BUHL DAIRY HERDS PRODUCTION LEADS

Pioneer Association Report
Shows 72 Out of 420 Cows
Excel 40-Pound Fat Mark

Buhl district dairy herds carried off "butterfat" production honors among larger herds in the Pioneer Dairy Herd Improvement association for the month of September, according to a report by W. C. Gerlach, tester, given out at Twin Falls county agent's office yesterday.

Mr. Louis herd of 23 registered Holsteins led the large herd division with an average production of 861 pounds of milk and 32.5 pounds of butterfat, and Mr. Posters' herd of 12 grade Jerseys took first rank among herds of between 10 and 20 cows, with an average of 861 pounds of milk and 41.3 pounds of butterfat.

P. W. Neale, Twin Falls, with four registered grade Guernseys, led the small herd division, with a record of 799 pounds of milk and 37.6 pounds of butterfat, average production.

Among 420 cows in 29 herds in the association during the month, 72 produced 40 pounds or more of butterfat each.

The association's average production for the month was 864 pounds of milk and 25.7 pounds of butterfat.

HEALTH UNIT PLANS TUBERCULOSIS TEST

Contemplated activities of the Twin Falls health unit in the schools for the present year include test of senior and junior high school students for possible incipient tuberculosis, Dr. C. E. Jensen, director of the unit told 250 persons in attendance at the health program of the senior and junior Parent-Teacher association-meeting in the high school auditorium here last night.

Dr. Jensen, on being introduced by A. P. Bowler, chairman, said that the students of those classes are generally of the age at which the seeds of these troubles are planted which develop later in life. He traced the work of the unit, which he said had made 1475 visits after the pre-school age tests had been made last year.

The campaign of immunization against small pox and diphtheria in the grade schools is well under way this year, he stated. All grade school children have received one treatment for diphtheria and will receive two more. One treatment will be given for small pox. Scarlet fever treatment should be administered but, as this makes children sick it is objected to by some parents, he said.

Dr. Gockner, Twin Falls city traffic officer told of the benefits of the school patrol. He said that in 1928 in the state of Washington there were more than 100 accidents among children in streets and highways near schools. In 1929 after the patrols were established there were none. He cautioned against permitting children to ride bicycles at night without lights, and asked parents to warn them not to cross intersections in streets or run across lines of traffic.

Mrs. L. O. Kirkman spoke briefly on the Children's charter, so far as it related to health of students and pupils.

The junior high school orchestra gave a 15 minute concert with Mrs. Riching and Helen Stevens alternating as director.

Twelve new parent members were received making a total of 86 parents and 62 teachers in the organization, the largest in its history, Mrs. L. E. Jordan reported.

An unusually large number of parents visited rooms during the open house period, it was stated.

DOOLITTLE LANDS SHIP ON MEXICO CITY FIELD

MEXICO CITY, Oct. 20 (AP)—Twelve hours 24 minutes out of Ottawa, Canada, Major James H. Doolittle brought his biplane down on the Valbuena field at 3:18 P. M. today, completing a three-capital flight which he described as "unfettered."

The flier calculated he had made the trip in 12 hours 24 minutes, but an unofficial log of his flight indicated he had taken a few minutes longer, his elapsed time actually being 12 hours 36 minutes.

"The biggest thrill I got out of this flight was landing this baby powerhouse at this altitude and speed," he said.

Colonel Pierre, chief of the Mexican civil air force, who flew from New York to Mexico City without

AND NOW Beauty Work of Quality

We realize that with the present world-wide readjustment of prices and costs that has affected nearly every business, it is time for us to take steps toward giving you more for your dollar, too.

To give you more for your money we are merely reducing charges for our beauty work. It is NOT our intention to alter the unusually high standard of our work.

Historic Battle of Yorktown Reenacted

RED COATS AND GREEN-clad Hessians were on hand at Yorktown, Virginia, to reenact the stirring incidents preceding the surrender of Lord Cornwallis during the great centennial celebration of the battle of Yorktown. Here are some scenes from the pageant. Above: General Lincoln accepting sword from General O'Hara for General Washington, who is on the right. At right: Lieutenant B. M. Hall, who impersonates George Washington, firing the first shot of the battle. Below: British soldiers behind the redoubts. (—P) Photo.

Old Friends Meet at Yorktown

HENRI PETAIN (LEFT), marshal of France, was greeted by General John J. Pershing when he arrived in Yorktown, Virginia, to join American celebration of the one hundred fifty anniversary of the battle of Yorktown. The hero of Verdun and the American commander were associates during the World war. (—P) Photo.

step last year in 14 1/2 hours, was one of the first to congratulate him.

He said his flying speed was 225 miles an hour and his average speed for the distance from Ottawa to Mexico City was 204 miles an hour.

STAR MEASUREMENT REQUIRES ACCURACY

WASHINGTON, Oct. 20 (AP)—Astronomers who measure the diameter of stars perform a task comparable to measuring the diameter of a quarter of a dollar from a distance of 50 miles.

That's the telescope comparison suggested by the United States Bureau of Standards.

Possibly
you
wonder

why some good coffees vary in flavor from time to time. How could it be otherwise when they are made side by side with cheap coffees. If Schilling never varies in flavor it is because it comes from the only place in America where only fine coffee is made.

Several years ago Schilling stopped trying to make both good coffee and cheap coffee. It just can't be done and keep good coffee at its best. It can't be done with coffee, any more than with other things—for cheapness is contagious.

MATTING SHEDS LIGHT ON PREHISTORIC RACE

JONESVILLE, La., Oct. 20 (AP)—Remnants of bamboo cane matting found under a demolished Indian mound near here, are accredited with revealing for the first time the construction used by the prehistoric mound builders of the South.

This is the statement of Winslow M. Walker, associated of anthropology of the Bureau of American Ethnology, Smithsonian Institution, who visited the spot after learning that the entire mound had been carted away as filling material by road builders.

The matting probably formed part of the floor or walls of a mound, burial temple or chief's house, Walker explains.

It was customary among some mound builders when a chief died to burn his house and then heap a mound over it, Walker points out.

BANKERS IN ST. LOUIS "LOOK OVER" PATRONS

ST. LOUIS, Oct. 20 (AP)—A new type of anti-robbery equipment, recently given a practical demonstration in a bank at Florissant, St. Louis suburb.

The basic idea of the installation, which frustrated the attack of four bandits and resulted in the capture of two of them, is a vestibule through which all persons entering the banking rooms must pass.

Persons seeking entry are scrutinized as they stand in this vestibule. If recognized by employees, the outer panel of the double door is opened by electrical contact and the customer steps into the door. The outer panel then closes, the inner one opens and he steps into the bank proper.

RICHARD DIX MARRIES SAN FRANCISCO GIRL

YUMA, Ariz., Oct. 20 (AP)—Richard Dix, motion picture actor, and Winifred Cox, San Francisco, were married here today.

The debutant Dix signed the marriage license application in his real name, "Ernest Carlton Brimmer," but little good the unfamiliar appellation did him. He was hailed by admirers in a drug store, and they followed him to a soft drink stand, where he partied of seven before his bride-to-be reached the marriage license bureau.

The ceremony was performed by Justice of the Peace Earl A. Free; man, J. Walter Ruben and Josephine Brimmer, sister of the bridegroom, signed the certificate as witnesses.

In applying for the license, Dix gave his age as 27, and Miss Cox as 23.

The newlyweds planned to return tonight to Los Angeles, from where they had motored for the ceremony.

CUTS IN UTILITY RATES PAY TEXAS CITY TAXES

AMARILLO, Texas, Oct. 20 (AP)—Residents of Amarillo will pay their city taxes from money saved to them through utility rate reductions.

The saving to citizens amounts to approximately \$700,000 a year, while tax reductions levy boosts the total to more than \$800,000.

Mayor Ernest O. Thompson estimates the total represents \$21 in the pocket of every individual in Amarillo, or an average of about \$100 to the family.

BREVITIES

Return to Nevada — Frank O. Evans, Kewanee, Nevada, who was arrested here for a Nevada crime, returned here today.

Leave for Kansas — Mrs. M. Sperry, Elsworth, Kansas, who home yesterday after a visit to her daughter, Mrs. F. H. Allen.

Here from Kansas — William Hartke returned yesterday from a business trip to Kansas county where he is employed on a road contract.

Leave for Idaho — Miss R. R. Smith and Dr. Ora Keith left yesterday for McCall to visit the silver fox farm in which they have an interest.

Leave for Idaho — Mrs. Carl A. Gubler, Buhl, surgical patient at the Twin Falls county general hospital, during the past few days, left yesterday for her home.

Apply for License — Carl Gerner and Meta Harma, both of Buhl, filed their application for a marriage license at the office of the county recorder here yesterday.

Patent Improves — Mrs. John Butterfield, Dietrich, received at the county hospital here late Monday night for medical treatment, was yesterday reported to be considerably improved.

Visit to Salt Lake — Thomas D. Ross in Salt Lake City to spend a day with his two sons who are students at the University of Utah. His oldest son will leave Thursday on a trip to Germany and Austria.

Return to Wells — Mrs. H. L. Tuttle, Wells, returned to her home yesterday after a visit with her daughter.

bon-stationed for the past year, Mr. Wilmer will serve as district manager for the O. A. Dyer Manufacturing company of San Antonio in this area, with headquarters in Twin Falls.

"BONES" OF SEA PLANT FIND EVERYDAY USAGES

WASHINGTON, Oct. 20 (AP)—Tiny skeleton-like remains of water plants that floated in ancient seas and rivers now play a part in almost every phase of the daily life of the average human.

Diatoms are microscopic plants that absorb silica from the water in which they live, forming skeletons. When diatoms die their skeletons form deposits known as diatomite, says the United States bureau of mines.

The largest consumer of diatomite is the sugar industry, which uses it to filter sugar solutions. Finely pulverized diatomite is used in nail polishes and for tooth pastes and powders. It has many other uses.

IMPROVED FEELING APPEARS ON MART

Stocks and Bonds Advance Vigorously Under Leadership of Railway Equities

MARKETS AT A GLANCE
NEW YORK, Oct. 20 (AP)—Stocks: Strong; rails and utilities the feature.
Bonds: Strong; all groups rise.
Com: Strong; all groups lead.

Foreign exchanges: Firm; sterling strong.
Metals: Barley steady; hedge active.
Sugar: Easy; increases spot offerings.
Coffee: Higher; firmer Brazilian market.
CHICAGO: Wheat: Predictions rain southwest, favorable European corn summary.
Cattle: Steady to higher.
Hogs: Lower.

By JOHN J. COOLEY
(Associated Press Financial Writer)

NEW YORK, Oct. 20.—The security market today had a better feeling than it has had in some time, but it was not as good as the feeling that had been hovering over Wall Street for the past few days.

Stocks and bonds advanced vigorously, given strong leadership by railroad issues and by United States government obligations.

The freight rate decision was announced after the close. Wall Street was rather uncertain as to just how it would be influenced, but the opinion in many quarters had been that no flat rate would be allowed, and higher rates would be permitted on a sliding scale. Rate experts felt that the freight rates would be higher. What effect, if any, the decision would have on the stock market was one of the questions raised.

Foreign buying of stocks and bonds doubtless helped the rally. In addition, further liquidation of bankers' bills for foreign accounts, were reported and it was immediately assumed that the demand came from the Bank of England, which had been buying heavily in the London market. The market has helped to settle foreign rumors concerning the dollar and to bring about a larger volume of trade, but still of very moderate proportions.

Close Strong
Rocks advanced from the opening and continued extending their gains to a 1-1/2 to 2 percent. Scattered profit-taking clipped off small fractions of the advance, but the close was strong. United States Steel, American Can, Westinghouse, New York Central, Pullman and Chicago & North Western were among the leaders. DuPont, Sears Roebuck, North American and Consolidated Gas were up 1/2 to 1 percent. Alcoa, American Chemical, Woolworth and Southern Pacific 3/4 to 1 percent. American Telephone & Telegraph 1/2 to 1 percent. Freight loadings for the week ended October 18, 1931, were 1,400,000 cars, a somewhat higher decline than had been expected.

Particularly noticeable was the strength of the bond market where several United States government securities sold at a profit or more. Japanese governments came back actively, highest grade corporate loans were picked. Foreign investments, buying

IDAHO UNIVERSITY HEAD ON PROGRAM

Dr. M. G. Neale One of Prominent Educators to Address District Teachers' Meeting

Dr. M. G. Neale, president of the University of Idaho, Moscow, and Dr. J. L. Jewell, head of the department of vocational education of the Oregon Agricultural College, Corvallis, will address the Central Idaho teachers during a two-day session of the annual district teachers' convention opening Friday, October 30, at the Twin Falls hotel. The Twin Falls county superintendent of public instruction and chairman of the district teachers' association, "announced yesterday."

Dr. Neale, who became president of the state university about two years ago, has not previously visited Twin Falls, and Dr. Jewell will stop here on the way back to Corvallis after an eastern speaking tour. Other convention speakers will include W. D. Vincent, Boise, state commissioner of education, and Dr. Russell, chairman of a committee on revision of Idaho high school courses of study.

Dr. Neale, who is to appear on the program for Saturday, October 31, is to speak on the subject, "The Challenge of the Future." The challenge is to speak Friday forenoon and afternoon sessions.

Sectional Meetings In addition to general sessions, the convention program provides for 17 sectional meetings, each with its own program for discussion of matters of particular interest to its own group of teachers. Each sectional meeting is to be in charge of its own chairman, and programs for these meetings, Mrs. Wilson said, are being arranged this year. The Twin Falls-Memph school football game, originally scheduled for Friday, October 30, has been delayed for one day to permit of attendance by teachers attending the convention.

Twin Falls Parent-Teacher association is to entertain for visiting teachers at a reception in the high school building on the afternoon of the convention's first day, and visiting teachers are to be honored guests at the first dance of the season to be given by Twin Falls High school the evening of that day. In working out the convention program, Dr. W. H. Perry, Twin Falls high school principal, is serving as acting secretary of the district teachers' association. The district comprises eight counties.

High School News

The Girl Reserves of the Magic Valley district are looking forward to the annual fall conference, to be held this year at Twin Falls. The date is set for November 7 and 8, and the theme of the conference is to be "Golden Jubilee" due to the fact that this is the fiftieth anniversary of the Girl Reserves' organization. The banquet in the evening will honor the first Girl Reserve, Mrs. A. H. Hutton, presented by the different clubs in the district. The meetings of Girl Reserves' clubs from 1931 to 1931.

The three Girl Reserves clubs of Twin Falls high school will meet Thursday afternoon to discuss plans for their part in the conference.

Practice for the Junior play, "The Play," a comedy in three acts, had begun under the supervision of Mrs. Bonnie May Simpson, public speaking instructor. Members Bernice, Mary, Dorothy, Dora, Mary, Waters, Maxine Buckenlin, Gaylord Ojala, Catherine McKee, Oreta Wiley and Wallace Cooper.

FRATERNITY MAKES GIFT FOR CHARITY

The Sigma Delta Psi of the Twin Falls high school last week contributed about \$35 of canned goods and clothing to the Associated Charities.

CATHOLIC WOMEN PLAN DEANERY SESSION HERE

Business, get-together and luncheon meeting of the second deanery of the Idaho Council of Catholic Women will be held at the Park hotel, Twin Falls, October 29, at 1 P. M. It was announced yesterday by Mrs. D. E. Regan, president of the deanery organization.

Counties within the deanery are Blaine, Camas, Cassia, Gooding, Jerome, Lincoln, Minidoka and Twin Falls. All Catholic women whether delegates or not are invited. Mrs. Regan announced, Mrs. Fred Kline, secretary, and Mrs. J. H. Barnes, treasurer, are also invited. Mrs. J. H. Barnes is in charge of the session.

MINISTER COMPARES MAN TO AUTOMOBILE

Comparison of man to an automobile was made last night by Dr. Elijah Hull Longbrake, pastor of the First Methodist Episcopal church, in an address on "Manpower of Christianity" at the annual pleasant dinner of the First Christian church, attended by 125 persons in the church parlors last night.

"Men are like automobiles in many ways," he said, naming others, some are four cylinder, some six cylinder and some eight cylinder machines. It is important that all be working whatever their power. In times like these it is essential that we have faith, and faith is an attitude of Christianity. We must be sold on the necessity for a church in this time. While God is the same God, and Jesus Christ is the same redeemer as always, we must adapt the teaching of Christianity to the age in which we live."

John W. Graham, Twin Falls actor, spoke on the swimming pool proposed for the Harmon field here, and said it was hoped to begin work Thursday or Friday. Rev. Glen W. Hutton, pastor, who is recovering from an attack of illness gave brief greeting. C. P. Bowles told about the pleasant hunt preliminary to the feast. John D. Flett spoke briefly. James W. Brauchamp gave the address of welcome at the opening of the program at which Rev. H. J. Bernice was toastmaster. A quartette composed of L. H. Patrick, Kenneth Henderson, C. E. Allen and James Bernice gave vocal selections. John Mrs. and Jack Sullivan played duets on guitars.

BEQUEST COMES IN FOR COURT AIRING

Executrix of Aged Railroad Worker's Estate Denies Oral Trust Agreement

Four thousand dollars in stock of the Idaho Power company that Edward Foley, aged railroad worker, left when he died three years ago, was to be distributed, part going to Dr. C. A. Knox, Twin Falls physician who attended him in his last illness, and part to Charles E. Jones, former deputy sheriff, according to evidence brought out in court yesterday before Judge W. A. Babcock in district court here yesterday.

This distribution, according to the evidence, was to be made under terms of an oral trust agreement.

Mrs. Johanna Theresa Alquist, wife of John M. Alquist, Oregon Short Line foreman, who befriended Foley and took him into her home during his final illness, denied that there had been any such agreement. She was executrix of Foley's will under provisions of which she was bequeathed to her, and in the suit brought to trial here yesterday. She sued J. W. Taylor, her attorney in the probate proceedings, for the entire \$4000 of power company stock, together with \$5000 accrued dividends. The attorney testified he retained possession of the stock until some disposition should be made of the asserted trust agreement claims. Introduction of evidence was not completed yesterday, and the case was continued to this morning. The case was continued to this morning. The case was continued to this morning.

COLLISION TRAPS FOUR IN SHOWER OF GLASS

Jack Bailey, 1237 Elm street, night man at the Lind Auto company garage, and the four-year-old son were trapped in a shower of broken glass when the car in which they were riding was struck and overturned by another car driven by William Smith, 114 Shoshone street west, at the intersection of Fourth and Second streets east about 9 P. M. last night.

Only one of the little girl was hurt, receiving a slight scalp wound. The others were uninjured.

Smith's car, moving eastward on fourth avenue, struck the left rear wheel of the Bailey car, that was traveling northward on Second street, and laid it over on the right side, breaking the top and all the windows on the right side, according to report made by William H. Bush, police officer.

Dr. Foster is treating two feet for \$100, phone 844, 223, State E. Ave.

A Major OPERATION has been performed on CLOTHING PRICES

Courtesy of WARNER BROTHERS

Hart Schaffner & Marx put clothes BACK TO THE PRICES OF 15 YEARS AGO

It was time for somebody to put prices on quality clothes so far down that every man with an old suit could have the new one he desperately needs

We did it. And usually when we start to do something, we do it—and deliver "signed and sealed"

So at one jump—Back to the prices of fifteen years ago!

Better clothes, too. And when we say that, you know it means quality

We know—as you know—that you have been making that old suit last too long

—putting off the time to buy till prices come down—not a few dollars—but way down

NOW they are way down! When you see the suits, you will want one—maybe two. You needn't wait a minute longer.

Just one example: You can buy a Hart Schaffner & Marx suit, with the trustworthy Trumpeter label, for as little as \$25.00 now. That \$25.00 never bought you as much value back in 1916

So cheer up! Dress up! Clothes prices are back to 1916 to fit 1931 pocket-books
