 1644, or 6.6% per cent. Oklahoma City—35,149; increase \$1,350, or 3.9% per cent. ### HEALTH CONSULTANT ADDRESSES MEETING

Representative of National Tuberculosis Association Speaks to Gathering Here

Twenty-one persons from four counties were present yesterday afternoon at the conference called by Mrs. Catherine B. Bode, executive secretary of the Idaho Anti-Tuberculosis association, at the Park hotel and presided by Dr. W. H. Burt, school health consultant of the National Tuberculosis Association.

The meeting was made up of county superintendents, nurses, teachers and the members of the county executive committees of the Twin Falls Tuberculosis Association. In this county, Twin Falls, Pomeroy and Blaine were represented. Gooding, Jerome and Cassia counties were represented.

Enough rest should be taken to keep the body in the best condition. Relative to mental attitude, pupils should be taught to cooperate, to forget grudges, to keep their temper, to respect the rights of others, to learn to be good winners and good losers, and to face facts. All these things result in improved health, she said.

Teachers should be invited to leave from Albon, and will stay for a few days. Mrs. Thomey was taken for a drive to the nearby spots around Twin Falls which she praised warmly. She said, "that the drive across the desert from Albon was a delightful and unusual experience."

Mrs. Thomey said that generally throughout Idaho health education had been stressed in elementary schools and neglected in the high schools where it is very much needed.

### CAR CRASH INJURES FOUR BUHL PERSONS

Light Sedan Driven by Miss Edna Rhoades Turns Over Twice at Cedar Crossing

BUHL, May 24 (Special to The News)—A light sedan recently purchased by E. P. Gregory, Buhl, driven by Miss Edna Rhoades, who is visiting the Gregory family from Kentucky, turned over on the Cedar crossing between Buhl and Twin Falls this afternoon.

The accident occurred when Miss Rhoades, who had never driven over the road before approached the corner at a high rate of speed on the Cedar crossing. The injured persons are at their homes.

The accident occurred, it is stated, when Miss Rhoades, who had never been over the road before, tried to slow up her car when she was suddenly confronted with the corner. It is stated that she sought

to put her foot on the brakes but slipped on the gas instead, with the result that the car increased in speed suddenly and that, while it passed the first part of the turn successfully, it lurched at the second half and turned over twice. The car, which was newly new was badly damaged, it is stated.

### Memorial Blossoms Bloom in Profusion

Blas of memorial blossoms of Flanders Field conducted here yesterday by women of the American Legion Auxiliary, yielded a fund of approximately \$500 that will be devoted entirely to the relief of disabled World War veterans and their families.

The supply of 1000 poppies that had been secured for the sale was exhausted early in the day, and during the afternoon and evening, the surplus supply that had accumulated during previous years found its way into hundreds of individual buttonholes.

There was no fixed price for the memorial blossoms. Many persons paid a quarter each for the tissue flowers, and some

gave a dollar, while some youngsters displayed proudly the memorial poppies they had bought with copper pennies.

Under general direction of Mrs. Carl Ritchie, woman of the Legion, were well organized for the sale yesterday and they were ably assisted by a group of Old Veterans and a cordial response on the part of men, women and children who thronged Twin Falls business district during the day. The money was collected in the most successful that has ever been held here.

The supply of 1000 poppies that had been secured for the sale was exhausted early in the day, and during the afternoon and evening, the surplus supply that had accumulated during previous years found its way into hundreds of individual buttonholes.

There was no fixed price for the memorial blossoms. Many persons paid a quarter each for the tissue flowers, and some

gave a dollar, while some youngsters displayed proudly the memorial poppies they had bought with copper pennies.

# Another Step In Leadership

### Leadership

Firestone brought out for automobile use:

- The first straight-side tire.
- The first rubber-non-skid tread.
- The first commercial demountable rim.
- The first patented Gum-Dipping process.
- The first balloon tire.

### Performance

Firestone Gum-Dipped Tires.

- hold world records on road and track for safety, mileage, speed and endurance.
- for ten consecutive years have won the 500-mile Indianapolis Endurance Race.
- were on winning cars in Pike's Peak Race—where a slip meant death.
- were on the Studebaker car which on a board track at Atlantic City in 1928 went 30,000 miles in 26,326 miles.
- ran 71,351 miles on a Detroit taxicab, before the first tire was replaced.
- were on the G. M. C. truck carrying a two-ton load that hung up the Coast-to-Coast Endurance record.
- for 10 years have been sold on a mileage cost basis to taxicab and bus lines in greater volume than any other tire, and now equip the world's largest taxicab fleet and world's longest bus line.

THE FIRESTONE COMPANY gained its first success years ago by devising a rubber carriage tire and a method of attaching which was better than anything owned by the carriage tire trust. When Firestone wanted to make automobile tires, the way was barred by a trust holding the clincher patents for fastening the tire to the rim. Firestone invented a new way—which knocked the value out of the trust's patents and developed into the straight-side tire used everywhere today. Henry Ford, just starting volume production, gave the first order for them.

LATER, when all the rim patents were pooled in a trust, Firestone set up a rim factory and broke the monopoly. Still later, when an inventor asserted a basic patent on all demountable rims and the manufacturers began to pay license fees, Firestone fought the claim from a new angle and proved it fraudulent. When, just a few years ago, the British rubber planters entered into an arrangement artificially to raise the price of rubber, Firestone almost alone and unaided fought the monopoly.

FIRESTONE did not fight these monopolies for the sake of fighting. They had to be fought, because the Firestone policy demands that a tire price include materials, workmanship, a reasonable profit and nothing else.

FIRESTONE has defeated every monopoly. Firestone has done all the fighting, but the fruits of victory belong to everyone. They have made every tire cheaper, and saved the public at least fifty million dollars a year.

STANDING out against monopolies and high prices is a part of a great tradition—a tradition which has been responsible for every notable advance in tire making. It is the tradition of leadership. The pressure is always to make tires that will more than meet every

and give more value than money can be expected to buy. The obligation is absolute and admits of no compromise.

THIS policy has created great resources. The resources give further and greater force to the policy. The rubber flows in Firestone hands from the trees...the fabric travels from the cotton fields through Firestone mills... everything meets in Firestone factories. At every point the control is Firestone's. There are no outside profits.

NO FIRESTONE Tire is expensive. The highest priced are, in point of service, very cheap. But the objective of years has been to make a tire at a low price that would not compromise on design, material or workmanship.

THAT tire has now been made. Firestone now announces a new line of tires at prices only Firestone could make. They are Firestone tires. They are sold as Firestone tires. And they are sold by dealers who are trained, and whose service stores are equipped to ensure that each tire bearing the name Firestone fulfills its obligation.

THESE tires are now with Firestone dealers. Ask to see the Firestone line of Anchor Double-Breaker-Gum-Dipped-Balloons.

# George Simpson Defeats Tolan In Century

## Ohio State Flash Fails in Attempt To Break Record

Victor Glides Over 100-Yard Course in Better Time Than Made by Champion But Falls Short of Goal

(By The Associated Press) VANSTON, Ill., May 24.—George Simpson, the Ohio State lead with lightning in his legs, failed in his efforts to establish a new world's record in the 100-yard dash today. He had, however, the satisfaction of defeating Eddie Tolan, recognized 100-yard champion, and added another defeat to the University of Michigan Negro in the 200-yard dash, to clinch the finals of the Western conference outdoor track and field championships.

While the two sprinting stars were providing the thrills in these days of speed, they in a well-balanced Michigan team, steadily picked up points to carry off the championship. The West won 11 of the 16 events, and winning three first places, a total of 51 points, with Illinois second with 44, Wisconsin third with 41, and Ohio State, the other contender, garnered 31½ points, for fourth place. The scores in detail are as follows: Iowa 24; Indiana 20; Northwestern 14; Michigan and Purdue 9 each, and Minnesota 4.

## American Women Capture Doubles Crown in France

AUTEUIL, France, May 24 (AP)—By a smashing victory over Mme. Binone Matthieu and Mlle. Yvette Binone Francis, the redoubtable Helen Williams and Elizabeth Partner, Elizabeth Ryan, captured the French women's doubles championship for the first time in their careers today. The scores of the one-sided final were 6-3, 8-1.

## Idaho Frosh Lose To Cougar Squad

MOSCOW, Idaho, May 24 (AP)—Washington State's football team of the University of Idaho track and field squad in a dual meet here today. The Frosh were defeated 10-4. Washington took 11 firsts to four for the Vandals. Paul Swift, Washington, was high-point maker, taking first in the 100 and 200-yard dashes, and the broad jump, for 18 points.

## Claire Giannini Weds Grid Star

SAN MATEO, Cal., May 24 (AP)—Miss Claire Giannini, only daughter of a California millionaire, was wed to Cliff Elsworth, grid star, in a ceremony here today. Elsworth, captain of the 1935 Stanford university football team which defeated West Point. The ceremony was performed at St. Matthew's Catholic church at noon by Archbishop Edward J. Hanna, San Francisco. The bridegroom, who lives in San Francisco, where Elsworth is connected with a brokerage firm.

## PAID DOUBLE DURING ECLIPSE SAN FRANCISCO

SAN FRANCISCO (AP)—Night pay or double time was paid to workers on the transcontinental route of two aviation companies during the period of semi-darkness caused by the recent eclipse of the sun.

## Sam Rice Retains Slugging Lead in American League

Senators' Veteran Outfielder Holds Place at Top of Individual Race by Hitting at .390 in 31 Frays

(By The Associated Press) CHICAGO, May 24.—American League pitchers whittled 20 points off Sam Rice's batting average and snatched his consecutive hitting streak at 24 games, but the Washington Senators' veteran outfielder held his place at the top of the individual race during the last week of the season. Wednesday's game revealed today, Rice, who is the first to hold the lead two weeks in a row this season, compiled an average of .390 in 31 games to lead by 11 points Marty McManus, Detroit infielder, who topped from sixth to second position. The biggest gain among the leaders was registered by Al Simpson, who played 23 games, while Tommy Oliver, Boston, who dropped 28 points, suffered the biggest loss.

**Other Leaders**  
Following Rice, McManus among the regulars were: Birmingham, 37½; Cleveland, 34½; Chicago, 31½; St. Louis, 31; Philadelphia, 30; Detroit, 29; Boston, 28; New York, 27; Washington, 26; Cleveland, 24; Judge, 23½; Philadelphia, 22½.

## Jerome Ball Club Comes for Contest

In the third round of Inland baseball league games, this season, Twin Falls entry will meet the Jerome club at the baseball park here at 3:30 P.M. today, and probably will start the contest with Veneman and McNeely as batteries. Manager W. W. Francis announced last evening.

## West Conference Acts to Enforce Eligibility Rule

CHICAGO, May 24 (AP)—Western conference today severed athletic relations with all teams without a three-year eligibility rule, notably the Army, and rejected pleas for reinstatement by eight University of Iowa athletes.

# Six Rocky Mountain Conference Records Tumble At Denver

## Utah's University Gathers Total of 57 Points to Win

Athletes Make New Marks In Shot-Put, Discus, Hammer Throw, Pole Vault and In Broad and High Jump

By FRANK H. FRANLEY (Associated Press Staff Writer) BOULDER, May 24.—Six Rocky Mountain conference records were shattered here today as the University of Utah's all-star team took home the track and field championship that was won last year by Brigham Young university.

New marks were established during the afternoon of occasional performances in the shot put, discus, hammer, pole vault, broad jump and high jump. The University of Utah won the meet with 57 points. Others finished in this order: University of Colorado 45; Colorado college 13; Utah Aggie 30; Brigham Young university 30 1-2; Colorado college 11; Montana State 9; Denver university 8; University of Wyoming 2 5-8; and Colorado Teachers college 1.

**HIGH JUMP**—Grant, University of Utah, 6 feet 3 3/4 inches. The old mark was set by Leroy Brown, Colorado Mines, in 1925, was 6 feet 2 1/2 inches.

**BROAD JUMP**—Hamilton, University of Colorado, 24 feet 4 1/2 inches. The old mark was set by Thompson, Wyoming, in 1925, was 23 feet 8 inches.

**POLE VAULT**—Harvey, Colorado Aggie, 12 feet 10 inches. The old mark was set by Brewer, Colorado Aggie, in 1927, was 13 feet 1 1/2 inch.

**HAMMER THROW**—Dutch Clark, Colorado college, 150 feet. The old mark was set by Walter Clark, Denver university, in 1925, was 153 1/2 feet.

**SHOT PUT**—Beattie, Colorado Aggie, 47 feet 9 1/2 inches. The old mark, also by Beattie in 1925, was 47 feet 1/2 inch.

**DISCUS THROW**—Beattie, Colorado Aggie, 147 feet 9 1/2 inches. The old mark, also by Beattie in 1925, was 145 feet 8 inches.

Grant was high individual scorer with 14 points, and three men tied for runner-up position in individual scoring—Bellington, Beattie, and Reese.

The victory was a personal one for the Armstrong, University of Utah coach, in capturing the conference meet. It was the realization of an ambition which he has harbored ever since going to coach at the Utah school four years ago and clinched a long series of championships which he has brought to the institution.

**JACK McVEY WINS BOUT**—LOS ANGELES, May 24 (AP)—Jack McVey, New York Negro boxer, walked away with a 10-round decision over the Texan, Yagui Indican, here tonight in an outdoor show before 3000 fans. McVey outboxed the Indian for eight rounds and the last two were evenly divided.

**COLORADO AGGIE POLE TEAM DEFEATS UTAHNS**—FORT COLLINS, Colo., May 24 (AP)—Colorado Aggie polo team rose today to defeat the University of Utah 8 to 3 in retaliation for the defeat suffered yesterday when the Utes won 4 to 2 at the banking man's.

## Herman Climbs to National League's Hitting Leadership

Brooklyn Batter, With Most Individual Honors of Entire Circuit, Bats Way To Fame at Mark of .424

(By The Associated Press) NEW YORK, May 24.—Slugging which carried Brooklyn to the top of the National League standing last week is clearly evident in the batting averages released today, which include a 1-8-2 Wednesday's games.

The Robins have moved to the top of the club batting lists with a mark of .234, displacing the New York Giants, and have three of their leading clubbers in the first 10 regulars in the individual batting averages released today, which include a 1-8-2 Wednesday's games.

Herman Gains Honors—Herman, besides leading, has gained more individual honors than any other player. He holds second place in scoring and in runs batted in.

American Falls Hares—American Falls is rapidly becoming the fish haven of southern Idaho. Skillful fishing seems to be required but enormous trout are hauled out occasionally while good catches of smaller ones are quite common.

Sluggers—Behind the first three sluggers who are locked in their tight race for individual hitting honors come Brown with a .418 mark, Terry, New York, .408; Douthitt, St. Louis, .402; Comorosky, Pittsburgh, .398; Frederick, Brooklyn, .395; Blainette, Brooklyn, .378; and Klein, Philadelphia, .372. They are rated as regulars with a batting average of .350.

Collinsville, Ill., May 24 (AP)—Gallant Knight, second to Gallant Fox in the Kentucky derby a week ago, today won the fifth running of the Fairmount derby, carrying a purse of \$10,000 added. Beville Boy was second and Longus third.

Busfous hurt? F. D. Foster, 846, said.

## Idaho Fishermen Find Low Waters Big Aid to Luck

Reports From Deputy State Game Wardens Indicate Anglers of Gem State Encountering Good Fortune

(By The Associated Press) BOISE, May 24.—Fishesmen ferring forth in the early days of the Idaho open season generally found low waters in the creeks and rivers to improve their luck.

Anglers were to the effect that streams were unduly low and clear that by fishing was good. The little Salmon river, trickling along beside the North and South highways, gave huge catches to several travelers who managed to pick out a few nice ones while the automobiles scudded by on the highway within a few feet of the ends of their fish poles.

Salmon fishing has been experienced in the reliable North Fork of the Coeur d'Alene. The fish took fairly well to dry flies but one reporter stated the salmon eggs proved a better lure. The full scale of luck from nothing to numerous was checked in on the first day.

Not so many reports have come out of the central Idaho streams. Most of them brighten up more as the season advances. Scarcely a flaw can be found in the fishing of the upper Snake river. Two of the choice rainbows were brought back to feed this hungry column and they were good fish. More were left behind.

Henry's lake seems to furnish the choice variety of fishing this spring. One angler took out two rainbows, a large native "cutthroat," a bull trout, and a cross between a rainbow and a native—all white fishing from one place.

McCull, on Payette lake, now has a new attraction—a golf course. It is promised for golfers not later than June 15. It is described as Cincinnati Reds with a mark of .978, three points better than Brooklyn.

## Five Teams Enter Meet at Whitman

WALLA WALLA, May 24 (AP)—Whitman college will be host for the third year in succession to the Northwest conference track and field championships in the Walla Walla stadium Thursday and Friday, May 25 and 26.

Teams of 12 men will be entered this year. The first time two days will be devoted to the meet. Teams of 12 men will be entered this year. The first time two days will be devoted to the meet.

Planned in the afternoon of occasional performances in the shot put, discus, hammer, pole vault, broad jump and high jump. The University of Utah won the meet with 57 points.

They were planned in Alturas, Pettit, Yellowstone, Farley, Alton, Twin, Toraway, Redfish, Mary, Imogene, Sawtooth, Stanley and Jimmy Smith lakes.

They were planned in Alturas, Pettit, Yellowstone, Farley, Alton, Twin, Toraway, Redfish, Mary, Imogene, Sawtooth, Stanley and Jimmy Smith lakes.

## Game Law Fines Mount in Idaho

BOISE, May 24 (AP)—Spear-fish seems to be anything but a profitable enterprise in Idaho. Judging from the fines meted out to several men arrested during April by officers of the state game department, one paid \$40 fine and coats while several others paid out \$50.

The total revenue to the department for the month from fines was \$608. Thirty-three persons were arrested and 22 paid fines, the least of which was \$10 for mounting a deer head without a license.

Oregon's Track Team Triumphs—CORVALLIS, Ore., May 24 (AP)—For the second successive year, the University of Oregon won major trophies for the state in the track and field—Oregon State college, 71 to 54, here today. One state record was broken, Dickson, Oregon, during the javelin 155 feet 11 inches. The former record, set by Tracy, Oregon, in 1921, was 149 feet 1 inch.

Northwest Marksmen Enter Missoula Shoot—MISSOULA, May 24 (AP)—For the seventh time, the annual Northwest rifle matches will be held at Fort Missoula. Dates for the shoot, sponsored by the Northwest Rifle association, are June 4 to 8.

## New Faces Appear In Drivers' Seats In 500-Mile Grind

Assortment of Four, Six, Eight and Sixteen-Cylinder Cars Take Part In Quest for \$40,000 Prize

By CLAUDE WOLFF (Associated Press Staff Writer) CLEVELAND, May 24.—A track just a bit rougher, an array of drivers just as daring as in the 17 other Memorial day classics, and an assortment of four, six, eight and sixteen-cylinder cars await the start of the international 500-mile race.

The picture will be much the same as any other May 30—as when the brilliant Frank Lockhart rode to victory; when the late Jimmy Murphy astonished with his skill as a driver; when a broken hearted a driver pushed his car, disabled two miles from the goal, across the finish line.

Gone, except for a few, are the stars of other days but clamoring with as eagerly into drivers' seats and mechanic's niches is a host of youngsters. The starting block will send them away in a mad chase for glory and a part of the \$100,000 prize money. The race is worth \$40,000 to the winner.

This year's race will be somewhat of a three-dance it brings forth the riding mechanic again for the first time in seven years, disappears with the supercharger, permits motors four times as large as those used in recent years, and allows only two carburetors.

New Type Motors A year ago virtually all motors were straight-eight. This year there will be four, six, eight and sixteen-cylinder. What the new and sturdier creations will be able to do, only time will tell.

Several of the new types of motors of the past four years failed to do better the record of 101.13 miles an hour—in a matter of only a few days. The record is held by Peter De Paolo, who came out of retirement to drive this year, once more as a mechanic. He is the son of De Palma. De Paolo has asked De Palma to drive a car for him this year.

Louie Myer, winner in 1928, second in 1929, and American driving champion for both years, always has ridden alone. His mechanic will be Alden Sampson, his financial backer.

A classic again will have an international touch with Baconi Boracchini, noted Italian racer, and a young American, Bobo Jones, American champion, and a young American, Bobo Jones, American champion, and a young American, Bobo Jones, American champion.

Substitute Proves Ability As Hitter

BOBBY JONES, "the enthusiastic who live in the country where golf was born," plays golf like a Scotsman. So when "Rubber Tire" launched his 1930 invasion of Britain with the Walker cup matches, a Scot was there to carry his clubs, Jack McIntyre, himself, who was Bobby's caddy when he won the British open in 1927 and 1928. When it was found that the Atlanta lawyer had his lucky caddy with him again the odds against him were again sharply cut.

## Golf's Popularity Continues Growth

Contrasts of Open Tourney In 1916 and Present Illustrate Status of Sport

By RAY HENDRICKSON (Associated Press Staff Writer) MINNEAPOLIS, May 24.—Now is the time for the increasing popularity of golf.

In 1916 the open golf tourney was held here and about 300 persons saw the match. This year it is to be held here and preparations are being made to handle galleries of 15,000.

Fourteen years ago Minneapolis was a small town. It has grown to a city of 100,000. The golf course is now a grand stand at a point where the start and finish of the hole may be seen.

Louie Myer, American champion driver for two years, with Alden Sampson, at his right, Myer's financial backer, who will ride as mechanic. Peter De Paolo has asked his uncle, Ralph De Palma, to drive for him. One of the dangerous courses on the course.

## ON THE SIDELINES by BRIAN BELL

STORIES from England of a messenger boy who picked up a golf ball in the women's championship and carried it a full run shot nearer the green, thus saving one of the competitors a stroke, must be given high rank in the collection of freak incidents happening on golf courses everywhere.

Suddenly he stiffened and yelled, "Hey, what's that?" "That was seen to be a golf ball, resting securely in his path. A high iron to the second green had strayed off the line and landed between the juvenile spectator's knees.

THE Chicago Cubs must have established some sort of a record in a game with the Boston Braves, May 15. The National league champions started as though they proposed to play "doubles or no count."

WINSTON-SALEM, N. C., May 24 (AP)—One of America's outstanding golf heroes is now backpopping for the Winston-Salem club of the Piedmont league.

Hurler's Prowess Brings War Medal

WINSTON-SALEM, N. C., May 24 (AP)—Arthur Forrest, holder of the Congressional Medal of Honor and "World" war decorations from five countries besides the United States, was awarded the Medal Militaire and the Croix de Guerre with two palms.

GETS FOUR SILVER KINGS TAMPA, Fla. (AP)—W. Ashby Jones, veteran angler, credited with landing the largest fish ever taken in the United States, won individual honor at Fort Myers for April with four silver kings.

WARGENT PASSES HOME PITTSBURGH (AP)—Glen Wright, Brooklyn star shortstop, was received by fans here recently with acclamation.

WILLIAM SPEED Gardner will compete in the 500-mile automobile race at Indianapolis MAY 30.—(AP) Photo.

## Six Stars Remain To Vie Third Year At Harvard Meet

Kieselhorst, Yale Hurdler, And Krenz, Stanford Dis-Repeat Former, Hope to Repeat Former Achievements

By ANAN GOULD (Associated Press Sports Editor) NEW YORK, May 24.—Only a handful of competitors, six to be exact, who took into the Intercollegiate Amateur Athletic Association scoring column as sophomore athletes in 1929, remain to compete for their title matter for the third successive year in the blue ribbon track and field championship at Harvard stadium, May 30 and 31.

Of these, a pair of two-time champions, Captain Bud Kieselhorst, Yale, and curly-haired Eric Krenz, Stanford, will attempt to accomplish the rare achievement of winning three titles in their specialties.

Leads Two Years Kieselhorst had led the timber topers over the 220-yard low hurdle route for two straight years. He was put out of the early spring campaign by an operation for appendicitis but by his coach, Frank Kinsley, said recently at Philadelphia that the 211 captain probably will be in shape to defend his crown.

Best of Old Mark Last year Kieselhorst bettered the intercollegiate Amateur Athletic Association record by racing over the sticks in 23.3 seconds, eclipsing Alvin Kessel's 21.9-year-old mark of 23.4, but the Yale ace's mark was rejected because of the wind.

When he lays a \$10 bet the track gossip states he is adding "a sure thing" yet he never bets on a stake race.

Only three trainers, who have led the trainers in the matter of races won for 25 years, have earned more than \$108,415 accounted for by Fitzsimmons, one of the kings of thoroughbred trainers, is not a heavy wagerer.

When he lays a \$10 bet the track gossip states he is adding "a sure thing" yet he never bets on a stake race.

As a jockey Fitzsimmons was particularly sparing of the whip. There is a story of his ride on King Idol in which jockey Johnny Tabor was his favorite.

"I dropped my whip," Tabor shouted across at Sunny Jim. "I had a whip I'd best use."

"Take mine," said Fitzsimmons. "I don't need it." And he handed it across. King Idol was beaten by a neck.

Value Features of the Graham Standard Six Tour Sedan

115-inch wheelbase—which gives spacious comfort, and full size.

6-cylinder—66-horsepower motor, 207 cubic inches displacement which gives limitless power.

7-bearing crankshaft—81.4 square inches of piston and cylinder area—which gives sweet, smooth operation.

Adjustable foot pedals and adjustable seats—which give the utmost convenience and comfort.

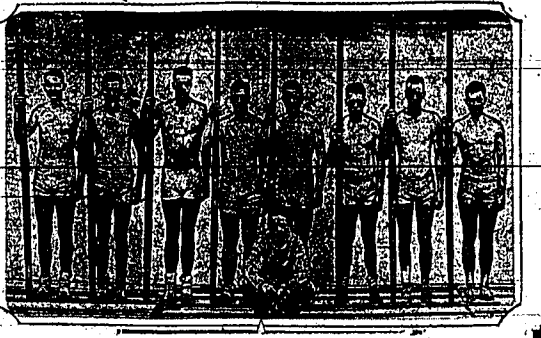

Hydraulic four-wheel brakes—intermediate steering with 12-inch drums—which give dependable braking and perfect security.

Cam-and-lever steering which gives the greatest ease in handling.

Graham-bull body—with four doors, gives protection and appearance, protection and durability.

And shatter-proof plate glass throughout at the lowest additional cost ever placed on such equipment.

## Cornell's Big Eight Looms as Threat

THE VARSITY CREW at Cornell university, one of the "heaviest" and strongest eight that has been seen in the Cayuga river in years. Left to right: J. L. Niles, stroke; H. O. Aelsinger, 7; B. B. Clark, 6; N. E. Scott, 5; R. J. Heidehoffer, 4; J. R. Shellenas, 3; A. B. Butler, 2; S. Y. Austin, bow, and J. B. Burke (in front) coxswain.—(AP) Photo.

## Henning Plans to Return to Racing

Injury in First Aid Only Race Keeps Hero on Sidelines During Eight Years

INDIANAPOLIS, May 24 (AP)—"Cotton" Henning, Oklahoma, whose lone experience as a riding mechanic kept Krenz from the opportunity to do the unprecedented and bid for a three-time "double."

He ended in an accident which made speedway hero of him, will ride again this year.

He has been chosen to serve Peter De Paolo, whose life he brought to save, in the 500-mile race here Memorial day.

His almost fatal trip with De Paolo in 1924 at Kansas City laid him up so long that one-seater cars were the vogue when he was ready to don his helmet again.

Man Killed in Race In that ride Roscoe Carter went into a wild slide which ended in his death.

De Paolo and Henning were thrown clear of their racer, Henning, regaining consciousness though the car was on fire with De Paolo under it.

He crawled over the track to the driver with cars whizzing by him. When he realized De Paolo was safe, Henning collapsed beside him.

ENTERPRISE SHOWS GRACE NEW YORK (AP)—Enterprise has shown up as the best defender of America's cup in early trials of the yacht.

## Horse Farms of Chicago Increase

CHICAGO, May 24 (AP)—The springtime pattern of youthful-hoos may be heard on 30 or more horse farms in the Chicago district.

Within the last five years—since racing was legalized—more and more acres of Illinois have been devoted to the breeding and training of thoroughbreds.

A summer's racing on the several Chicago tracks will be the added lure of the racing horse.

Chief of the farms are the Cary plant of John D. Hertz, with its colts, brisols, Reigh Court and Anita Pebody; the Shuyevant Peabody farm, and the home of Paul Hunsan at the L. M. Severson farm. Others are owned by Laurence Armour, Austin Niblack, William Swift, Fairbanks Morris, Otto and Edward Lehmann and Valentine Crane.

FREY HITS ON BONY CINCINNATI (AP)—Fenny Frey, rookier hurler has taken Redland fans by storm, winning four games in the early season.

## QUALITY IS THE BEST POLICY

GRAHAM STANDARD SIX 4-DOOR TOWN SEDAN \$845

GRAHAM SPECIAL EIGHT SEDAN \$1595

Value Features of the Graham Standard Six Tour Sedan

- 115-inch wheelbase—which gives spacious comfort, and full size.
- 6-cylinder—66-horsepower motor, 207 cubic inches displacement which gives limitless power.
- 7-bearing crankshaft—81.4 square inches of piston and cylinder area—which gives sweet, smooth operation.
- Adjustable foot pedals and adjustable seats—which give the utmost convenience and comfort.
- Hydraulic four-wheel brakes—intermediate steering with 12-inch drums—which give dependable braking and perfect security.
- Cam-and-lever steering which gives the greatest ease in handling.
- Graham-bull body—with four doors, gives protection and appearance, protection and durability.
- And shatter-proof plate glass throughout at the lowest additional cost ever placed on such equipment.

Value Features of the Graham Special Eight Sedan

- 8-cylinder, 100-horsepower motor which gives the flexibility and power that make the Graham Eight so brilliant a performer.
- Graham time-proved four-speed transmission which provides the finest thrills in motoring.
- Lightning-get-away in second gear.
- Rapid acceleration in silent third gear to 65 miles per hour.
- Eighty miles per hour with amazing ease in fourth gear.
- Sixty miles per hour in 19 seconds from standing start.
- From 60-miles per hour to a smooth stop in less than 5 seconds.
- And complete equipment of shatter-proof plate glass at the lowest additional cost ever placed on such equipment.

Value

Beyond Approach

No matter what particular model of the Graham catches your fancy, you will find it is an exceptional value.

As you view it on the salesroom floor and study its points of superiority, you realize that the Graham gives a measure of worth for which you have been accustomed to pay considerably more than the Graham price.

But only when you step into a Graham and drive it a short or long distance, as you choose, will you fully appreciate what the Graham kind of value means.

# Expedition In Greenland Probes Glaciers' Effects On Weather

## GERMAN SCIENTISTS INVESTIGATE SILENT FROZEN WASTELAND

Instrument Purports to Determine Thickness of Ice Cap Within Interior

Alfred Wegener Leads Teuton Investigators

Measurements of Temperatures and Air Pressure Help in Forecast

German expedition led by Professor Alfred Wegener (inset) is in Greenland studying effect of glaciers on weather conditions, with bases at Umanak harbor (below) and at Kamanarjuk glacier in interior (top).

(By The Associated Press) UMANAK, Eastern Greenland, May 24—The silent frozen wastes of Greenland are being penetrated by an interpell band of German scientists who have just arrived, under the leadership of Professor Alfred Wegener, meteorologist of the Austrian university of Graz.

The object is to investigate meteorological and geophysical peculiarities of Greenland. Except the inaccessible Antarctic, Greenland is the only territory where a permanent ice cap exists. Its present condition is that of northern Europe during the ice age.

As Greenland is one of the world's "cold air centers" measurements of temperatures and variations of air pressure are of the greatest importance for framing Atlantic weather forecasts. They are indispensable to determine the permanent ice cap exists. Its present condition is that of northern Europe during the ice age.

Glacier Movements

Movements of glaciers and icebergs will constitute an important part of the investigation of Professor Wegener and his men. Previous measurements have shown that Greenland glaciers move 100 times faster than Alpine glaciers. That is, with a speed of 100 feet a day.

To obtain exact figures, measuring instruments must remain in position for a whole year. The expedition plans to remain on the inland ice for 18 months, and make observations at three bases: one at each end of the edge of a glacier and one inland.

The latest instruments, adaptations of the echo-sounders used in measuring ocean depths, have been taken to ascertain the thickness of the Greenland ice. The heaviest ice crust previously measured here was 4000 feet thick, and it is believed that farther inland the thickness will be 8000 feet. The weight of this prodigious mass of ice has pressed the land down to sea level, or even below it—the natural process in Scandinavia during the ice age will be studied.

## THEATRES

### LADIES OF LEISURE

"Ladies of Leisure," the Columbia all-talking production adapted from the David Belasco stage play by Milton Haskett Cropper is the attraction at the Orpheum theatre.

Columbia has spared no expense in bringing this picture to the screen. It is elaborately staged and superbly played. Barbara Stanwyck gives an intensely human performance in the role of Kay, as does Ralph Graves in the role of Jerry. A finished piece of work is contributed by Lowell Sherman as the wealthy Bill Stenshild. A delicious bit of comedy is contributed by the vivacious Marie Prevost. Others in the cast are George Raft, Nancy O'Neil, Johnnie Walker and Juliette Compton. Frank Capra, ex-director of "Bright" and "Submarine," directed.

### "NOT SO DUMB" NOW

"Not so Dumb" Metro-Goldwyn-Mayer's new starring vehicle for the comedienne, now playing at the Idaho theatre, Uida has provided her with the most vivacious role she has played, a sparkling vehicle that affords her wide latitude for her rare comedy talents.

The picture is an adaptation of the well-known stage farce "Dulcy" by George S. Kaufman and Marc Connelly. It is Uida's third picture with Miss Davies as the star, the previous two having been the exceptionally successful "The Fatsby" and "Show People."

Miss Davies demonstrates her vocal as well as physical versatility in the screen comedy, adapting her voice as well as her personality to the role of a blundering, flapper who tries to run her fiancé's business affairs and almost ruins her romance as well as his bank account.

Elliott Nugent plays opposite the star and the supporting cast includes Raymond Hackett, William Holden, Julia Faye, Sally Strain, considerably to the convincing manner in which the rosiest play is presented.

The play was adapted for the screen by Wanda Tuchock and Edwina Justice. Myer prepared the dialogue.

## GRANGERS OF FAIRVIEW HOLD BUSINESS SESSION

FAIRVIEW, May 24—Fairview Grange met in regular session at the Grange hall here this evening. Mrs. Oscar Everson was presented with a past master badge. After the business meeting, an interesting program was given by the young people of the Grange. The next session of the organization will be on June 10. Mrs. Del manager will have charge of the program.

The Fairview Grange met at the home of Mrs. J. A. Clark with Mrs. Harvey King as the hostess. Eighteen guests were in attendance on the occasion of guest day. A Mothers' Day program was arranged by Mrs. Alfred Kramer, and was presented as follows: "Origin of Mothers' Day," Mrs. Russell Parker; "Only Mother Knows," Mrs. Frank Barrow; recitation, "Mother," Norma King; songs by Norma King, Betty Higgins and Maxine Robertson. The oldest mother present was presented with a beautiful bouquet of flowers. Following the program, Mrs. Lillian Chase, representative of the children's home at Boise, gave an account of the work being done there. Her notes served as a basis for the program.

Mr. and Mrs. Pruhack entertained 28 guests Sunday in honor of their daughter, Ruby, on the occasion of her birthday anniversary. Mr. and Mrs. George Wilson, Mr. and Mrs. Harry Wigninton and Mr. and Mrs. Frank Thatcher attended a pinocle party Thursday evening at the Tom Soubert home.

## ARMY AND NAVY

CHIL DREN WOMEN'S AIR FLYS LOS ANGELES (AP)—A ship of a girl, Edith Bond, who only recently celebrated her limited commercial pilot's license, was in charge of the Los Angeles aerial festival for women. She brought the planes to a central place with military precision.

The University of Missouri graduating class this June will number 200, the largest list of candidates in history.

## 4-H CLUB GIRLS OF MURTAUGH CONVENE

Mrs. G. I. Carmen And Mrs. Martha Epley Furnish Instruction to Sewing Class

MURTAUGH, May 24—Murtaugh 4-H club class met Friday at the school sewing room. Mrs. G. I. Carmen and Mrs. Martha Epley were in charge of the group. The girls were taught the "French hem" in attendance were: Virginia Lee, Geneva Strand, Ada Goodman, Ora Williams, Marjorie Clawson, Ruth Davis, Jewel Blurry, Effie Rose and Naomi Matthews. The class will meet again next Friday at 7:30 P. M.

Members of the Ladies Aid society of Murtaugh look lunch at the Kimberly cafe Thursday and went from there on a tour of inspection through the Troy laundry. The following women made the trip: Mrs. White, Mrs. Ray Jackson, Mrs. G. Heck, Mrs. Edgar Norman, Mrs. Ira Johnson, Louise Johnson, Mrs. W. R. Siskel, Mrs. Charlie King, Mrs. R. J. Day, Mrs. W. A. Parley, Mrs. W. D. Griffith, Mrs. Russell Carlson, Mrs. Arthur Menzer, Mrs. Laurence Bile, Mrs. Margaret Hartley, Mrs. Emma Carmen, Mrs. Phillip Day, Miss Ruth Brown and Mrs. Ernest Browning.

## JEROME EIGHTH GRADE STUDENTS NUMBER 122

JEROME, May 24 (Special to The News)—One hundred twenty-two students of the eighth grade of the Jerome school were presented with diplomas by J. B. Overfield, chairman of the school board, at the eighth grade graduation exercises held Thursday night in the high school auditorium.

The speaker for the occasion was Rev. O. L. Johnson, pastor of Jerome Baptist church, who spoke on "Lamps of Education."

A large audience was present, filling the auditorium to its capacity. Special Memorial day services will

be held in the Methodist church here Sunday morning.

Mrs. A. O. Lee and daughter, Miss Wanda Lee, returned to their home in Aberdeen Thursday after spending two days visiting relatives.

Mrs. Ida Bronson and Mrs. Goldie Tolman entertain pupils of the primary class Wednesday at the home of Goldie Tolman. The afternoon was spent teaching the class to sew. Refreshments were served to the following guests: Iona Meyer, Blanchette Feek, Virginia Lee, Thora Bates, Edna Lee, June Tolman, Emma Egbert, Lora Tolman and Mary Dean.

## Air Mishap Hero

LIEUTENANT Tulladge Boyd Ogden, U.S. Army, was injured in an attempt to save a fellow pilot whose parachute was tangled in a falling plane over the Pacific, near Hawaii. It is efforts were futile. —(P) Photo.

## WEST END'S TUBER ACREAGE INCREASES

Farmers of District Begin Planting Potatoes, Using Seed From Northern Idaho

BULL, May 24 (Special to The News)—Potato acreage is to be increased this season in the West End, with planting of the tubers well under way this week. Most of the seed planted in this district this spring is dry land seed shipped from northern Idaho. Idaho Russets is the leading variety planted by all the large growers who are anticipating another year of high price.

Practically all potatoes have been shipped from local storage cellars and in several instances buyers have shipped to-torried cuts to fill the demand.

Ray Hally, one of the largest growers Bull will plant 70 acres, and P. F. Alquist, and George Alquist, growers and buyers, will have a much larger acreage this year than usual. George Eil and John Lintley will raise about sixty acres each and John Arai will raise about 50 acres.

Many West End farmers who have raised beans exclusively for several years are diversifying this year and are planting small acreages to potatoes.

Westman cities listed general property taxes of \$15,958,000 in 1935, \$2,655,000 more than the preceding year, the state tax commission has announced.

## POMONA GRANGERS OF JEROME COUNTY MEET

JEROME, May 24 (Special to The News)—North Side Pomona Grange and South Pomona Grange held a joint meeting and picnic at the Falls City schoolhouse today. Representative E. C. Montgomery assisted. The assembly on "Law-Making," "Benefits of the County Fair" were discussed by Earl Kennedy, and "Let's Club and Grange Cooperation" by Tom Speedy.

# Wartime Shipyard Awakens as Air-Rail-Marine Terminal

**PHILADELPHIA BUYS TRACT FOR USE AS COMMERCIAL PORT**

City Pays \$3,000,000 For Vast Yard to Accommodate Increase of Trade

**\$6,000,000 Go for New Improvement**

**Largest Boat-Construction Industry in World to Give Way to Project**

Hog Island, vast shipyard shown as it appeared during war days, soon will become a giant air-rail-marine terminal for Philadelphia.

(By The Associated Press)

**WASHINGTON, May 24**—Silent for nearly a decade, the world's greatest wartime shipbuilding yard, now is to become a modern air-rail-marine terminal.

In the vast yard, 122 ships were built before 1921 to care for the nation's warships. Since then, the shipyard has been idle, the warehouses empty and decaying and the 22 miles of steel rail rusting. The \$66,000,000 plant became surplus war material.

**DRILLING STARTS ON ROAD NEAR BURLEY**

**Idaho Commission Puts High-Way Machinery to Work on Part of Old Oregon Trail**

**BURLEY, May 24 (Special to The News)**—Drilling has finally started on the surfacing program in effect on the stretch of state highway between Burley and American Falls. For several weeks the state highway commission has had heavy road machinery at work on the Burley grading site surfacing the old Oregon trail, and for more than two weeks four cars of road oil have been on a siding here lying awaiting a favorable turn in the weather.

A combination of wet roadbed and cool weather has held back the spreading of the heavy petroleum. With the completion of the 63-mile stretch of highway between Burley and American Falls, the entire length of the old Oregon trail completely across the state will present a good surface for traffic.

In addition to the state highway drilling system, arrangements have been consummated with the highway department to oil and surface the portion of the highway that extends through the city of Burley, along South street.

**LEGION AT RUPERT PLANS CELEBRATION**

**Arrangement for Observance of Fourth of July Begins Taking Shape in East End**

**RUPERT, May 24 (Special to The News)**—Celebration of the Fourth of July in Rupert this year will be under supervision of George E. Marshall, post of the American Legion, and according to announcement this week of Post Commander Robert L. Culler plans are moving steadily forward to insure one of the biggest and best Independence Day celebrations that has been given here.

Committees are appointed and are now in action. Commander Culler of the Rupert Rotary club has agreed to cooperate in the project of giving away an automobile on the Fourth of July. Jack Roper and George Lemke have been appointed to act in conjunction with a Legion committee and a representative of the Rupert Chamber of Commerce, committee man not yet named.

The complete program is not yet ready for release but the "buddy" in charge are now making contracts with outside attractions, including a carnival, it is stated.

**UTAH FOLKS COME FOR PAUL BOY'S LAST RITES**

**PAUL, May 24**—Mr. and Mrs. William Green, Richmond, Utah, parents of Bishop Davis Green, Paul, arrived Friday afternoon to attend the funeral of Merrill Green, six-year-old son of Bishop and Mrs. Green, who died from burns caused by the explosion of a can of gasoline yesterday afternoon.

Paul, six-year-old, "buddy" baby was taken to the general hospital in Rupert, Tuesday, to be operated on for removal of the liver.

**May 21**—W.A.A., to be operated on for removal of the liver.

A birthday party for Mrs. Oma Zennek at the home of her parents, Mr. and Mrs. George Zennek. Parties games were played until refreshments were served. They went to the dance in Burley afterwards. Those present were: Louis Billington, Harold Peltz, Laura Mae Eason, Beulah Culler, Seymour Burt, Elmer Green, Elmer Watson, Thurston Munson, Oathryn Payne, Helen Nelson, Rosa O'Connell, Trevelyan, Harold Brown, Ada Brown, Vern Elmer, Gladys Dammien and the hostess, Oma Zennek.

**GATE CITY EDUCATOR TAKES BURLEY POST**

**George E. Danman Becomes Superintendent of Schools To Succeed D. T. Williams**

**BURLEY, May 24 (Special to The News)**—Succeeding D. T. Williams, who has been superintendent of the Burley independent school district for the last year, George E. Danman, Pocatello, has been named by the school board as superintendent for the ensuing term.

The new superintendent is now principal of Pocatello high school, and has been superintendent of the Piler schools. He is a graduate of the University of Kansas. There were more than 60 applicants whose qualifications were considered by the Burley school board.

**BRIDGE REOPENS FOR TRAVEL NEAR BURLEY**

**BURLEY, May 24 (Special to The News)**—Regular travel was resumed Saturday morning across the Overland bridge, north of Burley, which has been closed to traffic since the wooden portion of the structure, which was first placed in service in 1928, was being almost entirely rebuilt. The central span, of about 480 feet steel construction, were left intact. The timber portion, an additional stretch of 700 feet, has been supported on new concrete piling and new stringers. The flooring of the bridge is covered with

**TRAVEL ORDERS REACH BUHL NATIONAL GUARDS**

**BUHL, May 24 (Special to The News)**—Company D, Buhl unit, Idaho national guard, will train here at A. J. Buhler's camp, north of the annual encampment to be held at Boise, June 7-21, under command of Captain Walker G. Smithey. First Lieutenant Gherman Sayre and Second Lieutenant Ralph H. Reynolds, the company commander, will be in command. Sunday the entire day will be spent on the rifle course. Buhl during the record course. Captain Smithey expects several of the company to qualify for the Camp Perry rifle team this year.

Captain M. W. Smithey is the company commander. He is a company commander. He is a company commander.

**Clear Lakes Road Kensington Members Meet at Home Of Mrs. L. H. Gurnea**

**BUHL, May 24**—Mrs. L. H. Gurnea, chairman Wednesday members of the Clear Lakes Road Kensington. Twenty members answered roll call with cheerful questions. After the business session, Mrs. Earl Parlinger gave a reading, Mrs. Frank Scholer read an original story of "Our Characters" and Mrs. Roy Allen conducted a group of games in which Mrs. L. W. Lovelace won first prize. Mrs. Andy Matson, Mrs. Beck and Mrs. Leslie Stroud were guests of the group. The next meeting will be June 1. Hostess is Hazel Kreith, with Mrs. William May assisting.

Word has been received here by mail from Mrs. E. E. Soden of the recent election of their son, John Soden, Jr., to the presidency of the Duce Key, a national organization of the young at the University of Idaho, Moscow.

Mrs. Frances Hays, Boise, is a weekend guest of Miss Ruth Scholer at the home of her parents, Mr. and Mrs. Frank Scholer.

Mr. and Mrs. F. C. Marquardt left by motor Saturday morning for Payette, where they will spend several days with Mrs. Marquardt's parents, Mr. and Mrs. Platte. They were accompanied by Mr. and Mrs. J. C. Nason, who will visit a daughter, Mrs. Paul Bristol, Boise.

Mr. and Mrs. Benjamin Lunley and children are spending several weeks with relatives in Alchison, Kansas.

Mrs. E. M. Tomlinson and daughter, Louise, have gone to Denver to visit relatives for the next two months. Mr. Tomlinson and son, Erwin, plan to drive to Denver late in July, when Mrs. Tomlinson and daughter will return with them.

Mr. and Mrs. P. C. Meredith and daughter, Jean, plan to leave early next week for Atlanta, Georgia, where they will spend the summer. Mr. Meredith is to be accompanied by Dean Ahlquist.

Mrs. H. E. Wilkinson is convalescing after a major operation performed this week at a Twin Falls hospital.

Mr. and Mrs. F. T. Parish plan to drive to Moscow early in June to meet a daughter, Bessie Parish, who is a student at the university. They will be accompanied by Miss Mildred Parish, who will go to Seattle to take post graduate work at the University of Washington.

Fredrick Kergis, manager of the C. Anderson store, G. W. Aldrich.

**TWIN FALLS TEAM WINS TELEPHONE FIRST AID EVENT**

State Contest, With Four Groups Competing, Draws Large Crowd of Interested Spectators in Hall

With four five-man teams competing, Twin Falls won Mountain States Telephone and Telegraph company's seventh annual first-aid contest here yesterday, scoring an average of 90.2 for each of five problems submitted. Postoffice team placed second with 88.8 average; construction crew No. 13, third with 81.8 average, and Rexburg fourth with 81.0 average.

The winning team received a handsome bronze plaque given by P. H. Reed, president of the Mountain States Telephone and Telegraph, presented by C. C. Harmon, Boise, Idaho plant manager, at a banquet sponsored by his friends here.

The company in the Twin Falls division, at the Park hotel during the contest, included members of the winning team received a variety of fountain pens or ball-pens.

Quiana at the banquet included Joe Brown, Boise, secretary of the industrial accident board and sponsor of the lately organized Idaho Safety council.

Mr. Brown presented some illuminating statistics relative to accidents and accident prevention, and complimented telephone and power company employees on their first-aid work.

Other speakers who were introduced by Mr. Reed were: Dr. George O. A. Kellogg, Nampa, chief judge of the contest; J. W. Dudley, Postoffice, and O. H. Baker, Boise, district agent of the American Red Cross, Boise, safety supervisor.

Members of the winning team were: E. Nunn, captain; E. J. Jenkins, Oscar McCormick, J. D. Rydahl and Tom Newbury, Earl Squires was coach for the team.

**Power Men on Hand**

Idaho Power company employees who held their first first-aid contests this year, and other interested persons, assembled to witness the telephone first-aid tests in action here yesterday. Lined the four sides of the Ekka hall where the contest was held.

An instructor in the contest this year was the omission of wristed problems heretofore given to the competing teams. Instead the team member serving as the patient was plastered with labels indicating the nature and location of the simulated injuries. In two instances blood was on the patient's back, were over-looked by competing teams yesterday.

Problems given in the contest yesterday could be widely ranging. Injuries and presented an exacting test of knowledge and skill in first-aid methods.

**Patients in Bad Shape**

In the first problem, for instance, it was assumed that the patient had received the following injuries: Simple fracture of left forearm; four-inch cut just above right knee; contusion, bleeding, and bruising of forehead; deep gash along right arm, bleeding moderately; scalp wound from right ear to top of head, bleeding moderately; right knee permanently pointing inward toward left knee with loss of right foot extension.

Seven minutes was the time allowed for diagnosis and treatment in this case.

Other problems assumed that a line man trimming trees is caught under a falling tree and receives seven listed injuries; a farmer in walking along a bridge is struck by a passing car and knocked down, rolling off the bridge for 150 feet, 15 minutes later being down in a foot of water; a motorcycle rider, traveling at night, is struck by a trailer and receives five listed injuries; a man is found at the bottom of a cliff with a variety of symptoms and injuries; first-aid diagnosis and preparation for doctors are in seven minutes time.

Contests were introduced by Dr. George O. A. Kellogg, Nampa, chief judge, assisted by J. H. Baker, Boise; J. W. Dudley, Postoffice; J. P. Donahue, Boise, and Roy M. Pyper, Boise, all holders of American Red Cross examiners' cards.

**BUILT YOUNG MAN FACES TRIAL ON TWO CHARGES**

Facing prosecution on a felony charge of furnishing intoxicating liquor to minors and also on a misdemeanor charge of contributing to the delinquency of a 16-year-old girl, Chris Zinn, 20, built, has been held in prison in the county jail since his arrest by Twin Falls police chief here Thursday evening. Both of the offenses are alleged to have been committed last Sunday.

Zinn is alleged in the felony charge to have furnished moonshine whiskey and homemade beer to three young girls, one 18-year-old, and the other two, 17-year-old.

**GIRLS REGISTER FOR ANNUAL CONFERENCE**

Total of 68 Persons So Far Agree to be Present At Payette Lakes Camp

Sixty-eight girls have registered here so far for the Payette Lakes Girl Reserve conference which opens for a week on June 17, it was stated yesterday by the registrar, Miss Clara Lanceland, Girl Reserve secretary of the Magic Valley district.

Delegates are chartered Union Pacific stages for the trip. Leaders of the conference are Miss Lowell, New York City, national secretary of the department and religious education of the Young Women's Christian association; Miss Winifred, Lewiston, and Miss Helen N. Flack, Spokane, national secretary for the Northwest of the Young Women's Christian association.

Miss Louise Kelly, Boise, secretary of the Boise Young Women's Christian association, will be camp executive; Miss Lillian Keester, Boise, Girl Reserve secretary of the Boise organization, will be discussion leader; Miss Thelma Kirkendahl, Boise, secretary of the Payette Girl Reserve, will have charge of music.

Mrs. Will H. Gibson, Boise, will be manager of camp. Mrs. H. C. Baldrige, Boise, camp hostess; Mrs. Bert Pitt, Twin Falls, assistant hostess; Miss Ivy McPherson, Boise, and Miss Constance Williams, Kimberly, girl leaders.

Counselors from the Magic Valley district, who will have charge of the groups of girls include Miss Paula Darling, Twin Falls; Miss Edith Olson, Kimberly; Miss Margaret Keest, Blaine; and Mrs. Stuart McCoy, Twin Falls. The chief counselor of the camp will be Miss Martin, Boise, former teacher in the Twin Falls high school.

The conference is "Summit-A seeking to understand Myself, Others and God."

**COUNTY ASSERTS FUGITIVE CLAIM**

J. H. Hopkins, Wanted For Procuring Car by Fraud, Goes to American Falls

Twin Falls county yesterday asserted its claim by J. H. Hopkins wanted here for nearly two months on a felony charge of obtaining a motor car by fraud in return for a worthless draft on Council Bluffs, Iowa, bank, who was arrested at American Falls yesterday.

Hopkins, a clerk from Billings, Montana, with a warrant for Hopkins for obtaining a motor car with another bad check at Billings recently was on Hopkins' trail when he was stopped at American Falls.

Twin Falls county authorities learning of the arrest, appealed to the attorney general's office for opposition to Hopkins' removal to Montana.

The Montana deputy returned without his man and Hopkins was brought here last evening by Deputy Sheriff A. C. Parker.

Hopkins' wife, Mrs. Gertrude Hopkins, whom he left in Spokane, was here to greet him from his arrival. She was brought here on Spokane to answer for fraudulent procurement of the automobile here, with which she was originally charged jointly with "the return" of the charge against Mrs. Hopkins, who was dismissed in district court here a week ago, because of lack of evidence.

The car Hopkins and his wife took from here was found in her possession at Spokane and has been returned to the dealer who delivered it to them for the bad draft.

**DEATH CAR DRIVER GOES TO BURLEY TO FACE CHARGES**

Cassia County Assumes Authority in Auto Crash That Cost Life of L. L. Witham, Twin Falls Man

Circe Daniel Malone, 50, Twin Falls automobile salesman, will be arraigned at Burley, Cassia county, Monday on a manslaughter charge in connection with death of Louis L. Witham, 21, Twin Falls produce salesman, in an automobile collision on highway six miles east of Murgham Friday night. C. W. Thomas, assessor, in an automobile collision, stated following a conference of Cassia and Twin Falls county authorities here yesterday.

Investigation showed collision occurred "back mile east" Twin Falls county boundary in Cassia county, but Witham's body was found when placed in a car to be brought to the county general hospital here, and died on the way.

Witham's car was struck from the rear by a car driven by Marble and hurled 110 feet off the road, turning end over end three times on the way. Witham's body was found 20 feet from wreckage of his car and slightly in front of it.

Marble's car moved 500 yards before it was halted after the collision, officers' investigation indicated. Officers reported Marble had been drinking and was traveling at high speed.

He was held in Twin Falls county jail Friday night, and was turned over to Cassia county officers this evening, along with O. C. Carr, 37, and R. J. Sherwood, 20, held as witnesses of the department and Marble picked them up on the road west of Burley and they were in his car when the collision occurred.

W. L. Dunn, Twin Falls, has been retained as solicitor for Marble. It was determined that no inquest was necessary.

Body Goes to Oregon

Witham's body may be viewed at the Drake funeral parlors from 10 A. M. to 12 noon today, and will be taken this afternoon to the funeral home at Baker, Oregon, where funeral services will be held and interment will take place.

William E. Witham, Baker, brother of the crash victim, arrived here yesterday after driving all night from his home, to assist in making arrangements for funeral services.

Louis L. Witham came to Twin Falls with his family from Lewiston, Idaho, about April 1, and was employed in the Pacific Fruit and Produce company. He is survived by his widow, Mrs. Grace Witham, and two little sons, and by his mother, Mrs. E. Baker, Oregon; three brothers and one sister.

**MAN WANTS PERMANENT SEPARATION FROM WIFE**

Since his marriage in January, 1924, Cloyd W. Roubinek has enjoyed his wife's companionship for only a few weeks at intervals between her frequent absences from his "home" in December, 1928, he has not seen her at all according to his attorney for divorce proceedings, court here yesterday. He alleges neglect and desertion. His wife is believed to be now in Ada, Oklahoma. He is represented in the divorce action by T. H. Hamilton, Twin Falls, attorney.

The father of alleged daughter dating from May, 1925, Verne Losage, represented by O. C. Hall, Twin Falls, Oregon, has brought suit for divorce from these allegations to whom she was married in Newrick, Oklahoma, in May, 1927.

**WOODMEN TO INITIATE**

J. W. Babcock, Boise, state deputy for the Modern Woodmen of America, is expected to meet and organization of the Twin Falls camp to be held here Monday evening. A busy itinerary of astronomical has been arranged on and refreshments are to be served at the close of the session.

Feet hurt by Dr. Foster, 840, adv.

# PILGRIMS FROM REPUBLICS OF EARTH UNITE WITH ICELAND TO OBSERVE NORTHERNERS' 1000 YEARS OF POLITICAL FREEDOM

## FOUR-DAY FESTIVAL LURES SHIPLOAD OF AMERICAN CITIZENS

President Hoover Sends Representatives to Capital As Tribute to Little Nation

## MEMBERS OF BRITISH ROYALTY TO ATTEND

Event Marks 10 Centuries of Government by Parliament—Established in 930

(By The Associated Press) WASHINGTON, May 24.—On a barren Iceland plain, where the world's first parliament was formed 10 centuries ago, tribute will be paid June 26-29 to political freedom.

King Christian X and Queen Alexandra, rulers of Denmark and Iceland, Crown Prince and Princess Olaf, Norway, and Crown-Prince and Princess Gustaf Adolf, Sweden, will lead pilgrims from republics of the earth for the festival.

From the United States, as official representatives of President Hoover, will go Senator Peter Norbeck, South Dakota; Representative Olgar B. Burgess, North Dakota; Frederick H. Fitzgerald, Detroit, Professor Frederick Johnson, University of Illinois and—

Great Britain is expected to send a number of the royal family—Canada the premiers of Saskatchewan and Manitoba, Dr. J. T. Anderson and John Bracken.

Almost an entire ship has been chartered by Americans, many of them children of the sealand, for the celebration. A memorial from the United States Government, in the name of Left Erlson, will be made by Sterling Childer, New York, and presented within a year.

Iceland, except for low shrubs, is treeless and the New York Bird and Tree club will make a lion's tribute, with a gift of trees and money to take care of the seedlings.

The four-day festival will take place at Reykjavik, the capital, and Thingvallur, where the first popular assembly was held in 930. Hemmed in by steep walls of basalt, the plain of the parliament, is three miles broad and six miles long, opening on the great lake of Iceland, Thingvallvatn.

The assembly, or Althing, stretches continuously in history for 10 centuries and for nearly 5000 years it met every year on the original site, selected by Viking chieftains, where it accepted the universal code of laws in 930.

Iceland is now an independent monarchy, by the terms of a constitution as its ruler, and a full-fledged parliamentary system still called by the old name, Althing.

A celebration marking 1000 years of political freedom will center this June in Reykjavik, Iceland (top). King Christian X, Denmark (inset, left), and Senator Peter Norbeck (inset, below) will be distinguished guests. Below is a scene near the plain where the parliament first met.

## Five-Year-Old Girl's Piano Compositions Get Attention

Patricia Anne Sampson, five-year-old Iowa girl, already plays her own piano compositions.

CEGAR FALLS, Iowa, May 24.—Although only five years old, Patricia Anne Sampson of this town is already attracting attention with her piano compositions.

Patricia is the daughter of a piano instructor in the state teacher's college. Like the famous Mozart, she is playing at an age when most children are too young to show signs of musical talent.

Although she has had no formal instruction from her father, O. W. Sampson, she has already composed a half dozen tunes. No attempt has been made to direct her and her ability has been permitted to develop.

A waltz, "Peter Pan," is her favorite, and was the favorite of many who have heard it. Permitting Patricia to go her own way was advised by Rudolph Ganz, president of the Chicago musical college, after he had heard some of her works.

Ever since she was two years old, Patricia had clattered up before the piano whenever she was permitted to do so. She began starting her compositions when she was three, with which she had heard her father's pupils labor.

Among these are "The Fountain," by Bohm; "Curious Story," by Heller; "The Infant Jesus," by Von; and Paderewski's "Melody in D." She also has written "The Baby Dives" the morning after she had heard a violin solo at her home. She also has played pieces which her parents have played or sung while they

## CHINESE FIND STONE TABLET OF CLASSIC

Carvings Reveal Record of 'Original Manuscripts' Penned by Sage, Confucius

PEIPING, May 24 (AP)—A stone tablet, carved deep with classics of Confucius more than 1700 years ago, has been placed in the national library here. It was found by Chinese scientists who have been excavating the ancient Han capital near Loyang.

The tablet, one of the many outstanding discoveries made by the archeologists within year, is 12 by 24 inches and contains about 150 characters. It records that the original manuscript, penned by Sage, became so worn from use that the Emperor Han Ti in A. D. 173 commissioned a scholar to cut the words of wisdom in enduring stone.

The tablet has aided in clearing up several of the ideas of Confucius and is said to be the most important bit of his work brought to light in many years.

## 45 STRIKES OCCUR DURING YEAR BY PALESTINE LABOR

Genera, May 24 (AP)—The international labor office has announced that 45 strikes took place in Palestine last year, 17 being for increased wages, six for recognition of the General Federation of Jewish Workers and the others for scattering causes.

## WHEAT GROWING IN ITALY CUTS IMPORTS OF NATION

ROME, May 24 (AP)—Italy's grain imports fell off last month 20,000 tons in March as compared with the same month in 1929. The reduction was affected by home cultivation of 5,500,000 tons in the nine preceding months.

## PARISIANS DECREE NONCHALANCE FOR STYLE APPEARANCE

### Importance of Looking Casual one of Secrets for Achievement of Chic in Afternoon for Midsummer

By BARBARA BEAUFORT (Associated Press Fashion Editor)

PARIS, May 24.—The importance of looking casual is one of the style secrets of midsummer clothes for a town-wear.

"No-wa-wa" and "the non-chalant" are urged in every line of the latest styles for warm weather metropolitan wear, which Paris is showing as midseason offerings.

In the de la Paix language the best of the midsummer collections, "the well edited" which means that they are carefully worked out as to line, proportions and materials.

The best of the designers are no longer feeling their way and trying out ideas on more or less protesting women, but have hit their stride and are now developing styles along definite lines.

The new lines bring away from the exuberance of spring's high waistlines and lengthened skirts. Midsummer styles are medium high and medium tight. Nothing is fared and everything is easy as to line and fit.

Silk Suit Dominate

The silk suit dominates summer styles for town wear.

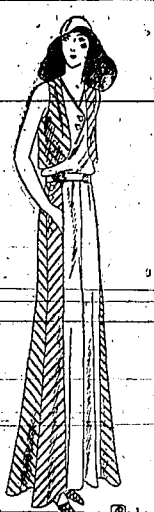

There are semi-tailored models for the morning hours. They follow closely along the lines of spring tweed and jersey suits.

Silk afternoon ensembles account the popularity of three-quarter-sleeve and bolero-jackets. The waist-length jacket plays an important part in hot-weather clothes.

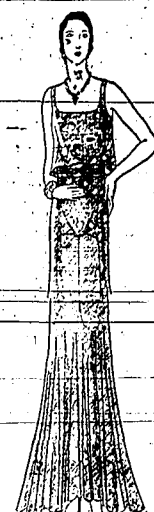

Even evening dresses have been amplified somewhat over those of the first spring collection. Silhouettes are more relaxed and less peopleans and flowlines than were used for the first models.

The elongated line, mobile but firm, is the keynote in evening styles. It is achieved by a combination of long skirt, flat shoes and bolero bodice.

## Women of India Leave Seclusion To Support Campaign of Gandhi

NEW YORK, May 24 (AP)—Millions of Indian women are leaving their seclusion to support the campaign of Mahatma Gandhi, leader of the Indian independence movement.

Women of India in the last 10 years have come out of their former seclusion to play a part in the national life, according to H. K. Resmie, director of the Indian Independence League of America.

Women of India such as these volunteers (top) organized to promote salt laws are playing large part in independence drive led by Mahatma Gandhi (below, left) shown with a woman lieutenant.

Women outside the home or that their voices even should be heard in public.

Women of India such as these volunteers (top) organized to promote salt laws are playing large part in independence drive led by Mahatma Gandhi (below, left) shown with a woman lieutenant.

## Built-In Book Shelves Redem Living Room

By ELSIE DREW KENNEDY  
Interior Review Decorator, Written for The Twin Falls News

One hears so frequently the complaint over small wall space that we are apt to consider it sufficient justification for the majority of small and inadequate libraries found in the average home.

For with pianos, radios and sofas there scarcely remains sufficient wall space for the necessary bookcases. With a little ingenuity and intelligent planning, however, space can be provided for the average bookcase does not harmonize, unless it is a time antique, or something extraordinary, with the furnishings and decorations of the average living room. Do look about your home or apartment as the case may be—and see how many vacant wall spaces that are entirely too small for the detached bookcase, but not too small for the built-in type.

Decorators are quick to realize the dignity and beauty that book-lined walls impart to a room. Indeed, some of the most successful rooms owe their livable quality to the fact that book-shelves are an integral feature of the room and not an extraneous decoration. In the case of those rooms that boast liberally of wall space, that originality and ingenuity that will definitely stamp a room with personality and reflect to some extent the character of the inhabitants.

In the sketch, this idea has been carried out around unobtrusively. The built-in bookshelves, leading from the living room into the passage beyond, shelves line the wall space on either side of the door, with cupboards in the bottom spaces, while the shelf is carried across the top, thereby utilizing the waste space and forming a charming recessed space for the door, also the side of the shelves may be laminated or decorated so as to emphasize this note.

The cupboards are particularly attractive for they furnish a convenient place for odds and ends. If desired, the cupboards may be fashioned as bins that open outward and filled with sections that will take magazines, or large folders in convenient and orderly manner. In addition, the bookshelves are usually those that give a decorative unit to a room, it is well to have the woodwork in a matching tone that will harmonize with the rest of the room, and preferably in a neutral tone, so that there will be a pleasant contrast between the book, books, and the woodwork. This same idea may be worked out around a window, as the central unit rather than the door, and the space below fitted with a window seat, comfortably cushioned.

## TIGHT-FITTING BAZIN

CHIC BUT DELICATE

PARIS, May 24 (AP)—The line tightly fitted dress, with fulness at the hemline is worn in black or dark colors, but also in several ultra well-dressed Parisians.

Two or three important dramatic lines are seen in the models on princess lines.

They are among the most delicate models put out since the war, with a surface crack and wrinkle with the slightest wear.

## PARIS GOES GREEK

AND WEARS GARLANDS

PARIS, May 24 (AP)—Greek garlands have come in with the evening dresses as part of the spring paraphernalia for evening hours.

The flower and garland decorations made of white flowers, sometimes they are attached permanently to the dress, and sometimes they are made of half of an elastic which are new and well touched for accessories for simple decorative dresses of chiffon or pastel colored material.

## NOW ALPACA BREAKS INTO PLAYTIME CLASS

PARIS, May 24 (AP)—The alpaca dress is breaking into the playtime class in 1930.

Dressmakers have printed alpaca in their midsummer showings for frivolous summer suits of the jacket and dress types.

One of the newest models is grass alpaca printed in black and white.

## PRINT CHIFFON ROBESQUES FOR MIDSUMMER SUITS

PARIS, May 24 (AP)—Blouses of light-colored chiffon, with light-colored silk suits for the afternoon type.

Tailored suits and tailored blouses keep up a close alliance, although occasionally sheer chiffon or handkerchief lines blouse trims, with narrow hand-made lace are shown at authoritative style houses for wear with tailcoats.

## BUNNY CARPETS

NEW YORK, May 24 (AP)—Summer furs are back again, taking the form of young coats instead of the once popular short coats. Many of the smart young women are appearing these evenings in white bunny coats with fur trim, and many are wearing them with white fur coats.

## ROUGH STRAW SAILORS FOR NEW YORK'S SUMMER

NEW YORK, May 24 (AP)—Rough straw sailor suits are being worn in various colors and sizes, with drop of the neck and white shirt with a chic touch to sport coats.

## BIG RED HANKS

MARCH COATS LINGER

NEW YORK, May 24 (AP)—Linger coats are being worn in various colors and sizes, with drop of the neck and white shirt with a chic touch to sport coats.

## DIPLOMATS CHANGE TO NEW RESIDENCES

Household Goods of Seven Seas Begins Annual Shifting in Washington Homes

By SUE McMAHARA (Associated Press Staff Writer)

WASHINGTON, May 24 (AP)—Household goods from the seven seas are being shifted in the capital.

Some of the diplomats, feeling the springtime need for change, are moving into new residences. Valuable rugs and carpets, pictures and tapestries are carefully transported.

Some of the diplomats are getting something more like the land from which they came. Again, they want a more typical American residence.

Sen. Don Duggan, U.S. Senator from Michigan, with his wife and daughter, are moving into the residence of the former Egyptian minister, Sam Pasha. The house contains a lot of Egyptian furniture and a lot of Egyptian art.

## PARIS SKIRT LENGTHS SURPRISE AMERICANS

PARIS, May 24 (AP)—American women tourists newly arrived here are getting definite reactions to the skirt lengths of Paris.

"Why, they're shorter than here they were back home," many a tripper who expected to see Parisian skirts sweeping spring styles exclaims after a stroll down the Rue de la Paix.

Not only are the best dressed French women's town clothes shorter than those of the average incoming American traveler but her evening dresses are simpler as to length.

For trains, no trailing panels and hemlines which manage to clear the floor even if it's only by a whisper are the Parisian version of current evening styles.

## YOUNGER SET WEARS UNEVEN HEM SKIRTS

WASHINGTON, May 24 (AP)—Skirts of evening gowns worn by some of the younger set are quite short in front and sweep the floor at the back.

The two daughters of Senator Paul Harrison of Mississippi, Mary Anne and Katherine, sponsor this style.

Sixty-seven religious deaconesses in New Orleans have a membership of 1,400.

## New Club Head

MRS. CHARLES W. GILKEY, Chicago, was elected president of Young Women's Christian Association at Detroit convention.

## PORTUGAL REPORTS TEACHER SHORTAGE

Department of Education Issues Order to Speed up Drive Against Illiteracy

LISBON, May 24 (AP)—There is a shortage of 1000 teachers, needed for enforcement of the compulsory school law, says a report of the department of education.

Calls have been sent to provincial authorities, urging them to speed up their campaigns for reducing illiteracy among the 4,000,000 citizens of the country under the new law.

Newspaper Editor, Portugal, and Rumania are making rapid progress in this line is being used to inspire national pride, and government emphasizes that a new census is to be taken two years hence and it asks that illiteracy be so reduced that the country will not feel embarrassed by comparison with other states.

Low salaries operate to keep down the number of teachers. The average village schoolmaster receives only \$20 a month, and is even free rent, heat and light.

Low salaries and the government has agreed to increase the number of teachers to 10,000.

## ITALIAN ASSISTS NEDDY

REGGIO EMILIA, Italy, May 24 (AP)—The name of Edna Muscolino, the Regio daughter who was recently married, is attached to two annual prizes of \$50 each to be conferred by authorities here on needy families with the most children.

## POPE ORDERS NEW HYMN

VATICAN CITY, May 24 (AP)—Pope Pius has commissioned Pietro Miceli, composer of "Cantata Rumanica" to prepare a new official papal hymn. The old one, unused since 1870 when the papacy lost temporal power, was found too difficult of execution.

## NEW MODERN TAXICABS OF BERLIN CARRY UMBRELLAS

BERLIN, May 24 (AP)—Up-to-date taxi cabs here, many of them imported from America, have added an umbrella in a special compartment to their equipment. On rainy days the driver unfolds the umbrella from its rest and secures his fare to the front door.

## Ladies

You can't afford to be without a Shelton Permanent. Our Special will continue this week at \$4.00 Complete. These permanents have the ringed ends and are very soft and natural-looking. Call in and talk it over with us. National Beauty Shoppe. Phone 941.

FEATURE FLASHES FROM FAR-FLUNG FOREIGN FIELDS

Countries of Europe Near Completion of Revisions To Treaty of Versailles

Except For Reparations to Be Paid Under Young Plan And Previous Alterations, Pact Entirely Carried Out

By S. F. WADSWORTH (Associated Press Staff Writer) PARIS, May 24.—Installation of the new bank of international settlements at Basel, Switzerland, and the appointment of the commission under the Dawes plan, marks what probably will be the last revision of the treaty of Versailles.

Except that reparations are yet to be paid under the Young plan and except that the Young plan, modified, suspended or abandoned, the provisions of the Versailles peace treaty may now be said to have been carried out.

Germany has now been punished. Some of them have been tried in France by default and sentenced to various punishments. Thirty commissions were set up by the treaty. All have filed reports with the ambassadors council in Paris, excepting the reparations commission.

The United States was the first of the signers to begin execution of the treaty. It conveyed the commission in Washington that organized the International Labor Bureau. But there is sharp in carrying out the treaty stopped.

Senators rejected the pact. The Senate abandoned other duties, including the call for the assembly of the League of Nations and official participation in the League of Nations.

The United States only other concern with affairs concerning the treaty was participation in the Paris conference that settled the division of German payments for reparation.

The treaty organizing the League of Nations was carried out except for application of article 16 of the covenant. This was the article most objected to in the United States.

Effort to arrive at an understanding as to how that article shall be applied, even every attempt to get a generally accepted interpretation of the article.

PORTO RICO SCHOOL SYSTEM GIVES TIME TO PRACTICAL WORK

Island Educator Relies on Efforts Divided Between Study and Labor to Solve Rural Education Problem

(By The Associated Press) SAN JUAN, Porto Rico, May 24.—Socialized schooling, with the time of the boys and girls divided equally between books and practical work, is being relied upon by Dr. Jose Padin, commissioner of education, to solve the island's rural problem.

He says this problem, involving the well-being of 80 per cent of the population, is the most pressing in Porto Rico. Only in the matter of population has the island reached quantity production, says the commissioner.

There are a dozen consolidated rural schools already operating and their number is to be doubled within a year. Besides the three R's, the boys are being taught modern farming, animal husbandry, carpentry and similar trades.

Practical farmers need practical wives, so the girls are trained to sew and make lace. In the school gardens the youngsters raise much of the food for their school lunches.

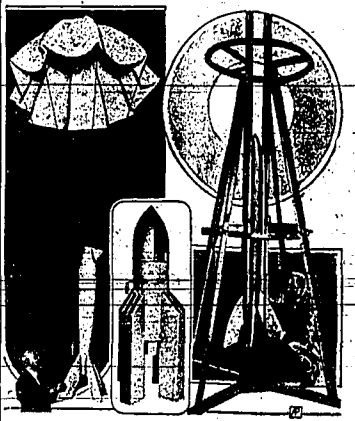

The library, so conspicuous at present, is neither enough nor the right kind of food, schools are needed, with a detailed program of chickens and rabbits, raised by the pupils at their homes.

Francis, chickens and rabbits, raised by the pupils at their homes, are providing more meat and eggs for the whole family. Then too the boys have carried home from the school shops chairs, tables and other articles of furniture to make the home more comfortable.

TURKS DISPLAY RELIC GIVEN BY ROOSEVELT ANQORA, May 24 (AP)—An echo of America is found in the Turkish national museum here in an American Indian costume given by Theodore Roosevelt to Sultan Abdul Hamid.

AMERICA IN TOURS IN THE TURKISH NATIONAL MUSEUM HERE IN AN AMERICAN INDIAN COSTUME GIVEN BY THEODORE ROOSEVELT TO SULTAN ABDUL HAMID.

German Builds Rocket to Pierce Regions Inaccessible to Planes

A rocket intended to travel 70,000 feet from the earth and return by parachute (left) will be launched from a steel frame (right) on the German coast in June. If the experiment succeeds, the more powerful projectile shown in the center will be built.

By WADE WERNER (Associated Press Staff Writer) BERLIN, May 24.—Professor Her man Oberth's new space-rocket the old one blew up last fall) will carry a red tail-light and fuel tank to the other side next June.

Liquid hydrogen, alcohol, benzene and liquid oxygen. The problem of feeding and mixing fuel in the rocket chambers still occupies the professor, but he expects to have everything ready for the big blast into the ether by next June.

Present plans materialize — it shows up from Homburg on the Baltic coast for a while into regional still inaccessible to airplanes. So much was learned by rocket enthusiasts who attended a discussion of the subject by one of the professor's assistants.

The rocket itself is "present" and "ready" at the center of interest. Built of white metal, the projectile measured about eight feet in length and rested upright in the tall frame from which it is scheduled to be shot when the professor is ready. The frame looks not unlike an understated oil derrick.

In the tip of the rocket is a parachute which, providing the blue prints of it prove true, will be released when the propulsive force is exhausted, open up and let the rocket down gently. A red tail-light, designed to flash every five minutes, will help observers to follow the rocket's course. Oberth expects it to reach an altitude of about 70,000 feet.

Liquid fuel, not powder, will be used. Oberth says he has had erasing laboratory results with

LEAGUE LEARNS OF CHILDREN'S DISLIKE FOR SPECIAL FILMS

International Institute Reveals Youngsters of All Nations Disapprove of Obvious Educational Factor

By P. L. LIPSEY, JR. (Associated Press Correspondent) GENEVA, May 24.—The League of Nations has learned officially what youngsters of all nations think of special films for children, and the results are disappointing to the youngsters themselves.

The International Educational Institute has filed a lengthy report with the League of Nations stating that there is little difference in this respect among the children of different countries. Furthermore, the report says that no one need be surprised at this because:

"A film suited to children can only be produced by a psychologist, an artist and a producer working together."

Cause of Failure The report says two chief causes for the almost universal failure of these films. The first is that the kids do not like them because the educational factor is too obvious; the second, that the kids who are company children to the theatre do like to attend children's shows.

The triple alliance needed for successful production is outlined by the institute in this fashion: "The psychologist should find out the child's real and not theoretical tastes, which may vary with social environment and habits."

"The artist should realize that no audience has a better sense of beauty than an audience of children and harmonize the ideas of the psychologist."

"The producer should add his technical knowledge to the ideas of the other two."

Satisfactory Types The institute recognized several types of films as satisfactory to young "fans." Historical, political and religious themes can be adapted to the intelligence of children and adventures of examples of courage and patriotism can be put up in non-dramatic but appealing form.

Classical stories and fables need to be adapted to suit modern tastes. If informative films are put out

Italians Cling To Sanction of Unwritten Law Allowing Murder To Avenge Dishonor

Newspapers of Nation Comment on Rules Purporting To Make Offended Honor No-Excuse-for-Killings

By ANDRUE BERDING (Associated Press Staff Writer) ROME, May 24.—The "unwritten law," with its concomitant "right to kill" has been imbedded in Italy's legal philosophy for generations, and Italians seem unable to gather courage to discard it.

The new penal code of Minister of Justice Fiocco which condemns the "unwritten law" is viewed with adverse comment and doubt. Rights now come is feverishly discussing the acquittal by a jury of Aurelio de Biasi who shot and killed Captain Louis Maio, of the Eighty-first infantry, four times decorated for valor, because of De Biasi's sister.

De Biasi met Maio by appointment, drew his revolver and shot the officer. He surrendered to the police and made an instant confession. But the jury said specifically that De Biasi had no intention even of wounding Maio, let alone killing him. So there was nothing for the judge to do but release him.

New Code When the new code goes into force, these acquittals will be almost impossible. The code makes off-ended honor no excuse for the minister of justice says there is no such thing as a "right to kill."

The comments of newspaper editors on the verdict, however, are interesting. If Tevere, a strongly government newspaper, suggested to Minister Fiocco that he had better change his code, for he could not hope to abolish passion by law.

From the same case the newspaper editors of TAVAN are inspired to write against the jury system, saying: "The verdict on De Biasi is the clearest and best justification for the suppression of the popular magistrature, the jury."

They should depict episodes from real life. At for modern drama, the test of fitness given is whether they are fit for children to act in as well as for adults.

POLITICS AFFECT POST IN GERMAN UNIVERSITY GRIEFSWALD, Germany, May 24 (AP)—The way may be over, but so far as the local university is concerned, not so the revolution which dethroned the Kaiser.

RUSSIANS BUILD HUT ON EUROPE'S HIGHEST PEAK VIADIKAVKAZ, Russia, May 24 (AP)—After years of effort, Russian scientists have established a meteorological station on the summit of Mount Elbrus, 15,528 feet up and the highest peak in Europe.

We are proud of the Nash "400" and ready to show you why

We are thoroughly convinced that no one who compares motor cars today will buy a Nash. Nash designers and engineers have built three exceptional motor cars in three different price fields. Comparison shows each one to be the value of its class.

SINGLE SIX \$935 to \$1155 TWIN-IGNITION SIX \$1325 to \$1745 TWIN-IGNITION EIGHT \$1675 to \$2385

Why the State of California Chose HUDSON'S Great Its 100% Perfect Score Hudson's Great 8, with 100% score overhauled—all competitors in tests conducted by the department of Highway Control of the State of California. Nearly all makes made bids. Of these eight, ranging in price from \$1030 to \$1500 were submitted to tests in Speed, Reliability, Flexibility, Operating Ease, Steering Action and Freedom from Vibration, Shimmying and Overheating. Hudson, one of the lowest in price, alone finished with a perfect score. Make These Proofs Yourself. We Will Send a Car to Your Door \$1050 for the COACH. Only by riding in or driving Hudson's Great 8 will you appreciate its delightful operation. You are invited to take a trial car and test it for smoothness, speed, acceleration, power, easy handling, comfort and economy. A telephone call will bring Hudson's Great 8 to your door.

# A MESSAGE TO MOTORISTS

From the President of the Utah Oil Refining Co.

Announcing a  
**NEW GASOLINE**

**\$100,000**

To Build This New Rectifier

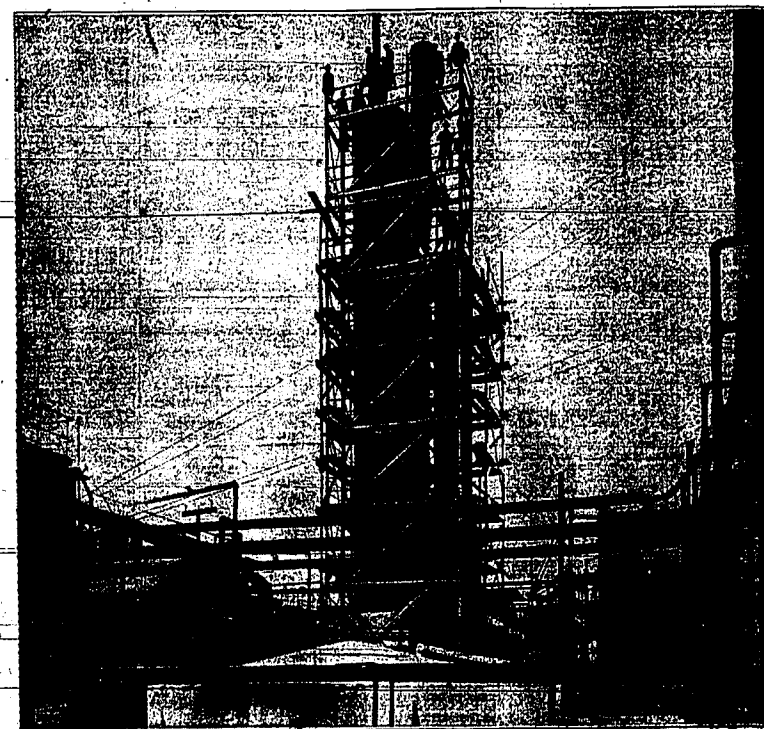

PEP gasoline, for several years, has positively been the best all-round motor fuel sold on this market. But due to the diligent research of our chemists and refining and engineering staffs, we have just perfected, and are now

delivering, a remarkable new motor fuel . . . better than ever! Its superiorities, briefly described here, will, we are sure, give you an entirely new conception of up-to-the-minute motor fuel performance.

**Quicker Starting . . . More Power  
Less Motor Repair Expense**

This new gasoline is a much better motor fuel than required by the specifications of the U. S. Bureau of Standards at Washington, D. C. also the exacting tests of the Society of Automotive Engineers, Inc., 29 West 39th Street, New York City. Send samples of this new gasoline to these bureaus and satisfy yourself. The new PEP-88 is this remarkable new Intermountain-Made Gasoline. New PEP-88 has a marvelous anti-knock quality, consid-

erably better in this respect than any other "regular" gasoline on the American market. You will find it to your advantage to drive in at any service station displaying the PEP sign, and ask the attendant to fill your tank with the new PEP 88 gasoline, which "GIVES WINGS TO YOUR MOTOR." We are most grateful to all of our customers for supporting an intermountain industry, but we want them to buy this gasoline solely on its merits.

This new gasoline rectifier is the last word in oil chemistry and engineering. It has just been constructed, at a cost of \$100,000, at the plant of the Utah Oil Refining Company, Salt Lake City, and is the only unit of its kind west of the Mississippi.

This installation, which was started during the cold winter months, gave employment to hundreds of men. Thus this industry did its share to help stimulate business in this Intermountain territory.

*John C. Howard*  
President, Utah Oil Refining Co.
