BRITISH DIRIGIBLE APPROACHES HOME PORT FLYING FAST

R-100, En Route From Montreal to Cardington, Radioes Position at Point 413 Miles From Hangar

ON BOARD R-100, AUG. 15 (AP)

Widely from 15 miles an hour, 100 mph on the R-100 today as it first budged equally and had weather in general—but later sped into ideal conditions with a pleasant wind.

THE RAIN INDICATED WAS RESPONSIBLE FOR A MALAPH WHICH SPILLED THE HOPES OF HOT BEVERAGES FOR BREAKFAST BY THE TIME THE DIRIGIBLE WAS OUT OF COMMUNICATION.

Some of the swirling water also came through the gangway—but 15 cents worth of the morning. The sleep peacefully through the terrific storm and their first intimation that anything had happened came this morning at breakfast. When they were informed there would be no hot drinks because of the disturbance.

A HEAVY FOG LASTED UNTIL NOON, BUT THEN IT CLEARED AND WITH A FAVORABLE WIND THE DIRIGIBLE STARTED TOWARD THE OCEAN COAST AND CARDINGTON AT A SPEED OF 100 MILES AN HOUR.

The passengers did not mind going without hot coffee or tea for breakfast, but they all are craving a hot drink.

DESPITE THE HIGH SPEED REACHED AFTER THE FOG HAD CLEARED, IT NOW IS CONSIDERED DOUBTFUL THAT THE R-100 WILL REACH ITS HOME PORT.

The storm is to blame for that.

CHICAGO, Aug. 15

Young-Danny Taylor's second double of the afternoon off Adolfo Luque in the tenth inning of another dramatic battle, today, helped the Cubs to a 4-to-0 victory over Brooklyn's desperate Robins.

The blow, a solid smash to right field which Babe Herman made a brilliant but vain attempt to score "Woody" English from second base and proved a staggering punch on the collective Brooklyn lineup, gave the National League champions three victories in the four-game series and was their fourth in a 10-game home stand.

After the first inning and until the ninth when Brooklyn led the score to send the game into extra innings, the Cubs almost perfect baseball. Double plays jerked Robins out of trouble of his own making when he walked two hits in the fourth, but he walked another Robins' drive in the sixth.

The price catch of the game came in the Robins' half of the tenth and was produced by Kiki Cuyler on blistering Babe Herman's tremendous smash to right center. Cuyler raced from near the right field foul line to clear-line Jack Wilson's sacrifice to snare the ball, which looked as if it would be a walk-off home run.

When I came to the college, no girl was ever allowed off the campus even in broad daylight, without a chaperon.

A Favorite Kipling Story

IT IS recorded of this well-known British author that he once reconverted with a friend for having sent him a publication from which the advertising pages had been cut. "Why, you have thrown away the most interesting section!" Mr. Kipling said.

"Advertisements are more interesting today than at any time since the invention of movable type. Merchants and manufacturers realize that their announcements must compete for interest with the work of the high-priced authors and illustrators."

If you are not a regular reader of the advertisements in this paper, this is a good time to cultivate their acquaintance. You will find them interesting. You will find them friendly. They show you where to stop and take considerable strain off both shoe-leather and pocketbooks.

Read the advertisements because they are interesting. Believe them because they are true. Act upon their suggestions because it will pay you in many ways. Before you pick up the telephone, you usually consult the phone book. Before you start out to shop, consult the advertising columns of this paper. They will give you a direct connection with the merchandise you want.

Don't stop with reading the news and editorials. The advertising columns are equally important
