ARCTIC METROPOLIS HOST TO AMERICA'S FAMED FLYING PAIR

Lindberghs Pause at Akivik

After 1100-Mile Over-

(By The Associated Press)

KIAVIK, Northwest

Territories, Aug. 5.—

Canada's "metropolis of

the Arctic" was host to Amer-

ica's most distinguished avia-

tion couple—the Lindberghs—

today as they rested here on

their 7000-mile aerial vaca-

tion to the Orient.

A lone Charles A. Lin-

dbergh, left his gliding, low-winged

monoplane on the calm waters of

Kievik, a small, isolated Arctic

village, where the sea and ice

were the only companions of

the lone pilot.

The next point on the Lindbergh

itinerary in Point Barrow, Alaska, 530

miles north and north of the Arctic

circle, was the last of the

question whether the flying

vacationers would stop there, as

the United States coast guard

commander, a seagull, was

supply for their plane, was blocked

by the ice. The Arctic

island, 150 miles beyond Barrow,

was the last of the

Lindberghs' flight.

The flying pair had been

in the air since they

left the United States

last night, and they were

expected to arrive in

Tokyo tomorrow.

GOVERNOR SPREADS MILITARY AGENTS OVER OIL FIELDS

Bloodless Battle for Higher
Prices Continues in Okla-
homa With Gushers Quiet
Under Military Control

(By The Associated Press)

OKLAHOMA CITY, Aug. 6.—

Governor William

Harrison Murray spread

his military emissaries further

over Oklahoma's oil fields

today, defiant of prospective

court action by operators.

With the great sweet oil

gushers of Oklahoma city

field quiet under military

control, the bloodless battle

for higher prices moved on to

the greater Oklahoma city

field, where James L. Murray

and Adjutant General Charles A. Bar-

rett, the Oklahoma national guard

commander, moved to control

the oil fields.

Meanwhile the governor enlisted

military aid to control the

oil fields, which he has estab-

lished and through a series of

orders has ordered the

oil fields to be closed down

until the situation is

under control.

A federal court at Okla-

homa City today said that

the governor's action in

closing the oil fields was

unlawful. The court said

that the governor's

action was "unlawful

and void." The court

said that the governor

had no right to close

the oil fields.

Idaho Bureau of Public Accounts Gives Out Partial Report on Disclosures

BOISE, Aug. 5.—The bureau of public accounts today released a preliminary report on bills for gasoline, oil and automobile repairs charged against state officials and employees by the motor equipment division of the department of public works. The charges were accumulated over several years preceding 1929, and showed the amounts to run from charges of a dollar or two to more than one hundred dollars.

The report said the purchases of gasoline apparently had been made without payment of the sales tax. The statement, which was made to Governor Ross by Carl Evans, director of the bureau, and also directed by the state department following the war had been sold to state employees who it was supposed to have been used for the general benefit of the state.

Recommendation
The report also recommended a revision in the system of auditing automobiles so that each department would be charged with the use of cars and the division limited to that unit bearing all the expense.

As instances, the report mentioned that the state auditor, the state attorney general and the state auditor of state and attorney general were charged with the use of cars. The report also mentioned that the two offices using the cars.

Individual accounts included one for Secretary of State Fred E. Evans for \$100, and one against George Jordan, former director of public works for \$100.

Evans said the report was not complete, and concluded with the statement that it was apparent that the equipment division of the department of highways has operated a number of years without the supervision of the accounts, and we hesitate to say at this time what the final results of the contemplated audit of this department will be.

EFFORT TO BREAK WILL
FAILS IN BURLEY COURT

BURLEY, Aug. 5 (Special to The News).—A jury of 12 men in probate Judge E. M. Wright's court found a contested will valid here Monday night, in the case of May Stoen and others who sought to break the will of Mrs. Ann Burns, represented by the executors, Monte P. Audrey C. and Norman E. Burns.

May Stoen and George Nebel, children by a first marriage, were set off in the will with a nominal bequest. All the property amounting to nearly \$30,000, was left to the children by a second marriage. The trial occupied five days, during which more than 25 witnesses were examined. This is said to have been the first trial in the county, and possibly in the state, where a contested will was heard before a jury.

Eight interrogatories were submitted to the jury, which upheld the will in each instance. The contestants were represented by B. T. Lowe and the executors by A. G. Sathre.

YOUTHS END CAMP
TRAINING SEASON

Boys of Murtaugh and Twin Falls Start Home From Utah Military Encampment

PORT DOUGLAS, Utah, Aug. 5 (Special to The News).—Two hundred sun-tanned candidates who were enrolled in the Citizens Military Training camp at Port Douglas during the past four weeks turned in their military equipment and olive drab uniforms and departed August 5 for their homes in Utah, Idaho, Nevada, and Wyoming.

Troops of the Thirty-eighth United States Infantry, under whose direction the training was conducted, are now being engaged in training the first camp which since the early part of July has housed 350 training camp candidates and reserve officers from the Intermountain country.

After 400 applications were received for the 350 vacancies in this year's camp, the camp authorities selected those of the departing candidates who wished to participate in advanced training next year to submit their applications early in 1932.

Among those who completed the course this summer were the following: Harold E. Stine, 165 Fourth avenue north, Twin Falls; Marshall Pate, 123 Broadway street, Twin Falls; Maurice H. Meyer, Murtaugh; and Owen E. Meyer, Murtaugh.

During the camp Cadet Captain Bailey acted as a cadet sergeant in Company "B", the machine gun unit of the student battalion. Stine was a cadet corporal in Company "D" and left Port Douglas with a silver medal awarded for winning first place in the 125-pound event in the camp boxing tournament.

RESERVOIR BOARD MAKES ELECTION

American Falls District Accepts Plan for Cancellation of Delinquent Levies

Notice was served yesterday on Twin Falls county by the American Falls district that it is elected to accept cancellation of delinquent taxes and retain the water rights on pieces of land within the county, mostly on town lots, against which levy had been made by the district. It requested that the acceptance be changed to show this election, and to cancel the levy.

The district is explained, makes a levy against lands within the borders to provide for maintenance, operation and repair of the reservoir. This levy is reported to the county to be incorporated into the assessment rolls and collected with other taxes. In the event that these taxes become delinquent the district under the provisions of the Idaho statute, may elect to cancel them and to retain the water, which may be divided to other lands. However, the owner should determine to redeem the lands he may pay the amount delinquent and retain the water right.

FIRE DESTROYS COUNTRY HOME

Flames Consume Five-Room Residence and Contents On Suburban Farm

Fire from unknown cause which broke out shortly after 10 o'clock last night entirely destroyed the frame house with five rooms and sleeping porch, on the Mrs. Odell farm, three quarters of a mile north and one quarter of a mile west of Twin Falls. All the contents except a radio, one chair and one couch, members of the fire department said that owing to their inability to see the furniture, they could not estimate the loss, which, however, might be in the neighborhood of \$2500 to \$3000.

The owner of the house, Mrs. Odell, is said, in Kansas. The place was occupied by Mr. and Mrs. John H. Toombs and family of four children, who were attending a motion picture show in Twin Falls when the fire broke out. It is stated that the furniture was partially insured. Shortly after 10 o'clock Francis Orin, Twin Falls, with a party of friends was driving by the house, when he saw that the interior was ablaze. He and his friends found the doors locked, but broke in and tried to save some of the furniture. They succeeded in getting out the radio, a chair and couch. The flames prevented further work.

The fire department hurried to the scene but found it difficult to get in touch with water. The fire had so far progressed that it was impossible to save the house, and when connection was made with a hose in a ditch, a stream was turned on the buildings and some smoke which was ignited was extinguished.

OFFICERS TAKE TWO MEN INTO CUSTODY

Lawrence Paulson and Frank Peterson were arrested shortly before noon yesterday by Deputy Sheriff A. C. Parker and a federal prohibition enforcement agent, and are held in jail, on suspicion of having violated the law forbidding transportation of intoxicating liquor.

The men were taken up five miles this side of Rupert, Mr. Parker said, that he and the prohibition officer were driving south and met the men who were apparently pumping oil into a fast fire. He says that he stopped to talk to them and that they jumped into their car and started toward Twin Falls. He declares that he gave chase and while driving through a cloud of dust got an order of what he took to be moonshine. He says that the road was being sprinkled from the car in which he and several associates were broken when it was overtaken.

Paulson and Peterson both deny that they had any intoxicating liquor in the car, officers say and indicate that they will plead not guilty should charges be preferred against them.
