PHILADELPHIA, Oct. 7 — The "Wild Horse of the age," "Pepper" Martin, colored again today with the "Wild Will of the Pitching Yaks," Bill Hallahan, to baffle the Athletics, perch victory atop the National League runner and put the Cardinals within one game of the world baseball championship.

The Cardinals, romped easily to

ties, 5 to 1, as Hallahan posted his second straight victory over the world champions and Martin continued on the wildest batting rampage in the

BUSINESS IS GOOD

"Business good?" "Yes, business is good." Such a variation when most merchants say "business is good" at this time, it is about 11 k saying there is no depression. Business is not good with most dealers and it never will be "good" until they get right down to brass tacks, create some competition by doing their utmost to serve the public better and more advantageously than has been the general rule during the past several years. We believe business right now is good with those who deserve it greatly. Only the O. P. BOARD USES KNIFE ON WAGE RATES OF COUNTY EMPLOYEES

Salary Reductions Totalling
\$2670 a Year, Affecting
20 Persons, Result From
Commissioners' Labors

Twin Falls county commissioners yesterday ordered reductions totaling \$2670 per year in the wages of deputies and other county employees, effective at the beginning of the next quarter next Monday.

Reductions ranged from 6 to 12 per cent.

Salaries of deputies who had received \$145 were cut to \$135 and clerks who received \$123 were reduced generally to \$110. The collector or of the county general hospital received the heaviest cut—\$123 to \$100. The lowest salary under the new schedule is \$80 per month as against a \$100 minimum salary under the former schedule.

Twenty persons who are regularly employed were affected by the wage cut.

The wage reduction order also affects the compensation to be paid to extra help.

It was estimated at the courthouse yesterday that the aggregate of reductions of salaries of regularly employed county deputies and clerks in the courthouse would be equivalent to the salary of 1-cent in each of each \$100 of assessed property valuation.

Salaries of commissioners and other elective county officials had been fixed last year for the biennium and were not subject to reduction by the commissioners' order.

Effect of the wage cuts in each of the county offices was noted in the commissioners' order yesterday as follows:

Auditor—office—Two deputies—reduced from \$145 to \$135; budget clerk, \$125 to \$110; third deputy, \$123 to \$110; clerks receiving less than \$100 a month unchanged.

Assessor's office—Two deputies, \$145 to \$135; other help or deputies to be paid \$100 a month.

Treasurer's office—Two deputies, \$145 to \$135.

Clerk of the probate court, \$125 to \$100.

County superintendent's clerk, \$100 to \$80.

Sheriff's office—Two deputies, \$145 to \$135.

Prosecuting attorney's office—County stenographer, \$112 to \$100; Weed department superintendent, \$150 to \$140.

Night janitor, \$100 to \$80; day janitor, \$120 to \$110.

County hospital collector, \$125 to \$100.

LEGISLATOR PLANS TO RESUME DUTIES

Representative Smith Finds
Various Matters Require
Return to Washington

Congressman Addison T. Smith has curtailed his stay in Idaho on account of important matters requiring his attention arising in the interior department and the budget bureau concerning affairs in his district, and plans to leave for Washington tomorrow morning, accompanied by Mrs. Smith.

Although congress will not convene until December 7, Mr. Smith states that as chairman of the committee on irrigation and reclamation there is much preliminary work which must be attended to, and in addition many conferences are being held concerning irrigation which he brought up for consideration when congress assembled which he desires to attend.

"Probably at no time in the country's history has a new congress been confronted with more perplexing problems than those which will be presented on the opening of the 72nd congress," Smith said, "and it is hoped that they may be approached in a non-partisan attitude, as the best interests of the government and the comfort and prosperity of the people are at stake and politics should be excluded from consideration in these trying times. Attempts to secure party advantage should be avoided until normal conditions are restored."

"It is a matter of conjecture," he continued, "as to which party will dominate the house of representatives as the strength of the two parties is so evenly divided. There are many members of each party that are in favor of the opposite party being given control, and there will probably be defections in favor of opposing party candidates for the house, the house of representatives will select under which the actual vote is taken. Two hundred eighteen votes are necessary to elect any two or three votes may determine the victor."

SETTLEMENT ENDS 5-YEAR-OLD SUIT

Litigants in Dispute Over
Garage Removal Reach
Agreement During Trial

Settlement reached out of court for a second time during the present district court term here halted proceedings in a suit when attorneys announced that a satisfactory agreement had been reached in a suit in which P. J. Pringle, Twin Falls, sought to recover \$250 damages from W. R. Summers and Mrs. C. Carol Slaughter for removal of a garage building from property in Kimberly to which Pringle claimed title.

Settlement was involved in litigation for some years, and the garage was alleged to have been removed to Mrs. Slaughter's acreage near Kimberly in December, 1925, during the time an appeal was pending in the supreme court.

The suit that was settled by agreement yesterday was started in July 1928. On of the defendants, W. R. Summers, died April 1, 1929.

Announcement of the settlement came yesterday after W. R. Chapman of counsel for Mr. Pringle had stated his case and after Mrs. Slaughter had testified as the first witness.

DISPUTE OVER DIAMOND GETS AIRING AT TRIAL

A diamond ring which Mrs. E. A. Griffin, Twin Falls, purchased in Denver two years ago was the bone of contention in a suit that went on trial before Judge W. A. Babcock and a jury in district court here yesterday afternoon.

David Cochran, Denver dealer, who sold the ring, sued in the probate court some months ago to recover possession of the ring, alleging forfeiture of the contract for purchase, and he appealed to the district court.

It was Mrs. Griffin's contention that the ring she traded to Cochran was worth \$330 and further that Cochran sold and refused to give a diamond bond contract guaranteeing the diamond she purchased from him to be perfect in color, without defects and weighing at least one carat.

Wow! what a ball game!

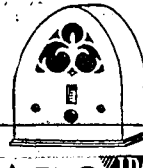

It certainly is worth the price....

Oh Boy!—two runs—two homers apiece—and it's the ninth inning. • The thrills of such a game are well worth the price to a ball fan—and he feels pretty well satisfied with the old home team when it crashes through. • When you compare the cost of the three hours spent in enjoying a ball game, with the cost of three hours use of electricity, you know electricity is cheap. • Look at the home runs for your money pictured below.

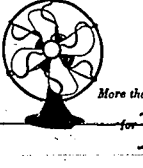

.... but where do you get more for your money than in buying Electric Service?

SYNOPSIS: Sam Sherrill promises to marry Peak Abbott, when her newspaper career, when her half-brother, Nelson, marries their mother, Martha. But the family's social and financial difficulties are removed when Fredrick Alderman, her stepfather, becomes wealthy. Sam considers the plan to her former lover, Freddy Munson, but finds Freddy strangely unwilling.

Chapter 23
THE STRANGER
Freddy Munson sat and leaned back in his chair. "You are trying to say, I suppose, that you and I were natural man and wife. That was it, wasn't it?"

Sam nodded, her eyes dropping. "Yes."

"Well, I admit the charge. I'll also admit that 'almost' is as far as we got." He continued to smile. "That being the case, I can't see any use in talking about it any more."

"But we must! I must explain!" "Look here, Sam, let me talk for a minute, will you? Freddy, you suddenly serious, leaned across the table and tapped on its surface for emphasis. "It seems to me that you and I are going to go to the things that must be said, because you are afraid of me."

"I'm not afraid of a scene," she said. "I'm not afraid of a scene," she said. "I'm not afraid of a scene," she said.

"You mean to tell me," she inquired in slow wonder, "that you and I are going to go to the things that must be said, because you are afraid of me?"

"I'm not afraid of a scene," she said. "I'm not afraid of a scene," she said. "I'm not afraid of a scene," she said.

"You mean to tell me," she inquired in slow wonder, "that you and I are going to go to the things that must be said, because you are afraid of me?"

DEATH IN WENDELL REMAINS MYSTERY

Coroner's Jury Fails to Find Cause of Demise of Mrs. Walter Howard, 35

WENDELL, Oct. 7 (Special to The News)—A coroner's jury investigating the death of Mrs. Walter Howard, 35, whose body was found in a tent house on the family farm three and one-half miles southeast of Wendell this morning, returned a verdict of "death from an unknown cause" here late this afternoon.

Mrs. Howard, 35, the mother of five small children, was found lying face forward on a cot in a tent house on the family farm three and one-half miles southeast of Wendell about 10 A. M. today, following a search instigated when a neighbor and a nephew who makes his home with the Howard family became uneasy over her disappearance.

Mrs. Howard's absence from the home while the children were being started off to school caused no alarm among the household though she had gone to the home of Frank Hines on a neighboring farm, where she had expected to help prepare a meal for a threatening storm. However, when the neighbor came to the Howard home to ascertain why Mrs. Howard had not made an appearance, the search for her was begun.

Upon finding the body, the nephew and neighbor called J. H. Cromwell, Gooding county coroner, Sherman Shump, deputy sheriff, and M. P. Ryan, county prosecuting attorney, who fanned the jury. The investigators reported finding a bottle of blue substance thought to be strychnine, near the tent house, but could not ascribe her death to poisoning, and were unable to find any reason for her having taken her own life.

Walter Howard, the husband, who had earlier in the week for the Challis country on a hunting trip, had not been located late this evening. Forest rangers were notified to look for him, but had not located him late this evening, and John Updgraff and C. B. West, Wendell, left later for the Challis district in an effort to notify him of the death.

Mrs. Howard is survived, besides her husband, by five children: Mary, 11; Ted, 9; Ida May, 7; Edith, 6; and Dorothy, 3. Three brothers, Ned and Carl Martin, West Point community and Harold Martin, San Diego; and two sisters, Mrs. L. S. Buttolph, Shoshone, and Mrs. E. B. Briggs, Brandon, Vermont, also survive.

HOLLISTER, Oct. 7 (Special to The News)—Percy Jones, Blackfoot, Idaho grand master of the Masonic lodge, visited the Hollister lodge Tuesday evening.

REV. MILLAR TAKES UP CALDWELL DUTIES

CALDWELL, Oct. 7 (Special to The News)—Rev. James Millar, formerly pastor of the Presbyterian church at Twin Falls, arrived in Caldwell this week to take up his work as the head of a new department in religious education, made possible by the successful completion of the synod endowment drive last spring.

As outlined by Rev. Millar upon his arrival here, work in the new department will, insofar as the students are concerned, have a threefold purpose, including instruction, cultural, practical and professional religious education. It will also be a service department for the churches of Idaho.

Rev. Millar is a native of Ireland, having spent his youth in the town of Ballymonee, in northern Ireland. As a youth of 20 he came to America and took up his education in American schools. He received a B. A. degree from the southwestern school of theology at Fort Worth, Texas, and a masters degree in education from the Colorado agricultural college, Fort Collins, Colorado.

Since coming to southern Idaho, Rev. Millar has gained recognition in church circles throughout the state, being especially active in young people's work. He is at present pastor-counselor for the southern Idaho Christian Endeavor society, and is scheduled to speak at the state convention of that society when it meets in Twin Falls, October 23 to 25. Dr. Millar also has served as director of the Synod's Young People's summer conference.

Mrs. Howard was formerly Miss Mildred Martin. She taught school here and was married later, about 12 years ago to Mr. Howard.

APPLE HARVEST MAKES PROGRESS IN HAGERMAN

HAGERMAN, Oct. 7 (Special to The News)—Fruit of excellent quality, and a fair yield is reported from apple orchards of Hagerman valley, where work of picking is now in progress. Jonathan, Winesap, Rome Beauty, Delicious, Winter Banana and several other varieties are being harvested. The work will be completed in about 10 days, it is expected.

"While the crop is moving at a lower price than usual this year, we are selling apples every day and feel that fruit is holding its own under present market conditions, about as well, if not better than other crops, a fruit grower of the valley said Monday. Local demand is reported fairly good. The first car to be shipped from the valley this year went out from the Kenneth Holmes orchards north of Hagerman the last of the week. It was shipped to eastern markets and contained 650 bushels of apples.

Completion of the work of picking apples and late peaches will bring fruit harvest in the valley to a close for the season. There was a good clean-up on the earlier fruits, at a lower price level than other years. Demand for peaches and apricots exceeded the supply.

BRIDGE PARTIES CLASH ATTENTION IN HAGERMAN

HAGERMAN, Oct. 7 (Special to The News)—Bridge parties have held a prominent place in Hagerman social affairs during the last week.

Sixty-four women, including a number of visitors from Wendell and Gooding, attended a bridge party given Saturday afternoon at Odd Fellows hall by members of the board of directors of the Hagerman public library. Members of the board are: Mrs. Martin Curran, chairman; Mrs. Earl Allen; Mrs. George Martin and Mrs. Stanley Penfold.

Bridge was played at 16 tables and a luncheon was served. The party was given for the benefit of the Hagerman library. Nearly \$20 was realized, which will be placed in fund to pay for the services of a librarian. Mrs. Curran announced first high prize in the card game; Mrs. Joe Miller, Gooding, second night; and Mrs. Rex Barlog, consolation prize.

Thursday Bridge club met at the home of Mr. and Mrs. George Hulme. Beside regular members, three visitors were present—Mrs. and Mrs. Parley Penfold and Ralph Lettermann. Mrs. John Sanborn received high score and Charles Skinner low score. Hagerman Club met at the home of Mrs. J. W. Jones Thursday afternoon. Mrs. Jones was assisted by her mother, Mrs. Willa Justice. Twenty members and three visitors were present. Plans were perfected at the meeting for the club annual Halloween dance.

There Is No Substitute For Milk -BUT-

It is important for the health of every member of your family, that the answer should be "yes" to each one of these questions

Is your milkman registered? Is the dairy that supplies your milk inspected? (Beware of buying unlabeled milk, "you have no recourse.") Persons delivering you milk unlabeled are violating the city milk ordinance and are probably not under city inspection. Do you keep the milk that has reached your home clean, cool and covered? Is the milk pasteurized?

RID THE ROADS OF Recklessness!

Usually it isn't automobiles which kill people.

Often it's RECKLESSNESS.

Recklessness means that thousands of lives can be saved, if people will only trouble to save them.

If you join in a great national drive to save lives... to make our streets and highways safer? Will you enlist on the side of safety in a war against the reckless driving that took 32,500 lives last year? If you will, come here to local headquarters of the Silvertown Safety League. Come in now. Let's save the children in and sign the League's pledge for car owners.

The nine, common-sense rules of this pledge were developed by the drivers of the famous Silver Fleet, who have covered 5,000,000 MILES WITHOUT INJURY TO A SINGLE PERSON. The pledge has proved its ability to prevent accidents.

Your copy of the pledge is waiting. We will install, without cost, the handsome chromium emblem of the League on your car—to show THE WORLD THAT YOU ARE ON THE SIDE OF RIGHT AGAINST RECKLESSNESS.

Let's save the children in this town. Let's fight for safety!

MY PLEDGE AS A MEMBER THE SILVERTOWN SAFETY LEAGUE I AGREE...

1. To drive at speeds in keeping with the safety of others as well as myself.
2. To keep on the right side of the road, except when passing.
3. To pass only when I know there are ample time and space—never on blind curves or when nearing the crest of a hill.
4. To go through intersections only when I have the right of way.
5. To observe all traffic signals.
6. To give signals myself that can be clearly seen and understood, before turning or stopping in traffic.
7. To drive only when in full possession of my faculties.
8. To keep my brakes, lights, and horn in good condition.
9. To operate my car on tires which assure a positive grip on the road—safe traction—and freedom from hazardous tire failures.

AIR CONTAINERS—taking the place of old-fashioned inner tubes—seal punctures on running wheels. (A) Cross section deflated. (B) Cross section inflated. Compression of rubber underneath cord insert prevents escape of air if a puncture occurs.

THERE ARE MORE SAFE MILES IN THE Silvertown than in any other tires... We make a generous trade-in allowance for your old doubtful tires. Don't risk blow-outs and skidding—start riding on safety-tested Silvertowns today!

It's a romantic time for coats... with sleeves doing dashing things with cavalier cuffs and elbow flares... with shoulder lines becoming wider... with waist lines wrapping even more closely than ever. Furs are used lavishly and flatteringly often in tones of striking contrast.
