FRANK S. SUTHERLAND NOTED IN JUDGE DIES WHILE DRIVING

Idahoan Eminent in Ranks of American Jurists Suffered Sudden Swoon on Boise Highway

He had spent several days here and last night attended a dinner of a socially prominent young couple.

Judge Dietrich, who had spent the latter half of his year in Idaho, had climbed to an eminence in the ranks of American jurists.

Although it was known the judge had been in trouble, the seriousness of his condition was not realized until he was found on the highway.

Family at Side Mrs. Dietrich and their daughter, Mrs. Isabel Oringer, Boise, Idaho, were with the judge when he was found.

It was toward this spot Judge Dietrich had been driving when he collapsed.

His most recent service on the bench was in the Portland, Oregon, hearing in Portland September 27, 28 and 29 of the Oregon, Washington and Idaho cases.

He was born in Ottawa, Kansas, March 23, 1863, the son of Jacob and Catherine Dietrich.

Hoover Chides Pessimists And Reiterates Belief In Temporality Of Depression

Chief Executive in Cleveland Address Declares Purpose and Ideal of Economic System in United States Call for Rise in Living Standards of American People

CLEVELAND, Oct. 2.—President Hoover chided those who take a pessimistic view of the future of business today by reiterating his own opinion that the depression is but temporary.

Addressing the fifty-sixth annual convention of the American Bankers' association, he told the members duration of unfavorable economic conditions will be shortened largely by the degree that you feel you can prudently by counsel and cooperation.

Expressions of confidence in the country's future provoked the president's discussion of the problem of immediate recovery and that of long-range business stability.

There are a few folks in the business world who are pessimistic about the future of our country, and who wish to get out of the country.

CLEVELAND POLICE HALT COMMUNISTS MARCHING TO HALL

President Hoover Addresses Bankers in Convention and Nation Over Radio While Officers Quell Uprising

CLEVELAND, Ohio, Oct. 2.—A parade of Communists, culminated by police to number 600, was broken up here tonight when it attempted to break away from a police escort and head for public hall, where a President Hoover was addressing a national convention of the American Bankers' association.

Mounted and motorcycle officers were addressing the demonstrators and policemen were in the streets.

32,295 Fans See Philadelphia's Champions Crush Cards By 6-to-1 Score In Second Game of Series

St. Louis' Hopes Undergo Decisive Setback by Loss

More Desperation Than Confidence Appears Between Lines in Threats Made by Defeated Ball Players

By EDWARD J. NEILL (Associated Press Staff Writer) PHILADELPHIA, Oct. 2.—Hopes of the Cardinals are tumbling, confidence is slipping away, and the weary, carefree fans get all night long.

The Cardinals stumbled up from their "underground" dugout after the last out of the second game of the world series like a squad of rookies emerging from a creek in a shell-battered trench.

In a single day the Cardinals have changed from a hot, confident, confident, confident squad of ball players who look as though they think someone has been playing practical jokes on them.

Clarence Darrow and Wilson Clash in Utah

SALT LAKE CITY, Oct. 2.—Clarence Darrow, noted Chicago trial lawyer, and Dr. Clarence C. Wilson, Washington, general secretary of the United Brotherhood of Carpenters and Joiners of America, will debate on prohibition tonight.

The debate will be held under the auspices of the St. Joseph club, composed of a group of prominent citizens. Darrow will take the "wet" side of the issue while Dr. Wilson will defend prohibition. The debate is an outgrowth of a tour of Great Salt Lake by the two men.

MAN SACRIFICES BANK ROLL TO PROTECT DOG

SAN FRANCISCO, Oct. 2.—Joe Lawrence, a 30-year-old delinquent, sacrificed his bank roll for his dog, who snarled at a 100-pound "big dog" on the street.

JURY FINDINGS FAIL TO SOLVE BOISE MYSTERY

BOISE, Oct. 2.—A coroner's jury today said Tommy Ferguson, 17, high school boy, came to his death from a heart ailment.

POCATELLO SALE BEGINS

POCATELLO, Oct. 2.—The annual Pocatello sale will open tomorrow and 200 sheepmen are expected to attend.

FAR NORTH SPARES MAN AND WIFE ON PERILOUS JOURNEY

Word of Success Follows Months of Silence Since Daring Couple Plunged Into Trackless Wilds

By The Associated Press LENDALE, Cal., Oct. 2.—A three months silence ended a daring couple plunged into the trackless wilds of northern British Columbia, bound for Alaska on foot, was broken today by word from William Alboe to his parents here, telling of the successful adventure.

A short letter scribbled on a sheet of letter paper and borne in a hasty, wadded envelope was delivered to the home of Mr. and Mrs. W. Alboe and recounted a long and arduous series of hardships. The letter was mailed today.

RAHO BOARD DENIES PARDON TO ORCHARD

Idahoan Imprisoned in 1905 For Killing Governor Loses Fight for Freedom

BOISE, Oct. 2.—Harry Orchard, charged with the murder of Governor Steuneger in the Idaho state penitentiary for the assassination of Governor Steuneger in 1905, must remain in prison, the state board of pardons decided today.

In denying the petition of the lawyer for pardon, the board repeated what it had done several years before, for Orchard had asked pardon for the assassination of Governor Steuneger in 1905, but the board had refused to grant it.

In support of his present petition the 63-year-old prisoner recalled that he had turned a white horse against the late William H. Steuneger, Governor of Idaho, and that he had been sentenced to life imprisonment.

Confronted by their visit to the penitentiary, the board of pardons decided to deny the petition.

Haywood and his two confederates were charged with conspiracy in the assassination, although the actual deed was committed by Steuneger.

CUBA RAISES STOCK IN EFFORT TO MAKE READERS INDEPENDENT

Increase in Livestock Production Takes Place as Part of Program to Vary Commodities of Farmers

(By The Associated Press) — HAVANA, Oct. 3.—The Ministry of Agriculture has announced that it will increase the variety of its products so as not to be caught napping in the unhappy position of being dependent on the price fluctuations of a single crop, have been successfully with livestock. Cuba expects eventually to ship much beef to the United States, instead of importing beef and pork from there as formerly.

In the past year Cuba has gained 400,000 beef cattle and has increased the number of hogs for the first time in her history. Cuba has ceased importing hogs, and is finding that by proper attention to the breeding of better pork, she soon will not only produce more fresh than she needs but will produce also bacon and ham on an equally large scale.

At present she imports virtually all the hams and bacon consumed here.

Increase in Cattle
Department of agriculture figures show that during the year 1929-30 Cuba had 4,121,169 cattle while in the year 1929-30 there were 4,344,715.

Cuba's indication of willingness to rid the cattle and hog producers of the tariff is far-reaching effect. There is a general effort to improve the breed of cattle as well as to increase their fertility. In this connection many of the outstanding breeders are experimenting with cross-breeding. Brown Swiss cattle with native stock to produce an animal of dual purpose for milk and beef.

Although modern sanitary methods have been introduced in Cuba, the country exports fresh beef to the United States, much of the meat is used here to make "jamón," cured beef, which is sold in large quantities in the interior of Cuba.

Surplus of Beef
Cuba now has a surplus of beef. Because of the tariff, Cuba cannot export her beef to America—a big profit, but to overcome this it is reported that President Machado is contemplating raising the municipal tax on beef exports which would enable the shipper to gain a fair margin of profit despite the tariff.

The situation in hogs, similarly improved in last year's trade. In May, Cuba was buying hogs in the United States. Then the tariff

The Weather

FORECAST FOR TODAY AND TOMORROW—Fair and moderate temperature.

Minimum temperature was 35 degrees in the Twin Falls vicinity during the 24-hour period preceding 6 P. M., yesterday, according to the report of the government weather observer here. Maximum for the same period was 61 degrees. There was a trace of rain and fog and the sky was cloudy most of the day.

HARD TIMES PREVAIL ON NEAR-EAST FARMS

DAMASCUS, Oct. 3 (AP)—Conditions are desperately hard for agriculture all over the Near East this year.

Luxuriant wheat miles, combined with low wheat prices, have reduced the harvest to a sad plight.

In Iraq, the ancient Mesopotamia, renowned for its fertility, the fallow has been plowed to reduce payment of taxes in cash. They are prepared to pay in kind only.

In some places there are 100,000 dead sheep between the farmer and the troops owing to the farmer's refusal to pay taxes.

In Syria, one of Rome's granaries, the famine informed the government of their inability to pay taxes.

After investigating the situation of the fallow in the Palestine government is this year renouncing the right of the agricultural taxes here.

BRITISH MAKE GRASS CAKE FOR LIVESTOCK

LONDON, Oct. 3 (AP)—Commercial interests are experimenting with the manufacture and use of a concentrated grass cake which is expected to be put on the market at 12 to 16 a ton under the present price of livestock, cake as a feed for cattle.

The grass cake, four or five inches old, containing largely of black and cut before lignification starts, is used in making the dried cake.

was raised on pork and Cuba began to breed hogs not extensively.

The current government report shows 400,000 hogs in the country for the year, with the possibility that this total may reach 600,000 within the next few months.

She has instituted a policy of interviewing personally every applicant.

"I find many of them, especially the older women, character actresses, are living in the past, the capitalists.

"They won't talk freely to a man like me they tell their ambitions, their former fame and their present ability.

"By talking with them—I have been able to pick out from the mass of mediocre material which presents itself daily—a few sterling players who have fallen into evil ways."

She interviews each person only once. Most applicants, she finds, are merely hangers-on who would rather cash in on the day a month than more at a regular job.

got from a Ziegfeld chorus where she was one of his major advertising directors.

Now the blond Minneapolis girl is in her bright little modern little office out at Paramount's Long Island studio interviewing the candidates stream of applicants for character and extra work.

SOUTHERN ECONOMIST ARRANGES BROADCASTS

NEW ORLEANS, La., Oct. 3 (AP)—Overmost of all southern states have been asked to contribute to a series of radio lectures, called "The Post War South," broadcast by Loyola university.

Walter Parker, New Orleans economist, is director of the series and broadcasts in charge from the governor's day come in. Each broadcast deals with a particular subject.

In addition to messages from the governor, Parker supplies data concerning each section.

"LOST" ENERGY GOES TO EXPAND UNIVERSE

WASHINGTON, Oct. 2 (AP)—The old question of what becomes of the energy "lost" in "transformed" space by the sun and stars in the form of heat, light, ultraviolet rays and so on, is answered by W. deSitter, the world famous astronomer of Leiden, in a report to the National Academy of Sciences he says it is "more than used up in the work of expanding the universe."

By this deSitter means that the portion of space which contains matter is limited, and that the section containing the matter is constantly expanding in all directions. This portion of space that contains what men call solid substance deSitter says has always been spherical in form.

PARTLY INARTICULATE TALKS REACH HEARERS

LOS ANGELES, Oct. 3 (AP)—Even when he fails to hear correctly 25 per cent of the sounds in speech a normal person understands the conversation. Experiments showing this also reported to the Acoustical Society of America by Vera G. Knudsen of the University of California.

"Actual tests," he says, "in a quiet open space have indicated that with average speakers and listeners the articulation will be about 85 per cent. A mixing of 100 per cent, that is, perfect articulation, can never be attained.

A few of the commonest mistakes are sometimes mistaken even under ideal hearing conditions. We are ordinarily unaware of this when we listen to speech because the connotation facilities correct misperceptions of these words not heard distinctly. Even when speech articulation is as low as 75 per cent the hearing will be regarded as acceptable."

The experiments indicated that speakers should give special attention to the sounds n, g, v, l, and th.

RUPERT HONOR SOCIETY INITIATES 31 STUDENTS

BUHL, Oct. 2 (Special to The News)—The Honor society, scholarship organization of the Rupert high school, initiated 31 members at the high school auditorium here Wednesday night, to raise the society's membership to a total of 61.

Eligibility to membership depends entirely on scholastic attainment. Advancement in the order is made possible through the entire school course. Those who keep the 75th and achieve grades of high enough rank on graduation become eligible to retain the torch pin, the badge awarded in the third year.

The new initiates who were given a secret ceremony of initiation were: Roy Ryan, John Hecolius, William Smith, Ed Ray Sullivan, Alan Williams, Dorothy Wheeler, Rose Wilcox, Kate Boatright, Claude Brigham, Jane Baker, Ernest Chapman, Elmer Campbell, Maurice, Carlsson, Laurence Duffin, Elizabeth Gantak, James Garrett, Elmer Greer, Wilma Harrison, Steve Johnson, Luana Jensen, Judith Williams, Marian Lattin, Dorothy Mott, Mary Morris, Chester May, William Nicholas, George Nichols, John Newman, Margaret Oranood and Elora Oleslager.

Torch officers for this year are: Eleanor Morgan, president; Dorothy Armstrong, vice president; Lucille Bagley, secretary; treasurer; Woodrow Ash, reporter; and Miss Margaret Scholer, torch advisor.

The meeting Wednesday evening concluded with a social hour and light refreshments.

MOSCOW SCHOOL WARNS AGAINST PUNCTURE VINE

MOSCOW, Oct. 2 (Special to The News)—Puncture vine, a new weed great in Idaho which may cause serious losses to agricultural and range lands, is described in a circular recently published by the University of Idaho agricultural experiment station.

The circular describes the plant in detail, shows the large holes due to the pest to heavily infested areas and gives the most effective means of control. The weed was brought to the United States in a tin of bullets from the Mediterranean ports and was noticed along both the eastern and western coasts before its seriousness was realized.

Like all weed pests it is unusually hardy, spreading rapidly and smothering out field crops. Its seed horns have four hooks to agricultural and range lands, is described in a circular recently published by the University of Idaho agricultural experiment station.

COURT FINDS NO LAW FOR CONTEST OF PRIMARY VOTE Judge Dana E. Brink Dismisses Suit to Throw Out Eden Returns and Designate Henry as Candidate

Wille Willis by ROBERT QUILLLEN

(Special to The News) JPD... in provision in Idaho laws for contesting a primary election...

Both Henry and Barclay were candidates in the Republican nomination for prosecuting attorney...

Details irregularities in Eden precinct election, Henry alleged, were made by persons who were not supposed to be there...

Henry charged also Mrs. Nannie Jenkins, registrar, and Ed W. Latta, assistant clerk, for the county convention...

Special remedy Judge Brink referred to a superior court decision holding that an election contest is not a case either at law or in equity...

Expression opinion that the general supercession statute might apply, Judge Brink continued...

These litigations are going to more at these prices, come see them to appreciate the real value in them as farms and homes...

40 acres, 6 miles out, fenced, all hay, wonderful bean and potato land. \$125 an acre, \$1500 handles.

40 acres, 2 miles out, rock, good rock barn, fenced, crop principally hay and clover, good smooth land, \$175 an acre, \$2000 handles.

80 acres, 4 miles out, four-room house, barn, sheds, etc., in best soil section on Northside, \$115 an acre, \$1600 handles.

160 acres, 4 miles out, 1/2 mile from hard surfaced highway, 1/2 mile from good school, good house, barn, sheds, etc. \$125 an acre, \$2500 handles.

80-acre BEED FARM, right in the heart of the seed growing section, good smooth land, good house; deep well, barn, sheds, etc. \$95 an acre, small payment, balance like rent.

These litigations are going to more at these prices, come see them to appreciate the real value in them as farms and homes...

ALWORTH MAY SUCCEED FISHER FOR CONGRESS Movement has been started among number of Democrats in Twin Falls to induce W. F. Alworth, current incumbent Twin Falls county farmer, to allow his name to go before the Democratic state committee to fill the vacancy on the congressional ticket for the second Idaho district, created by the death of George H. Fisher, laureate, who was nominated at the state convention at St. Anthony.

Mr. Alworth is a student of Twin Falls county public school system at the time of the death of Fisher...

Asked regarding the matter, last night, Mr. Alworth stated that the proposition had been suggested to him, but did not indicate what action he would take relative to allowing his name to go before the committee.

Hal Totten Uses 4,600,000 Words in Summer's Broadcasts

Famous Announcer Keeps Level Head During Skirmishes

Reporter of Major League Names Over Radio Boasts Honor of Being One of First to Give Accounts

(The Associated Press) CHICAGO, Oct. 2.—Hal Totten lifted his annual long to the extent of some 4,600,000 words. "Big Bill" Schuberl, a writer from a cross on Wrigley field, home of the Cubs, is authority for the number of words Totten uses in announcing a game.

Totten, a sports announcer for WMAQ, was one of the first to craft to announce play-by-play accounts of major league baseball. He began in 1923.

"Big Bill" counted the number of words Totten uses in announcing a game. He counted 3,000,000 words in 1929, multiplied by 150, number of games, and reached 4,500,000 words in 1930.

Totten, a sports announcer for WMAQ, was one of the first to craft to announce play-by-play accounts of major league baseball. He began in 1923.

Totten, a sports announcer for WMAQ, was one of the first to craft to announce play-by-play accounts of major league baseball. He began in 1923.

Hal Totten, WMAQ sports announcer, who never seems to become rattled even during the most dramatic situation of the field.

One man left on base.

Miller's Winning Bat Goes on Bench

PHILADELPHIA, Oct. 2.—Blue Miller, who had taken care of the bat with which he drove home the deciding run of the Blue Sox, today was benched for the Athletics and Cubs, but he won't use it in the coming year. Last year the big right fielder doubled in the ninth inning of the fifth game securing Simmons' champion of the Athletics.

SOCIETY OF MINING HONORS IDAHO MAN

Dr. J. W. Finch, Dean of Moscow School of Mines, Heads Editorial Committee

MOSCOW, Oct. 2 (Special to The News)—Dr. J. W. Finch, dean of the University of Idaho school of mines, has accepted the chairmanship of an editorial committee of noted geologists who will supervise the printing of a memorial volume on the career of one of the Rocky Mountain region's professional geologists.

The new volume will honor Dr. Waldemar Lindgren, known as the greatest living geologist in Idaho. It will be published by the University of Idaho and will be the first of a series of volumes to be published by the university.

Dr. Lindgren, who was born in Sweden, came to Idaho in 1872 and has since that time been one of the most prominent geologists in the state.

The book is to be ready by 1932 as a contribution to the international geological congress to be held in Stockholm, Sweden.

Widely known geologists of America will be asked to write chapters for the volume, dealing with one of the most important fields in geology.

STATE OFFICIAL VISITS CASSIA COUNTY SCHOOLS

BURLEY, Oct. 2 (Special to The News)—Miss Anna G. Pearson, state rural school supervisor, is now in Burley, visiting the schools of Cassia County.

Miss Pearson, who is in charge of the rural school work in Idaho, will visit about two weeks and will come to an end with a visiting demonstration at Malheur.

GIRL FROM BOISE AND SHOSHONE MAN MARRY

SHOSHONE, Oct. 2 (Special to The News)—A marriage license was issued today at the clerk's office here for the marriage of Shoshone girl, Wynne L. Nettleship, Boise, who was married by Judge J. L. Fuller.

CITY SPENDS HALF TAX LEVY ON DEBT

Clock Delves in Facts and Figures in Talk to Club On Municipal Finance

More than one-half of the \$3 tax levied by Twin Falls city against each \$100 of property within the corporate limits for several years past has gone to pay interest and principal on the city's bonded debt. C. M. Hall, Twin Falls city clerk, told Kiwanis club members at a weekly meeting at luncheon yesterday.

Mr. Hall's talk on municipal taxation and finance was one of a series of talks arranged by G. D. Thomas, chairman of the club's recreation committee, dealing with various phases of Twin Falls resources, activities and possibilities.

With view to taking advantage of bonded-improvement bonds under best conditions, Twin Falls has established an exchange of \$1,000 of outstanding general obligation bonds bearing interest at from 3 1/2 to 6 per cent, for refunding bonds bearing a lower rate of interest.

Hall told the Kiwanis "It is estimated that a saving of approximately \$1500 a year in interest charges can be effected by such an exchange."

Out of a total of \$419 tax levy against each \$100 of property in Twin Falls municipal limits this year, Mr. Hall showed the club members, the city claims \$21, state 59 cents; county, \$1; Twin Falls school district, \$12.

Twin Falls total bonded debt last year, according to figures given by the city clerk, was \$738,618, of which \$73,500 was on account of waterworks system, \$230,000 on account of \$100,000 and \$100,000 assessment debt.

Out of the revenues of increased water-service charges made effective last year, Mr. Hall said, there was purchased and laid last year 28,000 feet of iron pipe, and this year there has been purchased and laid 24,000 feet of iron pipe, leaving only 11,000 feet of wood pipe in the water distribution system yet to be replaced by iron pipe. This improvement, Mr. Hall pointed out, was accomplished without increase in tax levy.

ELKS' LODGE OPENS SEASON AT MEETING

Nearly 100 members of the Elks lodge attended a meeting of Twin Falls lodge last evening that marked the opening of the fall season at Elksdom here. Two candidates for membership were received with the ceremonial of initiation. A program of entertainment included several dance numbers by Marie Finck. A committee had charge of serving sandwiches and coffee at the close of the lodge meeting.

NOT OUR POLICY

It is not an O. P. Skaggs System policy to quote prices. There are many reasons for this. We believe people are interested in quality as prices. We believe, too, that they would rather come to the store to see the goods they buy, than wade through endless columns of prices. Every item on our shelves is a bargain. To price advertise one, we should advertise them all. This, of course, is impossible.

WATCH OUR WINDOW

We do price advertise one way, however, and that is through our window. We like this method because at the same time that shoppers see our prices, they may also judge the quality of our goods. They may see our store and judge the conditions under which our goods are sold. Our window is always full of bargains. Always seasonable items—foods that you particularly need right now. Therefore, watch our window, food shop in our store, and save yourself money.
