

LOANS AND BEET CONTRACTS CLAIM THOUGHT IN BUHL

200 West End Farmers Join to Hear County Agents and Association Members Discuss Current Topics

(Special to The News) BUHL, March 12—More than 200 interested farmers of the West End gathered at the Buhl city hall this afternoon to hear Harvey B. Hild, Twin Falls county agent, discuss the terms and conditions of the new seed and livestock loans resulting from the recent allotment of \$50,000,000 congressionally appropriated to the nation's agricultural interests.

More than 100 of the group remained later to hear representatives of the Twin Falls County Beet Growers' association discuss the working of the new beet contracts recently issued by the Amalgamated Sugar company for consideration by 500 Idaho producers.

The seed and feed loan season was the first of a series of five meetings to be conducted throughout the county during the week. The meetings will be held as follows: At Nampa, March 14, 10 A. M.; at Kimberly high school, Monday, 8 P. M.; at Twin Falls high school, Tuesday, 8 P. M.; at Twin Falls high school, Wednesday, 8 P. M.; at Twin Falls high school, Thursday, 8 P. M.

An outstanding feature of this afternoon's meeting was the adoption of a resolution favoring expansion of terms of the crop loan, to make it possible for farmers to obtain loans for sugar beet production. Mr. Hild explained that crop production loan regulations have been modified to permit a maximum of 100 acres for sugar beet production. The original maximum for this crop was 50 acres. It is the only crop which a portion of the loan may be used for payment of labor costs.

The secretary of agriculture is authorized to make loans to farmers in the several states where he shall find that an emergency exists as a result of which farmers are unable to obtain loans from any other source. Application blanks and other necessary forms have been sent to Twin Falls county agent.

Crop Crop Loans Each individual who obtains a loan for crop production must give an absolute first lien on all the crops growing or to be grown by him in the land in which form to enable the federal government to secure payment of the loan.

The largest amount which can be loaned to an individual is \$10,000. The amount loaned will be based on the requirements of the applicant for seed, fertilizer, fuel for work stock, fuel and oil for tractors and other necessary supplies, and the acreage of the crops on which he gives a crop lien to secure payment of the loan.

Promissory notes to be signed by persons securing loans are to mature November 30, 1932, and bear 5 per cent interest. In order for a tenant to obtain a loan from this fund his landlord must sign the waiver, which is a part of the mortgage form, but in no case will a tenant be granted a loan if his landlord has applied for, or been granted a loan. The total of all loans to tenants of any one landlord within a single county shall not exceed \$100,000.

# BOYS PROFIT ON LAMB FEEDING PROJECTS HERE

Results of lamb feeding projects by Ralph Miller and Harold Johnson members of the Twin Falls high school Future Farmer organization were made public yesterday by C. L. Mink, Smith-Hughes instructor of the high school.

Ralph Miller has sold 137 lambs for \$324.26 and has still 10 lambs worth \$10 a total of \$104.26. Total expense for feed amounted to \$220.13; leaving net profit of \$208.39. However, the expense in this instance included \$70.00 return for labor for Ralph, so that in labor return and profit he made \$138.39 on the transaction.

Harold Johnson also sold 137 lambs for which he received \$306.63. He has still 10 lambs worth \$10, making total value \$316.63. His net profit over cost of feed was \$124.24. His labor was worth \$32.00, so his net labor and profit amounted to \$192.24. The income for the entire carload to the boys was \$225.15, the reports show.

Mr. Mink said that these were the only boys entering here in this sort of project, which is being run in the school, and he said, looks promising.

Mr. Mink summarizes the projects as follows:

Two hundred ninety-nine Oregon lambs received at Twin Falls stock yards October 15, on feeding contract.

Lambs were placed on alfalfa and bean fields as pasture, for about 45 days.

December 1, the lambs were placed in a feed lot (small lot, about 50 by 100 feet).

Lambs were fed on barley, cut potatoes, alfalfa hay and bean straw for about 100 days before shipping.

Lambs were driven to stock yards, March 5, weighed and sold with a 3 percent shrink for lambs that contained considerable tags and had been driven two miles, while those that were very clean, and had been driven four miles, were sold with only 1 per cent shrink.

These lambs were sold locally at \$5.50, the boys receiving a check for ONE HUNDRED THIRTY FIVE AND 25/100 in keeping with the feeders contract.

During the feeding program, nine lambs were lost—three from eating frozen potatoes, three from falling too much barley when a change in feed was being made, and three were killed by dogs and one died from unknown cause.

# WELCOME SPRING

(D. R. Churchill)

Spring is just around the corner; Winter hangs as by a thread; Soon the lilac and springe That has seemed so bare and dead Will be bursting into blossom. And the robin and the wren From the shelter of the Southland Will be coming back again.

When the lambs begin to scamper Up and down the sunny slopes, And the boys start skipping marbles, And the girls to jumping ropes; When the wild goose-honks her signal Toward the nesting grounds to wing, Nothing then except the shadow Of the ground-hog baffles spring.

Spring will bathe the scars of winter In the mellow April showers, And our rough and stony pathway Blow with nature's fairest flowers; Tune our hearts to sweeter music As we join in one glad chorus Our hosannas unto spring.

NEW YORK, March 12.—With "The Forthright in September," E. C. Sherriff, author of "Journeys," has written a power of refracting light on human emotions from small mirrored pieces of people's lives.

The Stevens family, his major characters, are drawn with a convincing modern existence in a London suburb, find their yearning for the life they escape into brightly free living.

Through the minute incidents that "Through so largely to them, the small pleasures that make up their happiness, we learn the lengthening, his life philosophy of the day, the life they escape into brightly free living.

John Leonard (Pepper) Martin Strikes Out Three Times in First Game and Macks Fan "Dizzy" Dean

By ALAN GOULD (Associated Press Sports Editor)

AT PETERSBURG, Fla., March 12—Asle from the unexpected blow the weather dealt this week to all the major league baseball clubs, the training in the South, which has been going on so far to have been absorbed by the world champion Cardinals.

It was embarrassing enough when John Leonard (Pepper) Martin struck out three times in his first game of 1932. Likewise, it was disappointing when the "Dizzy" Dean, of whose pitching prowess so much has been broadcast, fell a victim to the Athletics.

After a night of ceaseless grilling, the Cardinals were broken and he exclaimed: "I don't think that awful! He's still denying he knows anything about the crime."

## Tennis Players Vie in New York

NEW YORK, March 15 (AP)—Except for some 200 regulation tennis balls that were banged all over the place, little was done today at the opening of the thirty-third annual national indoor tennis tournament.

Forty-eight matches were refereed off in the dim recesses of the Seventh regiment armory and it was very dim, indeed, before the final trophy was decided and the field reduced to a fairly compact 22 for the third round on Monday.

None of the 13 seeded entrants experienced the least difficulty. Four of the stars, including the two matches in order to square off the field for Monday's play.

Christian Bonassus, the French professional, bested Frank Broida, Harvard, 6-2, 6-2, and then, without leaving the court, defeated John Leonard, New York, 6-0, 6-2.

Hugh Mackay, bested two American entry, lost through two titles, taking Elmer Hildner, New York, 6-4, 6-2, then Norman Neel, New York, 6-4, 6-2.

George Lott, Jr., veteran, Chicago, opened with a 6-2, 6-2 triumph over Wilson Rogers, New York.

The brilliant French veteran, Jean Broida, defeated the American, 6-1, 6-0.

### COURT'S APPOINTEE DISTRIBUTES WATER

J. C. Long, Commissioner of Reclamation, Takes Up Work On Salmon River

James C. Long, Comr. of Reclamation, designated by Federal District Judge C. C. Cavanah, Boise, as commissioner of irrigation in charge of distribution of Salmon river water as between the Salmon River Canal company and the Utah Construction company, has arrived in Twin Falls, and opened offices in the Burkholder building.

The commissioner is to see that terms of a court decree issued in 1910, adjudicating the water right of the Utah company as between the two corporations, are faithfully carried into execution.

Appointment of a commissioner or watermaster for this purpose was requested by the Salmon River Canal company in a recent action in the federal district court, where it was contended that the Utah Construction company had violated provisions of the decree of 1910.

The federal court's order naming the commissioner, also fixed his salary at \$200 per month, to be paid by the two corporations.

"The work, if well done, will be well worth the money," Burton Smith, Salmon River Canal company superintendent, said here yesterday.

### CHAMPION SPELLERS OF COUNTY ENTER CONTEST

Champion spellers of all Twin Falls county grammar schools are to assemble in Twin Falls next Saturday to compete in an annual Twin Falls county spelling contest. It was announced by Mrs. Rose J. Wilson, county superintendent of public instruction, yesterday.

### PANTOMIME FEATURE IN CHRISTIAN CHURCH

Each Sunday evening in the month of March, Rev. O. Hutton, pastor of the First Christian church, is presenting a pantomime from the life of Christ during the last week of his ministry. Last Sunday evening, the pantomime of "The Last Supper" was given by 12 men, and Rev. Hutton preached a sermon on "God's Plan to Meet Man."

This Sunday evening the pantomime will bring a living picture of Christ in the Garden of Gethsemane. Christ will be shown as he talks on his face and utters the prayer of his heart. Then he will be shown as he returns to the three sleeping disciples and awakes them with a shout. Him. As Christ kneels in prayer, the quartet will sing "The Midnight and on Christ's brow." As he kneels in prayer the last time, the vocal solo, "Amen," will be sung. Rev. Hutton will preach a sermon following the pantomime on "Gethsemane and the Three Groups."

### DISPUTE OVER LAND DEAL GOES TO COURT

Since the spring of 1926 when A. D. P. Keith and his wife, Mrs. Frances M. Keith, acquired the 200-acre farm northeast of Hansen to their son-in-law, H. S. Beals, and daughter, Mrs. Sadie Beals, that property has been involved in a number of transactions concerning which the Keiths applied yesterday to the district court here to "exercise its equity powers to search the conscience of the Beals to untangle the web they have woven around the title and right of possession to the Keith lands and to ascertain and enforce the Keiths' rights in the property."

The deed under which the property was transferred to the Beals, it is asserted, was executed in pursuance of a trust agreement under which the Beals were to operate the property and apply the proceeds to the reduction of a \$23,000 mortgage and other debts, and restore the property to the Keiths. There was no consideration for the deed.

It is the Keiths' contention that the Beals placed a \$25,000 mortgage on the property, and conveyed about two-thirds of the Keith lands to third parties, and had failed to make any accounting to the Keiths either for proceeds of the property or advances of 1500 bushels of wheat worth \$1725 in the fall of 1929 and \$1470 between 1927 and 1930.

The complaint was drafted and filed by J. H. Barnes, Twin Falls attorney.

Mail orders were received from as far away as Pocatello from people who knew the I. D. Store and were willing to take our word for it and buy these hats without even seeing them. Such marks of confidence never fail to provide every member of our organization with a real thrill and zest in their duties of serving their public.

OVER HALF OF THE LEATHER BAGS AND WELL OVER HALF OF THE GLOVES WERE SOLD IN THE DRY GOODS SPECIALS ON FRIDAY

All of these specials were pretty well cleaned up by Saturday night but in order to get this ad in Sunday's paper we could not give an exact count for Saturday.

# And So--

You will find the I. D. Store and all of its people hanging greedily and selfishly to every bit of public confidence they have built up over the 26 years of its life. No expense is spared in combing the country's largest markets to obtain real values for you. No matter how low a good item is picked up the saving goes on to you. Before offering these specials to you which we thought were good when we purchased them, the town is shopped to see if they are really as good as we thought they were. You are told the truth about what we found. This is all done for what we believe is good business. In helping you we help ourselves. When folks are not disappointed in the offerings behind our ads they will come again. One-purchase customers never build a business or a practice or anything else that can endure.
