WASHINGTON, June 20 (AP)—Answering a statement by Senator Borah, Republican, Idaho, that he favored repeal of the Eighteenth amendment, Secretary Mills said tonight that "while I have not been an advocate of the Eighteenth amendment, I have not believed that near repeal is the solution."

Shortly after Borah, on the senate floor, had asserted the treasury secretary personally favored repeal, but had helped write the Republican prohibition plank, Mills said in a statement he was convinced the true remedy to the prohibition question was in a modification of the amendment so as to prevent a return of conditions which existed prior to its passage.

Postmaster General Brown, who had been linked with Mills by Borah in his speech, also issued a statement denying he favored repeal.

MILLS AND BROWN ISSUE STATEMENTS

WASHINGTON, June 20 (AP)—I have heard him condemn not only the prohibition plank, but the entire platform as "wholly inadequate and wholly unresponsive to the necessities and demands of the people."

"I will not."

REVENUE MACHINE ON NATION TURNS AT HIGHER SPEED

(Continued From Page One) The account at the close of budgeting showed a deficit of \$2,750,000. This figure, however, was rendered more favorable by the day's payments of income taxes from the Treasury.

A threatened loss of \$17,000,000 in the 1-cent-a-dollar tax on gasoline, which would have been paid by a house bill to limit such accumulation to \$100,000 barrels, was a senate finance committee changed to \$4,000 barrels.

Thomas P. Henry, president of the American Automobile association, called attention to the fact that such legislation is already present, and said: "The collection of this unfair levy will ruin the national scandal, and only to those involving prohibition."

It "is apparent," he added, "that every means possible to evade and illegal will be employed to forestall collection of the federal tax."

Other reports told of issuance of receipts by banking institutions in lieu of counter checks, which, treasury officials say, will frustrate successfully the levy.

—A STATEMENT BY THE GILLETTE SAFETY RAZOR COMPANY

In its recent confession the Gillette Safety Razor Company told you that under the stress of introducing a new razor and blade, uniformity had suffered; and told you how our efforts to correct the trouble had resulted in the development of a far superior product.

Several readers have asked us how we can make the bold, positive statement that today's Gillette blades are the sharpest, smoothest-shaving blades we have ever produced. This is a fair question, and here is our reply: A marvelous new testing machine, recently developed, scientifically proves that these blades have never before been approached in keenness.

We cannot discuss the nature or details of this machine because it is being patented. But we can tell you that it measures microscopic dimensions with unflinching accuracy—revealing with mathematical exactness, actual degrees of razor-blade sharpness. So when we state that today's Gillette blades are the sharpest we have ever made we are basing our assertion upon

The Gillette Blue Super-Blade. The 32 Kronan De Luxe blade has been withdrawn from production. We offer the Blue Super-Blade as its successor. This sensational blade is far superior to the Kronan and costs considerably less. You pay only a few cents more than for the regular blade, but get unmatched shaving comfort. Its extraordinary shaving performance will convince you that the Blue Blade is the sharpest ever produced. A blue color has been applied to the blade for easy identification. It is contained in a blue package, Cellophane wrapped.

Sharkey Awaits Nearing Hour For Final Crack At Fame

Bostonian Boxer Carefully Plans Details of Bout

Challenger Hopes to Win On Points But Backers Of German Champion Expect Knockout Outcome

By Bill King (Associated Press Sports Writer)

NEW YORK, June 20 (Special to The News)—Jack Sharkey, one of the first to make a financial success out of failure, will have his final crack at a championship fight with his tactic argument with Champion Max Schmeling in the Madison Square Garden's new outdoor arena in Manhattan City.

And Sharkey, judging from his actions today, realizes that he has arrived at his final goal, according to his handlers, in splendid physical and mental trim for the fight with the tough and durable German.

The Bostonian, taking a few pages from the tactics of Schmeling, intends to win on points, boxing coolly and steadily during every round of the 45 minutes of the fight.

"Although Sharkey is conceded a slight advantage in the tactics, he will probably start as a 5-5 favorite. Schmeling's supporters expect him to win by a knockout, but Sharkey has been beaten to the canvas but twice in his 44 battles, by Romero Rojas in the second, three years ago, and by Jack Dempsey.

Schmeling, declared champion two years ago after Sharkey's victory, broke his Kingston camp today and came to New York. His last days of training were spent at his factory by more than one observer and he appeared a bit drawn when he arrived at midday, a hotel, where he will sleep tonight, after attending a theatre.

Expresses Confidence

Max expressed confidence in his ability but did not mention his opponent in his interview with Kayo Sharkey. His advisors predicted he would take all of Sharkey's early fire and then punish crucially during the late rounds, as he did with Strubling at Toledo last year.

"The 'gait' will probably be the smallest in many years of heavy-weight history. William F. Carey, president of the boxing board, said he had reported that Sharkey had a net worth of \$100,000 in cash and \$100,000 worth of real estate.

Those who kept close tabs on the ticket sales, estimated—the crowd would be about 45,000 and the gross receipts about \$300,000. The arena has a seating of 11,000 and a stadium of the prevailing price scale of \$2.20 to \$25, would bring \$500,000 into the coffers of the garden and its associates the night of the fight.

Regardless of the receipts, the battle is expected to be a financial success for Carey as he has announced that \$100,000 will cover all the promotion costs. Schmeling will fight for 42 1/2 per cent and Sharkey 42 1/2 per cent. Sharkey will be enough to cover his training expenses.

Ellsworth Vines Drubs Frenchman

WIMBLEDON, England, June 20 (AP)—Ellsworth Vines, Jr., showed Wimbledon fans the strokes that carried him to the top of the 1921 American rankings, defeating E. Du Plaix, promising French youth, in the first round of the English tennis championships today.

Elmer B. Wood, who won the title last year by default from his fellow countryman, Frank Shields, experienced little difficulty in eliminating A. K. Wedd, Chinese champion, 6-2, 6-2, 8-6. Manning, the American indoor titleholder, turned back L. Hecht, England, with the best of four games. The score was 6-1, 6-0, 6-0.

The American delegation swings into action in full force tomorrow with Mrs. Helen Wills Moody, favorite to win the women's title, Frank Shields, Johnny Van Ryn and Wilmer Allison playing their first matches and Vines, Wood and Manning taking off their second-round opponents.
