NO-PROTEST GOES FROM WASHINGTON ON TARIFF CHANGE

Assistant Secretary Klein Declares New Canadian Rates—Import—Exports 4 Per Cent of 1930 Total

By The Associated Press
WASHINGTON, June 3.—After it had been indicated today in administration quarters that no protest would be made against the new Canadian tariff rates, Assistant Secretary Klein of the commerce department, declared the new rates imperil American exports to the extent of nearly 4 per cent of the amount sent to Canada in 1930.

Secretary of the state department has said the American government considers the tariff a purely domestic question. He added that he studied the new import schedule.

Klein said, "It is obviously and quite naturally putting the tariff in a favorable position, preparatory to conference on reciprocal tariffs among the British dominions next fall."

The increase in Canadian tariff, said Klein, "definitely imperils approximately \$10,000,000 of American exports. This represents slightly less than 4 per cent of the total of our exports through the dominions in 1930."

It is obvious from a study of the commodities involved that a considerable portion of the increase have been made in preparation for the forthcoming conference on reciprocal tariffs among the British dominions which is to take place next fall. Canada is obviously and quite naturally putting herself in a favorable position for these negotiations.

It should be remembered that Canada, like all economically near neighbors, has for years been using high protective tariff to develop a more evenly balanced economy. Her excessive seasonal variations makes such a policy inevitable as a means of equalizing employment irregularities. Incidentally, for a comparatively low country, her unemployment problem has in recent months been of serious proportions, which again suggests one reason for the new tariff rates.

SHOOT COMMENTS
SALT LAKE CITY, June 3 (AP).—Senator Fred Smith, Utah, co-author of the Smoot-Hawley tariff act, in a statement tonight, said the levying of a duty by Canada on automobiles would not be considered a retaliatory measure, if it could not levy such a duty.

"An examination of the Fordney-McCumber tariff act of 1922 shows that with the non-reciprocity act of 1920 will disclose that the duty on automobiles in the 1922 act was 35 per cent ad valorem; whereas the duty in the 1920 act is only 10 per cent ad valorem. In other words the 1922 act provided for a duty on automobiles 150 per cent higher than in 1920."

As far as increased in the duty on products exported by Canada are concerned, practically all such increases were on agricultural products, made at the request of the agricultural interests of the country. Numerous of these increases were made upon the floor of the senate by a vote of the Republicans. The Progressive and later by the Democrats themselves, who are now complaining.

THE LADIES OF THE M. E. Church, Kimberly will hold a cooked food sale on Saturday, June 6 at the Idaho Power Store in Kimberly. Adv.

Rio-Tinto, famous movie police dog, exhibited on two pounds of prepared horse meat a day, plus a few biscuits at morning.

The Weather

FORECAST FOR TODAY AND TOMORROW—Fair; continued mild.

Maximum temperature in the Twin Falls region during the 24-hour period ending at 5 P. M., yesterday was 73 degrees and minimum was 53, according to the report last evening of D. B. Chynne, federal weather observer here. The day was cloudy and the barometer registered 30.1 inches.

CHRISTIAN-MEN-ENJOY DINNER AND PROGRAM

Knockouts, song and story vied with the spirit of the stream at the fish dinner of the Men's club of the First Presbyterian church, Tuesday evening. C. E. Allen's boy about troop held place of honor. U. M. Terry was toastmaster. James W. Beauchamp welcomed the dinner. Community singing was led by Kenneth Anderson, with Harold A. Ballinger as piano. Prizes had been awarded to John D. Platt, whose address he had not caught any, partly as a result of his unavailability in appreciation of his unqualified and unvaried recognition of what was not taken place. Rev. R. J. Reynolds, Kimberly won the best story prize.

There were a religious significance and included "Collecting the Bugs," Mr. Platt; "Enlightening the Travel," Rev. Reynolds; "When Will We See the End of the World?" Rev. Olen W. Hutton.

Harry West was chief cook; Walter Silvers, dinner waiter, and John Kline cleanup manager.

MANY PAY TRIBUTE TO FILER RESIDENT

Nearly 200 friends and neighbors attended the funeral of Mrs. Laura May Kennedy O'Neil, which was held at 2:30 P. M., yesterday by Rev. J. D. Eads, pastor. There were large floral offerings.

The pastor took for his text Corin. 1:15. Mrs. Clara Wilcox and Mrs. Pearl Hite, with Miss Ruby Martin, accompanied, sang "Dona Juan" and "No Goodbye," and "We'll never say Goodbye." Full benediction was given by Rev. J. D. Eads.

Interment took place in the Filer cemetery.

In the last 13 years 800 miners have been killed in California, 700 permanently injured and 35,000 temporarily injured.

PROSPERITY TOUR ON AERIAL PARADE GETS INVITATION

Twin Falls Chamber of Commerce Directors Bid for Visit—Here of 20 Planes on Nation-Wide Flight

A fleet of 20 airplanes on an eight-month country-wide tour, termed the National Prosperity tour, has been invited by Twin Falls Chamber of Commerce to include Twin Falls in its itinerary. It was announced following a meeting of the chamber's directors last evening.

National Prosperity tour, to begin August 1, 1931, will be conducted by the same management that has successfully directed the National Air tour for six successive years for the E. H. Ford trophy, which has been awarded to the winner of the tour.

Planes will assemble in Detroit; then fly directly to Maine where the tour will start on the Eastern coast. The tour will be conducted during the summer months. Middle states during the fall, and Southern states in the winter.

Twin Falls was one of 3000 cities invited to sponsor the tour, and only 600 invitations can be accepted, it was stated.

Salmon Sends Invitation
The Chamber directors in session last evening, also acknowledged and endorsed invitation from Lemhi County sportsmen's association extended to Twin Falls people to attend and take part in the annual salmon bake to be held in Salmon, Idaho, next Saturday.

The program for the day includes rifle shooting contest, canoe and rowing races, fly-casting contest, band concert, and salmon bake.

The directors authorized arrangements for a personally conducted sight-seeing tour to acclimate and orienting parties in Twin Falls vicinity for delegates attending sessions of the Oregon-Idaho district assembly of the Kiwanis chapter, which will be held here this week. The tour is to be arranged to meet the convenience of the assembly.

Policing regulation of suggestions for regulation of peddlers, and for prohibiting loitering on street corners in the business district, the directors referred these subjects to committee for further consideration.

CALDWELL SESSION URGES WATERWAYS

Representatives of Southwest Idaho Cities Back Program of Navigation

CALDWELL, Idaho, June 3 (AP).—A session of the Caldwell Chamber of Commerce, held here today, urged the development of waterways for navigation and thus tap a territory of 250,000 square miles. It said a tremendous saving in freight rates would be immediately effected.

"At present we are paying 34 cents a bushel to ship grain to Portland, 400 miles," he said. "Yet a boat of four times that, 1600 miles (a Chicago) costs only 60 cents." He predicted that if all or any part of the Columbia was opened to navigation it would be reflected in lower freight rates by rail.

"Wherever the Columbia river is navigable for hauling freight," the speaker, Caldwell, said, "the competition by reducing rates."

He said development of great transportation would open vast resources not now possible of development. Timber and non-metallic minerals are available in great quantities, he said, awaiting only the time when they can be put on the market in competition with other sources.

Several speakers urged that development of the I-O-N cutoff should be linked up with the program for opening the Columbia to navigation.

Completion of a standard highway over the selected route would cost about \$150,000, supporters of the project pointed out, and would give the Idaho-Idaho territory an outlet by highway—until such time as even cheaper transportation may be developed by river.

ROLPH SIGNS MEASURE

SACRAMENTO, June 3 (AP).—Governor Rolph tonight signed Senator Will R. Sharkey's bill providing for regulation of petroleum oil production in California through management of the Columbia for navigation but that

METHODIST BISHOP SUBS FOR \$500,000

(Continued From Page One)
in a speech on the house floor, called Cannon a "thoroughbred" of the federal corrupt practices act. He said that until the churchman said that the churchman money was \$44,300 of the churchman money had been spent in "withstand" of having appropriated money to his own use.

Bishop Cannon challenged Tinkham to repeat the remarks where he would not be immune from prosecution, calling him a "disturbing" person for most of the session.

Thomas E. Wilson, Chicago packing executive, said it was "essential and compulsory" that the financial condition of livestock growers improve before the nation could return to economic normalcy and that consumption would return to the high level of 1927 if present livestock prices were maintained.

Wilson denied the claim of H. W. Farr, president of the Nebraska Colorado Lamb Producers' association, that the advance was withheld.

RAILROAD AGAIN MOVES TO BAN HAMMETT DEPOT

HOISE, June 3 (AP)—Oregon Short Line railroad today renewed its request for the public utilities commission to abandon the station at Hammett.

The request was filed more than a year ago but action was held up by the commission on the application of residents of the King Hill project, federal aid to rejuvenate the project was forthcoming.

Last summer Commissioner Elwood Mead of the federal bureau of reclamation, said the bureau had decided to withdraw from the project.

ment of a specially elected commission and possible promotion of producing fields.

NATION'S STOCKMEN MERGE FOR ACTION

(Continued From Page One)
Hoover, who will be in this section on a speaking tour at that time, has been invited to review it.

Leaders of the industry, recruited from a score of states, recounted stories of disaster facing the producers of pork, beef, and mutton. J. H. Mercer of the Kansas Live-stock association, described losses of the past 14 months as the "greatest depression of values in livestock history." He asked for "normal prices" for meat.

Thomas E. Wilson, Chicago packing executive, said it was "essential and compulsory" that the financial condition of livestock growers improve before the nation could return to economic normalcy and that consumption would return to the high level of 1927 if present livestock prices were maintained.

Wilson denied the claim of H. W. Farr, president of the Nebraska Colorado Lamb Producers' association, that the advance was withheld.

Condition: Year-old British professional, came bustling in to him and then W. T. (Billie) Twine, the tall young professional from Bromley, Kent, sauntered in with the late starters to make the lead three-cornered.

Farrell carried snugly in his pocket the rabbit's foot that accompanied Jess Sweetser to victory in the British amateur championship at Mulfield in 1925, where big Jess played around in figures considerably below the influenza fever he was running.

The rabbit's foot might have had something to do with Johnny's score

It was his fine show from the low, his superb turn through the fairways, his brilliant putting that counted most. Well up with Farrell in the fight to keep in the United States the cup Bobby won last year and which has been held by invaders from the other side of the Atlantic for 10 years were seven of the eight Americans in the lineup.

Tommy Armour, with Farrell and Gene Sarazen, a former United States open champion although a little rusty, were the three leaders with a 73 behind the shared third place with 78 and Sarazen shared fifth place with several others, a stroke behind A. W. T. Donald Smith, leader 75, the stroke as Joe Kirkwood, Australian star who shot his first hole in one at New York. Willie Hunter had a 76, followed by New York City's Joe Turnesa 77.

Tommy Manero brought up the rear of the American contingent with an 82, the

Stocks Leap Nimbly Out of Depths of Despair and Take Part in Strong Rally

Markets at a Glance
NEW YORK, June 3 (AP)—Stock averages rose 12 1/2 points today, led by industrials, as the market recovered from a sharp decline on Tuesday.

Foreign exchange: irregular.
Spanish peseta strong.
Oleum: steady; covering.
Sugar: steady; Cuban buying.

Wheat: weak; withdrawal from board market.

Cattle: higher.
Hogs: strong to higher.

By JOHN L. COOLEY
(Associated Press Financial Writer)
NEW YORK, June 3 (AP)—The market leaped nimbly out of the depths of despair today, celebrating their release with the strongest rally in nearly a year.

The average gain of 12 1/2 points had not been reached since June 12, 1929, when the Standard Statistics-Associated Press composite advanced 14 1/2 points in one of those dramatic rebounds that follow a period of intense depression. Sales totaled \$2,000,000,000.

The decline had been in progress with little respite since the February 22 crash, when the market lost 100 points in a single day.

The decision to reduce margin demands and the fact that the banks believed stock quotations had reached a temporary level of stability.

Many stocks gained 5 to 10 points. Among them were United States Steel, General Motors, International Business Machines, and others.

The high point of the day went to the Standard Statistics-Associated Press composite, which closed at 110.11.

The routine trade reports offered mixed comment on the business situation, but the market was not affected.

NEW YORK, June 3 (AP)—The market leaped nimbly out of the depths of despair today, celebrating their release with the strongest rally in nearly a year.
