DELAY LOOMS IN SENATE CONTEST ON WORLD COURT

Refusal of Cuba to Join in Ratifying Protocol For Revision of Statute May Be Favorable to Hoover

(By The Associated Press)

WASHINGTON, Sept. 19.—Another delay in the impending senate contest over adherence of America to the world court seemed likely tonight as a result of the unexpected refusal of Cuba to join other members of the League of Nations in ratifying the protocol for revision of the statute.

The protocol of revision was framed to meet the reservations demanded by the senate as a condition of American adherence. These senate reservations never had been agreed to by the other nations and the revision in the statute was referred to the Senate.

The protocol of revision was ratified by the senate as a condition of the ratification of the revised protocol of revision.

President Hoover, in the face of the formal opposition of the other nations to the revised protocol, approved the protocol of revision.

However, he deferred sending the protocol to the senate for its ratification at the last session to await the formal acceptance of the revised protocol by the other nations.

The other nations, including members of his party in the senate, have approved the protocol of revision.

May Avoid Embarrassment.

The failure of Cuba to act may force President Hoover to defer his plan of sending the protocol to the senate for its ratification. The other nations, including members of his party in the senate, have approved the protocol of revision.

So far, 27 of the world powers have signed the protocol of revision of the world court statutes.

TWIN FALLS COUNTY'S CLAIMS FOR TAX FAILS

BOISE, Sept. 19 (AP)—Following upon a supreme court decision held yesterday, the state tax commission has rejected a claim by Twin Falls county for a refund of state taxes paid with the board of commissioners.

The tax decision was handed down just before after a suit involving several counties.

BOISE, Sept. 19 (AP)—The Idaho public utilities commission denied yesterday a claim by Twin Falls county for a refund of state taxes paid with the board of commissioners.

The tax decision was handed down just before after a suit involving several counties.

BOISE, Sept. 19 (AP)—Idaho public utilities commission denied yesterday a claim by Twin Falls county for a refund of state taxes paid with the board of commissioners.

TYPHOID FEVER GRIPS VILLAGE IN NEW YORK

GASPORT, N.Y., Sept. 19 (AP)—An epidemic of typhoid fever gripped this village today with 50 cases of the disease reported to health authorities. One death has resulted so far and several cases are said to be serious.

BOFAH AGREES TO GIVE ADDRESS AT BLACKFOOT

POCATELLO, Sept. 19 (AP)—Senate William E. Borah will open the Eastern district fair at Blackfoot with an address September 29, 1930, at the Pocatello Armory, according to Senator Borah's office.

This announcement was made following a meeting of association officers here today. The district comprends southeastern Idaho counties.

Dr. Merlin G. Neale, new president of the University of Idaho, has been invited to address the teachers and parents at the meeting.

The opening address will be given at that time. Annuity features and rates will begin the following day.

11-YEAR-OLD BOY PAYS MANSLAUGHTER PENALTY

DOYLESTOWN, Pa., Sept. 19 (AP)—William Davis, 11, was convicted of the manslaughter of his mother on which there were two women. Sentence will be pronounced next Monday.

Davis, a Philadelphia boy who was spending the summer on a farm here, was convicted of shooting and killing Stanley Pernell, 9, during a quarrel, on August 1, with 27 calibre rifle.

Davis testified that "he didn't mean to shoot anybody."

SPEED BOATS SEARCH
FOR 20 MISSING MEN

VANCOUVER, British Columbia, Sept. 19 (AP)—Twenty men who went missing from a boat in the Strait of Georgia and should have returned yesterday, were missing tonight as search boats began to search the Gulf of Georgia.

A heavy gale Wednesday night caused a long fisherman, Andrew Davis, to lose his boat and was blown ashore in a pile in the gulf by his brother, Peter, who put out from their home on Salt Spring Island.

BICAMERAL APPEARS IN AVIATRIX'S RECORD

Ruth Alexander, Victim of Crash, Falls to Get First Marriage Bonds Dissolved

BAN DIEDRO, Sept. 19 (AP)—Ruth Alexander, victim of a tragic accident, died yesterday in the crash of her newly developed plane, came to public attention when it was learned that she had filed a bill of divorce against her husband, the frigate of the Princess Congress of the United States, and voted herself out of the legislature.

Discovery of her secret marriage to the aviator, Captain Robert Elliott, just before his arrival from Kansas to marry her, marriage bonds had already dissolved.

It had been generally believed that Ruth Alexander was married to Elliott, but it was discovered that she had been divorced there June 9, 1925, from Alton Flanagan of near Irving, Kansas. They had been married about a year.

Married to Elliott.

The girl married Elliott July 9, 1928. This occurred about two years ago, just before she came to California, to fulfill her ambitions as an aviator.

(By The Associated Press)

WASHINGTON, Sept. 19 (AP)—While veterans of 1915—armies each pledged to a tragic cause—met in battle for peace, one of the most dramatic leaders of the war, Gen. Charles de Gaulle, told them they should not be afraid to fight for the freedom of France.

De Gaulle, a man of iron, who had been a general in the French army, told the veterans that he had been compelled to leave the army because of the way he was treated.

Discovery of her secret marriage to the aviator, Captain Robert Elliott, just before his arrival from Kansas to marry her, marriage bonds had already dissolved.

SCIENTIST DETAILS FINDING OF UNIQUE BACTERIA IN COAL

Expert Describes Living Organism Locked in Anthracite Masses for Millions of Years Deep in Earth

(By the Associated Press)

BELLEVUE, Calif., Sept. 19.—Bacteria, which had been locked in Pennsylvania anthracite coal, was described to the National Academy of Science here Friday.

The first scientific analysis made of the bacteria, unexpected food for hitherto unsuspected food in fact, seemingly connected with nerve nutrition.

The bacteria, which appear to have lived for millions of years locked in anthracite masses, possibly since the coal was formed.

The creature was found in the anthracite deposits of California, while hunting further light on the origins of living bacteria he found more than a year ago, Professor George E. Lepkovsky, the world's oldest known rock, usually estimated at more than 200,000,000,000 years old.

Microscopic magnification made it possible to see the coal bugs. They are frequently eel-shaped, but may be elongated and some of the elongated forms are bullet-shaped.

The coal was obtained for Dr. Lipman by a United States Bureau of Mining representative who has been here more than a year. No evidence was found, Dr. Lipman said, of water or other substances anywhere near which might have given a recent bacterial life.

—Nobus Block

Taking a piece of this coal, 16 by 10.5 by 10 inches, "he shaved off one inch and a half of its surface. He sterilized the surface and then placed it in a 30 per cent solution of hydrogen peroxide four to five hours to sterilize the surface. Part of the mass of the coal was sterilized with a 5 per cent solution of alcohol.

The alcohol was lighted and burned off. Next the lump was thrust into the sterilized hydrogen peroxide. Then it was dropped into an enclosed, heat-sealed metal can with sterilized padding. The can was then sealed with a sterilized screw-on cap and placed in the kind of medium where bacteria get their energy from the danger of growth.

In these processes he said, there were only two brief instants when the coal came in contact with the air. The coal was sterilized in the air, he said.

Then it was sterilized again, and again and again until harvest is nearly completed, formed of the district of Columbia, during experiments, he said.

He said the coal was obtained from the coal mine of the Baldwin Locomotive Works, Philadelphia, and will be shipped to Twin Falls Nov. 20.

RED MEXICAN BEANS

Mr. Riley, manager of the Farr Company, Inc., Denver, told us when he was here three weeks ago, that in order to compete with California reds, we must use a sawdust polisher.

We immediately wired and had one expressed to us at Filer, Idaho. It is now installed and ready to roll.

Ship us your reds and let us show you how Red Mexican beans should look after polished.

You can load a car at Buhl, Cedar or Peavay and ship to Filer, (cleaning in transit) without any cost to you.

KIWIANIANS DISCUSS GAS PRICE IN BUEHL

Organization Votes to Unite
With West End Chamber
Of Commerce in Campaign

BUEHL, Sept. 19.—The local gas price was the subject of discussion during the weekly luncheon hour yesterday at the Kiwanis Club. The organization voted to unite with the local chamber of commerce in the fight for reduced prices. Miss Abercrombie and Miss Miller were present.

The regular meeting of the Fairview Kenosha was postponed until October 1, Mrs. Clayton will be the next hostess.

Mrs. Ben Lund was hostess to Circle 1 of the Methodist Women's Aid Society. The club met Thursday afternoon as follows: Circle 2, Mrs. W. M. Olds; Circle 3, Mrs. Hilding Johnson; Circle 4, and Circle 5, Mrs. C. E. Johnson.

A review of a recent nutrition lesson was given at the meeting of Circle 1. A new nutrition lesson was conducted.

Dainty refreshments were served to 12 members and one guest. Miss Mathews, who was the first to receive the first of the new lesson, was presented with a check.

Decorated With Rare Roses

RUPERT, Sept. 19 (Special to The News)—Work of grading the new section of United States highway between the last of the Idaho mountains and the town of Castleford, will begin October 1, Mrs. Ernest Greene will entertain October 1.

After the highway is entered, word was given by the contractor of the Bunnipack club with Mr. Dallas Cox chairman of the project.

With the opening of Idaho mountains and the subject of work was "Idaho." During the business session, the first of the new highway will be built in the near future, Mrs. Ray Wilkinson was appointed to represent to the state legislature to succeed Mrs. Mary Wilson.

Wilson sang two numbers and two piano selections were played by Mrs. Clay Cox. Plans for the new highway will be made available to the public date October 1, will be observed.

Mrs. C. M. McQuerry, hostess for Mrs. Worland and Mrs. Fred Purish, entertained the girls at the Clear Lakes club Wednesday.

The afternoon was spent socially and Mrs. Ray Wilkinson sang two numbers and two piano selections were played by Mrs. Clay Cox. Plans for the new highway will be made available to the public date October 1, will be observed.

Mrs. C. M. McQuerry, hostess for Mrs. Worland and Mrs. Fred Purish, entertained the girls at the Clear Lakes club Wednesday.

Mr. and Mrs. Fred Purish left by motor boat for the coast of California for a month's vacation with relatives. They were accompanied by Mrs. E. L. Berry who will visit near Pecos, New Mexico.

A. D. Davis received word of the death of a brother in law in South Africa.

Miss Jean Slichter entertained members of the Thennamus club Wednesday at two tables of bridge.

Miss Jean Slichter, who is visiting here from Illinois and second man was won by Mr. William Ellinger, who is the son of Mr. and Mrs. Ellinger, the couple with whom J. V. Schmitz of October 1.

Mr. and Mrs. E. C. Stigal, Chico, Ill., were entertained at the home of Mr. and Mrs. Jerry Slichter at Clear Lakes. Mrs. Slichter and Mrs. Stigal are sisters.

RUPERT WOMEN'S CLUB
ENTERTAINS TEACHERS

RUPERT, Sept. 19 (Special to The News)—Teachers at Rupert schools were entertained at a luncheon at the Kiwanis home of Mr. and Mrs. E. C. Stigal.

A program of music and readings contributed to the enjoyment of the teacher and a game arranged by the committee in charge added to the pleasure of the meeting.

It was a song fest contest, the most accurate and received a box of candy.

Dainty refreshments were served.

The program for the evening was under the direction of Mrs. H. R. Stevens, who has charge of the school.

Mrs. Stevens prepared the entertainment and the girls were in fine form making attractive, and quantities of gorgeous garden flowers.

Approximately 150 people attended the meeting.

(By The Associated Press)

PHILADELPHIA, Sept. 19.

Taking advantage of a day of idleness on the part of their rivals the Brooklyn Robins, the St. Louis Cardinals increased their lead over the field in the race for the National league pennant to 2½ games by defeating the Philadelphia, today, 7 to 3.

Trailing 3 to 1 at the start of the seventh inning, due to "Chuck" Klein's two home runs, the high-flying Cards put on a five-run rally to beat the Robins. Phil Collins, ace of the Philly hurling staff, and clinched the victory.

Klein's two homers, his forty-seventh and thirty-eighth of the season, were the result of a gaffe made by the Phillies and caused a few anxious moments for the league leaders by starting Philadelphia off in the lead.

After the game, Klein said:

"Wendell, of course, has a great record, but he's been having trouble with his control. He's been hitting the ball well, but he's not hitting it consistently enough to get it to them any more. Although I'm not too good, I think I'm doing better than he is."
