Clashes With Senate Feature First Half of Hoover's Term

Upper House's Opposition And New Congress Result In Complicated Situation

Frequent and Sharp Conflicts with Inhabitants of North Wing of Capitol Combined with Promised New Alignments Resulting from 1930 Elections Make Path Difficult

(This is the last of a series of three stories by Hiram Simpson, Washington reporter of The Associated Press, outlining the problems and national emergencies that have faced President Hoover in his two years as President—Editor.)

By HIRAM SIMPSON
(Associated Press Staff Writer)

WASHINGTON, March 10.—None of the last five presidents to occupy the White House has wholly escaped clashes with the senate. Yet of them all, with the possible exception of President Wilson in his second term, none has had such frequent and sharp conflicts with the inhabitants of the north-wing of the capitol as Herbert Hoover.

For the first two years of his administration President Hoover knew hardly an hour when he could work with reasonable certainty for senate support of his legislative or administration policies.

Nominally the party was in substantial, unquestioned control of both senate and house. Actually a senate coalition composed of Democrats and of irregular Republicans openly hostile to Hoover's policies dominated that body.

The record of the first two Hoover years must be scanned in the light of this situation, with the hopes and plans he may have had when he entered the White House.

For some "Mr. Hoover" reasonably expected to escape perhaps even a senate coalition in the first congress. Republican majorities in the 1930 elections, it was expected, would be sufficient to make the senate a Republican body.

But the senate was not so easily won. The senate was a Republican body, but it was not a Republican body. It was a body of men who were not so easily won.

What the NEW HUMIDOR PACK means to Camel Smokers *

COMPARE a package of Camels with any other cigarette and note the difference in the technique of packing.

Note that Camels are completely enclosed in an outer transparent cover of moisture-proof cellophane and sealed air-tight at every point.

We call this outer shell the Humidor Pack. It differs from the ordinary cellophane pack and while it is egg-shell thin, it means a lot in terms of cigarette enjoyment.

It means, for instance, that evaporation is checkmated and that Salt Lake City can now have as good Camels as Winston-Salem.

While Camels are made of a blend of the choicest Turkish and mellowest domestic tobaccos, it is highly important, if you are to get full benefit of this quality, that these cigarettes come to you with their natural moisture content still intact.

The Humidor Pack insures that. It prevents

the fine tobaccos of Camels from drying out and losing any of their delightful flavor.

Aside from cheap tobacco, two factors in a cigarette can mar the smoker's pleasure:

Fine particles of peppery dust if left in the tobacco by inefficient cleaning methods sting and irritate delicate throat membrane.

Dry tobacco, robbed of its natural moisture by scorching or by evaporation gives off a hot smoke that burns the throat with every inhalation.

We take every precaution against these factors here at Winston-Salem.

A special vacuum cleaning apparatus removes dust and now

roll the cigarettes between your fingers. Camels are full-bodied and pliable. A dry cigarette crumbles under pressure and sheds tobacco.

If you will hold a cigarette to each ear and roll them with your fingers you can actually hear the difference.

The real test of course is to smoke them. And here's where the new Humidor Pack proves a real blessing to the smoker.

As you inhale the cool, fragrant smoke from a Camel you get all the mildness and magic of the fine tobaccos of which it is blended.

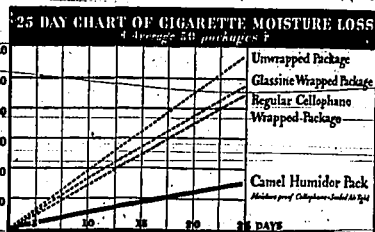

But when you draw in the hot smoke from a dried cigarette see how flat and brackish it is by comparison and how harsh it is to your throat.

If you are a regular Camel smoker you have already noticed what proper condition of the cigarette means.

But if you haven't tried Camels in the new Humidor Pack you have a new adventure with Lady Nicotine in store.

Switch your affections for just one day, then go back to your old love tomorrow if you can.

First of all you can feel the difference as you

The Pittsburgh Testing Laboratory Report No. 150473-Jan. 12, 1931. The chart above graphically shows you that only the Camel Humidor Pack delivers cigarettes to you in prime condition.

the new Humidor Pack prevents dryness.

Check the difference yourself

It is a very simple matter to check the difference between Humidor Packed Camels and other ordinary dry cigarettes.

First of all you can feel the difference as you

roll the cigarettes between your fingers. Camels are full-bodied and pliable. A dry cigarette crumbles under pressure and sheds tobacco.

If you will hold a cigarette to each ear and roll them with your fingers you can actually hear the difference.

But if you haven't tried Camels in the new Humidor Pack you have a new adventure with Lady Nicotine in store.

**GRETA GARBO APPEARS
AT IDAHO SHOWHOUSE**

It is nice to see Greta Garbo back in stinging Paris clothes after her recent excursions in the drag-attire of "Anna-Christine" and the curls and crinolines of "Romance."

But clothes are the least of the attractions of the fascinating Garbo in her latest talkie, "Inspiration" now showing at the Idaho theatre. For the well known allure and sex-appeal of the Swedish actress have never been more effective and greater than in this story of an artist's model who discovers that life is no "bed of roses."

—This picture would hold its audience spellbound even without its interesting Paris background and the unusual camera work of Director Clarence Brown, who has created a number of original screen "shots."

Robert Montgomery is Miss Garbo's leading man.

School News

A double cast has been selected for practice for the one-act play which will enter the program for the district declamatory contest. It was announced yesterday by Mrs. Bonnie May Simpson, director. Practices began yesterday afternoon. There are five characters in the playlet, "The Flores Shop," which has been selected and from the 10 persons in the double cast, the final cast will be selected. Those in the double cast are Frances White, Jennie Heap, Jim

Maxwell, Elburn Pierce, Claron Heap, Carl Hollenbeck, Dorothy Doly, Mary Frances Hoyt, Mark Pett, Kenneth Burson.

The JOY club met after school yesterday to discuss the matter of the summer camp at Payette Lakes.

The debate squads met last evening for conference on coming season which, for Twin Falls, opens with debates Friday night with Buhl.

**DRY PERIOD PREVAILS—
OVER SAWTOOTH AREA**

HAILEY, March 10. (Special to The News)—There was neither snow nor rain on the watershed of the Sawtooth national forest during the last week, according to the report of M. S. Benedict, forest supervisor, last night. Snow depth at various points of measurement is about the same as it has been for several weeks. The total cumulative snowfall in inches at Hailey for the season since October 1, has been 57.35, against 47.70 for a similar period last year and an average of 74.15 for a period of years.—The rainfall last year at Hailey, up to March 10, 1920, was 5.72 inches. This year it is only 1.83 inches.

KEEN COMPETITION LOOMS

The South Central Idaho Class A girls' basketball tournament, which opened in Twin Falls last night, is expected to be one of the most competitive in the history of the sport.

Approximately 100 players and their coaches, representing eight of the nine Class A schools of the district, will take to Twin Falls for this exciting tournament of the girls' basketball campaign in South Central Idaho.

Judging from all early indications the fans of this section will be treated to just as exciting a tournament as the boys' season.

The girls' basketball district has just finished a pre-tournament schedule, the results of which are printed above. The teams which are scheduled to play in this pre-tournament schedule are the same as those which will play in the main tournament.

Each team has had its turn at leading the standings some time during the season. This has changed with each week's play, so close has been the margin of advantage.

Rupert Leads

Rupert girls closed the season in the lead, having suffered but one defeat and that at the hands of the Twin Falls girls. A defeat which they suffered in a game played on December 15, 1930.

The girls of the Twin Falls girls have not played Buhl so far, but they are expected to play her in the first round of the tournament.

Each team has had its turn at leading the standings some time during the season. This has changed with each week's play, so close has been the margin of advantage.

Pre-tournament standings would indicate the competition is between these three. However, Filer, with four wins, one of which was over the Buhl girls, and another over the Twin Falls girls, will need some watching during this coming tournament.

Jerome and Kimberly are close upon the heels of the Buhl girls and have played a total of 18 games, more than any other team in the district. Of these 18 contests they have captured the lead and lost only once.

SHEEPHERD FINDS

LOST GIRL'S TORSO

(Continued from Page One)

A man and a girl wrapped in a cloak, the man ordered him to drive in a car. The driver said, but three blocks before the address was reached the man ordered the car stopped and he and the girl got out.

The next morning, the chauffeur said he found the hat on the floor of the car.

This conflict somewhat with the estimate the girl had been dead about four weeks.

The disappearance and death of the Brooklyn girl, the daughter of a banker, by William George Hilkman, 32-year-old, was executed at San Quentin.

Teachers at Virginia's school of the theory the girl might have been carried away while searching for flower specimens for her school.

Rebuilding Claims Attention of Reds At Camp in Tampa

One of Three Units Picked to Hold Up Standings At Bottom Gives Promise of Backing—Soothsayers

By GAYLE TALBOT, JR. (Associated Press Staff Writer)
TAMPA, March 10.—One of three units generally picked to hold up this year's Cincinnati Reds, gave every promise of keeping faith with the soothsayers.

They wound up seventh last season, and this year's manager, Dan Howley, says he doesn't for the life of him know why it wasn't.

"But that's no alibi," he hastened to explain. "I stand or fall with my club. If the outfit I'm putting together is a good one, I'll stand or fall with it."

Howley, in his first year as manager, is expected to lead the Reds to the top of the league.

The Reds' infield, upon which Howley is banking his plans, includes a number of players who are expected to be in the lineup.

Ed Baker Wins At Idaho Falls

Idaho Falls, March 10 (AP)— Ed Baker, 160, Boise City, Ne- vada, easily outpointed Tully O'Dowd, 160, Pocatello, in the 10-round main event of a boxing card here today.

According to Dr. J. E. Pemberton, operating surgeon, "Tully" might have suffered a ruptured appendix within a short time had the operation been put off.

This was suspended by the New York athletic commission pending an investigation of the recent knockout at the hands of Billy Petrolle.

LOS ANGELES LIVESTOCK
CORN: Leads Market Up
Prices - Then and Now
First - Close Unsettled

By JOHN P. DOUGHAN

 (Cincinnati)

CORNU, March 10 (AP) — Corn led the grain market higher today, buoyed by a report that the U.S. government will purchase 100,000 bushels of corn for the army's feed program. Official announcement that only 700,000 bushels of corn will be purchased in the army's feed program, a five-year average of 700,000 bushels, is not available for release until after the first price gauge.

Corn closed weak, $\frac{1}{2}$ c to $\frac{1}{4}$ c lower, with wheat unchanged to $\frac{1}{4}$ c, and rice unchanged to $\frac{1}{4}$ c to $\frac{1}{2}$ c.

At the outset, previous speculators' selling of corn made headlines across their market portfolio to the bullish showing of the government report indicating that the contract would be farmed either economically or substantially to the extent of 250,000,000 bushels by November 1.

MEETING RATIFIES
CHEAP GAS PLAN

Canal Directors and Committee of Stockholders Accept Boyd's Proposition

Agreement between a committee representing a meeting of stockholders of the Twin Falls Canal company and the board of directors of the company, with a view of securing cheaper gas, oil and grease from J. J. Boyd, fuel, or a corporation to be formed by him, was ratified yesterday afternoon at a meeting of the committee and the stockholders convened into the agreement as individuals.

Meetings, at which the matter will be presented to stockholders of the canal company will be held as follows: Thursday night; Kimberly, Monday night; Twin Falls, at Canal company office, Tuesday night; Piler, at Chamberlain, Wednesday night; March 21, at Caldwell, March 22, at the canal board and the stockholders committee will be present.

The agreement, which is signed by the stockholders is, which, however, is not financially obligated, but which holds either a cash deposit of \$25 or a promissory note for the same sum to be forfeited to Mr. Boyd or to a corporation which may be formed by him in the event of failure of the signer to carry out his part of the agreement, and to be returned should he fulfill his agreement with Mr. Boyd.

Only landowners can vote in such agreements with Mr. Boyd through the canal company. It is held, however by Judge James R. Boyce, attorney for the canal company, that a renter on shares, has such interest in the land that he may enter the agreement. Cash renters may make agreements with Mr. Boyd or his corporation on their own responsibility.

The stockholder purchasing the products named agrees to purchase 50 per cent of gasoline and other petroleum products he may use for a period of five years from May 1, 1931, either from Mr. Boyd or a corporation formed by him, and agrees to pay for gasoline two and one-half per cent per gallon above the wholesale price, plus any present and future tax and transportation charges for it.

It is pointed out that the person entering the agreement may purchase one or more shares of preferred stock at 65 cents per share, the company to be formed by Mr. Boyd and approved by the canal company as security for the performance of the agreement.

Mr. Boyd, or the corporation, organized by him, agrees in all cases to the person entering the agreement, at cost.

The agreement ratified yesterday is the result of a movement started some weeks ago when 10 stockholders of the canal company, including the Perrine hotel and marched in a body to the headquarters of the Canal company and the board of directors to take some steps for securing cheaper gas. A committee of stockholders composed of W. C. Boyce, Twin Falls; A. A. Davis, Piler; W. A. Davis, Kimberly; E. C. Davis, Castleford; and J. J. Boyd, Caldwell, was appointed by the stockholders to help work out the program. Several propositions and dealers were considered. Mr. Boyd is now in the East, but is expected to return soon.

Cheapness
is contagious.

Someone has to specialize in fine coffee for those who want it. The one who attempts it, dare not attempt to make cheap coffee also—for "cheapness" is contagious. It's as true of coffee as of anything else.

Yet strangely enough, only one coffee roaster specializes in fine coffee exclusively—Schilling! It's a temptation to turn out different grades of coffee for different kinds of people, but that's not the way fine things are made. Schilling is the only exclusive roaster of fine coffee.

THREE MORE SCHOOLS ENTER SPELLING BEE

The number of Twin Falls county schools represented by entrants in the "citywide" spelling-match March 21, increased to 15 yesterday when three more schools filed the names of their entrants at the county superintendent's office. Between 25 and 40 schools are expected to take part in the contest. The new entrants are:

- Buhl—Dorothea Cook and Marjorie Harper.
- Superior—Louise Robertson and Laura Jagers.
- Blackfoot—Helen Minnick and Clarence Werner.

ASSOCIATION ELECTS OFFICERS FOR YEAR

Parent-Teacher Organization Names Mrs. Roy J. Evans as President for 1931

Mrs. Roy J. Evans was elected president of the Twin Falls Parent-Teacher council Monday night at the home of G. P. Dierkes to succeed Mrs. Frank Boughton. Other officers elected included Mrs. A. M. Martyn, vice president; Mrs. R. A. Butcher, secretary; Mrs. Robert Benson, treasurer; Mrs. George E. Edwards, representative on the Joint American Education committee; and Mrs. June Kirkham, chairman of summer roundup work.

Plans for the general meeting to the high school gymnasium March 20 of the association, which has a membership of about 600 were laid. Social committees, Mr. J. M. Schmitt, chairman of the group, will have charge of the entertainment. Refreshments will be served. Chairman of the group include Mrs. C. W. Runk, high and junior high school; Mrs. Edward Walle, Lincoln; Mrs. John C. Harvey, Blackfoot; Mrs. W. C. Bacon, Washington. Refreshments were served at meeting last night.

Dr. George C. Halsey, director of the Twin Falls County Health unit, took on the banquet function from cooperation of the Parent-Teacher association.

GOODING MAN WINS PRIZE FOR VERSES

Verses composed by J. W. Peterson, Gooding sheep man, dealing with Camel cigarettes and their new waterproof jackets, have been awarded a prize in a radio-wide competition. Mr. Peterson told friends while here on a business visit yesterday. A telegram delivered to him.

Associations in health work during the last year, especially during the summer roundup.

Two crippled children had been treated and restored to normal condition during the year as a result of the roundup the Haley said. Physicians here had all cooperated in the work, he stated. Registration of children entering school next fall will begin late this spring. Dr. Haley said. There will be no change in the school year, and recommendations will be made for treatment in order that they may enter school with restored health in the fall.

NOW
We Are Able To Offer You Better and More Complete Service
Carpenters, painters, bricklayers, electricians, glaziers, tins, plumbers and awning men have been very busy the last three months preparing for you a bigger and better place to trade, and we now ask you to judge how well we have succeeded.
This building as it stands today is evidence of our faith in Southern Idaho. It is our bit toward the upbuilding and permanent foundation of such a wonderful community.

CREDIT IS DUE —
To the good people of Southern Idaho, who by their substantial appreciation of our efforts, have made this expansion necessary—and possible.
With pardonable pride we can point to the new store which is larger, brighter and more airy, with new attractive merchandise arriving daily, we can point to greater selections in every department.

TWO YEARS AGO —
The S-V-E store was founded in Twin Falls on sound business principles, at that time the cash way of doing business was established, eliminating the losses of bad accounts, the expense and labor of keeping records, thus making it possible to give more for the money.
Better values—was from the beginning one of the fundamental principles of the S. V. E. store, not the biggest price that can be gotten, but rather the greatest value that can be consistently given, has been our aim.
Another policy which was born with this business, was the policy that every customer must be absolutely satisfied with every purchase made, a policy which has won a huge army of satisfied loyal customers who know that they can depend upon fair and square treatment at all times.

SO, TODAY —
We pledge ourselves anew to work and plan harder than ever before, to make this store worthy of your confidence—to make it a better store, a more helpful store, and above all, a store that enables you to secure at all times the best merchandise for the least money; we are determined at all times to keep the interests of the customer foremost in mind, that every transaction must be above all satisfactory to the customer.
WE WILL BE PLEASED —
To have you look over our new store whether you buy or not; we firmly believe that you will be impressed with the noteworthy values we are offering, and convinced that our purchasing powers, cash buying and cash selling furnishes us with a real supremacy in value giving.
