# STOCKS TUMBLE TO YEAR'S LOW LEVELS

## Rally Follows Crash And Trend Moves Upward to Regain Third of Losses

By CLAUDE A. JAGGER (Associated Press Financial Editor)

NEW YORK, June 18.—Economic uncertainty again reared its ugly head in the speculative markets of the country today, and sent stocks and several staple commodities to new low levels for the year or longer, before traders regained their nerve and part recovery was accomplished.

The general price level of shares traded on the New York stock exchange, as measured by the price index of 50 representative issues, was carried down to its lowest point since the second day of recovery from the levels of November 13, when the lowest level of the autumn crash was recorded. By early afternoon, however, signs of a rally appeared, and before the close of trading, about a third of the extreme loss had been regained. Total sales exceeded \$400,000,000, the second largest day of the year, exceeded by the \$500,000,000 share turnover of May 29.

Bankers were not inclined to regard the market situation as particularly acute, and it was stated emphatically in important banking circles that there was no consideration of organized support such as was applied to the market last fall.

The prevailing decline in commodity prices, comprising such products as wheat, cotton and copper to the levels of 1914, has taken Wall street by surprise, however, and belaguered the business outlook. Bankers who were quick to predict early business recovery after the autumn crash have now declined to offer any public comment.

It is pointed out that commodity prices showed signs of weakening as far back as 1928, but may have been bolstered up in America by the fury of speculation during that year and 1929. Wall street feels the present recession has accentuated the rapid increase in productivity capacity following completion of the major readjustments after the World War, an increase which for the time at least has outstripped the world's consuming capacity.

Wall street is not willing to make any definite prediction as to how long it will take to remedy this situation.

Extreme losses of 5 to 10 were numerous in active shares on the stock exchange, but there were large y reductions to about 2 to 3. Several

fact that Hawk's route was about 60 miles longer than that taken by Brock and Schlie. Hawk made two round-trip to San Diego and back, flying from New York to Los Angeles. His outward time was 17 hours and 43 minutes. His elapsed time was 43 hours and 56 minutes.

The pair easily beat the previous records held for transcontinental flights between Jacksonville and San Diego and San Diego and Jacksonville. The first westward flight from Jacksonville was made by Lieutenant James H. Doolittle in 1922. Brock and Schlie cut more than 7 hours from this record.

# CONGRESS WANTS LIGHT ON GERMAN BONDS SALE

WASHINGTON, June 18 (AP)—Inquiries were extended today to Secretary Gilman and Mellon and to Thomas W. Lamont, of J. P. Morgan and company to come before the house banking committee and explain the plan to dispose of \$100,000,000 in German reparations bonds in this country.

Chairman McPadden said in forwarding the invitation that it was proposed to hear Lamont on June 24 and Gilman and Mellon on the two following days. They were asked to appear as witnesses on the McPadden resolution to prohibit federal reserve and national banks and members of the federal reserve system from buying the bonds.

Recently the state department announced that it had no objection to sale of the bonds by J. P. Morgan and company. Yesterday, the senate adopted a resolution making the state department by what authority it could disapprove or approve sale of the securities. McPadden has maintained that the sale of the bonds in this country would involve in reparations settlements under the Young plan.

# SMOKER GETS BLAME IN DEADLY MONTANA FIRE

MISOULA, Mont., June 18 (AP)—One man was critically injured and may die and thirty acres of a choice camping spot near here were scorched ruins today as the result of a carelessly tossed cigarette.

While forest officials declined to make public the names of a suspected automobile party, they said investigations probably would follow shortly.

Harry Colbert, the injured man, struck by a limb which fell on him while he was lighting the blaze. The fire was burning in a controlled area tonight after several camping spots near here were scorched by a ranger station and a large area.

Mearns, near Rimini, west of Helena. 80 men were fighting a fire that had destroyed 250 acres of cut-over timber and the wooden undergrowth of a meadow, thus carrying Helena's water supply.

# BISHOP CANNON BALKS AT CONGRESSMAN'S DARE

WASHINGTON, June 18 (AP)—A chuckle and the remark that he did not accept challenges from "uneducated persons" was the reply of Representative Tinkham today to the dare of Bishop James Cannon, Jr., that he lay aside his cloak of congressional immunity.

The Massachusetts republican would not go through this section to newspapermen. His speech before the house yesterday in which he voiced a scathing attack on the Southern Methodist bishop brought from Cannon in Louisville a demand that he lay aside his immunity from prosecution for fear by giving the statements to the press over his personal signature.

The bishop said the attack from the house floor "brands him as a blustering cowardly congressman."

# WEEK OF HEAVY RAINS MAROONS FLORIDA TOWN

PORT MYERS, Fla., June 18 (AP)—La Belle, a village 35 miles from here, virtually was marooned tonight as a result of flood waters from Caloosahatchee river, which has risen several feet in the past week, due to heavy rains.

Boats were necessary to reach the town and residents arriving here today said it was almost impossible to proceed in the direction of Moorehaven.

Alva, situated between La Belle and Port Myers, also reported high water.

Rain has been falling here steadily since Sunday morning.

### AUDITOR PRAISES BURLEY RECORDS

Warren Vickrey, Certified Public Accountant, Reports on Audit of Books

BURLEY, June 18 (Special to The News)—At Monday night's session of the city council, Warren Vickrey, certified public accountant of Pocatello, associated with Eyrone DeLoach and sons, presented in person his report of the annual audit just completed by him of the books and records of the offices of the city of Burley, explaining orally in detail to the mayor and council portions of the report which might not otherwise be entirely understood.

Mr. Vickrey's report of findings sets forth a considerable increase in cash received for the fiscal year 1929-30 over that of 1928-29. The total receipts for the year just completed are \$178,794.77, while total expenditures came to \$173,712.25 and a cash balance in the funds at the close of the fiscal year of \$1,044.32. His comments on the audit include the system in use by the electric and water departments, accounts of the city manager, the city engineer and the efficient work of the officers of the city in keeping their records free from error and promptly accounting for all funds coming into their possession. The city, he says, has made a remarkable record in the payment of bonds during the last year, having liquidated \$1,200 of general issue, \$1,000 of water bonds, \$1,000 of electric bonds during the year. He commended the management of Mayor Harry L. Harper and the city officials generally. "The city clerk's office," said Mr. Vickrey, commenting orally in a personal interview Tuesday, "under Clerk Charles O. Pearson, handles a multitude of transactions due to the city operating its own light and water systems and the city engineer and properly accounting for the efficient manner in which he discharges his duties and supervises his assistants."

### CRASH AT BURLEY INJURES TWO MEN

Utah Rancher and Hitch Hiker Seriously Hurt When Car Falls to Make Turn

**BURLEY, June 18 (Special to The News)**—W. E. Whitaker, Parke valley, Utah rancher, en route to Burley Monday to attend a trial in justice court, failed to make a sharp turn in the highway at Colwell some 20 miles east of Burley and crashed into the side of a flat oak standing on the railroad track of the Hartley branch of the Oregon Short Line at that point. He was driving a light roadster and in the car with him at the time of the crash was William Rose, hitch-hiker, whom Mr. Whitaker had picked up on the road a short time before. Both men were badly injured—Whitaker, the worse, who is suffering with severe pains in the chest cavity, and Dr. Joseph Fremstad Tuesday, from

several broken ribs and the chest being caved in by the terrific blow being thrown against the steering wheel. He was still rattling blood late Tuesday night. Rose is suffering with concussion of the brain and has a badly cut face, left leg and arm. Directly after the accident occurred, Chief of Police Sterling Clark and family, returning to Burley from Fair-Idaho City, where they called over the week-end, appeared upon the scene and brought the injured men to Burley, where they were taken to the Fremstad hospital. Two workers of the state highway department saw the accident and arrested to render assistance at the

same time Chief Clark drove up. The car Whitaker was driving is a total wreck. It was evidently traveling too fast to make the turn.

# Hundreds of thousands of Frigidaires

have never required any Service

this is ONE reason why

Other reasons why 3 times as many Frigidaires are now in use as any other make of electric refrigerator

Ice and desserts freeze faster with the "Cold Control." Vegetables stay fresh and crisp in the Hydrator. Foods are always kept safely cold by surplus power. Shopping is made unnecessary by elevated shelves. The Porcelain-on-steel finish won't rust, peel or blister. The mechanism is in the bottom, out of the way. The smooth, flat top provides an extra kitchen shelf. The price is lower because of quantity production. Operating cost is lower because the motor runs less.

Frigidaire is sold with a definite guarantee—backed by General Motors. And still more important to you as a purchaser is the fact that year after year Frigidaire continues to give satisfaction—long after the guarantee has expired. If service should be required it is rendered instantly and without removing the machine from the premises.

# Jones Shoots 70 in First Round Of British Open Championship

## MacDonald Smith And Cotton Equal Mark of Georgian

Young Briton And Veteran Scot Throw Away Chance To Beat Score of Idol Goller of American Fans

By FRANK H. KING  
(Associated Press Staff Writer)

HOYLAKE, England, June 10.—Shooting the Royal Liverpool in 70 for the first round of the British open golf championship, Bob Jones today hung up a target which remained unbroken through the stress and storm, although MacDonald Smith and Henry Cotton were level with the Georgian by scoring 70 on their own account. The young British "pro" and the veteran Scot, who has lived in the United States for 26 years, had the chance to beat Jones and break the curtain which has equalized today by the leading line.

## Enters British Open

On the trail of the leader came "young" Barnes, with 71, and Dixon Smith followed with 72. Leo H. Diegel and young Tom Mac were in the back with scores of 73, along with Archie Compson, leaving all the double figures competitors among the leaders except George Tom Kim, who scored 81 and F. O. Stevens, Jr., at 80. By June 10, Jones had 44 strokes for the first round, and the second round was a great start—going 40 in 18 holes, and 44 strokes for the second round. Soon after Jones finished, a storm broke with rain flooding the course, hitting the clubhouse and blowing the trees and the stress and strain of chasing the American was now diminished than the first round.

PETTY PILFERING SHOWS INCREASE Sheriff Prater Expresses Belief Unemployment Increases Small Thievery

Warning to be careful about leaving houses unlocked or against leaving money or jewelry where easily accessible was given by Sheriff K. P. Prater, who declared that there has been more petty pilfering than during any previous summer of his official experience.

There is a great deal more out of work here and in other parts of the country, says Mr. Prater, and there had been demands for beds during the last year than before. Most of the men are honest, but there are a few who are not.

Where unemployment is general I believe it is better for honest workmen to remain in their own communities than to travel every year following seasonal employment.

There was nothing in the day's news to indicate a radical change in the current outlook. Iron Age reported a sharp drop in orders from automobile manufacturers and an increasingly general tendency of other leading manufacturers to be optimistic by the business in pipe and structural steel.

Staters to whom the market normally looks for leadership were weak today. Detroit closed 100 points down to 125, of which a portion of its low in the main. American Telephone and Telegraph fell to 115, Consolidated Gas to 102 1/2, General Motors to 97, and the Dow Jones Industrial Average to 115.00.

It was the second largest day of the year on the New York stock exchange. The fact of supporting orders, the volume seemed headed for 60,000,000 shares, but turnover in the first 30 minutes fell below 100,000,000 and the total for the entire five-hour session was 54,500,000. When the market started earlier in the afternoon the price index stood about 15 points above the figure of November 11, which marked the culmination of the fall panic.

"GOOD GIRL"

by Barbara Webb

What a fool she had been to admit that she had no ambition to be an actress. How dull she was. Back now to the wardrobe in the bathroom to plain white-collared dresses, to dates with boys her own age. Closed to her the door of the world of Mary Ruth felt very sorry for herself. She had reached the stage door and she had reached the door of hope only a few minutes before.

"Miss Odell!" she called out at the sound. "Was I ever calling her back? Her mouth smiled and color rushed again into her face. There she stood. Frank Brown was calling her.

"A New Opportunity" he beckoned to her with a minute, quiet, "Want to talk to me, this way."

Wonderingly and half-unwillingly he followed him through a side entrance down the stage along an aisle to the side of the empty theater.

"Sit down, Miss Odell," "My manager" became more dignified than he was not attempting to be familiar. She sat down and looked at him.

"I thought you got in these from Haver," he began contentedly. "You know, and I haven't any real drag with him or I'd have made the deuce, and they say he never fell for a woman in his life."

"How much do you get there, they turned out some of the slickest stage outfits on the circuit, and that's why they're so popular."

"I want you to make you a proposition." "Yes," Mary Ruth breathed the word.

"You see, we're going to have a whole new deal in the wardrobe. We're going to close down for a couple of weeks, paint the place all up, get a batch of new gowns for the ladies and do the thing right. Now I wondered if you'd like to be my manager."

"I've never been a manager before, but I'll do it if you want me." "I'll do it if you want me," she said.

"I'll do it if you want me," she said. "I'll do it if you want me," she said. "I'll do it if you want me," she said.

"I'll do it if you want me," she said. "I'll do it if you want me," she said. "I'll do it if you want me," she said.

"I'll do it if you want me," she said. "I'll do it if you want me," she said. "I'll do it if you want me," she said.

"I'll do it if you want me," she said. "I'll do it if you want me," she said. "I'll do it if you want me," she said.

"I'll do it if you want me," she said. "I'll do it if you want me," she said. "I'll do it if you want me," she said.

"I'll do it if you want me," she said. "I'll do it if you want me," she said. "I'll do it if you want me," she said.

"I'll do it if you want me," she said. "I'll do it if you want me," she said. "I'll do it if you want me," she said.

## DEPARTMENT STORE

### READJUSTMENT---

### NEW LOW PRICES!

# The J. C. Penney Company has Radically Revised Prices Downward throughout the store

Store-wide, our counters are packed full of values truly exceptional when compared with prices which were effective last October or even last January. Our No. 449 silk hosiery that formerly sold at \$1.49 is now \$1.29. Sheets that were \$1.29 are now 98c. Our Pay Day Overalls are down from \$1.29 to \$1.10. You will find in our \$19.75 men's suits of today many of the same fine fabrics that were used in making higher priced lines a few short months ago.

Below you will find other concrete evidence of the new lower prices and higher values with which our store is packed and a glance at our windows will show them jammed full with exceptional savings in cotton piece

Since last October America has been passing through a period of depression—a condition that has caused unemployment, retrenchment and downward revision of prices. To help meet this condition, to stimulate industry and to reduce unemployment

goods, sheets and pillow cases, domestics, silks, cosmetics, toilet goods, hosiery and underwear.

In announcing new low prices and new high values we rededicate ourselves to our old company slogan: "WE ALWAYS HAVE AND ALWAYS WILL UNDER-SELL." Our reason and excuse for soliciting your patronage is just that—
