### HUNTER FINDS DWARFED DOE DEER IN DOMINION

NANAIMO, British Columbia, Nov. 17 (AP)—A dwarfed deer, perfectly formed as a body but with legs only 6 inches long and the body little more than 12 inches, was brought here today by D. Holman, Vancouver, B. C. The animal was found by Holman on a small object bobbing in the water of another deer. He pursued and found the dwarfed doe.

The little animal has become a curiosity here and is apparently about two years old.

## BOISE PILOT CONSIDERS COW-CATCHER FOR SHIP

BOISE, Nov. 17 (AP)—Barney Varney, airplane pilot, will have to get a cow-catcher on his airplane if it flies into Utah cow country, he said.

At the Boise airport it was related today that Varney had been flying to the port from Salt Lake City with fragments of a cow hanging from the tail of his plane. The cow was the cause of a sudden engine failure.

He landed at night at Locust, Utah, and found the cow hanging from the tail of his plane. The cow was the cause of a sudden engine failure.

Varney kept the plane in the air until he had the cow hanging from the tail. The cow was the cause of a sudden engine failure.

## TWO GREAT CHURCHES PONDER OVER MERGER

PITTSBURGH, Nov. 17 (AP)—The possibility of the combination of the First Presbyterian and the First Methodist churches throughout the city was announced as a favorable report came from the national assembly of a two-day assembly of unity committee of the churches.

Bishop Charles L. Mead, Denver, chairman of the session and head of the Methodist Episcopal delegation, reported that the churches were in agreement.

The results of the local assembly's action will be submitted to general conferences of the churches.

## FLIER LIVES IN LAS VEGAS DISASTER

LAS VEGAS, Nev., Nov. 17 (AP)—A biplane crash from about 700 feet altitude killed W. O. Roberts and slightly injured Ray Lundquist today.

It was understood from the department of commerce representatives here that the plane had been warned two hours before not to fly over the city, which was unheeded.

The plane crashed into the city and went into a tailspin.

## IDAHO FALLS WOMAN AWAITING MURDER TRIAL

IDAHO FALLS, Nov. 17 (AP)—Charged with first-degree murder for the slaying of her husband, Clarence Culbert, Mrs. Evelyn Culbert was bound over to district court for trial today.

The hearing before Judge W. D. Huffaker today was adjourned until Friday, when Judge Huffaker said he would decide on bond tomorrow morning.

Culbert died about two weeks ago after he had been shot at his home with a small caliber rifle.

The court's jury held he was shot by another person, although he told officers his wound was self-inflicted.

## NATION'S BANK-INFLECTED CONFIDENCE GAINS

NEW YORK, Nov. 17 (AP)—Indications of a recovery in confidence in credit are rapidly being restored as contained in a statement issued tonight by Mortimer B. Buckley, president of the National Credit corporation, showing that applications for advances from banks have been relatively small.

The statement also indicated that the corporation's gold notes printed by it would exceed the \$500,000,000 authorized by the government.

## RALPH BUDD FORESEES RAILWAY MERGER ERA

SEATTLE, Nov. 17 (AP)—Ralph Budd, who will assume the presidency of the Burlington railroad the first of the year, said today that the railroad industry is approaching a new era of mergers.

Budd was making his last visit to the president of the Great Northern.

"Two important influences are working toward consolidation," he said.

"In the first place attention is being called to the economies of operating economies, especially when they can be brought about without losing service."

"In the second place, the order of the railroads is being worked out, and a plan for adding the weaker lines to the stronger ones is being worked out."

"The railroads are being added to the stronger lines and the weaker lines would rather wait."

## John Thomas Urges Building Of Large Western Reservoirs

WASHINGTON, Nov. 17 (AP)—Construction of large reservoirs in Western states to conserve valuable water for irrigation and at the same time provide work for unemployed was advocated today by John Thomas, Idaho Republican.

The Idaho Republican said on his return to Washington that he would like to see a bill to authorize such construction work, but had not yet planned all its details.

"Any program of public improvement," he said, "should take into consideration the needs of the West and provide additional storage reservoirs for conservation of water in irrigated areas."

"This would fit in with the unemployment relief program and at the same time provide the West with one of its most vital necessities."

## SCIENTISTS OBSERVE CELESTIAL DISPLAY

SAN FRANCISCO, Nov. 17 (AP)—Astronomers here and elsewhere observed a celestial display today in the form of a meteor shower.

The shower was caused by the passage of a comet, and was observed by astronomers in many parts of the world.

# NEW LAWS BOOST EXPENDITURES OF TAXPAYERS' CASH

Twin Falls Commissioners Stretch Next Year's Budget to Meet \$18,000 Additional Requirements

Operation of the direct primary and the old-age pension law adopted at the last session of the state legislature will increase Twin Falls county expenditures for elections and general government by approximately \$18,000, as compared with the county's expenditures for these purposes last year, according to estimates lately completed by the board of county commissioners. This is \$18,000 more than the item of \$10,000 for general revenue fund, and moving \$8,000 from the county hospital budget to the county general fund, the commissioners figure they will have to spend for the county next year a total of \$40,000. This is \$18,000 more than the total of the commissioners' expenditures in 1930. And practically all of the increase is accounted for by creation of the \$10,000 general revenue fund, transfer of the \$8,000 from the hospital unit appropriation, and the \$18,000 increase in estimated cost of elections and care of indigent persons.

**Revenue Fund Purpose**

The purpose of the \$10,000 general revenue fund is to meet possible deficiencies in the appropriations for all county offices and institutions which, according to statement given out at the court house yesterday, will be pared down in each instance to the average of its expenditures for the past three years.

Cost of two elections next year—the primary election and the general election—is estimated by the commissioners at \$6,500. They have allowed \$1500 for election supplies and rentals, \$1000 for registrars, and \$4000 for judges, clerks and constables. Cost of 1930 elections in Twin Falls county last year was \$5375, of which \$1250 was for supplies and rentals, \$2500 for registrars and \$1625 for judges, clerks and constables. Under the old law the county furnished supplies but did not pay any other expenses in connection with primary elections.

**Charity's Claims Increase**

The commissioners figure show a steady mounting cost to the county of caring for indigent persons, expenditures on this account rising from \$2335 a month in 1929 to \$3007 a month this year, and the estimate of \$4023 a month next year.

The county's bill for county indigents, old age pensioners and indigent mothers' pensions and indigent burials next year will total \$40,000, according to the county estimates. On these accounts, except for the old age pension which will not become due until next year, the county spent \$26,023 in 1929; \$31,466 in 1930, and \$30,821 the first nine months of this year.

Commissioners estimate old age pension will cost the county \$20,000 next year. As an offset to this expenditure, though they believe many persons now receiving aid from the county will benefit by the pension, and that it will be possible to cut next year's appropriation for county indigents to \$14,000, as compared with expenditures for this purpose of \$18,700 in 1929; \$17,200 last year, and \$18,433 for the first nine months of this year.

Widowed mothers' pensions, according to the commissioners' estimate, will require \$12,500 appropriation next year. On this account there was spent \$10,645 in 1929; \$11,935 last year, and \$10,900 during the first nine months of this year.

With view to cutting the cost of indigent burials, the commissioners have made provision to spend \$400 next year for a potter's field, and they have trimmed the indigent ap-

# CAMPAIGN TO AID UNEMPLOYED OPENS

Representatives of Various Twin Falls Organizations Map Out Ticket Sales

A community campaign for relief of unemployed persons, in which Twin Falls theaters are taking the lead, is to be launched at a meeting this morning of representatives of Twin Falls churches and civic and fraternal organizations, Joe Koehler, Twin Falls chairman for the campaign, announced last evening.

The meeting which is to work out plans for sale of tickets for benefit performances at Twin Falls theaters Wednesday night, November 25, is to be held at the Idaho theatre at 10 A. M. today.

W. Orr Chapman, Twin Falls attorney, is to be general chairman of the ticket selling campaign, it was announced.

"Give 'Em a Lift," is the slogan that has been adopted for the campaign, and the goal has been set for \$1000 minimum proceeds.

The entire proceeds, without deduction of a cent for any item of expense in connection with the undertaking, is to be turned over to Twin Falls Associated Charities for relief of the unemployed, and relief needs during the coming winter season.

The campaign here is a part of a nation-wide movement in which some 15,000 motion picture theatres are donating their service and equipment.

# CHICAGO POTATO BUYERS LIKE COMMERCIAL PACK

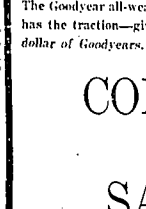

The first carload of commercial pack Twin Falls district potatoes offered on an Eastern market this season was sold yesterday in Chicago at a price that netted the grower 53 cents a bag for his potatoes. The car was loaded by the Southern Idaho District Potato Growers' association, a non-unionized local association.

The pack in this instance was composed of 50 per cent Number 1, and 50 per cent Number 2 potatoes. Movement of Twin Falls district potatoes in commercial pack will begin on a large scale within the next few days, Mr. DeLoach said.

All potato markets, both east and west, Mr. DeLoach reported, showed a marked tendency toward improvement yesterday.

Yakima growers, he said, sold their potatoes yesterday for \$10 a ton, which was equivalent to 80 cents a bag, while Klamath Falls growers received 45 cents a bag for their product.

# REVOLUTIONARY WAY TO ROAST COFFEE USED BY HILLS BROS

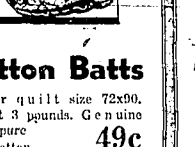

Controlled Roasting Just the Opposite of Ordinary Method

By a radically different roasting process—Controlled Roasting—Hills Bros. give their rare blend a flavor no other coffee has.

As the accuracy of the hour-glass depends upon an even, continuous flow... a little at a time... so the matichless, uniform flavor of Hills Bros. Coffee is produced by Controlled Roasting—the patented process that roasts evenly, continuously... a little at a time. While the coffee passes through the roasters, the heat is automatically controlled. Any variation in the roast is thus absolutely prevented!

Such uniformity is not possible by bulk methods. In spite of careful care, some of the coffee is roasted too much—some too little. Flavor variation is therefore inevitable.

As fast as Hills Bros. Coffee is roasted, it is ground and packed in vacuum. By this process, air, which destroys the coffee's flavor, is taken from the cans, and kept out. Ordinary cans, even if "air-tight," will not keep coffee fresh. Ask for Hills Bros. Coffee by name, and look for the Arab trade-mark on the cans. Hills Bros. Coffee, Inc., Portland, Oregon. © 1931
