PRESIDENT CHIANG ENVISONS FUTURE OF RUFFLED CHINA

Chief Executive Expects Unified and Chastened People to Emerge From Chaos and Set Up Strong Government

(By the Associated Press) NANKING, Oct. 18 — A new China, unified and strengthened, rising above the ashes of rebellion and anarchy, is envisioned by President Chiang Kai-Shek, who announced a ambitious plans today for the republic. With the Northern revolt apparently crushed, he planned to subdue Central provinces to subdue Communists who look advantage of the Northern defeat to pique interest. WANKING, Oct. 18 — A new China, unified and strengthened, rising above the ashes of rebellion and anarchy, is envisioned by President Chiang Kai-Shek, who announced a ambitious plans today for the republic. With the Northern revolt apparently crushed, he planned to subdue Central provinces to subdue Communists who look advantage of the Northern defeat to pique interest. President Chiang is America's foremost authority on politics.

First, eradication of Communists and bandits; second, rehabilitation of national economy; third, establishment of efficient, honest governmental administration; fourth, achievement of industrial development; fifth, development of agriculture. He forecasted that the way for true democracy.

Brussels Campaigns

"Our campaign against banditry and Communism already has begun," the president said. "It is expected that the month will be achieved."

"Establishment of the national finances depends upon enforcement of a budgetary system which long has been required. Recovery must be based upon the elimination of regional unruliness of roads to combat revolts against Nanking."

"With these revolts ended, the budget will be enforced like the law of God. The current and abolition of local or regional taxes will be carried out as soon as possible."

Moves for Efficiency

"Creation of minimum government, reduction of expenses, reduction of inefficiency and corruption. The first two are to be done by the Ministry of Finance and the Ministry of Justice for all political prisoners and their families. The third is to be done upon a members of a government. They took a brief recess.

Recovering at 10 minutes past midnight, the retreat was in no condition for travel, having reached a stoppage in that direction during the day.

The deputies, however, accepted the terms of the Communists, the Nationalists and the Pacifists to discuss amnesty for all political prisoners and their families. The first two were passed before they were passed by a mere ratification. Announcement of the government's victory was carried by radio and telegraph and with hand and telephone.

Outside the richster building, everything was quiet. A strong force of police kept watch all during the evening and was still on guard when the deputies began to go home.

After a day of upbraiding and bantering, the Communists, Nationalists stood ready to be led by Chancellor Brueining to the crucial moment and with their heads held high, got a majority that gave them the control of the government into hands.

TWIN FALLS MANS'S FATHER SUCCUMBS

SALT LAKE CITY, Oct. 18 (AP)—Three holdups last, the similarity of which suggests that the work of members of the same gang occurred here tonight, about an hour apart.

The first holdup held up the People's Market and robbed the proprietor of \$600. They escaped in an automobile. An hour later E. P. Watson was robbed by a gang of three on Main Street in the business section. The robbery got \$13. Another hour saw the holdup of the North Temple grocery. The property owner, Mrs. Anna W. Watson, was robbed of \$120 after commanding him to "lie on the floor." And don't move! The bandit fled in a taxicab.

BANDITS GET \$235 IN THREE UTAH HOLD-UPS

DODGE, Oct. 18 (AP)—Archie Bowman, for many years general Superintendent of the Utah Construction Company, died yesterday morning. He was 70 years of age.

Under his direction most of the landmarks, betterments and improvements in the city of Dodge since its incorporation were carried out. He once remarked that he had walked over the right way from Grand Junction to Dodge, Oregon, and back again. The other side of the road was a railroad track.

He was born in Kaysville, Utah, in 1859, the son of John and William W. Watson, and had children, Archie W. Bowman, and his wife, Herman R. Way, Ophelia E. Watson, and his wife, William W. Watson, Oregon.

The funeral will be held Monday afternoon at the Elks home here.

WACO, Tex., Oct. 18 (AP)—The funeral of Edward C. Ellsworth, 22, was held yesterday at the First Presbyterian church, preaching the sermon. Burial will be October 20.

TACOMA FLIER CRASHES

TACOMA, Wash., Oct. 18 (AP)—Chester Conant, student flier, crashed to his death at Tacoma field late yesterday. He was flying a biplane, according to witnesses, attempted a steep climb. The motor failed and the plane dived from a height of 10 feet.

LOS ANGELES OFFICIALS INVESTIGATE EXPLOSION

LOS ANGELES, Oct. 18 (AP)—City building inspectors today started separate reports to determine what they were convinced yesterday's \$1,000,000 explosion, in the garment district, was caused. The explosion, gas and water was without any evidence of sabotage.

Four persons who suffered cuts, burns or burns are recovering.

-SPECIALIST-POINTS
WAY TO SAVE LIVES
OF 25,000 INFANTS

NEW YORK, Oct. 18 (AP)—From \$5,000 to \$50,000 American babies who die six under three weeks of age can be saved by the use of a simple, inexpensive method of reducing respiration, Professor Yandell Henderson, Yale, informed the New York Society of Anesthesiologists.

This means that by substituting inhalers for the old-fashioned lamp given to start breathing, saving of 25,000 lives of young lives can be saved.

It is a new field, Professor Henderson said, and the amount of breathing carbon dioxide that has virtually wiped out the pneumonia which once was the leading cause of death among infants, is not available. Carbon dioxide is not available for use in hospital construction during this fiscal year in an effort to stimulate emergency employment of funds made needed by the drought.

Plans of the Secretary to request that the \$12,000,000 appropriated for the fiscal year 1931 be made available to states for the relief of the unemployed, was submitted by H. S. Pritchett, assistant to the chief of the bureau of public welfare.

The proposal, he said, is to expand the existing relief program.

Figures which he made public showed that the drought states have unexpected benefits previous application for relief. The cost per year, about equal to the mobilization of all the unemployed in 1931, was approximately \$100,000,000. However, the states can now make contributions against them with the government funds to be used for the relief of the fiscal year, June 30, 1931.

Panel Of All Availability

If congress made the 1932 funds immediately available, it would save one million dollars to be paid to the states for the relief of the unemployed.

The vote of confidence, 318 to 25,

in a margin of 10 votes, carried easily and virtually assured the congressional triumph. The government then proposed adjournment to be voted.

IDaho's Florists OF TWO MINDS ON SMALL COMPETITOR

Majority at State Association's Meeting Here Takes
Optimistic View of Home Gardeners' Sales Activity

Idaho State Florists' association members are of two minds on the future of their industry, it developed in discussions at a meeting of its association attended by 23 Idaho florists here yesterday.

The majority apparently shared by the majority is that flowers sold from home gardens tend in the long run to compete with florists.

Others, however, except those that mind golf courses, feel eventually to equity club links.

The florists were unanimous,

in condemnation of the practice.

There was also some discussion during the business session yesterday to serve with the officers as a board of directors. Other directors elected were: Mrs. Charles H. Bertha Atkins, Pocatello; A. Stover, Blackfoot.

The association's officers, elected at the annual meeting held October 12, are:

President, Mrs. Charles H. Bertha Atkins, Twin Falls; vice president, Orlo Williams; Twin Falls, secretary, Sidney A. Nelson; treasurer, Eugene Connor, Boise; and auditor, George W. Bishop.

Giant bouquets of exquisite roses with long-stemmed and other gorgeous flowers made up a colorful floral display brought here and arranged by the florists.

At the annual meeting of the Park hotel, where the Idaho florists met in two sessions yesterday.

The president, who called the meeting to order at 1:30 P. M.,

Orlo Williams, Twin Falls, had charge of the banquet section in the event.

After the meeting, there were formal discussions and that marked the close of the association's meeting here.

Miss Cecile Ward, Pocatello, opening the program at the afternoon session, brought echoes from the recent San Francisco convention of the florists' Telegraph Delivery association.

Mrs. Bertha Atkins, Pocatello, presented the subject that led to discussion.

Sidney A. Nelson, Boise, discussed perennials for florists' use.

A. Stover, Blackfoot, had a reportable talk on the flower market, while

SMITH SEES LITTLE CHANCE FOR UPSET IN VOTERS' ACTION

Idaho Congressman Leaving to Open Campaign in Southeast Outlines Views on Politics and Economics

Congressman Addison T. Smith is to leave today to open a 10-day campaign in the Southeast after attending the Idaho Odd Fellows grand lodge meeting at Twin Falls, last evening expressed his opinion that the country was in the face of history of business depression and unemployment during the three periods when Democrats were in control.

The avowed "American" Congressman said he had no objection to common sense and that he craves the opportunity to set ahead in the world, to educate the children and give them a better chance than the one he had. He is concerned in regard to the distribution of his pay envelope at regular intervals, and the payment of his salary in full, for so long and thoughtfully over the arguments advanced in favor of a change of policy under which the country would be compelled to buy what it does not need, which has proved disastrous to the best interests of the wage earner as well as to the manufacturer and farmer.

Quotations for Opponents

Congressman Smith referred to his opponents the coming election.

"My friend Alworth is a candidate for congress on the Democratic ticket," he said, "is a very able man, but I do not know where he stands in his belief that if he were in congress he would be able to secure the farmers a higher price for all articles produced. I do not believe he would accomplish this by opening our markets to the foreign producer on a free trade or tariff for raw materials. I do not believe that a tariff on steel, for instance, would be paid for by the laboring men as concerned, as well as our business men and farmers, as our country would be impoverished by such a policy."

"The inevitable result of this free trade or low tariff policy is to com-

mit us to a loss of revenue,

"With ordinary intelligence

one must admit that such a policy would be disastrous to the laboring men as concerned,

as well as our business men and

farmers, as our country would be im-

paired by the loss of revenue,

and we have seen that the country

Imported Coaches Pit Skill in Crucial Pacific Coast Grid Contest

Kitzmiller Gets Pass and Scores In Third Quarter

"Flying Dutchman" Plucks '25-Yard Toss Out of Air While Heading Full Speed For Washington's Goal

By FRANK G. CORRIS
(Associated Press Sports Writer)
MULTNOMAH STADIUM, PORTLAND, Oct. 18.—Plucking a 25-yard forward pass out of the heavens while heading full speed for the Washington goal line, Johnny Kitzmiller, big blonde half back of the University of Oregon, g.v.y. in their Whelton grid eleven, 7-to-0 victory today.

Tired of throwing passes to ends and backfield men who were having trouble hanging onto the ball, the "Flying Dutchman" ordered Johnny Lomax, about whom he said:

The ball will hit Washington's 47-yard line 3 minutes after the start of the third period.

Lomax dropped back and let go a bullet-like pass into the air. Kitzmiller, who had been running him wild for the Husky goal line, The Washington safety let the brilliant Oregon half get past him and Kitzmiller took up just in time to snare the pigskin.

He was five yards in front of the next man. Washington's end, as he crossed the Washington stripe, at the exact moment Kitzmiller struck.

The mighty wing of Oregon then proceeded to place-kick the try for the point after, making it 7 to 0, the only scoring of the battle.

The contest drew the largest football crowd in the history of the Pacific Coast, and the game overrunning the Multnomah stadium.

It was Oregon's first coast conference battle of the season.

Duke Overwhelms Navy Team, 18-0

Powerful Set of Backfield Aces Rout Middies and Liners Halt Every Thrust

ANNAPOULIS, Md., Oct. 18 (P)—A powerful set of Duke university backs held aces smashed the Navy, 18 to 0.

Princeton, last night, held a set of backs like those of the Duke, and the North Carolinians scored their first victory in a four-game series.

Jimmy Dehart brought a set of well-matched blue devils to Annapolis, and the Navy, in the third period, displayed the Middies in every department of the game, played before 18,000 fans in ideal football weather.

Smashing wide holes, the Duke backs were never given Navy a chance to score in the first period, even when Ingram's backfield star, Lou Kurn, injected despite an injury, and the Navy, with three field goals, could not get away after reaching the scoring zone.

Murphy, Mullins and Brewster time and again smashed through the Navy forward wall as sheer power plays, and the Navy backs, torn by the constant forward.

The diminutive Murphy scored two of the eleven points.

STAR LEAVES STAGE TO ENTER CONVENT

Leading Character in Cast of Play in Paris Retires After Successful Career

PARIS, Oct. 10 (AP)—Yesterday, one of the leading characters in the cast of "Sappho" before the select public of the Comedie Francaise, the most famous of all French theaters, retired in a shattered condition.

She had been taught in the army schools of Nippur for many years. Some of the outstanding features of her personal career were her love of her country, her love of military life in this country, and several others have been sending to their sons across the Yellow Sea to teach them the art of war and make Japan one of the Great Powers.

Many Chinese Tryals
The 100 graduates class of the French army school graduated yesterday, 83 Chinese in a total of 300, the Chinese receiving a shorter and more severe training than their Japanese fellows. Chiang Kai-shek, younger brother of General Chiang Hsueh-lung, the Mandarin who was born, is a recent product of this school.

The Japanese naval and military authorities offer instructions to the Chinese students, so that if ever China does develop effective land and sea forces, the Japanese will be bound to Japan by ties of gratitude and friendship.

FRENCH TOWNSUITS FOR 11-CENT BILL

Litigation Over Small Sum Goes to Land's High Court and Lasts for Three Years

CASSELNAUDIÈRE, France, Oct. 10 (AP)—For 11 cents this town has carried on three and a half years.

In the case in the highest court, the council of state, but probably will carry on its books former a credit of 11 cents. Now

the 1924 law was condemned in court to refund to the federal tax collector 49 francs, about \$1.20, plus the 11 cents, making a total of 60 cents per cent 11 cents.

The town paid the \$1.20, but the 11 cents was to be paid only upon presentation of a receipt for the 49 francs, which would have cost the federal collector 41.40. The collector decided to spend it to get 11 cents.

The professor who carried on the town's budget the 11 cents due is dead.

MODERNISM BREAKS UP FEUDAL SOCIETY IN ANDORRA NATION

Devout Hindus Pelt Carriage Housing God With Flowers

Younger Generation Asks for Rights of Citizenship and Questions Rule of Patriarchs in New Movement

By JAMES P. HOWE
(Associated Press Correspondent)

PURI, India, Oct. 10—The carriage of the great god Juggernaut, the Hindu deity, has moved this year a trifle faster than usual.

This was due to the large number of maddened polonnars on hand who hurried up the festival as one of the main precautions taken to prevent outsiders.

Juggernaut's chariot has 22 wheels, wide of him, seven feet in diameter, and it is under these that the devotees, dressed as part of the continuing ceremony, have cast themselves.

Nationalism, in his fight for India's freedom, still remains the feudal society which still rules in this small Pyrenean mountain kingdom.

Father's rule is being questioned. Sons who have reached such mature ages as 40 or 45 and who have been married for 20 years or more, such much wealth would destroy the ideals of life as well as the beliefs.

The patriarchs are anxious to keep the old ways, but the younger generation asks for rights of citizenship and questions the rule of the patriarchs in the new movement.

The patriarchs are here for natives. The head of the household is the law giver and is the one who has any say in public life. The wife is the slave of the husband after they marry. Custom forces them then to give up all rights to their fathers.

The young have alights of the encroaching serpent. Store fronts are being changed and developed from outside, from abroad.

Father's rule is being questioned. Sons who have reached such mature ages as 40 or 45 and who have been married for 20 years or more, such much wealth would destroy the ideals of life as well as the beliefs.

The patriarchs are here for natives. The head of the household is the law giver and is the one who has any say in public life. The wife is the slave of the husband after they marry. Custom forces them then to give up all rights to their fathers.

A Clear Explanation With A Clear Conscience

Three years ago The Idaho Department Store instituted a series of special merchandising events in the Fall of each year and culminating at Christmas time, primarily for the purpose of augmenting trade and increasing the good will toward this institution by the attendant advertising which we received from these efforts.

This year we purchased the fine Chevrolet Sedan which you saw at the big Twin Falls County Fair from the Nelson Jenkins Company at a cost of \$740 to be given away to our customers.

GROWING INTEREST

Something larger than a mere trade or commercial proposition grew out of these attempts.

We found that we were giving to our thousands of customers a little thrill each time they received their tickets, and noted the smiles and speculative comment as to the possibility of depositing the ticket which would draw the car. Also just before Christmas we held the pleasing function of the giving of this big Christmas present which gave pleasure to thousands whether they were the ones to receive it or not. As to the trade building possibility of these gifts we are somewhat indifferent, as the success of our store under our modern policies is so marked, and our business the first eight months of this year showed so much of an increase over last year, that we doubt if a car drawing would have increased it. However, we are assured that aside from business we did scatter thrills of pleasure and interest to thousands of splendid people in Southern Idaho.

NOW

After being allowed to give many thousands of tickets to our customers for the past month and two thirds without any intimation of objection from any source, we find suddenly that several Twin Falls business men, some of whom are competitors of ours, met and among other things decided to call the county attorney's attention to a law on the statute books of the state, which may be construed to prohibit gratuitous gifts such as ours. Since the law is there, and as this store is composed of people who consider themselves in the front ranks of sincere and conscientious law observers it is necessary to discontinue our gift enterprise as far as the drawing is concerned, and the tin receptacles wherein you have deposited the numbered tickets for the drawing will immediately be removed.

Prosecuting Attorney MARIAN DUNN County Stenographer</p> <p>Office of PROSECUTING ATTORNEY, TWIN FALLS COUNTY, Twin Falls, Idaho</p> <p>October 18, 1930</p> <p>The Idaho Department Store, Twin Falls, Idaho.</p> <p>Gentlemen:</p> <p>I recently received a visit from representatives of a certain group of merchants in Twin Falls, protesting the legality of the plan which you are now conducting by which you propose to give away a Chevrolet Conch on December 24th. They demand that the prosecuting attorney's office take immediate steps to stop you from proceeding further, and that if you do not immediately cease a complaint be filed against you.</p> <p>While our Idaho Supreme Court has never passed upon the matter, after reading the decisions of the Supreme Courts of numerous other states having similar Statutes, I am of the opinion that the proposed plan may be a violation of Sections 8316, 8318, 8319 and 8320 of the Idaho Compiled Statutes.</p> <p>I therefore believe that it is my duty as Prosecuting Attorney of Twin Falls, Idaho, to notify you that unless you cease everything in connection with this plan not later than Saturday, October the 18th, that I shall be compelled to proceed against you.</p> <p>This, therefore, is your notice to immediately stop any and all steps in furtherance of this plan.</p> <p>Even though you and others may feel that a harsh exception is being made in your case because there may have been past violations of these same Sections in Twin Falls by other local merchants, nevertheless, as an officer charged with the enforcement of the law these past precedents do not justify me in allowing you to continue in the face of a specific complaint.</p> <p>This letter is also a warning to any and all other persons now and in the future engaged in distributing merchandise by any schemes of chance.</p> <p>Yours truly,</p> <p>EVL:D</p> <p>E. BUT

While the price of the Chevrolet was \$740 and we could return it and receive back our money, we intend to do no such thing. You, our customers, have been receiving your tickets in good faith since September 1st and we have been issuing them in good faith, and we feel a moral responsibility to make good on every statement we make to our customers, to give this car away, and to do it in a manner which involves no technical violation whatsoever. So now we ask our customers to

PAY PARTICULAR ATTENTION TO OUR NEXT PROPOSITION

Retain all the tickets you already have. The printed words or the numbers will mean nothing, but every ticket will represent a vote. Continue to secure a ticket with every 50-cent purchase or multiple thereof until the night of December 24th. Every ticket will be a vote. Then at any time after December 25th and before the night of Wednesday, December 31st, write on the back of every ticket the church, lodge, school, grange, legion, scouts, girl reserves, library or any other worthy organization you might want to vote for. Then put the tickets in a package, write clearly and legibly on the package the organization the votes are to go to, and hand the package into our store. Whole communities may pool their tickets for their favorite organization and on January first, under the supervision of a responsible committee of disinterested citizens it will be determined which organization has received the most votes, and the fine Chevrolet will be presented to it.

IN CONCLUSION

The success of this store produced by the most modern policies has been and is phenomenal, and we fully realize that the greatest asset any store may have is the full confidence of its patrons, by sincere, straightforward, honest efforts to gain and retain it. If giving to you the higher qualities in merchandise at prices as low as the lowest—if our smiling, pleasing, efficient service makes your shopping more a pleasure—then, we feel that this big store will retain your valued patronage. And, above all, you and ourselves rely wholly upon the complete satisfaction coming from our wonderful slogan,

"If It Isn't Right, Bring It Back"
