## Wounded Hazelton Bank Bandit Charges Former Twin Falls Police Officer With Plotting Robbery Fatal For Companion

**MACDONALD'S DAUGHTER JOINS SOCIALIST RANKS**

LONDON, Nov. 18 (AP)—Inbelle MacDonald, daughter of the prime minister, said today that she is an independent Socialist instead of a member of the Labor party.

She took her action after the London County Council of the Labor party had decided that she had rendered herself ineligible to receive the party whip.

## IDAHO HUNTER FALLS OVER 50-FOOT CLIFF

NEW MEADOWS, Idaho, Nov. 18 (AP)—A story of how Guy Meyer fell 50 feet down a cliff without his hunting companions knowing of his near fatal fall was told here today by members of the party returned today.

The accident occurred in an isolated region last Wednesday.

The party of several men was proceeding at night single file along a narrow canyon trail skirting the Selkirk river out from Panguitch when Meyer lost his footing and dropped to the rocks below on the brink of the cliff. He was alone and could not cry out until his companions passed out of hearing.

In the dark they went on to Riggins, several miles before Meyer's absence was discovered. Immediately they retraced their steps.

They found Meyer down below the canyon. He had recovered sufficiently to extract a candle from his pack. The light of this searchlight was his only guide.

When his condition was pronounced serious but he was believed likely to recover.

His wife and daughter went from here to Riggins since he was too seriously injured to be moved.

## INVENTOR OF SMOKELESS POWDER DIES IN BRITAIN

KINGSTON, England, Nov. 18 (AP)—Walter Francis Reid, 81, reputed inventor of smokeless powder, died here today.

He lived a hermit existence in the latter part of his life. He was a pioneer scientist in the industry of South America and spent several years in Argentina at the research work in minerals.

## MINISTER PLEADS CAUSE OF 12-YEAR-OLD SLAYER

OMAHA, Nov. 18 (AP)—E. J. Flanagan, head of a boys' home here, left today for Olympia, Washington, to make a personal plea to Governor Stanley that Hubert Niccolis, 12, sentenced to life for murder, be pardoned and permitted to enter the Omaha home.

"I cannot at this time and see this 12-year-old boy incarcerated for life in prison, even though he is one of murder," said Father Flanagan, who is making the trip against the wishes of his pupils. "No 12-year-old boy can be a murderer at heart, even though he has killed."

Father Flanagan recently returned here from Denver, where he spent several months recuperating from a severe illness.

## THIEVES GET TO TONS OF WIRE AT WALLACE

WALLACE, Idaho, Nov. 18 (AP)—Thief of 10 tons of copper wire, valued at \$2000 and machinery and tools from the Amazon-Idaho Mining company here, was reported to the sheriff today.

Thief Walter Hendrickson said the thieves used a truck to carry away the load, probably during the last week.

## CORVALLIS BOY HEADS FUTURE FARMER ORDER

Other officers chosen included: Fourth vice president, Scott Hawley, Richmond, Utah.

## CLARENCE DARROW ASKS STATE TO SPARE YOUTH

SPRINGFIELD, Ill., Nov. 18 (AP)—Clarence Darrow, Chicago attorney, pleaded before the Illinois board of juvenile parole today for mitigation of the electrocution sentence of 17-year-old Russell Robert McWilliams, whose execution has been set for December 11. He based his plea on the youth of the confessed slayer of a Rockford street car motorist.

Judge A. E. Fisher, who sentenced McWilliams, said in a letter read at the hearing:

"The only possible cause for mitigation is his age."

## SNOW CLOSES HIGHWAY

HELENA, Mont., Nov. 18 (AP)—Montana Automobile association today announced that the Glacier-Gallatin road has been closed by 25 inches of snow but may be reopened in a few days if no additional snow falls.

## HOOPER AND ENVOY FROM ITALY SEEK PROSPEROUS PATHS

**Two Nations' Leaders Study Trouble Map of World in Effort to Aid in Solving International Issues**

By C. T. WILLIAMSON (Associated Press Staff Writer)

WASHINGTON, Nov. 18 (AP)—President Hoover and Foreign Minister Grandi, Italy, spread the trouble map of the world before them tonight and searched anxiously for a way to make it one of prosperous peace.

With Secretary Stimson, the two sought to define the world's difficulties in which international cooperation or Italian-American collaboration could offer a solution.

They spoke in English, uninterpreted by interpreters. Formalities were abandoned. Secretary Stimson said they talked "like three human beings."

The conference began early in the day, after Signor Grandi had concluded his stay at the Grandi's home, "Woodley." Grandi and Stimson moved together to the executive mansion.

A state dinner today at the White House, the most important affair on the Grandi social program, was arranged to end in a resumption of the minister's conversations with the president.

Many subjects stretching into the far reaches of economics and politics came up. Their attention centered principally on the world's economic ills, with their entanglement of inter-governmental debt, tariff stamps, budgets and disarmament.

Dr. Duce's spokesman, Grandi, who speaks with all the

## MIX SEES RELIEF PLAN IN BURKE BURGLARY

BURKE, Idaho, Nov. 18 (AP)—Four men riding in an automobile bearing a North Dakota license were sought tonight in connection with the burglary of \$700 in stamps and cash from the Burke postoffice.

Sheriff Walter Hendrickson said four men, strangers, were seen near the postoffice early today, shortly before the safe was broken open by nitro-glycerine. The sheriff said there might be some connection between this robbery and the Pirie National bank at St. Maries, Idaho, recently.

## IDAHO LIEUTENANT GOVERNOR URGES FEDERAL PURCHASE OF 30,000,000 ACRES OF LAND

MOSCOW, Idaho, Nov. 18 (AP)—Seeing in the Chicago land utilization congress a "recognition of the federal government's responsibility to the people," Idaho's lieutenant governor today urged congressional adoption of the proposal.

The three-day congress, opening in Chicago tomorrow, was called by Secretary Hyde to formulate a program of land policy, and political and business leaders in various parts of the country were invited.

"This is the first real attempt to solve the problem of surplus control and price control, and it is an admission that too much land is now under cultivation," the lieutenant governor said.

"Our whole trouble is lack of confidence. If the federal government would buy up low-producing marginal lands so farmers could produce on the rest to the utmost, it would have a tremendous psychological effect on the nation."

Some 30,000,000 acres of these marginal lands are responsible for the wheat surplus. Mix said, and the government could purchase them for \$450,000,000. By following a similar program throughout the nation, surplus in other commodities could be eliminated, such retired land, Mix believes, should be turned over to forests and pasture.

"Banks would not object," he continued, "because they now own most of the land under present mortgage, and the men who operate these farms would be better off somewhere else. The land would be low value and it would be better in effect, as having that amount of money in the treasury."

## DEEP SNOW HIDES FATE OF SEVEN MISSING MEN

SAN FRANCISCO, Nov. 18 (AP)—Seven men were reported still missing in the heavy snow of the Sierra Nevada tonight as a result of the storm which enveloped northern California over the week end, and several others were rescued as they sought to come to their aid.

Reports that Alvin Karpis, leader of the Alvin Karpis gang, had been seen in the snow were not confirmed. The men were caught in the storm while cutting Christmas trees on the north of the American river.

## Prohibition Views Irk Foes Of Fess

WASHINGTON, Nov. 18 (AP)—Three anti-prohibitionists in the house called tonight for Senator Fess to resign as chairman of the Republican national committee because of his newly expressed stand for the Eighteenth amendment.

Representative Britten, Illinois, led the attack upon the Ohioan in formal statement, pointing out that he gets out as their party leader and "reigns from the directorship of the United States League and refrain from being its spokesman."

Representatives LaGuardia, New York, and Schafer, Wisconsin, picked up the attack by the Ohioan.

Fess replied to James W. Wadsworth, New York, that "I shall use my influence to prevent the party from committing a fatal blunder in asking for repeal of the Eighteenth amendment."

## SEARCH FOR TWO BODIES IN PAYETTE LAKE HALTS

MCCALL, Idaho, Nov. 18 (AP)—Search for the bodies of Alfred Bell, auto engineer, and Bernard Hazell, McClain, was abandoned today by W. W. Pebley who has been stationed at Upper Payette lake for the past month.

Pebley or others have searched the lake almost daily for the bodies of the men, who were drowned when "Yoda" boat capsized on the lake in September. The lake was dragged and pieces of clothing and things were recovered but no trace of the bodies was found.

Pebley said the lake was beginning to freeze over which would prevent recovery of the bodies. He should they chance to come to the surface.

## Guns Thunder in Manchuria—Death Gallops over Battle-Fields—Wintry Winds Whine—League Toils Vainly

**Airman Estimates Fight Rages During Dead at Thousands Blinding Blizzard**

NEW YORK, Nov. 18 (AP)—Major Walker has decided, it was learned tonight, to go to California to attend the funeral of his brother, Tom Mooney, who died in San Francisco in 1930.

After attending the Notre Dame-Brown California game at San Francisco, Indiana, the mayor plans to leave there Saturday night by train for San Francisco.

Mooney seeks a pardon from his conviction of participation in the Bremer kidnaping, which was dropped by the federal grand jury in San Francisco in 1930.

The mayor will accept no fee and will not go in his official position but as a citizen and a lawyer.

While in a press conference today the following telegram was received:

DEAR MAYOR WALKER: AM 60 YEARS OLD; AFRAID AM BREAKING DOWN AT LAST. THEY WANT TO TAKE ME TO A HOSPITAL TOMORROW. IN THE NAME OF GOD AND HIS BLESSED MOTHER, WON'T YOU COME OUT TO HELP MY BOY. IT IS MY LAST CHANCE TO PUT MY ARMS AROUND HIM BEFORE HE MEETS GOD. HE HAS BEEN A GOOD SON TO ME. IF YOU DO THIS FOR TOMMY, HE WILL LIVE. I WILL BE AS LONG AS YOU LIVE. "MOTHER MOONEY."

## SOVIET WOMEN PAY WELL FOR APPAREL

By STANLEY P. RICHARDSON (Associated Press Staff Writer)

MOSCOW, Nov. 18 (AP)—Soviet women no longer may be said to be silk stockings. Although they still are difficult to obtain and continue to be the most sought-after article of clothing, silk stockings nevertheless are available at a price.

It would be erroneous to say that Russian women have reached the stage where an American would call them style-conscious. But there are signs they are being enabled to pay more attention to this phase of their life.

A year ago the well-dressed woman encountered in the street or at the theater either was a foreigner or one of the few fortunate natives who had friends to bring them clothing from abroad; now one frequently meets well-tailored Russian women.

Officially, fashion as they are known to their sisters abroad have no place in the lives of present day Russians. Since the revolution, materials and money have been scarce. Besides, the good Communist across such "bourgeois" manifestations, holding that the women of their life.

## 3500 RAILWAY WORKERS RETURN TO TASKS SOON

OMAHA, Nov. 18 (AP)—The Union Pacific railroad today announced plans to return approximately 3500 shop workers to their posts in various cities soon.

Shops are to be reopened in Denver, Chicago, Portland, Idaho, Los Angeles, Portland and Omaha. One thousand men will be brought back to work here. All are employed in the car and engine repair shops. The shops have been closed since October 17.

The Omaha shops will reopen next Monday. Dates for reopening the other five have not been set definitely.

## PEACE MACHINERY GROANS IN PARIS

By F. L. LIPSEY, Jr. (Associated Press Staff Writer)

PARIS, Nov. 18 (AP)—Japan abandoned all talk of compromise tonight in the Manchurian conflict.

At a secret session of the council of the League of Nations, Kamekichi Kawaguchi, the Japanese delegate, held down a program of peace circled as tantamount to turning Manchuria into a military and economic protectorate of Japan.

League authorities admitted that in their own labors they had turned their backs against the wall. The very survival of the League's peace machinery was declared to be endangered.

Mr. Yoshizawa reiterated that China's cause could be recognized only on all Japan "five points" before the evacuation of Urogo could begin. He declined to specify exactly what Japan meant by her "five points," which is a demand that China recognize existing treaties between herself and Japan.

This was taken by some of his auditors to mean that Japan pursued force China to recognize the "twenty of 1915 with the famous '21 demands'."

Mr. Yoshizawa frankly responded:

## FARM BOARD ANSWERS FOR RAISE IN SALARY

WASHINGTON, Nov. 18 (AP)—The farm board will be asked to explain why the salary of 84 dairy farmers' council was increased from \$10,000 to \$12,000 a year.

Representative Wood, Indiana, chairman of the last House Appropriations committee, said today the raise was not justified.

He accused an inquiry made by Representative Schafer, Republican, Wisconsin, relative to the increase.

He agreed with the fact that the salary was increased and the heads of this department will be called on to explain why this increase was made.

Wood said:

Chairman Stone of the farm board advised Schafer of the salary increase.

## EMMETT DEATH PLEAS SLAYER IN BOISE 'JAIL'

EMMETT, Idaho, Nov. 18 (AP)—Charles Duce, 50, Emmett, Idaho, herder, died last night in a hospital here after being wounded during an attack on a woman in a slaying Saturday night.

Lloyd Hayslock held in the Ada county jail in Boise on a \$5000 bail charge in connection with the slaying, will be charged with murder, officials said.

The slaying came unexpectedly to life for four days after the slaying in which he received wounds in the abdomen and left lung. Fractures and pneumonia developed and an operation was performed today in an effort to save his life.

## WALLACE GUIDE FINDS WAY THROUGH STORM

WALLACE, Idaho, Nov. 18 (AP)—The high mountain guide reported tonight that Hugh Mason, 30, of Wallace, had been seen by two men, who reported seeing him on the mountain.

Mason guided four Wallace deer hunters into the mountains north of Wallace. When their automobile broke down and the party bucked snow for 10 days, Mason guided them. He said he made his way to a ranger station.

## SMOOT WEIGHS TAX INCREASE PROBLEM

WASHINGTON, Nov. 18 (AP)—The chairman of the last House Appropriations committee, said today the raise was not justified.

He accused an inquiry made by Representative Schafer, Republican, Wisconsin, relative to the increase.

He agreed with the fact that the salary was increased and the heads of this department will be called on to explain why this increase was made.

Wood said:

Chairman Stone of the farm board advised Schafer of the salary increase.

## ADMINISTRATION'S SPOKESMAN FAVORS NEW EXCISE LEVY AND HIGHER INCOME RATES

SMOOT, usually an administration spokesman on revenue legislation, proposed raises in all the income brackets to a maximum of 40 per cent on incomes over \$100,000.

He advocated also a broad system of sales or excise taxes applying on so-called luxury commodities. He mentioned automobiles and radio among the articles to be included.

Smoot spoke after a call at the treasury which was being made by congress by President Hoover.

The Senate Finance Committee, from the Republican Independents and Democrats, who would concentrate on the big income and inheritance taxes, is expected to report on income tax increases.

Smoot estimated \$1,000,000,000 would be raised by new taxation next year. This is the highest figure mentioned so far. Other congressional leaders believe Secretary Mellon will be willing to agree to borrowing to cover part of the deficit of more than \$1,000,000,000 expected this year.

Smoot wants to start on the income tax schedules with higher rates at the very bottom. In addition, he wants to raise the top rates on the top earners so as to make taxpayers of more income earners.

The prospective administration members of the Senate Finance Committee, the graduated rates applying on the larger incomes, are expected to be reported in a few days.

The prospect maximum rate is double the present rate.

HAGERMAN FOLKS JOIN  
IN SPECIAL ACTIVITIES

HAGERMAN, Nov. 18 (Special to The News) — Special activities of Hagerman groups have been numerous during the last week. Plans for a high school play, and organization of a boy scout troop are outstanding young folks' activities.

A play, "The College Hero," will be presented by the senior class of Hagerman high school at the Park Opera House here Friday, November 20. The play will be directed by Miss Helen Clark with Rose Arterburn, business manager, assisted by Louise Vader and Eva Allison. The cast of characters includes five boys and seven girls. Boys taking part are Edwin Denis, Lloyd Jensen, Melvin Condit, Leland Green and Ernest Nighswonger. Girls included are Leah Thompson, Audrey Denkle, Irene Chatterton, Fern Elder, Carmen Laragon, Louise Bell and Mae Trowille. Special features presented between acts will be a part of the evening's entertainment, and a dance will be given at the conclusion of the play.

Twenty-five members were enrolled in a boy scout troop organized in Hagerman Thursday by Scout Master Philip DuBault at the high school assembly room. Twelve members of the new organization qualified as tenderfeet. A troop committee, consisting of Superintendent S. D. Hayes, R. A. Boudette, Charles Abbott and E. D. Nighswonger.

Members of the Hagerman Baptist Sunday school have planned a Thanksgiving program to be given at the Baptist church. Appropriate readings and musical numbers will be presented. Following the program refreshments of pumpkin pie and cider will be served at the parsonage and a social evening will be spent.

A special meeting of Hagerman Rebekah lodge was called for Saturday night on the occasion of the annual visit of the State Assembly president, Mrs. Sylvia Mott, Idaho Falls. After Mrs. Mott had made her official address, the lodge presented her with an appropriate gift and refreshments being served by the committee. Mrs. Mott left for Twin Falls.

Date of the bazaar and chicken dinner to be given by the Reorganized Latter Day Saints church at the Park Opera House has been changed from December 4 as was first announced to December 1.

## WINTER ENLIVENS BURLEY'S SOCIALS

Parties, Church Dinners,  
Lodge Events, Kensingtons  
and Luncheons Feature

BURLEY, Nov. 18 (Special to The News)—A little touch of winter tends to enliven social affairs in Burley. The week is crowded with parties, church dinners, lodge events, Kensingtons and bridge luncheons. Several marriages and the entertainment of house guests also had a hand in the week's program.

Evergreen chapter of Eastern Star held an interesting meeting Monday evening. There was a good attendance. After the regular order of business, in charge of Mrs. Orpha Coleman, a program and social hour were enjoyed.

Mr. and Mrs. J. H. Thomas entertained on the evening of November 14 at a "dinner time" party at their country home. The guest list was made up of about 25 friends. A prize was awarded Mr. and Mrs. J. H. Thomas for putting in the "best looking" costumes. Mrs. J. Cochran was too much dressed up, so she received a consolation award. Refreshments in keeping with the affair were served at a late hour.

Several weddings have taken place during the past few days here. Miss Ora Hanks was united in marriage to Gene Crofts of the Emerson hotel, a few days ago. The wedding was solemnized at Brigham City, Utah.

Miss Little Blauert and Preston Heninger were married Wednesday at the Logan temple. The young couple will reside at Logan.

The pupils of Miss Margaret Hill were presented in a piano recital one afternoon during the week. The recital was held at the home of Mrs. Paxton on Main street. About 15 of the younger pupils played during the hour. Beulah Trimley was the soloist of having done the best work during the month. Guests of the class were Misses Ruth, Orange, McMillan, Rose, Barney and Francis Holroyd. A social hour with refreshments was enjoyed after the program.

Miss Hazel Woodall entertained a few friends at dinner Friday evening at her home. The evening was spent socially.

A wedding supper was given for Mr. and Mrs. Howard Elms at the home of the bride's parents, Mr. and Mrs. W. Jackson, Monday evening at 7 o'clock, with covers for 25. The wedding ceremony was performed at the Jackson home at 2 o'clock Monday afternoon with Bishop J. D. Hogan officiating. The bride and groom left Wednesday morning for Delta, Utah, where they will make their home.

William Bettjeld was pleasantly reminded Sunday noon that it was his birthday anniversary, when about 30 friends and neighbors called on him. They brought a surprise dinner, including a huge birthday cake. A dinner was enjoyed about 2 o'clock and the afternoon was spent visiting and enjoying musical numbers.

The Happy Hour Rummage met in regular session at the home of Mrs. Frank Pallant. Only routine business was discussed. The time was spent working on quilts. A social hour brought the afternoon to a close. Mrs. Frank Kernham played two piano numbers and a vocal solo was played by Mrs. N. Funk.

Mr. and Mrs. W. L. Oeyer have as house guests for a few days, Mr. and Mrs. Gus Winkler of Omaha, Nebraska.

Sunshine chapter of Betheo Home club met Saturday in special session at the home of Mrs. W. Wilcott. The time was spent sewing for the Welfare association. These women are making clothing to be given to destitute people during the winter. A color scheme of blue and gold was used in the decorations and tea table.

A prettily appointed Kensington luncheon was given Tuesday afternoon. Mesdames Simon Lind, A.

## PIONEER CITIZEN HEARS SUMMONS

J. A. Young, Home Gravel  
Company Owner, Dies Sudden-  
ly After Heart Attack

James A. Young, 51, owner of the Home Gravel company and Twin Falls resident for 25 years, died suddenly Wednesday afternoon when struck by a heart attack while sitting with members of family about the dinner table at his residence, 722 Second avenue east. Death, Los Angeles, was apparently well and in excellent spirit when without warning he was stricken by the fatal attack, and expired before the arrival of a physician who was summoned at once.

Mr. Young had been engaged in business here for many years as a gravel contractor, and he furnished gravel for a number of Twin Falls streets that have been surfaced within the past few years. Besides his widow, Mrs. Erma Young, he is survived by two sons and two daughters. The sons are Anthony Young and Charles Young, both of Twin Falls, and the daughters are Mrs. Granville B. Taylor, Los Angeles; Mrs. C. B. Pinnel, Milwaukie, California; Mrs. H. H. Tanner, Hagerman; Miss Lucille Young, Los Angeles; and Miss Ruth Young, all of Twin Falls.

Arrangements for funeral services had not been completed last evening, while word was awaited from relatives.

The body rests at the Evans and Johnson funeral home.

## DAIRY ASSOCIATION BUSINESS INCREASES

Directors of Twin Falls  
Organization Find Good  
Growth Over Last Year

Products handled by the Twin Falls Dairyman's association showed a gain of 26 per cent for October 1931, above the volume for October 1930. It was brought out last night at a meeting of the board of directors in the office of the county agricultural agent at the Twin Falls courthouse, presided over by the president, D. J. Koenig.

The amount of products manufactured during October by the Jerome Cooperative Creamery of which the association is a unit, was 229,000 pounds of butter; 22,700 pounds of cheese; 32,000 pounds of casein, and 13,000 pounds of dried buttermilk. The creamery paid out nearly \$60,000 for milk and buttermilk during the month.

Prices have held up well, it was stated, and the tendency in by-products—limes—has been stronger. Butter storage in the United States for October 1931 was 80,173,000 pounds; for October 1930, it was 81,450,000 pounds, while the average storage for five years has been 138,108,000 pounds for October, a condition promising better prices, it was stated.

All members of the board of directors were present. Roy O. Smith, Jerome, manager of the Jerome Cooperative Creamery; M. E. Reed, Buhl, manager of the Buhl plant; O. T. Koster, Twin Falls, manager of the Twin Falls plant, and R. Steindorf, Twin Falls, association field man, were also in attendance.

## LAND BUYER SUES TO GET HIS MONEY BACK

L. O. McCoy, Jerome, lately dispossessed of an 80-acre Twin Falls county farm which he contracted to buy in October, 1926, has started suit in district court here to recover from Ernest Gates, Long Beach, California, \$10,261 that he claims to have paid on the purchase price, less \$6000 rental for the land during the time it was in his possession. McCoy, who is represented by T. K. Hackman, Twin Falls attorney, contends that the contracts for purchase of the land were null and void for the reason that they were not acknowledged by Mrs. Gates, the land being community property. McCoy says that he agreed to pay \$225 an acre for the land, under terms of a written contract with Gates' agent. In April, 1928, he says, the agreement was reduced to writing, and a written contract was executed in November, 1930, but, he says, Mrs. Gates did not sign either of these documents. Crops grown on the land in 1930, McCoy says, were taken by Gates, who last October declared the contract for sale to McCoy forfeited, and subsequently sold the land to another purchaser.

Porter, who served with the One Hundred Forty-sixth artillery, with Idaho and Twin Falls boys during the Great war described experiences during the trip to the front and in the three major battles in which American armies participated: Chateau Thierry, Saint Mihiel and Meuse-Argonne.

Captain Porter spoke clearly and eloquently giving a vivid word picture of the strenuous days at the front during the struggle. His description of historic spots visited in England and France was also interesting to all with much interest.

Captain Porter, Twin Falls high school student, gave two readings.

## COMEDY PLEASES LARGE AUDIENCE

500 Persons Enjoy Presentation  
of Clever Play at  
Recreation Hall. Here

About 500 persons enjoyed the presentation of the three-act comedy, "Adam and Eve," as splendidly acted by a well-balanced cast at the Recreation hall last night. The parts were presented with evidence of talent combined with fine training, which characterized all the plays given under the direction of A. L. Smith, at this hour of the past. It will be given again tonight.

Love found its way to the final ocean of felicitous destiny, by circumstance, so far as the main actors were concerned and as to the others, who showed such a spirit of self-sacrifice, the lines leaves the audience room to draw such favorable conclusions as circumstances seem to warrant. The lines throughout are clever and give ample room for bringing out meaning by expression and inflection.

James King, a wealthy man, is being imposed on by his family and relatives, whom he allows to squander his money. George E. South makes a fine presentation of the part of a businessman in this role. Adam Smith, hero, a part carried off in excellent manner by Pat Brannin, proves as great an economist as his famous namesake, and puts into effect a plan to get the whole family at work, while King is away on a long vacation. Miss Dorothy Kirkman, person, looks and acts the part and rises to all occasions. Miss Rehan Smith, as Corintha, the parlor maid, has some of the cleverest lines in the piece and deserves matrimonial connections with nobility. Lord Andrew Gordon, a part acted with effective dialect by Allen White, proves his metal by becoming an American citizen. R. L. Warner, as Clinton DeWitt, and Mrs. Malina Hall, as Mrs. Julia DeWitt, come across nicely when up against what seems like the real thing. Miss Marjorie Reckless, as Aunt Abby Rooker, like the Canadian mounted police, lands her man. C. T. Carrio, as Horace Plurim, changes under necessity into an enterprising insurance man. Richard Berpa has the part of the black sheep. Dr. Dolamster, a fortune hunter, but otherwise quite a likable chap.

A spectacle of young men including Owen Siders, Eldon Stokes, Marjorie Shumway, Fred Habbel, Roy Babbie, Maylon Guest and Dick Smith, and a trio composed of Mrs. Claude Brown, Miss Ushina Kirkman and Miss Marjorie Ward, gave excellent work numbers between acts, with Miss Norma Guest as accompanist.

## WORKERS UNITE IN RELIEF CAMPAIGN

Twin Falls Organizations'  
Representatives Outline  
Plans to Back Theatres

A systematic campaign of ticket selling for unemployment relief performances at all Twin Falls theatres next Wednesday night was outlined at a meeting at the Idaho theatre yesterday of representatives of a number of Twin Falls churches, and civic and fraternal organizations. W. Orr Chapman, designated as general chairman of the ticket selling campaign, presided at the meeting.

Sale of \$1000 worth of tickets was set as the minimum objective for the campaign, the whole proceeds will go out deduction for any expenses in connection with the campaign or the benefit performance, to be turned over to Twin Falls Associated Charities for meeting unemployment and relief needs in this community during the coming winter.

Joe Koehler, Twin Falls chairman, explained the undertaking, in which, he said, Twin Falls theatres, are to play their part in a nationwide campaign by the motion picture industry to unemployment relief.

He voices his appreciation of co-operation and support given by Twin Falls organizations in carrying out the purpose to make the benefit performance in Twin Falls a community enterprise.
