ONE HAND OF PINOCHLE BRINGS MELD OF 1900

TACOMA, Wash., Nov. 19 (AP)—A pinochle player's dream came true. E. K. Pohl, playing with two others, drew six of the aces with the exception of one ace, when he picked up the "widow" he drew an ace of spades and two jacks of diamonds. His meld was 1500 tricks, 200 pinochle and 100 aces—1900 in all.

9-YEAR-OLD BOY KILLS BROTHER WITH SHOTGUN

HANFORD, Calif., Nov. 19 (AP)—A boy at home here while his father was at work in Coalinga, Jack Roberts, 11, was shot and killed by his brother, Leo, 9, while they were preparing for school. Leo, in a story told at the sheriff's office, said he was accidently shot his brother when he was playing with a shotgun. Leo said he was playing with the shotgun and he pulled the trigger. The boy's mother is dead.

HUBERT NICCOLS STAYS IN WASHINGTON PRISON

OLYMPIA, Wash., Nov. 19 (AP)—Hubert Niccols, 15-year-old killer of John L. Wornell, Asian country sheriff, will not be taken from Washington. Governor Roland H. Hartley said today. Niccols was arrested in Seattle and taken to the state prison here. He is being held in the same cell as the man who shot and killed Wornell.

The chief executive would be derelict in his duty if he unduly transferred his responsibilities to agency in another state, Governor Hartley said. Niccols is being held in the same cell as the man who shot and killed Wornell.

FLOOR LEADERSHIP ATTRACTS SEXTET

Four Southerners and Two Northerners Combat For Distinction in House

WASHINGTON, Nov. 19 (AP)—Six friendly enemies—four Southerners and two Northerners—were competing for the Democratic floor leadership in the house. The victor will be decided at the December 5 caucus.

United behind Representative Garner, Texas, for speaker, the Democrats are divided, north against south, on leadership. Northerners claim the leader should be from above the Mason-Dixon line, since the speaker will come from the south if the Democrats gain control. Southerners contend that the fact of their having furnished the bulk of the opposition during 13 years of Republican dominance should be fully recognized.

Contestants from the South are Representatives John McDuffie, Alabama; Joseph Byrns, Tennessee;

The Weather

FORECAST FOR TODAY AND TOMORROW—Snow followed by clearing today; fair and cold tomorrow.

Minimum temperature in the Twin Falls vicinity in the 24-hour period preceding 5 P. M. yesterday was 23.8 degrees, according to the report of D. B. Cheyne, government weather observer here. Maximum was 38.2. The day was cloudy and the barometer registered 30.31 inches at 5 P. M. A strong southerly wind brought precipitation totaling .22 of an inch in the form of snow. Humidity ranged between 90 and 42 per cent.

Charles R. Crisp, Georgia; and John R. Rankin, Mississippi.

Representative Henry T. Rainey, Illinois, and John J. O'Connor, New York, are the Northern contenders. McDuffie and Rainey appear to have the lead between them.

The Alabama delegation appeared today to the party's rank and file to support McDuffie, whip in the last congress. This 44-year-old cheerful Alabama attorney is entering his seventh term. Rainey, 71 years old, is the oldest contestant in age and point of service. The career of this silver-haired veteran of more than a quarter

of a century was marked by one defeat during the Harding landslide in 1920; but he has been out of only one congress since he came to the fifty-eighth.

The Illinois member, besides being a lawyer, is a student of international commerce. O'Connor is the youngest both in age and service to seek the post. Born in Massachusetts, the 46-year-old red-haired Tammamite had been active for years in New York state politics.

Byrns, 52, a tall and thin gray-haired veteran of more than two decades as a representative, is widely known for his work on the biggest legislative group in the house—the appropriations committee.

Rankin, 40, is a World war veteran who has sponsored much veterans' legislation. He is ranking Democrat on two committees. Crisp had the distinction of succeeding his late father, Charles Frederick Crisp—back in the fifty-fourth congress.

IDAHO SUPREME COURT JUDGE PLANS TO RESIGN

BOISE, Nov. 19 (AP)—Justice W. P. McNaughton of the Idaho supreme court announced to the Statesman tonight that he planned to resign about January 1 to enter the private practice of law in Coeur d'Alene, his home city.

In making his announcement, Justice McNaughton stated he had enjoyed his two-year service on the supreme bench, but an opportunity for financial betterment had come which he felt he could not forego. He said he was going to practice with John P. Gray, with whom he was associated prior to going to the district bench in 1920.

Arrangements for his entrance into private practice have been practically completed, he said, although he described his decision as subject to change. McNaughton was appointed by Governor H. C. Baldridge to succeed Judge William E. Lee, who resigned two years ago to accept an appointment to the interstate commerce commission. The Statesman story said there were six outstanding possible candidates for the post, which will be filled by appointment by Governor C. Ben Ross. Those listed, all described as Democrats, are M. D. War-

nett, Cour d'Alene; R. H. Elder, Coeur d'Alene; H. J. Hall, Wallace; Eugene Cox, Lewiston; R. D. Lesper, Lewiston; and T. A. Walters, Caldwell, the latter Democratic state chairman.

POLO DRIVES COWS OUT OF NOTED DAIRY VALLEY

CLEVELAND, Nov. 19 (AP)—Polo has driven cows from the Chagrin valley, once famous for its dairies. A sale of registered cattle at the Halfred Farms, owned by Windsor T. White, marked the end of the last of the great herds there. Polo, dashing sport of the younger generation, took more and more room and finally crowded out the industry entirely.

Germany, France and Poland Rally to Relief of Jobless

ARMY MEN COLLECT FOOD AND CLOTHES FOR TEUTON NEEDY

Mounted Trumpeters Canvass Berlin Streets to Get Fuel and Apparel For Charity

FRENCH PLAN FOR BIG PUBLIC WORKS PROJECT

Poland Shelves Political Discord and Mobilizes For Assistance of Unemployed

BERLIN, Nov. 19 (AP)—Germany is mobilizing her armed forces to assist her unemployed through the winter months.

Two days weekly mounted trumpeters cover the city advising inhabitants that army supply brigades welcome any ready to collect anything the needy wish to give in the way of food, fuel or clothing to the unemployed.

Coupled with the military effort German railroads are carrying shipments to the unemployed free of charge. The two organizations cooperate to see there are no distribution hitches between the donors and recipients of the goods.

With more than 4,000,000 unemployed, the nation is making intensive efforts to minimize the suffering attendant on winter months. Orders have been issued whereby the unemployed will be given parcels of bread and fuel at one-third below ordinary prices.

Then too, when a man goes on the unemployment list, he automatically receives the equivalent of a 40 per cent reduction in his rent. The landlord ordinarily pays that amount as a special tax, which is waived when a tenant is without employment.

These concessions are supplemented by the dols which range up to \$3.75 a week to men with families.

Large groups of the unemployed, moreover, have developed a system of barter among themselves. Some months ago vacant plots were made available to the unemployed for garden purposes. Those favored with a surplus of produce procured it and figured out their needs for the winter. Any balance was available for barter.

FRANCE POURS CASH INTO PUBLIC WORKS

PARIS, Nov. 19 (AP)—Aided by German payments in kind, the French government within the next year expects to spend the equivalent of \$100,000,000 on public works in its fight against unemployment.

This is to be done, if the government's program is accepted by parliament, without recourse to an internal loan. A part of the sum is to come from a treasury fund, and the remainder is to be taken out in German products payable to France under the Young plan.

IMPROVED PROCESS GIVES BEWITCHING FLAVOR TO COFFEE

Controlled Roasting Creates Flavor No Other Coffee Has

It is a pleasure to breathe the fragrance that drifts from a cup of Hills Bros. Coffee. But wait till you drink it! Here is flavor no other coffee has—flavor none can equal! Hills Bros. alone, roast by the patented process—Controlled Roasting—that gives you all the bewitching flavor of the coffee berry all the time.

As the accuracy of the hour-glass depends upon an even, continuous flow... a little at a time... so the marvelous, uniform flavor of Hills Bros. Coffee is produced by this patented process that roasts evenly, continuously... a little at a time. No wonder the flavor is superior to that of bulk-roasted coffee. Bulk-roasting requires guesswork whereas Hills Bros. Coffee is under automatic control. No berry is underdone nor overdone. Perfect, unvarying flavor is positively assured!

Every pound of Hills Bros. Coffee is strictly fresh too. For air, which destroys the flavor of coffee, is removed and kept out of the vacuum cans. Even ordinary "air-tight" cans won't keep coffee fresh. Order Hills Bros. Coffee today. Ask for it by name, and look for the Arab trade-mark on the can. Hills Bros. Coffee Co., Portland, Oregon. © 1931

German army trumpeters sound a call for help for needy unemployed and a charitable housewife responds with a bundle of clothing.

present it to parliament, the bill will call for \$42,000,000 for new roads, ports and for improving river navigation; \$24,000,000 for farm electrification and general aid to agriculture; \$14,000,000 for hospitals and \$12,000,000 for new schools.

POLAND ORGANIZING TO AID HALF MILLION

WARSAW, Nov. 19 (AP)—Political discord has been shelved as Poland mobilizes to aid her unemployed, officially estimated at 250,000, but believed to be nearer 500,000.

Unemployed here are paid for 13 weeks after losing their jobs, the rate varying between 50 and 60 cents daily depending upon the size of the man's family. This government usually is able to continue the payments for four weeks over the limit.

Close relationship between rural and urban Poland will be a factor in coping the crisis. Polish officials believe that low prices at which farm products are selling will keep quantity off the market, the farmers giving the foodstuffs to relatives in town rather than sell them for so little money.

Churches are combining their resources and working with a central committee formed under government patronage.

ANTI-TUBERCULOSIS WORKER PENS PLEA

Dr. Kendall Emerson, Manager of National Association, Appeals For Aid

INDIANAPOLIS, Nov. 19 (Special to The News)—Urging that redoubled impetus be given the war on tuberculosis, which still claims more victims between the ages of 15 and 40 than any other disease, Dr. Kendall Emerson, managing director of the National Tuberculosis association, which sponsors the annual Christmas seal sale, pointed out here tonight the "ominous significance" of the fact that adolescent girls and youthful mothers succumb in numbers almost twice as great as the brothers of equal age.

Dr. Emerson made it clear that despite the reduction of the death rate to one-third what it was 25 years ago, tuberculosis is still "the most widespread and dangerous of all preventable diseases." He spoke last night at the annual meeting of the Marion County Tuberculosis association here, sounding the keynote for the Christmas seal sale which starts throughout the country Thanksgiving day. In addition to being the executive head of the national organization engaged in fighting the disease through its 2085 local associations and committees, Dr. Emerson is director of the American Public Health association.

FERTILIZER SPREAD BY PLANE
SANTA ROSA, Cal., (AP)—Flying about 15 feet off the ground Lieutenant Colonel L. K. Irving has spread fertilizer over 25 acres of land. The local farm adviser said the experiment was successful. The fertilizer was spread at the rate of about 150 pounds to the acre.

at the lives of the young and strong in the years of their fullest promise." Dr. Emerson said. "The fight is not yet half won. There were more than 90,000 deaths from this disease in the United States last year. Only by constant vigilance can we hold ground gained, and any remission of effort at this moment would be to take backward steps which would require years to retrace."

"This year the twenty-fifth annual seal sale makes it appeal to the generous heart of America. It is a year when the strain on giving power is more than ever. The need for contributions for material relief is more acute than ever. The pressure for contributions for material relief is more acute than ever. The pressure for contributions for material relief is more acute than ever."

"In the intensity of our interest in the obvious and immediate urgency we are in grave danger of forgetting what we may call remote agencies—the prize for which we have fought and labored painfully these many years—the carefully planned health and welfare activities built to defend society and which must be maintained at the price of its survival."

Double Obligation
"Where once we gave from our surplus, today we share our own lessened resources with those whose resources no longer exist. The appeal of the hungry must be met, but the fulfillment of this obligation leaves us not one whit less responsible for insuring a safe and healthful environment for those we have saved from starvation."

"Annually for a quarter of a century the National Tuberculosis association has offered to the public the opportunity to contribute to the fight against disease by the purchase of the familiar Christmas seal. We are also charged with passing forth checks on J. C. Murphy, Decio; the Elliot pool hall, Burley, and Jack's place, at Paul."

SHOSHONE COUNTY LAYS OFF SEVERAL DEPUTIES

WALLACE, Idaho, Nov. 19 (AP)—Deputies have cut into law enforcement in Shoshone county, some of two widely publicized rum rebellions.

Sheriff Walter Hendrickson, seeking to hold his expenses within the budget cut of \$4,000, ordered a valuation, laid off the day after in the county jail and deputies stationed at Kellogg, Mullan and Burley were returned here. The sheriff expects the move to save 33 per cent of his expenditures.

Two years ago scores of citizens of the region, including town and county officials, were accused by the government of permitting "wide open" traffic in liquor, gambling and vice. The officials said they used fees collected from the traffic to fill depleted coffers.

Join Nomination Session

(Special to The News)

BURLEY, Nov. 19—Nominations for officers to serve during the coming year were made at a meeting of the Snake River area council of the Boy Scouts of America here at the Elks club this evening.

Dr. J. N. Davis, Kimberley, was supported by the nominating committee for the office of president of the council. The committee named Arthur J. Peavey, Twin Falls, for treasurer, and Fred O. Hedgall, Jerome, for commissioner.

The executive board recommendations were W. E. Bitter, Stanley A. Larkin, W. B. Smith, Dr. J. P. Goughlin, Frank L. Stephens and Kenneth Beach, Twin Falls; W. A. Hardy, Oakley; Frank H. Thomas, Gooding; G. E. Booth, Burley; and W. C. Abbott, Wendell. Members at large: M. B. Benedict, Halley; R. E. Shepherd, Jerome; S. B. Biewart, Burley.

Twenty-five men interested in boy scout activities were in attendance at the meeting. Thomas L. Robertson, Twin Falls, incumbent vice president, presided in the absence of Frank H. Thomas, Gooding, president.

Mr. Larkin reported on a meeting with men from the national scout organization at Pocatello, Rev. Victor Phillips, Rupert, minister, spoke on the same subject, latter praised the national leaders' aims.

Announce Other Sessions

Dr. Davis announced a meeting of the district commissioners of the organization to be held in Twin Falls at the Park hotel, on the evening of November 27.

E. C. Beach, chairman of the Twin Falls district, issued a formal invitation to the council members to be present at the annual district session in Twin Falls on December 17, when Oscar A. Kitchman, improvement area director of boy scouts in Salt Lake City, will be principal speaker. The women of the district will be special guests. More than 200 persons are expected to attend.

Dr. E. Russell Scott, Twin Falls, executive of the Snake river area, reported on the growth of the organization so far this year, stating that advancement has been satisfactory, and that the progress has nearly equalled the goal set a year ago.

Urges Payments

Thomas M. Robertson, Twin Falls, speaking on finances, urged the districts to complete payments on their quotas immediately.

W. C. Hart is chairman of the nominating committee which reported on the recommendations for new officers.

Present at the meeting were: K. C. Beach, W. E. Nixon, Thomas M. Robertson, I. E. Joelyn, J. W. Richins, Stanley A. Larkin and Dr. E. Russell Scott, all of Twin Falls; Solomon Hansen, J. C. Darrington and L. A. Gillette, Declo; W. C. Hart, Shoshone; Edward Warr, W. A. Hale, Chas. B. Clarke, O. F. Buser, Rosel Hale, W. G. Hardy, Oakley; T. R. Larson, George C. Hutton, Leo E. Island Hermit Gives Up Solitaire for Matrimony

By E. E. BOMAR
(Associated Press Staff Writer)
CHESAPEAKE, Md., Nov. 19.—The hermit of Little Watts island is a hermit no more.

For Charles Hardenberg has ended his 23 years solitary residence on a spot of land in Chesapeake bay no bigger than a city block by giving his childhood sweetheart, Miss Katherine Seipel, of Jersey City, N. J., so it will be a different island from now on, with two to keep it company.

The romance of the hermit and his bride grew from an acquaintance in their youth at Jersey City. They separated when Hardenberg, then 23, decided upon his father's plan to abandon the law profession and seek happiness on the island.

Charles Hardenberg played solitaire for 23 years on his island in Chesapeake bay, but marriage has ended his hermit existence. Mrs. Hardenberg, who had been his childhood sweetheart, will help with the light housekeeping now—queen of the realm in which he is king.

His story appeared in many newspapers, and he got many letters from readers. Recently he began to show more interest in the life of the world.

Encouraging seas have washed away a large part of Little Watts island, and Hardenberg said he

plans to build a larger house than his present dwelling on nearby Watts island, which contains 300 acres. There the Hardenbergs will till some land and raise livestock.

The actual population of Little Watts island consists of just three chickens.

Atlantic telephone from Rome.

A few minutes later, the minister and Secretary Stimson issued the joint statement at a press conference at the state department.

Specifically mentioned as points discussed during the talks were "the present financial crisis, international debt, the problems surrounding the limitation and the reduction of armaments and stabilization of international exchange."

After the statement was issued, Secretary Stimson read a brief personal statement in which he described the talks as "both enlightening and helpful."

Speaking extemporaneously in English, slowly weighing each word, the minister also made a personal statement.

"I came to America to learn," he said. "I go back to Italy with something very precious in my spirit. I have learned very much." Speaking of President Hoover he said: "He is a man who impresses everybody and above all Europeans. He goes forward, straight-away to questions."

After the issuance of the statements at the state department, the minister went to a reception by the

schedule, paid a Berlin dispatch.

Premier Laval initiated the committee would be called together soon, perhaps beginning its sessions at Basel within 10 days.

The agreement between Germany and France, the principal reparations creditor, was reached at a three-hour conference between the premier and Dr. Leopold von Hoesch, German ambassador to Paris. It brought to a close preliminary conversations in which the two countries differed as to the scope the inquiry should cover.

It finally was agreed to invoke the Young plan provision for creation of the advisory committee. The bank for international settlements would appoint seven members of the committee and they would name four more to sit with them.

The Young plan provides that a special committee may investigate Germany's financial and economic situation if Germany asks the world bank for postponement of reparations payments, but the committee would not have authority to consider unconditional payment.

Germany asked to have the committee's powers extended to include consideration of unconditional payments and private short-term credits.

ROME CONVINCED

ROME, Nov. 19 (AP)—The conversations between Foreign Minister Grandi and President Hoover, as officially conveyed, convinced the Italian government today that Rome and Washington were in full accord on measures of world economic recovery and that Premier Mussolini's policies were finding full collaboration.

Such harmony of viewpoint, it was said, makes a valuable contribution to international cooperation and sounds a note of optimism for the future. Pleasure was expressed over the cordiality with which Signor Grandi was received and it was taken as an indication that Italy is playing a major role in world politics.

President Hoover's reception of four representatives of Italian origin with a dinner in the White House particularly created a favorable impression. As one newspaper remarked: "Grandi's visit is a new direct contact between Italy and the great collectivity of our co-nationals who live and produce in America."

REACH AGREEMENT

PARIS, Nov. 19 (AP)—Germany's capacity to pay reparations will be examined by an advisory committee of the world bank, created under the Young plan, France and Germany today decided.

Germany already has mailed to Basel her application for appointment of the committee to inquire into her financial condition and consider revision of the reparations schedule.

defeated," he said, "the Japanese troops will retreat southward."

Then he quickly added, "of course I must make a reservation and qualified his statement by adding the phrase 'unless unfavorable events should happen.'"

"There are no serious complications between Russia and Japan," he continued, "because the Russians know it is not our intention to capture the Chinese Eastern railway."

DeBorch was asked whether there was full accord between the Japanese military officers in Manchuria and the Tokyo government.

"That point I can discuss," he replied, "there is a strong hope."

Shortly after the dinner little Japanese emissaries walked out of Secretary Blanton's office, that official was in telephone communication with Ambassador Charles C. Daves, America's representative at the League of Nations.

Chairman Borah of the senate foreign relations committee said today he was convinced that Japan intends to dominate Manchuria.

The senate, an outspoken critic of recent Japanese activities, had been yelled by Yukio Ozaki, a member of the Japanese diet.

In Chicago, Senator Johnson, California, a Republican, said the present situation should be the last effectiveness of treaties and the League of Nations.

"Japan will take what she wants," he said, "and what Japan takes, she keeps."

JAPANESE, ACCEPT LEAGUE PROPOSAL

SETS UP CONDITIONS

(Copyright, 1931, by The Associated Press)

PARIS, Nov. 19.—Japan has informed the League of Nations that she will not evacuate Manchuria until a new treaty has been negotiated between Japan and China, it was learned tonight.

Moreover, the Tokyo government will allow to be demanded that before China must confirm the validity of existing Sino-Japanese treaties.

These points were made clear by unofficial publication of a memorandum to the League council from Kenkichi Yoshizawa, Japanese delegate. The memorandum gave precisely the details of his statements made at yesterday's secret council meeting.

M. Yoshizawa declared that even if the security of Japanese lives and property in Manchuria appeared assured, Japan would maintain her military occupation.

In League circles it was pointed out that Japan had promised the council in September to withdraw her troops so soon as the security of the lives and property of her nationals in Manchuria was guaranteed.

The Japanese government, the Yoshizawa memorandum declared, does not favor the proposal made by certain members of the council that evacuation begin concurrently with direct negotiations between Japan and China.

Publication of the Japanese memorandum, which confirmed the account of M. Yoshizawa's statement reported yesterday by The Associated Press, came as the council was concluding its third day of peace negotiations, thus far without effect.

Suggestions were reiterated that the council send a commission of investigators to Manchuria, but there was no indication that such a step was under serious consideration.

Private meetings between negotiators and secret gatherings of the council continued today and will continue tomorrow, but no progress was reported tonight.

Considerable difficulty, it was apparent, was being encountered in clarifying the attitudes of the council and of the United States on what should be done to stop the conflict.

Ambassador Charles C. Daves, the American observer, held a long telephone conversation late tonight with Washington. He stayed on the phone so long it was impossible for him to carry out an engagement at Araratide Briand, council president, at which it had been expected the American attitude would be made clear.

PLANS WITHDRAWAL
(Copyright, 1931, by The Associated Press)

HARBIN, Manchuria, Nov. 19.—Chinese authorities here said tonight that General Ma Chiao-shan plans to withdraw his troops from Koshan and set up a new Heilungjiang provincial government with its headquarters on Hulun on the railroad running north from Hulan.

The Chinese assert General Ma, defeated yesterday by the Japanese, succeeded in withdrawing his forces practically intact.

They expected he would reorganize them along the Taitshih Koshan railway.

According to an apparently informed source, 600 men under General Yuan Chun-Ku fought a brave rear-guard action against the Japanese in yesterday's engagement, and succeeded in covering the retreat of the main body.

Chinese reports are that 5000 Japanese took part in the battle, including infantry, artillery, cavalry and air bombers.

Berlin planes flew in formations over Taitshih, according to these reports, and dropped bombs. There has been no information of damage or casualties in Taitshih, to confirm the Chinese reports.

General Daves. Finally their tail was put over until tomorrow morning.

Meanwhile international circles were in a fever of speculation about the nature of General Daves' long talk with the authorities in Washington.

In the absence of any positive declaration either by M. Briand or the American observer, rumors were circulated in cable abandon.

Some reports indicated Daves as being entirely ready for a strong League program against Japan. Others asserted that M. Briand and his colleagues waited only for assurances of American support before initiating some scheme of coercion.

RAILWAY WORKERS MEET EMPLOYERS AT VITAL SESSION

(Continued from Page One)

citation indicated the representatives of the 21 brotherhoods present put before the presidents' committee these suggestions:

1.—Immediate stabilization of employment by assuring one year's work to necessary employees in every class, thus increasing the purchasing power of a payroll exceeding \$2,000,000,000 by releasing more than 1,200,000 employees from the force of unemployment.

2.—The creation of a commission of rail officials and employees to inaugurate the six-hour day.

3.—The promotion of legislation to create \$1,000,000,000 United States bond issue for grade-crossing elimination, one half the cost to be borne by the government and the other half by the railroads, the latter half to be repaid by the railroads by the payment of interest and sinking fund payments to retire the bonds in 50 years.

The president's committee of nine, headed by Daniel Willard, president of the Baltimore and Ohio, is understood to have followed up its original program, agreed upon at the recent general conference here, of maintaining principally a "listening" attitude.

The position of the rail officials, however, which has been voted on various occasions and which is well known to the union leaders is this:

A flat reduction of 10 per cent in wages, at least temporarily, if the carrier credit is to be restored.

There had been some hope expressed that the brotherhood leaders would suggest some sort of voluntary reduction, but before going into the conference, union officials declared that they would not bring up the subject of wage reduction.

The statement issued by the labor executives laid special stress upon the reduction of unemployment by the stabilization of labor.

SMOOT RENEWS APPEAL FOR SILVER CONFERENCE

(Continued from Page One)

WASHINGTON, Nov. 19 (AP).—Chairman Smoot of the senate finance committee said today a conference with President Hoover to discuss the subject of the administration's stand for or against increased taxes had not been taken up.

"In my opinion," he said, "England and France have not changed their attitudes toward such a conference and probably would not accept an invitation if it were extended to them."

English Gentry Squeeze Pounds as Humble Pinch Pennies

EVEN ROYAL FAMILY FEELS DEPRESSION IN GREAT BRITAIN

Anti-Laborite Vote Cheers Feelings of Rich Men. But Fails to Aid Pocketbooks

WEALTHY CLOSE MANY OF COUNTRY ESTATES

Ancient Sports, Including Hunting and Racing, Feel Influence of Slump

LONDON, Nov. 19 (AP) — England's rich men are having a tough time of it, and the anti-Laborite vote cheered their feelings, but it didn't help their pocketbooks much.

Nor will it, unless the strengthened Macdonald government sees fit to repeal the land tax bill, one of the last acts of the Labor government and which takes effect next year.

Royalty Feels Pinch. Naturally the rich aren't wondering whether they will have meat on their menus next week, but most of them are making economies which in other days they would have considered mean.

Even the royal family is feeling the pinch. King George has ordered severe economies in his racing stable, and the Duke of York is curtailing his hunting this season.

Almost every week the closing of some big country estate is announced, or a famous town house is put on the block.

One of the country's ancient sports of the rich in England have suffered. The shooting season in Scotland, for example, is a small affair compared with the aid of former years.

Lord Derby, one of whose forefathers began England's famous "derby" and himself an enthusiastic turfman, has almost retired from the sport. He is running his stables on a much smaller scale.

The earl contributes heavily to charity. When he had to choose between his charities and racing, he kept the former.

Lady Louise Mountbatten, one of England's famous beauties and friend of the Prince of Wales, recently put her town house on the market. It was one of the brilliant social centers in London. She intends to join her husband, probably in Malta, as he is with the Mediterranean fleet.

The landed aristocracy probably has been hardest hit of the lot. It costs a lot of money to maintain great estates and under England's heavy income and surtax there is only half the money with which to do it.

Staffs Cut. Staffs in great houses were cut down. The duke put the \$10,000 car in the garage and bought a cheaper one that cost less to run. Land was turned out of cultivation to save labor costs.

Many of these landlords felt a necessity to the tenants, and of them on the land for generations. Some landlords have rebated rents, but often that has been impossible.

The Earl of Tankerville recently announced that he was closing a great house in Northumberland and that he and his wife would live one of the cottages on the estate.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with **Congoleum**, an emulsion of cod liver oil that is pleasant to take. **Congoleum** is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, **Congoleum** is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat trouble. **Congoleum** contains, in addition to cod liver oil, other healing elements which soothe and heal the inflamed membranes and stop the irritating inflammation, while the cod liver oil goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. **Congoleum** is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory disease, and in eradicating or building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (adv.)

New Scotland Yard Chief Gets Nickname Of "Boom"

(By The Associated Press)
LONDON, Nov. 19.—London has a new chief of police whose nickname is "Boom."
Actually he is Lord Trenchard, 34 years old and known as the man who made the Royal Air Force. He is a disciplinarian, looks the part, and his deep voice earned his nickname for him.
Lord Trenchard follows in the steps of Lord Byng of Weymouth, who was Scotland Yard's chief for 10 years. Lord Byng, also a warrior, made a record for drastic dealing with London's tough spots which Lord Trenchard is expected to equal.
The new commissioner was born and entered the army 20 years later. By 1915 he was a major general and in 1927 became an air marshal. In 1927 he was commissioned marshal of the entire air force. He is the only officer to hold this post, which has a rank equivalent to that of admiral or field marshal.
He first saw action in South Africa where he was dangerous to the enemy. In the World war he was mentioned in dispatches eight times and won decorations from several foreign governments, among them the American distinguished service medal.
Last year he was made a peer.

"INSIDE" LIGHT THIEF FOILS SCOTLAND YARD
LONDON, Nov. 19.—Scotland Yard has been in the dark about a light problem.
First class electric bulbs have a way of vanishing from the premises, to be replaced by cheaper bulbs.
None of the detectives was able to trace the thief. They agreed only that it was "an inside job."
However, Scotland Yard to its own rescue. The bulbs have been found in position so that it will take a burglar or a burglary outfit to remove them.

MOSCOW ARCHITECTURE COURSE GETS APPROVAL

MOSCOW, Nov. 19 (Special to The News)—National standing has been granted the University of Idaho's curriculum in architecture, the fourth smallest course of its kind offered in the United States, and the only one with a single instructor.
M. W. Melian, instructor in architecture, recently received notification that the Idaho course of study has been approved and accredited by the United States department of interior and listed in the national catalog of schools of architecture. There are 48 accredited schools in the United States. Courses offered, equipment, and academic standing of the institution are points on which accreditation is made.
The course of study at Idaho is offered as a major in the college of letters and science, and is organized as a combined department of art and architecture of which Professor Paul R. Thring is acting head. Twenty-four students are majoring in the course this fall.

DECISION FAVORS WINTER WATER CUT

District Judge Denies Application For Injunction in Canal Case

District Judge W. A. Babcock has decided against granting an injunction to restrain Twin Falls Canal company from attempting to shut water out of the Twin Falls canal system during the winter season.

The court's decision, announced yesterday, marks a new development in an issue that has been agitated for nearly a quarter of a century since the completion of the canal system.

The company's stockholders at an annual meeting in January, 1929, authorized the company's directors to cease winter water deliveries. Thereafter, about a year ago, the directors ordered cessation of delivery of water in portions of the canal system last winter. Towns dependent upon the water for their water supplies were excepted in this order.

Two of the company's stockholders, Geo. W. Hill and H. P. Rammer, both of Piler, applied to the district court for an injunction to restrain the canal company from carrying out this policy. Judge Babcock later last fall denied the application for a temporary injunction, and then, following hearing of the case on its merits, he announced yesterday the application for a permanent injunction was denied.

Though started as a friendly suit, the action, in which both Hill and Rammer were represented by Charles A. North, and the canal company by Fred A. North, and the canal company by Fred A. North, was closely contested and all angles of the question were presented for the court's determination.

MINISTER SPEAKS UPON CIVILIZATION

Declaring that an civilization began with Adam and Eve, date of whose existence on earth had not been definitely determined, it was impossible to tell how old it was. Dr. Elmer Hull, pastor of the First Methodist Episcopal church, Twin Falls, speaking on the subject "Civilization" at the weekly luncheon of the Magicians' club at Wray's cafe yesterday, declared that it was characterized by constant change and by an effort on the part of human beings for welfare, satisfaction and progress.

Dr. Longbrake said he did not believe civilization would be annihilated or that it was characterized by constant change and by an effort on the part of human beings for welfare, satisfaction and progress.

BICKEL ASSOCIATION FAVORS PEACE MOVE

A varied program was enjoyed by more than 80 persons at the meeting of the Bickel Parent-Teacher association held in the Bickel school last night and presided over by Mrs. John C. Harvey. Community singing was led by Mrs. June Kirkman.

W. B. Smith, superintendent of Twin Falls schools, spoke on "Mastery of Learning," after which he distributed questionnaires among the parents in order that they might get suggestions regarding work of their children. Twenty-five pupils of the rooms of Miss Mabel Weaver and Miss Kathryn Bryson put on an attractive Thanksgiving play.

Mrs. John E. Hayes, chairman of the committee on publicity of the National Congress of Parents and Teachers, explained the petitions for peace now being circulated by a large number of organizations after which the meeting went on record in favor of signing them. Mrs. Hayes also spoke on the subject of cooperation with the teachers of Twin Falls in the interest of the unemployed.

It was announced that the study club would meet in the auditorium December 1 at 2 P. M.

Refreshments of punch and wafers were served by a committee composed of Mrs. S. C. Hemphill, Mrs. F. C. Park, Mrs. H. G. Hayes and Mrs. C. D. Thompson.

Cars Misbehave When Storm Hits

A brief but furious snowstorm struck the Twin Falls district late yesterday afternoon, bringing nearly two inches of snowfall while it raged for about an hour and then moderated soon after sunset. Wind abated and temperature lifted after snowfall ceased.

Streets and highways became treacherous under the snow blanket, and waves of fast-falling snow blinded motorists and made driving, except at a snail's pace, an extremely hazardous occupation.

Wreckers were called out from here to bring in two cars that collided and were wrecked on the highway near Kimberly during the storm, and in going to the assistance of motorists whose cars had become wet and stalled or that had skidded into roadside barrow pits.

No one was hurt in the wreck on the Kimberly road, and there were no other reports late last night of serious damage caused by the storm.

LARGE AUDIENCE AGAIN GREET'S ADAM AND EVA

Another large audience greeted the performance of the three act comedy, "Adam and Eve" at Lauer Day Sains' laboratory last night and showed by their hearty applause their appreciation of the players, the play and the specialties. The show has been one of the big hits of the season so far.

The play is directed by A. L. Smith, who directed two successful comedies here last year. The cast is composed of George E. South, R. L. Warner, Richard Berpe, C. T. Carrico, Pat Brann, Allan White, Mrs. Melba Hall, Miss Rehan Smith, Miss Dorothy Kirkman, Miss Maurine Rockwood. Songs were given by a septette composed of Owen Stokes, Elden Stokes, Marvin Shumway, Fred Babel, Roy Habbie, Maylon Quest, and Dick Smith, and by a trio composed of Mrs. Claude Brown, Miss Uthana Kirkman and Miss Marjorie Ward, with Miss Norma Quest, accompanist.

JUNIOR HIGH SCHOOL

Pupils of the junior high school, attracted by skills from "Felix," the junior class of the Twin Falls high school, which had been put on as part of their assembly program Wednesday, turned out in large numbers at the matinee yesterday afternoon, and cheered the "Felix" plans with laughter and applause, giving inspiration for the regular performance at the high school auditorium tonight.

LAST RITES POSTPONED FOR PIONEER CITIZEN

Funeral services for James A. Young, Twin Falls resident for 25 years and owner of the Home Gravel company who was widely known for his "Young's" brand of gravel, were postponed to next Monday to permit attendance by relatives coming from a distance, it was announced last evening.

Dean Ernest R. Allman of Ascension Episcopal church will have charge of the services which will be held at the Evans and Johnson funeral home here at 2:30 P. M. Monday.

Mr. Young died suddenly early Wednesday afternoon following a heart attack with which he was stricken while seated with members of his family at the dinner table.

Relatives on the way here to attend the funeral services include a daughter, Mrs. Granville Davis, Los Angeles, and a brother of Mrs. Young, E. J. Myers, Victoria, Canada.

SIX CHECK WRITERS FACE PROSECUTIONS

Issuance of checks without funds is alleged in six misdemeanor cases filed in probate court here within the past two days. Checks in question range in amount from \$4 to \$15 and were issued from July 14 to September 19, last. Complaints in three cases were signed by J. J. Hughes, Twin Falls Credit association manager.

BUHL BANK SUES TO SET ASIDE TWO DEEDS

Buhl State bank has started suit in district court here to set aside deeds under which J. H. Glander, Buhl farmer and stockman, is alleged to have transferred his 320-acre farm to his sons, W. Wallace Glander and Arthur E. Glander. The bank in this action seeks also to restrain Glander from disposing of his land and certain livestock, crops and implements, which, it is asserted, are liable for a deficiency judgment on account of \$12,503 principal and \$600 interest, unpaid on two loans totaling \$13,100 that were made in July, 1930.

The bank is represented in this action by J. R. Bothwell and W. Orr Chapman, Twin Falls attorneys.

SIX FARMERS LEASE FOR SHARE OF CROPS

Six leases under which Twin Falls county farms are to be operated next season, on a basis of 50-50 division of the crops, were placed on record by Ratcliffe and Stafford, Twin Falls, in the office of the county recorder here yesterday. Lessees who will carry on farms under these agreements are Ralph Butler, D. Fleming, Ralph Bender, Frank Goodwin, R. L. Zbie and A. D. Standie.

"GIVE 'EM A LIFT"

DON'T GAMBLE WITH WEATHER . . . USE EVEREADY PRESTONE

ANGER TONIGHT!

Protect your car . . . but don't take chances with a "boil-away" anti-freeze

DON'T let your car freeze tonight. For cars are going to freeze . . . some of them caught unprepared . . . others whose owners took a chance with an "anti-freeze" that boiled off and didn't last until now, when it's needed. Eveready Prestone would have saved them!

Experienced motorists know how costly it can be to gamble with makeshift products . . . and they depend on an anti-freeze that stays on the job through heat and cold alike, gives sure, permanent protection. More than a million and a half car owners, last year, used Eveready Prestone, and were repaid with lasting peace-of-mind.

The new Eveready Prestone, improved and perfected, gives added safety. It retards the formation of rust in the cooling-system. It has less tendency to leak than water. It won't evaporate or overheat your motor, even in summery weather. And it won't let your

car freeze, however low the temperature drops. It has been accepted by leading car manufacturers and automotive engineers.

Eveready Prestone is economical. Because it is concentrated, less of it is needed than with ordinary anti-freezes. And a single supply makes you safe for the winter. No constant testing! No refilling! Don't be misled by cost per gallon. Figure the cost per season.

Right now, you need an anti-freeze! But this cold-snap may pass, and be followed with a thaw. You need an anti-freeze that will protect you now, and live through the warm days coming to safeguard you later on. One that gives lasting protection. Eveready Prestone!

Go to your dealer or garage-man. Have him clean and tighten your cooling-system, then give you all winter safety with the new, improved Eveready Prestone.

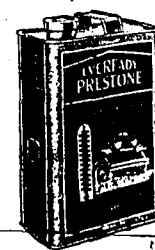

NOTE: The difference between the operation of Eveready Prestone and alcohol is simple and easily understood. When the engine is operating at an efficient temperature and the cooling mixture is alcohol and water, the alcohol boils off and the water remains. The alcohol must then be replaced. When the cooling mixture is Eveready Prestone and water, the water evaporates and the Eveready Prestone remains. Only the water must then be replaced.

LAST SUMMONS COMES TO INVALID IN SLEEP

The final summons came for Miss Bertie Pearl Darnell, 50, an invalid for many years, while she slept in her room at the home of her sister, Mrs. J. P. Mullins, south of Twin Falls, between 9:30 and 10 o'clock Thursday morning. At the earlier hour Mrs. Mullins went to her sister's room and found her apparently as well as usual.

Miss Darnell had made her home at her sister's residence for a number of years. She was born in San Jose, Texas, March 5, 1881.

She is survived by one brother, J. P. Darnell, Holt, Texas, and three sisters, Mrs. E. O. Dunbar, Junction, Texas, Mrs. T. E. Hamilton, San Jose, Texas, and Mrs. J. P. Mullins, Twin Falls.

Arrangements for funeral services have not been completed last evening while word was awaited from relatives in Texas.

The body rests in the White mortuary here.

100 PERSONS GATHER AT LINCOLN SCHOOL

About 100 persons attended the meeting of the Lincoln Teacher's association of the Lincoln school held at the schoolhouse last evening. Following open house from 7:30 until 8 P. M. there was a brief business session at which Mrs. Ed. Walte presided.

Mrs. H. D. Jenne had charge of the program. Following two songs by pupils of the second grade, Mrs. E. O. Kirkman gave a talk on "The Children's Charter." Mrs. W. B. Smith, president of the Twentieth Century club spoke on "Efficiency," and Miss Jessie Prater, librarian of the Twin Falls public library, on "The Service for All." There was community singing led by Mrs. H. B. Stokes, during which two vocal numbers were given.

Refreshments were served.

SHRINERS LAUNCH MOVE TO REGAIN AIR HONORS

CLEVELAND, Nov. 10 (AP)—A bid to regain for the United States the air speed supremacy of the world was begun here tonight with formation of an \$165,000 aviation fund by the Shriner's of North America.

Announcement of formation of the fund was made by Robert A. Bishop, Morris J. Miller and Ralph K. Rex, Shriners, who incorporated it under the laws of Ohio after several months of preparation.

The plans received the unqualified approval of Thomas J. Houston, imperial potentate. Houston will fly to Cleveland Saturday from Wheeling, West Virginia, to discuss organization plans and to name an acting chairman, board of directors and advisory committee.

Texas Pioneers Rally Against Buffalo Hide Hunters

(By The Associated Press)
AMARILLO, Texas, Nov. 12—Pioneers of the Texas Panhandle, where millions of buffaloes once grazed, are rallying for a last stand against the invasion of "hide hunters."

On the famous Goodnight ranch near Clearwater, Texas, a small remnant of the once great herds has had refuge since the late Colonel Charles Goodnight, colorful character of the West, placed four calves under fence in 1876 to save them from hunters who wantonly decimated the thundering ranks.

Present managers of the historic old ranch, now owned by J. F. Staley, Wichita Falls, Texas, have announced they will open their range to sportsmen in November, inviting eastern hunters to shoot the buffaloes on their native plains.

Each hunter, for a consideration, would kill one buffalo and receive the animal's hide as a trophy. The herd would produce 250 tons, the four calves having multiplied to that number during 53 years under fence. There are about 50 calves.

Those opposing the slaughter say the buffaloes are tame and there would be no sport in "hunting" them.

J. Frank Dobie, Texas author, told the state legislature "its waste like slaughtering cows in a milking pen."

There is also the appeal that the buffaloes represent a part of Texas history and should be preserved. As the fight continues, early-day cattlemen are reminded of protests they made back in the seventies, when "hide-hunters" invaded the plains, slaughtered the buffaloes and sold their hides.

State Horticultural society, which convenes in three-day session at Yakima, December 1, has been received here by W. E. Wilcox, director horticultural.

Licensed to Wed—Three marriage licenses were issued at the office of the county recorder here yesterday. The applicants were D. B. Moorman and Ella Cameron, both of Twin Falls; Alfred Smiley and Oliver Nowlin, both of Buhl; Doyle Alexander and Vera Williams, both of Buhl.

Leaves for Boise—R. P. Parry, president, and Nevell E. Wright, secretary of the Twin Falls Chamber of Commerce, accompanied by Arthur B. Wilson, member of the Idaho board of education, John D. Coy, manager of the Idaho Power company, Twin Falls, and P. L. Stone, Buhl, left for Boise yesterday to attend the meeting of the board of directors of the Idaho State Chamber of Commerce, of which Mr. Orr is a member.

May Attend Dinner—Several members of the Twin Falls Business and Professional Women's Club are conferring with the city of Boise.

Buffaloes on the old Goodnight ranch in Texas (upper photo) may be destined for slaughter by hunters. There are 250 of them now, descended from the four calves that the late Colonel Goodnight fenced up 53 years ago to save them from "hide hunters" (below).

liding attending on of the two meetings in this state at which Mrs. Geline MacDonald Bowman, Richmond, Virginia, will be guest of honor. One of these meetings will be in Boise at 8 P. M. WIFE DIRECTS SOUTHERN CANDIDATE'S CAMPAIGN

SHREVEPORT, La., Nov. 10 (AP)—State Senator William C. Boone says he long has considered his wife, Mrs. Ruby Boone, a good manager. So he has picked her to manage his campaign for governor of Louisiana.

Senator Boone, one of six gubernatorial candidates, has opened his campaign headquarters here, announcing that Mrs. Boone is to be in charge.

Louisiana State is to have a new swimming pool measuring 180 by 25 feet.

A cat owned by L. E. Gady, Orono, Nevada, has sired a wild rabbit and several fox puppies.

SOCIETY AND CLUBS

Mrs. C. A. Ames' division of the Presbyterian Ladies' Aid society entertained with a tea Thursday afternoon between the hours of two-thirty and five o'clock at the home of Mrs. M. E. Jenkinson on Tenth Avenue North.

The tea table, covered with a beautiful chamois lace cloth, was most attractive. A black crystal was holding yellow holly chrysanthemums flanked with light yellow tapers in black candlesticks formed the central decoration. Presiding at the tea and coffee urns during the various hours were Mrs. D. B. Churchill, Mrs. J. D. Knuts, Mrs. E. O. Spielberg and Mrs. R. P. Logan, ar. A delightful program presiding at the tea and coffee was a feature of the afternoon and consisted of a piano and vocal solo by Mrs. Margaret Peck who played her own accompaniment; two vocal numbers by Mrs. F. B. Hill accompanied by Mrs. Peck and several musical selections by a trio composed of Mrs. J. E. Joyn, piano, Miss Esther Joyn, flute, and Mark Joyn, violin.

During a lengthy business session at a meeting of Ascension Episcopal Guild Thursday afternoon at the home of Mrs. E. R. Allman, plans were made for a rummage sale on Saturday, November twenty-eighth, and a card party on Friday, December fourth, at the Park Hotel. Committees to take charge of both affairs were appointed by the president, Mrs. R. L. Piemele. An article on historic Christ Church in Philadelphia, in which George Washington worshipped during his residence there, was read by Mrs. E. B. Williams. Mrs. John E. Hayes reminded the Guild of the tickets to be sold under the unemployment fund, which is being sponsored by the theatres of this city, in conjunction with all others of the United States. A social hour was enjoyed and Mrs. Allman served refreshments assisted by Mrs. William Trentoway and Mrs. R. J. Vailien. Mrs. A. L. Simmon, Wendell, was a guest.

Accused Man Keeps Files of Communications Written by Scores of Women

Scores of women correspondents of Harry F. Powers are still writing to Clarkburg, West Virginia, but their letters now are addressed to the district attorney. The upper two excerpts are from women who believe Powers plotted their death. Below is an excerpt from a letter in which a woman correspondent offered her heart to the man now accused of murdering two women, with three children of one of them.

My dear Harry, I have been reading your letters in the "Graveyard" and I am so glad to hear from you. I have been thinking of you so much and I hope you are well. I have been thinking of you so much and I hope you are well. I have been thinking of you so much and I hope you are well.

She Was Lonely Widow
Mrs. Elcher's husband died in 1927. In her loneliness she sought solace in the American Friendship society in Detroit. She supplied this agency with her name and description. And Powers' letters to her began.

"The letter that turned the tide in my life, however, was one I received from Detroit, 1931, 1931, 1931."

"My wife can have anything within reason that money can buy, but above all I expect her to give me that true love and devotion for which every one of us craves."

"I am trying in this manner to find the only one that can make a haven of content, where loved ones await and to whom I can look forward with pleasure and anticipation."

In June Mrs. Elcher left her home in Park Ridge, Illinois, and left her three children with a nurse. Later the little ones were permitted to join Mrs. Elcher and Powers, who brought them all to Clarkburg.

Meanwhile, police say, Powers was working by the same mail system Mrs. Elcher used. A thousand miles away at her home in Northboro, Massachusetts.

Harvest of Letters
How successfully Powers sowed the seeds of his scheme is evidenced by the harvest of letters he reaped with everything that would make a good woman happy. My wife would have her own car and plenty of spending money. Would have nothing to do but enjoy herself, but she must be strictly a one-man's woman. I would not tolerate infidelity. Am now living in West Virginia.

And so women all over the United States and even up in Canada struck at the bait.

Letters Were Graded
Powers "graded" his letters. The first to a client bore mere expressions of friendship, but they increased

OREGONIANS DELAY STUDY OF CUT-OFF

Commission Lays Matter Involving Idaho-Oregon-Nevada Link On Table

PORTLAND, Nov. 19 (AP)—Oregonians have delayed the study of the proposed Idaho-Oregon-Nevada highway link by the Oregon highway commission next spring, the commission decided today.

The request of the Idaho-Oregon-Nevada Highway association for the designation of 104 miles of the route, which cuts the southeastern corner of Malheur county, as a state highway was laid aside by the commission.

Commissioners Alnsworth and Spaulding said they did not see sufficient benefit to Oregon motorists in the expenditure of funds on the route.

Alnsworth pointed out that an alternate route, lying entirely within Nevada and Idaho, was possible and would provide even closer connection between Wenatchee and Hanley.

Commissioner William Alnsworth asked the matter to be considered further and he was authorized to make additional study of it.

The Oregon commission last week took under consideration the request of delegations from Idaho, Nevada and several eastern Oregon groups to designate the stretch of the Joyce to McHenry at a state highway, making it a beneficiary of the federal appropriation under the Cotton-Cotton law.

Neither Idaho or Nevada is able to obtain federal funds for the road unless Oregon joins the liability project, as funds are not available for "dead end" roads.

Idaho has constructed from Boise to Nye and Nevada has built north from Winnemucca to the Oregon line at McDermitt.

GIRL CONSTABLE TOTES PISTOL AND BILLY CLUB OVER EIGHT-YEAR TERM

LIMA, Ohio, Nov. 19 (AP)—For eight years an attractive 20-pound girl has enforced the law in Ottawa township.

Miss Gertrude Miller, a constable, has arrested more than 400 persons on charges ranging from larceny to murder.

During her term, which began a few days after she was 21, she claims to have attached "everything from an oculist's paraphernalia to an aviator's parachute."

Most of the time she toted a pistol and a small billy, but she was forced to use the billy only once and the gun never.

"Criminals are much like everyone else," she says, "if they are treated with politeness they return it."

Miss Miller, who retires January 1, has brown hair and brown eyes and is four feet, 11 inches tall.

TEST "WOOD BANQUET" TESTS PRESERVATIVES

WASHINGTON, Nov. 19 (AP)—An experimental "banquet" served to hundreds of termites, or wood-eating white ants on a Panama Canal Zone island, is expected to show scientists how to prevent destruction by these insects.

Small wooden buildings impregnated with various kinds of chemicals, and hundreds of stakes, similarly treated, are being subjected to attacks of the 30 species of white ants that infest the island.

About \$5,000,000 worth of valuable timber is ruined by white ants every year in the United States, says Dr. T. E. Snyder, entomologist of the department of agriculture.

BANKER TALKS UPON BIMETALLIC ISSUE

J. O. Bradley, vice president of the Trust Co. of Georgia, addressed the Twin Falls club at its weekly luncheon session at the Rogers hotel yesterday on the gold standard. He declared that in his opinion the single gold standard is preferable to the double standard of gold and silver, as silver fluctuates more in amount produced and as compared to commodities than gold, and stabilization is the most desirable quality of a monetary standard.

Mr. Bradley pointed out that while gold production and, therefore, value is more stable than the production of silver, there is considerable divergence in the amount of circulation from time to time as compared with the volume of commodities from time to time. Those who contracted a debt under inflated conditions find, following deflation, that their burden has been increased. The supply of gold in the United States is much greater now than in any other country, but it is not all in circulation.

List of officers elected at the annual meeting, it was announced, included Alvin Casey, to succeed W. D. Smith as president; Fred W. Meach, vice president; Curtis Turner, treasurer; these with P. B. Baker, R. A. Galt, John W. Graham, E. E. Hollingsworth, Grant O. Padgett, Ralph E. Smith and Roy W. Washburn, constitute the board of directors, of which the retiring president is ex-officio a member. Judge O. P. Duval was named district trustee. New officers will be installed about the first of next year.

GOODING WOMAN GETS ADMINISTRATRIX LETTERS

GOODING, Nov. 19 (Special to The Press)—Mrs. Lillian Sillman Gooding, nee Kirk, in Gooding of Martin Silk, Gooding county pioneer, who died Tuesday, was granted letters of special administration of her estate, until his papers are examined to determine whether he left a will, it was announced here this evening by Probate Judge W. C. Cochran.

Mr. Silk, who was a bachelor, was a livestock grower here. He had been a resident of this district for many years. His death occurred at the Gooding county hospital Tuesday night.

His nearest kin is said to be a sister in Ireland.

His estate is reported to consist of a farm, cattle and several bank deposits.

FRATERNITY GETS NEW PLEDGE FROM GRADLE

KNOXVILLE, Tenn., Nov. 19 (AP)—Fleming Reeder, two-year-old member of the University of Tennessee, has pledged a fraternity, Alpha Tau Omega.

The little fellow was rushed soon after he had enrolled in the nursery class of the home economics department.

DO YOU EVER EAT CRANBERRY MUFFINS?

WHAT A GLORIOUS THANKSGIVING surprise

THANKS TO CALUMET'S DOUBLE-ACTION!

Shew-Here's a glorious surprise to spring on your family. Something new! Something invented especially for Thanksgiving Day... Calumet Cranberry Muffins!

It won't take you long—they're jiffy-quick! Just use the easy recipe—use Calumet's Double-Action Baking Powder—and take your bowl! Your muffins will be the talk of the day! So temptingly delicious—so marvelously light and fluffy—everybody will praise them to the skies!

And the secret is—Calumet's Double-Action! That's important—for it's Calumet's Double-Action that gives you such marvelous "fluff." Calumet's first action, in the mixing bowl, gets the leavening properly started. Then, in the oven, the second action continues the leavening. Up!... up!... it keeps raising the batter and holds it high and light. Muffins, cakes, quick breads—everything you bake turns out perfectly—beautifully!

WHAT AN ECONOMY!—The easy, tested recipe given here is a Calumet recipe—specially designed for the Calumet proportion—only one level teaspoon to a cup of sifted flour. That's what Calumet proportion and should be followed for best results—a splendid economy! And remember, it's the perfect efficiency of Calumet's Double-Action that makes this economical proportion possible.

When you see the transformation Calumet's Double-Action causes in your baking—you'll know it's the real bargain baking powder. A bargain—because it prevents disappointing failures, wastes time and money. A bargain—because it brings you so satisfyingly the kind of baking you can take real pride in. And that's the bargain that counts most in baking! Get Calumet at your grocer's to-day. See why it is the world's largest-selling baking powder! Calumet is a product of General Foods Corporation.

CRANBERRY MUFFINS

2½ cups sifted flour
2½ teaspoons Calumet Baking Powder
3½ teaspoons salt
4 tablespoons butter or other shortening
¾ cup sugar
2 eggs, well beaten
1 cup cranberries, coarsely chopped
1 cup milk

Sift flour, cream, measure, add baking powder and salt, and sift again. Cream butter, add sugar gradually, and cream well. Add eggs. Combine cranberries and flour. Add to creamed mixture, alternately with milk, a small amount at a time, beating only enough to blend. Bake in greased muffin pans in hot oven (400° F.) 25 to 30 minutes. Makes 18 medium-sized muffins.

(All measurements are level.)

GET PROOF! See Calumet act twice!

These pictures illustrate the famous Calumet Double-Action Test. You'll find full directions on making this easy test inside every Calumet can. Try it! See for yourself how Calumet acts twice to make your baking better.

Rentner's Runs Give Northwestern Big Ten Titular Grip

Big Back Figures In Amazing Total Of Purple Scores

Lanky Youth Proves Ability at Carrying Ball and in Passing, as Chicago Team Reaches for Championship

By JOHN W. STAHLE
(Associated Press Sports Writer)

CHICAGO, Nov. 19.—With two mates who last year helped execute many of his dramatic touchdown gallops, Ernest (Pug) Rentner this fall has taken to "carrying the mail" personally for Northwestern.

His brilliant, long runs for touchdowns in early games, notably against Nebraska and Ohio State, have convinced Purple rooters that the lanky, Illinois, youth is as great a ball carrier as he was a passer in the few big games he played in 1930 before injuring his arm.

Rentner has figured in an amazing proportion of the touchdown plays of every game he has been in for the Wildcats, either as thrower or runner.

Last year on his second scrimmage play in Big Ten competition Rentner tipped a 30-yard pass to Ed Hanley for a touchdown against Ohio.

A 9-yard toss to Frank Baker, his other favorite collaborator in such affairs, was a 30-yard run with an intercepted Buckeye pass were his other principal exploits in that flashy debut.

Against Illinois he whipped two more passes to Baker for touchdowns, and in the Minnesota game his last that season, he was on the trigger end of two more sensational aerial plays.

Fancy Lateral
One of these was a fancy forward lateral, Rentner to Baker to Hanley, that shook the Wildcat quarter looser for a 72-yard touchdown.

With Hanley and Baker graduated this year, Rentner started off in a hurry to cross as many goal lines as possible on foot.

In the first quarter of the opening game with Nebraska he was the final recipient of the ball in a forward lateral maneuver and scooped 37 yards to score. A few minutes later he whiffed 60 yards from scoring.

Against Ohio State he provided the break that turned a hard-fought game to the Purple when he ran 50 yards from scrimmage, beyond the Buckeyes, and he signalled the rout of Illinois with a 96-yard touchdown gallop on the fifth play of that game.

Score on Kickoff
The next week in the Northwestern victory over Minnesota, which virtually clinched the Big Ten championship, Rentner ran back a kickoff 95 yards to a touchdown and later galloped 80 yards to another in running back a punt.

Colt statistics, to say none of the dash and fire he puts into the game and into his mat, indicate Rentner's right to a place among the gridiron greats.

In his first four games this year he gained 301 yards from scrimmage in 55 tries, an average of 5.47 yards per carry. In addition he performed sensational passes—two of 36 yards, one of 34, and one of 17 yards for 234 yards, an average of nearly 14 yards per return.

Seven completed passes out of 25 he tossed in those four games earned an additional 185 yards, though his tossing this year has been eclipsed by his running.

Camera Wins From Levinsky on Points

20,000 Faithful Watch Huge Italian Punch Out Decision in Chicago Stadium

CHICAGO, Nov. 19 (AP)—In a battle that might have been for the title, a rough-and-tumble championship bout between Primo Carnera, the Italian giant, won the decision over King Levinsky, wild-swinging, reformed prize fighter of Chicago, after 10 rounds of swinging and mauling in the Chicago stadium tonight.

Levinsky, full of confidence, was unable to overcome the tremendous weight handicap and 17th six-inch advantage in height. He conceded 75 pounds to Carnera, who scaled 272 to 194 pounds for Levinsky.

The decision of the two judges and Referee Pat Purdy was unanimous, but the point totals were close. The sporting Carnera got the official verdict but Levinsky got the cheers. Referee Purdy scored 44 points for Carnera and 40 for Levinsky, and to did one tie score for Carnera and 44 for Levinsky.

20,000 Fans Assembled

The bout knocked the depression right out of the prize fight industry with attendance figures of 20,000 and gate receipts of \$62,000. It was the largest crowd to witness a prize fight since the famous boxing bout between Max Baer and Rocky Marciano at the Madison Square Garden in New York City last year.

Carnera handed Levinsky, in mauling him in the clinch, a big nose and a broken jaw, and a broken jaw.

With Ernest (Pug) Rentner, big back, personally "carrying the mail" in long touchdown runs, Northwestern is virtually assured of the 1931 Big Ten football title. Pictures show passing and punting form of the versatile backfield star.

Battalino Whips "Bushy" Graham

Game Featherweight Champion Gets Revenge for Defeat in Previous Battle

CHICAGO, Nov. 19 (AP)—"Battalino," world featherweight champion, knocked out "Bushy" Graham, U.S. New York, after a minute and 40 seconds of a rough and tumble fight in the Chicago stadium tonight.

Battalino finished Graham with a right cross to the chin following it with two terrific body punches. Battalino weighed 125 pounds and Graham 120, two pounds over the featherweight limit, making the fight a non-title affair.

Battalino made his appearance in the stadium as a co-star with Primo Carnera and King Levinsky.

Graham, a flashy fighter, booted out-carried Battalino steadily for the first minute of fighting, Battalino, chasing Graham around the ring, suddenly nailed him on the peak of the chin with a sharp right cross. He followed this blow with two terrific punches to the body, a left hook and a right under the heart. Graham dropped to the floor unable to move. The punches to the

body paralyzed him for an instant. The world's featherweight champion, by his spectacular knockout victory, wiped out the defeat Graham scored over him a few months ago in a non-title fight.

Paulie Walker, Trenton, New Jersey, welterweight, won a decision over Tommy Rios, Tucson, Arizona, in an eight-round bout. The decision was popular, although Walker finished last. Each weighed 145 pounds.

DISCOVERED ABILITY
Tony suddenly found he could knock his man into his bowled over at Al Singer, the 135-pound titleholder, with one left hook, or in less than a minute of battling.

The "Ebony Slick" slipped into New York three years ago and got himself a fight for \$40 on a preliminary card in a soldier club at Midtown.

His was a "beatweight" then, a skinny Negro kid, but with amazing drive in his right hand, the defenselessness of a phantom, and willing good nature.

Since then the "Kid" toasting books with his hand has fought the best of the bantams, featherweights and d lightweights, missing the 135-pound crown by a scant margin after a wild 18-round struggle with "Bat" Battalino, the champion.

Members at Annual Meeting Elect New Directors and Record Appreciation

Twin Falls Country club closed one of its most successful seasons at an annual meeting at dinner at the Rogers hotel last evening. Thirty-four members in attendance, expressed appreciation of the club's activities during the season and as a special recognition for service rendered, the meeting recorded a vote of thanks to the great committee of which R. E. Bobler, J. Winterholler and G. H. Self are members. Not only have the greens been improved considerably during the past season, so that many visitors have said they are the best and greenest they have played on, but the course has been playable every day of the season.

The meeting last evening elected three new members of the board of directors for three-year terms. They are Grant O. Padgett, Paul R. Taylor and Alvin Casey. They were elected to succeed three retiring directors, Wilbur B. Hill, Frank Magel and Arthur B. Hill.

Mr. Hill has served during the past year as the club's president and presided at last evening's meeting.

The board is to meet early in January to organize and elect officers for the coming year, it is soon to be started, the fund for this year's program having been entirely raised. Secretary H. C. Edmunds reported to the meeting that the club had been permitted to invite guests to play on the club course, except on Sundays and holidays, but the exception to the rule in this respect was not carried into effect.

Club members at last evening's meeting indicated approval of 41 minimum greens fee for the coming season, providing the directors might increase the fee for play on Sundays and holidays if deemed advisable.

"Chocolate" and Italian Promise Brilliant Battle

Classiest of Lightweight Division Shine as Tony Canzoneri Defends Title in Madison Square Garden

By EDWARD J. NEIL
(Associated Press Sports Writer)

NEW YORK, Nov. 19.—Just about all the absolute class in the lightweight division will crowd into the Madison Square Garden ring tomorrow night when Tony Canzoneri, brilliant champion of the 135-pounders, offers his crown for the winning to "Kid Chocolate," greatest Negro warrior of the class since Joe Gans.

There will be speed, punching ability, boxing perfection and the added touches that go to make champions. Both have great jobs of ring generalship—the most important business asset of an important fighter. Over the class, the two are rounder than many has the ability to win decisively.

Canzoneri is an odds, they favor the Italian. He is rugged, grinning fighter, who came up from the newby ranks in New Orleans to win the featherweight championship and came back after loss of that title to punch his way to the lightweight

Weber Wins Title In Tie With Ricks

Wildcats Gain Possession of Junior College Championship in Battle in Snow

REXBURG, Idaho, Nov. 19 (AP)—Weber college, Ogden, and Ricks academy battled to a tie in a football game here today that left the Utah Wildcats in possession of the junior college title.

Had Ricks won, Weber would have topped from the top of the list and Branch agricultural college, Cedar City, Utah, would have gained the championship, having won one game and lost none this season.

Although the Vikings defeated Weber with ease at Ogden recently, they were unable to penetrate the Wildcats' defense today, except once, and on that occasion a Ricks touchdown in the last quarter was called back by an

511 1-2 Yards NEW SILKS **98c yd.**

A Careful Check of the Entire Town Revealed the Nearest Comparable Values to Be from \$1.69 to \$1.98

The mills are working on the new Spring lines. Short lengths and jobs are already accumulating. We snapped up this one—the finest close-out lot of silks we have ever obtained.

1. They are all advance spring patterns for 1932.
2. Lengths from 10 to 17½ yards.
3. Designs are large irregularly spaced florals and a few conservative geometrics.
4. With few exceptions they are dark grounds.

NOTICE: 1. Lengths 5 yards and under cannot be cut.
2. Because of the extreme value and limited quantity no phone or mail orders can be accepted.
