## BOURBONS PUNISH ON HEAVY DEBIT

(Continued from Page One)  
to be fair to everybody. We don't want to disturb business and the people, particularly during this depression. It is decreasing demand to increase taxes at any time, especially now.

"The ways and means committee will make a thorough study of the Hoover-Mellon plan and the needs of the treasury. Secretary Mellon will be invited to explain the administration's proposition."

"While I am going to hold myself open to the requirements, as they arise I believe we will adopt a conservative, taxation increase program to be supplemented by the borrowing of money on short- or long-term securities. A long-term bond issue may be necessary."

Culler added that the program probably would involve an increase in surtaxes; the levying of a special inheritance tax; the imposition of a gift tax and an increase in the income in the higher brackets.

Hearing on the tax plans will begin in January, Culler said.

## JAPANESE CABINET CEASES FUNCTIONS

Internal Criticism Against  
Foreign and Financial  
Policy Brings Resignation

TOKYO, Dec. 11 (Special to the News)—Premier Kato Tadamasa's cabinet ceased to function today in the face of internal criticism against its foreign and financial policies.

Leaders of the minshu (government) and seiyun (opposition) parties met in conference at once to formulate a new ministry and the present government continued until they reached an agreement.

The possibility that Japan might suspend the gold standard and levy restrictions on the exportation of gold was foreseen in authorizing the new ministry and the present government continued until they reached an agreement.

Three possible solutions in forming a new government were foreseen. First, the resignation of Premier Kato Tadamasa, with a fresh list of ministers from the minshu party; a wholly new cabinet; a coalition cabinet of both parties without House members Kenzo Adachi, storm-center of the dissension.

If Premier Wakatsuki is again in the helm, it was predicted he would again name Foreign Minister Shidehara and Finance Minister Kato Tadamasa as his cabinet. It was under fire. Mr. Inouye favors retention of the gold standard and opposes a gold embargo.

Some observers believed that a reconstructed minshu cabinet or a coalition government was out of the question and that the seiyun party would press for an unfettered hand to tackle national problems as it felt fit.

**MEN IN LEWISTON FACE  
LONG PRISON SENTENCES**  
LEWISTON, Dec. 11 (Special to the News)—Convicted of staging two sensational raids on Lewiston garages last October, Thomas Erwin Blair and Lloyd Burns faced possible life sentences in the Idaho state penitentiary tonight.

Ray Durham, Nez Perce county prosecutor, said after the three had staged an unsuccessful attempt to break jail Saturday night he would ask for life sentences, the maximum.

The trio was charged with robbing a garage and kidnapping Charles Greenhain, an attendant. In the first raid, and with robbing the same garage, kidnapping Greenhain again, robbing another garage, and stealing an automobile a few days later. They escaped under guard both times, but were arrested three days after the second raid in Spokane.

## RAILROAD MEN REFUSE TO ACCEPT IMMEDIATE VOLUNTARY WAGE CUTS

day, before agreeing to accept a wage cut. Railroad heads have already frowned on this proposal.

In suggesting another meeting between railway employers and employees, the report adopted at the union meeting stated that the representatives of both groups be "voluntarily authorized to act," asserting that the rail presidents who suggested the wage cut in New York last month did not have such authority.

The report was said to have been adopted unanimously by the 1500 general chairman of all the accredited railroad brotherhoods and unions in the country.

The railroads had suggested the men accept voluntary wage cuts of 10 per cent for one year. The savings to the roads was estimated at about \$15,000,000 and some of the employees asserted it must come at the expense of the carriers from "economic ruin."

## BUTTE COUNTY LACKS AUTHORITY FOR LEVY

BOISE, Dec. 11 (AP)—Butte county was advised today by the attorney general that it had no authority to levy for warrant redemption this year, even though the county may soon have plenty of warrants on hand to redeem.

The decision left the county facing a prospect of much reduced current expense funds.

The county had been in the habit of paying off its outstanding warrants from receipts into the current expense fund and then reimbursing

the fund with a redemption fund levy, the attorney general said. This year the Oregon Short Line protested the procedure, pointing out that the county had no 1930 warrants outstanding. Since they had already been paid, had not appeared and directed specifically against the redemption fund levy of 46 cents on the \$100 proposed for this year.

The attorney general quoted the law to the effect that since there were not now any 1930 warrants demanding payment, the need for the redemption fund had not appeared and the levy could not be made.

### The Value of a Smile at Christmas

It costs nothing, but creates much.

It enriches those who receive—without impoverishing those who give.

It happens in a flash and the memory of it sometimes lasts forever.

None are so rich they can get along without it and none so poor but are richer for its benefits.

It creates happiness in the home, fosters good will in business and is the counteragent of friends.

It is rest to the weary, daylight to the discouraged, sunshine to the sad, and Nature's best antidote for trouble.

Yet it cannot be bought, begged, borrowed, or stolen, for it is something that is no earthly good to anybody till it is given away.

We wish you a very Merry Christmas.

# 75,000 Fans Will Contest Between Georgia And Trojans

## One All-America End Goes Against Far West's Best

Fandom Gets Chance to See "Catfish" Smith in Action But Injuries Keep Fleet Jack Roberts On Bench

By PAUL KIMMERMAN (Associated Press Staff Writer)

Names of Western football for several years, the South, as represented by a gallant group of Georgia players, will play the game tomorrow the University of Southern California on the Olympic stadium greenward.

Probably 75,000 persons will gather at the hands of Tulane whom Troy mean in the Rose tournament game at Pasadena New Year's day.

Coch Harty Mohr's invaders feel that they were at a certain disadvantage when they met the Green Wave from New Orleans, who are coming close on the heels of their hard earned victory over New York University. Tomorrow's battle will give them a chance to assert themselves once again at the expense of Troy.

Both eleven will be close to full strength. The Bulldogs probably will play the entire contest without Jack Roberts, the ripper fullback, but otherwise have their best players available, including Vernon (Catfish) Smith, all-America end.

Except for slight injuries to the Trojans are ready. Tom Mallory, first string half, and his substitute, Gordon Clark, are not in the best of shape. Johnny Baker, who has been in the field goal post, but is a more sure right, but all will be able to play.

ARMY MEETS NAVY

NEW YORK, Dec. 11 (AP)—The tramp-tramp-tramp of the Army corps and the regiment of midshipmen will be heard in the stadium of the game between the Army and Navy, all but deserted fields, warning of the last great Eastern spectacle of the season, the Army-Navy game.

Charity and the need of the unemployed again bring the two youthful branches of the United States to the Yankee stadium tomorrow, heating further the breach that has developed for years ago, indicating that animosities are all but forgotten and the annual drama is back to action.

New features in football's annual riot of action and pageantry quite equal the thrills and color of the season against the background of the gray crowd and the blue and white crowd that will jam the big Yankee stadium, the sparkle of the million lamps and the splendor of the nation's football day.

Despite rain today and the forecast of more to it tomorrow, at least 150,000 spectators, including a host of notable, are expected to witness the service battle.

Twelve receipts will be close to \$400,000 of which approximately \$300,000 will be distributed to charity by the two academies.

Notables who have engaged boxes for the game include former Governor Alfred E. Smith, Secretary of the Navy, Francis B. Sayre, General Douglas MacArthur, army chief of staff.

The national networks will broadcast the details of the contest through some 150 stations. By short wave transmission the radio will carry the play by play account of the American force at sea as well as in foreign lands.

Army is a favorite to win and continue its post-war domination of the service series but the odds have been set to 7 to 5 as a result of a rash of Navy kicking this week.

Judge Suspends Hudkins' Term

LOS ANGELES, Dec. 11 (AP)—Judge Hudding, the "Nebraska Wildcat" of prize-fight rings, received a suspended sentence of one year in the county jail today as the penalty for driving an automobile while drunk and crashing into a minister's home.

Hudkins was convicted and sentenced by Superior Judge O. S. Thompson, the remarkable suspension sentence, that no one had been injured in the accident, which involved the automobile of the Rev. Allen Hunter. Damages had been paid.

WAR DEBT REVISION PROPOSAL AROUSES CAPITAL OPPONENTS

and to the debtors whose capacity we ourselves undertake to determine.

Proposed Message

Meanwhile, with delay confronting ratification of the one-year moratorium, already in effect, the administration has prepared a message to the foreign governments respecting their debt payments due to this country and those of the moratorium.

However, failure attended an attempt to bind house Democrats and Republicans leaders to support this statement, in which it is understood that the administration would assure the foreign powers that the payments could be abandoned with certainty of the moratorium.

Failure to bind the house leaders was not regarded as any rejection of the moratorium on the part of the administration, but it is a setback for the administration.

As the tide of opinion grew in volume Under-Secretary Miller hastened to back up with facts and figures the House Finance Committee, the president that some European nations would not be in position after expiration of the moratorium to pay their debt obligations. Miller arranged a conference for tomorrow.

The administration leader of the Senate, Charles McNary, in his attack upon debt revision with the declaration that "it is unthinkable that the American people should shoulder Europe's debt in order to enable those nations to build navies and arm themselves."

Senator Reed, Pennsylvania, another administration leader, and a number of other senators, however, joined the opposition movement, expressing regret at the president's proposed policy.

In the house, debate centered on the president's debt message. Representative McCord, Pennsylvania, chairman of the Banking Committee last session, described the message as "inadequate, a ridiculous spectacle," and showing even "scent of a confession."

Democrats advocated caution. On the Senate side, Senators Fletcher, Florida; George, Georgia; and Chandler, Kansas, all took the opposition. Senator Harrison, Mississippi, also, too, was opposed to the move, although willing to hear the administration's views.

President Hoover first made the move Thursday to ask the Senate to approve a move to allow the fears of the foreign governments. He understood with Chamberlain, one of the house ways and means committee.

Included in the Mills gathering tomorrow will be chairman Board of the foreign relations committee, who has taken a position very similar to that of the administration.

"Our people never will be satisfied to scale down the debt, much less to reduce the national credit," Watson concluded.

# BURGLAR SUSPECTS RETURN FROM UTAH

## Two Young Men Accused of Breaking Into Ware- house Here Face Charges

James Minney, 21, and Ray Davis, 23, returned from Utah yesterday in custody of Sheriff E. P. Prater and Chief of Police R. E. Leighton to answer to a charge of burglary of the Shell Oil company warehouse here the night of November 23. Minney and Davis were arrested at Farmington, Utah, three days later, by officers who reported finding several cans of oil and a complete kit of burglars' tools in their possession. They are said to have told officers they were traveling by motor to Denver.

Return of the officers and their prisoners was delayed a day by reason of Minney's demand for a hearing in extradition proceedings. Davis waived hearing. Minney's hearing was held before Governor George H. Dern of Utah at Salt Lake City Thursday. It was a brief session. Utah authorities assisted Twin Falls officers in presentation of the case against the suspects.

Officers and prisoners arrived about 5 P. M. yesterday, having set out from Ogden in the late afternoon. They made the trip over the Snowville route. They reported heavy snowfall south of Snowville.

# COPENBARGER GETS ADMISSION TO BAIL

## Melon Valley Man Convicted of Second Degree Murder, Continues Resistance

Fred Copenbarger, 60, Melon Valley district farmer, was admitted to \$500 bond yesterday after he had been sentenced to serve 10 to 20 years in the state penitentiary.

Copenbarger was convicted by a district court jury here last week of second degree murder in connection with the death of Charles H. Van Winkle, 27, Buhl, who was shot and killed on the Copenbarger farm, northwest of Buhl, November 5.

District Judge W. A. Babcock, who presided at Copenbarger's trial last week and passed sentence on him yesterday morning, hinted later in the day a certificate of probable cause for appeal to the state supreme court and an order admitting Copenbarger to release under bond pending the outcome of the appeal.

Along with the notice of appeal, Copenbarger's attorney, J. W. Taylor, filed yesterday a motion for a new trial. In support of the motion, the attorney said new evidence had been discovered in Copenbarger's favor, and that affidavits regarding this new evidence would be presented at the time of hearing on the motion, or at such time as might be fixed by the court.

Copenbarger showed an affidavit stating that his appeal was made in good faith and in belief that error occurred at his trial, which would cause the court to set aside the verdict and judgment.

Copenbarger was held without bond in the county jail here following the shooting of Van Winkle.

New discrepancies in the records of the 1930 potato deal controversy at trial that has been going on for three days in district court, here yesterday came to light during yesterday's proceedings. The accounting which is attempted at this trial is complicated by reason of the destruction by fire of some of the records kept by Melvin P. Grimes, Jerome, potato grower, who is suing Gerald C. Ryan, Minneapolis produce dealer, on five causes of action for a total of \$555.18. Fire destroyed Grimes' office building at his potato cellar at Jerome.

It developed in Ryan's testimony yesterday that some of his records bearing on disputed transactions had been lost in the Twin Falls brokerage company.

It was indicated that introduction of evidence was practically complete when court recessed last evening, and that the case would go to the jury today, following the attorneys' arguments and reading of the court's instructions.
