

GRAIN YIELDS WELL IN FAIRFIELD AREA

Ernest Fields Sells 35,000
Bushels of Wheat-Grown
On 2200 Acres of Land

FAIRFIELD. Oct. 4 (Special to the News) — Highly satisfactory wheat fields have been reported in Camas county this fall record for the year.

Ernest Fields, recognized as the most successful wheat grower in Camas county, has sold 35,000 bushels of wheat from 2200 acres of land.

Harry Oester, farming 2000 acres, claims a yield of 25 bushels per acre.

John W. Wilson, who farms 31,000 bushels, Ammon Wilson reports an average of 30 bushels an acre from a 3200-acre field.

Other large wheat-growing areas include: Matt Cottrell, with 1000 acres, from which he harvested from 18 to 20 bushels per acre; W. W. Wilcox, with 2000 acres, from 25 to 30 bushels from an acre; and Henry Haasler, with 20 bushels from 1000 acres of land.

LEGION INSTALLS NEW OFFICERS IN FAIRFIELD

FAIRFIELD. Oct. 4 (Special to the News) — New officers elected officers of the American Legion and Auxiliary were installed last night at a home given to the Old Fellows hall here. Mrs. Marion Smith, president of the auxiliary, and the American Legion Auxiliary, conducted the installation.

Auxiliary officers installed were: Mrs. Mabel Jenkins, president; first vice-president; Mrs. Fay Sandford; second vice-president; Mrs. Hazel Gandy; Mrs. Charles L. Jones; Mrs. Clara Kraman, historian; Mrs. Eddie Meader; chaplain; Mrs. Mary E. White; Mrs. D. G. Sperry was the outgoing president.

Legion officers installed were: Commander Ernest Fields; first vice-commander, Fred Wallen; second vice-commander, Leeland C. Johnson; Chaplain, John C. Jones; and service officer, Charles Kramer. Stanley Smith was the outgoing commander.

WORK PROGRESSES ON CAMAS COUNTY ROAD

FAIRFIELD. Oct. 4 (Special to the News) — Miss Margaret Thomas states that she is very much pleased with the response of Camas county folks to the new cold storage plant now under construction at the county fair grounds.

Work is progressing rapidly, and the work under the auspices of the Anti-Tuberculosis association. Funds for the work is obtained through the Paramount-Pabco Properly Week Programs.

Miss Thomas is conducting her work under the auspices of the Anti-Tuberculosis association. Funds for the work is obtained through the Paramount-Pabco Properly Week Programs.

Tuesday she was at the Elk creek schoolhouse, in Fairfield, and Thursday at the schoolhouse in the Elk creek school district.

The Opium theatre today. This vehicle made the girls first appear.

Wednesday she will visit the Pleasant View and Corral creek schools.

Practically all are taking an active interest in the work, and many parents are attending each meeting. Thursday more than 200 children were entertained by Miss Thomas and Mrs. A. E. Bringer, who is assisting in the work.

The work is being done by a crew of seven men, using 80 hours of road work, four hours of labor, and 16 hours of grading and numerous minor contracting details. B. W. Schubert is engineer in charge of the work. A rock quarry located in a few days and a rock quarry already has been opened.

HEAD OF SCHOOLS IN CAMAS COUNTY QUITS

FAIRFIELD. Oct. 4 (Special to the News) — Mrs. Kate McHugh, county superintendent of schools, has decided to re-elect on the Democratic ticket, but has tendered her resignation to the County commissioners. It is understood that she accepted the nomination as candidate for county superintendent of Nez Perce county. The county commissioners will act on her resignation at the next meeting of the board, October 8.

THOMAS MOORE

Oh, that my soul would thine this night
To guide my faltering footsteps right.

To honor our profession by faithful, dignified service and to set with due regard for the feelings of others is our plan and habit.

OAKLEY: CHURCH FOLKS GO TO SALT LAKE CITY

OAKLEY. Oct. 4 (Special to the News) — President W. H. Starnes, city president, W. H. Starnes, Laury Blaskey, Ruth Hunter and Jenny Burch left Friday for Salt Lake City where they will attend the annual Day Saints quarterly conference.

JUST KIDS

RAIN HALTS HARVEST IN MOUNTAIN VIEW FIELDS

MOUNTAIN VIEW. Oct. 4 (Special to the News) — Rain effectively stopped the completion of the bean harvest for the time being. Some of the farmers have started fall plowing to overcome the delay. The weather is still going on as usual the late between showers.

Mrs. A. J. Woods, residing Mountain View, had a party with her brother, G. W. Gage, at Toppeville, Washington, and her sister, Mrs. Frank West, Seattle. Mrs. West is now back home. Her son, Alvin, a pendleton, is reported much improved in condition.

Mrs. T. M. Knight entertained a party of friends at her home on Ollie Moon on the occasion of her son's birthday Thursday afternoon. The guests included Vivian and Harry Gandy, sons of Mrs. Bertha Gandy; Margaret Vazquez, Helen Dibergaraff, Virginia Albaugh, Gladys McKee, Marjory Bayliss, and Mrs. Ivan and John Honore and their sister, Winnie Knight.

Mrs. Merle Dean entertained nine of her grandchildren Tuesday noon in honor of the fourth birthday of her son, Donald. Guests included Mrs. Gandy, Mrs. Gandy, Mrs. Frank, Mrs. Henry Wise, who underwent an operation at the county general hospital recently, and Dr. W. H. Williams, who is in the hospital with 20,000 bushels from an acre.

Mrs. Henry Wise, who underwent

60,000 Fans See Trojans Defeat Beavers

Line Plunges and
Brilliant Passes
Make Score, 27-7

Famous Howard Jones Defense Holds on 4-Yard Line and Duffield Punts Out of Dangerous Zone

Raymond Brown, tackle, and Rupert Black, guard, are two of the most likely looking of five sophomores—this year who now furnish impetus in the basic attack of the University of Southern California—the "power play."

By PAUL ZIMMERMAN (Associated Press Sports Writer)

LOS ANGELES, Oct. 4.—University of Southern California's traditional line-plunging assault, sprinkled with an occasional pass, today swept a strong Oregon State eleven to a 27-7 defeat before 60,000 fans.

Two quarterbacks, Marshall Duffield of the "Stingers," and Raymond Jones, his understudy, four times crossed the Beavers' goal after long drives down the field. The Oregon combination twice fumbled the ball, however, in the Trojan goal, and scored on the second thrust, with Ray Huie, substitute half back, plowing two yards out of bounds. The Oregon pass had given him a first down.

The men of Troy plunged and passed to 27 first downs, against four for the Beavers. The Stingers, west, but a costly penalty kept them from scoring on one occasion, while the first half had halted another good run.

Long Texas Spectacular

OREGON STATE completed four runs of 10 or more yards in the first three quarters. Each scored as a result of spectacular long toses.

The game started as a punting contest between the two states, State holding the edge. Then the Trojans began to get off-tackle power drives and after making 10 yards, would score. The Stingers also dashed through the right side of the Beaver line 3 yards for a touch-down. Johnny Baker, left guard, kindled the crowd.

Duffield almost tumbled from the hero heights to the depths when his fumble after taking Baker's punt, was recovered by Oregon. A 10-yard ball on the Trojan 30-yard line. A pass, Ralph Buer to Leggett, coupled with a penalty for offside, and the California man had the ball to the ball to the Troy 20-yard line. Shrewd bumbler got Frank Little fullback, recovered on a 4-yard line, whereupon Howard Jones defense held and Duffield passed out of danger.

44 Gridders Seek Berths at Albion

Twin Falls, Filer, Wendell, Burley, Hazelton, Declo And Oakley Boys Turn Out

ALBION, Oct. 4 (Special to The News)—Football狂热者 this fall are the boys of Albion, Idaho, the largest in the history of the school. Forty-two men have reported for the squad and among these 43 are the 12 seniors.

Coach Jacobson is faced with the difficult problem of whipping a team into shape in two weeks to meet the powerful team of the Southern Branch. However, he has a wealth of material to draw from. Coach Jackson hopes to repeat the victory last year. Coach Ouchoufian, all-conference end, Bob Johnson, all-conference guard, E. Simpson, Wendell, several years ago, Bradley Young, Tom Johnson, Fred Kell, Ray C. Latimer, Ross Peter, D. Kelley, Ray Shangus, Jack Anderson, last year's quarterback; Paul King, Dick Miller, Jimmie Johnson, Harry Morris who have reported to date.

The new members of the Albion squad are as follows: Welden Beck, Wendell; John H. Beck, Wendell; Ralph Villers, Filer; Marvin (Red) Barton, Filer; Clarence McNealy, Filer; Carl Hendrix, Filer; Charles L. Johnson, Filer; George Lawrence Hall, Twin Falls; Harold Bond, Blackfoot; Darrel Yost, Blackfoot; Paul King, Boise City; Alvin Johnson, Filer; Alvin Bell, Nampa; Willard Olson, Oakley; Robert Wilson, Oakley; M. McFarland, Oakley; Clarence Simmon, Albion.

ON THE SIDELINES

by BRIAN BELL

ULANE university, New Orleans, one of the few unbeaten and unified football teams in the United States, lost its entire backfield by graduation but has its line intact.

The Greenbacks are fortunate that the situation is not reversed. As Al Witmer, the Princeton line coach, said, the best backfield in the world is of little use without a good line.

"Poor backs can gain behind a strong line," said Al. "But without good men up front the backs will be stopped no matter how good they are. Backs don't run by themselves. When they gain, somebody is helping them, and if you take the trouble to find out their names, most of the time they are playing in the line."

Tulane defeated Northwestern at Chicago, 18 to 6, in 1926. This Tulane team, too, was undefeated, but played a tie game with Missouri on one of the hottest autumn afternoons the Crescent City has known.

"The training system at Tulane provides more than a vocal stimulant for the players between the halves. They are served strong black coffee, the adjectives being unnecessary when it is explained that New Orleans coffee is served. All such coffee is both strong and black."

UN of the mine golfers must have laughed to themselves in the play-off for the thirty-second place in the Professional golfers' association championship. Six "pros" were tied at 168 for 36 holes while 31 were 167 or better, so the half dozen went out in the dusk to see which one should enter the match play.

The first hole at Fresh Meadow is 429 yards in length and closely trapped, but in the club houses playing Saturday and Sunday there are many par fours scored.

THE tremendously interested professionals who were fighting for their golfing life on the whole, some were short, some were long, and only one was just right. Billy Burke took a par four and qualified while five others fell to the lot of the other five, and all of them good men and true.

Old Man Pressure reared his head at the first tee and laughed in ghoulish glee as all but one of the sextette failed. If the five who look five should play five rounds over Fresh Meadow in the course of ordinary golf, with nothing at stake but perhaps a Nassau bet, they would get at least 20 fours at the first hole. But when they needed pars there were no pars available.

In cases like this the pros tell their pupils, "Do as I tell you not as I do."

BROWN WINS IN PARIS

PARIS, Oct. 4 (UPI)—"Panama" Brown, small business man, racing driver, and amateur tennis player, of the United States as the champion, bounded out of a high-speed decision over Geno Huat, French, today.

There have been 640 matches of American passenger autos since 1928.

FOR SALE: 900 sq. ft. 7-room house with one acre ground; one block from Washington school. Income \$200 per month; price \$10,000.

Five First-Year Men Now Generate "Power" To Drive Offense Of Southern California

Hunters Swear by Game Warden for Service Rendered

Lee Lisenby, stationed at Knox, checks hunters in and out of deer country and assists "greenhorns"

(By The Associated Press)
OISE, Oct. 4—Although many hunters insist game wardens give them a pain in the heel, such cannot be said of Lee Lisenby at Knox.

Lisenby checks hunters in and out of the bounteous deer country throughout. Technically the job is merely to prevent one hunter taking more than his share, but it has expanded on the job, moreover.

During the deer season he has a warm fire burning 24 hours of the night, and when he goes down from his cabin he wears a heavy coat, hat, and mittens. He carries a gun and a compass, and a lantern, and a knife.

And to green hunters he is a godsend in dispute. Almost every year the same hunters come down from the mountains two or three times a year. A "green" hunter will want to get out to get himself a deer, and arriving at Knox, not knowing where to go, turns to Lisenby for guidance.

Golden Bears Lose To Washington State

Pullman's Team Scores 16 Points And Blanks Foes

25,000 Spectators Gasp in Amazement at Flashing Offensive of Eleven Not Ranked Among Champions

By RUSSELL J. NEWLAND
(Associated Press Special Writer)
ERIE, Cal., Oct. 4.—
A band of red-jerseyed giants bearing the standard of Washington State today crushed California's Bears, 16 to 0, in a nerve-tangling upset.

While 25,000 persons gasped in amazement at the flashing offensive and head-up football displayed by an eleven which was really rated in the same class with Cornell, the Bears went down the field to score a touchdown in the opening period; added a field goal in the second quarter, and another touchdown in the last fifteen minutes of play.

Out-poured, out-going, and out-there, the Bears were the defensive most of the game. They were led by the Cornellian air raid har-

rag. Statistics left the field. Washington State gained 343 yards from scrimmages and passes; California, 265 yards. The Cougars completed 13 passes to six for the Bears. It is the first victory of Washington State over eleven in 10 meetings since 1919.

A great act of backfiring men, able drivers, and drivers of cars to earth, won the game. Elmer Schwartz, huge fullback, won a full share of glory as did Orel Ellington, halfback, and Jimmie Musick, substitute right half, and Billie Trunkin, quarterback. John Hurley, right end, also starred.

For California the line defensive, plus Marion Hill, stood out. His work aided in balking the score down. Henry Schindler, half-back substitute, had a back-breaking performance.

The Bears' line offensive,

CHURCHILL PROVES

GREATEST TALKER

Speeches Fill 336 Columns Of Parliament's Official Publication, Report Shows

LONDON, Oct. 4 (AP)—Winston Churchill was the greatest talker in the House of Commons during the Parliamentary session from June 23, 1929, to June 1, 1930, according to a report of 336 tons of type from the official office of the "Standard," just off the Press.

William Graham, president of the Royal Society of Englishmen, was second to Churchill in the amount of time he spent on his speechmaking.

The list of ministers who answered questions is headed by Arthur Henderson, foreign secretary, with 102 speeches, and Sir Philip Noel-Baker, third with 98. Sir Kingsley Wood was fourth with 28, and David Lloyd George fifth with 10.

Out club manufacturers have been unable to keep up with the demand for patterns for miniature golf.

The champion questioner was Harry Day, socialist member for Southwark, whose three-hour speech was represented by 947 quotations from other speakers.

The list of members who attended the sixth international trade congress.

O. M. Butler, newly appointed ambassador to Canada, made a trip to Canada and the United States to secure officials in highway work with the conference which will be held October 8-10 in Washington.

Plans for the congress, first to be held outside of Europe, will be laid before highway engineers in Mexico, Guatemala, Panama, Colombia, Peru, Chile, Argentina, Uruguay and Brazil.

More than 16,000,000 gallons of gasoline and kerosene were sold in South Dakota during the year ending June 30 than during the year ending June 30, 1929.

OUR HOME BUY FOR THIS WEEK

A nice little home on 7th avenue north, right in the heart of the best residence district. A bargain at \$3500.00. We would like to tell you about it.

Money To Loan and Lots of It

Our straight loan is the best offered here. Our monthly payment loan bears the lowest rate in the state.

We also offer a good-farm-loan.

CHICAGO LANDING FIELD GOES INTO BANKRUPTCY

CHICAGO, Oct. 4 (AP)—Sir Harry Stanley, called a model airport, and intended to be an exclusive resort for folk, was to exclusive it went bankrupt. The indebtedness was more than \$1,000,000 when a way company put it up for sale.

During the endurance flight of the Hunter brothers, Sir Harry was popular and profitable. The blunders used the port as their base for two years ago. In addition to 220 landing grounds with hangars, improved runways and lights, there was a modern terminal clubhouse, which, in summer, housed the fashionable Peignoir Club.

Golf club manufacturers have been unable to keep up with the demand for patterns for miniature golf.

The champion questioner was Harry Day, socialist member for Southwark, whose three-hour speech was represented by 947 quotations from other speakers.

Idaho Man Hunts Wily Cougar for Winter Diversion

Thomas Cook, Wilderness Hunter, Returns to Lonesome Timberlands to Follow Trails Through Snow

(By The Associated Press)

BIGSKY, Oct. 4—Thomas Cook, Wilderness man, has gone into the long-some timberland of the Big Creek section of the Upper Salmon river again this winter to follow his favorite diversion—hunting cougars.

Cook, although a young man, has all the experience of a hunter when it comes to breaking trail through the snow, foraging for comfort-in-the-winter weather, and tracking the wily cat.

Both sides of the Big Creek section of the upper Salmon makes anything he knows of. He never makes money at it, but he gets a thrill from hunting cougars than any hunter of the state game department. He finds the experiences considerable so had to give up his job as forester in order to keep his winter occupation "out of the red."

During the past summer as usual he worked for the forest service, but he makes the job of packer—a hard one during fire times when experienced packers are kept on the job night and day, and the men are required to walk miles to the fire scene and assigned to late the forest supervisor over much of the territory in which he hunts in the winter. This was easy work for Cook compared with work of previous summers.

Takes Dog Dogs

When he goes into the forest he takes with him his pack of bear dogs, which he uses to track the animal he wants to know no fear. Any one of them will pitch into a cougar in the face of almost certain death, and perhaps even death himself, if the animal is not any less dog in pack, however, they are invincible. The cougars seem to recognize this, for they take to the woods as soon as they see the dogs.

Cook likes his bear dogs better than hounds because they hunt with their noses alternately in air and ground all the time as the hounds hunt. This often enables them to catch a down wind across a couple of miles without being detected.

This fall he will cover a wide range, going over into the Chamberlain basin to superimpose deer hunting on his work as a forester in the timber.

This fall he will cover a wide range, going over into the Chamberlain basin to superimpose deer hunting on his work as a forester in the timber.

Cook says those long, miles apart walks are hard on the dogs, and he has to walk through it almost daily, sleep at times. Although he starts out from his camp with a pack of 10 dogs, he loses one or two pounds each return with a pack of twice that weight from gathering up traps and carrying along a couple of weeks.

This fall he will cover a wide range, going over into the Chamberlain basin to superimpose deer hunting on his work as a forester in the timber.

Stanford Defeats Bronchos, 20-0

STANFORD UNIVERSITY STADIUM, Oct. 4—Stanford halfback, Phil Moffat and Harlow Nather, led Stanford university to a 20-to-0 victory over Santa Clara High School.

Seeking to duplicate their surprise victory of 1929, the Bronchos began the game with a scoreless draw.

LUMBER INDUSTRY IN ALABAMA RANKS HIGH

MONTGOMERY, Ala., Oct. 4 (AP)—Industry ranks with agriculture in importance in the state of Alabama, in the opinion of Colonel Page R. Bunker, state forester.

The forest lands of the state, he said, contain a minimum of 600,000,000 board feet of timber annually, valued at not less than \$30,000,000.

Colonel Bunker said Alabama has been forcing to the front in development of forest lands—which cover two-thirds of the land surface in the state—and afford employment to 200,000 per year.

Utes and Logan Farmers Win Day's Games in Foreign Arenas

**Utah Aggies Win
From Colorado's
Tigers by 8 to 7**

**Sensational Second-Half
Comeback Results in Victo-
ries Snatching Contest
From Apparent Defeat**

By FLANKE D. FRALEY
(Associated Press Sport Writer)
COLORADO SPRINGS, Oct. 4.—A sensational second-half comeback to-day snatched victory out of the dross of defeat for the Utah Aggies and gave Dick Romney's Farmers a hard earned 8-7 victory over the Colorado college Tigers.

It was one of the wildest games of football ever played on a Rocky mountain conference gridiron. The first half was a dead heat. Both teams kept the Utahns with their backs to the goal line in the first two periods during which they looked like a bunch of maddened animals.

The game was won and lost on the wheel of fortune, the margin of victory being a safety. Utah Aggies had a safety and a field goal. "Starbuck" Starbuck's Tiger tackle stopped beyond the end zone in getting away a punt from behind his goal.

Colorado college was off to a flying start, and after the first kick off they ran the ball through a hole in the middle of the Utah line within two feet of the goal, where the invaders repelled the fourth-down rush of Lynn Jones, substitute Tiger back.

In the second period the Tigers literally clawed the Aggies to pieces, running the ball through the Utah line and making sweeping gains around the ends. Kenneth Pomeroy, the Colorado college fullback, got away with a 40-yard run.

The second half presented a strange paradox, with the Utahns stealing the Tigers' staff and making their own. In the third period, and the third quarter Dick Romney's team discovered it could pass over the Tiger defense, and one long pass after another was made, with Jim Thompson taking the ball from Childs across the goal. Remond's kick was blocked, but the point was not needed for the safety avoided earlier in the period cost the Tigers 2 points.

**SOVIET OFFICIALS FIND
PETTY GRAFT IN SHOPS**

MOSCOW, Oct. 4 (UPI)—Fighting graft in government shops is one of the boldest problems of the civil service here.

Officials recently arrested a number of clerks and accused them of double dealing in the community trade, and of grafting on shopkeepers and enabling the latter to buy bread, shoes and clothing at government stores.

Investigation found that the clerks, instead of destroying the complaints presented over the counter, sold them to spectators who used them for presents to their relatives, and then resold the goods in the private market at double or even triple the government price.

ABYSSINIAN PROVINCE**

**MANILA THEATER SHOWS
ONLY FILIPINO PICTURES**

BECHHEIDER, Abyssinia, Oct. 4—Ras Cassa has taken power in the Abyssinian capital, and the new ruler has declared that death of the late Empress Zauditu. Ras Gugui Olli, divorced husband of the Empress' nephew, Negus Tafari, is now emperor.

The new chieftain has deprived of Abyssinia's territories those who were living during a papal attack on Negus Tafari on religious grounds. He has ordered them to go to Addis Ababa, capital of Abyssinia, and to add to the capital's population.

Ras Cassa issued a proclamation inviting people to return to their homes. The new ruler has also ordered hundreds of families to rent to school children 20 years old or less who cannot afford to rent.

One accident for every 14,000 miles operated by commercial drivers in Chicago was one month's safety record.

**Utah University
Champions Whip
Cowboys, 72 to 0**

**Redskins Make Auspicious
Debut in Defense of Title
By Wallowing Wyoming
On Salt Lake City Field**

By OTIS Z. MURRY
(Associated Press Sport Writer)
SALT LAKE CITY, Oct. 4—Utah university's Redskins, champions of the Rocky mountain conference for the past two seasons, made an auspicious debut in defense of their championship by wallowing the Wyoming "cowboys" here today, 72 to 0.

Saddened somewhat before the game by the injury of their star halfback, Preston Summers, the powerful Utes sought vengeance and shattered the Cowboy line from the start, scoring two touchdowns in the first minute of play.

Coach Ike J. Armstrong's warhorses patted the ball over four times in the second quarter, twice more in the third, and once in the fourth, and with three more touch downs in the closing period. He served the greatest part of the game as a running back, but even with the Utes second and third players.

The Cowboys displayed greater strength in the first half, especially in the second period, during which they scored their lone touch down. The Nebraskans stood at the start of the second period.

In the second half Nebraskans outclassed the Y-men in every department of the game but when, on several occasions, the Cowboys crossed the Cougar territory deeply, the Y-line held at the critical moment.

Both teams resorted intermittently to the forward pass, but the forward pass that paved the way for the Cougars score, when Thom took the ball over from the 8-yard line at the start of the third period.

Nebraskans used its cross-pass play effectively throughout the game but the Y-line tightened when it threatened to break through the Nebraskans' line.

The Y-men were led by coach Bullenius took the ball on the first play of the game, broke through the Y-line and made a spectacular 80-yard run.

**CUTTING OF PILOT FEES
AIDS KEY WEST HARBOUR**

KEY WEST, Fla., Oct. 4 (AP)—By reducing pilotage charges 20 percent, Key West has attracted wide attention and bids high to become an important port of call for ships sailing between European countries and South America, through the Panama canal.

Members of the Key West Pilotage Commission said that since the low rates became effective, the number of foreign vessels have come to the port for refueling and

provisions.

Inquiries concerning the port and harbor have been received from many European countries. American shipping interests have also commended the move.

OFF-COLOR SHADES GAIN SANCTION OF STYLISTS IN PARIS

New Shadings of Well Known
Tints Dominate World's
Fashion Center in All
Styles, Daytime and Night

By BARBARA BEAUFORT,
(Associated Press Fashion Editor)
PARIS, Oct. 4.—Stylemakers
here have made it im-
possible to say any longer
that black is black and white
is white.

Black is newest and smartest
when it is just off black
by a shade or two on the
brown, purple or green tinge.
In black, with some bronze
in it, is very new.

While denim is in the strenuous,
is just a manner of speaking these
days, for while a many always off-
white, cream, peach, oyster or an
opalescent color may be more than
anything else.

So pale are the shadings that
Parisians think "all" as white,
though they are not.

Even emerald, the standard of
whiteness dating from royal bydays
no longer is white in its modern

parts infinitely prefers its emerald
dye a faint pearl gray for after-
noon. Whole coats are made of this
green for formal daytime wear.

There are no rules for the combi-
nation of black and white for au-
tumn.

Black wraps go with black dresses
and white with white, but many of
the black wraps have white collars
and cuffs. The small table appears
on white evening coats.

Bright Threads First—
Now Lacy Tweed

NEW YORK, Oct. 4 (AP)—French
garments this fall will find military
frocked in—a new lacey tweed
streaked with bright threads instead
of dots as the latest.

Mrs. Vinton Miller is among those
already sporting the voguish tweed.
She appears in a suit of jade green tweed,
decorated by a modish lace collar and
worn with a medium-winned light
hat.

New Styles Serve Bulging Heyday

PARIS, Oct. 4 (AP)—Buttons
in his game in the style world this
season.

There are more buttons in view
on dresses and coats than have ap-
peared in years. They are all
made in pairs, double or
triple rows and in sizes from tiny
to medium.

Buttons match the dress material,
in colors.

Narrow For Ease—
Wide Fall Necklines

PARIS, Oct. 4 (AP)—Laced neck-
lines are in high favor.

Lingerie has bands, ribbons and
fur are used to loop through cycles
embroidered on sport and daytime
dresses.

Narrow bands of emerald laced
through black velvet are the after-
noon and evening favorite. White
satin on black is used in the
same way.

A campaign to promote small
game fish has been launched by
the Texas game commission.

Trout in England take about one-
third of the people's income.

Fifty per cent of the students at
the University of Missouri are af-
filiate members of churches at Co-
lumbia, Missouri.

Girl's Own Room Features Individuality

By ELIZABETH KENNEDY
(Editor, *Our Home*)

Written for the Twin Falls News
Every girl longs for the time when
she will have a room of her own,
and when she does have that room,
she wants to make the most of it.

Virginia Gildersleeve's popular

essay entitled "A Room of One's Own" in which she expatiates

on the peace, security and inspiration

found in some little corner

of your personal room.

So it is with your own room. It
should be yours in every sense
and furnish with whatever makes you
most comfortable with these
colors you most enjoy. In other
words, your room should express
your personality.

And placing your room's dec-
orations with this thought in mind,
you achieve the happiest possible
effect. If you put in a room the col-
ors and decorations that you like best,
make you most comfortable, the
books and pictures you love more
than anything else is the result? You
feel at home in it, you feel per-
fectly at ease in it, you feel most
completely yourself. You will be
happier in that room than anywhere
else.

The window-shade here is built
around the window—an idea that's
practical from the standpoint of
light and air, and charming on an
aesthetic basis. The shade is built
between the windows and the wall ex-
cludes fresh air without a draft. And
the reading lamp on the table be-
sides the bed allows you to finish
that book before going to sleep.

Window is central factor in this girl's room.

the dressing table is strategically
placed to bring full benefit of day-
light and that's important for a girl's
room. The chair, too, is a nice group
item to have the chest of drawers
which will be bulging with your
underwear and stockings set next
to the dressing table. As
is your color scheme—it's always
wise to keep your floor dark then
the decorations and plays up the
rest of the room.

Designed by Mirande—
Closed skirt of Plaid;
Gold Black and White
Jacq.

SITTING UP STRAIGHT IMPROVES WAISTLINE

PARIS, Oct. 4 (AP)—Women
have quit worrying about their
waistlines and are concentrating re-
siding efforts on their waist-
lines.

Since slanting silhouettes went
out and curves came in tape
measure attention concentrate
on the abdominal contours.

Women are sitting up straighter in a
chair, half the day with their ab-
domens out and their chest in, a
familiar gym class assistant
containing all the daily de-
cisions or two dozen to correct
your contours."

New Style Brings Bulging Heyday

HISTORIC BAND'S CONCERT STRIKES RESPONSIVE CHORD

Twin Falls Mayor in Proclamation Expresses Appreciation and Welcome; Event Marks Opening of New Hall

The United States Marine Band, conducted under the leadership of Captain Taylor Branson, will arrive early this afternoon to present afternoon and evening concerts at the new Twin Falls High School gymnasium-auditorium, fulfilling their one of 62 concert engagements on its present tour, and bringing to the region an outstanding musical attraction.

Vowing appreciation of the visit of the historic musical organization here, R. E. Miller, Twin Falls mayor, yesterday issued the following proclamation:

"Since 'The President's Own Band' is making its first official visit to the state of Idaho, October 5, 1930, on its Western tour through the gracious consent of President Hoover,

"We since this is our official governmental band and recognized as such by congressional support."

Therefore, I, mayor of the city of Twin Falls, in sincere recognition of the patriotic and sentimental significance of this occasion, do hereby proclaim that we officially express the appreciation of our citizens of the visit to our city of this nationally known band, and that we extend a hearty welcome to the part of our people a most hearty welcome."

R. E. MILLER, Mayor

Auditions were held yesterday afternoon to the limit of its capacity at both concerts were indicated last evening.

TWIN FALLS

Virtually as many reservations have been made by residents of neighboring towns and communities as by those from Twin Falls. Mrs. S. Wright, secretary of Twin Falls Chamber of Commerce, whose auspices the band appears here, said at the end of the day's work, "I am glad to find Mr. Miller, Mr. Huley, Rupert, Jerome, Shoshone, Owyhee and Hailey, Mr. Hale, Wright and myself, all in agreement that before the sale of tickets stopped in order to prevent overtaxing of accommodations."

"There will be available at afternoons and evenings concerts approximately 40 general admittance seats," Mr. Hale said last evening.

The coming of the United States Marine Band is important to the nation's social and political life through a century and more, has been described and detailed for the further enjoyment and education of Twin Falls high school's new gymnasium auditorium, and at the evening performances immediately following its introduction, Captain Taylor Branson, son of Captain Branson and the band, W. B. Smith, superintendent of the Twin Falls schools, in a brief address, will dedicate the new hall to the use of the public.

A program of eight numbers has been arranged for each of the two concerts to be given at the auditorium, though will be amplified by numerous encores numbers in which the band, according to its custom, will endeavor to fulfill the indicated wishes of its audiences.

The afternoon concert is to begin at 2 P.M. and the evening con-

cert at 8 P.M.

The band comes here from Pocatello traveling in special cars, and will leave here Monday morning to fill its next engagement at Boise.

WOMAN GETS DECREE

On grounds of alleged desertion, Mrs. Otto Fales was granted a divorce from her husband, W. F. Fales, following a hearing before Justice W. A. Babcock in district court here yesterday. The Fales were married at Laramie, Colo., in 1924, and in 1926, Fales did not contest the divorce suit. He is a resident of Los Angeles.

Wields Baton over President's Own

SMITH WELCOMES NEW OPPOSITION

Congressman Sends Letter Of Congratulation to Democratic Candidate

A letter of congratulation was mailed yesterday to Congressman Smith, his newly nominated Democratic opponent, W. F. Alworth. Congressman Smith avers Mr. Alworth that his campaign has been followed with interest and admiration by him in the past and will be devoted to disclosure of issues and free from personalities.

"I wish to extend my congratulations, in which Mrs. Smith joins you to and Mrs. Alworth, on your nomination for Congress and assure you that you represent a most worthy and capable opponent."

"While we differ on governmental policy, we represent by our respective parties persons who are of the same mind in regard to good government, law observance and the attainment of those ideals which are the cornerstone of the good citizens of our common country."

"I welcome you to the contest at the polls with the assurance that your name will be a credit to the campaign and the lines hereinafter follow by confining my arguments to general issues, and entirely free from personalities."

CHECK RAISING CHARGE CONFRONTS FILER MAN

ed use of fertilizer paid about \$3 for each #1 invited in the fertilizer. Experiments with potatoes and beets have shown that there is a substantial increase in yield of three crops are indicated where fertilizer has been used.

FUNERALS

SLUYTER—Funeral services for Mr. Ray Sluyter, 13-year-old son of Mr. and Mrs. Ray Sluyter, and a member of the Boy Scout Troop 10, agent, said it was indicated at a meeting in Brigham City, Utah, yesterday evening of about 80 persons interested in the welfare of the boy.

Mr. Hale at this meeting discussed results of experiments conducted with commercial fertilizer in Twin Falls, and the results of these tests indicated phosphate fertilizer can be used with profit here.

The sun hatched 11 eggs on an Indian farm after the heat drove the hen off the nest.

CLAIMS COYOTE BOUNTY

H. E. Robinson, Cattaford, delivered to the sheriff's office here yesterday the pelts of 32 coyotes that he had taken during the year. The claim for bounty paid through the county sheep board out of proceeds of the state predatory animal tax.

Mr. Hale, a member, will take part in services at the graveside in Twin Falls cemetery.

See page 10.

With INSURANCE!

WET-WEATHER SPELL FAILS TO HURT CROPS

Rain last week has done no damage to the crops in the valley, in the opinion of dealers here. "It has had a couple more dry, warm days since the rain spell began than ever," said Mr. J. H. Hirsch, manager of the Twin Falls Irrigation Co. "All life is expected to start with renewed energy tomorrow or Tuesday in the event that the weather remains dry."

The slackness in shipping shipments which followed the beginning of the rainy spell continued yesterday, but the market was active, said the Oregon Short Line here said last evening. Mr. Hirsch said that the time since the storm cleared had been spent in the restoration of normal business but not anticipated more activity Monday.

BAR ASSOCIATION CALLS STEPHAN ON COMMITTEE

Frank L. Stephan, Twin Falls lawyer, former attorney general of Idaho, has been appointed a member of the legislative committee of the Idaho State Bar Association. The legislative committee studies legislation and legal procedure and legislation generally. It is interested in the work of modernizing criminal and judicial procedure.

POLIT MILL WORKS AT MINES IN MCCOY

J. H. McCoy, Nevada, vice president of the Idaho Gold Mining Co. of McCoy Consolidated Gold Mining Company, and H. B. Brown, McCoy, manager, were in Twin Falls yesterday to inspect the mine and to make arrangements for two or three days. Work is going on at all levels from 50 feet to 250 feet. About 75 men are engaged in the mine at present.

Work is being done to improve the mining and milling processes.

The mill is in operation and a cyanide plant will be installed and put into operation soon.

BUHL DISTRICT FARMERS STIMULATE CROP YIELD

Buhl district farmers will use about 10 tons of phosphate fertilizer to increase next season's crop production, according to a report by Mr. Hale, manager of the Buhl district extension agent.

It was indicated at a meeting in Buhl city hall Thursday evening of about 80 persons interested in the welfare of the boy.

Mr. Hale at this meeting discussed results of experiments conducted with commercial fertilizer in Twin Falls, and the results of these tests indicated phosphate fertilizer can be used with profit here.

The sun hatched 11 eggs on an Indian farm after the heat drove the hen off the nest.
