NAZARENE PASTOR POINTS OUT RIGHT AND WRONG ROUTES

Minister Says Bible Shows Triumph of Those Who Go Forward Upon Paths of Righteousness and Duty

Taking for his subject "The Way to God," and for his text Second Kings 14, Rev. Paul W. Worcester, pastor of the Twin Falls Church of the Nazarene, in his Sunday morning sermon, pointed out the right and wrong ways of those who want the triumph of those who followed the path of virtue.

"We know by observation and actual trial that there is not only a right way, but also a wrong way that men are traveling. The right way does not only lead to the righteous and their deeds, but it is fair and impartial, giving the advantage to those that turn from the way of God to follow in the way that seems to them to be right, but the end thereof is the way of death."

Go Wrong Way. "We wish to call your attention to those who turned from the way of God. Judas one of the twelve had privileges few people enjoyed. He listened to Jesus Christ and he has heard His name called in prayer, but because of covetousness he sold Jesus Christ for 30 pieces of silver, therefore sending his soul to destruction.

Way of Right. "God came to Elijah when under the juniper tree, and told him to stop and another prophet and Elijah is to be prophetic in his aged, immediately he arose, and came to pay this prophetic young farmer the tribute which he had paid to God. Elijah heard the call, immediately he said 'let me first go and bid father and mother good bye, and then I will follow thee.' The man of God said 'Go.'

"The man that takes up his cross to follow Jesus must put his first in his life, and say goodbye to everything and every body that will hinder him from following God."

Follow God to End. "After he had bid his dear old father and mother good bye, and bid his oxen to go he would have nothing to Elijah, his back from following God. Elijah said 'I go to Bethel,' 'The man that has turned from his own way to follow God, has no other thing to do and that is to obey; therefore said Elijah, 'as God liveth and as my soul liveth, I will not leave thee.'"

"Having accomplished the work in Bethel, they soon find themselves in Jericho at the school of the prophets. In this Bethel took delight, and what happens would have been profitable, but 'onward' says the captain, and soon these two men were standing by the river Jordan.

"Elijah with a faith which knew no defeat, took his outer garment, and smote the waters, which made it possible for them to cross on dry ground. This was done in the eyes of the young prophet, and when privilege presented itself to make a request, ask wisely for God and not rather than material things.

"This request was to be granted upon one condition, and this was that he should see Elijah acrossed to heaven, which was soon realized. After this wonderful miracle, Elijah picked up the mantle with which Elijah had smote the Jordan, and with this evidence of faith he went out to meet the father of life."

Having God in Mind. "It is one thing to serve God when we are surrounded by friends, and

BOY OF PIONEER IN BUILT REPOSES

Rev. Chris J. Benny Con- ducts Final Services For Barney (Grandpa) Shriver

BURLEY, April 4 (Special to The News)—Final services for Barney Shriver were held today at 2 o'clock in the Presbyterian church here. The Rev. Chris J. Benny conducted the services, using as his text "Remember Thy Creator in the Days of Thy Youth." The service was held in the presence of a large number of friends.

Barney Shriver was born in Ohio on the 15th of January, 1868, and lived in Wayne county, Iowa, and Johnson county, Kansas. He married Mary Mary, nee Johnson, in 1887, and they lived in Johnson county, Kansas, where he worked until 1912, when he came to Burley to live with his son, Walter, Jr. He died in March, 1931. He had five children: two sons, Fred and Walter, and three daughters, Estelle, Grace and Leola.

Barney was a member of the Christian church since early marriage, and he was an active participant in community politics, holding office under several county treasurers in Johnson county, Kansas. He was a Civil War veteran and served with the home guards of Johnson county, Kansas.

"Barney and Johnson funeral chapel had charge of the body. Every thing seemed to turn our way, and quite another thing when we go out to face the hard places in life, it is the young prophet standing by the Jordan with mantle in hand, he cries out, probably until his voice was heard to echo in the far distant hills. 'Where is the Lord of Elijah? And with a faith which knew no defeat, he smote the waters. Was God there? Yes, the same God that smote the raging sea, making a path across the river for the child of his, thus convincing him that he was not only the God of Elijah, but the God of the whole earth."

"Friends don't afraid to put God to the test. Jesus never fails for if he was able to give life to such times of feeling surely he will with us. We may not be called to pass through rivers of water, but the waters of trouble and sorrow threaten us, but remember he says 'When thou passest through the waters, I will be with thee, and through the rivers, they shall not overflow thee. When thou walkest through the fire, thou shalt not be burned; neither shall the flame kindle upon thee.'"

Pacific Coast League Announces Opening

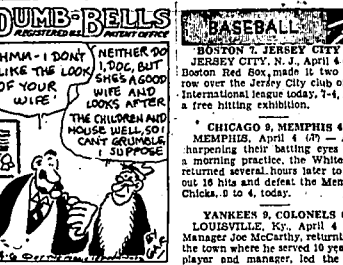

Eight Clubs Soon Start 1932 Drive With Varied Hope

San Francisco Seals, Champions Last Year, Begin Campaign in Home City Against Seattle Indians

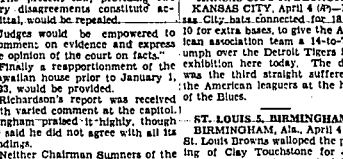

By RUSSELL J. NEWLAND (Associated Press Sports Writer)
SAN FRANCISCO, April 4—The Pacific Coast League will open its annual grand opening in the Pacific Coast League will take place tomorrow when the eight clubs of the big class A circuit will get into action for the season.

San Francisco's Seals champions last year, will open their 1932 campaign here with the Seattle Indians. The Seals' opponents include the San Francisco Seals, champions of last year, and the Seattle Indians, who were runner-up last year. Other teams include the Portland Beavers, the Sacramento River Pirates, and the Los Angeles Angels.

The Pacific Coast League season will start in earnest next week with the Seals and Indians meeting in San Francisco. The league is expected to be one of the most successful in the country this year.

SOME OF THE PLAYERS expected to help Sacramento's baseball team in the Coast League race. (By) Photo.

HMM... I DON'T LIKE THE LOOK OF YOU, BUT GIVE A GOOD WIFE AND LOOKS AFTER WITH NO EARLY ASSURANCE they can take the measure of their Northern rivals.

Runners-up in 1931, Hollywood's stars will line up at Oakland against the Los Angeles Angels and Portland Beavers, admittedly the most improved clubs in the league this season.

With poor attendance at spring exhibition games to look back upon, the Seals will turn to their usual ally immediately after the opening contest. The other California clubs will also be expected to do better.

Three-cornered fights at San Francisco will be the most exciting of the season. The Seals will open their campaign here with the Seattle Indians.

HELSINKI, Finland, April 4— Finnish athletic authorities were aroused today over the suspension of Paavo Nurmi, Finland's Olympic champion, by the Amateur Athletic Federation meeting in Berlin, on charges of irregular expense accounts.

Nurmi was suspended by the council pending the result of an investigation by the Finnish federation which was asked to undertake such a probe by the international body.

The international council is not scheduled to meet again until July before the Olympic games in Los Angeles, but there is little doubt that if the Finnish federation acts on Nurmi's behalf the suspension will be a clear bill of attainder for the international body.

KITTY FREW

By JANE ABBOTT

SYNOPSIS: Clara plotting to Garfield Frew's mother has resulted in her own capture. Kitty Frew has given Garfield money, so he would not get a job. Kitty Frew's dependence, she runs away to remain till Garfield supports her. Garfield's half-brother, David, estranged from the family, advises her.

Chapter 18
 "LIT TAKE THE MOST TRAIN" Mrs. Frew turned to her mirror and carefully put into place a lock of hair that had escaped Clara's attention.
 "Mrs. Garfield has been home-sick, doubtless. There is no need for your concern. Found she may have gone to her home for a little visit, and Gar knows of course."
 Pound shifted uneasily from one foot to the other.
 "She didn't go home, madam. She went to Mr. David's. I gave the address to the driver."
 Mrs. Frew's astonishment at that was more than she could control. "But Pound, she has had some of our money. How could she have done that?"

 Mrs. Frew's astonishment at that was more than she could control. "But Pound, she has had some of our money. How could she have done that?"

"Clara remembered, with sudden clarity, just how Kitty had looked. She had seen her going away. A vague uneasiness took hold of him. He got up hastily and looked at his watch. It was some sort; he must find Kitty at once. And, there being no one else, he wrapped a blue silk scarf around his neck, and, in which he had slept, and went, two steps at a time up the stairs to his room.
 Three minutes later he burst into his mother's room. "God, what a sight! She was there, last night. Glad Kit wasn't there—"

POULTRYMAN ISSUES REPORT ON PROFITS

C. E. Lampman, Moscow, Reveals Opportunities in Egg Producing Industry

MOSCO, April 4. (Special to the News)—A report issued last night and presented last night to the poultry club here, that the poultry flock should be as profitable as any other farm enterprise, was the subject of a talk by C. E. Lampman, poultry husbandman with the University of Idaho agricultural experiment station.

Since 1927 feed prices have dropped 44 per cent, and egg prices only 34 per cent, a margin which alert poultrymen are turning to their profit on the basis of present feed costs and normal egg production. Eggs can be produced at an average feed cost ranging from 10 to 12 cents in 1929 and 10 cents in 1927.

Professor Lampman arrived at the figures after a four-month tour with an average flock of white Leghorns on the university farm, using the number 1 laying birds recommended by the university. The egg production of the flock averaged 54 per cent from October 1 to February 1, on an average feed consumption of six pounds per bird.

Laying birds for the period cost \$1.20 per 100, compared to \$1.37 in the fall of 1929, and in 1928, \$1.50 per 100. The cost of feed for a single hen for the period was 54 cents, and cracked corn, 41 cents per 100 pounds. The average cost of feed for 1929 and 1927, \$1.17.

Income per bird over feed cost for the four months was 8 cents, as compared to 4 cents for the fall and winter period four years ago, or a reduction of approximately 50 per cent. The cost of feed costs of producing eggs have not dropped in proportion to these figures, said Professor Lampman, "then you would do well to get out of the business and sell your flock of loafers or both."

COUNCIL PONDERS UPON REMOVAL OF FENCE OF LATERAL

Members Express Tentative Opinion That Move Might Result in Action Following Prolonged Controversy

Twin Falls county council discussed and took under consideration last night a proposal to remove all fences from the Eighth avenue lateral on 24th street, between the 24th and 26th streets. The council members seemed favorable to the plan on which, however, no action was taken pending further consideration.

Members expressed the opinion that the step would probably result in some action that would tend to solve the long standing controversy over responsibility of the opening.

Resolution of intention to form a sprinkling district were adopted and the plan was approved. The resolution was adopted by a vote of 10 to 2. The council members will take up the matter at their next meeting.
