FOREST FIRES ROAD UNDATED IN WOODS OF SCENIC COUNTRY

Loss Mounts Hourly Above 50,000-Acre Mark While Many Fighters Battle In Vain In Western States

(By The Associated Press) DENVER, July 23.—With the loss mounting hourly above 50,000 acres, forest fires roared unabated in northeastern Wyoming and in the national forest lands while they were checked in the heart of the DuBois deer ranch country and in Yellowstone national park.

The loss of the forest in the Black Hills of northeastern Wyoming were threatened by flames that were being fought by a national guard troop and volunteers.

Colonel R. L. Egan, who is in charge of the national guard, sent out calls for additional equipment and he had been working checking the flames until rain occurred. Approximately 2500 acres of timber burned. The loss of the forest in the Black Hills of northeastern Wyoming was estimated at approximately 25,000 acres in Yellowstone; 8000 acres in the Grand Teton national forest; 1000 acres in the Washakie national forest and on private lands near Dubois and 750 acres in the timber and prairie near Rocky Point in northeastern Wyoming.

The loss of Yellowstone at first was at 25,000 acres but later it was estimated at 50,000 acres. A check made by an airplane on yesterday it was found less timber had been burned than was at first estimated.

Rains checked the fires in Yellowstone and at Dubois, the O. M. Dubois being the largest. The fire was checked by the national guard and volunteers were still fighting the fire but it was believed under control. The loss of the forest in the Black Hills of northeastern Wyoming was estimated at approximately 25,000 acres in Yellowstone; 8000 acres in the Grand Teton national forest; 1000 acres in the Washakie national forest and on private lands near Dubois and 750 acres in the timber and prairie near Rocky Point in northeastern Wyoming.

Among those who were fighting the fire in the Black Hills of northeastern Wyoming were: Charles E. Brown, a nephew of Governor Roosevelt, New York; and Charles E. Brown, a nephew of Governor Roosevelt, New York; and Charles E. Brown, a nephew of Governor Roosevelt, New York.

Final Plenary Session at Foreign Office Downing Street Concludes at Noon With Felicitous Farewells, Laying Stress On Interdependence of Major Powers

(By The Associated Press) LONDON, July 23.—Seven-power international conference ended today after taking temporary measures to revive world confidence in Germany's financial and economic future.

As it was forecast, these palliatives were confined to a three-month extension of the \$100,000,000 loan from the central banks of the world powers, to concerted measures in all countries to maintain existing credit.

HAGERMAN FINISHES CELEBRATION PLANS

Bishop W. A. Porter of Latter Day Saints Church Takes Charge of Events

HAGERMAN, July 23 (Special to The News)—Everything was in readiness here tonight for the annual Pioneer day celebration of Hagerman. Latter day saints church here to-morrow.

Bishop W. A. Porter is in charge of the service and program, which will begin with a speaking program at 8 A. M. B. C. May, Porter, will give the principal address.

Other features of the day will be a baseball game, a variety of street sports, serving of a chicken dinner and dancing.

A large crowd is expected to be on hand. Weather forecast promises warm temperature, but the many windy spots in Hagerman valley will undoubtedly serve as a refuge from the hot rays.

MOSQUITOES JOIN RUSH TO OIL BOOM DISTRICT

WASHINGTON, July 23 (AP)—Oil and natural gas wells have brought a sea-coast mosquito pest to many inland localities, says the public health service.

Ball Water that has poured out from underground where the wells were bored has provided breeding grounds for "Anopheles solitarius" a mosquito that formerly bred only in coastal waters from Maine to Texas, it is explained.

This mosquito can travel long distances with the aid of a light breeze, but until recently could fly its eggs only near the sea and was not a permanent inland pest.

50-YEAR STUDY YIELDS EFFECTUAL GREEN DYE

LONDON, July 23 (AP)—After more than 50 years of research, chemists here have produced a new brilliant green synthetic dye known as duranil green O.

Because it will stand fast in washing and boiling without changing its color, so to speak, it is hailed as a triumph of the laboratory.

In 1880 a dyestuff firm discovered a new method of dying, known as "dyeing with ice color" because the dye could be used only in water kept cold with ice.

Just before the war Germany became preeminent in this field. Hundreds of "ice colors" became available, yet no green was forthcoming.

Duranil green is, in fact, only the second synthetic green dye produced in recent years, the other being the well known cadon jade green.

NEW RULE BARS NAVY FROM AERIAL CLASSIC

WASHINGTON, July 23 (AP)—America's annual flying classic, the national air race, now belongs to commercial aviation alone.

The navy department, by restricting the race to green wings, has barred the 1931 meet to be held August 20-September 7 in Cleveland, completes the withdrawal of service men.

National outstadium alone will keep all the military planes since the air corps withdrew in 1930 from all racing.

From 1920 when the first Pulitzer race was run, military competition was the backbone of the races, considered as a display of the development of aircraft.

Rapid strides of civil aviation and construction of government development on military planes have caused retirement of service men from commercial racing.

In 1923 a civilian pilot, Doug Davis, achieved the first victory of a commercial air military entry in the free-for-all race.

Navy and army will be represented at the 1931 races by demonstration units.

David S. Ingalls, assistant secretary of navy for aeronautics, has promised that the monster airplane, Akron, now being completed, may fly to the races if conditions permit.

A writer of poetry was furnished by the Red Cross employment bureau at Birmingham, Alabama, in response to a request.

ITALIANS GO NEAR, BUT NOT IN, WATER

ROME, July 23 (AP)—Add "60" job: that of life guard on Italian beaches.

Ringed by five seas and counting nearly a score of islands among her possessions, Italy has produced a race of beach swimmers and sun bathers who know or care little about actually dipping into the water.

The average Italian regards more highly a perfect sunbath than a smooth crawl or over-hand stroke.

Scoring too days find beaches near the large cities crowded, but the halle a 100 yards from shore seldom shows a swimmer. Life saving work of the few guards is practically nil.

Southern Italians added 100,539 members in 1930.

CHICAGO, July 23 (AP)—The life expectancy of the average American

tooth is 20 years greater now than it was in 1885, says the Chicago Daily Tribune.

Advancement in the sciences of oral hygiene and of preventive and corrective dentistry, the society says, has increased the life of the average

human tooth in this country from eight to 23 years.

The society also declares that American teeth are more healthy and more beautiful than those of any other civilized people.

CHICAGO, July 23 (AP)—The life expectancy of the average American

tooth is 20 years greater now than it was in 1885, says the Chicago Daily Tribune.

Advancement in the sciences of oral hygiene and of preventive and corrective dentistry, the society says, has increased the life of the average

human tooth in this country from eight to 23 years.

BURLEY CHIEF AIMS FOR TAX-FREE CITY

K. C. Barlow, Mayor, Sees Possibility of Making Town Self-Sustaining

BURLEY, July 23 (Special to The News)—"It is entirely possible," says K. C. Barlow, mayor of Burley, "to put this city wholly on a self-sustaining basis within a few years." That is to say, city taxes can be entirely eliminated, the mayor believes, and he indicates that his administration is to start a program with the view of ultimately bringing city taxes down to the vanishing point.

The Burley city council, at the last meeting, set the budget for the coming year at \$142,000. Last year the city levy was \$17,235 mills. The new administration program, starting with a reduction of approximately 1/3 mill, contemplates reductions in operating expenses in many departments.

There is to be a general overhauling of the entire electric system of the municipality. An investigation started recently showed many line sagging. Transformer boxes will be changed. A combination electric current rate will be adopted, thereby doing away with the present three rates and reducing the number of meters. Improvements will be adopted that the mayor says will bring city taxes from \$7000 to \$5000 a year in this department.

Similar adjustments, in line with like salaries elsewhere, are to be considered. It is likely that a purchasing agent will be appointed, acting for all departments, thus coordinating the buying power. The irrigation water system of distribution will also be readjusted.

Burley and Rupert, both on the Snake river, are the only two Idaho cities having the lowest municipal tax levies, says Mayor Barlow. They derive their savings from sale of power generated at the government power plant at the Minidoka dam. Without impairment of public service, the mayor says, an economically operated city government will ultimately result in wiping out all city taxes for Burley.

HAILEY LIBRARIAN VISITS
HAILEY, July 23 (Special to The News)—Miss Nettie Mallory, left Wednesday for Twin Falls on her way to Salt Lake City for a visit. Mrs. Horstmann Parnell will join her at Twin Falls. Miss Nettie Mallory will act as librarian at the Hailey library during Miss Mallory's absence.

YOUTH IN BURLEY FACES CHARGE OF AUTO THEFT

BURLEY, July 23 (Special to The News)—Ernest Willett, who has been employed in a local poultry plant, was bound over to district court Wednesday by Judge E. M. Wright, charged with taking an automobile belonging to J. J. Campbell, Willett, a youth of 15, drove the (Campbell) car to a point near Pullman, Washington, where it was abandoned. The pair then picked up another auto at Moscow and were apprehended at Grangeville.

Campbell and Sheriff D. D. Pace went after the stolen car, and brought back the two men, together with a pet dog. This dog has been quarantined at a farm house and the men are to jail. No charge has as yet been brought against Schlegel. Willett is under \$2000 bond.

HAILEY GROUP GATHERS TO HONOR TWO VISITORS

HAILEY, July 23 (Special to The News)—W. A. J. French and Mrs. R. B. French entertained at the Broedhouse home Tuesday afternoon in honor of their visitors, Mrs. Van Buren, Boise, and Miss Pamela French, dean of women of the University of Idaho.

Six tables of bridge were played. Mrs. Austin A. Lambert made highest score. Mrs. A. A. Rutherford second and Mrs. Charles Mallory held lowest.

After the games other guests came in for tea. Mrs. Peterson and Miss French passed.

Delphinium was prominent in the floral decoration of the room and the small plates were used to wait in the porch.

EX-TENNESSEE FOLKS AWAIT PICNIC IN BURL
BURL, July 23 (Special to The News)—Former residents of Tennessee, the Volunteer state, will gather in the city park here Sunday for the annual Tennessee picnic. It was announced this week by officers of the organization.

Mrs. Ernest Prichard, chairman of the program committee, promises good musical numbers, games and water sports as diversions of the afternoon. A basket lunch will be served at noon and election of officers will follow during the business session.

Rev. Isaac Todd, Calverton, president of the club and Ed Adams, Burl, is secretary. Approximately 300 persons attending the picnic held here last year.

ILLNESS TAKES LIFE OF JEROME WOMAN

Mrs. Edward D. Bieri, 32, Campfire 'Girls' Leader, Dies at North Side Home

JEROME, July 23 (Special to The News)—Mrs. Edward D. Bieri, 32, died at her home in Jerome this morning following a 10-day illness, due to pneumonia.

She is survived by her husband and two children, Velma, 13, and Edward Junior, 12, in addition to her father, Frank Godd, Carson City, Nevada.

Funeral arrangements have not yet been completed, pending arrival of relatives. Burial will be at Rexburg, Idaho. Interment funeral services are in care of the body.

The Bieri family came to Jerome a year ago last March. Mrs. Bieri had been employed since that time at the J. L. Thompson Dry company here.

Mrs. Bieri had served for several months previous to her death as guardian of the Minnava Campfire group.

FIRE HAZARD PRODUCES SAWTOOTH SMOKING BAN

HAILEY, July 23 (Special to The News)—Because of the great fire hazard, the Sawtooth forest has been closed to smoking except in camps and improved places of habitation.

According to the local forest officer, the present reason is more hazardous than any other since the district was placed under administration.

The fire in the Sawtooth this season have all been extinguished. But northwest of Red Fish lake on Loon creek a fire here has been raging this week.

BURLEY CLUB LEADER COMPLETES 4-H TOUR

BURLEY, July 23 (Special to The News)—A tour for the practical demonstration of judging sheep and swine has just been completed by District Extension Agent Dan E. Warren and L. B. Taylor, Boise, assistant extension animal husbandman, through several counties of the South Central Idaho 4-H club district.

Demonstrations were made for local leaders and 4-H club members at Hina, Gooding, Shoshone, Jerome, Burli, Kimberly and Malia. Warren also held meetings at Richfield and Dierfeld.

Local leaders were called together at Shoshone to discuss organization plans and make arrangements for the Lincoln county 4-H club fair to be held at Richfield, August 20. There were 300 club members in attendance at the various meetings.

NOCTURNAL ESCAPEE GETS ROSE IN TROUBLE

Alleged to have carried his determination to search another man's car to the extent of following it onto a Hansen farm late Wednesday night, C. B. Rose faced a charge of disturbance of the peace when he was arrested before Judge Guy L. Kinney in probate court here yesterday.

Rose pleaded not guilty and was admitted to \$50 bond to secure his appearance at trial set for next Thursday, H. O. Lauterbach, Hansen, signed the complaint.

Rose fled the Hansen farm after the sheriff was summoned there, and was overhauled by Mr. Lauterbach and the sheriff at Kimberly shortly before 8 A. M. yesterday.

MOTHER SEEKS DIVORCE ON DESERTION GROUNDS

On grounds of alleged desertion and non-support, Mrs. Alta W. Mary, mother of three children and Twin Falls resident since 1928, started suit in district court here yesterday for divorce from Joseph J. Mary to whom she was married at Fremont, Nebraska, February 10, 1922.

In her complaint she alleges that her husband abandoned their home here without cause in December, 1929. She asks for custody of the children, daughters, ranging in age from 18 months to seven years, also is represented in the action by Buckley and Buckley, Twin Falls.

PROGRAM OF MUSIC FOR KIWANIS CLUB MEETING

A program of instrumental music given by Dr. and Mrs. Halvick M. Drake, assisted by A. E. Francis, violinist, Twin Falls, was a feature of Twin Falls Kiwanis club's regular weekly meeting at luncheon yesterday. Dr. and Mrs. Drake and their little daughter are guests for a few days at the home of Dr. Drake's parents, Mr. and Mrs. Fred L. Drake, coming here after an extended tour of continental Europe, following Dr. Drake's graduation from the University of London last June. They will stay from here in Moscow, Georgia, where Dr. Drake is to be an associate professor of psychology at the University of Georgia.

Both Dr. Drake and Mrs. Drake are accomplished musicians, the former playing the cello and the latter the piano.

Their program for the Kiwanis club yesterday included: Last's Rhapsody played on a piano solo by Mrs. Drake; Berceuse from Josephine by Goddard, a cello solo by Dr. Drake; and two trios, one by Paveselli to Cuccinelli, and the other, the first and second movements of Haydn's 29th, Trio.

"Here's why I switched - how about you?"

HIS brow is wet with honest sweat—but not his Camels. Nor will yours be, no matter how hard you work or play.

Whether you labor outdoors in the rain or indoors in the heat, whether you whip a trout-stream, or whatever you do, your cigarettes will never be stained or soggy or unwholesome—if you carry Camels.

Camels are blended of fine Turkish and mild Domestic tobaccos, made fine and kept fine, kept always in prime smoking condition.

The new Humidor Pack of moisture-proof Cello-

phane seals in all the natural factory-freshness—seals it in so tightly that wet weather cannot make Camels damp, nor drought weather make them dry.

When you open your package of Camels, don't remove the Cellophane wrapper. Keep it on until you have smoked the last cigarette. It's put there for your protection.

Do your throat a favor, try Camels for just one day. Once you've compared their cool, smooth enjoyment with the brackish, stale taste of cigarettes packed the old way, leave them—if you can.

FILER PLANS FOR ANNUAL RAMSALE

1100 Quality Animals Soon Go Under Hammer During Annual Auction in Idaho

TWIN FALLS, July 23 (Special to The News)—Edward Huggins, owner, registered or eligible to register, will be auctioned off to highest bidder at the annual Idaho state ram sale. The sale will be held at the Idaho State Fair grounds in Boise, Idaho, on August 12, 1931.

The largest part of these rams will be of the Bluebelts, Buffaloes and Buffaloes-Hampshires. A number of white rams will also be sold. This event is one of the best in the West. The best rams in the state are offered for sale, and some of the best in the nation. The cream of Idaho's purebred rams are offered through this annual market. Consignments are being made by breeders from every part of the state.

A carload of rams will be shipped from the Boise valley, two cars from the Snake River country, a carload from Idaho Falls vicinity, and two cars from the Milwaukee-Coe county area. Other rams will be

trucked in from the Malad district, Twin Falls and other scattered areas over the state. Purchasers have been the source of the outstanding advancement of Idaho's range rams, and it is through the continual use of better sheep and quality rams that the sheep, both in the farm and range flocks of Idaho show a production better than the average over the United States.

The annual state ram sale has played an important part in bringing about this improvement of flocks and producers appreciate the advantages offered at this sale. For this reason it is expected that there will be the usual large attendance.

SWIMMERS NEAR END OF LESSONS AT BUHL POOL

BUHL, July 23 (Special to The News)—Saturday, July 23, will mark the close of a second successful series of swimming and life-saving lessons conducted in the pool at the Buhl city park by Charles F. Gill, life-saving expert from the Williamsport university, Oregon, under auspices of the Buhl chapter American Red Cross.

Mrs. Gill in summing up the results of this year's work stated that 125 persons, including adults and juniors, have taken advantage of the lessons. Of this number 80 were entered in the advanced swimming classes and life-saving groups. Many of the advanced students were women. Children who began the lessons last year were advanced this year and those completing the course will take the swimming and life-saving tests at Buhl's natatorium Friday and Saturday under the direction of Mr. Gill.

When passed as competent, the student receives a certificate from the American Red Cross Life Saving Service association and also an emblem to be worn on a bathing suit. The number of students entered in all classes here is much larger than in most cities the size of Buhl, Mr. Gill announced. Officials in charge plan a return date next summer, when it is hoped that Mr. Gill will remain 10 days instead of six as in the last two years.

Mr. Gill goes from Buhl to Italy, where he also conducted classes last year.

Market Trend Favors Two of Twin Falls Country's Important Products; 1 Cent on Fat Means \$2250 Month

Two of the Twin Falls country's important cash crops—butter and eggs—have within the past three weeks registered moderate price advances, following a long period of declining prices for these products.

Since July 6, Twin Falls quotations on butter have increased to 20 cents from 18 cents a pound, with an advance of one-cent each, while local quotations on eggs now are 6 to 12 cents per dozen, as against 5 to 6 cents per dozen the middle of the month.

An increase of a cent a pound in the price of butter, it has been estimated, means an increase of \$2250 a month in Twin Falls country's potential income.

Based on Records

This estimate is based on the county assessor's record of approximately 8000 registered and common milk cows in Twin Falls county last year, with arbitrary assignment to each of these cows of a 25-pound average butterfat production. Pioneer Dairy Herd Improvement association's June average butterfat, however, for 531 cows in 23 herds under test was 28.3 pounds of butterfat, with one out of every five cows in the association producing 30 pounds or more of butterfat during the month.

Advance in the local quotation of eggs price range reflects an advance in eastern centers which has been marked during the past three weeks by rise from 26 to 31 cents a dozen for the best grades on the New York market.

The assessor counted last year \$6250 laying hens in Twin Falls county.

With LOTS OF NEW MERCHANDISE Arriving Every Hour of the Day—And the TWO FINAL DAYS OF THE BIG BLANKET EVENT LEFT—Will Make Friday and Saturday Two Important and Eventful Days at the I. D.—Your Home Store

For the last three weeks our five buyers now in the East have and are still combing all the largest markets for values that will save our thousands of customers more money than ever before. Judging from the merchandise that has already been received we think they are doing their work 100%—we invite you to make a careful inspection and comparison of the new merchandise—we feel assured you will agree with us!

JUST A WORD ABOUT THE BIG BLANKET EVENT

Hundreds of blankets have been sold in the past week—in fact this year's event promises to surpass by far any preceding blanket week. We lay the enormous success of this blanket week to these facts:

1. The unlimited confidence of the buying public in the policies of their "I. D."—which is your home store.
2. The absolute confidence of the buying public in the policies of their "I. D."—which is your home store.
3. We were convinced of our superior values in blankets—we advertised them as such—asking the public to be the judge and to compare—their decisions were indeed very gratifying to us.
