UNCLE SAM FARES POOREST IN YEARS OF FINANCIAL LIFE

Gross Deficit of Nearly \$1,000,000,000 Staggers Symbolical Gentleman At Capital of Country

(By The Associated Press)
WASHINGTON, July 1.—Uncle Sam checked his cash drawer today and found the last year one of the poorest of his financial life.

A gross deficit of nearly \$1,000,000,000 in the symbolic gentleman who discovered that during the 1931 fiscal year he had taken on \$903,000,000 more than he put into his cash drawer.

Acting Secretary Mills in a statement reviewing the year's treasury operations and ordinary receipts had totaled \$2,172,000,000 and total expenditures \$3,200,000,000. The receipts were \$901,000,000 smaller than expenditures and expenditures were by \$2,200,000,000.

Mills attributed the larger outlay chiefly to increased expenditures for agricultural aid and relief, additional benefits to war veterans and accelerated governmental construction activities.

He said customs and internal revenue receipts, the chief sources of government income, had totaled \$2,000,000,000 or \$181,000,000 less than for 1930. Income tax receipts, the mainstay of the government's revenue, totaled only \$1,800,000,000 or \$301,000,000 less. Internal revenue receipts indicated that corporate income taxes had reached only \$891,000,000, a drop of about \$220,000,000 from 1930.

The acting secretary pointed out a severe decline in income taxes from January to June, 1931, when the tax on 1930 incomes showed a drop of 38 per cent in corporation payments and of 40 per cent in individual incomes, during the year's depression.

In those six months corporation income taxes declined \$250,000,000, or 20 per cent, and individual collections a decline of \$250,000,000 as compared with 1930.

Customs duties also reflected by the depression dropped off to \$370,000,000 as compared with \$537,000,000 last year.

RE-TRIAL OF EX-OFFICER IN LAGRANGE NEARS END

BAKER, Ore., July 1 (AP)—Defense team in the retrial of Mrs. Bessie Fowler, former LeGrand city treasurer accused of misappropriating approximately \$100,000 of city funds, was concluded when court adjourned today. The first jury to try Mrs. Fowler disagreed.

Baker attorneys indicated their belief would take about an hour Thursday morning and prosecution and defense attorneys to the jury were expected to last not more than six hours. The case may reach the jury late Thursday, attorneys said.

J. L. Soule, public accountant, placed on the stand by the defense, admitted under cross-examination he could not point to any transaction that would affect the amount of the alleged shortage in Mrs. Fowler's books. He said, however, that the manner in which the books were kept made it impossible for any auditor to understand many of the transactions and that the books might be in error. He admitted it was the duty of Mrs. Fowler, who was in office, to keep a proper set of books.

GASOLINE PRICES DROP IN WEST COAST CITY

LOS ANGELES, July 1 (AP)—Gasoline prices slumped again today, despite the efforts of business men, committees and conferences between executives of oil refining companies.

Several stations which boosted the retail rate to 15 cents at the end of the recent dealers' "war" reduced rates to 12 cents in some instances. This was attributed to an effort to meet a flood of non-branded gasoline being sold at still lower prices.

Executives of the major gasoline producing companies denied, however, they had been any change in wholesale prices, arguing any possibility of a resumption of the price war.

ZION CITY TAXPAYERS APPROVE BOND ISSUE

BAIT LAKE CITY, July 1 (AP)—Taxpayers of Bait Lake City today approved a \$200,000 bond issue to extend the city's water system. The vote was 340-14 and 1035 against.

Part of the \$200,000 will be used to extend the water system to the farm plots, which have already been extended or contracted for, and the remainder will be used to complete the water program which includes construction of 200,000-gallon capacity cisterns and a pump and improvements of distribution system.

United States Warns Paris Of Consequences If Hoover Plan Fails To Materialize

BELOVED OKLAHOMA WOMAN PASSES ON AFTER LONG ILLNESS

MUSKOGEE, Okla., July 1 (AP)—Miss Alice Harrison, Oklahoma's beloved former congresswoman, died at a hospital here today of cancer of the jaw. She was 77 years old.

She was known to all Oklahoma officials and her friends as "Miss Alice." She had been confined to her bed since February 12.

As the nation's second congresswoman, "Miss Alice" was elected November 2, 1920, and served one term. She was defeated for a second time in 1922.

FIVE FLIERS DIE IN DOMINION DISASTER

White Thousands Look On Quintet Perishes Trying To Make Canada Air-Minded

HAMILTON, Ontario, July 1 (AP)—White thousands attending an air pageant looked on, five men plunged to their death today in a monoplane which took off from control when the pilot averted his head to avoid hitting the carnival tower.

Among the killed was Harold Raine, about 35; Toronto general aviator; and three other men. The cause of one of the deaths was the wide-angle of the pilot's head.

The tragedy which had what was to have been a brilliant pageant preceding a radio-Canada air page to help make the Dominion more "air-minded," observers expressed belief that the crash was the result of the pilot's failure to keep his head straight.

The crash had taken place in a "rat chase" over the city to draw a crowd to the airport for the carnival. Captain Stirling dropped downward, but apparently saw the distribution of the crowd over the field was such that he might hurt some one if he landed. He averted upward, a sharp turn which sent the plane into the air.

Striking to avoid carnival structure, the plane crashed into the steel main, but it staggered, and crashed from a height of 150 feet.

Robbins and Jones Set Hour To Begin Flight Over Ocean

"We Will Mark Time Until Our Refueling Ship Gets to Fairbanks, Alaska, and Then We Will Take Off," Says Pilot

(By The Associated Press)
SEATTLE, July 1 (AP)—Robbins, a colonel, and J. H. Jones, a private in the Texas national guard, in a small biplane which they had flown from Fort Worth, Texas, to announce they expect to start on a non-stop refueling trip to Tokyo.

They took to the air after a preliminary flight from Seattle to Seattle, where they were met by a Japanese vessel.

The flight was to be a refueling trip to Fairbanks, Alaska, and then to Tokyo, where they will be met by a Japanese vessel.

The refueling plane was flying over Canada today with the biplane which was to be refueled at Fairbanks, Alaska, and then to Tokyo, where they will be met by a Japanese vessel.

DEATH LOSSES GRIP AS INTENSE WAVE OF HEAT RECESSES

ALLIES OF 'RELIEF' WIND AND RAIN, ENCAMP IN WEST AND NORTHWEST AWAITING COMMAND TO MOVE EASTWARD

(By The Associated Press)
SAN FRANCISCO, July 1 (AP)—Rain, and cooling breezes in parts of the Middle Western states and the Northwest broke up a two-week siege of scorching heat today, but cost of the Mississippi river the nation still sweltered.

Showers and storms cooled the heat, but cost of the Mississippi river the nation still sweltered.

Temperatures in Los Angeles and Minneapolis dropped sharply as thunder clouds, with a steady 100 miles per hour wind, blew over the city.

AIRMAN SAVES LIFE OF CALIFORNIA MAN

SAN DIEGO, July 1 (AP)—Fred Stevens, aviator, took his motor plane for a trip today, and, when it ran into a mountain, saved the life of J. C. Finley, who lives at Jacumba, 70 miles east of San Diego.

Finley, who suffered occasionally from epilepsy, was seated with an acute attack. To drive an automobile or to take a trip to San Diego was impossible.

Just then Stevens' plane was flying above. Finley signalled. The pilot's car was arrested and he landed.

Forty minutes later Finley was seated in a San Diego hospital. Stevens probably saved the man's life.

Post And Gatty Complete World-Circling Flight In Eight Days And 15 Hours

Pair of Weary, Wan and White Plane Roars Out of Glowing West With Elapsed Flying-Time Record of 106 Hours and Eight Minutes For 16,000-Mile, Globe-Girdling Journey Termined Outstanding Achievement in Annals of Aviation

(By The Associated Press)
NEW YORK, July 1.—A pair of very tired, wan and motor-deficient aviators, Harold Gatty and Wiley Post, faced a battery of newspapermen at 11, photographers at the Ritz Carlton hotel tonight with boyish shyness.

"What day is this?" asked Post. "It was Wednesday, it turned to Gatty and exclaimed: 'Say, buddy, we made it didn't we?'"

A crowd of more than 500 people waited for hours at the hotel entrance to greet the fliers, and inside the hotel they were met by a crowd of more than 500 people.

Policy makers were helpless to stem the rush of the crowd as it swarmed forward to touch the hands with the fliers. Gatty and Post acknowledged the cheers, with a wave of their hands and handkerchiefs, wherever possible.

Without hesitation, Gatty and Post said "counting time, was the best part of the whole trip."

AKKED what he thought of flying over strange lands and strange people, Gatty replied: "Nothing like America and Americans for us. As far as flying—over the world, it was the best part of the whole trip."

Five hundred new prohibition agents were notified under the new appropriations, giving America a "dry" army of almost 2000. Of this group, 1911 will be in the field, including 100 "reserves."

Appropriations by congress for the new year also include \$1,500,000 for road construction—the greatest fund of its kind ever available—and more than \$2,000,000 for the new year.

While the government begins the year with the largest purse a year was ever started in peace-time, the actual cost of last year's operations was \$1,213,125. This was reached through the emergency relief funds still having \$1.17 billion in the treasury.

Receipts are expected to total the total by almost \$100,000,000 but they both came to flying from other spheres of activity.

Post was a farmer who dreamed his dream as he trudged behind his team. The brown fields would suddenly disappear and the youth would be tending a plow.

The dream was one of realization, but fulfillment came at last. Strangely enough it was an accident that gave him the chance he longed for.

He was working in the oil fields and an industrial accident destroyed the oil field. With the connection money he bought his first plane.

It was an old car that had been seen since his last day in the oil field. He had been told it was a good one.

Barstow man who sold it there in some instruction. Post flew an hour and 40 minutes with this man and then the ship was hit.

KILOWATT TAX BILL GETS TEST IN BOISE

Utah Power and Light Company Carries Case to High Gem State Court

BOISE, July 1.—(AP)—Qualification of the kilowatt tax bill will be fought out here tomorrow before a court of three federal judges.

Attack on the bill, which was enacted by the last legislature as part of the Democratic tax program, was made by the Utah Power and Light company which alleged several grounds on which the tax was unconstitutional. The company complained the law interfered with interstate commerce by placing a burden upon interstate movement of electricity, that it placed a discriminatory tax upon one class of property, and that it illegally exempted users of power for irrigation and drainage.

The law places a tax of one half mill per kilowatt on all power generated in the state. Its authors estimated its total income would be about \$400,000. The Utah Power and Light company asserted application of the tax on its 1929 production, most of which moves into Utah, would have cost the company \$170,000.

Judges to hear the case are William H. Battelle of the United States district court at San Francisco, J. Stanley Webster, federal district judge of Spokane, and C. G. Carvah, federal district judge of Boise. The suit was filed against the commissioner-of-law enforcement and the attorney general, and will be defended by the office of the latter.

Attorneys for the company are John P. MacLennan, New York; A. Merrill, Portland, and Joe Sawyer, Boise.

The Weather

FORECAST FOR TODAY AND TOMORROW—Fair; rising temperature.

Maximum and minimum temperatures in the Twin Falls vicinity were 73 and 42 degrees in the 24-hour period preceding 3 P. M. yesterday, according to the report of D. B. Chygen, government weather observer here. The day was clear and the barometer registered 30.23 inches at 5 P. M.

SLAYER AWAITS DEATH

SACRAMENTO, July 1.—(AP)—Governor Rolph refused today to commute the death sentence imposed upon Charles Simpson, San Francisco torch-murderer, sentenced to hang at San Quentin prison July 10 for slaying Mrs. Alhina Voelkel, aged shopkeeper.

HERBERT HOOVER PLAYS ROLE SELDOM ASSUMED

WASHINGTON, July 1.—President Hoover today assumed a role which he seldom plays. After pooling with a group of members of the Delta Sigma, Greek fraternity, he told the young men that he was in a position to be of assistance to them.

"I am mayor of Washington," he said, "and if you are not allowed to go everywhere you want to go here you let me know."

The fraternity men left convinced that the key to the city had been extended to them.

ANNOUNCEMENTS

Neighborhoods will meet to register again Friday at 8 P. M. Everyone is asked to be present. Visiting neighbors are welcome.

Only one root specialist in Twin Falls. Phone 810. Dr. Foster. Adv. 100.

IDAHO'S MOTORISTS USE MORE GASOLINE

Despite Marked Decrease in Car Registrations Fuel Consumption Increases

BOISE, July 1.—(AP)—Idaho automobile users appear to be burning more gasoline per car this year, it was shown today in a report of the department of motor fuels.

In spite of a marked decrease in automobile registrations, the consumption of gasoline indicated in the tax collection report, increased nearly 200,000 gallons for six months this year compared with a corresponding period a year ago.

A report of registrations for the first four months indicated a decrease of slightly more than 12 per cent compared with the same period last year.

For the six months period ending June 30, collections of gasoline tax totaled \$1,102,221 or 23,200,759 gallons compared with \$1,116,224 or 23,163,183 gallons during the first six months of a year ago, an increase of \$16,000.

The collections represented sales of six months beginning with December 1, as collections are normally one month behind sales. Of the collections, 10 per cent went into the revolving fund for making refunds to operators of vehicles other than on the state highways, and \$23,000 went into the redemption of the \$100,000 loan authorized by the 1929 special session of the legislature.

This left the department of public works with an actual shortage below last year of more than \$50,000.

FALK-TINGWALL TWIN FALLS' LEADING STORE Offer a Great Money Saving Opportunity For Thursday and Friday In a CLEARANCE OF ALL Summer Dresses

ALL DRESSES Sharply Reduced

For this event we have regrouped our entire stock of silk dresses into 4 big groups and in every instance prices have been sharply reduced. The thrifty woman will instantly recognize these outstanding values, so be among those who will assure themselves of a larger selection to choose from and be here early.

GROUP NO. ONE

Every frock in this group is an unusual value. There are pretty new plain and printed silks, shantung, and lovely plain silk crepes. In the season's best styles and colors. You must see these smart dresses to truly appreciate them.

\$4.48

RUPERT PREPARES FOR RODEO EVENTS

\$1000 Purses Await Contestants in Two-Day Program of Activities

RUPERT, July 1 (Special to The News)—Two big rodeo days, July 2 and 4, Friday and Saturday, will inaugurate the first annual Rupert rodeo and roundup, located in the town of Rupert, Idaho.

The first day events will be continued to the afternoon at the new, specially constructed and equipped rodeo grounds, with the exception of a rodeo parade in the morning. On Saturday morning, July fourth, at 10 o'clock, there will be street sports with cash prizes. Included in these events there will be a halibut feeding contest and a day-line pajama contest with prize money for "best lookers."

The new rodeo grounds, formerly site of the old fairgrounds and present location of Rupert athletic field, has been remodeled at an expense of \$5000.

A new three-eighths mile track, corral, chutes, rebuilt grandstand, enlarged and new bleachers giving seating capacity of 1500 persons have been under construction for many weeks and the finished product is pronounced the best rodeo grounds this side of Pendleton, Oregon.

Already rodeo talent is arriving in Rupert. Each day this work has brought some new acts and today

the Columbia string of 30 head of prize-winning bucking horses and 30 head of wild long-horn steers to be used for bullfighting came in. Sixty and calves from the Olie Ann ranch on Wolf river ranch for bucking and roping will be here and Anderson himself will be present to enter bucking contests. He will also enter a string of horses in contest in the races.

Other stunts of rodeo talent to be a part of the Rupert rodeo include: horse and rider stunts, bronco riding, barrel racing, and numerous single entries.

Prizes of more than \$1000 are offered. A total of \$225 in purses will be distributed for champion bronco riding, the same for bullfighting and other events.

Barrel racing will be contested for on the grounds daily. It is announced.

Riders from a distance who entered the rodeo include: Jack Gandy, Bonora, California; Harry Hart, Porterville; Jack Lyle, Berkeley, California; Cady Loden, Pendleton, Oregon. Many horse riders from American Falls, Idaho and other areas are here now.

The rodeo celebration is sponsored and managed and backed by the merchants' bureau of Rupert. Chamber of Commerce with Mayor B. B. Tins, chairman of the general committee; Dean Sullivan and Clark Stanley, committee on rodeo talent; E. J. Burns and Earl Bauman, grounds committee; "Bud" Gregory and Lou Dickson, finance; street sports, Dwight Disney and Art Murphy and A. F. Dwyer, entertainment.

The following list of events and purses has been given by the committee in charge:

PROFESSIONAL BUCKING HORSE ROPING—Two-day contest. Final

second day. Entrance fee \$3 for 250 cuts. Day money for first day \$30, 1st \$10, 2nd \$5, 3rd \$3, 4th \$2, 5th \$1. Total purse \$275.

BULL DOGGING—Entrance fee for two days. Day money for first day \$30, 1st \$10, 2nd \$5, 3rd \$3, 4th \$2, 5th \$1. Total purse \$275.

ONE MILE RELAY—No entrance fee. First day money for first day \$30, 1st \$10, 2nd \$5, 3rd \$3, 4th \$2, 5th \$1. Total purse \$275.

HALF-MILE COW BOYS RACE—Entrance fee \$10. Day money for first day \$30, 1st \$10, 2nd \$5, 3rd \$3, 4th \$2, 5th \$1. Total purse \$275.

WILD HORSE MILKING CONTEST—One day only. No entrance fee. First \$10, second \$5, third \$3, fourth \$2, fifth \$1.

POTATO RACE—One day only. No entrance fee. First \$10, second \$5, third \$3, fourth \$2, fifth \$1.

CHAIR RACE—One day only. No entrance fee. First \$10, second \$5, third \$3, fourth \$2, fifth \$1.

BARREL RACING, STEER ROPING—To be contested daily.

WARRANT CALL

Warrants of Morton and Tony Wozz, Columbia Broadcasting System, 1750 to 1757 inclusive, will be paid upon presentation to the treasurer of the district. Interest ceases July 9, 1931.

Signed: OLIVER W. JOHNSON, Treasurer. J. B. JOHNSON, Attorney.

From Twin Falls to any Oregon short line station in Utah, Idaho, Montana, Nevada, Oregon or Wyoming. Tickets on sale July 2 and 4, limited for return to midnight of July 7. "Columbia local agent for further particulars. UNION PACIFIC SYSTEM.

One of the most daring live stories ever screened provides the dramatic background for the thrilling air scenes in "Hell's Angels." Howard Hughes' super-spectacle of war-time aviation plays the last time at the Orpheum theatre.

Amazing and unexampled feats of aviation are depicted for the first time with unrivaled realism, presenting a war-time heroine in a frank and convincing characterization.

Jan Harlow, who plays the leading feminine role in "Hell's Angels," is the picture star of the day. Her performance in this picture which shows her inaugural appearance on the screen.

Her performance was so vivid and realistic, that a nationally known dramatic critic declared she was "the most serious personality that has ever graced the screen."

The modern treatment of aviation in "Hell's Angels" has created wide discussion among women fans, and the feminine element is always well represented at all performances.

FOURTH OF JULY Reduced Round-Trip Excursion Fares

From Twin Falls to any Oregon short line station in Utah, Idaho, Montana, Nevada, Oregon or Wyoming. Tickets on sale July 2 and 4, limited for return to midnight of July 7. "Columbia local agent for further particulars. UNION PACIFIC SYSTEM.

ORPHEUM FEATURES AIR FILM, "HELL'S ANGELS"

IDAHO THEATRE SHOWS PETER B. KYNE STORY

Peter B. Kyne wrote with insight and sympathy of the conflict between the East and the West in his novel, "Never the Tamey Shall Meet," which is now providing rare entertainment at the Orpheum theatre.

Produced and directed by Constance Moton, an exotic Hollywood producer, and Leslie Howard, a noted London stage star, interpret the drama, while W. B. Van Dyke, the maker of "Trader Horn," handles the technical end of the production.

"Tamey" the little South Sea Islander, who is the center of the action, arrives in San Francisco to be reunited to a wealthy American family, the Pritchards, as a ward.

Dan Pritchard, the son of the family, is engaged to a wealthy, old society "dame," played convincingly by Evelyn May, but Tamey fascinates him and against his father's wishes he follows her to her native island, breaking with his future.

Tamey sees every mile she possesses to retain Dana's love but the call back to his own kind urges him to depart with himself. The rivalry between the two women reaches a climax on the island.

Laurel and Hardy have an hilarious comedy on the new bill, "Chicken Come Home to Roost." Chickens Bought News is an added feature.

SCHOOLHOUSE BECOMES POTATO CURING SHED

COLUMBIA, N. C., July 1 (AP)—Here's a new use for the little red schoolhouse.

Use it for curing potatoes. That's the use to which abandoned one and two-room schoolhouses of York county are being put by James County Agent John W. Acts, Jr.

reported that a community meeting recently authorized \$250 for converting an abandoned two-room schoolhouse into a sweet potato curing house.

Other communities are considering the same plan, Acts said.

Mellow, mild tobaccos that need no parching

ANY tobacco expert will tell you that parching would ruin the flavor of the choice Turkish and mellow Domestic tobaccos of which Camel cigarettes are blended.

Heating to that extent is an emergency measure resorted to only as an attempt to take part of the bite and burn and sting out of harsh, strong tobaccos.

We do everything to bring you Camels in factory-fresh condition, preserving for your enjoyment the natural moisture together with the rich, rare flavor and aroma of those choice tobaccos.

That's why Camel smokers hold so persistently to Camels. They simply can't enjoy the stale, flat smoke from dried-out, moisture-robbled tobacco.

You see, every Camel package is now a humidifier that excludes dust and germs—and guarantees factory-fresh Camels to every smoker.

If you are not a Camel smoker, switch over for just one day. After you have discovered how mild, how cool they are to your throat, then leave them for stale hot smokes—if you can.

Don't remove the moisture-proof Cellophane from your package of Camels after you open it. The Humidifier Pack in protection against sweat, dust and germs. It does fresh Camels and keeps them right until you smoke the last one.

Tune In CAMEL QUARTER HOUR featuring Morton Downey and Tony Wozz—Columbia Broadcasting System—every night except Sunday

BURLEY PLANS FOR HUGE CELEBRATION

Fireworks, Boat Races, Air Stunts, Parade, Dancing And Sports Feature Day

BURLEY, July 1 (Special to The News).—An aerial race, fireworks, boat races, stunts, fire to sailors, will be the features of the American Legion July Fourth celebration to be held here.

Other events scheduled are a motor boat race and bathing beauty contest, the country club golf tournament, swimming and diving and a basketball competition. Children's races and a parade in town, and various air stunts at the landing field will also be held. There will be dancing under auspices of the Legion. A carnival will show part of the week.

With 45 entries tentatively agreed up to enter the bathing beauty contest, South Central Idaho seems are to be well represented.

From early morning until the dawn of the next day opportunities for celebration and entertainment are being provided for.

The bathing beauty contest will be open to everyone except married women and past winners of the contest. Here, George Gochour, committee chairman, announced Wednesday. Entries must be registered by July 1, with Mrs. Russell Turner at Rogers store, he added. Nearly every woman in the county will have either official or representative delegates to the contest. Free transportation will be provided for the entries to the beach where the contest will be given boat rides to the country club. Elmon, Elmon, Elmon, and Sol Worthington, Oakley mayor, will be two of the contest judges. Gochour stated.

Military Parade
Five divisions of floats and marching units will make up the Fourth of July celebration parade to be started at 11 A. M. on down Grand avenue as part of the exercises, it was announced Wednesday.

Directed by the military division with the color guard, and mounted firing squad, the Legion drum and bugle corps will furnish the marching band for the parade. Boy Scout troops will follow the bugle corps. The high school band will provide martial music for the procession.

Artistic floats from various lodges and other organizations, followed by merchants and citizens, will complete the parade. President Roy C. Davidson of the Chamber of Commerce will be marshal of the parade and will head the entire procession.

Prizes are being offered of \$25 for the best-merchandise float and a like amount for the best organization float. A \$10 prize will be given to the creators of the most comical float.

Street Sports
Races and street sports will open the day's celebration for those who plan to spend the Fourth of July in Burley, the American Legion committee, headed by Dale Rutley, announced this week. Twelve events, with age limits from six to 16, are scheduled to start at 9 o'clock. Considerable interest in the sporting events for both boys and girls is being shown.

Besides the running races a saw dust race open to anyone under 16 has been planned. Shoes of the contestants will be numbered and checked in a pile of sawdust. The contestants will be required to run and find their shoes and put them on and then run back to the starting place of the race. In this and in a potato race scheduled, both boys and girls events will be held. First prize will be \$1, second

POST AND GATTY COMPLETE WORLD-CIRCLING FLIGHT IN EIGHT DAYS AND 15 HOURS

(Continued From Page One)

strange land is concerned, well. But my instincts and I might as well have been flying over Oklahoma.

How much blind flying did you have to do? Post was asked.

"Practically all the way," he replied. "I was particularly bad on the stretch to home, through thick fog and over mountains."

"I never looked at my log book yet, but I know we averaged 150 or better, probably near 160. Our best speed was over the Atlantic. We must have been close to 170 miles an hour or more."

Both men said they had no plans for the future and did not know either when they would fly again or whether they would accept another or two more flights.

"I look just like a movie star," don't you? Post, laughing. He was grumpy and his hair was tousled. Oil streaks showed about his eyes.

(Continued From Page One)

only long enough for their momentary relief for the dash down the home-ward stretch.

They stretched themselves while the engine cooled, then they

climbed back into their plane. The engine was refueled and the

A crowd of 5000 persons gathered at the airport despite the fact that the plane had been in the air for 15 hours. Post and Gatty believed their flight was the longest in the history of aviation.

In addition, President and Mrs. Hoover have asked a number of other globe-circling flyers, Harold and Willy Post have been invited to luncheon at the White House on

them. The Willows were to have been included in last night's program, but there was a slip-up somewhere, because at least two more officers were placed known here as speakers.

The raids had been early planned. Undercover agents had been coming into the city and gathering information to the agents where they stood as customers. Even closer was "the house" and at that time more than 40 agents, some inside the establishment, and others outside, started

Police headquarters was soon crowded with prisoners and their attorneys and as fast as they could make bond of \$2000 those arrested were released. Today not a single one remained in jail.

FILER RESIDENTS VISIT

FILER, July 1 (Special to The News).—Mr. and Mrs. W. M. Hunk and family left Wednesday for a few days' outing at their cabin at Peck Lake.

Mr. and Mrs. E. W. Borger, Ogden, Utah, returned Filer Wednesday and were luncheon guests at the Earl B. LaRue home.

Mrs. Leola Chapman returned Tuesday evening from a trip during the past week to Yellowstone national park.

More than 600 street brewers have joined the Wisconsin wool growers cooperative to pool their products this year.

Almost 20 per cent of the cigar filer smokers grown in the United States is produced in the Miami territory of Ohio.

Other events will be boys' and girls' races in three age divisions. Six to eight-year-olds; 10 to 12 years; and 12 to 16 years. Prizes will be \$2, \$1, and \$0.50.

Prize money will be awarded by "Pinto" winners at the close of each race. Vern Davidson will start each event with the street sports committee acting as judges.

James A. Garfield, who was killed at

other commitments concerned should

especially for France of this anxiety.

Furnish Detailed Statistics

Detailed statistics were given to show France a loss by \$100,000,000 for the year if she failed to agree to the plan and Germany exercised her right to a moratorium.

The United States expressed a feeling that there was some "misunderstanding" on the French side of the sacrifices required of her should she agree to the plan.

"We must assume," the memorandum continued, "that with the present situation in Germany and the failure of the American proposals, then Germany will unquestionably give notice for the postponement of all conditions regarding a moratorium in the Young plan, and that this portion of inter-governmental payments will not be forthcoming."

France would receive under a German declared moratorium approximately \$100,000,000 per annum in annuities, which Germany would have to continue paying. France would then have to pay \$100,000,000 into the international bank for retirement as a guarantee fund. She would have to pay war debts to Great Britain and America of approximately \$100,000,000.

Under these circumstances, the memorandum pointed out, France could be "the loser during the forthcoming year by over \$100,000,000" as compared with her financial position

under the Hoover plan.

LAVAL STUDIES MEMORANDUM
PARIS, July 1 (The Premier Laval) has the advantage in the negotiations with American representatives concerning President Hoover's moratorium offer after this night study of a seven-page memorandum summarizing the American position, and tomorrow the document will be examined at a special meeting of the Laval cabinet.

The memorandum was not to be considered as a note from Washington to the French government but simply as an outline of the American government's stand communicated by Washington to Ambassador Laval for his information and guidance.

Nevertheless, the document which took the French somewhat by surprise when the ambassador gave a copy of it to Premier Laval, undoubtedly will have the greatest importance in the Franco-American negotiations. It was disclosed at the end of today's conference that the memorandum revealed the existence of appreciable discrepancies between the two governments, but a communique emphasized that it also showed a willingness by the Americans to continue negotiations.

No agreement was reached at today's meeting principally because most of the time was devoted to

TWO YOUTHS FACE CAR THEFT CHARGE

Joe and John Hutchinson, Uncle and Nephew, in Bad With Borrowed Car

An automobile, with which the two youths were traveling, was found in the vicinity of the Hutchinsons' home, and the two youths were arrested by police officers Tuesday evening.

The names of the two youths were Joe Hutchinson and John Hutchinson, each being 16 years old. They were traveling in the automobile and came to Twin Falls, looking for work.

BILLBOARDS GIVE WAY FOR MODERN BUILDING

Large billboards which for years covered the nakedness of the excavation at the corner of Shoshone street and Second avenue east, were taken down yesterday, as work began clearing ground for the erection of the new, big, \$70,000, two-story structure which is to be erected at once by Ernest White and company, contractors, of P. W. H. Building.

While the boards were being taken down a force of men were busy with the debris out of the excavation which will be transformed into the basement for the new store and office building.

EXPLOSION ON YACHT HURTS MAN KNOWN HERE

Harold Moody, Los Angeles, son-in-law of P. A. McKee, Boise, chief engineer of the Catalina Island, was severely burned in an explosion on board the Catalina Island, California, last Sunday, according to word received by friends here yesterday.

It was expected that he would remain under treatment at a hospital for two weeks.

Mr. Moody and his wife, Mrs. Moody, and their daughter, Mrs. Moody, and their son, Mr. T. N. Moody, Los Angeles, are on the Catalina Island, California. All members of the party except Mr. Moody had gone ashore, and he was putting the boat in order for the return trip, and lighted a small stove heater that exploded and burned him in the chest. He was burned but his eyes were not injured.

BANDSTAND RECEIVES NEW COAT OF PAINT

Preliminary steps toward preparation for honoring the natal day of the nation, July 4, are in evidence. The stand for the bandstand, erected yesterday at the courthouse lawn and decorations in the national colors were put on the speakers' stand before the bandstand. The band stand itself, is beginning to look spruced up through an application of the best coat of paint recently authorized by the city council, which is now being put on.

BRUNEAU BANDITS GET BLAME FOR CAR THEFT

Theft of an automobile at Charleston, Nevada, early this week has been attributed to three men, who may be the bandits who took refuge in desert and mountain country in the vicinity of Jericho, Nevada, after breaking into three stores at BrunEAU last week, according to advice received by officers here last evening.

The men in the stolen car were believed to be making toward Twin Falls.

The stolen car was described as being a 1929 model Ford "pickup," carrying Nevada license 2032.

ESTIMATE OF EXPENSES FOR VILLAGE OF KIMBERLY

Following is an estimate of the probable amount of money necessary for all purposes, to be raised by the village of Kimberly, County of Twin Falls, Idaho, during the fiscal year beginning with the 1st day of April, 1931, and ending on the 30th day of April, 1932.

For general current expenses \$330.00
For interest on bonded indebtedness 822.00
For sinking fund for payment of bonded indebtedness 1470.00
For municipal bond 400.00
For redemption of outstanding warrants 705.00
Total 3827.00

By H. V. NEWKIRK, Chairman of Board of Trustees.

Mrs. E. B. Williams
Phone 304

The July Eight Club met Wednesday afternoon at the home of Mrs. E. B. Williams. A luncheon was served to eight persons. The entertainment was of beautiful white rose buds. The afternoon was enjoyed as playing bridge. High score was won by Mrs. Thomas Hodder and low by Mrs. W. H. Shannon. A group photo was presented to Mrs. A. Bates.

Mr. and Mrs. W. C. Hammond announced the marriage of their daughter, Miss Helen Hammond, to Mr. Gordon Sparks on Wednesday, July 7th, at ten o'clock in the morning.

CONTINENTAL HEADS PREACH ADVERTISING

Officials of Oil Company Give Public Antidote For Business Slump

Advertising as an antidote for business depression was preached in Twin Falls yesterday by officials of the Continental Oil company, with headquarters at Ponca City, Oklahoma, who spent eight hours in this city while making a "Prospectus" through 12 states, covering 12,000 miles in two airplanes.

Harry J. Kennedy, general sales manager of the company, said that advertising is a very more valuable under present business and economic conditions than under normal conditions, when its value is confined.

"Continental is one company that isn't 'hick' by this so-called depression," continued Mr. Kennedy. "As a matter of fact, our sales are showing a steady increase, and we'll never be willing to admit that we are even breathing hard until the newspapers will not print our advertising, and our sales staff refuses to even in the so-called advertising."

He declared that realizing that greater sales effort was needed to meet competitive conditions, the company increased, instead of decreased its advertising budget for 1931.

The Continental party which arrived at the Twin Falls airport at 11 A. M. included Harry J. Kennedy, general sales manager; Wesley L. Lloyd and P. J. Ryan, assistant general sales managers; Frank Moore, general sales representative; C. M. Souda, manager of aviation sales; Tip Schuler, pilot of the bi-motor, all of Ponca City, John R. Brown, manager of Continental's Salt Lake City sales division, and his assistant, Paul Hirth, Salt Lake City.

They were guests at the Rotary club luncheon at noon.

The party, in company with P. A. Webb, district superintendent, and J. J. Haller, Twin Falls Council agent, visited contractors yesterday afternoon. The members left for home about 7 P. M.

The trip started at Ponca City, June 2, and will last about six weeks.

About 80 per cent of the street fatalities among children in England result from games played in traffic lanes.

For patrol vessels of the coast guard cover a radius of 3000 to 4000 miles in their search for bergs and warn ocean ships by radio.

Mr. and Mrs. Philip J. Lykken entertained a group of Twin-Falls youngsters Tuesday evening at their home on Eleventh Avenue East in honor of the fourteenth birthday of their daughter, Gloria. Decorations of red, white and blue were used with charming effect and miniature silk American flags were presented as favors during the evening of refreshments. Mrs. Lykken was assisted in serving by Mrs. W. B. Purdy and Misses George C. Wiley. A delightful feast of the evening was a group of solo dances by Miss Lykken in costume. Dancing was the diversion of the evening. The guests included Misses Elizabeth Edrigh, Helen Severin, Millie Edrigh, Frances Philpot, Frances C. Schneider, Piller, and Mrs. Arthur Burley, gave short talks on club work. Other guests attending were Mrs. W. W. Wright, Mrs. J. A. Bradley and Mrs. Tom Timbers. The club sang "Idaho," and the remainder of the afternoon was spent socially.

Mrs. J. S. Koel entertained twenty-eight guests at her supper Tuesday evening at her home near Jerome. "Bunnet" flowers in various colors were used to center the tables and place cards were in harmonizing design. Price for high score was won by Mrs. Genevieve Dwyer and consolation by Mrs. Charles Colner.

Mr. J. M. Wallace entertained at bridge Tuesday evening coming to the party, Misses Dorothy and Marie-Helen, Minneapolis-Minnesota. Prices for high and low scores respectively were won by Mrs. John Thomsen and Mrs. C. H. Krenzel.

The Women's Progressive Club gave their annual children's picnic at Harmon Park Thursday afternoon. Mrs. L. W. Nuttall had charge of the program which included numerous games for which prizes were awarded. Members spent the day socially. Mrs. Frank Krueger, Mrs.

MURRAY NORTH ENTERS COAST PLAY SCHOOL

Murray North, son of Attorney and Mrs. C. A. North, Twin Falls, has the honor of being one of four out of 250 students of the play school at the educational playground of the University of California, Berkeley, who were selected for the purpose of illustrating the work of this department. In the Oakland Tribune, June 24, Murray and a little girl of four years, are pictured holding a diploma. The illustration is reproduced in the Twin Falls edition of the University paper, of June 26.

It is explained that the "young collegians," are, instead of school books, "handouts," "papers," "publications" and the like. The director, Dr. Daisy A. Hetherington, is quoted as saying that the play school "is directed in the University of California, the direct or psychological way. He goes straight at problems as he finds them in his daily life activities. He lives in achievement, exploration, experimentation and investigation."

"His interpretations will vary from mutual illustrations to personal and landscape," Dr. Hetherington said, "since his natural activities involve all life problems, and given the resources and leadership he craves, he works in the natural way, the child way, the project way to master himself and to interpret his world." Activities in the school are, "It is stated, divided under the headings: social, linguistic, environmental and nature, manual, rhythmic and music, and big music."

More than 1000 police officers in Massachusetts, as well as state inspectors, have launched a four-month campaign to eradicate the chief causes of serious traffic accidents.

Mr. and Mrs. Philip J. Lykken entertained a group of Twin-Falls youngsters Tuesday evening at their home on Eleventh Avenue East in honor of the fourteenth birthday of their daughter, Gloria. Decorations of red, white and blue were used with charming effect and miniature silk American flags were presented as favors during the evening of refreshments. BAND GOES WEEKLY PROGRAMME AT PARK

The regular weekly band concert of eight pieces, headed the clearing number "Star Spangled Banner" will be given at the city park tonight by the Twin Falls Municipal band. It is announced.

NATIONAL GUARDSMEN MOVE INTO NEW HOME

A half dozen trips with a big truck were required yesterday afternoon and last evening to move Company E, Twin Falls unit of Idaho national guard engineers, from its former quarters in Parish hall on Second street north to its new home in the American Legion Memorial building at the corner of Third avenue and Second street east.

There was to be moved more than 4000 worth of property for which the company commander is required to make an accounting each year—quartmaster, stores, clothing, blankets, and equipment, including trenching tools, carpenter's kits and harness. Under order issued by Captain R. E. Leighton, commanding the unit, the entire company assembled last evening to assist in the moving operations.

The entire basement of the memorial building, 80 by 100 feet, has been divided into offices, locker rooms and conference rooms for the accommodation of the national guard engineers and medical detachment, and also for the engineers' Second battalion headquarters.

The medical detachment, commanded by Major C. G. Hagg, moved into its new home Tuesday evening.

The new home of the guardsmen here was arranged by Colonel P. C. Hummel, Boise, architect and commander of the Idaho national guard engineers' regiment, who designed and supervised construction of the memorial building.

VISITOR LAUDS BEAUTY OF IRRIGATED SECTION

Praise for the beauties of the irrigated projects of southern Idaho, as seen from the air, after passing over the lava beds in the way here from Pocatello, Frank Moore, Ponca City, Oklahoma, special sales representative of the Continental Oil company, toured on the manifest productivity of this section, in his address before the Twin Falls Rotary club at its weekly luncheon at the Park hotel yesterday.

Mr. Moore then took up the theme of the value of advertising and activity in slack times, which he said, in the case of the Continental Oil company has greatly increased the number of inquiries and had, despite adverse economic conditions resulted in a gradual but steady increase in business. "Vastly different last evening to assist in the moving operations."

FRIENDS ARRANGE RITES FOR MRS. G. H. HOCHBAUM

Funeral services for Mrs. Minnie Hochbaum, 50, wife of G. H. Hochbaum, will be held at the Lutheran church at 2:30 P. M. Friday. It was announced last evening. Services will be in charge of the Rev. M. H. Ziegel, and interment will be at Twin Falls cemetery. Mrs. Hochbaum died Tuesday at the residence of her daughter, Mrs. Howard D. DeWitt, 511 Fifth avenue east. She had been a resident of Idaho since 1910 and a Twin Falls for about four years past. The body rests at the Drake mortuary.

Trained Men, Not New Methods, Appear Need of Hour to Reduce Distribution Cost, Says Babson

Economist Points to Vast Potential Market
in Lower Income Classes and Sees
Need of Merchandising
Efficiency

By ROGER W. BABSON

BABSON PARK, Mass., July 1.

The keynote to future prosperity is

improvement in distribution methods.

Distributors must cut costs and pass

along to consumers the savings as

readily achieved in production. Pro-

gress in production has far outstrip-

ped progress in distribution. Our dis-

tribution system because of its high

costs, is still the bottle-neck which

prevents the flow of mass pro-

duction goods to consumers. Busi-

ness must tap that great potential

market among the lower income

classes to provide an adequate out-

let for its huge producing capacity

and to do this it must reduce costs.

Authorities estimate that available

waste in distribution between retail

and wholesale dealers is \$1 billion

annually.

This is nearly 25 per cent of the

\$4,000,000,000 total retail trade. If

through better methods business

could save even one-half of this

waste, retail prices could be reduced

12 to 18 per cent. The masses of

people would then be able to pur-

chase goods in quality and quanti-

ties great enough to absorb the ex-

cess production and bring about a

period of prosperity such as this

country has never known. What

is needed is a change in the type

of stores or a change in the way

of doing it. It is a question

of men rather than of methods.

The distribution system is

fundamentally the same as it was

a century ago. It is a question

of men rather than of methods.

Mayor Who Rapped "Dry Law" In Paris Faces Trouble In Atlanta

News of Chieftain's Slap
At Prohibition Reaches
Ears of "Dry" Backers

By The Associated Press

ATLANTA, Ga., July 1.

Mayor James L. Key of Atlanta

travels here from his tour of France

with a party of United States may-

ors will find himself in the hot

seat of criticism for his attitude

toward prohibition during his absence

for him to face.

Prohibition organizations and

church societies which supported

the mayor in his campaign were

taken aback when they read news

disseminated from Paris quoting him

as saying, "Prohibition is abomi-

nable."

He further was quoted as saying

that his visit to France had con-

vinced him that crime in America

is due in large part to dry laws and

that the people will change probi-

tion.

Immediately newspapers were

flooded with letters and demands

for the mayor to be removed from

office.

Some said the mayor had "stabbed

the city in the back" by going away

to "say Paris" to air anti-prohibi-

tion sentiments.

Others said the mayor himself

was being "stabbed in the back"

because he was not at home to de-

fend himself.

A councilman introduced a resolu-

tion censuring the mayor, but it

was tabled until the mayor ap-

pears.

Ben Brooks, president of the Sun-

day-school class taught for years by

the mayor, said that while Mayor

Key's views were not generally known

were a big surprise to him. He

said that Mayor Key's views had been

expressed before the class.

Among other Methodist minis-

ters adopted a resolution of sym-

pathy with the city of the Methodist

churches of the city.

Because Mayor Key is one of the

most popular men in Atlanta, it is

not likely that he will be removed

from office.

He is expected to return to

Atlanta on July 10.

Chicago Hopes to Entertain for Both Political Parties in 1932

By The Associated Press

CHICAGO, July 1.—Two national

political conventions for 1932—Presi-

dential and Congressional—may be

held in Chicago.

Not since 1864 has the Mid-West

city been so hot a spot for political

conventions as it is now.

In 1932 the Republican and Demo-

cratic parties are expected to hold

their national conventions here.

Chicago has been the scene of the

Republican "revolt" of 1912, when

followers of Theodore Roosevelt

marched from the Coliseum to the

Congress hotel for a rump con-

vention. William Howard Taft was the

Republican nominee.

In 1924, when the Republican

party was divided, Chicago was the

scene of a rump convention. Frank

Lloyd Wright was the Republican

nominee.

Schmeling And Stribling Appear Well Matched For Fight

Champion Depends
On Right As Chief
Defense For Title

Title-Holder Treats Spar-
ring Mates Rough and In-
tends to Accommodate Pa-
By Right-Hand Punches

(By The Associated Press)
CONNEAUT LAKE PARK, Pa., July 1—Max Schmeling has prepared a good heavy right to put between W. L. (Young) Stribling and the world's heavy-weight championship when they meet at the Cleveland Municipal Stadium July 3 for their 15-round bout.

There is very little wrong with his left hand either, he wants fight fans to know. He exhibited this fact recently when he ran around the ring with George Pushe, the best sparring partner at Max's camp.

Pushe took one of the worst doses of leather medicine that Schmeling has administered. Long before two rounds were up Pushe was reeling and was barely able to lift his hands in self defense.

Rough Sparring Mates Schmeling, during these last days of training, has been fighting extra viciously. He keeps up a rapid succession of rights and lefts and gives very little quarter.

One of his chief victims was Long Jack Pallet, national amateur heavy-weight monarch for two years. In two rounds of sparring Jack took one of the worst beatings of his several boxing years.

Critics who visit Schmeling at his camp to see how his right is working have many things to say about his left.

The champion, a "lean-to" fighter who holds both hands in front of him ready for short, stiff punching, does not let his left wing with everything behind him only to be caught off balance if he happens to miss.

"Let Pa Launch" The Pa Stribling is licked right into Schmeling will use plenty of right hands against his son July 3, critics said for Jacobus, the champion's manager in convention on a communication from the challenger's camp.

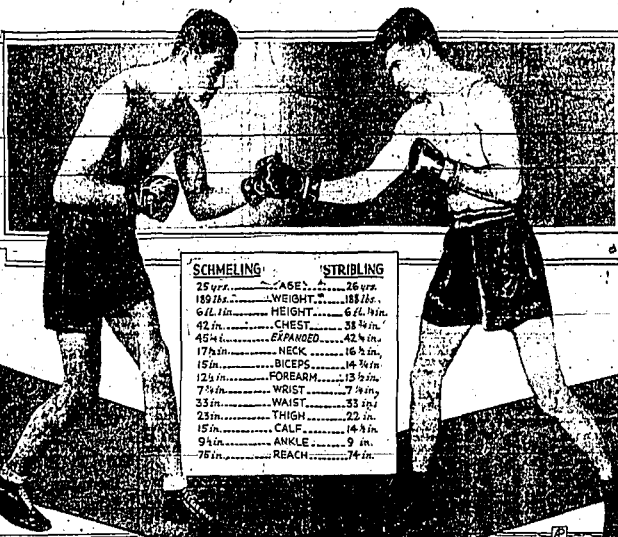

"It is also to know that he's happy with Pa will use plenty of right hands that right. He won't lead with it in such a manner to make him a sucker for a left hook or right-hand counter. But Max'll accommodate Pa."

"You know," Pa said, "I can't see what W. L. is going to do with his famous left hook when that right knocks him off balance and off his feet. Schmeling is a short, straight puncher and he doesn't like much."

Wrestling

SOMMERBERG WINS PORTLAND, July 1 (AP)—Ous Sommerberg, former champion of the world's heavyweight wrestling championship, defeated Alo Kaplin, Montreal, two falls out of three here tonight.

Six municipal tennis courts at Houston, Texas, have been lighted for night play.

Above pictures show how Max Schmeling, world's heavyweight champion, and W. L. (Young) Stribling, American contender, will measure up for their 15-round title bout July 3 at the new Cleveland municipal stadium.

Hollywood Whips Missions, 7 to 6

Stars Even Series But Use 16 Players in Effort to Pull Game Out of Fire

LEVINSKY BOWS TO HUDKINS IN CHICAGO

Chicago, July 1 (AP)—"Ace" Hudkins, Nebraska, crutched contender for the world middleweight championship, inaugurated a campaign against the heavyweights tonight by fighting a 15-round decision over Levinsky, hard-hitting Chicagoan.

Hudkins fought his characteristic charging, mauling battle and during the first seven rounds built up sufficient margin to offset the lightning-like finish of the "Ace" Hudkins.

The "Ace" Hudkins had Levinsky on the canvas twice in the fourth and fifth rounds each time for fouls of time.

A cracking right to the jaw stopped the "King" in the fourth and a fierce body attack, followed by another right to the jaw upset him. The right landed again in the fifth and Levinsky staggered down for a real. Hudkins bounced his left off Levinsky's ribs and head, almost, while backing the King's terrific right swing.

Levinsky tried at the finish and Hudkins took the ninth and tenth rounds by his margin. Levinsky took a 15-round advantage in weight, scaling 164 1/2 to 171 for the veteran Nebraska.

At Eagle, Muskegon, Michigan, Chicagoan middleweight, scored a technical knockout over Don Warren, Chicago, in less than a round.

BRAYERS IS INDIANS 6 SEATTLE, July 1 (AP)—Portland's Brayers led his Indians to tonight, pounding out seven runs in the eighth and taking the second straight game from the Indians, 12 to 6. The visitors got 15 hits.

The score: **R.H.E.**
Portland . . . 210 001 17-13 15
Seattle . . . 110 000 25-6 11 2
Batteries: Kestner and Cox; Schulte, Jacobs, Douglas and Mickey.

OAKS & BOLONS 2 SACRAMENTO, July 1 (AP)—Oakland evened the series with Sacramento here tonight, winning 2-1. The good ball but had to give way to a 15-round advantage in weight before he was turned victor.

The score: **R.H.E.**
Oakland . . . 000 100 00-4 11 3
Sacramento . . . 001 000 100-3 11 0
Batteries: Hurst and McMullen; Osterfield, Bryan and White.

Principal Figures In Titular Battle Near End of Grind

Around-the-World Airmen Fail to Push Two Boxers Soon to Mix at Cleveland Into Background

(Associated Press Sports Writer)
CLEVELAND, July 1—Not even the arrival of the round-the-world fliers, and all the excitement and hubbub that it came to town with them, could crowd into the background today the two young heavyweight prize fighters who will headline Friday night.

In the front ranks of the thousands who jammed the municipal airport as Wiley Post and Harold Gatty drifted down out of the sky on the last leg of their globe-girdling dash, was Bill Stribling, challenger for Max Schmeling's title.

Both Stribling and Schmeling will break camp tomorrow and take up quarters in Cleveland to wait for the battle, scheduled to start at 9 P. M. Mountain standard time.

With the fighters so evenly matched that they are expected to weigh within three pounds of each other tomorrow, Schmeling probably will be heavier at about 185 pounds, the younger, light as it was, continued to favor the challenger. Stribling may be in the ring early night as high as 2-10-1 favorite.

Both Stribling and Schmeling will break camp tomorrow and take up quarters in Cleveland to wait for the battle, scheduled to start at 9 P. M. Mountain standard time.

BIG CELEBRATION DANCE

SATURDAY, JULY 4

You'll "Be Going Places" Over The Fourth

Many will answer the call of the open spaces this Fourth of July. The double holiday offers an unusual opportunity for that trip to the hills where invigorating air, the lure of the trout and many other sports beckon.

The pleasure of the trip depends on the satisfactory operation of your car—and for that you can depend on Lind's.

Let Us Check Your Car

GAS... Lind's Super Gas is clear and pure—it has been the standard dependable motor fuel of Twin Falls for years.

OIL... Your choice of a number of the best oils at lowest prices—let us drain and fill before the trip.

GREASING... Lind's have earned a reputation for thorough greasing. You can depend on complete lubrication here.

TIRES... Most everybody wants Goodyear tires and Lind's is headquarters for Southern Idaho.

BATTERY SERVICE... Real battery experts to check your battery—this is important.

AUTO WASH... You'll be surprised at how good the old bus will look after it leaves our wash rack—it's a good investment.

AUTO REPAIRS... Lind's shop is the most complete in Southern Idaho—and our men take pride in their work.

NEW HARDWARE

When it comes to buying Hardware you, very naturally, want to make your selections from new and attractive merchandise. Old, out-of-date, hardware is not only somewhat repulsive to your eyes, but also reflects the character of the store having such goods in its display. You now at once that such a store is not enjoying the risk, fast-moving business but any healthy enterprise would have something wrong when the same goods stay on the shelves all month after month and

ECONOMY BASEMENT
