GOVERNMENT PUTS FINANCING TOUCHES ONTO CAPONE CASE

Prosecutor Begins Closing Argument In Most Far- Reaching Legal War Ever Waged Against Criminal

By RAY BRENNAN (Associated Press Staff Writer)

CHICAGO, Oct. 15 (AP)—The United States government began today the final step in its three-year battle—the most far-reaching war ever waged against an under-world character—to put Alvin Karpis, James Earl Ray, and other notorious criminals through conviction of income tax evasion charges.

With a barrage of objections and motions, the government rested its case today, leaving in the court record of the year-long case the testimony of a witness who said they won \$75,000 from Capone over a five-year period.

Then began the government's closing address to the jury—an address in which the government attorneys invited the 12 middle-aged farmers, merchants and tradesmen to put on the scales the government's case against the gangster who had been indicted for income tax evasion charges.

"AMOS" OF RADIO FAME LIES ILL IN WINDY CITY

CHICAGO, Oct. 15 (AP)—"Amos," of the radio team "Amos and Andy," is confined to his bed with a severely ill condition, it was learned today. National Broadcasting company officials announced tonight.

Despite his illness, it was announced tonight by Freeman S. Godden, has had the microphone placed at his bedside and nightly broadcasts will continue.

"Amos," Charles J. Correll, Godden began his Monday and Tuesday broadcasts, but his temperature at one time reaching 103 degrees.

HOWLS DRIVE BRITISH PREMIER OFF PLATFORM

BEAUM HARBOR, England, Oct. 15 (AP)—Howled down and booed, Prime Minister Ramsay MacDonald abandoned an attempt to make a campaign speech at the colliery village of Beum Harbor tonight.

"Howls have never covered me and never will be," MacDonald said, "but I am not going to let them drive me off the platform."

He strove to answer questions, but his voice was drowned by the howls. He had been reduced almost to a whisper by several days of coughing and cold.

MacDonald beckoned the questioners to the front to answer their face-to-face. Then he made his last effort.

"I answer questions that you ask, but I am not going to let them drive me off the platform," he said. "But it is evident that you do not want to listen. I am sorry. Good-night."

POLICE RAID WINDY CITY SCHOOL FOR CRIMINALS

CHICAGO, Oct. 15 (AP)—A well-known crime school was raided tonight under the name "Keep the Neighborhood Clean Club," was raided by police who seized 13 youths, all armed, and recovered thousands of dollars worth of stolen goods.

One of the youths, who ranged in age from 15 to 24, had been tutored by older members in burglary and other types of crime, police believe.

SCREEN STAR MARRIES HOLLYWOOD DIRECTOR

LOS ANGELES, Oct. 15 (AP)—Arline Judge, stage and screen actress, and her husband, director, here married at high noon today at the bridegroom's Beverly Hills home.

Superior Judge Fletcher Bonson performed the ceremony while an array of Hollywood celebrities looked on.

Mr. and Mrs. Judge's first marriage was dissolved in 1928. Judge's second marriage was to a woman from Virginia, California, actress, recently.

FATHER WINS RACE TO SAVE LITTLE SON'S LIFE

LOS ANGELES, Oct. 15 (AP)—Two-year-old Allen Taplin tonight was rescued from a bad situation from his father, who probably will save his life, all because passengers on a transport airplane forgot their own lives.

Philip Taplin received a message at Las Vegas, Nevada, that his son was in danger. He immediately left for Los Angeles, 250 miles away, desperately ill, with physicians calling for some one to take the boy to the hospital.

Only blood from the father, the physicians said, was suitable. The telephone call came at 10:30 p.m. and the father, who was in the hospital, was able to get to the airport in 10 minutes.

Los Angeles airport officials sent a telegram to United Airlines, Los Angeles. The United airplane was a twin-engine plane, by that time the passengers were willing to turn back. The passengers unanimously agreed.

So Taplin arrived to hear his son's weak call of "daddy" from the hospital and the tension and anxiety at once passed. The doctors said Allen had every chance to recover.

"Why Try Capone?" Questions—Butler In Expressing Ire

SAN FRANCISCO, Oct. 15 (AP)—Meet the gangster on his own ground, use bludge and better machine guns to eliminate him, and "shoot to kill," declared the recipe of Mayor General Sweeney D. Butler, who retired as chief of police of the United States marine corps recently.

"That's 'em rough," the general declared in his tonight. "Why should the United States government be in the business of making the income tax law? You might as well charge him with putting his hair on the wrong side. It makes my blood boil as an American citizen."

"Meet animals on their own ground, use bludge and better machine guns, and armored cars, use the police guns and faster cars, and 'shoot to kill,'" declared the recipe of Mayor General Sweeney D. Butler, who retired as chief of police of the United States marine corps recently.

"That's 'em rough," the general declared in his tonight. "Why should the United States government be in the business of making the income tax law? You might as well charge him with putting his hair on the wrong side. It makes my blood boil as an American citizen."

ROSS INVESTIGATES STATE'S BAD LOANS

Governor Expects to Punish Persons If Possible For Misrepresenting Facts

BOISE, Oct. 15 (AP)—A thoroughgoing investigation of all avenues for recovery of loans made by the public endowment fund has been undertaken by Governor C. Ben Burton, who has said he will determine if any persons having made misrepresentations in connection with their loans may not be brought to account.

The governor expressed his determination to go into the matter in an interview on his return from North Idaho.

He said responsibility for loans which have been made in the endowment funds rests squarely upon the loan boards which have approved the loans. Occasional loans, he said, cannot be avoided even with the greatest care, but he is determined that no one shall escape.

"In one county alone, Teton, it was necessary," he said, "to foreclose 41 loans on which the state took a serious loss. The land board which authorized the loans was of one class where the loss was so great, certainly took a great responsibility upon itself."

The Teton county loans were reported by the bureau of public lands to the state land board, which had been and on which subsequent action has been taken in the amount to nearly \$150,000.

Common Sense Necessary

He said it would be unnecessary for the board to adopt any rigid rules to prevent losses. "Common sense is all that is needed," he said.

"Hereafter any loans made are going to be made after I have personal knowledge not only of the borrower but of the land on which the money is lent. It is humanly impossible to prevent entirely the losses which come in lending money in this way, but there will not be any more wholesale losses such as on that group in Teton county."

The governor made no direct comment on any loans other than the Teton county group, but has been reported to have been in the state land department and the bureau of public lands of losses on the former District Judge O. B. Baum, Pocatello, and Guy Smith, Gooding, both of which have been referred by the land board to the attorney general for investigation. They were foreclosed about five years ago.

IDAHO'S PRESBYTERIANS ENDORSE MARRIAGE LAW

PATIMA, Idaho, Oct. 15 (AP)—The Idaho Synod of the Presbyterian Church today endorsed a marriage law which would require a license and support of the Eighteenth amendment at the closing session of their three-day convention.

The synod ended tonight with a resolution of the synod and was approved by the synod. The synod was composed of ministers and other workers of the church. The next synod will be held in Moscow.

Recommendations were sent to President Hoover for his efforts for world peace.

Rev. C. M. Drury, vice moderator of the synod, and Miss Mary M. Crawford, who for several years has continued the missionary work of the famous McElcheth Sisters on the Lapwai reservation, presided.

Address was delivered at today's sessions by Mrs. Henry Roy Cloud of the American Indian Institute, Pocatello, and Miss Marie Kerr, district secretary of Foreign missions.

RED CROSS WORKERS MEET AT POCATELLO

POCATELLO, Oct. 15 (AP)—A. L. Schuler, manager of the Pacific area, appealed for better organization and more faith in public supporters. Cross regional conference here today. Delegates attended from Bannock, Blaine, and Boise.

Dr. William Dekline, San Francisco, discussed the medical activities of the Red Cross. J. King, Chicago, told of the work and organization of the local chapter.

CALDWELL'S LIVESTOCK EXHIBIT LURES CROWDS

CALDWELL, Idaho, Oct. 15 (AP)—The second day of the Southwest Idaho livestock show drew a record crowd here in the afternoon. The Querny cattle were displayed before the judges. Tomorrow is children's day and the final day of the exposition.

FIRE FIGHTERS GET HURT IN COLLISION IN DENVER

DENVER, Oct. 15 (AP)—Five firemen were injured one seriously, when two fire trucks and a delivery automobile crashed together here tonight.

The fire trucks were responding to an alarm: Hospital physicians said one of the injured firemen, Sullivan, probably would die.

League Invites America To Participate In Discussion Of Manchurian Controversy

Japanese Government Explains Opposition to United States' Part as "Most Assuredly Not Due to Unfriendly" While Washington Moves to Ignore Protests

(By The Associated Press)

THE council of the League of Nations voted 13 to 1 last night to invite the United States to sit in on the League of Nations council at a discussion of the Japanese and China in Manchuria. Japan cast the single adverse vote.

In Tokyo the government enunciated its desire that the United States follow a hands-off policy.

The Japanese government explained its opposition to American participation was "most assuredly not due to any unfriendliness" to the United States.

America is ready to ignore the Japanese protests and accept the League's invitation to participate. It was invited to participate in the League of Nations council at a discussion of the Japanese and China in Manchuria.

FOUR MEN DIE IN CHAIR AT CHICAGO

Fifth Man Scheduled to Pay With Life Gets Stay of Execution at Last Minute

CHICAGO, (Friday Morning) Oct. 16 (AP)—Frank Jordan was electrocuted at 12:11 A. M. today at the Cook county jail for the murder of Police Officer Anthony Ruffy and Patrick Durkin. He was the first of four men to be executed by the state today.

Jordan was charged with the murder of Ruffy and Durkin on April 12, 1928. He was sentenced to death on April 12, 1928. He was executed at 12:11 A. M. today.

He was the first of four men to be executed by the state today.

LAST HOUR APPROACHES FOR THOMAS A. EDISON

WEST ORANGE, Oct. 15 (AP)—Thomas A. Edison tonight slipped into a state of coma from which, it is believed, he will not recover.

Dr. Howe's announcement of the state of the inventor of the light bulb was made from New York City where he had been in communication by telephone with the Edison family in the event of an emergency.

A police officer over a carefully plotted road has been arranged to convey Dr. Howe from New York City to Edison's home in the event of an emergency.

Dr. Howe earlier in the day declared the "dear student" of the aged inventor has slipped closer to a coma than his condition had been at any time in the past few days. He also reported Edison was showing definite signs of weakening under the strain.

ST. LOUIS, Oct. 15 (AP)—Two champion Guernsey bulls walked out of the national dairy show today with the nation's highest cattle honors for their class. The grand and senior champion was a Guernsey bull named "The King of St. Bonifacio," owned by Langstaffer, Bonifacio, and owned by P. T. Wagner, St. Bonifacio, Minn.

Grand prize winners of the Jersey and Ayrshire classes will be announced tomorrow.

HUNTERS FIND SPOKANE MAN'S BODY AT BOISE

BOISE, Oct. 15 (AP)—The body of James J. Tierney, Spokane, was found by pheasant hunters today near the Boise river. A coroner's inquest revealed he was the victim of a heart attack.

Current residents in his location showed that his mother, Mrs. Nora Tierney, lives in Spokane. He had been camping in this vicinity.

He was about 35 years of age. Letters in his pocket showed he was in ill health and was traveling in search of work. The name of the Moose Lodge, Boise, was on the letters.

Physician Predicts Steady Increase In Life Span of Man

NEW YORK, Oct. 15 (AP)—In another 25 years man may average age instead of 55 as now, Dr. William H. Mayo, head of the Mayo Clinic of Rochester, Minnesota, predicted today in an interview at the American College of Surgeons meeting.

"Man," he said, "tends to degenerate. He must take care of himself between the ages of 30 and 50 in order to live to be 70."

"The idea prevails among the public that if one gets a good doctor when one is about 50 years of age, he has a good chance of living for 25 years and going on living for years. Health, however, should be studied and be taken care of at all times."

"No new method of treatment exists today which can benefit the mass of humanity, but by this study of health and going on learning to cooperate more intelligently with the physician, the average man may live to the age of 70 as the average expectancy."

800 PERSONS SEE MERCHANTS' FALL STYLE EXHIBITION

Second Night's Performance Brings Large Assemblage to Danceland Pavilion For Diversified Program

THE second night's performance of Twin Falls merchants' annual fall style show, combined this evening with a community swimming pool party. The show, brought to Danceland pavilion last night an assemblage of approximately 800 persons to spend two hours in clearly diversified program, in which modeling of up-to-the-minute mode in ready-made dress was widely presented.

The show was punctuated by musical dancing and specialty numbers, all well received by the audience. The orchestra furnished a wide variety of additional attraction, following the program.

Large attendance was approximately 200 greater than that of the opening night, and the final program of the evening with an entire change of program, is expected to bring out a crowd that will put a premium on standing places.

A score of Twin Falls' most charming young women, a half dozen youth men who have not been accustomed to modeling, and a group of pretty little girls and sturdy small boys have been engaged by several merchants to assist in the show. The show is a new departure for the town and the use for which they are intended.

NAVY LOPS OFF BIG SUM FROM BUDGET

Still, Treasury Finds Debits Than Credit Column Figure

WASHINGTON, Oct. 15 (AP)—The federal deficit passed the half-billion mark today with the Navy's sizable amount off the amounts it is asking for next year's expenditure.

The Navy's budget for next year, \$1,000,000,000, is \$1,000,000,000 greater than the total at the bottom of the credit column. In a little more than 100 days, the deficit had mounted to more than half of the total at the bottom of the credit column. The Navy's budget for next year, \$1,000,000,000, is \$1,000,000,000 greater than the total at the bottom of the credit column.

IDAHO HIGHWAYS GET \$1,330,448

Secretary Hyde Apportions \$125,000,000 Authorized For Federal Aid Roads

WASHINGTON, Oct. 15 (AP)—To aid states in planning 1932 highway construction, Secretary Hyde today apportioned the \$125,000,000 authorized by congress for federal aid roads nearly three months in advance of the usual time.

The last congress increased the regular federal aid fund from \$75,000,000 to \$125,000,000. The new fund will be used to pay the emergency advance through deductions from regular allocations. On this basis, the federal aid fund for 1932 will be \$125,000,000.

of Bethlehem and Youngstown Stockholders Over \$1,000,000,000 Company

Mr. Orsco said the cancellation was due to changed conditions which made it impractical to execute the contract made in March, 1930.

Whether new attempts will be made to merge the two companies

There were approximately 200,000 shares of such "dissenting stock." To their owners, the failure of the merger means the collapse of hopes that they might receive the \$110 cash for their shares, which at recent

SCIENCE UNCOVERS MISSING ELEMENT

Cornell University Professor Identifies Substance Known Only as Number 87

NEW YORK, Oct. 15 (AP)—A new substance, the missing element number 87, poked its way into the view of science today. Ninety-two elements long have been known to comprise every matter substance composing the earth, but two of them known only by Number 87 and 88 never have been found definitely.

Positive identification of this substance is remarkable, a lustrous black compound, was announced this afternoon by Cornell university, along with evidence of some of its properties.

According to this evidence, 87 is a solid, is insoluble in water, is extremely inflammable, and is the most light-sensitive material yet found. While the Cornell experiments do not yet show the color, science long has expected that number 87 would be a white, lustrous metal. The other missing child in the earth's element family is expected to be black, a shining solid, related to the iodine family of elements.

Potential Job
The information developed at Cornell immediately gave the new scientific baby, a potential job in electricity. It may make the world's best coating material for photo-electric cells, the electric "eyes" which by reason of their films of light-sensitive metals far outdo human vision.

The Cornell discovery was made by Jacob Papish, professor of spectroscopy. It was made with the aid of spectroscopy, the same instrument which astronomers use to detect the substances of which stars are made. It is the same instrument with which Dr. Papish discovered that in the slag heaps of smelters there is plenty of the once-rare element, germanium.

OFFICIALS AT HARVARD BAR NOTED EVANGELIST
BOSTON, Oct. 15 (AP)—A group of Harvard students who had invited Alvin Temple McPherson, Boston, California evangelist, to visit Dangle house at the college, said today that her visit had been barred by Harvard authorities.

The group of a dozen students entertained Mrs. Hutton at luncheon in a Boston hotel. They said they had been taken to task for extending their invitation, and explained they had been given to understand that any student whose name was used in connection with the activities of the evangelist would be dropped from the roll of the college. The students said they had invited the evangelist, who is conducting revival services in Boston, to luncheon because they wanted to hear her theory of saving souls and to ask her about her "Four Square Gospel" and find out "what it's all about."

There were no theological students in the group and several explained they had nothing to say means "solid" on Mrs. Hutton's ideas.

ATTORNEY MAKES CLEAR PIPELINE FIRM'S NAME
PORTLAND, Oct. 15 (AP)—Johnston Wilson, Portland attorney, disclosed today that the "international utilities corporation," which asked permission this week of the Oregon highway commission to lay a pipeline parallel to the Old Oregon highway, is in no way connected with the large Eastern company of the same name.

Wilson is attorney for David E. Lamb, who outlined to the commission his purported plans to pipe natural gas from Montana and Wyoming.

ECUADOR PROVISIONAL CHIEF GIVES UP POST

QUITO, Ecuador, Oct. 15 (AP)—

Provisional President Luis Larrea Alba surrendered his office today to Alfredo Baquerizo Moreno, president of the senate, who immediately took charge of the government.

The transfer of power was made after Larrea Alba had appointed

the president of the senate to the post of minister of interior.

Before relinquishing the executive position Larrea Alba accepted the resignation of his entire ministry.

The streets were thronged tonight by crowds of demonstrators celebrating the change in government.

Party Leaders Push Control In Next Congress

PRESIDENT WANTS BALLOT TO REVEAL ATTITUDE OF BODY

Unique Situation Gives Unusual Power to Farm Labor Member of House

DEMOCRATS HOPE TO WIN SEAT FROM OHIO

If Bourbons Replace Longworth, Exact Balance of 217 Members Results

(This is the first of three articles by Cecil B. Dickson, head of the Farmer-Labor party, on the situation in that body, for control of which Republicans and Democrats are about to grapple.)

By CECIL B. DICKSON

(Associated Press Staff Writer)

WASHINGTON, Oct. 15

Party leaders are perplexed over the

unique situation that will exist in the house of representatives

when the seventy-second congress convenes December 7.

Not until a speaker is selected by a majority vote will

President Hoover know whether or not he will have a friendly Republican-controlled house in the last session before the 1936 presidential campaign.

Although the Republicans and Democrats now have 216 each and the Farmer-Labor party has vacancies are to be filled in the coming weeks by special elections.

The Democrats claim to have a chance to win the Ohio seat left vacant by the death of Nicholas Longworth for six years.

Should they be successful, each party probably would hold 217 seats, the House would be evenly divided.

Minnesota, by its single vote, perhaps could decide whether the Republicans or Democrats would take control.

Should the Republicans lose house control the Democrats would not only get patronage, but also committee assignments, which are much desired.

Both parties plan to caucus within 10 days of the opening of congress to name nominees for the speakership and to select their respective leaders.

At a caucus last February the Republicans renominated Longworth and named Representative John Q. Tilson of Connecticut their leader for the fourth term.

Sen. Tilson's Outstanding

Since the Ohioan's death, however, Tilson, the party's floor leader, and Representative Bertrand Snell of New York, for years chairman of the powerful rules committee, have become outstanding candidates for the Republican speakership nomination.

As the time approaches for the caucus partisans are to feel that both Tilson and Snell will have a good chance of winning the nomination for the leadership before either can logically claim a majority.

Deadline One Prospect

A third candidate, should one develop, might force a decision, the result in a compromise seat, so that the Republicans could meet the Democrats undivided when the roll is called.

By bolting the Republican caucus last February, when the Republican speaker's leadership slate was approved, more than a dozen independent served notice on the regulars that they would not be bound by the action.

An independent Republican spokesman said within the new caucus selected men acceptable to his group an independent candidate might be proposed.

Garner Democratic Hope

Representative Garner of Texas, beginning his fourteenth term, has practically the unanimous Democratic approval as nominee for speaker.

After the roll call following conference

INEXPENSIVE PRESCRIPTION GUARANTEED TO END RHEUMATISM

Thousands joyfully satisfied with swift 48 hour relief.

Progressive pharmacists will tell you that the popular big selling prescription for rheumatism right now is Allen's—80 cents you can get a generous bottle from the Pharmacy or any up to date drugist.

You can get it with an absolute guarantee that if this cure does not relieve the agony—and reduce the swelling in 48 hours—you money back.

URIC ACID POISON STARTS TO LEAVE BODY IN 24 HOURS

Out of your joints the uric acid that causes your suffering—its safe, sensible, scientific formula—free from harmful or pain producing drugs.

The same absolute guarantee holds good for sciatica, neuritis and lumbago.

See days it removes the cause. Act

Representative Bertrand Snell (left) and Representative John Q. Tilson (right) are favored Republican contenders for the speakership. If Progressives in their party and the threat of a tie with the Democrats may put another in the late Nicholas Longworth's seat.

evening of the house the first Monday in December, each party will select ballot tellers and nominations for the speakership will be on the order of the day. If only two candidates are offered, one will be selected on the first roll call provided there is not a tie vote.

The thirty-fourth congress, meeting in 1855, required 133 roll calls and more than a month's time before the speaker was elected, and four years later, 44 ballots were necessary to fill the post.

The only way in organizing in recent years in the sixty-eighth congress when nine ballots were cast in three days before Frederick Gillett was chosen speaker.

FILER GROUPS ENJOY MANY SOCIAL EVENTS

FILER, Oct. 15 (Special to The News)—Several Filer societies have enjoyed seasons during the last week.

Filer Woman's club held its regular meeting October 14 in the Methodist church basement. Reports of the club were given. Members received from fair exhibits will be used by the club for the purchase of books for the Filer public library, which is sponsored by the club. Mrs. O. W. Parsons, president, gave a special report of the district federal meeting, recently held at American Falls. Mrs. George A. Scheraga gave a whistling solo. Miss Lucy Scheraga, also gave a whistling solo.

The piano by her mother, Mrs. R. K. Dillingham, played two violin solos.

The next district of the club will be October 28. The program will be in charge of the Garden department.

Marian Kloppenburg entertained at a party Friday evening at the home of her parents, Mr. and Mrs.

W. L. Kloppenburg. Games were enjoyed, followed by refreshments.

Mrs. B. A. Beem entertained at her home Sunday with a pot-luck dinner for the families of C. C. Beem, E. A. Beem and E. H. Hammarquist. The occasion was the birthday anniversary of O. C. Beem.

Mr. and Mrs. Henry Simon entertained the Fitch club at their country home north of Filer Monday evening. Howard S. McKay, Twin Falls, received high score. Delving refreshments were served following the games.

The Washington club met Thursday afternoon with Mrs. A. C. Davis. Roll call responses were given.

Storrs Oil Reserves held a meeting at the Filer rural high school this afternoon.

BOY-IN-EDEN SUFFERS FROM BULLET WOUND

EDEN, Oct. 15 (Special to The News)—Earl Mitchell, 14-year-old son of R. T. Mitchell, Eden, is recovering satisfactorily from effects of a gunshot wound he received in his right forearm last Sunday afternoon while he and a companion, Charles Thornton, were removing a cartridge from a 22 calibre rifle.

The boys had been shooting rabbits north of Eden. Mitchell had turned the rifle over to Thornton after himself failing to extricate an unexploded shell, which later exploded as they were prying it loose.

Young Mitchell, who was standing about a short distance away, was struck in the forearm, the bullet shattering one of the bones.

McElwain's Shoe Store

McElwain's Shoe Store, "The Dependable Shoe Store," located at 140 Main Ave., North, has served this community for the past four years.

During that time, McElwain, personally, has served his many friends here with real success built upon his high standards of service for the past seven years.

During that time, this institution has served his patrons in a way that makes it not only the outstanding shoe store in Twin Falls, but throughout all of Southern Idaho.

His fame has reached even further, many satisfied customers today, as far away as Denver, Alaska, San Francisco, so delighted with the service rendered, still order their favorite models by mail.

Slogan Is Motto

But of course, the largest patronage is always at his immediate store. There are many reasons for the great popularity enjoyed by McElwain's. Probably the foremost and the broadest is worded in the store's motto: "The Dependable Shoe Store."

All that can be implied by such a phrase is lived up to in this shoe store. Customers come to get one of them. They come to get one of them. They come to get one of them.

They come to get one of them. They come to get one of them. They come to get one of them.

They come to get one of them. They come to get one of them. They come to get one of them.

They come to get one of them. They come to get one of them. They come to get one of them.

They come to get one of them. They come to get one of them. They come to get one of them.

They come to get one of them. They come to get one of them. They come to get one of them.
