SOUTH IDAHO STOCK MEN RECEIVE LOANS

Cassia, Lincoln, Oneida and Twin Falls County Growers Get Government Funds

MOSCOW, Oct. 21 (Special to The Herald.)—Emergency feed loans in the more Idaho counties, Cassia, Lincoln, Oneida, and Twin Falls, have been authorized by officials of the United States department of agriculture, reports Dean E. J. Idings, head of the University of Idaho college of agriculture.

Supplies of state-grown feedstuffs, Dean Idings said, are sufficient to carry Idaho's breeding herds through the winter and allow for the finishing of a considerable number of sheep and cattle for the market. Grain at present low prices, by-products of the sugar beet and small seed industries, and such crops as peas and beans solve the feed problem for the majority of stockmen in the state.

In some sections of southern Idaho, however, due to lack of rainfall and insufficient water for irrigation, farmers and stockmen will have to buy feed this winter. Some of these men have appealed to college of agriculture and the state's congressional delegation, stating that the government loans would be of great assistance.

"If there are farmers in these outlying sections who wish to take advantage of these emergency loans, we want to make it possible for them to do so by securing authorization and effect from the United States department of agriculture," Dean Idings explained.

Cover Six Month Period

The loans, when approved, cover a period of six months and may be made for the feeding of horses, cattle, sheep and swine, on the following per head-per month basis: Cattle and horses, \$1; sheep, 50 cents; brood sows, 75 cents. Loans to any one family are limited to 10 head of cattle, six horses, 200 brood sows, 10 brood sows. The government makes the loans, taking a promissory note and chattel mortgage upon the stock in which owners have full equity.

County agents are the contact of field, the government having these distribution of the loans on a county basis. A committee consisting of a banker and two representative farmers works with the county agent in passing upon each loan request. Commitments have been made for loans without county agents.

Other counties in Idaho which have been designated as eligible for feed loans are Blaine, Owyhee, Franklin, Teton, Deer Lake, Blaine, Bonanza, Pocatello and Caribou.

QUARTER INCH OF RAIN FALLS ON SOUTH IDAHO

RUPERT LODGE LOSES BEFORE BOISE COURT

BOISE, Oct. 22 (AP)—Neighbors of Woodcraft of Rupert today lost a decision in supreme court in which they sought to collect interest on Rupert city bonds which had been called prior to the final maturity date.

The lodge contested in its suit against the city that Rupert had illegally called the bonds and for that reason the organization was entitled to collect 6 1/2 interest.

The supreme court, upholding the district court, said the law permitted calling the bonds after 10 years, and that proper notice of the call on the series had been made.

Where Little Prices Make Big Savings

Long after thoughts of price have gone, SATISFACTION with QUALITY Remains

After all it is not so much what you pay for an article, as the satisfaction you obtain from the final results. Shoes, in particular, can't be built too cheaply and still maintain a standard of quality. Common sense dictates that you get just what you pay for no matter what you buy—be it shoes or automobiles.

Satisfaction and Comfort Mean More Than Price Appeal

The name McElwain has, for seventeen years in Twin Falls, stood for that high standard of quality that none can dispute. Our policy has always been, and will continue to be, fit the customer correctly—first—feature quality footwear—and fix the price moderately for all. With such a program in mind we bid for your business in the usual manner.

PEOPLE OF HAZELTON ATTEND MANY EVENTS

HAZELTON, Oct. 22 (Special to The News)—Several Hazelton social groups have enjoyed seasons this week.

Hazelton Garden club resumed its regular meetings Tuesday afternoon at the home of Mrs. W. H. Delweller after a two-month vacation. Mrs. H. E. Gundelfinger, president, called the meeting to order for a short business session. An interesting feature of the session was the roll-call, each member responding with the name of the favorite flower. After the business session, the entertainment committee, of which Mrs. Carrie Goelbert is chairman, gave an interesting program, as follows: Song, "Idaho," piano solo, Mrs. Norman Waller; chalk talk, Miss Frances Goelbert; "Practical Ideas on Waxing Floors," Mrs. G. D. Schmidt; talk on "Rock Gardening," Mrs. O. R. Peterson. Thirty-four women were present. Four of them, Mrs. O. H. Peterson, Mrs. J. Schermerhall, Mrs. O. L. Thomson and Mrs. R. E. Shepherd, being from Jerome. The hostesses for the afternoon were Mesdames T. D. Jean, M. A. Kelley, Guy Dixon, Carrie Goelbert and W. H. Delweller.

Hazelton Teachers' club met at the teachers' Tuesday evening. Mesdames J. O. Eddy and Charles Dwyer were hostesses. The evening was spent in playing bridge. Miss Doris Towne won the score and Mrs. W. MacDonald low score. All the teachers, excepting Miss Dorothy Fulton, were present, and Ralph Dunn, principal of the Hazelton school, was asked to take her place.

Another happy social event was enjoyed by the little folks of Hazelton Monday evening at the home of Mr. and Mrs. Carl Wrigley, in honor of their daughter, Lucile, on her fifth birthday. Eighteen small guests accepted the invitation to this party. The afternoon was spent in playing games. At 4:30 refreshments were served. Lucile received pretty gifts and the good wishes of all her friends. Those present besides the small hostess were Constance Wallis, Pat Ross, Jacqueline Kincaid, Pete Vance, Dolores Hitchcock, Douglas Pinkelburg, Patricia Kerfoot, Charles Gale, Gwendolyn Dotti, Dale and Gale Christopherson, Maudie and Ann Ann Moorehead, Iris Brown, Lois Brown, Norma Southworth, Rose Southworth and Anna Vera Perkins.

WEEK FAVORS IDAHO HARVESTING LABORS

United States Department of Agriculture Weather Bureau—Issues—Report

BOISE, Oct. 22 (Special to The News)—Ideal harvesting weather prevailed in southern Idaho in the week ending Tuesday, October 20, according to the United States department of agriculture weather bureau, in its weekly summary of weather and crop conditions in Idaho.

The summary follows: **SOUTHWEST IDAHO**—The district has enjoyed another week of bright, balmy days and clear skies. Conditions were all that could be desired for the farm activities of the season, except that the soil is too dry for best results in plowing. Apple picking, clover and alfalfa haying, corn hugging, potato and beet digging are in full swing. Pastures and ranges are dry, but sheep are being brought in to the stubble fields and meadows where there is abundant livestock feed. Some coming through a rather trying season in fairly good condition.

SOUTHEAST IDAHO—The week has been dry and favorable for all kinds of farm work. Potato and beet digging are being pushed in all sections, but this is mostly in the northwestern counties. Winter wheat is starting. Ranges and pastures are dry, but feed is good and cattle and sheep are in good condition.

Notes From the Field
TWIN FALLS, TWIN FALLS COUNTY—Continued dry; nights; days exceptionally clear; ideal harvest weather; onion harvest started; potato digging well under way.

BURLEY, CASIA COUNTY—Everybody busy, including Idaho; harvesting of potatoes and beets and clover hugging in full swing; bean threshing completed; weather very favorable, but prices not so good.

BUHL, TWIN FALLS COUNTY—Weather very favorable for threshing beans and alfalfa and clover seed, and all kinds of fall work; potato digging just started; a little plowing done.

HUPERT, MINIDOKA COUNTY—Warm days and cool nights; ideal weather for harvesting beans; all harvested and threshed; potato harvest well under way; beet harvest started; some fall plowing being done.

GOODING, GOODING COUNTY—Ideal autumn weather; no frost or rain and very little wind; potatoes quite dry, but some water for pastures; crops being harvested rapidly; every field full of pheasant hunters.

SOUTH IDAHOANS JOIN GOODING DEBATE TEAM

GOODING, Oct. 22 (Special to The News)—Debate activities have started on the Gooding college campus under the direction of Ruth Street, treasurer, and Gooding female star of 1927 to 1931.

The first meeting called out 12 candidates, some of whom have seen action on one or two debate teams. Veteran material includes: Wilma Matthews, Sunnyside, Washington; Lloyd Klump, Kimberly, Herbert, Kennedy, Jerome; Virgil Jackson, Gooding.

New talent consists of Sam Allison, Ontario; Robert Fulton, Eden; Jack Gooding, Gooding; Ed Davis, Aberdeen; Abner Horner, Gooding; Almon, Coles, Cores, Oregon; Richard Terry Hagerman; John Arkonah, Gooding.

The present plan calls for team debates to discuss a uniform marriage and divorce law, and Japanese exclusion act. Formal try-outs for the team will take place just before Thanksgiving, and the first league subject will begin with the opening of the winter term, November 20.

SHOSHONE MAN SUES EXECUTOR OF ESTATE

SHOSHONE, Oct. 22 (Special to The News)—A new case has been filed in district court, William A. Stowell versus W. H. Murphy, executor of the estate of Maggie Stowell. Plaintiff alleges that he and Maggie Holman Stowell entered into an agreement that plaintiff would make deceased the beneficiary of a life insurance policy, and she was to leave all of her property to plaintiff, providing she died first.

However, the deceased executed a will leaving plaintiff nothing and the residue of her estate to her children. May 12 the plaintiff filed his complaint of the will, but the court refused to rescind the order admitting the will to probate. Mr. Stowell states in his complaint that "by violation of said antenuptial agreement the plaintiff has been damaged in the amount of the value of the property she left, \$1200." On August 17 the plaintiff presented for allowance to the defendant his claim against the estate for \$2100.10, the claim was disallowed. Stowell is asking the defendant for the \$2100.10 with interest at 7 per cent.

Paul B. Haddock, Shoshone, and E. D. Reynolds, Jerome, are the attorneys for the plaintiff.

MOUNTAIN VIEW HARVEST WORK NEARS COMPLETION

MOUNTAIN VIEW, Oct. 22 (Special to The News)—Harvest work is progressing here this week.

Potato harvest is becoming more extensive here this week as most of the vines have dried.

The crops seem to run quite largely to Number 2 grade, according to reports received.

Apple picking is nearing completion in most orchards after a long and favorable fall picking season. Many truckloads of apples were sold to truckers from Salt Lake City. The balance of the crop went through the usual marketing channels for shipment to the East and Middle West.

THEY'RE MILD. The best Turkish and Domestic tobacco that money can buy is put into Chesterfield. Chesterfield tobacco is the finest-textured, the smoothest and ripest that grows—ripened and sweetened in the sunshine, cured right by the farmer and aged right for two years in wooden hogheads. Mellow—and wonderfully mild!

THEY TASTE BETTER. These mild, smooth tobaccos are put together exactly right. The aroma of Turkish, the mellow sweetness of Domestic—blended and cross-blended. How it's done is Chesterfield's secret—but millions know how much better it tastes!

THEY'RE PURE. Everything that goes into Chesterfield is tested by expert chemists. The purest, finest cigarette paper makes a clean, tight-sealed package. "Pure as the water you drink!"

THEY SATISFY. The package... neat, clean. The cigarettes... well-filled. The paper... pure white. And with your very first puff, you notice they taste better. Pleasing and satisfying—Chesterfields just seem to suit you, right down to the ground.

Gets Chance for Revenge in Charity Tilt With Army

Middies Plan on Retaliation for Lone Touchdown

Tentative Designs Call For Contest In December in Front of Yankee Stadium to Benefit Needy Folks

(By The Associated Press)
NEW YORK, Oct. 22.— Navy gets a chance this year to prove that the long touchdown dash by Ray Stecker, fleet Army back, in 1930 was all a mistake. Tentative plans have been completed for a meeting of the service schools, December 12, for the second straight year in the interest of charity. The game likely will be played at Yankee stadium, where last December before a crowd that netted the Salvation Army \$400,000 Stecker dashed through the line for a touchdown that gave the golden clad Army warriors a 6-0 victory.

Navy, it is something of a certainty will enter the contest underdog. Army this year is rated as one of the East's strongest teams. "Time and again in the past, however, the Middies have filled this role and battled Army on more than even terms. Navy was conceded slight chance, but through determination in staving off Army advances held the score to a lone touchdown. Up to the time of the game only Notre Dame had defeated Army, while the Middies had been used four times.

Still Have Differences
The game this year, as last, is a purely charitable one. The 1931 breach of football relations between the schools, brought about by a dispute over eligibility. It is a game played with the notion of both institutions on the subject in force. That is, Navy will adhere to the three-year eligibility rule. Army will permit any Cadet of the upper three classes to play, regardless of the football experience of the player. The Navy team this year shows many new faces and a new coach in its staff. The team is playing Navy football as taught by Coach Edgemoor (tip) Miller and Army coaches who also learned the game at South Bend.

In the first game under the system Navy scored a lone touch-down, 13-6 victory over William and Mary.

Mountain Army with a large supply of veterans, really bowled over Ohio Northern and Knox in early games, scoring into the states on both occasions.

Including the game of last year, Army has won 16 games and Navy 13 since the schools first met at football back in 1901. Three of the struggles ended in ties.

FIGHTS
HERRERA WINS
FIGHT, Mich. Oct. 22.—Tony Herrera, 135 lb., El Paso, Texas, won over Babe Herman, 135 lb., San Francisco, in a 10-round bout here tonight.

In other fights of the card Carlos Herrera, 135 lb., El Paso, Texas, won over McLeod, 135 lb., Northville, Michigan, in six and Dave Rieff, 157 lb., Toledo, Ohio, won over Andy Angella, 146 lb., Toledo, in four rounds.

WOLGAST WINS EASY
SACRAMENTO, Oct. 22 (AP).— "Midget" Wolgast, Philadelphia, recaptured in some states as world's lightweight champion, had no trouble in winning a decision from Chato Martinez, introduced as Mexican champion, in a 10-round bout here tonight. Wolgast weighed 114½ and Martinez 113.

Wolgast won every round. The stocky little Mexican proved to be a little more than a target for the exhibition of Wolgast's boxing skill. The Philadelphia "Midget" had customers his famous right hand, left-one book to Laredo's ribs and made one on the chin, delivered almost simultaneously.

LINDBERGH'S STOP AT HOTEL SPRINGS FOR NIGHT
(Continued From Page One)
Lockheed monoplane from Hanna, Idaho, at 4:00 P. M. The pilot, Lt. Col. Lindbergh, was taking on 53 gallons additional gasoline, which was provided by fuel for a cruise of 600 or 700 miles. Colonel Lindbergh obtained weather data from the airport bureau and was told that flying between here and Cheyenne, Wyoming, 500 miles, should give him no trouble.

He said that next stop would be for the night, but declined to indicate where it probably would be made. Airport officials said Lindbergh should be able to reach Cheyenne in about four hours if he continues to that point. The flyer left at 4:00 P. M. from Hanna, Idaho, and was told that Cheyenne and is riding for night.

Mrs. Lindbergh is riding in the cab of the big plane while her husband handled the controls forward, left her seat for only about five minutes while the flyer took off.

She wore a blue sports suit.

RAY STECKER, fleet Army back, and "Bullet Lou" Kirm, spack plug of the Navy attack, are to range again on the gridiron December 12 in a meeting of the schools for charity. Tentative plans have been completed. Last year Stecker scored the only touchdown in a similar contest at Yankee Stadium, New York. Middishmen maneuvers at that game are shown above.

HIGHWAY ACCIDENT KILLS WOMAN ON WAY TO MAGIC CITY

Mrs. Emma Huettig Pike,
Elko, Former Twin Falls
Hospital Employee, Meets
Death as Car Quits Road

Mrs. Emma Huettig Pike, 28, wife of S. B. Pike, Elko, Nevada, railroad conductor and daughter of Mr. and Mrs. Herman Huettig, 204 Jackson street, Twin Falls, was instantly killed when her car quit the road on Osho hill, nine miles east of Elko, last Tuesday evening.

Relative here said last evening the body will be brought to Twin Falls and will be received at the White mortuary here this afternoon. Funeral services will be held in Twin Falls and internment will be in Twin Falls cemetery.

Mrs. Pike was for several years employed as a maid at Twin Falls hospital, general hospital here. She went from here to Salt Lake City where she was employed in a hospital, and where she met and was married to Mr. Pike six years ago. She was a member of the Lutheran church. She visited relatives here last fall.

Mrs. Pike was the youngest child and one of a family of five sons and five daughters. With her parents she came to Idaho from Missouri in 1920. The family home was established at Eden, where the parents resided for six years before moving to Twin Falls five years ago. Mrs. Pike was born at Cape Girardeau, Missouri, March 27, 1903.

Besides her husband and parents she is survived by her brothers, Arthur Huettig and Arno Huettig, Twin Falls; Martin Huettig, Kansas; Oscar Huettig and Orlan Huettig, Missouri; and her sisters, Mrs. George Gray, Haselet; Mrs. Martha Bahner, Mrs. Della Leines and Mrs. L. L. Booth, Twin Falls.

In response to message telling of Mrs. Pike's death, Arthur Huettig and J. L. Booth left yesterday afternoon for Elko, making the trip by motor.

Road Condition Blamed
Advisers from Elko received here yesterday said Mrs. Pike suffered a crushed skull, a chest injury and broken clavicle, while the boy escaped with a leg injury.

An account of the accident published in the Elko Independent Wednesday said as Mrs. Pike and the boy approached the hill, Mrs. Pike was said to have told the boy to "step on it," or they would miss the train at Wells. Increasing the speed of the car he had driven about half way up the hill when the car turned completely around on the icy surface of the newly-cold road, turned over twice and crashed over the side of the hill. The woman was instantly killed, and the boy after extricating himself from the wreck, ran to meet an approaching car, containing a party of people from Canada who are interested in mining in the Tuscadero district. They went to the boys aid but saw at a

giance that the woman was dead.

The boy, unwilling to believe that his step-mother was dead, ran to the industrial school for aid.

The condition of the road, the Elko newspaper said, was responsible for the car turning over, according to those who came along immediately after the accident occurred.

Mr. Ord, a member of the party from Canada, stated that he had never seen an ice-cold road as slippery and slippery as the road on and near the Osho hill. Several cars being driven on the road skidded and crashed against the hill, while others added into a nearby ditch when the wheels struck the glassy surface.

Two cars stolen here
SHOW UP IN OTAN CITY

Two nearly new automobiles that were stolen last week in Twin Falls have been recovered in Salt Lake City, according to advice received at the police headquarters here yesterday.

One of the cars, owned by J. Lin Wyckoff, was taken from the street in front of his residence at the Reed apartment building street north by thieves who broke the glass out of a door to get into the car late last Sunday night.

The other machine, belonging to F. M. Ruge, Piler, was taken from in front of Daneland pavilion, Second avenue east, about 10:30 o'clock last Saturday night.

Officers here asked for further information as to the condition of the car when recovered.

Parched Soil Eagerly Absorbs Moisture While City's Gutters Flood

Twin Falls country's most copious rain this year began falling before noon yesterday and at 5 p. m. measurement at the government weather observation station here showed 2.3 inches of rain.

The rain fell steadily overflying gutters in Twin Falls and soaking into soil that had been parched by one of the hottest and driest seasons on record in this region.

The rain was general throughout South Central Idaho except in the mountains where, it was reported, there was heavy snowfall. A freight truck that came into town after crossing Calista summit on the road

from Stanley basin seemed to have plowed through snow a foot and a half deep; it was reported. Yesterday's rain would not interfere with harvesting crops of potatoes and beans grown here, and would facilitate late fall plowing, while bringing greatest benefit to the ranges and watersheds upon which next season's water supply must be accumulated during the next few months.
