BOSE, Aug. 26—A line of retaliation fortified by two additional troops of national guardmen was thrown up against the advancing forest fires, on the Placerville-Puertec fire front today in an effort to check it before it reached Laramie, a dozen ranches in its path, and broke away into the Central Idaho timber lands.

The troops were ordered out by Brigadier General M. G. McCormick, adjutant general, on request of Colonel P. C. Hummel in command of the fire line who said they were "the first line who said they were."

Chairman Nye Charges Ecclesiastic With Questionable Financial Tactics

—WASHINGTON, Aug. 28 (AP).—Senate campaign funds committee today searched through bank accounts maintained by Bishop James

Cannon when he headed the anti-Smith committee of Virginia in 1928, and after tracing the scores of checks, Chairman Nye charged the bishop with transferring political funds to his personal account.

"When you see this all put together," commented Senator Nye, Republican, North Dakota, after the long day's examination, "it reveals not alone the shifting of money from account to account but it reveals actual diversion of campaign money to his personal account."

Four Virginia bankers related how

Bishop Cannon had paid off personal notes during the 1923 campaign and just after it. They identified checks given into his personal account and Chairman Cannon said the bank records showed that some of these were drawn on the "political fund" maintained by Bishop Cannon in the Continental Trust Company, Washington.

W. B. Rice, Payette National Forest supervisor, said fires starting in the grass across the river would run wild, possibly reach the lower edge of the timber and then come down the river on the ridge rising across the valley from the fires.

Four pumps were posted at ranches in the path of the flames. All-

made up from a political fund. "We were not going to be accused of starting fire accounts on defunct affairs," he said.

Six checks—numbered 12, 13, 20, 21, 22 and 23—dated 1922, in his name, were cashed at the American National Bank, Richmond, Virginia, were cashed at the Citizens Bank, Washington, D.C., and were cashed at the headquarters of the now American Bank and Trust company, as being checks of the American National Bank, Trust company, Washington.

Senator Nye said these checks, totaling \$8500, were drawn from the American National Bank, Washington, in the Washington bank.

He said, driving their cattle before them, that he and his wife and Harvey took their three gathered during the day, they had run into the hands of the fire, and the hands of other fire fighters, all of whom saved themselves.

Senator Nye said that Dan Perkins, Oregon, assistant regional forester, they were fighting fire on the Fayette side of the river when the fire came, and he was the first to meet the men to go down the ridge while he went up to watch their men. He said that he had been with the party some times after he left and raced toward the ridge.

Clothes were burned off the two men and they attempted to cover their heads with dirt. Although their bodies were considerably burned, it was believed they met death by breathing flames.

Due to the arm-bone fracture, her arm was not mangled, but it was badly bruised.

The child's cries brought her mother, who was hanging up clothes in the yard. She was unable to throw the emergency lever, a neighbor who could be reached, she was rushed to Rupert general hospital. It is believed no bones were broken.

The jury for criminal action was held by a coroner's jury which concluded here yesterday that two days in the death of William T. Young, son of Cecil Harkins, 16, was killed in an automobile accident on the state highway east of Twin Falls last Sunday night.

The coroner's jury found "circumstances causing the death were brought about by the excessive speed of the car and the failure of the driver to use proper care."

The coroner's jury reached the conclusion and returned its verdict shortly before noon, a little less than an hour after the introduction of evidence was concluded. The inquest was held in the district court room, where the coroner presided.

Witnesses yesterday included G. E. Smith, and A. Scott, both of Kimberly, who testified that they saw the car on the highway near Kimberly shortly before the accident, and that it was traveling at a high rate of speed.

Mark Wood, Twin Falls automobile mechanic, and Walter Powell, Twin Falls, testified as to having seen a car that looked like the one that was later involved in the collision, traveling at a high rate of speed on the highway.

The fact of the collision was established through introduction of the death certificate and by testimony of G. E. Smith, Twin Falls mechanic.

A Special Notice and Request to the Pioneers of Settlement on the Twin Falls Project

The Idaho Department Store has reserved two booths in the exhibit building at the Twin Falls County Fair at Piler.

These booths under our supervision are to be donated for an exhibit of early day pictures and relics illustrating as nearly as possible the beginning and development of this amazing project.

If you have anything of interesting significance on local history it would be greatly appreciated if you would notify us.

It will probably be impossible to use everything which is offered because of limited space. Selection will be based upon the place which each article can fill in tracing chronologically the history of Twin Falls.

There will be an attendant in the booth and every precaution will be taken to safeguard the exhibits. However, articles and pictures of a high personal value are not solicited because of the responsibility involved.

If you would care to help us in this undertaking you can call 188 or when you are down town you can stop in. Thank you.
