## EVANGELIST TRACES ANCESTRY TO FIRST OF NOAH'S FAMILY

Persian Minister Finds No Depression or Lack of Religion Here But Believes Ungodly World Faces War

"People here are not as if there were no depression, they may feel it in their business and in their homes but the trend of the meetings seems to say, 'Depression or no depression we praise the Lord,'" declared Rev. A. D. Urshan, Chicago, Persian evangelist, in his Sunday morning service, Bethel Temple, illustrating the value of appeal to the Creator by the example of Job. He spoke of his people, who are, he said, descendants of the oldest son of Noah. He expressed belief that we are to have another war to punish ungodly nations.

The Chicago evangelist at the Sunday morning service taught the people what he terms "Job's Song" which reads in part: "Blessed be the name of the Lord, he has said it and called upon his audience to sing it over and over again; then he asked the congregation to repeat again and sing, 'Jesus is the name, Jesus is the name, Jesus is the name of the Lord.' He concluded that it was the name of the Lord that defended Job in the time of his dreadful crisis; when messenger after messenger came telling Job how his sons and daughters were killed by a storm and how all his flocks were carried away by the heathen neighbors, killing all his faithful servants, leaving only one of each band to go and tell Job the shocking news. But Job hearing all these, rose up and after shaving his head fell down upon the ground and worshiped and said, 'Waked among I out of my mother's womb, and naked shall I return thither: the Lord gave and the Lord hath taken away: blessed be the name of the Lord.' The evangelist continued by saying, 'As it was with Job, so it is with some of us in these days.' We, therefore, join him saying, 'depression, or no depression, blessed be the name of the Lord.' The Persian preacher believed this chorus is a victory song and the secret of such a victory is all in the name of the Lord to them that believe it, no matter of course, 'Jesus' is the name of the Lord, the evangelist affirmed.

Mr. Urshan said that there are no many Persians in America and that most of them who are in the United States are Christians of Persia; who are Assyrians by race, and Persians by birth. He himself is an Assyrian Christian, the son of a deceased Presbyterian clergyman who is buried not far from the graves of Peter, queen of Persia, and her cousin, Mordecai, in the city of Hamadan, Persia. The evangelist's parents "Urshan" and himself were born and raised not very far from ancient Armenia which is the vicinity of Mount Ararat located in ancient Media, Persia. The evangelist says that his people are descendants of Shem, the oldest son of Noah.

Rev. Urshan stated that he was sent to America in 1902 to be educated and then later to return to bring his parents to the United States, making their home in this land of religious liberty, escaping the Moslems' depression. He returned to Persia in 1914 and succeeded in getting his mother and cousins to this country, who are now American citizens, but his parents died during the last Armenian Christian massacre in Persia. The evangelist said most of his people come to America not to return but to stay and become American naturalized. The largest colony is now in Chicago.

Rev. Urshan broadcasted on Sunday evening at 8 o'clock over KTFP on the subject of "Knowing God" after which he went to the temple and preached to an over-crowded church on the subject of "The Present National and International Crisis and the Way of Deliverance." Rev. Urshan thinks the next World War is imminent, and that it will be a severe punishment to the nations who have grown ungodly. He is planning to speak before he leaves Twin Falls on his many personal experiences in Asia, Russia and other countries which he has traveled during the last 10 years, he said.

The evangelist is father of four children, his wife is an American.

**EXPLAIN SIMILARITY OF ROASTING PROCESS AND HOUR-GLASS**

Hills Bros. Patented Process Produces a Fine, Even Roast Because Coffee Berries Pass Through the Roaster "a Little at a Time"

A stream of sand sifting from a globe on top through a narrow neck into a corresponding globe on the bottom... that's an hour-glass. And just as its accuracy depends upon an even, continuous flow... a little at a time... so the matchless, uniform flavor of Hills Bros. Coffee is produced by Controlled Roasting—Hills Bros. Patented Process that roasts evenly, continuously... a little at a time.

Temperature and flow of coffee through the roaster are automatically controlled with this process. As a result, every berry is roasted to the degree that assures perfect flavor in every pound. Bulk-roast methods seldom achieve such a thing.

It is Controlled Roasting that gives Hills Bros. Coffee a flavor no other coffee has. First, on Hills Bros. Coffee. It is packed in vacuum cans. Air, which destroys the flavor of coffee, is removed and kept out of these cans. Even ordinary, "air-blast" cans won't keep coffee fresh. But Hills Bros. Coffee is over-treated. Order some today, and for it by name, and look for the Hills Bros. trade-mark on the can.

## BRILLIANT COMEDY RUNS FOR TWO DAYS

Adam and Eva, a brilliant comedy, which will be presented at the Latter Day Saints Recreation Hall Wednesday and Thursday evenings, under the direction of A. L. Smith, promises to be one of the delightful attractions of the season. It is a story of an American businessman with genuine talent for making money but none for making his home. His relatives arrange a long trip for him that they may spend his money freely; his business manager senses the trouble and turns the tables on his family until all are taught a lesson.

NEVADA SENTENCES MONTELO ROBBERS

**Oliver Jones and Russell Cavender Draw 5-to-15 Year Terms in Prison**

Oliver (Derby) Jones and Russell Cavender, convicted in the robbery of a bank in Nevada, were sentenced to terms of five to fifteen years in the Nevada State Penitentiary, according to word received here by Sheriff E. P. Brader from J. L. Clark, Elko district attorney, yesterday.

The three thousand of these applicants for help disappeared some where between the registration bureau and the promised food and shelter. The director of the bureau, experienced in social work, suggests that the three thousand preferred burning to submitting to the physical examination and the two hours' wait which the service prescribed. Thoughtful relief workers studying the situation concluded that three thousand may be New York's chronic "bum population," a shifting, drifting group that plague the social agencies every winter, relating every effort to help them to a better way of life.

The fact of the existence of this "bum population" emphasizes the value of meeting these problems through co-ordinated effort, not through hand-outs at the door or on street corners.

## Sportsmen Bring Red-Necked Birds To New Home Here

Southern Idaho Fish and Game Association Directors Arrange Reception For Gorgeous Pheasants

Newcomer among Twin Falls county's game birds will be 80 red-necked pheasants to be brought here from the state game farm at Eagle and released in the vicinity of a breeding station to be erected by the Southern Idaho Fish and Game Association.

A metal band will be attached to the leg of each bird before they are released, and the association will call for reports from hunters shooting these birds during the next open season. Reports will be used in tracing the birds' migration for the association's guidance in making subsequent annual plantings of the red-necked pheasants.

The birds are to be delivered here today and will be on exhibition until Wednesday night in pens at the state game farm. The birds are to be released in the vicinity of a breeding station to be erected by the Southern Idaho Fish and Game Association.

## Trojans Prepare For Notre Dame

LOS ANGELES, Nov. 16 (AP)—University of Southern California's Trojan football team will be in need of defensive training, went through practice last night, and will play Notre Dame at South Bend Saturday.

While offensively, the men of '31 appear to be clicking, their defense was weak on Saturday in the 20-0 victory over Montana. The fact that they were so efficient and fast was slow going down under the attack.

Prospects that the squad of 35 men who have been honored by the team will be in top physical condition were good with the return of Captain William Williams, center, who had suffered a couple of cracked ribs in the contest nine days ago. Williams was out for a week.
