HIGH WINDS AND HEAVY RAIN HIT TWIN FALLS AREA

Storm Puts Power and Telephone Lines Out of Commission for Time; Causes Damage in Ripening Grain

A heavy wind and rain storm struck the Twin Falls district early yesterday afternoon and continued all day, causing some damage to crops by lodging ripening grain and uprooting trees that lay down power and telephone lines in several places. The government weather bureau here recorded at least six inches of rain.

Power lines were put out of commission in 15 places, J. D. Orr, Twin Falls district manager, said last evening. Falling trees at Oakley cut off power service there all day, and several other workers were employed late at night bringing about restoration of service.

Power and lighting service in Twin Falls was interrupted for a few minutes during the height of the storm, but damage was relatively light there. At least one tree fell near the town, and lightning struck in other towns and cities of the district was more or less affected.

Grain crops were reported more or less damaged where irrigation was in progress when the storm struck. Some wheat fields were reported to have been flattened in other towns and cities of the district was more or less affected.

American Olympic Team Rules Stand

Performers Who Finish In First, Second and Third Positions Represent Nation

PALO ALTO, Cal. July 13 (AP)—Although the issue will not be discussed finally until after the American Olympic track and field tryouts have been completed here this Saturday, it appeared virtually certain today that no exemptions will be granted—asked—in the makeup of the home-bred athletic forces to be pitched against the rest of the world at Los Angeles.

In other words, the American team will stand on the performers who finish one-two-three in the final tests, in which approximately 300 stars from all parts of the country will battle it out for some 900 places, starting Friday.

With the case of big Ben Eastman still the liveliest topic of this athletic convention, the official attitude was pretty well reflected today by disclosure that the American Olympic track and field committee, with only one dissenting vote, had decided not to reconsider Jim Stewart, Southern California, as an added decathlon entry.

Stewart, who placed fourth in the 1928 Olympic all-around event, did not compete in the final tryouts for the 1932 team held at Chicago because of proximity to the intercollegiate American Amateur Athletic association championships at Berkeley.

Subsequently, it was urged that Stewart, on the basis of his fine record, be put on the team. As this meant displacing one of the three men picked on the basis of the tryouts, Jim Bausch, Wilson Charles and Clyde Coffman, the proposal was rejected. The only dissenting vote cast was that of Kinser Hamilton, Los Angeles.

AT PITTSBURGH, July 13—Boston's Braves (tomorrow) the Pittsburgh Pirates in a double up today at Forbes Field today, 5 to 1 and 4 to 1.

The somewhat crippled Pittsburghers never had a chance in either game, as Boston's ace pitcher, holding them to seven hits in the first and the veteran, Tom Zachary, leading the team's pitchers, pounded his all over the lot, driving French and Chagnon, starters, to the showers.

French lasted six innings in the first game, Bob Worthington started the second with a homer in the second.

Pittsburgh's only run grew out of a walk to starter in the seventh.

AT ST. LOUIS, July 13 (AP)—"Babe" Ruth's twenty-fifth home run of the season and Frank Crossetti's cut drive drove in four of the runs that gave the New York Yankees a 5-to-3 decision in the final game of the series with the St. Louis Browns today.

George Pipgras kept the Browns' seven hits, one of which was a home run by Jack Burns, well scattered. Ruth connected with his homer in the first with Sewell on base and Crossetti sent the ball into the bleachers in the fourth with Chapman on.

Queen of Tennis Arouses Fandom

OAKLAND, July 13 (AP)—Possibly arose today that Helen Wills Moody was the greatest national women's tennis title this year when George Hudson, professional at the Oakland Tennis club, advised her to receive a letter from Lawrence Harper indicating Mrs. Moody might return in Europe through August.

The national tournament will be held at Forest Hills, New York, Aug. 15 to 20. The letter from Harper, husband of Mrs. L. A. Harper, one of the leading women players of America, said: "It is a two-to-one bet Mrs. Moody will not return to tennis to play in the Forest Hills tourney."

Keith Gledhill Loses on Court

BROOKLINE, Mass., July 13 (AP)—The tennis tournament for the historic Longwood bowl lost its outstanding competitor today when Keith Gledhill, New York, defeated the seeded Keith Gledhill, Los Angeles, 6-1, 3-6, 7-5, 6-3, to enter the semi-finals against W. P. Coen, Jr., Kansas City.

James was the master of his California opponent, pocketing a match point, usually, in every department of the game.

Junior Coen had a five-set battle with Jake Hoss, Fort Worth, Texas, before entering the round of four. He rubbed off to a two-set lead and then bowed before the Texas steady and heavy fire. This burst weakened Hoss and he was an easy victim in the deciding set. Coen's scores were 6-3, 6-4, 3-6, 6-1.

Another upset was registered when Eugene Coen, New York, defeated fourth, bowed to Ted Tidball, Los Angeles, who was named champion of the draw. California qualified its only representative in the semi-finals on Tidball's 6-4, 10-12, 6-1.

Tidball will meet Berkeley Bell, the Texas lumber now playing out of New York, in the second round of play which will begin on Friday. Bell was held to four sets by Robert Lewis, Los Angeles, who also appeared to have the upper hand as he waded through a 6-3, 4-6, 7-5, 6-1 victory.

See for yourself!

NEW YORK, July 13 (Special)—Wheat: Steady; all domestic.

For stocks, it was the best rally in about a month and also the most active in the same period.

Net gains of 1 to 3 points were generally distributed over a list which had been wandering in a narrow range while exhibiting a slight tendency to break through average levels of early June.

For domestic bonds the improvement was general, utility and rail issues joining another rise by United States treasury.

Speculation in the stock market was not particularly active.

The opposition that the technical position of stocks had been strengthened since July 10.

Specialists in the market advanced in a few recently weak stocks, notably utility, American Telephone, and Pullman.
