TWIN FALLS CAST RECORDS SUCCESS IN AMUSING PLAY

Army Life During World War Period Furnishes Vehicle For Rolllicking Comedy Before Great Audience

One of the largest audiences in the annals of Twin Falls theater was entertained last night with sincere enthusiasm over the rollicking comedy of army life, "Corporal Eager," and the scenes of the "battle" between the girls between the acts at Twin Falls high school's new auditorium yesterday night.

More than 1,500 Twin Falls people packed into the performance, which was staged under auspices of Twin Falls Old Folks Lodge, and which is to be repeated Saturday evening.

The ensemble cast opened the play supported by a large children's chorus and a reading by O. W. Wilson, author of "Awake." The young boys turned out on the stage and were lined up and reprimanded by a blustering guard that was convincingly played by W. G. Smith, who substituted for A. L. Smith, as "Red" Eager the Irish doughboy and Wilson Jackson as "Terry" Goldstein, who proved to be an able substitute for the author. Other principals were the chief antagonists of the guard and the top sergeant, played by W. M. Gandy and Mrs. Fred Finch, as well as the various romance in the play as "Red's" sweetheart.

"Red" and "Terry" were assigned to a company of men who had to indoctrinate them as they were trained and brain-washed as they attempted to perfidiously as only doughboys could. They also attempted to keep their secret, which probably told him he had been given a captaincy. Complications naturally ensued and "they" endeavored to placate only and all the time succeeded to no avail but gave many laughs.

Professional Duties.

The mixed chorus sang several numbers pertaining to the World War and special dance numbers were given by the dance chorus. The songs by Mrs. C. O. Dill and Miss Aralia Kunkel were particularly well received. Mrs. Marie Finch were outstanding and finished "Juliette" of the program. Deacon Jones masterfully directed the production and the experimental quiz concerning some few of our local townspeople and musical numbers by Bonita, Rattler, Ham and the band, which included Art Beckwitt, Mel Hunter, Gene Ahern and O. E. Welton.

In the last act the audience was asked to contribute to the Red Cross as a sign of aid and she and Red were thoroughly rewarded after all was performed.

The Old Folks Lodge, which sponsored Corporal Eager was supported ably and wholeheartedly by the extraordinarily large cast of townsfolk who were recruited by Miss Marie Norwood and were fortunate to secure the assistance of George H. Hunt to direct the play for Miss Smith, who was unable to appear at the last hour on account of illness.

Sends His Friends.

In Roumania Surgeon

President of Big Canadian Firm Says He Never Saw Anything to Equal New Treatment.

"I am the president of the Soft Metal Pill Company of the Soft Metal Pill. I want to say that in all my 70 years I have never seen anything to equal this remarkable treatment," says Dr. George J. C. Johnson, president of the Canadian branch of the company of the Western Hardware Co., Ltd., Winnipeg, Canada, who moved to Winnipeg from Roumania 20 years ago and has built up a large business holding in that city.

"In fact, Johnson has been of such great help to me that I am sending him a check for \$100 to help him get back to my own country. I wrote them what a wonderful medicine it is and how it restored my health after other medicines had failed to do so."

"I suffered torture with indigestion after meals and only those who have had it can appreciate the pain and the blessed relief it means to get rid of it. I also suffered from chronic constipation almost as bad as backache."

"After the first few doses of Dr. Johnson's stomach seemed to right itself, my nerves grew stronger and I began to feel better. I am now in better health generally than I have been in 20 years."

"I use to take a physician almost every day and the same taking Dr. Johnson's Pill now twice as regular as clockwork. This easy natural treatment makes them especially suited to elderly people like myself. I only hope my patients will help other sufferers."

This is only one of the thousands of cases which have received such wonderful benefit from Dr. Johnson that they have sent it to their relatives and friends in distant lands. —Clementine Schumann, Druggist, Agawam, Adr.

LEGIONNAIRES TREK TO SESSION IN PAUL

(Continued from Page One)

Auxiliary organizations.

Duncan Johnson, Twin Falls department vice commander, responded to C. D. Wiley for citizens of Paul, Truman, Anderson, Shoshone, and Foster Parishes, Butler, commander of the Legion auxiliary, reported American Legion district organizations also spoke briefly. Henry C. Dvorchak, Butler, was postmaster, and a Twin Falls resident, and a World War veteran. Commander Wilson Wasserfeld presents a new bronze "The American Legion" and four flags to the Legion.

The Legion's first duty is to disabled comrades and their dependents," asserted. "I am sorry to say that in addition to those disabled in the war, there are many others and the situation where an average of six overseas veterans are becoming disabled every day through mental disabilities. This is the result of the injuries that were not noticed at first, or for many years after the war, now are becoming apparent, and we are told that the number of cases will not be matched for 10 years."

"This means that we must ask for more, in addition to the great aid that we are giving to the disabled people of this country. There are now only one or two hospitals for mental cases. The number of these institutions must be increased rapidly."

The American Legion is the veterans' organization that is operating in the field of veterans' welfare and other problems affecting disabled service men and their dependents. Persons who are eligible for membership in the Legion may join at any time.

The American Legion serves unselfishly and unselfishly in its first obligation to disabled comrades, is correlated with similar efforts in child welfare, Americanism, and other fields.

Colonel H. C. Baldwin today addressed a letter to agents of county commissioners asking them to speed up public construction.

The letter followed one recently sent to J. D. Wood, commissioner of the state highway department, asking him to put aside for use this winter in whatever work could be accomplished this winter, including the general, Idaho men were to be favored, principally those with dependents.

Heads From Woods.

Colonel H. C. Baldwin, the governor, received this afternoon from Colonel Arthur Woods, president of the Idaho commission, a report on what the state plans to do in the unemployment situation.

In his letter to the county commissioners, he urged the commissioners to seek cooperation among municipalities and highway districts in the enterprise and report to him the results.

Mr. A. P. Stillwell, president of the Idaho commission, also attended the banquet, which was served by nine Paul girls, the guests being seated at three long tables attractively decorated with tapers and flowers.

Wheeler McMillin, commander, and Jay V. Van Emery, adjutant of the Paul Legion post, had general charge of the program arrangements.

A dance for visiting Legionnaires and Auxiliary members was given following the banquet session.

Dog Aids Firefighters

BREVITIES FUTURE FARMERS PURCHASE LAMBS

Licensed to Wyo.—George Kuhuna, Twin Falls, and Lena Abrahil, Castleford, received a marriage license in Twin Falls yesterday.

Given to Burley.—E. Russell Scott, Twin Falls, associate executive of the Snake river area, will leave tomorrow to attend a meeting of a laundry school for recuperative laundry business day and night.

Natalie, Mary, Irene.—A small fire starting from sparks from the chimney burned a small hole in the roof of the Lincoln school yesterday morning. The fire was extinguished in a minute and a half, it was stated. The fire department was called to the scene. The damage was estimated to be about \$100.

Boys to Buy Lambs.

Two carloads of feeder lambs were received yesterday from Burns, Oregon, to be fed to boys in vocational agriculture, it was announced yesterday by C. L. Blane, Smith-Hughes

high school instructor here.

Purchase of these lambs has been made possible through the support of the Twin Falls Bank and Trust Company, the Farmers and Merchants Bank, and the Citizens Bank of Charles Colter, it was stated.

Boys who will feed these lambs for February market are as follows:

Bob Johnson, 90 head; Dale Banner, 100 head; Earl Estlinger, 150 head; Marvin Failling, 100 head; Elmer McLean, 100 head.

The lambs will be fed by the most economical methods outlined for Twin Falls county and will be sorted and shipped in uniform lots in order to get the highest possible market price, it was stated.

Nearly 77 per cent of the 35,487 lambs registered in Idaho are of American stock.

BALDRIDGE URGES AID FOR JOBLESS

Telephone Conversation With National Unemployment Director Prompts Action

BOISE, Nov. 8 (UPI)—Continuing his plan of uniting state, counties and cities in a campaign to combat the unemployment situation, Governor H. C. Baldwin today addressed a letter to agents of county commissioners urging them to speed up public construction.

The letter followed one recently sent to J. D. Wood, commissioner of the state highway department, asking him to put aside for use this winter in whatever work could be accomplished this winter, including the general, Idaho men were to be favored, principally those with dependents.

Heads From Woods.

Colonel H. C. Baldwin, the governor, received this afternoon from Colonel Arthur Woods, president of the Idaho commission, a report on what the state plans to do in the unemployment situation.

Engineers Make Racing Car Designed for 300 Miles an Hour

TWO 24-CYLINDER MOTORS GIVE AUTO 2400 HORSEPOWER

Design Includes Four-Wheel

-Drive System For 32-
Foot-Long Racing Automobile

ENGINES USE WATER FOR COOLING SYSTEM

Veteran Speedway Drivers Aim to Beat Mark of Late Major Seagraves.

(By The Associated Press)
HOLLYWOOD, Nov. 6—The two hundred miles an hour is the latest aim of Americans who next February at Daytona Beach, Florida, will challenge the motor car speed supremacy of Great Britain.

Harlan Fenger and Peter De Paolo, veteran speedway drivers, are watching the construction of a car here which it is hoped will be the first to make a successful assault on the 212½ miles per hour record of the late Major Seagraves.

The machine will be powered with two 24 cylinder, double million power units, which are to drive a four-wheel drive racing system.

The bodies of the cars being constructed that engineers have planned the most stable and non-resistant to air, but the hook up of these two gigantic motors, each of which is to develop 1,200 horsepower, will be something of a departure from anything tried before.

Four-Wheel Drive

The craft will have a four wheel drive, with one motor attached to the front wheels and the other to the rear, so a racing system is contemplated as soon as water cooling has proved its worth in tests.

Instead of silk ceilings for the wheels as used by Major Seagraves, two large fan motors with thin rubber three have been tested and found efficient.

Penger and De Paolo hope to have the completed machine on the sands at Daytona Beach by January 15, for the race.

It has not been decided who will pilot the racer, De Paolo has driven since 1922. He won the national driving championship in 1923. Penger never has appeared on the speedways since his victory in 1924.

Lou Gergo, New York Yankee first baseman, hasn't missed a game since he became a regular in 1924.

Williams College, which first participated in intercollegiate baseball in 1866, never had sent a player to the major leagues.

Detective Millburn, the great back, calls the late Harry Payne Whiting the best boxer he ever played with.

Survivors of Shipwreck off New Jersey Coast

FOUR OF SIX SURVIVORS of the steam yacht Barbados which foundered in a storm off the lower New Jersey coast carrying with her four men and a woman. The survivors drifted for 60 hours without food or water until rescued by the Clyde liner Henry R. Blantyre. The men are, left to right: Henry Pfleiffer, George Lawrence, Joe Valverde and Captain L. W. Clough. First Mate M. A. Borgo (Insel) of the Henry R. Mallory directed the rescue. — (7) Photo.

SCHOOLS MAKE PLANS FOR EDUCATION WEEK

Announcement was made yesterday by Mrs. Rose J. Wilson, Twin Falls, president of the Association of Schools, of the daily theme for American Education week which is observed each year during the week that includes November 11. The theme is "Education for Democracy." It is observed by the American Legion, the United States office of education and the National Education association. It brings out the educational needs of the individual and community. The program aims to emphasize the enriched outlook on education which is found in the several educational objectives. The 1930 theme is "Education for Democracy."

Monday, "The Schools and the Enforcement of Human Life."

Tuesday, "How Schools Promote Patriotism and World Understanding."

Wednesday, "The Schools of Yesterday."

Thursday, "The Schools of Today."

Friday, "The Schools of Tomorrow."

Saturday, "What the Schools Have Helped America to Achieve."

Sunday, "The Schools of Tomorrow and the Future of America."

DEATHS

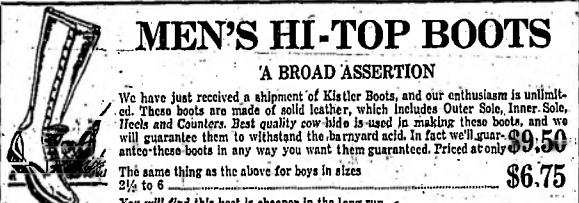

WRIGHT—John M. Wright, Route 2, Twin Falls, died at Berryville, Arkansas, November 3. The body will be brought back to Twin Falls on Saturday. Funeral arrangements will be made later.

The estimation program for freshman girls at the University of Alabama includes courses in personal finance and budgeting of time and money.

NAMPA SEED SHOW**ENTRIES INCREASE**

Unusually Keen Competition
Looms In Red Clover And
Alfalfa Growers' Exhibits

BOISE NEWS. Nov. 6 (Special to The News)—Entries already received for the twentieth annual Idaho state seed show indicate that there will be a larger number of exhibitors this year than ever before, due to a large increase in the number of exhibitors this year, reports R. E. Bristol, agronomist with the extension division of agriculture, secretary of the state board of agriculture.

Usually keen competition is predicted in the new classes and new classes, and in the class of good crop harvested this year. Growers winning the sweepstakes in each class will receive \$100, and the second place \$50, and the third place \$25, and the fourth place \$15, and the fifth place \$10.

Twenty potatoes instead of 10 as before is a change which has been made in the requirements for potato entries.

The state board of agriculture has issued an order that the meritorious exhibits in each class can be forwarded in time for the Northwest potato show at Spokane next day.

Following the show at Nampa all winning samples will be packed and shipped to the international grain and feed show at Chicago, held in conjunction with the International Livestock exposition. In past years Idaho has made an outstanding showing in this competition, receiving first-place awards in small and large corn entries.

The program outlined consists of two days of exhibits and shows important to the farmers of irrigated Idaho.

The seed show this year is sponsored by the Nampa Chamber of Commerce and the Nampa County's club.

**HONEY SHOWS TRACE OF
VINEGAR AND OF LEMON**

WASHINGTON. Nov. 6 (AP)—In good honey, part of its flavoring bears slight traces of the taste of vinegar, lemon juice and the sting of tiny bites.

This is shown in a report to the American Chemical society by E. M. Miller, of Tulsa, Okla., a member of the bureau of chemistry and soila. They examined 35 kinds of honey from different flowers.

When they heated honey mostly from tulip nectars, it contained folic acid, the stings of ants, biles, sage honey had some acids, and gave them some bitter taste. In all samples they found tricalcic acid, the taste of lemon juice.

**VIRGINIA-EDUCATIONAL
PLAN SEEKS SUCCESS**

RICHMOND, Va. Nov. 6 (UPI)—The "coop" idea extends to education in Virginia.

Thirty-five miles of men, women and children will be trained to teach themselves the Commonwealth Education association of Virginia.

All 62,000 persons belong to the 166 organizations which are units of the government agency of the Virginian community fund.

Last year 397 of these units invested \$25,000 in the educational committee; \$37 provided for other wholesale social and recreational facilities. Health and sanitary conditions were improved, and the welfare work was done by 701 organizations.

Virginia's one-and-one-half cent gasoline tax netted the state treasury \$735,492 during September.

Jacob French, 25, oldest University of Washington, has returned for courses in sociology and psychology.

Coopers doing hauling with shoulder carriers and modern American equipment hit a bite in side in pushing through Chinese highways.

Nearly 77 per cent of the 33,485 automobiles registered in China are of American make.

Louisiana Moves To Build Marble "Skyscraper" Statehouse

24-STORY CAPITOL SOON TAKES PLACE OF OLD "CASTLE"

Legislature Approves Plans
For Modern Structure
to House State
Offices

BUILDING CALLS FOR
\$5,000,000 EXPENSE

Ancient Edifice Erected in
1847 Outgrows Need of
Departments of
State

(UPI) Associated Press)
BATON ROUGE, La., Nov. 6.—Louisiana is about to snap off a feudal castle for a \$5,000,000 24-story skyscraper statehouse.

The change proposed by Governor Huey P. Long already has been approved by the legislature and will go before the electorate for ratification next January. One item in the program is \$15,000,000 public improvement program.

If the plan is approved, the old capitol, built in 1847 along lines of a Norman castle, will disappear from the state's political stage after nearly 100 years of colorful history, giving place to the modern masterpiece, the new statehouse.

Of wrought iron, stone and tile, the old building long has been recognized as a leading example of classical architecture in the United States.

Outwre Needs.

The old capitol, built in 1847 along lines of a Norman castle, will disappear from the state's political stage after nearly 100 years of colorful history, giving place to the modern masterpiece, the new statehouse.

Now that the elections are over, a heavy weight of uncertainty has been removed from the state's political scene—what of it? In the first place, it is by no means uncertain that the Democrats will continue to control the state government. Vital legislation affecting business, moreover, even if they were, the new administration would have to take up their seats until December, 1931, unless Mr. Hoover should call a special session, which seems very unlikely.

In the meantime the constant loss of the same—society as before. People will even have a better idea of what the Republicans who were defeated for re-election will feel free to suggest to the president more active, or even radical, policies than those he has been suggesting.

The law of action and reaction, as applied to politics, is well known. Once depression already passed, clearly indicates that business will be much better by the spring of 1931, when the new administration comes into office.

Although politics do not determine business conditions, it is true that business conditions determine political power.

Therefore, if Mr. Hoover comes up for renomination on a rising tide of business in 1932, he will probably be better off by the spring of 1931, when the new administration comes into office.

Some of them were still in use when Governor Long took office two years ago; he had them moved to the state museum.

CAROLINA FARMERS CASH IN ON DIVERSIFICATION

RALEIGH, N. C., Nov. 6 (AP)—Following systematic methods of diversification, farmers in North Carolina have increased their yearly income from \$31,663 to \$61,872.

At the same time they reduced their debts from \$10,000 to \$4,000,

boosted net profits from \$41,815 to \$41,872.

In addition, they got along with less labor than last year.

W. E. H. Miller, head of the State College extension service, who directed the projects, said under the new system owners have increased their net income 50 percent.

These farmers, he said, were trying to follow the old system of raising cotton and tobacco, and crops to the exclusion of corn, feed crops and live stock.

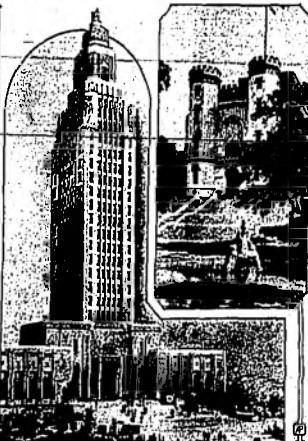

**HUGE TRUCK GARDEN
REQUIRES 785 ACRES**

BEAUMONT, Texas, Nov. 6 (AP)—A tract of 175 acres soon is to be planted in vegetables by C. W. North as part of a \$1,000,000 project in Jefferson county.

Besides radishes, the 785-acre garden will include 150 acres of turnips and 60 acres of English peas. Marketing plans were completed before the planting began.

commodity future trading, railroads, etc., there should much very little time in the day of action, because there should be as many people on both sides of these questions as there are Republicans.

Moreover, Mr. Hoover can work out the side of congress. It is human nature to believe in power for business depression, just as it is to believe in power for business prosperity. A matter of fact, neither the Republicans nor the Democrats could avoid the result of forces over which no one man or group of men have control. These had times but the nature of business depression is one of cause and reaction. Only by wider education of the public on the fundamental causes of depression can they realize that the things that have recently been put forward are just as unreasonable and unscientific as "free silver." Here are some of the "new" measures that are being put forward then we might have fears for business recovery.

For example—the Bryan—"free silver" campaign made its greatest headway in the depression period, just as it did in the depression period that followed World War I. Most of the people clearly understand that you cannot have inflation, extravagance, wild speculation, and then expect to have a sound business in an ensuing period of business depression.

Mr. Hoover understands that clearly. He has certain measures, I am better qualified to lead us out of the throes of depression, and along these lines we have been thinking to more stable prosperity.

Most Avoid Unsound Schemes.

Washington is being besieged with all sorts of wild schemes for curing the business depression. Truly, history repeats itself. In every other

depression in the past instances have come forward with fancy schemes, panaceas, according to their authors, immediately solve all problems.

Uncle Sam Requires Do-X To Visit Gotham Custom Officers

Attempts To Obtain Permission To Enter Plane Duty Free Fail

Question of Entering Seaplane on Commercial Basis or Under Bond for Touring Permit Still Remains

The Do-X, the world's largest heavier-than-air flying machine, must use New York (upper left) as its port of entry. If it succeeds in its proposed trans-Atlantic flight, the bureau of customs has ruled. Lisbon (upper right) will be the starting point for the ship's voyage to America.

OSCAR LEADING

(Associated Press Aviation Editor)—WASHINGTON, Nov. 6—Germany's giant flying ship Do-X may be forced to pay its first official call on a commercial basis to customs officers upon their declared intention to proceed to its proposed trans-Atlantic flight.

New York has been named port of entry by the bureau of customs, and the bureau has ruled that the airplane will enter the country on a commercial basis at the cost of 30 per cent ad valorem duty or under bond for a one-month touring or exhibition permit.

All attempts to get permission to enter the ship duty free have failed. A joint resolution before the house of representatives, providing "free entry" did not committee when Congress recessed.

"If nothing further is done by the carriers of the flight before a crew of 12, including 10 passengers, and freight, will be the first trans-Atlantic trial of a heavy flying ship," said Frank Dow, spokesman of customs. "The bureau will then insist upon their declared intention to proceed to its proposed trans-Atlantic flight.

The Do-X is asked for its flight in commercial work or have "similar arrangements to be made for its entry," he said. The designer, Dr. Claude Dornier, believes that 100 passengers is the maximum number which can be comfortably accommodated.

The design of the Do-X's world's largest flying boat is being greatly influenced by commercial possibilities, with its development from the first project drawing from its completion in 1928 made in terms of practical air transport.

The Do-X is asked for its flight in commercial work or have "similar arrangements to be made for its entry," he said. The designer, Dr. Claude Dornier, believes that 100 passengers is the maximum number which can be comfortably accommodated.

SOCIAL EVENTS IN BURLEY FLOURISH

Club Sessions, Dancing and Card Parties and Church Society Meetings Feature

BURLEY, Nov. 8 (Special to The News)—Club sessions, card parties, church society meetings, and a dancing and social meeting were held in Burley during the last few days.

Members of the Happy Hour club were delightfully entertained one evening at the home of Mr. and Mrs. Harry Sharp. The afternoon was spent with games and social chat, after which the hosts served refreshments.

Mrs. Frances invited a number of friends for Friday evening to celebrate Halloween. The guests came in costume in keeping with the season. Guests included Mr. and Mrs. W. P. English. Fall flowers were used as decorations. A fancy lunch was served.

The Women's Guild of the Episcopal church had a dinner afternoon at the home of Mrs. V. Van Brunt on Oakley avenue. Miss Marian Sloane was a guest and spoke on "Thanksgiving and Christmas." The meeting was opened by a short service.

The Friday Afternoon Bridge club met one evening during the week. The name was changed to "Mary, Mary, my man" club. Bridge was played at two tables. Mrs. Juan Dunbar received prizes for high score. High score was \$100.

At the close of the game a two-course dinner was served by the hostess.

Mr. C. Parrott entertained with a birthday dinner party in honor of his mother, Mrs. C. Parrott, on her 80th birthday. November 5. A color scheme of red and yellow was carried out. Courses were laid for seven guests.

The houses received lovely birthday gifts. Guests were entertained by the host and hostess.

CHURCH ACTIVITIES

Surprise Dinner Honoring Rev. and Mrs. A. C. Lathrop Top Proves Outstanding

BURLEY, Nov. 8 (Special to The News)—Outstanding among church activities here this week was the surprise dinner given to Rev. and Mrs. A. C. Lathrop, who will leave for Europe next month. Immediately following the morning services the pastor and his wife were invited to the dining room of the church where they were welcomed the guests. During the dinner hour, Mrs. James Blawie played two violin numbers with Mr. J. R. Lathrop, son of the pastor. Mr. Blawie sang "I'm a Pilgrim" with Mrs. Blawie at the piano. Mrs. Blawie sang "The Star Spangled Banner" with Mr. Blawie at the piano. Mrs. Blawie sang a solo. Mrs. W. H. Myrick spoke in appreciation of Rev. and Mrs. Lathrop. Mr. Lathrop was presented with a gift of \$100.

Mr. Lathrop was honored with a home dinner Monday evening at the residence of the Bush World Wide Guide. Mrs. Lathrop has been sponsor for the group for several years. During the evening a special offering was taken to assist the coast-to-coast campaign.

Mr. Lathrop was presented with a heavy gift.

Mr. Lee Atkinson will entertain the World Wide Child of God's members of the Baptist Church here Friday evening.

"Society's Walls of Defense" film, "The Story of the Ark," will be presented by Rev. Carlway W. Hailey, pastor of the Presbyterian church at the morning service here Saturday.

"The Nation at War" will be the sermon theme of Rev. Clark J. Berry, pastor of the Christian church, Sunday evening in the Tabernacle.

Members of the junior class and the faculty and their parents were invited. A banquet was the main feature of the evening. Tablets were had for 40 cents.

OAKLEY STUDENTS JOIN FOR HALLOWEEN PARTY

GARCLEY, Nov. 8 (Special to The News)—Junior class of the Oakley school and the Oakley church will be decorated in Halloween style.

Members of the junior class and the faculty and their parents were invited. A banquet was the main feature of the evening. Tablets were had for 40 cents.

OHDIO EVANGELIST HOLDS SERVICES IN HOLLISTER

HOLLISTER, Nov. 8 (Special to The News)—Rev. W. E. Howe, evangelist, Columbus, Ohio, holding a series of services in the First Presbyterian church here each evening at 7:45 P. M. Services will continue for two weeks.

Large crowds are attending the services each evening.

Manley, Mr. Leamer plans to work for the next several months with the Mifflin Construction company, engaged in railway grading.

MONSTER BATTERY AIDS STUDIES OF MONSTERS

BRUSSELS, Nov. 8 (AP)—Here's a dry cell for your flashlight!

It measures six feet and seven inches by three feet and four inches—making it the world's largest dry-cell battery.

It is part of equipment assembled by Prof. Georges Picard to study the effects of the upper atmosphere.

The professor's special research battery is 200 feet in height with a diameter of 200 feet and a height of 300 feet.

The battery, delivering 2000 watts, will activate measuring de-

vices for the last 10 years, until Monday for Rutherford Junction, California, where they will spend several weeks before locating pre-

pared for the last 10 years, until Monday for Rutherford Junction, California, where they will spend several weeks before locating pre-

"Five Cowboys" Replace "Four Horsemen" On Rambler Eleven

Rockne Refuses To Rank 1930's Pigskin Chasers

Punch of Present Machine Causes Many Comparisons of Backfield With Quartet Famous Few Years Ago

By The Associated Press
OUT HEND, Ind., Nov. 6.—"Five cowboys" have been added to Notre Dame's opponents who a few years ago were run down by the "Four Horsemen."

In the first four games Notre Dame played this year, no team was able to hold the "cowboys" to fewer than three touchdowns.

The punch has caused many comparisons of Notre Dame's present backs with the quartet of Stuhldreher, Miller, Crowley and Layden, the most perfect football team ever to play for the national title.

Knute K. Rockne, head coach of the Irish, said yesterday: "I'd like to think we're as good as the 'Horsemen.' We refuse to say anything other than that Notre Dame has one of the best teams."

Great Passer

No real means of comparison has been found, for the boys don't qualify for the All-American team. Stuhldreher did not. But the "Horsemen's" quarterback was a great passer, while Carideo merely is a good one.

Brill and Schwartz, and Miller, Crowley and Layden, the halfbacks, are decidedly different types. The latter two, however, are the better "climax numbers." That is, they were apt to get away for a touchdown at any time.

Stuhldreher's speedily is developing into this kind of back, as he showed in the Pittsburgh game. Brill is used almost exclusively in blocking.

So it is the Irish's good opinion of the "Horsemen" seems to have the edge. He was a kicker, and could run faster than either Miller or Savoldi.

One Slimmer

There is one decided similarity to the backfields—smart, retrievable. Two Notre Dame guns have been played alike this year, nor were they when Stuhldreher damped the Irish.

Savoldi's run beat Southern Methodist, and Brill, Schwartz and Brill carried the ball in the Carnegie Tech battle. All four, worked on Pittsburgh.

With Notre Dame this year threatening to be the strongest through one of the toughest schedules ever undertaken, it looks like the comparisons will go on for years and years.

Gooding Defeats

Wendell by 12-0

Losing Aggregation Covers Most Yardage But Proves Unable to Cross Goal Line

COOPING, Nov. 6 (UPI)—The New England high school football team defeated the invading eleven from Wendell here today, 12-0, in a game characterized by long runs and few kickoffs. All three yards made more yardage and men than down the same road. Coach P. E. Critchfield's lads were unable to announce that Orson Whalen, acting captain, had the best running time from an apparent score when the sun stopped their 83-yard march on the Gooding 33-yard line.

Coach W. W. Clegg, who opened up the first quarter with a powerful straight-foot attack that drew the last three of the first, corner of the game. The ball was placed in the center of the field until in the last few minutes when Wendell made her only threat of the game. The half ended, 6-0, for Gooding.

In the third quarter Gooding chalked up her second and last tally by a series of long runs and a pass over the weak side of the line that was good for the score. Again the try for point failed. In the last quarter Gooding threatened, but did not score.

The Wendell eleven was greatly hampered by the absence from the line-up of its star halfback, the powerful defensive fullback. This necessitated a shift in the line-up which led to a rugged defense.

GODDING, Nov. 6 (UPI)—The New England high school football team defeated the invading eleven from Wendell here today, 12-0,

in a game characterized by long runs and few kickoffs. All three yards made more yardage and men than down the same road. Coach P. E. Critchfield's lads were unable to

Frank Carideo is quarterback of the Notre Dame backfield now being compared with the famous "Four Horsemen." Among the others are Joe Savoldi, fullback, and Murchie Schwartz, halfback.

Games for Charity Maintain Attention

Chicago and New York Enter Bids for Contests Involving Cadets and Midshipmen

WASHINGTON, Nov. 6 (UPI)—No demand appears up today for a team to meet the Navy in a new season's renewal of the service football classic for the benefit of charity.

Secretary Adams, questioned yesterday, said he had received no bid ready to play a charity game at his end of its regular schedule if a suitable field could be secured.

Dr. J. A. F. Pfleider, associate in the University of Maryland medical school, and Dr. George G. Smith, superintendent of the military academy, both of whom had set seven years of research to determine what would be the possibility of the scheduled game between the two services being played for charitable purposes at Annapolis on November 29.

Burley and Schwartz, and Miller, Crowley and Layden, the halfbacks, are decidedly different types. The latter two, however, are the better "climax numbers." That is, they were apt to get away for a touchdown at any time.

Stuhldreher's speedily is developing into this kind of back, as he showed in the Pittsburgh game. Brill is used almost exclusively in blocking.

So it is the Irish's good opinion of the "Horsemen" seems to have the edge. He was a kicker, and could run faster than either Miller or Savoldi.

One Slimmer

There is one decided similarity to the backfields—smart, retrievable. Two Notre Dame guns have been played alike this year, nor were they when Stuhldreher damped the Irish.

Savoldi's run beat Southern Methodist, and Brill, Schwartz and Brill carried the ball in the Carnegie Tech battle. All four, worked on Pittsburgh.

SCIENCE DISCOVERS VIRUS BLAMED FOR TRANSMITTING COLO

(Continued From Page One)

relieving a vaccine would be necessary, but the virus now blamed for the disease could be transmitted by a heavy weight, like a check, for \$2500 and induced him to have the right slugs anywhere in the country.

Adams said he reported to the state Jack Shultz had offered to fight, with compensation, to the powerful Waterfowl. This game is of particular significance in the life of the club, as the first game it has been presenting a furious attack this season and unless Pfleider can clear the field, probably may well claim the supremacy in the northern hemisphere.

Burley high school students, with the support of the faculty, have organized a football team, with the name of the school being the first name of the team.

Dr. J. A. F. Pfleider, associate in the University of Maryland medical school, and Dr. George G. Smith, superintendent of the military academy, both of whom had set seven years of research to determine what would be the possibility of the scheduled game between the two services being played for charitable purposes at Annapolis on November 29.

Burley and Schwartz, and Miller, Crowley and Layden, the halfbacks, are decidedly different types. The latter two, however, are the better "climax numbers." That is, they were apt to get away for a touchdown at any time.

Stirling Wants To Fight Teuton

(Continued From Page One)

CHICAGO, Nov. 6 (UPI)—Young Stirling, Atlanta, Georgia, heavyweight champion of the world, had a tough challenge with Max Schmeling, recognized as heavyweight champion of the world.

Stirling, through his father, "Big" Tom, who is president of the Atlanta Club, accepted a check for \$2500 and induced him to have the right slugs anywhere in the country.

Adams said he reported to the state Jack Shultz had offered to fight, with compensation, to the powerful Waterfowl. This game is of particular significance in the life of the club, as the first game it has been presenting a furious attack this season and unless Pfleider can clear the field, probably may well claim the supremacy in the northern hemisphere.

MANY ATTEND FUNERAL OF ANDREW J. NEWMAN

A large number of sorrowing friends from different parts of the country who attended funeral services in the First Methodist Church in Murtaugh, Idaho, man which was held at the Crossman chapel yesterday at 1 p. m. and conducted by Rev. W. A. Johnson, pastor of the First Methodist Episcopal church, Twin Falls. Interment took place at the Twin Falls cemetery of a brother, Sterling Price Newman.

Pall bearers consisted of Oliver J. Newell, Gia Keffer, Will Custer, Thomas Gooding, Dr. Horace Johnson, Mrs. W. A. Johnson, Mrs. C. E. Potter and Mrs. A. O. Drager, sang two hymns, "Redeemer of Somewhere," and "No Dying There," with Mrs. C. H. Silton as organist.

ANNOUNCEMENTS

The Unity Club will meet Wednesday, November 12, at the home of Mrs. John Farmer for its annual Idaho meeting.

Mr. and Mrs. A. J. Johnson, Mr. and Mrs. C. E. Potter and Mrs. A. O. Drager, sang two hymns. Mrs. Zech, organist, gave a short program.

The Blue Lakes Boulevard club will meet with Mrs. C. H. Farley, Friday afternoon.

The Royal Knights will meet in their regular meeting room in the Odd Fellows Hall tonight at 8 o'clock. All officers are requested to be there in uniform. Initiations will be given. Mrs. Zech, organist, will give a short program.

The American Association of University Women will hold its regular meeting on Saturday, November 8 at 1 p. m. at the Park hotel. Registration must be made by Friday noon.
